Benefits are subject to *contract* definitions, provisions, limitations and exclusions.

GUARANTEED RENEWABLE

You may keep this *contract* in force by timely payment of the required premiums. However, *we* may refuse renewal as of the anniversary of the *contract effective date* if: (1) *we* refuse to renew all contracts issued on this form, to residents of the state where *you* then live; or (2) there is fraud or an intentional material misrepresentation made by or with the knowledge of a *member* in filing a claim for *contract* benefits.

Please read your *contract* carefully. If you are not satisfied, return this *contract* to us or to our agent within 10 days after you receive it. All premiums paid will be refunded, less claims paid, and the *contract* will be considered null and void from the *effective date*.

DEFINITIONS

In this *contract*, italicized words are defined. Words not italicized will be given their ordinary meaning. Wherever used in this *contract*:

Acute rehabilitation means two or more different types of therapy provided by one or more *rehabilitation medical practitioners* and performed for three or more hours per day, five to seven days per week, while the *covered person* is confined as an inpatient in a hospital, rehabilitation facility, or *extended care facility*.

Advance premium tax credit means the tax credit provided by the Affordable Care Act to help you afford health coverage purchased through the Exchange. Advance payments of the tax credit can be used right away to lower your monthly premium costs. If you qualify, you may choose how much advance credit payments to apply to your premiums each month, up to a maximum amount. If the amount of advance credit payments you get for the year is less than the tax credit you're due, you'll get the difference as a refundable credit when you file your federal income tax return. If your advance payments for the year are more than the amount of your credit, you must repay the excess advance payments with your tax return.

Adverse benefit determination means:

Any claim denial, reduction, or termination of, or a failure to provide, or make payment (in whole or in part) for a benefit, including:

1. Deductible credits; coinsurance; *copayment amounts*; network provider reductions or exclusions, or other cost sharing requirements;
2. Any instance where the plan pays less than the total expenses submitted resulting in claimant responsibility;
3. A benefit resulting from the application of any utilization review;
4. A covered benefit that is otherwise denied as not medically necessary or appropriate;
5. A covered benefit that is otherwise denied as experimental or investigational;

 - b. Any *rescission* of coverage whether or not the *rescission* has an adverse effect on any particular benefit at that time; and
 - c. It also includes, for individual insurance products, a *policy reformation* or change in premium charged based upon underwriting or claims information greater than 25% from the premium in effect during the period of contestability except to the extent the modification is due to the applicant's age or a rate increase applied by the insurer to all similar individual policy forms applied uniformly.

Regarding the independent review procedures, this includes the denial of a request for a referral for out-of-network services when the claimant requests health care services from a provider that does not participate in the provider network because the clinical expertise of the provider may be medically necessary for treatment of the claimant's medical condition and that expertise is not available in the provider network.

1. Specializes in a specific type or types of *listed transplants* or other services such as cancer, bariatric or infertility; and
2. Has agreed with *us* or an entity designated by *us* to meet quality of care criteria on a cost efficient basis. The fact that a *hospital* is a *network provider* does not mean it is a *Center of Excellence*.

Chiropractic Care involves neuromuscular treatment in the form of manipulation and adjustment of the tissues of the body, particularly of the spinal column and may include physical medicine modalities or use of *durable medical equipment*.

Complaint means any expression of dissatisfaction expressed to the insurer by the claimant, or a claimant's authorized representative, about an insurer or its providers with whom the insurer has a direct or indirect contract.

2. An *emergency caesarean section* or a *non-elective caesarean section*.

Continuous loss means that *covered service expenses* are continuously and routinely being incurred for the active treatment of an *illness* or *injury*. The first *covered service expense* for the *illness* or *injury* must have been incurred before coverage of the *member* ceased under this *contract*. Covered service or **covered service expenses** means services, supplies or treatment as described in this *contract* which are performed, prescribed, directed or authorized by a *physician*. To be a *covered service* the service, supply or treatment must be

1. Provided or incurred while the *member's* coverage is in force under this *contract*;
2. Covered by a specific benefit provision of this *contract*; and
3. Not excluded anywhere in this *contract*.

1. Personal care such as assistance in walking, getting in and out of bed, dressing, bathing, feeding and use of toilet;
2. Preparation and administration of special diets;
3. Supervision of the administration of medication by a caregiver;
4. Supervision of self-administration of medication; or

The *deductible amount* does not include any copayment amounts.

Durable medical equipment means items that are used to serve a specific diagnostic or therapeutic purpose in the treatment of an *illness* or *injury*, can withstand repeated use, are generally not useful to a person in the absence of *illness* or *injury*, and are appropriate for use in the patient's home.

Effective date means the applicable date a *member* becomes covered under this *contract* for *covered services*.

Eligible child means the child of a covered person, if that child is less than 26 years of age. As used in this definition, "child" means:

1. A natural child;
2. A legally adopted child;
3. A child placed with *you* for adoption; or

4. A child for whom legal guardianship has been awarded to *you* or *your spouse*.

It is *your* responsibility to notify the Exchange if *your* child ceases to be an *eligible child*. *You* must reimburse *us* for any benefits that *we* provide or pay for a child at a time when the child did not qualify as an *eligible child*.

Eligible service expense means a *covered service* as determined below.

1. For *network providers* (excluding Transplant Benefits): When a *covered service* is received from a *network provider*, the *eligible service expense* is the contracted fee with that provider.
2. For *non-network providers*:
 - a. When a *covered service* is received from a *non-network provider* as a result of an *emergency*; or
 - b. As otherwise approved by *us*, the *eligible service expense* is the greater of the amount that would be paid under Medicare or the amount negotiated with in-network providers for the *covered service*. If there is more than one amount negotiated with in-network providers for the *covered service*, the amount is the median of these amounts; or
 - c. When a *covered service expense* is received from a *non-network provider* because the service or supply is not of a type provided by any *network provider*, the *eligible service expense* is the greater of the amount that would be paid under Medicare or the amount negotiated with in-network providers for the *covered service*. Such conditions that manifest with acute symptoms are those that an average person who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1. Placing the health of the *member* (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
2. Serious impairment to bodily functions; or
3. Serious dysfunction of any bodily organ or part.

Follow-up care is not considered Emergency Care. Benefits are provided for treatment of Emergency medical conditions and Emergency screening and Stabilization services without Prior Authorization. If your Provider does not contract with *us* you will be financially responsible for any care *we* determine is not Medically Necessary. Care and treatment provided once you are Medically Stabilized is no longer considered Emergency Care. Continuation of care from a Non-Participating Provider beyond that needed to evaluate or stabilize your condition in an Emergency will be covered as a Non-Network service unless We authorize the continuation of care and it is Medically Necessary.

Coverage of the child will terminate on the 31st day following *placement*, unless *we* have received both: (A) Notification of the addition of the child from the Marketplace within 60 days of the birth or placement and (B) any additional premium required for the addition of the child within 90 days of the date of *placement*.

In such cases, the Health Insurance Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction;

PREMIUMS

Premium Payment

Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage *effective date*.

Grace Period

When a *member* is receiving a premium subsidy:

After the first premium is paid, a grace period of 3 months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if *advance premium tax credits* are received.

We will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period, and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. We will notify HHS of the non-payment of premiums, the *member*, as well as providers of the possibility of denied claims when the *member* is in the second and third month of the grace period. We will continue to collect *advance premium tax credits* on behalf of the *member* from the Department of the Treasury, and will return the *advance premium tax credits* on behalf of the *member* for the second and third month of the grace period if the *member* exhausts their grace period as described above. A *member* is not eligible to re-enroll once terminated, unless a *member* has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods.

When a *member* is not receiving a premium subsidy:

Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a one (1) month grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the Contract will stay in force; however, claims may pend for *covered services* rendered to the *member* during the grace period. We will notify HHS, as necessary, of the non-payment of premiums, the *member*, as well as providers of the possibility of denied claims when the *member* is in the grace period.

Misstatement of Age

If a *member's* age has been misstated, the benefits may be adjusted based on the relationship of the premium paid to the premium that should have been paid, based on the correct age.

Change or Misstatement of Residence

If you change your residence, you must notify the Exchange of your new residence within 60 days of the change. As a result your premium may change and you may be eligible for a Special Enrollment Period. See the section on Special Enrollment Periods for more information.

Misstatement of Tobacco Use

The answer to the tobacco question on the application is material to our correct underwriting. If a *member's* use of tobacco has been misstated on the *member's* application for coverage under this contract, we have the right to re-rate the contract back to the original *effective date*.

Billing/Administrative Fees

Upon prior written notice, we may impose an administrative fee for credit card payments. This does not obligate us to accept credit card payments. We will charge a \$20 fee for any check or automatic payment deduction that is returned unpaid.

MAJOR MEDICAL EXPENSE BENEFITS

Deductible

The *deductible amount* means the amount of *covered service expenses* that must be paid by each/all *members* before any benefits are provided or payable. The *deductible amount* does not include any *copayment amount*.

Cost Sharing Percentage

We will pay the applicable *cost sharing percentage* in excess of the applicable *deductible amount(s)* and *copayment amount(s)* for a service or supply that:

1. Qualifies as a *covered service expense* under one or more benefit provisions; and
2. Is received while the *member's* insurance is in force under the *contract* if the charge for the service or supply qualifies as an *eligible service expense*.

When the annual out-of-pocket maximum has been met, additional *covered service expenses* will be 100%.

Refer to your Schedule of Benefits for Coinsurance Percentage and other limitations.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *contract*; and
2. A determination of *eligible service expenses*.

The applicable *deductible amount(s)*, *cost sharing percentage*, and *copayment amounts* are shown on the Schedule of Benefits.

Note: The bill *you* receive for services or supplies from a non-*network provider* may be significantly higher than the *eligible service expenses* for those services or supplies. In addition to the *deductible amount*, *copayment amount*, and *cost sharing percentage*, *you* are responsible for the difference between the *eligible service expense* and the amount the provider bills *you* for the services or supplies. Any amount *you* are obligated to pay to the provider in excess of the *eligible service expense* will not apply to *your deductible amount* or out-of-pocket maximum.

Primary Care Physician

In order to obtain benefits, *you* must designate a *network primary care physician* for each *member*. *You* may select any *network primary care physician* who is accepting new patients. However, *you* may not change your selection more frequently than once each month. If *you* do not select a *network primary care physician* for each *member*, one will be assigned. *You* may obtain a list of *network primary care physicians* at our website or by contacting our Member Services department.

Your network primary care physician will be responsible for coordinating all covered health services and making referrals for services from other *network providers*. *You* do not need a referral from *your network primary care physician* for obstetrical or gynecological treatment and may seek care directly from a *network obstetrician* or *gynecologist*.

You may change *your network primary care physician* by submitting a written request, online at our website, or by contacting our office at the number shown on *your* identification card. The change to *your network primary care physician* of record will be effective no later than 30 days from the date we receive *your* request.

Referral Required For Maximum Benefits

You do not need a referral from your network primary care physician for obstetrical or gynecological treatment from a network obstetrician or gynecologist. For all other network specialist physicians, you may be required to obtain a referral from your network primary care physician for benefits to be payable under your policy or benefits payable under this contract may be reduced. Please refer to the Schedule of Benefits.

Network Availability

Your network is subject to change upon advance written notice. A network service area may not be available in all areas. If you move to an area where we are not offering access to a network, the network provisions of the policy will no longer apply. In that event, benefits will be calculated based on the eligible service expense, subject to the deductible amount for network providers. You will be notified of any increase in premium.

Changing The Deductible

You may increase the deductible to an amount currently available only if enrolled through a special enrollment period. A request for an increase in the deductible between the first and fifteenth day of the month will become effective on the first day of the following month. Requests between the sixteenth and last day of the month will become effective on the first day of the second following month. Your premium will then be adjusted to reflect this change.

Coverage Under Other Policy Provisions

Charges for services and supplies that qualify as covered service expenses under one benefit provision will not qualify as covered service expenses under any other benefit provision of this contract.

Benefits for preventive health services listed in this provision, except under the administration of reasonable medical management techniques discussed in the next paragraph, are exempt from any deductibles, *cost sharing percentage* provisions, and *copayment amounts* under the *contract* when the services are provided by a *network provider*.

Mammography

Covered service expenses for routine screenings for breast cancer shall include screenings at the following intervals: one (1) Baseline breast cancer screening mammography for a female *covered person* between the ages of thirty-five (35) and forty (40) years. If the *covered person* is less than forty (40) years of age and a woman at risk, one (1) breast cancer screening mammography performed every year. If the *covered person* is at least forty (40) years of age, one (1) breast cancer screening mammography every year and any additional mammography views that are required for proper evaluation.

Prostate Specific Antigen Testing

Covered service expenses include "prostate specific antigen tests" performed to determine the level of prostate specific antigen in the blood for any male *covered person* who is at least fifty (50) years of age; and at least once annually for a male *covered person* who is less than fifty (50) years of age and who is at high risk for prostate cancer according to the most recent published guidelines of the American Cancer Society.

Colorectal Cancer Examinations and Laboratory Tests

Covered service expenses include "colorectal cancer tests" for any non-symptomatic *covered person*, in accordance with the current American Cancer Society guidelines. *Covered service* includes tests for *covered persons* who are at least fifty (50) years of age; or less than fifty (50) years of age and at high risk for colorectal cancer according to the most recent published guidelines of the American Cancer Society.

Benefits for *covered expenses* for preventive care expense and chronic disease management benefits may include the use of reasonable medical management techniques authorized by federal law to promote the use of high value preventive services from *network providers*. Reasonable medical management techniques may result in the application of deductibles, coinsurance provisions, or *copayment amounts* to services when a *covered person* chooses not to use a high value service that is otherwise exempt from deductibles, coinsurance provisions, and *copayment amounts*, when received from a *network provider*.

As new recommendations and guidelines are issued, those services will be considered *covered service expenses* when required by the United States Secretary of Health and Human Services, but not earlier than one year after the recommendation or guideline is issued.

Medical Foods

We cover medical foods and formulas for outpatient total parenteral nutritional therapy; outpatient elemental formulas for malabsorption; and dietary formula when *medically necessary* for the treatment of Phenylketonuria (PKU) and inborn errors of metabolism.

Exclusions: any other dietary formulas, oral nutritional supplements, special diets, prepared foods/meals and formula for access problems.

Newborns' and Mothers' Health Protection Act Statement of Rights

If services provided or expenses incurred for *hospital* confinement in connection with childbirth are otherwise included as *covered Service expenses*, we will not limit the number of days for these expenses to less than that stated in this provision.

Under federal law, health insurance issuers generally may not restrict benefits otherwise provided for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours

following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However, we may provide benefits for *covered service expenses* incurred for a shorter stay if the attending provider (e.g., *your* physician, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

The level of benefits and out-of-pocket costs for any later part of the 48-hour (or 96-hour) stay will not be less favorable to the mother or newborn than any earlier part of the stay. *We* do not require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).

Note: This provision does not amend the *contract* to restrict any terms, limits, or conditions that may otherwise apply to *covered service expenses* for childbirth.

Clinical Trial Coverage

Clinical Trial Coverage includes routine patient care costs incurred as the result of an approved phase I, II, III or phase IV clinical trial and the clinical trial is undertaken for the purposes of prevention, early detection, or treatment of cancer or other life-threatening disease or condition . Coverage will include routine patient care costs incurred for (1) drugs and devices that have been approved for sale by the Food and Drug Administration (FDA), regardless of whether approved by the FDA for use in treating the patient's particular condition, (2) reasonable and *medically necessary* services needed to administer the drug or use the device under evaluation in the clinical trial and (3) all items and services that are otherwise generally available to a qualified individual that are provided in the clinical trial except:

- The investigational item or service itself;
- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and
- Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial.

Phase I and II clinical trials must meet the following requirements:

- Phase I and II of a clinical trial is sanctioned by the National Institutes of Health (NIH) or National Cancer Institute (NCI) and conducted at academic or National Cancer Institute Center; and
- The insured is enrolled in the clinical trial. This section shall not apply to insured's who are only following the protocol of phase I or II of a clinical trial, but not actually enrolled.

Phase III and IV clinical trials must be approved or funded by one of the following entities:

- One of the National Institutes of Health (NIH);
- The Centers for Disease Control and Prevention;
- The Agency for Health Care Research and Quality;
- The Centers for Medicare & Medicaid Services;
- An NIH Cooperative Group or Center;
- The FDA in the form of an investigational new drug application;
- The federal Departments of Veterans' Affairs, Defense, or Energy;
- An institutional review board in this state that has an appropriate assurance approved by the Department of Health and Human Services assuring compliance with and implementation of regulations for the protection of human subjects; or
- A qualified non-governmental research entity that meets the criteria for NIH Center support grant eligibility.

In a clinical trial, the treating facility and personnel must have the expertise and training to provide the

treatment and treat a sufficient volume of patients. There must be equal to or superior, noninvestigational treatment alternatives and the available clinical or preclinical data must provide a reasonable expectation that the treatment will be superior to the noninvestigational alternatives.

Providers participating in clinical trials shall obtain a patient's informed consent for participation in the clinical trial in a manner that is consistent with current legal and ethical standards.

3. If a designated *Center of Excellence* is not used, the acquisition cost for the organ or bone marrow is not covered.

Wellness Program Benefits

Benefits may be available from time to time to *members* for participating in certain wellness programs that *we* may make available in connection with this Contract. The benefits available to *members* for participating in the wellness programs are described on the Schedule of Benefits. *You* may obtain information regarding the particular wellness programs available at any given time by visiting *our* website at <http://ambetter.mhsindiana.com/> or by contacting Member Services by telephone at 1-877-687-1182. The wellness programs and benefits available at any given time are made part of this *contract* by this reference and are subject to change from time to time by *us* through an update to wellness program information available on *our* website or by contacting *us*.

PRIOR AUTHORIZATION

Prior Authorization Required

Some *covered service expenses* require prior authorization. In general, *network providers* must obtain authorization from *us* prior to providing a service or supply to a *member*. However, there are some *network eligible service expenses* for which *you* must obtain the prior authorization.

For services or supplies that require prior authorization, as shown on the Schedule of Benefits, *you* must obtain authorization from *us* before the *member*:

1. Receives a service or supply from a non-*network provider*;
2. Is admitted into a *network facility* by a non-*network provider*; or
3. Receives a service or supply from a *network provider* to which the *member* was referred by a non-*network provider*.

How to Obtain Prior Authorization

To obtain prior authorization or to confirm that a *network provider* has obtained prior authorization, contact *us* by telephone at the telephone number listed on *your* health insurance identification card before the service or supply is provided to the *member*.

Failure to Obtain Prior Authorization

Failure to comply with the prior authorization requirements will result in benefits being reduced. Please see the *contract* Schedule of Benefits for specific details.

Network providers cannot bill *you* for services for which they fail to obtain prior authorization as required.

Benefits will not be reduced for failure to comply with prior authorization requirements prior to an *emergency*. However, *you* must contact *us* as soon as reasonably possible after the *emergency* occurs.

Prior Authorization Does Not Guarantee Benefits

Our authorization does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the *contract*.

Requests for Predeterminations

You may request a predetermination of coverage. *We* will provide one if circumstances allow *us* to do so. However, *we* are not required to make a predetermination of either coverage or benefits for any particular treatment or medical expense. Any predetermination *we* may make will be reviewed after the medical expense is incurred and a claim is filed. A review that shows one or more of the following may cause *us* to reverse the predetermination:

1. The predetermination was based on incomplete or inaccurate information initially received by *us*.
2. The medical expense has already been paid by someone else.
3. Another party is responsible for payment of the medical expense.

We will make all benefit determinations after a *loss* in good faith. All benefit determinations are subject to *our* receipt of proper *proof of loss*.

GENERAL NON-COVERED SERVICES AND EXCLUSIONS

No benefits will be provided or paid for:

1. Any service or supply that would be provided without cost to the *Member* in the absence of insurance covering the charge.
2. Expenses/surcharges imposed on the *Member* by a provider (including a *hospital*) but that are actually the responsibility of the provider to pay.
3. Any services performed by a member of a *member's immediate family*.
4. Any services not identified and included as *covered service expenses* under the *contract*. You will be fully responsible for payment for any services that are not *covered service expenses*.

1. Administered or ordered by a *physician*; and
2. *Medically necessary* to the diagnosis or treatment of an *injury* or *illness*, or covered under the Preventive Care Expense Benefits provision.

Covered service expenses will not include, and no benefits will be provided or paid for any charges that are incurred:

26. For treatment received outside the United States, except for a medical *emergency* while traveling for up to a maximum of (90) consecutive days. As a result of an *injury or illness* arising out of, or in the course of, employment for wage or profit, if the *member* is insured, or is required to be insured, by workers' compensation insurance pursuant to applicable state or federal law. If *you* enter into a settlement that waives a *member's* right to recover future medical benefits under a workers' compensation law or insurance plan, this exclusion will still apply. In the event that the workers' compensation insurance carrier denies coverage for a *member's* workers' compensation claim, this exclusion will still apply unless that denial is appealed to the proper governmental agency and the denial is upheld by that agency.

Limitations on Benefits for Services Provided By Medicare Opt-Out Practitioners

Benefits for *covered service expenses* incurred by a Medicare-eligible individual for services and supplies provided by a *Medicare opt-out practitioner* will be determined as if the services and supplies had been provided by a *Medicare participating practitioner*. (Benefits will be determined as if Medicare had, in fact, paid the benefits it would have paid if the services and supplies had been provided by a *Medicare participating practitioner*.)

TERMINATION

Termination of Contract

All coverage will cease on termination of this *contract*. This *contract* will terminate on the earliest of:

1. Nonpayment of premiums when due, subject to the Grace Period provision in this *contract*.
2. The date *we* receive a request from *you* to terminate this *contract*, or any later date stated in *your* request, or if you are enrolled through the Exchange, the date of termination that the Exchange provides us upon your request of cancellation to the Exchange.
3. The date *we* decline to renew this *contract*, as stated in the Discontinuance provision.
4. The date of *your* death, if this *contract* is an Individual Plan.
5. The date that a *member* accepts any direct or indirect contribution or reimbursement (through wage adjustment or otherwise), by or on behalf of an employer for any portion of the premium for coverage under this *contract*, or the date a *member's* employer and a *member* treat this *contract* as part of an employer-provided health plan for any purpose, including tax purposes.
6. The date a *member's* eligibility for coverage under this *contract* ceases due to any of the reasons stated in the Ongoing Eligibility section in this *contract*.
7. The date a Member's eligibility for coverage under this Contract ceases as determined by the Exchange.

Paid premiums that are not earned due to *contract* termination will be refunded.

If this *contract* is other than an Individual Plan, it may be continued after *your* death:

1. By *your spouse*, if a *member*; otherwise,
2. By the youngest child who is a *member*.

This *contract* will be changed to a plan appropriate, as determined by *us*, to the *member(s)* that continue to be covered under it. *Your spouse* or youngest child will replace *you* as the primary covered person. A proper adjustment will be made in the premium required for this *contract* to be continued. *We* will also refund any premium paid and not earned due to *your* death.

Reinstatement

We will reinstate a policy when it is erroneously terminated or cancelled. The reinstatement will result in restoration of the enrollment with no break in coverage.

Discontinuance

90-Day Notice: If *we* discontinue offering and refuse to renew all contracts issued on this form, for all residents of the state where *you* reside, *we* will provide a written notice to *you* at least 90 days prior to the date that *we* discontinue coverage. *You* will be offered an option to purchase any other coverage in the individual market *we* offer in *your* state at the time of discontinuance of this *contract*. This option to purchase other coverage will be on a guaranteed issue basis without regard to health status.

180-Day Notice: If *we* discontinue offering and refuse to renew all individual contracts in the individual market in the state where *you* reside, *we* will provide a written notice to *you* and the Commissioner of Insurance at least 180 days prior to the date that *we* stop offering and terminate all existing individual contracts in the individual market in the state where *you* reside.

Portability of Coverage

If a person ceases to be a *member* due to the fact that the person no longer meets the definition of *dependent member* under the *contract*, the person will be eligible for continuation of coverage. If elected, *we* will continue the person's coverage under the *contract* by issuing an individual policy. The premium rate applicable to the new policy will be determined based on the *residence* of the person continuing

coverage. All other terms and conditions of the new policy, as applicable to that person, will be the same as this *contract*, subject to any applicable requirements of the state in which that person resides. Any *deductible amounts* and maximum benefit limits will be satisfied under the new contract to the extent satisfied under this *contract* at the time that the continuation of coverage is issued. (If the original coverage contains a family deductible which must be met by all *members* combined, only those expenses incurred by the *member* continuing coverage under the new contract will be applied toward the satisfaction of the *deductible amount* under the new contract.)

Notification Requirements

It is the responsibility of *you* or *your former dependent member* to notify *us* within 31 days of *your* legal divorce or *your dependent member's* marriage. *You* must notify *us* of the address at which their continuation of coverage should be issued.

Benefits After Coverage Terminates

Benefits for *covered service expenses* incurred after a *member* ceases to be covered are provided for certain *illnesses* and *injuries*. However, no benefits are provided if this *contract* is terminated because of:

1. A request by *you*;
2. Fraud or material misrepresentation on *your* part; or
3. *Your* failure to pay premiums.

The *illness* or *injury* must cause a *period of extended loss*, as defined below. The *period of extended loss* must begin before coverage of the *member* ceases under this *contract*. No benefits are provided for *covered service expenses* incurred after the *period of extended loss* ends.

In addition to the above, if this *contract* is terminated because *we* refuse to renew all contracts issued on this form, to residents of the state where *you* live, termination of this *contract* will not prejudice a claim for a *continuous loss* that begins before coverage of the *member* ceases under this *contract*. In this event, benefits will be extended for that *illness* or *injury* causing the *continuous loss*, but not beyond the earlier of:

1. The date the *continuous loss* ends; or
2. 12 months after the date renewal is declined.

REIMBURSEMENT

If a *member's illness or injury* is caused by the acts or omissions of a *third party*, we will not cover a *loss* to the extent that it is paid as part of a settlement or judgment by any *third party*.

However, if payment by or for the *third party* has not been made by the time we receive acceptable *proof of loss*, we will pay regular *contract* benefits for the *member's loss*. We will have the right to be reimbursed to the extent of benefits we provided or paid for the *illness or injury* if the *member* subsequently receives any payment from any *third party*. The *member* (or the guardian, legal representatives, estate, or heirs of the *member*) shall promptly reimburse us from the settlement, judgment, or any payment received from any *third party*.

As a condition for *our* payment, the *member* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with us in order to obtain information about the *loss* and its cause.
2. To immediately inform us in writing of any claim made or lawsuit filed on behalf of a *member* in connection with the *loss*.
3. To include the amount of benefits paid by us on behalf of a *member* in any claim made against any *third party*.
4. That we:
 - a. Will have a lien on all money received by a *member* in connection with the *loss* equal to the benefit amount we have provided or paid.
 - b. May give notice of that lien to any *third party* or *third party's* agent or representative.
 - c. Will have the right to intervene in any suit or legal action to protect *our* rights.
 - d. Are subrogated to all of the rights of the *member* against any *third party* to the extent of the benefits paid on the *member's* behalf.
 - e. May assert that subrogation right independently of the *member*.
5. To take no action that prejudices *our* reimbursement and subrogation rights.
6. To sign, date, and deliver to us any documents we request that protect *our* reimbursement and subrogation rights.
7. To not settle any claim or lawsuit against a *third party* without providing us with written notice of the intent to do so.
8. To reimburse us from any money received from any *third party*, to the extent of benefits we paid for the *illness or injury*, whether obtained by settlement, judgment, or otherwise, and whether or not the *third party's* payment is expressly designated as a payment for medical expenses.
9. That we may reduce other benefits under the *contract* by the amounts a *member* has agreed to reimburse us.

Furthermore, as a condition of *our* payment, we may require the *member* or the *member's* guardian (if the *member* is a minor or legally incompetent) to execute a written reimbursement agreement. However, the terms of this provision remain in effect regardless of whether or not an agreement is actually signed.

We have a right to be reimbursed in full regardless of whether or not the *member* is fully compensated by any recovery received from any *third party* by settlement, judgment, or otherwise.

We will not pay attorney fees or costs associated with the *member's* claim or lawsuit unless we previously agreed in writing to do so.

If a dispute arises as to the amount a *member* must reimburse us, the *member* (or the guardian, legal representatives, estate, or heirs of the *member*) agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by us until the dispute is resolved.

COORDINATION OF BENEFITS

Ambetter coordinates benefits with other payers when a *member* is covered by two or more group health benefit plans. Coordination of Benefits (COB) is the industry standard practice used to share the cost of care between two or more carriers when a *member* is covered by more than one health benefit plan.

It is a contractual provision of a majority of health benefit contracts. Ambetter complies with Federal and state regulations for COB and follows COB guidelines published by National Association of Insurance Commissioners (NAIC).

Under COB, the benefits of one plan are determined to be primary and are first applied to the cost of care. After considering what has been covered by the primary plan, the secondary plan may cover the cost of care up to the fully allowed expense according to the plan's payment guidelines. Ambetter Claims COB and Recovery Unit procedures are designed to avoid payment in excess of allowable expense while also making sure claims are processed both accurately and timely.

"Allowable expense" is the necessary, reasonable, and customary item of expense for health care, when the item is covered at least in part under any of the plans involved, except where a statute requires a different definition. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

"Plan" is a form of coverage written on an expense-incurred basis with which coordination is allowed.

The term "Plan" includes:

1. Group health insurance benefits and group blanket or group remittance health benefits coverage, whether uninsured arrangements of group coverage, insured, self-insured, or self-funded. This includes group HMO insurance and other prepayment, group practice and individual practice plans, and blanket contracts, except as excluded below.
2. Plan includes medical benefits coverage, in group and individual automobile "no-fault" and traditional liability "fault" type contracts.
3. Plan includes hospital, medical, and surgical benefits coverage of Medicare or a governmental plan offered, required, or provided by law, except Medicaid.
4. Plan does not include blanket school accident coverage or coverages issued to a substantially similar group (e.g., Girl Scouts, Boy Scouts) where the school or organization pays the premiums.
5. Plan does not include Individual or Family: Insurance contracts, direct payment subscriber contracts, coverage through health maintenance organizations (HMO's) or coverage under other prepayment, group practice and individual practice plans.
6. Plan whose benefits are by law excess to any private benefits coverage.

"Primary plan" is one whose benefits must be determined without taking the existence of any other plan into consideration. A plan is primary if either:

1. The plan has no order of benefits rules or its rules differ from those required by regulation; or
2. All plans which cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for

example, two plans which have no order of benefit determination rules).

“Secondary plan” is one which is not a primary plan. If a person is covered by more than one secondary plan, the order of benefit determination rules decide the order in which their benefits are determined in relation to each other.

Order of Benefit Determination Rules

The first of the rules listed below in paragraphs 1-6 that applies will determine which plan will be primary:

1. The Primary plan pays or provides its benefits as if the Secondary plan or plans did not exist. A Plan may consider benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
2. If the other plan does not contain a coordination of benefits provision that is consistent with this provision is always primary. There are two exceptions:
 - a. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder, and
 - b. Any noncontributory group or blanket insurance coverage which is in force on January 1, 1987 which provides excess major medical benefits intended to supplement any basic benefits on a covered person may continue to be excess to such basic benefits.

The first of the following rules that describes which Plan pays its benefits before another Plan is the rule to use.

3. If the person receiving benefits is the *member* and is only covered as *an eligible dependent* under the other plan, this *contract* will be primary.
4. Subject to State Statutes: Social Security Act of 1965, as amended makes Medicare secondary to the plan covering the person as a dependent of an active employee, the order of benefit determination is:
 - a. If a child is covered under the plans of both parents and the parents are not separated or divorced, the plan of the parent whose birthday falls earlier in the year (excluding year of birth) shall be primary.
 - b. If both parents have the same birthday, the plan which covered the parent longer will be primary. To determine whose birthday falls earlier in the year, only the month and day are considered. However, if the other plan does not have this birthday rule, but instead has a rule based on the sex of the parent and as a result the plans do not agree on which is primary, then the rule in the other plan will determine which plan is primary.
5. If a child is covered by both parents' plans, the parents are separated or divorced, and there is no court decree between the parents that establishes financial responsibility for the child's health care expenses:
 - a. The plan of the parent who has custody will be primary;
 - b. If the parent with custody has remarried, and the child is also covered as a child under the step-parent's plan, the plan of the parent with custody will pay first, the step-parent's plan will pay second, and the plan of the parent without custody will pay third.
 - c. If a court decree between the parents says which parent is responsible for the child's health care expenses, then that parent's plan will be primary if that plan has actual

knowledge of the decree.

6. If the person receiving services is covered under one plan as an active employee or member (i.e., not laid-off or retired), or as the spouse or child of such an active employee, and is also covered under another plan as a laid-off or retired employee or as the spouse or child of such a laid-off or retired employee, the plan that covers such person as an active employee or spouse or child of an active employee will be primary. If the other plan does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored.
7. If none of the above rules determine which plan is primary, the plan that covered the person receiving services longer will be primary.

Effects of Coordination

When this plan is secondary, its benefits will be reduced so that the total benefits paid by the primary plan and this plan during a claim determination period will not exceed Ambetter's maximum available benefit for each Covered Service. Also, the amount Ambetter pays will not be more than the amount Ambetter would pay if Ambetter were primary. As each claim is submitted, Ambetter will determine its obligation to pay for allowable expenses based upon all claims that have been submitted up to that point in time during the claim determination period.

Right to Receive and Release Needed Information

Certain fact about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other Plans covering the person claiming benefits. We need not tell or get the consent of, any person to do this.

In addition, failure on the part of any *member*, or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the *member*.

Time for Payment of Claims

Benefits will be paid within 30 days for clean claims filed electronically, or 45 days for clean claims filed on paper. "Clean claims" means a claim submitted by you or a Provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment. If we have not received the information we need to process a claim, we will ask for the additional information necessary to complete the claim. You will receive a copy of that request for additional information, for your information. In those cases, we cannot complete the processing of the claim until the additional information requested has been received. Any payment made by *us* in good faith under this provision shall fully discharge *our* obligation to the extent of the payment. *We* reserve the right to deduct any overpayment made under this *contract* from any future benefits under this *contract*.

1. *Your* health insurance benefits are assigned by *you* in writing; and
2. *We* approve the assignment.

Any assignment to a *hospital* or person providing the treatment, whether with or without *our* approval, shall not confer upon such *hospital* or person, any right or privilege granted to *you* under the *contract* except for the right to receive benefits, if any, that *we* have determined to be due and payable.

Medicaid Reimbursement

The amount provided or payable under this *contract* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

2. *We* receive proper *proof of loss* and notice that payment has been made for *covered service expenses* under that program.

This provision applies if the parents of a covered *eligible child* are divorced or legally separated and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if *we* receive a copy of the order establishing custody.

Upon request by the custodial parent, *we* will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions and limitations of the *contract*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge *our* obligations.

A custodial parent may, with *our* approval, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

Physical Examination

We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at *our* expense and as often as *we* may reasonably require.

No action at law or in equity may be brought against *us* under the *contract* for any reason unless the *member* first completes all the steps in the *complaint/grievance* procedures made available to resolve disputes in *your* state under the *contract*. After completing that *complaint/grievance* procedures process, if *you* want to bring legal action against *us* on that dispute, *you* must do so within three years of the date *we* notified *you* of the final decision on *your complaint/grievance*.

INTERNAL GRIEVANCE, INTERNAL APPEALS, AND EXTERNAL APPEALS PROCEDURES

INTERNAL PROCEDURES:

Applicability/Eligibility

An Eligible grievant is:

1. A covered individual under the policy, also described as the claimant;
2. Person authorized to act on behalf of the claimant. **Note:** Written authorization is not required; however, if received, we will accept any written expression of authorization without requiring specific form, language, or format;

- A determination that a service or benefit is not deemed appropriate or medically necessary,
- A determination that a service or benefit is deemed to be experimental or investigational in nature,
- The availability of providers,
- The handling or payment of claims for services or benefits as covered in this contract,
- Matters pertaining to the contractual relationship between the covered individual and the health plan, or
- An insurer's decision to rescind the policy.

The 180 calendar days start on the date of the situation you are not satisfied with. We would like for you to contact us right away so we can help you with your concern as soon as we can. A Grievance may be filed in writing by mail at the address below or file the Grievance in person at:

Grievances and Appeals Coordinator
1099 North Meridian Street
Suite 400
Indianapolis, IN 46204

Claimants have the right to submit a grievance in written or oral format to the health plan. The claimant may provide comments, documents, records, and other information relating to the claim for benefits. Claimants have the right to review the claim file and to present evidence and testimony as part of the internal review process. A grievance may be filed by calling our toll-free member services number at 1-877-687-1182. Members may request assistance in filing a grievance with our health plan.

Grievances will be promptly investigated and presented to the internal *grievance* committee. A plan that is providing benefits for an ongoing course of treatment cannot be reduced or terminated without providing advance notice and an opportunity for advance review. The plan is required to provide continued coverage pending the outcome of a grievance.

Process and Resolution Timeframes

1. We will offer an acknowledgement of the grievance within 3 (three) business days of initial receipt of the grievance, either orally or in written form, to the covered individual. When acknowledging a *grievance* filed by an authorized representative, the acknowledgement shall include a clear and prominent notice that health care information or medical records may be disclosed only if permitted by law.
 - (1) The acknowledgement shall state that unless otherwise permitted under applicable law, informed consent is required and the acknowledgement shall include an informed consent form for that purpose.
 - (2) If such disclosure is prohibited by law, health care information or medical records may be withheld from an authorized representative, including information contained in its resolution of the *grievance*.
 - (3) A *grievance* submitted by an authorized representative will be processed regardless of whether health care information or medical records may be disclosed to the authorized representative under applicable law.
2. Grievances regarding quality of care, quality of service, or reformation will be resolved within 20 business days of receipt of all necessary information. The time period may be extended for an additional 10 business days if we provide the claimant and the claimant's authorized representative, if applicable, written notification of the following within the first 20 business days:
 - a. That we have not resolved the *grievance*;
 - b. When *our* resolution of the *grievance* may be expected; and
 - c. The reason why the additional time is needed.
3. All other grievances will be resolved and we will notify the claimant in writing with the appeal decision within 5 (five) business days after completing an investigation.

A claimant shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits. All comments, documents, records and other information submitted by the claimant relating to the claim for benefits, regardless of whether such information was submitted or considered in the initial *adverse benefit determination*, will be considered in the internal appeal.

1. The claimant will receive from the plan, as soon as possible, any new or additional evidence considered by the reviewer. The claimant will receive from the plan, as soon as possible, any new or additional medical rationale considered by the reviewer.

Expedited Grievance

An *expedited grievance* may be submitted orally or in writing. All necessary information, including *our* determination on review, will be transmitted between the claimant and *us* by telephone, facsimile, or other available similarly expeditious method.

An *expedited grievance* shall be resolved as expeditiously as the *claimant's* health condition requires but not more than 48 hours after receipt of the *grievance*.

Due to the 48-hour resolution timeframe, the standard requirements for notification and acknowledgement do not apply to *expedited grievances*.

Upon written request, we will mail or electronically mail a copy of the claimant's complete policy to the claimant or the claimant's authorized representative as expeditiously as the *grievance* is handled.

Written Grievance Response from Us

Grievance response letters shall describe, in detail, the *grievance* procedure and the notification shall include the specific reason for the denial of the benefit(s) or service(s), determination of the benefit(s) or service(s), decision on an issue, or initiation of disenrollment.

The health plan's written decision to the grievant must include:

1. A clear statement of the decision;
2. The disposition of and the specific reason or reasons, including policies and procedures that apply, for the decision;
3. Any corrective action taken on the *grievance*;
4. Notice of the individual's right to appeal the grievance decision; and
5. Correspondence information should the covered individual choose to appeal the decision.

INTERNAL APPEALS:

A member or Authorized Representative may appeal when he or she has a concern regarding a claim denial or other action by Coordinated Care under the Contract and wishes to have it reviewed. There is an Internal Appeal, as well as additional voluntary Appeal level available. Certain matters requiring quicker consideration may qualify for a level of Expedited Appeal and are described separately later in this section.

An Internal Appeal is a form of Grievance for review of an Adverse Determination. An Adverse Determination is a decision that was made, based on review of information that was provided, to deny, reduce, modify, or terminate an admission, continued inpatient stay, or the availability of any other healthcare services, for failure to meet the requirements for coverage based on medical necessity, appropriateness of healthcare setting and level of care, or effectiveness. An Internal Appeal is reviewed as either a Standard/Non-expedited Internal Appeal or as an Expedited Internal Appeal. If a decision on an Appeal is required immediately due to your health needs, an expedited Appeal may be requested. A member, or a member's authorized representative, may request an Expedited External Review at the same time as they are requesting an Expedited Internal Appeal. The following outlines the process for each.

Appeals can be initiated through either written or verbal request. A written request may be sent via facsimile to 866-714-7993 or mailed to Ambetter from MHS at:

Grievance and Appeals Coordinator
1099 North Meridian Street
Suite 400
Indianapolis, IN 46204

Verbal requests can be made by calling us at 1-877-687-1182. An Internal Appeal submitted by phone or in person will be received by a Member Services Representative who will write a summary of the Internal Appeal request. You may request a copy of this summary to be mailed to you. An acknowledgement letter, of the appeal, will be sent within three (3) business days of receipt of the Internal Appeal.

Internal Appeals, including Expedited Appeals, must be pursued within 180 days of receipt of the original determination. If your request for Appeal is not received within this time period, you will not be able to continue to pursue the Appeal process and may jeopardize your ability to pursue the matter in any forum. We will send you written acknowledgement letter within three (3) business day of receipt of your appeal. If you or your treating Provider determines that your health could be jeopardized by waiting for a decision under the regular Appeal process, you or your Provider may specifically request an Expedited Appeal. Please see Expedited Appeals later in this section for more information.

INTERNAL APPEAL CONTINUATION OF CARE

If you are still receiving the services that are under appeal, and the services are *covered services*, the services may continue until a decision is made on the Internal Appeal. Coordinated Care will pay for the cost of continued services regardless of the outcome minus any applicable copays or deductibles. This continuation of coverage or treatment applies only to those services which, at the time of the service initiation, were approved by Coordinated Care and were not terminated because benefit coverage for the service was exhausted.

INTERNAL APPEAL REVIEW

The content of the Internal Appeal request including all clinical care aspects involved will be fully reviewed and documented. You or your authorized representative will have the right to submit comments, documentation, records, and other information relevant to the Internal Appeal in person or in writing. You have the right to appear in person to person before the committee reviewing the appeal, or to provide appropriate communication and documentation to the committee. A provider or other appropriate clinical peer of a same-or-similar specialty, who was not involved in the initial decision, will evaluate medical necessity decision of a final determination. Ambetter from MHS will review, resolve, and provide you, or your authorized representative, with written notification of the decision for a pre service non-expedited Internal Appeal no later than 45 days from notification from the claimant of the appeal. We will notify you of the review decision within 5 business days of completion of the investigation.

Internal Appeal Committee

Upon receipt of an appeal, your appeal will be assigned to one or more individuals to handle the process of your appeal. The committee will include individuals that:

- Have knowledge of the medical condition, procedure, or treatment that is under issue;
- Are licensed in the same profession or clinical background as the provider that is requesting the proposed service(s) or benefit(s);
- Are not involved or have not been involved in the matter which created the appeal &/or were not involved in the initial grievance investigation of the matter; and,
- Do not have a direct business or personal relationship with the member or the provider who recommended the service(s) or benefit(s).

INTERNAL APPEAL DETERMINATION NOTIFICATION

We will provide a written notification to you within 5 business days after completion of the investigation and not later than 30 days from initial receipt of the appeal. The written notification of the resolution of the standard Internal Appeal will include:

- A clear statement outlining the decision reached by the health plan about your appeal.
- The specific medical and scientific reasons, including policies and procedures used, in coming to the decision.
- Criteria and/or clinical guidelines or standards of care used in making the determination.
- The right to receive a copy of the criteria and/or all information in the appeal file, free of charge.
- A list of titles and qualifications, including specialties, of individuals participating in the appeal review.

- The member's right to obtain an independent External Review through the IRO including the timeframe for filing.
- Contact information, including address and telephone number, to obtain additional information on the appeal &/or for filing an external review.

If the Internal Appeal request was not over-turned or resolved to you or your authorized representative's satisfaction, an External Review by an Independent Review Organization (IRO) may be requested. Information for pursuing an External Review is included in the Internal Appeal determination letter. If you do not receive a response to your Internal Appeal within the timeframes outlined, or those that are mutually agreed upon, your Appeal will be deemed to be decided in your favor.

EXPEDITED INTERNAL APPEAL

If a decision on an Appeal is required urgently (within 48 hours) due to your health needs which cannot wait with the standard resolution time, an Expedited Internal Appeal may be requested. An Expedited Internal Appeal may be requested if:

- You are currently receiving or are prescribed treatment for a medical condition; and your treating Provider believes the application of regular Appeal timeframes on a pre-service or concurrent care claim could seriously jeopardize your life, overall health or ability to regain maximum function, or would subject You to severe and intolerable pain; or
- The Appeal is regarding an issue related to admission, availability of care, continued stay or health care services received on an emergency basis where you have not been discharged.

EXPEDITED INTERNAL APPEAL SUBMISSION and PROCESS

An Expedited Internal Appeal is requested, handled, and processed in the same manner as a Standard Internal Appeal. For an Expedited Internal Appeal in which you are currently an inpatient in a hospital, a provider may act as your authorized representative without a signed written consent from you.

If you are currently receiving covered services, you may continue to receive services at the expense of Coordinated Care through the completion of the Expedited Internal Appeal process if the Expedited Internal Appeal is filed timely and the service was previously authorized by Ambetter from MHS.

External Review

If you, or your authorized representative, are not satisfied with the final outcome of the Internal Appeal, an External Review by an Independent Review Organization may be requested. You, or your authorized representative, can request an External Review when the Appeal is of *adverse benefit determinations* based on medical necessity, appropriateness, health care setting, level of care, or that the requested service or supply is not efficacious or otherwise unjustified under evidence-based medical criteria. Filing an External Review will **not** affect your healthcare services. We want to know your concerns so we can improve our services.

An external review decision is binding on us. We will pay for the costs of the external review performed by the independent reviewer.

Applicability/Eligibility

The External Review *Grievance & Appeals procedures* apply to:

1. Any hospital or medical policy or certificate; excluding accident only or disability income only insurance.

The claimant has 120 days to make a written request to the Grievance Administrator for external review after the date of receipt of *our* internal response the grievance or appeal.

1. Claimants may request an expedited external review from an Independent Review Organization (IRO) should the issue at question be related to disease, illness, injury, health condition, or a disability that the decision would seriously jeopardize the individual's health, life, or ability to reach &/or maintain maximum function.

External review is available for *grievances and appeals* that involve:

1. Medical judgment, including but not limited to those based upon requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit; or the determination that a treatment is experimental or investigational, as determined by an external reviewer; or
2. *Rescissions* of coverage.

External Review Process

We have fifteen business days following receipt of the request to provide a final and binding decision made by the IRO to the individual. The decision from the IRO will be based upon information from the insurer, the insured individual or authorized representative, the treating health care provider, and any other information the IRO deems appropriate and relevant to the issue.

The IRO will also provide notification to the individual and the health plan within 72 hours of completion of their review. The IRO will include:

- A clear statement of the binding decision;
- Standards used in the decision, including objective clinical evidence; and,
- Any applicable terms or eligibility of the individual's insurance policy.

Expedited External Review Process

An expedited external review may be requested by the member should the issue be thought to seriously jeopardize the individual's health or life, or ability to maintain or achieve maximum function. An expedited review will follow the same process as outline above. However, the IRO has only 24 hours to notify the insured and the health plan after reaching a decision; and, a decision must be reached within 72 hours from receipt of the expedited external review request.

Member Rights & Responsibilities When Requesting an External Review

You have the right to request an external review provided by an Independent Review Organization (IRO). We will cover all costs associated with an external review. You shall not face any type of retaliation from us for filing an external review. You may continue to utilize any other covered benefits associated with your health insurance policy. You may also submit any new or additional information as a part of the external review process for further consideration of your grievance or appeal. You are expected to cooperate with any requests from the IRO, such as providing any requested medical information or signing releases for additional medical records. We will also fully cooperate with the IRO for any such requests of information related to the grievance, appeal, or your care provided by us.

You may also request your case information from the IRO to better understand the effect of the determination and what response you should expect from us.
