3. The primary *member* residing outside the service area or moving permanently outside the service area of this plan.

For Dependent Members

A *dependent member* will cease to be a *member* at the end of the premium period in which he or she ceases to be *your dependent member* due to divorce or if a child ceases to be an *eligible child*.

We must receive notification within 90 days of the date a *dependent member* ceases to be an eligible *dependent member*. If notice is received by us more than 90 days from this date, any unearned premium will be credited only from the first day of the *policy*/calendar month in which we receive the notice.

A *member* will not cease to be a *dependent eligible child* solely because of age if the *eligible child* is:

1. Not capable of self-sustaining employment due to mental handicap or physical handicap that began before the age limit was reached; and
2. Mainly dependent on *you* for support.

If health benefits are denied for the stated reason that the child has reached the limiting age for dependent coverage specified in this *contract*, the *member* has the burden of establishing that the child continues to meet the criteria specified above. Failure to provide the required proof may result in the dependent's termination of coverage.

The coverage of the handicapped child may be continued, but not beyond the termination date of such incapacity or such dependence. This provision shall in no event limit the application of any other *contract* provisions terminating such child's coverage for any other reason than the attainment of the limiting age.

Open Enrollment

There will be an open enrollment period for coverage on the Health Insurance Marketplace. The open enrollment period begins November 1, 2015 and extends through January 31, 2016. *Qualified individuals* who enroll prior to December 15, 2015 will have an *effective date* of coverage on January 1, 2016. *Qualified individuals* that enroll between the first and fifteenth day of any subsequent month during the initial open enrollment period, will have a coverage *effective date* of the first day of the following month. *Qualified individuals* that enroll between the sixteenth and last day of the month between December 2015 and January 31, 2016, will have a coverage *effective date* of the first day of the second following month.

The Health Insurance Marketplace may provide a coverage *effective date* for a *qualified individual* earlier than specified in the paragraphs above, provided that either:

1. The *qualified individual* has not been determined eligible for *advance premium tax credits* or *cost-sharing reductions*; or
2. The *qualified individual* pays the entire premium for the first partial month of coverage as well as all cost sharing, thereby waiving the benefit of *advance premium tax credit* and *cost-sharing reduction* payments until the first of the next month. Starting in 2014, we will send written annual

open enrollment notification to each *member* no earlier than September 1st, and no later than September 30th.

Special and Limited Enrollment

A *qualified individual* has 60 days to report a qualifying event to the Exchange and could be granted a 60 day Special Enrollment Period as a result of one of the following events:

1. A *qualified individual* or *dependent* loses *minimum essential coverage*;
2. A *qualified individual* gains a dependent or becomes a *dependent* through marriage, birth, adoption or placement for adoption;
3. An individual, who was not previously a citizen, national, or lawfully present individual gains such status;
4. A *qualified individual's* enrollment or non-enrollment in a *qualified health plan* is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or agent of the Health Insurance Marketplace or HHS, or its instrumentalities as evaluated and determined by the Health Insurance Marketplace. In such cases, the Health Insurance Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction;
5. An enrollee adequately demonstrates to the Health Insurance Marketplace that the *qualified health plan* in which he or she is enrolled substantially violated a material provision of its contract in relation to the enrollee;
6. An individual is determined newly eligible or newly ineligible for *advance payments of the premium tax credit* or has a change in eligibility for *cost-sharing reductions*, regardless of whether such individual is already enrolled in a *qualified health plan*;
7. A *qualified individual* or enrollee gains access to new *qualified health plans* as a result of a permanent move;
8. Qualifying events as defined under section 603 of the Employee Retirement Income Security Act of 1974, as amended;
9. An Indian, as defined by section 4 of the Indian Health Care Improvement Act, may enroll in a *qualified health plan* or change from one *qualified health plan* to another one time per month; or
10. A *qualified individual* or enrollee demonstrates to the Health Insurance Marketplace, in accordance with guidelines issued by HHS, that the individual meets other exceptional circumstances as the Health Insurance Marketplace may provide. *Qualified individuals* that enroll between the first and fifteenth day of the month will have a coverage *effective date* of the first day of the following month. *Qualified individuals* that enroll between the sixteenth and last day of the month will have a coverage *effective date* of the first day of the second following month. In the case of birth, adoption or placement for adoption, the coverage is effective on the date of birth, adoption or placement for adoption, but *advance premium tax credits* and *cost-sharing reductions*, if applicable, are not effective until the first day of the following month, unless the birth, adoption, or placement for adoption occurs on the first day of the month. In the case of marriage, or in the case where *qualified individual* loses minimum essential coverage, the *effective date* is the first day of the following month.

PREMIUMS

Premium Payment

Each premium is to be paid to *us* on or before its due date. The initial premium must be paid prior to the coverage *effective date*.

Grace Period

When a member is receiving a premium subsidy:

After the first premium is paid, a grace period of three (3) months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if advance premium tax credits are received.

We will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period, and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. *We* will notify HHS of the non-payment of premiums, the *member*, as well as providers of the possibility of denied claims when the *member* is in the second and third month of the grace period. *We* will continue to collect advance premium tax credits on behalf of the *member* from the Department of the Treasury, and will return the advance premium tax credits on behalf of the *member* for the second and third month of the grace period if the *member* exhausts their grace period as described above. A member is not eligible to re-enroll once terminated, unless a member has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods.

When a member is not receiving a premium subsidy:

Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a one (1) month grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the *Contract* will stay in force. *We* will notify HHS, as necessary, of the non-payment of premiums, the *member*, as well as providers of the possibility of denied claims when the *member* is in the grace period.

Misstatement of Age

If a *member's* age has been misstated, the benefits may be adjusted based on the relationship of the premium paid to the premium that should have been paid, based on the correct age.

Change or Misstatement of Residence

If *you* change *your residence*, *you* must notify the Exchange of *your new residence* within 60 days of the change. As a result your premium may change and you may be eligible for a Special Enrollment Period. See the section on Special Enrollment Periods for more information.

Misstatement of Tobacco Use

The answer to the tobacco question on the application is material to *our* correct underwriting. If a *member's use of tobacco* has been misstated on the *member's* application for coverage under this *contract*, *we* have the right to rerate the *contract* back to the original *effective date*.

Billing/Administrative Fees

Upon prior written notice, *we* may impose an administrative fee for credit card payments. This does not obligate *us* to accept credit card payments. *We* will charge a \$20 fee for any check or automatic payment deduction that is returned unpaid.

MAJOR MEDICAL EXPENSE BENEFITS

Deductible

The *deductible amount* means the amount of *covered service expenses* that must be paid by each/all *members* before any benefits are provided or payable. The *deductible amount* does not include any *copayment amount*.

1. Qualifies as a *covered service expense* under one or more benefit provisions; and
2. Is received while the *member's* insurance is in force under the *contract* if the charge for the service or supply qualifies as an *eligible service expense*.

When the annual out-of-pocket maximum has been met, additional *covered service expenses* will be provided or payable at 100%.

The amount provided or payable will be subject to:

In addition to the *deductible amount*, *copayment amount*, and *cost sharing percentage*, *you* are responsible for the difference between the *eligible service expense* and the amount the provider bills *you* for the services or supplies. Any amount *you* are obligated to pay to the provider in excess of the *eligible service expense* will not apply to *your deductible amount* or out-of-pocket maximum.

Primary Care Physician

In order to obtain benefits, *you* may be required to designate a *network primary care physician* for each *member*. *You* may select any *network primary care physician* who is accepting new patients. However, *you* may not change your selection more frequently than once each month. If *you* do not select a *network primary care physician* for each *member*, one will be assigned. *You* may obtain a list of *network primary care physicians* at our website or by contacting our Member Services Department.

Your network primary care physician will be responsible for coordinating all covered health services and making referrals for services from other *network providers*. *You* do not need a referral from *your network primary care physician* for obstetrical or gynecological treatment and may seek care directly from a *network obstetrician* or *gynecologist*.

You may change *your network primary care physician* by submitting a written request, online at our website, or by contacting our office at the number shown on *your* member ID. The change to *your network primary care physician* of record will be effective no later than 30 days from the date we receive *your* request.

Referral Required For Maximum Benefits

You do not need a referral from *your network primary care physician* for obstetrical or gynecological treatment from a *network obstetrician or gynecologist*. For all other *network specialist physicians*, you may be required to obtain a referral from *your network primary care physician* for benefits to be payable under *your policy* or benefits payable under this *contract* may be reduced. Please refer to the Schedule of Benefits.

Network Availability

Your network is subject to change upon advance written notice. A *network* may not be available in all areas. If you move to an area where we are not offering access to a *network*, the *network* provisions of the *policy* will no longer apply. In that event, benefits will be calculated based on the *eligible service expense*, subject to the *deductible amount* for *network providers*. You will be notified of any increase in premium.

Newborns' and Mothers' Health Protection Act Statement of Rights

If services provided or expenses incurred for *hospital* confinement in connection with childbirth are otherwise included as *covered Service expenses*, we will not limit the number of days for these expenses to less than that stated in this provision.

Maternity care

Coverage for outpatient and inpatient pre- and post-partum care including exams, prenatal diagnosis of genetic disorder, laboratory and radiology diagnostic testing, health education, nutritional counseling, risk assessment, childbirth classes, services of nurse-midwives and midwives licensed according to Florida law, and the services of birth centers licensed according to Florida law, if such services are available within the service area, and hospital stays for delivery or other *medically necessary* reasons (less any applicable *copayments, deductible amounts, or cost sharing percentage*). Other maternity benefits include *complications of pregnancy*, parent education, assistance, and training in breast or bottle feeding and the performance of any necessary and appropriate clinical tests. Coverage will only be provided for maternity services and/or care of the newborn child when such services have been authorized by your participating health care provider.

Under federal law, health insurance issuers generally may not restrict benefits otherwise provided for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However, we may provide benefits for *covered service expenses* incurred for a shorter stay if the attending provider (e.g., *your* physician, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

The level of benefits and out-of-pocket costs for any later part of the 48-hour (or 96-hour) stay will not be less favorable to the mother or newborn than any earlier part of the stay. We do not require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).

Note: This provision does not amend the *contract* to restrict any terms, limits, or conditions that may otherwise apply to *covered service expenses* for childbirth.

Clinical Trial Coverage

Clinical Trial Coverage includes routine patient care costs incurred as the result of an approved phase I, II, III or phase IV clinical trial and the clinical trial is undertaken for the purposes of prevention, early

detection, or treatment of cancer or other life-threatening disease or condition . Coverage will include routine patient care costs incurred for (1) drugs and devices that have been approved for sale by the Food and Drug Administration (FDA), regardless of whether approved by the FDA for use in treating the patient's particular condition, (2) reasonable and *medically necessary* services needed to administer the drug or use the device under evaluation in the clinical trial and (3) all items and services that are otherwise generally available to a qualified individual that are provided in the clinical trial except:

- The investigational item or service itself;
- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and
- Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial.

Phase I and II clinical trials must meet the following requirements:

- Phase I and II of a clinical trial is sanctioned by the National Institutes of Health (NIH) or National Cancer Institute (NCI) and conducted at academic or National Cancer Institute Center; and
- The insured is enrolled in the clinical trial. This section shall not apply to insureds who are only following the protocol of phase I or II of a clinical trial, but not actually enrolled.

Phase III and IV clinical trials must be approved or funded by one of the following entities:

- One of the National Institutes of Health (NIH);
- The Centers for Disease Control and Prevention;
- The Agency for Health Care Research and Quality;
- The Centers for Medicare & Medicaid Services;
- An NIH Cooperative Group or Center;
- The FDA in the form of an investigational new drug application;
- The federal Departments of Veterans' Affairs, Defense, or Energy;
- An institutional review board in this state that has an appropriate assurance approved by the Department of Health and Human Services assuring compliance with and implementation of regulations for the protection of human subjects; or
- A qualified non-governmental research entity that meets the criteria for NIH Center support grant eligibility.

In a clinical trial, the treating facility and personnel must have the expertise and training to provide the treatment and treat a sufficient volume of patients. There must be equal to or superior, noninvestigational treatment alternatives and the available clinical or preclinical data must provide a reasonable expectation that the treatment will be superior to the noninvestigational alternatives.

Providers participating in clinical trials shall obtain a patient's informed consent for participation in the clinical trial in a manner that is consistent with current legal and ethical standards.

5. An enrollee switches to another qualified health plan during an Annual Open Enrollment Period or a Special Enrollment Period.

Terms of Renewal

We guarantee the *member* the right to renew the Plan each year, at the *member's* option. However, *we* may refuse to renew this Plan, and all coverage provided under this Plan, if one of the following circumstances has occurred:

1. The member fails to timely pay premium in accordance with the terms of the Plan;
2. *We* cease offering this Plan to all members;
3. The member has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of this Plan;
4. The member no longer lives or works in our geographic Service Area; and
5. *We* elect to discontinue all individual health coverage in the State of Florida.

With the exception of non-payment of premium or loss of eligibility, if *we* decide to terminate or non-renew this Plan for any of the reasons set forth in this Plan, *we* will give the *member* at least forty-five (45) days advance written notice.

Discontinuance

90-Day Notice: If *we* discontinue offering and refuse to renew all contracts issued on this form, with the same type and level of benefits, for all residents of the state where *you* reside, *we* will provide a written notice to *you* and all enrollees at least 90 days prior to the date that *we* discontinue coverage. *You* will be offered an option to purchase any other coverage in the individual market *we* offer in *your* state at the time of discontinuance of this *contract*. This option to purchase other coverage will be on a guaranteed issue basis without regard to health status.

180-Day Notice: If *we* discontinue offering and refuse to renew all individual contracts in the individual market in the state where *you* reside, *we* will provide a written notice to *you*, all enrollees, and the Commissioner of Insurance at least 180 days prior to the date that *we* stop offering and terminate all existing individual contracts in the individual market in the state where *you* reside.

Notification Requirements

It is the responsibility of *you* or *your* former *dependent member* to notify *us* within 31 days of *your* legal divorce or *your dependent member's* marriage.

Benefits After Coverage Terminates

If a *network provider* terminates his or her contract with Ambetter from Sunshine Health or is terminated

by Us for any reason other than for cause, a *member* receiving active treatment may continue coverage and care with that *network provider* when *medically necessary* and through completion of treatment of a condition for which the *member* was receiving care at the time of the termination until:

1. The *member* selects another treating provider or during the next open enrollment period, whichever is longer, but not longer than six (6) months after termination of the provider's contracts.
2. The *member* who is pregnant and who has initiated a course of prenatal care regardless of the trimester in which care was initiated, completes postpartum care.

A *network provider* may refuse to continue to provide care to a *member* who is abusive, non-compliant, or in arrears in payment for services provided.

Benefits for *covered service expenses* incurred after a *member* ceases to be covered are provided for certain *illnesses* and *injuries*. However, no benefits are provided if this *contract* is terminated because of:

1. A request by *you*;
2. Fraud or material misrepresentation on *your* part; or
3. *Your* failure to pay premiums.

The *illness* or *injury* must cause a *period of extended loss*, as defined below. The *period of extended loss* must begin before coverage of the *member* ceases under this *contract*. No benefits are provided for *covered service expenses* incurred after the *period of extended loss* ends.

In addition to the above, if this *contract* is terminated because we refuse to renew all contracts issued on this form, with the same type and level of benefits, to residents of the state where *you* live, termination of this *contract* will not prejudice a claim for a *continuous loss* that begins before coverage of the *member* ceases under this *contract*. In this event, benefits will be extended for that *illness* or *injury* causing the *continuous loss*, but not beyond the earlier of:

1. The date the *continuous loss* ends; or
2. 12 months after the date renewal is declined.

REIMBURSEMENT

If a *member's illness or injury* is caused by the acts or omissions of a *third party*, we will not cover a *loss* to the extent that it is paid as part of a settlement or judgment by any *third party*.

However, if payment by or for the *third party* has not been made by the time we receive acceptable *proof of loss*, we will pay regular *contract* benefits for the *member's loss*. We will have the right to be reimbursed, providing it is not in conflict with any applicable Florida Statute or the decisions of courts of competent jurisdiction which eliminate or restrict such rights, to the extent of benefits we provided or paid for the *illness or injury* if the *member* subsequently receives any payment from any *third party*. The *member* (or the guardian, legal representatives, estate, or heirs of the *member*) shall promptly reimburse us from the settlement, judgment, or any payment received from any *third party*.

As a condition for *our* payment, the *member* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with us in order to obtain information about the *loss* and its cause;
2. To immediately inform us in writing of any claim made or lawsuit filed on behalf of a *member* in connection with the *loss*;
3. To include the amount of benefits paid by us on behalf of a *member* in any claim made against any *third party*.
4. That we:
 - a. Will have a lien on all money received by a *member* in connection with the *loss* equal to the benefit amount we have provided or paid;
 - b. May give notice of that lien to any *third party* or *third party's* agent or representative.
 - c. Will have the right to intervene in any suit or legal action to protect *our* rights;
 - d. Are subrogated to all of the rights of the *member* against any *third party* to the extent of the benefits paid on the *member's* behalf; and
 - e. May assert that subrogation right, providing it is not in conflict with any applicable Florida Statute or the decisions of courts of competent jurisdiction which eliminate or restrict such rights, independently of the *member*.
5. To take no action that prejudices *our* reimbursement and subrogation rights.
6. To sign, date, and deliver to us any documents we request that protect *our* reimbursement and subrogation rights.
7. To not settle any claim or lawsuit against a *third party* without providing us with written notice of the intent to do so.
8. To reimburse us from any money received from any *third party*, to the extent of benefits we paid for the *illness or injury*, whether obtained by settlement, judgment, or otherwise, and whether or not the *third party's* payment is expressly designated as a payment for medical expenses.
9. That we may reduce other benefits under the *contract* by the amounts a *member* has agreed to reimburse us.

Furthermore, as a condition of *our* payment, we may require the *member* or the *member's* guardian (if the *member* is a minor or legally incompetent) to execute a written reimbursement agreement. However, the terms of this provision remain in effect regardless of whether or not an agreement is actually signed.

We have a right to be reimbursed in full regardless of whether or not the *member* is fully compensated by any recovery received from any *third party* by settlement, judgment, or otherwise.

We will not pay attorney fees or costs associated with the *member's* claim or lawsuit unless we previously agreed in writing to do so.

If a dispute arises as to the amount a *member* must reimburse us, the *member* (or the guardian, legal representatives, estate, or heirs of the *member*) agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by us until the dispute is resolved.

COORDINATION OF BENEFITS

Ambetter coordinates benefits with other payers when a member is covered by two or more group health benefit plans. Coordination of Benefits (COB) is the industry standard practice used to share the cost of care between two or more carriers when a member is covered by more than one health benefit plan.

It is a contractual provision of a majority of health benefit contracts. Ambetter complies with Federal and state regulations for COB and follows COB guidelines published by National Association of Insurance Commissioners (NAIC).

Under COB, the benefits of one plan are determined to be primary and are first applied to the cost of care. After considering what has been covered by the primary plan, the secondary plan may cover the cost of care up to the fully allowed expense according to the plan's payment guidelines. Ambetter Claims COB and Recovery Unit procedures are designed to avoid payment in excess of allowable expense while also making sure claims are processed both accurately and timely.

"Allowable expense" is the necessary, reasonable, and customary item of expense for health care, when the item is covered at least in part under any of the plans involved, except where a statute requires a different definition. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

"Plan" is a form of coverage written on an expense-incurred basis with which coordination is allowed.

The term "Plan" includes:

1. Group health insurance benefits and group blanket or group remittance health benefits coverage, whether uninsured arrangements of group coverage, insured, self-insured, or self-funded. This includes group HMO insurance and other prepayment, group practice and individual practice plans, and blanket contracts, except as excluded below.
2. Plan includes medical benefits coverage, in group and individual automobile "no-fault" and traditional liability "fault" type contracts.
3. Plan includes hospital, medical, and surgical benefits coverage of Medicare or a governmental plan offered, required, or provided by law, except Medicaid or any other
4. Plan does not include blanket school accident coverage or coverages issued to a substantially similar group (e.g., Girl Scouts, Boy Scouts) where the school or organization pays the premiums.
5. Plan does not include Individual or Family:
Insurance contracts, direct payment subscriber contracts, coverage through health maintenance organizations (HMO's) or coverage under other prepayment, group practice and individual practice plans.
6. Plan whose benefits are by law excess to any private benefits coverage.

"Primary plan" is one whose benefits must be determined without taking the existence of any other plan into consideration. A plan is primary if either:

- (1) The plan has no order of benefits rules or its rules differ from those required by regulation; or (2) all plans which cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for example, two plans which have no order of benefit determination rules).

"Secondary plan" is one which is not a primary plan. If a person is covered by more than one secondary plan, the order of benefit determination rules decide the order in which their benefits are determined in

relation to each other.

Order of Benefit Determination Rules

The first of the rules listed below in paragraphs 1-6 that applies will determine which plan will be primary:

1. The primary plan pays or provides its benefits as if the Secondary plan or plans did not exist. A Plan may consider benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
2. If the other plan does not contain a coordination of benefits provision that is consistent with this provision is always primary. There are two exceptions:
 - a. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder; and
 - b. Any noncontributory group or blanket insurance coverage which is in force on January 1, 1987 which provides excess major medical benefits intended to supplement any basic benefits on a covered person may continue to be excess to such basic benefits.

The first of the following rules that describes which Plan pays its benefits before another Plan is the rule to use.

3. If the person receiving benefits is the *member* and is only covered as *an eligible dependent* under the other plan, this *contract* will be primary.
4. Subject to State Statutes: Social Security Act of 1965, as amended makes Medicare secondary to the plan covering the person as a dependent of an active employee, the order of benefit determination is:
 - a. If a child is covered under the plans of both parents and the parents are not separated or divorced, the plan of the parent whose birthday falls earlier in the year (excluding year of birth) shall be primary.
 - b. If both parents have the same birthday, the plan which covered the parent longer will be primary. To determine whose birthday falls earlier in the year, only the month and day are considered. However, if the other plan does not have this birthday rule, but instead has a rule based on the sex of the parent and as a result the plans do not agree on which is primary, then the rule in the other plan will determine which plan is primary.
5. If a child is covered by both parents' plans, the parents are separated or divorced, and there is no court decree between the parents that establishes financial responsibility for the child's health care expenses:
 - a. The plan of the parent who has custody will be primary;
 - b. If the parent with custody has remarried, and the child is also covered as a child under the step-parent's plan, the plan of the parent with custody will pay first, the step-parent's plan will pay second, and the plan of the parent without custody will pay third.
 - c. If a court decree between the parents says which parent is responsible for the child's health care expenses, then that parent's plan will be primary if that plan has actual knowledge of the decree.
6. If the person receiving services is covered under one plan as an active employee or member (i.e., not laid-off or retired), or as the spouse or child of such an active employee, and is also covered under another plan as a laid-off or retired employee or as the spouse or child of such a laid-off or retired employee, the plan that covers such person as an active employee or spouse or child of an active employee will be primary. If the other plan does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored.
7. If none of the above rules determine which plan is primary, the plan that covered the person receiving services longer will be primary.

Effects of Coordination

When this plan is secondary, its benefits will be reduced so that the total benefits paid by the primary plan and this plan during a claim determination period will not exceed Ambetter's maximum available benefit for each Covered Service. Also, the amount Ambetter pays will not be more than the amount Ambetter would pay if Ambetter were primary. As each claim is submitted, Ambetter will determine its obligation to pay for allowable expenses based upon all claims that have been submitted up to that point in time during the claim determination period.

Right to Receive and Release Needed Information

Certain fact about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. *We* need not tell or get the consent of, any person to do this.

CLAIMS

Notice of Claim

When a non-participating provider renders services, notice of a claim for benefits must be given to *us*. The notice must be in writing, and any claim will be based on that written notice. The notice must be received by *us* within 20 days after the date of the injury or the first treatment date for the sickness on which the claim is based. If this required notice is not given in time, the claim may be reduced or invalidated. If it can be shown that it was not reasonably possible to submit the notice within the 20 day period and that notice was given as soon as possible, the claim will not be reduced or invalidated.

Proof of Loss

You or *your* covered *dependent member* must give *us* written *proof of loss* within 90 days of the *loss* or as soon as is reasonably possible. *Proof of loss* furnished more than one year late will not be accepted, unless *you* had no legal capacity in that year.

Cooperation Provision

Each *member*, or other person acting on his or her behalf, must cooperate fully with *us* to assist *us* in determining *our* rights and obligations under the *contract* and, as often as may be reasonably necessary:

1. Sign, date and deliver to *us* authorizations to obtain any medical or other information, records or documents *we* deem relevant from any person or entity.
2. Obtain and furnish to *us*, or *our* representatives, any medical or other information, records or documents *we* deem relevant.
3. Answer, under oath or otherwise, any questions *we* deem relevant, which *we* or *our* representatives may ask.
4. Furnish any other information, aid or assistance that *we* may require, including without limitation, assistance in communicating with any person or entity (including requesting any person or entity to promptly provide to *us*, or *our* representative, any information, records or documents requested by *us*).

If any *member*, or other person acting on his or her behalf, fails to provide any of the items or information requested or to take any action requested, the claim(s) will be closed and no further action will be taken by *us* unless and until the item or information requested is received or the requested action is taken, subject to the terms and conditions of the *contract*.

In addition, failure on the part of any *member*, or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the covered person.

Time for Payment of Claims

Benefits will be paid as soon as *we* receive proper *proof of loss*.

Foreign Claims Incurred for Emergency Care

Claims incurred outside of the United States for *emergency* care and treatment of a *member* must be submitted in English or with an English translation. Foreign claims must include the applicable medical records in English to show proper *proof of loss*.

Assignment

We will reimburse a *hospital* or health care provider if:

1. *Your* health insurance benefits are assigned by *you* in writing; and
2. *We* approve the assignment.

Any assignment to a *hospital* or person providing the treatment, whether with or without *our* approval, shall not confer upon such *hospital* or person, any right or privilege granted to *you* under the *contract* except for the right to receive benefits, if any, that *we* have determined to be due and payable.

Medicaid Reimbursement

The amount provided or payable under this *contract* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

We will pay the benefits of this *contract* to the state if:

1. A *member* is eligible for coverage under his or her state's Medicaid program; and
2. *We* receive proper *proof of loss* and notice that payment has been made for *covered service expenses* under that program.

Our payment to the state will be limited to the amount payable under this *contract* for the *covered service expenses* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy *our* responsibility to the extent of that payment.

Custodial Parent

This provision applies if the parents of a covered *eligible child* are divorced or legally separated and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if *we* receive a copy of the order establishing custody.

Upon request by the custodial parent, *we* will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions and limitations of the *contract*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge *our* obligations.

A custodial parent may, with *our* approval, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

Physical Examination

We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at *our* expense and as often as *we* may reasonably require.

Legal Actions

No suit may be brought by *you* on a claim sooner than 60 days after the required *proof of loss* is given. No suit may be brought more than five years after the date *proof of loss* is required.

Prior to initiating any action at law, *you* are encouraged to first complete all the steps in the complaint/*grievance* procedures made available to resolve disputes in *your* state under the *contract*. After completing that complaint/*grievance* procedures process, if *you* want to bring legal action against *us* on that dispute, *you* must do so within five years of the date *we* notified *you* of the final decision on *your* complaint/*grievance*.

GRIEVANCE AND COMPLAINT PROCEDURES

INTERNAL PROCEDURES:

Applicability/Eligibility

The internal *grievance* procedures apply to any hospital or medical policy or certificate, but not to accident only or disability only insurance.

There are three categories of complaints that Ambetter *members* have a right to file: complaints, grievances and appeals. The process for each is described in this section.

Grievance/Appeal

Ambetter *members* have up to 365 calendar days to file a Grievance. The 365 calendar days start on the date of the situation with which you are not satisfied.

An Eligible grievant is:

1. A claimant;
2. Person authorized to act on behalf of the claimant. **Note:** The *member* will be asked to complete an Authorized Representative form to comply with the plan's HIPPA policies and to protect *member* confidential health information..
3. The *member's physician*, if the *member* has provided written consent for the provider to appeal on behalf of the *member*.
4. In the event of an *expedited grievance*: the person for whom the insured has verbally given authorization to represent the claimant.

Important: *Adverse benefit determinations* that are for services that are subject to medical review follow standard PPACA internal appeals processes.

Member verbal dissatisfaction not related to an adverse determination because of a benefit or a medical review follow the standard Complaint process.

Your rights to file formal grievance appeal of a denial of health benefits: You or your authorized representative, may file the grievance appeal for you, in writing, either by mail or by facsimile (fax). If you require assistance in filing a grievance or if you are unable to submit the grievance in writing, you can call at the number below to ask for help through the process, including communicating back to you. For an urgent request, you may also file a grievance by telephone.

Grievances

Claimants have the right to submit written comments, documents, records, and other information relating to the claim for benefits. Claimants have the right to review the claim file and to present evidence and testimony as part of the internal review process.

Grievances will be promptly investigated and presented to the internal *grievance* panel. A plan that is providing benefits for an ongoing course of treatment cannot be reduced or terminated without providing

advance notice and an opportunity for advance review. The plan is required to provide continued coverage pending the outcome of an appeal.

Resolution Timeframes

1. *Grievances* regarding quality of care, quality of service, or *reformation* will be resolved within 30 calendar days of receipt. The time period may be extended for an additional 30 calendar days (making the maximum time for the entire *grievance* process 60 calendar days) if we provide the *claimant* and the *claimant's* authorized representative, if applicable, written notification of the following within the first 30 calendar days:
 - a. That we have not resolved the *grievance*;
 - b. When our resolution of the *grievance* may be expected; and
 - c. The reason why the additional time is needed.
2. All other *grievances* will be resolved and we will notify the *claimant* in writing with the appeal decision within the following timeframes:
 - a. Post-service claim: within 60 calendar days after receipt of the *claimant's* request for internal appeal.
 - b. Pre-service claim: within 30 calendar days after receipt of the *claimant's* request for internal appeal.

A claimant shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits. All comments, documents, records and other information submitted by the claimant relating to the claim for benefits, regardless of whether such information was submitted or considered in the initial *adverse benefit determination*, will be considered in the internal appeal.

1. The claimant will receive from the plan, as soon as possible, any new or additional evidence considered by the reviewer. The plan will give the claimant 10 calendar days to respond to the new information before making a determination, unless the state turnaround time for response is due in less than 10 days. If the state turnaround time is less than 10 days, the claimant will have the option of delaying the determination for a reasonable period of time to respond to the new information.
2. The claimant will receive from the plan, as soon as possible, any new or additional medical rationale considered by the reviewer, if the grievance is an appeal of an adverse determination subject to medical review.. The plan will give the claimant 10 calendar days to respond to the new medical rationale before making a determination, unless the state turnaround time for response is due in less than 10 days. If the state turnaround time is less than 10 days, the claimant will have the option of delaying the determination for a reasonable period of time to respond to the new medical rationale.

Refer to a later section for information regarding internal *expedited grievances*.

Acknowledgement

Within five business days of receipt of a *grievance*, a written acknowledgment to the claimant or the claimant's authorized representative confirming receipt of the *grievance* must be delivered or mailed and acknowledging that the grievance will be investigated and the claimant will be notified of the final decision in writing.

When acknowledging a *grievance* filed by an authorized representative, the acknowledgement shall include a clear and prominent notice that health care information or medical records may be disclosed only if permitted by law.

- (1) The acknowledgement shall state that unless otherwise permitted under applicable law, informed consent is required and the acknowledgement shall include an informed consent form for that purpose.
- (2) If such disclosure is prohibited by law, health care information or medical records may be withheld from an authorized representative, including information contained in its resolution of the *grievance*.
- (3) A *grievance* submitted by an authorized representative will be processed regardless of whether health care information or medical records may be disclosed to the authorized representative under applicable law.

Grievance Panel

The internal process requires that your appeal is handled by a grievance panel that does not include the person who made the initial determination or a subordinate of the original reviewer. During the grievance process, the initial decision maker may be consulted. The majority of the panel will consist of providers with the appropriate expertise. The panel must be requested within 30 days after Ambetter from Sunshine Health's transmission of an adverse determination. The panel will also provide a notice to the member and to the provider, if any, who filed on behalf of the member. In any case where the review process does not resolve a difference of opinion between the Ambetter from Sunshine Health and the member, the member (or provider) may submit a written grievance through an external review process. Members may voluntarily pursue binding arbitration (which you may incur some costs for this arbitration) after completing Ambetter from Sunshine Health's grievance procedure and as an alternative to the external review process (refer to the External Review section for more information). Arbitration shall not preclude review pursuant to Rule 690-191.081 and shall be conducted pursuant to Ch. 682, F.S.

When the *adverse benefit determination* is based in whole or in part on a medical judgment, the *grievance* panel will consult with a licensed health care provider with expertise in the field relating to the *grievance* and who was not consulted in connection with the original *adverse benefit determination*.

Expedited Grievance

An *expedited grievance* may be submitted orally or in writing. All necessary information, including our determination on review, will be transmitted between the claimant and us by telephone, facsimile, or other available similarly expeditious method.

A physician with knowledge of the member's health condition must submit an attestation to the health plan in writing about the urgency of the member's health status. The written attestation of medical urgency should note that a delay in treatment could seriously jeopardize your life or overall health, affect your ability to regain maximum function, or subject you to severe and intolerable pain.

An *expedited grievance* provides for evaluation by appropriate clinical peers or peer (who were not involved in the initial adverse determination) within 24 hours. An *expedited grievance* shall be resolved as expeditiously as the *claimant's* health condition requires but not more than 72 hours after receipt of the *grievance*. Written notification of the decision must be provided no later than 2 business days or three calendar days if the initial notification was not in writing.

A member has the right to request both an internal and external level expedited appeal, related to the denial of a service requiring medical review, simultaneously. If the expedited appeal is unresolved, the member may appeal through the external review process (refer to the External Review section for more information).

Upon written request, we will mail or electronically mail a copy of the claimant's complete policy to the claimant or the claimant's authorized representative as expeditiously as the *grievance* is handled.

Written Grievance/Appeal Response

Grievance response letters shall describe, in detail, the *grievance* procedure and the notification shall include the specific reason for the denial, determination or initiation of disenrollment.

The panel's written decision to the grievant must include:

1. The disposition of and the specific reason or reasons for the decision;
2. Any corrective action taken on the *grievance*;
3. The signature of one voting member of the panel;
4. A written description of position titles of panel members involved in making the decision.
5. If upheld or partially upheld, it is also necessary to include:
 - a. A clear explanation of the decision;
 - b. Reference to the specific plan provision on which the determination is based;
 - c. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits;
 - d. If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either the specific rule, guideline, protocol, or other similar criterion; or a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the claimant upon request;
 - e. If the *adverse benefit determination* is based on a medical necessity or *experimental treatment* or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request;
 - f. Identification of medical experts whose advice was obtained on behalf of the health plan, without regard to whether the advice was relied upon in making the *adverse benefit determination*;
 - g. The date of service;
 - h. The health care provider's name;
 - i. The claim amount;
 - j. The diagnosis and procedure codes with their corresponding meanings, or an explanation that the diagnosis and/or procedure codes are available upon request;
 - k. The health plan's denial code with corresponding meaning;
 - l. A description of any standard used, if any, in denying the claim;
 - m. A description of the external review procedures, if applicable;
 - n. The right to bring a civil action under state or federal law;
 - o. A copy of the form that authorizes the health plan to disclose protected health information, if applicable;

- p. That assistance is available by contacting the specific state's consumer assistance department, if applicable; and
- q. A culturally linguistic statement based upon the claimant's county or state of *residence* that provides for oral translation of the *adverse benefit determination*, if applicable.

Complaints

Basic elements of a *complaint* include:

- 1. The complainant is the claimant or an authorized representative of the claimant;
- 2. The submission may or may not be in writing;
- 3. The issue may refer to any dissatisfaction about:
 - a. Us (as the insurer); e.g., member service *complaints* - "the person to whom I spoke on the phone was rude to me".
 - b. Providers with whom we have a direct or indirect contract.
 - i. Lack of availability and/or accessibility of network providers not tied to an unresolved benefit denial.
Note: When the dissatisfaction is related to services from or access to a network provider, notify the Network Administration Department.
 - ii. Quality of care/quality of service issues;
- 4. Written expressions of dissatisfaction regarding quality of care/quality of service are processed as *grievances*.
- 5. Oral expressions of dissatisfaction regarding quality of care/quality of service are processed as *complaints* as indicated in standard oral *complaint* instructions; and
- 6. Any of the issues listed as part of the definition of *grievance* received from the *claimant* or the claimant's authorized representative where the caller has not submitted a written request but calls us to escalate their dissatisfaction and request a verbal/oral review.

Complaints received from the Florida Office of Insurance Regulation

The Commissioner may require *us* to treat and process any *complaint* received by the Florida Office of Insurance Regulation by, or on behalf of, a claimant as a *grievance* as appropriate. *We* will process the Florida Office of Insurance Regulation *complaint* as a *grievance* when the Commissioner provides *us* with a written description of the *complaint*.

External Review

Ambetter members are offered two levels of appeal for adverse benefit determinations related to a service that requires medical review. An external review decision is binding on *us*. An external review decision is binding on the claimant except to the extent the claimant has other remedies available under applicable federal or state law. *We* will pay for the costs of the external review performed by the independent reviewer.

Applicability/Eligibility

The external review procedures apply to any hospital or medical policy or certificate; excluding accident only or disability income only insurance.

External review is available for *grievances* that involve:

- 1. Medical judgment, including but not limited to those based upon requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit; or the determination that a treatment is experimental or investigational, as determined by an external reviewer.
- 2. *Rescissions* of coverage.

After exhausting the internal review process, the claimant has 120 days to make a written request to the Appeals & Grievance Department for external review after the date of receipt of *our* internal response.

1. The internal appeal process must be exhausted before the claimant may request an external review unless the claimant files a request for an expedited external review at the same time as an internal *expedited grievance* or we either provide a waiver of this requirement or fail to follow the appeal process.
2. A health plan must allow a claimant to make a request for an expedited external review with the plan at the time the claimant receives:
 - a. An *adverse benefit determination* if the determination involves a medical condition of the claimant for which the timeframe for completion of an internal *expedited grievance* would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function and the claimant has filed a request for an internal *expedited grievance*.
 - b. A final internal *adverse benefit determination*, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function, or if the final internal *adverse benefit determination* concerns an admission, availability of care, continued stay, or health care item or service for which the claimant received emergency services, but has not been discharged from a facility.
3. Claimants may request an expedited external review at the same time the internal *expedited grievance* is requested and an Independent Review Organization (IRO) will determine if the internal *expedited grievance* needs to be completed before proceeding with the expedited external review.

External Review Process

1. We have five business days (immediately for expedited) following receipt of the request to conduct a preliminary review of the request to determine whether:
 - a. The individual was a covered person at the time the item or service was requested;
 - b. The service is a *covered service* under the claimant's health plan but for the plan's *adverse benefit determination* with regard to medical necessity experimental/investigational, medical judgment, or *rescission*;
 - c. The claimant has exhausted the internal process; and
 - d. The claimant has provided all of the information required to process an external review.
2. Within one business day (immediately for expedited) after completion of the preliminary review, we will notify the claimant in writing as to whether the request is complete but not eligible for external review and the reasons for its ineligibility or, if the request is not complete, the additional information needed to make the request complete. We will include notification of the member's right to submit written testimony to be included in the materials sent to the IRO.
3. We must allow a claimant to perfect the request for external review within the four-month filing period or within the 48-hour period following the receipt of notification.
4. We will assign an IRO on a rotating basis from our list of contracted IROs.
5. Within five business days after the date of assignment of the IRO, we must provide the documents and any information considered in making the *adverse benefit determination* to the IRO.

Note: For expedited, after assignment of the IRO, we must provide the documents and any information considered in making the *adverse benefit determination* to the IRO electronically or by telephone or facsimile or any other available expeditious method.

6. If we fail to timely provide the documents and information, the IRO may terminate the external review and make a decision to reverse the *adverse benefit determination*.
7. Within 10 business days, the assigned IRO will timely notify the claimant in writing of the request's eligibility and acceptance for external review. The notice will include a statement that the claimant may submit in writing additional information to the IRO to consider.
8. Upon receipt of any information submitted by the claimant, the IRO must forward the information to us within one business day.
9. Upon receipt of the information, we may reconsider our determination. If we reverse our *adverse benefit determination*, we must provide written notice of the decision to the claimant and the IRO within one business day after making such decision. The external review would be considered terminated.
10. Within 45 days (72 hours for expedited) after the date of receipt of the request for an external review by the health plan, the IRO will review all of the information and provide written notice of its decision to uphold or reverse the *adverse benefit determination* to the claimant and to us. If the notice for an expedited review is not in writing, the IRO must provide written confirmation within 48 hours after the date of providing the notice.
11. Upon receipt of a notice of a decision by the IRO reversing the *adverse benefit determination*, we will approve the covered benefit that was the subject of the *adverse benefit determination*.

State Appeals

If *you* do not accept the decision of the Panel, *you* have the right to appeal to the Florida Agency for Health Care Administration (AHCA) or the Department of Financial Services (DFS) within one (1) year from the date of receipt of *our* decision. If *you* appeal *our* final decision, *your* grievance will be reviewed by the Subscriber Assistance Program. *You* also have the right to contact AHCA or DFS at any time to inform them of an unresolved grievance.

The Subscriber Assistance Program will not hear a grievance if the *member* has not completed the entire Grievance process, nor if the *member* has instituted an action pending in the state or federal court.

Entire Contract

This *contract*, with the application and any rider-amendments is the entire contract between *you* and *us*. No change in this *contract* will be valid unless it is approved by one of *our* officers and noted on or attached to this *contract*. No agent may:

1. Change this *contract*;
2. Waive any of the provisions of this *contract*;
3. Extend the time for payment of premiums; or
4. Waive any of *our* rights or requirements.

Non-Waiver

If *we* or *you* fail to enforce or to insist on strict compliance with any of the terms, conditions, limitations or exclusions of the *contract*, that will not be considered a waiver of any rights under the *contract*. A past failure to strictly enforce the *contract* will not be a waiver of any rights in the future, even in the same situation or set of facts.

Rescissions

No misrepresentation of fact made regarding a *member* during the application process that relates to insurability will be used to void/rescind the coverage or deny a claim unless:

1. The misrepresented fact is contained in a written application, including amendments, signed by a *member*;
2. A copy of the application, and any amendments, has been furnished to the *member(s)*, or to their beneficiary; and
3. The misrepresentation of fact was intentionally made and material to *our* determination to issue coverage to any *member*. A *member's* coverage will be voided/rescinded and claims denied if that person performs an act or practice that constitutes fraud. "Rescind" has a retroactive effect and means the coverage was never in effect.

We will provide the *member* forty-five (45) days advance written notice before coverage is rescinded.

Time Limit on Certain Defenses

Relative to a misstatement in the application, after 2 years from the issue date, only fraudulent misstatements in the application may be used to void the policy or deny any claim for loss incurred or disability starting after the 2-year period.

Repayment for Fraud, Misrepresentation or False Information

During the first two years a *member* is covered under the *contract*, if a *member* commits fraud, misrepresentation or knowingly provides false information relating to the eligibility of any *member* under this *contract* or in filing a claim for *contract* benefits, *we* have the right to demand that *member* pay back to *us* all benefits that *we* provided or paid during the time the *member* was covered under the *contract*. We will return any premium paid during the time period for which the member returned benefit payments.

Conformity with State Laws

Any part of this *contract* in conflict with the laws of the state in which your *contract* was issued on this *contract's effective date* or on any premium due date is changed to conform to the minimum requirements of that state's laws.
