In this *policy*, "*you*" or "*your*" will refer to the *covered person* named on the Schedule of Benefits, and "*we*," "*our*," or "*us*" will refer to Celtic Insurance Company.

AGREEMENT AND CONSIDERATION

We issued this *policy* in consideration of the application and the payment of the first premium. A copy of *your* application is attached and is made a part of the *policy*. We will pay benefits to *you*, the *covered person*, for covered *loss* due to *illness* or bodily *injury* as outlined in this *policy*. Benefits are subject to *policy* definitions, provisions, limitations and exclusions.

Please read the copy of the application attached to this *policy*. Carefully check the application and write to the company at the address listed at the top of this page within 10 days, if any information shown on it is not correct and complete, or if any past medical history has been left out of the application. This application is a part of the *policy* and the *policy* was issued on the basis that the answers to all questions and the information shown on the application are correct and complete.

GUARANTEED RENEWABLE

Guaranteed renewable means that this *contract* will renew each year on the anniversary date unless terminated earlier in accordance with *contract* terms. *You* may keep this *policy* in force by timely payment of the required premiums. However, *we* may refuse renewal if: (1) *we* refuse to renew all policies issued on this form, with the same type and level of benefits, to residents of the state where *you* then live; or (2) there is fraud or a material misrepresentation made by or with the knowledge of a *covered person* in filing a claim for *policy* benefits.

From time to time, *we* will change the rate table used for this *policy* form. Each premium will be based on the rate table in effect on that premium's due date. The policy plan, and age of *covered persons*, type and level of benefits, and place of residence on the premium due date are some of the factors used in determining *your* premium rates. We have the right to change premiums.

At least 45 days advance written notice of any plan to take an action or make a change permitted by this clause will be delivered to *you* at *your* last address as shown in *our* records. *We* will make no change in *your* premium solely because of claims made under this *policy* or a change in a *covered person's* health. While this *policy* is in force, *we* will not restrict coverage already in force.

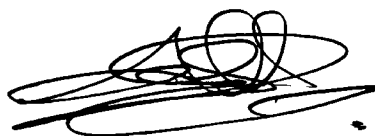

This policy or certificate contains a deductible provision.

As a cost containment feature, this *policy* contains prior authorization requirements. Benefits may be reduced or not covered if the requirements are not met. Please refer to the Schedule of Benefits and the Prior Authorization Section.

TEN DAY RIGHT TO RETURN POLICY

Please read *your policy* carefully. If *you* are not satisfied, return this *policy* to us or to *our* agent within 10 days after *you* receive it. All premiums paid will be refunded and the *policy* will be considered null and void from the effective date.

1. Specializes in a specific type or types of *listed transplants* or other services such as cancer, bariatric or infertility; and

Child Health Supervision Services means physician-delivered or physician-supervised services that include the services described in the Major Medical Expense Benefits section of this *contract*. These services do not include *hospital charges*.

Chiropractic Care involves neuromuscular treatment in the form of manipulation and adjustment of the tissues of the body, particularly of the spinal column and may include physical medicine modalities or use of *durable medical equipment*.

This includes: ectopic pregnancy, spontaneous abortion, eclampsia, missed abortion, and similar medical and surgical conditions of comparable severity; but it does not include: false labor, preeclampsia, edema, prolonged labor, *physician* prescribed rest during the period of pregnancy, morning sickness, and conditions of comparable severity associated with management

of a difficult pregnancy, and not constituting a medically classifiable distinct complication of pregnancy; and

2. An *emergency* caesarean section or a *non-elective caesarean section*.

Continuous loss means that *covered expenses* are continuously and routinely being incurred for the active treatment of an *illness* or *injury*. The first *covered expense* for the *illness* or *injury* must have been incurred before insurance of the *covered person* ceased under this *policy*. Whether or not *covered expenses* are being incurred for the active treatment of the covered *illness* or *injury* will be determined by *us* based on generally accepted current medical practice.

1. Provided or incurred while the *member's* coverage is in force under this *contract*;
2. Covered by a specific benefit provision of this *contract*; and
3. Not excluded anywhere in this *contract*.

Covered person means *you, your* lawful spouse and each *eligible child*:

1. Named in the application; or
2. Whom we agree in writing to add as a *covered person*.

Custodial Care is treatment designed to assist a *covered person* with activities of daily living and which can be provided by a layperson and not necessarily aimed at curing or assisting in recovery from a sickness or bodily injury.

Custodial care includes but is not limited to the following:

1. Personal care such as assistance in walking, getting in and out of bed, dressing, bathing, feeding and use of toilet;
2. Preparation and administration of special diets;

3. Supervision of the administration of medication by a caregiver;

Such treatment is custodial regardless of who orders, prescribes or provides the treatment.

Deductible amount or **deductible** means the amount that *you* must pay in a calendar year for *covered expenses* before we will pay benefits. For family coverage, there is a family *deductible amount* which is two times the individual *deductible amount*. Both the individual and the family *deductible amounts* are shown in the Schedule of Benefits.

If *you* are a covered *member* in a family of two or more *members*, *you* will satisfy *your deductible amount* when:

1. *You* satisfy *your* individual *deductible amount*; or
2. *Your* family satisfies the family *deductible amount* for the calendar year.

If *you* satisfy *your* individual *deductible amount*, each of the other *members* of *your* family are still responsible for the deductible until the family *deductible amount* is satisfied for the calendar year.

Dependent member means *your* lawful spouse or an *eligible child*.

Durable medical equipment means items that are used to serve a specific diagnostic or therapeutic purpose in the treatment of an *illness* or *injury*, can withstand repeated use, are generally not useful to a person in the absence of *illness* or *injury*, and are appropriate for use in the patient's home.

Effective date means the date a *member* becomes covered under this *contract* for *covered services*. The applicable *effective date* is shown:

1. On the Schedule of Benefits for this *contract* for initial *members*; and
2. On the date we approve the addition of any new *member*.

Eligible child means *your* or *your spouse's* child, if that child is less than 26 years of age. As used in this definition, "child" means:

resident of Florida or a full-time or part-time student; and is not provided coverage as a named member under any other group or individual health benefit plan; or is not entitled to benefits under Title XVIII of the Social Security Act.

If a dependent child is provided coverage under the *contract* after the child reaches age twenty-six (26) and the coverage for the child is subsequently terminated prior to the end of the calendar year in which the child turns age thirty (30), the child is ineligible to be covered again under the *contract* unless the child was continuously covered by other creditable coverage without a coverage gap of more than sixty-three (63) days.

Eligible service expense means a *covered service expense* as determined below.

1. For *network providers*: When a *covered service* is received from a *network provider*, the *eligible service expense* is the contracted fee with that provider. The contracted fee will be paid directly to the *network provider*.

2. For *non-network providers*: When a covered service is received from a non-network provider, the eligible service expense is the minimum amount required by applicable federal or state law to be paid to the non-network provider for the service. If and only if there is no minimum amount required by applicable federal or state law, then the eligible service expense for a non-network provider shall be as determined below.

a. When a *covered service* is received from a *non-network provider* as a result of an *emergency* and there is not a *network provider* reasonably accessible to render the *covered service*, the *eligible service expense* is the lesser of (1) the negotiated fee, if any, that has been mutually agreed upon by *us* and the provider as payment in full (*you* will not be billed for the difference between the negotiated fee and the provider's charge), or (2) the amount accepted by the provider (not to exceed the provider's charge).

b. When a *covered service* is received from a *non-network provider* as a result of an *emergency* and there is a *network provider* reasonably accessible to render the *covered service*, the *eligible service expense* is the least of (1) the negotiated fee, if any, that has been mutually agreed upon by *us* and the provider as payment in full, (2) the amount accepted by the provider (not to exceed the provider's charge), or (3) the usual and customary charge for similar services in the community where the *covered services* were provided. *You* will not be billed for the difference between the amount paid and the provider's charge.

c. When a *covered service* is received from a *non-network provider* as approved or authorized by *us* that is not the result of an *emergency*, the *eligible service expense* is the negotiated fee, if any, that has been mutually agreed upon by *us* and the provider as payment in full (*you* will not be billed for the difference between the negotiated fee and the provider's charge). If there is no negotiated fee agreed to by the provider with *us*, the *eligible service expense* is the greater of (1) the amount that would be paid by Medicare, or (2) the contracted amount paid to *network providers* for the covered service. If there is more than one contracted amount with *network providers* for the covered service, the amount is the median of these amounts. *You* may be billed for the difference between the amount paid and the provider's charge.

d. When a *covered service* that is not the result of an *emergency* is received from a *non-network provider* at a facility that is a *network provider* and *you* do not

have the ability and opportunity to choose an available *network provider* at such facility, the *eligible service expense* is the least of (1) the negotiated fee, if any, that has been mutually agreed upon by *us* and the provider as payment in full, (2) the amount accepted by the provider (not to exceed the provider's charge), or (3) the usual and customary charge for similar services in the community where the *covered services* were provided. *You* will not be billed for the difference between the amount paid and the provider's charge.

e. When a *covered service* is received from a *non-network provider* that is not the result of an *emergency* and is not approved or authorized by *us*, and is not within the scope of services provided by any *network provider*, the *eligible service expense* is the negotiated fee, if any, that has been mutually agreed upon by *us* and the provider as payment in full (*you* will not be billed for the difference between the negotiated fee and the provider's charge). If there is no negotiated fee agreed to by the provider with *us*, the *eligible service expense* will be an amount that is no less than ten percentage points lower than the usual and customary percentage rate paid to *network providers*. *You* may be billed for the difference between the amount paid and the provider's charge.

Emergency means a medical condition manifesting itself by acute symptoms of sufficient severity including severe pain which requires immediate no later than 24 hours after onset medical or surgical care and such that an average person who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1. Placing the health of the *covered person* or, with respect to a pregnancy, the health of the *member* or the unborn child in serious jeopardy;
2. Serious impairment to bodily functions; or
3. Serious dysfunction of any bodily organ or part.

With Respect to a pregnancy:

1. that there is inadequate time to effect a safe transfer to another *hospital* prior to delivery;

3. that there is evidence of the onset and persistence of uterine contractions or rupture of the membranes.

Emergency services and care shall mean medical screening, examination, and evaluation by a *physician*, or, to the extent permitted by applicable law, by other appropriate personnel under the supervision of a *physician*, to determine if any emergency medical condition exists and, if it does, the care, treatment, or surgery for a covered service by a *physician* necessary to relieve or eliminate the emergency medical condition, within the service capability of a *hospital*.

Follow-up care is not considered *emergency care*. Benefits are provided for treatment of emergency medical conditions and emergency screening and stabilization services without *prior authorization*. Benefits for *emergency care* include facility costs and *physician* services, and supplies and *prescription drugs* charged by that facility. *You* must notify *us* or verify that *your physician* has notified *us* of *your* admission to a hospital within 48 hours or as soon as possible within a reasonable period of time. When *we* are contacted, *you* will be notified whether the inpatient setting is appropriate, and if appropriate, the number of days considered *medically necessary*. By contacting *us*, *you* may avoid financial responsibility for any inpatient care that is determined to be not *medically necessary* under *your* plan. If *your* provider does not contract with *us* *you* will be financially responsible for any care *we* determine is not *medically necessary*. Care and treatment provided once *you* are medically stabilized is no longer considered *emergency care*. Continuation of care from a non-participating provider beyond that needed to evaluate or

stabilize *your* condition in an *emergency* will be covered as a non-network service unless *we authorize* the continuation of care and it is *medically necessary*.

Essential Health Benefits provided within this *policy* are not subject to lifetime or annual dollar maximums. Certain non-essential health benefits, however, are subject to either a lifetime or annual dollar maximum. Essential Health Benefits are defined by federal law and refer to benefits in at least the following categories: Ambulatory patient services, Emergency services, Hospitalization, Maternity and newborn care, Mental health and substance use disorder services, including behavioral health treatment, Prescription drugs, Rehabilitative and habilitative services and devices, Laboratory services, Preventive and wellness services, and Chronic disease management and pediatric services, including oral and vision care.

Extended care facility does not include a facility primarily for rest, the aged, treatment of *substance abuse, custodial care, nursing care, or for care of mental disorders* or the mentally incompetent.

Generally accepted standards of medical practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials.

If no credible scientific evidence is available, then standards that are based on physician specialty society recommendations or professional standards of care may be considered. *We* reserve the right to consult medical professionals in determining whether a health care service, supply, or drug is *medically necessary* and is a *covered expense* under the *policy*. The decision to apply physician specialty society recommendations, the choice of medical professional, and the determination of when to use any such opinion, will be determined by *us*.

Grievance means any dissatisfaction with an insurer offering a health benefit plan or administration of a health benefit plan by the insurer that is expressed in writing in any form to the insurer by, or on behalf of, a claimant including any of the following:

Illness means a sickness, disease, or disorder of a *covered person*. *Illness* does not include learning disabilities, attitudinal disorders, or disciplinary problems. All *illnesses* that exist at the same time and that are due to the same or related causes are deemed to be one *illness*. The coverage, benefits or services for newborns shall consist of coverage for injury or sickness, including the necessary care or treatment of medically diagnosed congenital defects, birth abnormalities or pre-maturity and up to \$1,000 transportation costs of the newborn to and from the nearest appropriate facility staffed and equipped to treat the newborn's condition when such transportation is certified by the treating provider as necessary to protect the health and safety of the newborn child.

If notice of the newborn is given to *us* within the 31 days from birth, an additional premium for coverage of the newborn child will be charged for not less than 31 days after the birth of the child. If notice is not given within the 31 days from birth, *we* will charge an additional premium from the date of birth. If notice is given to *us* within 60 days of the birth of the child, the *policy* may not deny coverage of the child due to failure to notify *us* of the birth of the child or to pre-enroll the child.

Coverage is provided from the moment of placement to a child the *member* proposes to adopt who is placed in the *member's* residence in compliance with Chapter 63, Florida Statutes. A newborn infant who is adopted by the *member* is covered from the moment of birth if a written agreement to adopt such child has been entered into prior to the birth of the child, whether or not such agreement is enforceable. The *member's* adopted child is covered from the moment of placement in the residence, or if a newborn, from the moment of birth, if the child is enrolled timely as specified in the Special and Limited Enrollment Period provision.

Additional premium will be required to continue coverage beyond the 31st day following *placement* of the child. The required premium will be calculated from the date of *placement* for adoption. Coverage of the

child will terminate on the 31st day following *placement*, unless *we* have received both: (A) written notice of *your* or *your spouse's* intent to adopt the child; and (B) any additional premium required for the addition of the child within 90 days of the date of *placement*.

For eligible children, coverage will terminate the thirty-first of December the year that the dependent turns 30 years of age.

We must receive notification within 90 days of the date an insured ceases to be an eligible *dependent*. If notice is received by *us* more than 90 days from this date, any unearned premium will be credited only from the first day of the calendar month in which *we* receive the notice.

A *covered person* will not cease to be a *dependent eligible child* solely because of age if the *eligible child* is:

1. Not capable of self-sustaining employment due to mental handicap or physical handicap that began before the age limit was reached; and
2. Mainly dependent on *you* for support.

If health benefits are denied for the stated reason that the child has reached the limiting age for dependent coverage specified in this *contract*, the *member* has the burden of establishing that the child continues to meet the criteria specified above. Failure to provide the required proof may result in the dependent's termination of coverage.

The coverage of the handicapped child may be continued, but not beyond the termination date of such incapacity or such dependence. This provision shall in no event limit the application of any other *contract* provisions terminating such child's coverage for any other reason than the attainment of the limiting age.

Open Enrollment

There will be an open enrollment period for coverage. The open enrollment period begins November 1, 201 and extends through December 15, 2017. Individuals who enroll on or before December 15, 2017 will have an *effective date* of coverage on January 1, 2018

This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, coverage will remain in force.

Misstatement of Age

If a *covered person's* age has been misstated, the benefits may be adjusted based on the relationship of the premium paid to the premium that should have been paid, based on the correct age.

Change or Misstatement of Residence

If *you* change *your residence*, *you* must notify *us* of *your* new *residence* within 60 days of the change. *Your* premium will be based on *your* new *residence* beginning on the first day of the next calendar month after the change. If *your residence* is misstated on *your* application, or *you* fail to notify *us* of a change of *residence*, *we* will apply the correct premium amount beginning on the first day of the first full calendar month *you* resided at that place of *residence*. If the change results in a lower premium, *we* will refund any excess premium. If the change results in a higher premium, *you* will owe *us* the additional premium.

Misstatement of Tobacco Use

The answer to the tobacco question on the application is material to *our* correct underwriting. If a *covered person's use of tobacco* has been misstated on the *covered person's* application for coverage under this *policy*, *we* have the right to rerate the *policy* back to the original effective date.

Billing/Administrative Fees

Upon prior written notice, *we* may impose an administrative fee for credit card payments. This does not obligate *us* to accept credit card payments. *We* will charge a \$20 fee for any check or automatic payment deduction that is returned unpaid.

COST SHARING FEATURES

The *copayment* or *coinsurance* required for each type of service as well as *your deductible* is listed in *your* Schedule of Benefits.

Copayments

Members may be required to pay *copayments* at the time of services as shown in the Schedule of Benefits. Payment of a *copayment* does not exclude the possibility of an additional billing if the service is determined to be a *non-covered service*. *Copayments* do not apply toward the *deductible amount*, but do apply toward meeting the *maximum out-of-pocket amount*.

Coinsurance Percentage

Members may be required to pay a *coinsurance* percentage in excess of any applicable *deductible amount(s)* for a *covered service* or supply. *Coinsurance* amounts do not apply toward the *deductible* but do apply toward meeting the *maximum out-of-pocket amount*. The *deductible amount* means the amount of *covered service expenses* that must be paid by each/all *members* before any benefits are provided or payable. The *deductible amount* does not include any *copayment amount* or *coinsurance* amount. Not all *covered service expenses* are subject to the *deductible amount*. See your Schedule of Benefits for more details. *Deductible amounts* are applied for a calendar year and do not roll over to the next calendar year.

Refer to your Schedule of Benefits for Coinsurance Percentage and other limitations.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *contract*; and
2. A determination of *eligible service expenses*; and

The applicable *deductible amount(s)*, *cost sharing percentage*, and *copayment amounts* are shown on the Schedule of Benefits.

Network Availability

Your network is subject to change upon advance written notice. A *network service area* may not be available in all areas. If *you* move to an area where we are not offering access to a *network*, the *network* provisions of the *contract* will no longer apply. In that event, benefits will be calculated based on the *eligible service expense*, subject to the *deductible amount* for *network providers*. *You* will be notified of any increase in premium.

Coverage under Other Policy Provisions

Charges for services and supplies that qualify as *covered service expenses* under one benefit provision will not qualify as *covered service expenses* under any other benefit provision of this *contract*.

Note: The bill *you* receive for services or supplies from a *non-network provider* may be significantly higher than the *eligible service expenses* for those services or supplies. In addition to the *deductible amount*, *copayment amount*, and *cost sharing percentage*, *you* are responsible for the difference between the *eligible service expense* and the amount the *non-network provider* bills *you* for the services or supplies. Any amount *you* are obligated to pay to the *non-network provider* in excess of the *eligible service expense* will not apply to *your deductible amount* or *maximum out-of-pocket*.

Within 24 hours of the request being received, *we* will provide the *member*, the *member’s* designee or the *member’s* prescribing physician with our coverage determination. Should the expedited exception request be granted, *we* will provide coverage of the non-formulary drug for the duration of the exigency.

3. External exception request review

If *we* deny a request for a standard exception or for an expedited exception, the *member*, the *member’s* designee or the *member’s* prescribing physician may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. *We* will make *our* determination on the external exception request and notify the *member*, the *member’s* designee or the *member’s* prescribing physician of *our* coverage determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception.

If *we* grant an external exception review of a standard exception request, *we* will provide coverage of the non-formulary drug for the duration of the prescription. If *we* grant an external exception review of an

expedited exception request, we will provide coverage of the non-formulary drug for the duration of the exigency.

Benefits for preventive health services listed in this provision, except under the administration of reasonable medical management techniques discussed in the next paragraph, are exempt from any *deductible amounts*, and *coinsurance* provisions under the *policy* when the services are provided by a *network provider*. If a service is considered diagnostic or non-preventive care, your “plan” copayment, coinsurance and deductible will apply. It’s important to know what type of service you’re getting. If a diagnostic or non-preventive service is performed during the same healthcare visit as a preventive service, you may have copayment and coinsurance charges.

Benefits for *covered expenses* for preventive care expense benefits may include the use of reasonable medical management techniques authorized by federal law to promote the use of preventive services from *network providers*. Reasonable medical management techniques may result in the application of *deductibles* and *coinsurance* provisions to services when a *covered person* chooses not to use a high value service that is otherwise exempt from *deductibles* and *coinsurance* provisions when received from a *network provider*.

As new recommendations and guidelines are issued, those services will be considered *covered expenses* when required by the United States Secretary of Health and Human Services, but not earlier than one year after the recommendation or guideline is issued.

Child Health Supervision Services

The following *covered service* is provided for an *eligible child* in accordance with the Florida Child Health Assurance Act which includes *covered services* from the moment of birth to age 16 years. A waiver of the *deductible amount* applies to all eligible expenses for Child Health Supervision Services.

Child Health Supervision Services include periodic visits, which shall include:

- History
- Physical Examination
- Developmental Assessment
- Anticipatory Guidance

- Laboratory Testing

These services and periodic visits will be provided in accordance with prevailing medical standards consistent with the Recommendations for Preventive Pediatric Health Care of the American Academy of Pediatrics.

Eligible service expenses for Child Health Supervision Services are limited to one visit payable to one provider for all the services provided at each visit.

Newborns' and Mothers' Health Protection Act Statement of Rights

If services provided or expenses incurred for *hospital* confinement in connection with childbirth are otherwise included as *covered Service expenses*, we will not limit the number of days for these expenses to less than that stated in the Maternity Care provision.

Maternity Care

Coverage for outpatient and *inpatient* pre- and post-partum care including exams, prenatal diagnosis of genetic disorder, laboratory and radiology diagnostic testing, health education, nutritional counseling, risk assessment, childbirth classes, services of nurse-midwives and midwives licensed according to Florida law, and the services of birth centers licensed according to Florida law, if such services are available within the *service area*, and hospital stays for delivery or other *medically necessary* reasons (less any applicable *copayments, deductible amounts, or cost sharing percentage*). Other maternity benefits include *complications of pregnancy*, parent education, assistance, and training in breast or bottle feeding and the performance of any necessary and appropriate clinical tests. Coverage will only be provided for maternity services or care of the newborn child when such services have been *authorized* by *your* participating health care provider.

Under federal law, health insurance issuers generally may not restrict benefits otherwise provided for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However, *we* may provide benefits for *covered service expenses* incurred for a shorter stay if the attending provider (e.g., *your* physician, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

The level of benefits and out-of-pocket costs for any later part of the 48-hour (or 96-hour) stay will not be less favorable to the mother or newborn than any earlier part of the stay. *We* do not require that a *physician* or other health care provider obtain *authorization* for prescribing a length of stay of up to 48 hours (or 96 hours).

Note: This provision does not amend the *contract* to restrict any terms, limits, or conditions that may otherwise apply to *covered service expenses* for childbirth.

Clinical Trial Coverage

Clinical Trial Coverage includes routine patient care costs incurred as the result of an approved phase I, II, III or phase IV clinical trial and the clinical trial is undertaken for the purposes of prevention, early detection, or treatment of cancer or other life-threatening disease or condition . Coverage will include routine patient care costs incurred for (1) drugs and devices that have been approved for sale by the Food and Drug Administration (FDA), regardless of whether approved by the FDA for use in treating the patient's particular condition, (2) reasonable and *medically necessary* services needed to administer the drug or use the device under evaluation in the clinical trial and (3) all items and services that are otherwise generally available to a qualified individual that are provided in the clinical trial except:

- The investigational item or service itself;
- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and
- Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial.

Phase I and II clinical trials must meet the following requirements:

- Phase I and II of a clinical trial is sanctioned by the National Institutes of Health (NIH) or National Cancer Institute (NCI) and conducted at academic or National Cancer Institute Center; and
- The insured is enrolled in the clinical trial. This section shall not apply to insureds who are only following the protocol of phase I or II of a clinical trial, but not actually enrolled.

Phase III and IV clinical trials must be approved or funded by one of the following entities:

- One of the National Institutes of Health (NIH);
- The Centers for Disease Control and Prevention;
- The Agency for Health Care Research and Quality;
- The Centers for Medicare & Medicaid Services;
- An NIH Cooperative Group or Center;
- The FDA in the form of an investigational new drug application;
- The federal Departments of Veterans' Affairs, Defense, or Energy;
- An institutional review board in this state that has an appropriate assurance approved by the Department of Health and Human Services assuring compliance with and implementation of regulations for the protection of human subjects; or
- A qualified non-governmental research entity that meets the criteria for NIH Center support grant eligibility.

In a clinical trial, the treating facility and personnel must have the expertise and training to provide the treatment and treat a sufficient volume of patients. There must be equal to or superior, noninvestigational treatment alternatives and the available clinical or preclinical data must provide a reasonable expectation that the treatment will be superior to the noninvestigational alternatives.

Providers participating in clinical trials shall obtain a patient's informed consent for participation in the clinical trial in a manner that is consistent with current legal and ethical standards.

Benefits may be available from time to time to *members* for participating in certain programs that *we* may make available in connection with this *contract*. Such programs may include wellness programs, disease or case management programs, and other programs. The benefits available to *members* for participating in such programs are described on the Schedule of Benefits. You may obtain information regarding the particular programs available at any given time by visiting *our* website at Ambetter.SunshineHealth.com or by contacting Member Services by telephone at 1-877-687-1169. The programs and benefits available at any given time are made part of this *contract* by this reference and are subject to change from time to time by *us* through an update to program information available on *our* website or by contacting *us*.

PRIOR AUTHORIZATION

Prior Authorization Required

Some *covered expenses* require *prior authorization*. *Network providers* must obtain *authorization* from us prior to providing a service or supply to a *covered person*. However, there are some *network eligible expenses* for which *you* must obtain the *prior authorization*.

For services or supplies that require *prior authorization*, as shown on the Schedule of Benefits, *you* must obtain authorization from us before *you* or *your dependent member*:

1. Receives a service or supply from a *non-network provider*;
2. Are admitted into a *network facility* by a *non-network provider*; or
3. Receive a service or supply from a *network provider* to which *you* or *your dependent member* were referred by a *non-network provider*.

Prior Authorization requests must be received by telephone, efax or provider portal as follows:

1. At least 5 days prior to an elective admission as an *inpatient* in a *hospital*, extended care or rehabilitation facility, or hospice facility.
2. At least 30 days prior to the initial evaluation for organ transplant services.
3. At least 30 days prior to receiving clinical trial services.
4. At least 5 days prior to a scheduled inpatient behavioral health or Substance Abuse treatment admission.
5. At least 5 days prior to the start of home health care.

After *prior authorization* has been requested and all required or applicable documentation has been submitted, we will notify *you* and *your provider* if the request has been approved as follows:

1. For immediate request situations, within 1 business day, when the lack of treatment may result in an emergency room visit or emergency admission.
2. For urgent concurrent review within 24 hours of receipt of the request.
3. For urgent pre-service, within 72 hours from date of receipt of request.
4. For non-urgent pre-service requests within 5 days but no longer than 15 days of receipt of the request.
5. For post-service requests, with in 30 calendar days of receipt of the request.

How to Obtain Prior Authorization

To obtain prior authorization or to confirm that a *network provider* has obtained prior authorization, contact us by telephone at the telephone number listed on *your* health insurance identification card before the service or supply is provided to the *covered person*.

Failure to Obtain Prior Authorization

Failure to comply with the prior authorization requirements will result in benefits being reduced.

Network providers cannot bill *you* for services for which they fail to obtain *prior authorization* as required.

Benefits will not be reduced for failure to comply with *prior authorization* requirements prior to an *emergency*. However, *you* must contact us as soon as reasonably possible after the *emergency* occurs.

Prior Authorization Does Not Guarantee Benefits

Our authorization does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the contract.

Requests for Predeterminations

You may request a predetermination of coverage. We will provide one if circumstances allow us to do so. However, we are not required to make a predetermination of either coverage or benefits for any particular treatment or medical expense. Any predetermination we may make will be reviewed after the medical expense is incurred and a claim is filed. A review that shows one or more of the following may cause us to reverse the predetermination:

- 1. The predetermination was based on incomplete or inaccurate information initially received by us;*
- 2. Another party has already paid or is responsible for payment of the medical expense.*

We will make all benefit determinations after a loss in good faith. All benefit determinations are subject to our receipt of proper proof of loss.

Services from Non- Network Providers

Except for emergency medical services and nonparticipating facility-based physician and provider, unless covered services are not available from network providers within a reasonable proximity such services will not be covered. If required medically necessary services are not available from network providers you or the network provider must request prior authorization from us before you may receive services from non-network providers. Otherwise you will be responsible for all charges incurred.

Florida law requires that we provide you with the following disclosure about your health benefit plan coverage. "WARNING: LIMITED BENEFITS WILL BE PAID WHEN NONPARTICIPATING PROVIDERS ARE USED. You should be aware that when you elect to utilize the services of a nonparticipating provider for a covered nonemergency service, benefit payments to the provider are not based upon the amount the provider charges. The basis of the payment will be determined according to your policy's out-of-network reimbursement benefit. Nonparticipating providers may bill insureds for any difference in the amount. YOU MAY BE REQUIRED TO PAY MORE THAN THE COINSURANCE OR COPAYMENT AMOUNT. Participating providers have agreed to accept discounted payments for services with no additional billing to you other than coinsurance, copayment, and deductible amounts. You may obtain further information about the providers who have contracted with your insurance plan by consulting your insurer's website or contacting your insurer or agent directly."

Hospital Based Providers

When receiving care at an Ambetter participating hospital it is possible that some hospital-based providers (for example, anesthesiologists, radiologists, pathologists) may not be under contract with Ambetter as participating providers. These providers may not bill you for the difference between Ambetter's allowed amount and the providers billed charge. This practice is known as "balance billing". However, we encourage you to inquire about the providers who will be treating you before you begin your treatment, so you can understand their participation status with Ambetter.

GENERAL LIMITATIONS AND EXCLUSIONS

No benefits will be paid for:

1. Any service or supply that would be provided without cost to *you* or *your* covered *dependent* in the absence of insurance covering the charge;
2. Expenses, fees, taxes or surcharges imposed on *you* or *your* covered *dependent* by a provider, including a *hospital*, but that are actually the responsibility of the provider to pay;
3. Any services performed for a member by a *covered person's immediate family*; and
4. Any services not identified and included as *covered expenses* under the *policy*. *You* will be fully responsible for payment for any services that are not *covered expenses*.

Even if not specifically excluded by this *policy*, no benefit will be paid for a service or supply unless it is:

1. Administered or ordered by a *physician*; and
2. *Medically necessary* to the diagnosis or treatment of an *injury* or *illness*, or covered under the Preventive Care Expense Benefits provision.

Covered expenses will not include, and no benefits will be paid for any charges that are incurred:

1. For services or supplies that are provided prior to the *effective date* or after the termination date of this *policy*, except as expressly provided for under the Benefits After Coverage Terminates clause in this *policy's* Termination section;
2. For any portion of the charges that are in excess of the *eligible expense*;
3. For weight modification, or for surgical treatment of obesity, including wiring of the teeth and all forms of intestinal bypass *surgery*;

19. For alternative or complementary medicine using non-orthodox therapeutic practices that do not follow conventional medicine;
20. For eyeglasses, contact lenses, hearing aids, eye refraction, visual therapy, or for any examination or fitting related to these devices, except as specifically provided under the *policy*;
21. For *experimental or investigational treatment(s)* or *unproven services*. The fact that an *experimental or investigational treatment* or *unproven service* is the only available treatment for a particular condition will not result in benefits if the procedure is considered to be an *experimental or investigational treatment* or *unproven service* for the treatment of that particular condition;
22. For treatment received outside the United States, except for a medical *emergency* while traveling for up to a maximum of 90 consecutive days. As a result of an *injury* or *illness* arising out of, or in the course of, employment for wage or profit, if the *covered person* is insured, or is required to be insured, by workers' compensation insurance pursuant to applicable state or federal law. If *you* enter into a settlement that waives a *covered person's* right to recover future medical benefits under a workers' compensation law or insurance plan, this exclusion will still apply. In the event that the workers' compensation insurance carrier denies coverage for a *covered person's* workers' compensation claim, this exclusion will still apply unless that denial is appealed to the proper governmental agency and the denial is upheld by that agency;
24. As a result of:

Limitation on Benefits for Services Provided By Medicare Opt-Out Practitioners

Benefits for *covered expenses* incurred by a Medicare-eligible individual for services and supplies provided by a *Medicare opt-out practitioner* will be determined as if the services and supplies had been provided by a *Medicare participating practitioner*. Benefits will be determined as if Medicare had, in fact, paid the benefits it would have paid if the services and supplies had been provided by a *Medicare participating practitioner*.

Plan Administration

In consideration of the payment of premiums *we* will provide coverage for the *member* and any *eligible dependents*. In doing so, *we* may enter into agreements with providers of health care and such other individuals and entities as may be necessary to enable *us* to fulfill *our* obligations under this *contract*.

We agree to provide coverage without discrimination because of race, color, national origin, disability, sex, gender identity, sexual orientation, religion, or any other basis prohibited by law.

Commencement of Coverage

Commencing on the *contract effective date* *we* agree to provide the coverage stipulated in this *contract* to the *member* and his/her *dependents*, if any. Such coverage begins on the *member's* effective date, which will be the first of the month after the receipt and approval of the application by *us*, unless this *contract* specifies a date other than the first of the month. *We* accept no liability for benefits related to expenses incurred prior to *your* effective date or after *your* termination date, which will be on the last day of the coverage month, except or as specified in the Terms of Renewal provision.

Plan Renewal

This *contract* is guaranteed renewable. Guaranteed renewable means that this *contract* will renew each year on the anniversary date unless terminated earlier in accordance with *contract* terms. *You* may keep this *contract* in force by timely payment of the required premiums. *We* may decide not to renew as of the renewal date if: (1) *we* decide not to renew all *contracts* issued on this form, with the same type and level of benefits, to residents of the state where *you* then live; or (2) there is fraud or an intentional material misrepresentation made by or with the knowledge of a *member* in filing a claim for *contract* benefits. Rate changes are effective on a *member's* annual renewal date and will be based on each *member's* attained age, family structure, geographic region, tobacco usage and benefit plan at the time of renewal. *We* will notify the *member* in writing at least thirty (30) days prior to the renewal date of any change in premium rates. For *members* who have elected the electronic funds transfer option of payment, should premiums change at renewal, *we* will continue to draft the new monthly premium.

Term of Renewal

We guarantee the *member* the right to renew the contract each year, at the *member's* option. However, *we* may refuse to renew this *contract*, and all coverage provided under this *contract*, if one of the following circumstances has occurred:

1. Failure to timely pay premium in accordance with the terms of the *contract*;
2. *We* cease offering this contract to all *members*;
3. The *member* has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of this *contract*;
4. The *member* no longer lives in *our* geographic service area;
5. *We* elect to discontinue all individual health coverage in the State of Florida; and
6. *We* elect to discontinue offering individual health coverage through the Health Insurance Marketplace.

With the exception of non-payment of premium or loss of eligibility, if *we* decide to terminate or non-renew this contract for any of the reasons set forth in this *contract*, *we* will give the *member* at least forty-five (45) days advance written notice prior to renewal. If *we* discontinue offering all individual coverage in Florida, *we* will give all *members* and the Office of Insurance Regulation 180 day's written notice prior to

the *contract* non-renewal date.

Termination of This Contract by the Member

The *member* may terminate this *contract* at any time with appropriate notice to *us*. Coverage will terminate on the date that *we* receive a request from *you* to terminate this *contract*, or any later date stated in *your* request. No benefits will be provided as of the effective date of termination of this *contract* for whatever reason.

Should the *member* or any covered dependents terminate coverage because of eligibility for Medicaid, Children's Health Insurance Program (CHIP) or a Basic Health Plan, the termination effective date will be the day before the effective date of the new coverage.

Discontinuance of a Benefit Plan

We may discontinue offering a particular benefit plan to all *members* if:

1. *We* provide at least ninety (90) day notice to each *member* prior to the contract renewal date;
2. *We* offer each *member* the option to purchase any other coverage offered in the individual Health Maintenance Organization (HMO) market; and
3. *We* act uniformly without regard to any health status-related factor of each *member*.

Discontinuance of All Coverage in the Individual Market

We may discontinue offering all coverage in Florida if:

1. *We* provide notice to the Office of Insurance Regulation and each *member* and enrollee 180 days prior to renewal; and
2. All health coverage issued or delivered for issuance in Florida is discontinued and coverage under such health coverage is not renewed.

Termination of this Plan by Us

Except for nonpayment of premium or termination of eligibility, *we* may not cancel or terminate or non-renew this *contract* without giving the *member* at least forty-five (45) days written notice. The written notice will state the reason or reasons for the cancellation, termination or non-renewal.

We may terminate this *contract* as of any premium due date if the *member* has not paid the required premium by the end of the Grace Period, as defined in the Grace Period provision. The *member* is liable to *us* for any unpaid premium for the time the Plan was in force.

Upon termination of coverage, *we* will have no further liability for the payment of any *covered services* provided after the date of the *member's* termination.

Plan Termination Due to Non-Payment of Premium

If the required monthly premium is not received by the end of the thirty (30) day grace period, *we* will terminate this *contract*, without prior notification, retroactive to the last date for which premium was received, subject to the Grace Period provision. Termination will be effective as of midnight of the date that the premium was due provided *we* mail written notice of termination to the *member* prior to forty-five (45) days after the date the premium was due.

Termination of Coverage

We may terminate coverage for any of the following reasons:

1. Nonpayment of premiums provided that the grace period has elapsed.
2. Coverage is rescinded.
3. The date *we* receive a request from *you* to terminate this *contract*, or any later date stated in *your* request.
4. The date *we* decline to renew this *contract*, as stated in the Discontinuance provision.
5. The date of *your* death.
6. The date that a *member* accepts any direct or indirect contribution or reimbursement (through wage adjustment or otherwise), by or on behalf of an employer for any portion of the premium for coverage under this *contract*, or the date a *member's* employer and a *member* treat this *contract* as part of an employer-provided health plan for any purpose, including tax purposes.
7. The date a *member's* eligibility for coverage under this *contract* ceases due to any of the reasons stated in the Ongoing Eligibility section in this *contract*.
8. The date a *covered person's* eligibility for insurance under this *policy* ceases due to losing network access as the result of a permanent move.

Terms of Renewal

We guarantee the *member* the right to renew the contract each year, at the *member's* option. However, *we* may refuse to renew this contract, and all coverage provided under this contract, if one of the following circumstances has occurred:

1. The *member* fails to timely pay premium in accordance with the terms of the *contract*;
2. *We* cease offering this contract to all *members*;
3. The *member* has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of this *contract*;
4. The *member* no longer lives or works in our geographic *service area*; and
5. *We* elect to discontinue all individual health coverage in the State of Florida.

With the exception of non-payment of premium or loss of eligibility, if *we* decide to terminate or non-renew this contract for any of the reasons set forth in this contract, *we* will give the *member* at least forty-five (45) days advance written notice.

Reinstatement

If the renewal premium is not paid before the grace period ends, the policy will lapse. Later acceptance of the premium by *us*, or by an agent authorized to accept payment without requiring an application for reinstatement, will reinstate this policy. If *we* or *our* agent require an application, *you* will be given a conditional receipt for the premium. If the application is approved, the policy will be reinstated as of the approval date. Lacking such approval, the policy will be reinstated on the 45th day after the date of the conditional receipt unless *we* have previously written *you* of its disapproval. The reinstated policy will cover only loss that results from an injury sustained after the date of reinstatement or sickness that starts more than 10 days after such date. In all other respects, *your* right and *ours* will remain the same, subject to any provisions noted on or attached to the reinstated policy. Any premiums *we* accept for a reinstatement will be applied to a period for which premiums have not been paid. No premiums will be applied to any period more than 60 days before the reinstatement date.

Discontinuance

90-Day Notice: If we discontinue offering and refuse to renew all contracts issued on this form, with the same type and level of benefits, for all residents of the state where *you* reside, we will provide a written notice to *you and all enrollees* at least 90 days prior to the date that we discontinue coverage. *You* will be offered an option to purchase any other coverage in the individual market we offer in *your* state at the time of discontinuance of this *contract*. This option to purchase other coverage will be on a guaranteed issue basis without regard to health status.

180-Day Notice: If we discontinue offering and refuse to renew all individual contracts in the individual market in the state where *you* reside, we will provide a written notice to *you*, all enrollees, and the Commissioner of Insurance at least 180 days prior to the date that we stop offering and terminate all existing individual contracts in the individual market in the state where *you* reside.

Notification Requirements

It is the responsibility of *you* or *your* former *dependent member* to notify us within 31 days of *your* legal divorce or *your dependent member's* marriage.

Benefits After Coverage Terminates

If a *network provider* terminates his or her contract with Ambetter from Sunshine Health or is terminated by us for any reason other than for cause, a *member* receiving active treatment may continue coverage and care with that *network provider* when *medically necessary* and through completion of treatment of a condition for which the *member* was receiving care at the time of the termination until:

1. The *member* selects another treating provider or during the next open enrollment period, whichever is longer, but not longer than ninety (90) days (or additional if approved by Ambetter from Sunshine Health) after termination of the provider's contracts.
2. The *member* who is pregnant and who has initiated a course of prenatal care regardless of the trimester in which care was initiated, completes postpartum care.

A *network provider* may refuse to continue to provide care to a *member* who is abusive, non-compliant, or in arrears in payment for services provided.

Benefits for *covered service expenses* incurred after a *member* ceases to be covered are provided for certain *illnesses* and *injuries*. However, no benefits are provided if this *contract* is terminated because of:

1. A request by *you*;
2. Fraud or material misrepresentation on *your* part; or
3. *Your* failure to pay premiums.

The *illness* or *injury* must cause a *period of extended loss*, as defined below. The *period of extended loss* must begin before coverage of the *member* ceases under this *contract*. No benefits are provided for *covered service expenses* incurred after the *period of extended loss* ends.

In addition to the above, if this *contract* is terminated because we refuse to renew all contracts issued on this form, with the same type and level of benefits, to residents of the state where *you* live, termination of this *contract* will not prejudice a claim for a *continuous loss* that begins before coverage of the *member* ceases under this *contract*. In this event, benefits will be extended for that *illness* or *injury* causing the *continuous loss*, but not beyond the earlier of:

1. The date the *continuous loss* ends; or
2. 12 months after the date renewal is declined.

SUBROGATION AND RIGHT OF REIMBURSEMENT

As used herein, the term “*third party*” means any party that is, or may be, or is claimed to be responsible for *injuries* or *illness* to a *member*. Such *injuries* or *illness* are referred to as “*third party injuries*.” “Responsible party” includes any parties actually, possibly or potentially responsible for payment of expenses associated with the care or treatment of *third party injuries*.

Celtic retains the right to repayment of the full cost of all benefits provided by this plan on behalf of the *member* that are associated with the *third party injuries*. Celtic’s rights of recovery apply to any recoveries made by or on behalf of the *member* from any sources, including but not limited to:

- Payments made by a *third party* or any insurance company on behalf of the *third party*;
- Any payments or awards under an uninsured or underinsured motorist coverage policy;
- Any Workers’ Compensation or disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners medical payments coverage or premises or homeowners insurance coverage; and
- Any other payments from a source intended to compensate a *member* for *third party injuries*.

By accepting benefits under this plan, the *member* specifically acknowledges Celtic’s right of subrogation. When this plan provides health care benefits for expenses incurred due to *third party injuries*, Celtic shall be subrogated to the *member’s* rights of recovery against any party to the extent of the full cost of all benefits provided by this plan. Celtic may proceed against any party with or without the *member’s* consent.

By accepting benefits under this plan, the *member* also specifically acknowledges Celtic’s right or reimbursement. This right of reimbursement attaches when this plan has provided health care benefits for expenses incurred due to *third party injuries* and the member or the *member’s* representative has recovered any amounts from any source. Celtic’s right of reimbursement is cumulative with and not exclusive of Celtic’s subrogation right and Celtic may choose to exercise either or both rights of recovery.

As a condition for *our* payment, the *covered person* or anyone acting on his or her behalf including, but not limited to, the guardian, legal representatives, estate, or heirs agrees:

1. To fully cooperate with *us* in order to obtain information about the *loss* and its cause;
2. To immediately inform *us* in writing of any claim made or lawsuit filed on behalf of a *covered person* in connection with the *loss*;
3. To include the amount of benefits paid by *us* on behalf of a *covered person* in any claim made against any *third party*;
4. To give Celtic a first-priority lien on any recovery, settlement or judgment or other sources of compensation which may be had from any party to the extent of the full cost of all benefits associated with *third party injuries* provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement);
5. To pay, as the first priority, from any recovery, settlement, judgment, or other source of compensation, any and all amounts due Celtic as reimbursement for the full cost of all benefits associated with *third party injuries* provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement, and regardless of whether such payment will result in a recovery to the *member* which is insufficient to make the *member* whole or to compensate the member in part or in whole for the damages sustained);
6. That we:
 - a. Will have a lien on all money received by a *covered person* in connection with the *loss* equal to the amount *we* have paid;
 - b. May give notice of that lien to any *third party* or *third party’s* agent or representative;
 - c. Will have the right to intervene in any suit or legal action to protect *our* rights;

- d. Are subrogated to all of the rights of the *covered person* against any *third party* to the extent of the benefits paid on the *covered person's* behalf; and
- e. May assert that subrogation right independently of the *covered person*;
- 7. To take no action that prejudices *our* reimbursement and subrogation rights;
- 8. To sign, date, and deliver to *us* any documents *we* request that protect *our* reimbursement and subrogation rights;
- 9. To not settle any claim or lawsuit against a *third party* without providing *us* with written notice of the intent to do so;
- 10. To reimburse *us* from any money received from any *third party*, to the extent of benefits *we* paid for the *illness* or *injury*, whether obtained by settlement, judgment, or otherwise, and whether or not the *third party's* payment is expressly designated as a payment for medical expenses; and
- 11. That *we* may reduce other benefits under the *policy* by the amounts a *covered person* has agreed to reimburse *us*.

We have a right to be reimbursed in full regardless of whether or not the *covered person* is fully compensated by any recovery received from any *third party* by settlement, judgment, or otherwise.

We will not pay attorney fees or costs associated with the *member's* claim or lawsuit. In the event *you* or *your* representative fail to cooperate with Celtic, *you* shall be responsible for all benefits paid by this plan in addition to costs and attorney's fees incurred by Celtic in obtaining repayment.

If a dispute arises as to the amount a *covered person* must reimburse *us*, the *covered person* or the guardian, legal representatives, estate, or heirs of the *covered person* agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by *us* until the dispute is resolved.

CLAIMS

Notice of Claim

When a *non-participating provider* renders services, notice of a claim for benefits must be given to *us*. The notice must be in writing, should include the name of the insured and *member* identification number, and any claim will be based on that written notice. The notice must be received by *us* within 20 days after the date of the injury or the first treatment date for the sickness on which the claim is based and may be given to *us* or *your* agent. If this required notice is not given in time, the claim may be reduced or invalidated. If it can be shown that it was not reasonably possible to submit the notice within the 20 day period and that notice was given as soon as possible, the claim will not be reduced or invalidated.

Proof of Loss

We must receive written *proof of loss* within 90 days of the *loss* or as soon as is reasonably possible. *Proof of loss* furnished more than one year late will not be accepted, unless *you* or *your* covered *dependent* had no legal capacity to submit such proof during that year.

Cooperation Provision

Each *covered person*, or other person acting on his or her behalf, must cooperate fully with *us* to assist *us* in determining *our* rights and obligations under the *policy* and, as often as may be reasonably necessary:

1. Sign, date and deliver to *us* authorizations to obtain any medical or other information, records or documents *we* deem relevant from any person or entity;
2. Obtain and furnish to *us*, or *our* representatives, any medical or other information, records or documents *we* deem relevant;
3. Answer, under oath or otherwise, any questions *we* deem relevant, which *we* or *our* representatives may ask; and
4. Furnish any other information, aid or assistance that *we* may require, including without limitation, assistance in communicating with any person or entity, including requesting any person or entity to promptly provide to *us*, or *our* representative, any information, records or documents requested by *us*.

If any *covered person*, or other person acting on his or her behalf, fails to provide any of the items or information requested or to take any action requested, the claim(s) will be closed and no further action will be taken by *us* unless and until the item or information requested is received or the requested action is taken, subject to the terms and conditions of the *policy*.

In addition, failure on the part of any *covered person*, or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the *covered person*.

Time for Payment of Claims

Benefits will be paid as soon as *we* receive proper *proof of loss*. *We* will reimburse all claims or any portion of any claim within 45 days after receipt of the claim. If a claim or a portion of a claim is contested, *you* or *your* assignees shall be notified, in writing, that the claim is contested or denied, within 45 days after *we* receive the claim from *you*. The notice that a claim is contested shall identify the contested portion of the claim and the reasons for contesting the claim. Upon receipt of the additional information requested *you* or *your* assignees, *we* shall pay or deny the contested claim or portion of the contested claim, within 60 days.

"Clean claims" means a claim submitted by you or a provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment. If we have not received the information we need to process a claim, we will ask for the additional information necessary to complete the claim. You will receive a copy of that request for additional information. In those cases, we cannot complete the processing of the claim until the additional information requested has been received. We will make our request for additional information within 30 days of our initial receipt of the claim and will complete our processing of the claim within 15 days after our receipt of all requested information.

We shall pay or deny any claim no later than 120 days after receiving the claim. Payment shall be treated as being made on the date a draft or other valid instrument which is equivalent to payment was placed in the United States mail in a properly addressed, postpaid envelope or, if not so posted, on the date of delivery. All overdue payments shall bear simple interest at the rate of 10 percent per year.

Upon *your* written notification, we will investigate any claim of improper billing by a *physician, hospital*, or other health care provider. We will determine if *you* were properly billed for only those procedures and services that the *covered person* actually received. If we determine that *you* have been improperly billed, we shall notify *you* and the provider of our findings and shall reduce the amount of payment to the provider by the amount determined to be improperly billed. If a reduction is made due to such notification by us, we shall pay to *you* 20 percent of the amount of the reduction up to \$500.

Payment of Claims

We may elect to pay, in our discretion, all or any part of the benefits provided by this contract for hospital, surgical, nursing, or medical services, directly to the hospital or other party providing such services to you. By reserving the right to pay, in our discretion, all or any part of the benefits provided for in this contract directly to a hospital or other person providing surgical, nursing, or medical services to you, we are not granting any hospital or other person rendering surgical, nursing or medical services any right to demand direct payment or any right to enforce any provision of this contract; nor are we waiving the Non-Assignment provision of this contract set forth below.

Except as set forth in this provision, all benefits are payable to *you*. Any accrued benefits unpaid at *your* death, or *your dependent's* death may, at *our* option, be paid either to the beneficiary or to the estate. If any benefit is payable to *your* or *your dependent's* estate, or to a beneficiary who is a minor or is otherwise not competent to give valid release, we may pay up to \$3,000 to any relative who, in *our* opinion, is entitled to it.

Foreign Claims Incurred For Emergency Care

Claims incurred outside of the United States for *emergency* care and treatment of a *covered person* must be submitted in English or with an English translation. Foreign claims must also include the applicable medical records in English to show proper *proof of loss* and evidence of payment to the provider.

Non-Assignment

The coverage, rights, privileges and benefits provided for under this contract are not assignable by you or anyone acting on your behalf. Any assignment or purported assignment of coverage, rights, privileges and benefits provided for under this contract that you may provide or execute in favor of any hospital, physician, or any other person or entity shall be null and void and shall not impose any obligation on us.

Notwithstanding the foregoing, you may specifically authorize, in writing, the payment of benefits that we have determined to be due and payable directly to any hospital, physician, or other person who provided

you with any covered service and we will honor this specific direction and make such payment directly to the designated provider of the covered service.

No Third Party Beneficiaries

This contract is not intended to, nor does it, create or grant any rights in favor of any third party, including but not limited to any hospital, physician or medical practitioner providing services to you, and this contract shall not be construed to create any third party beneficiary rights.

Medicaid Reimbursement

The amount payable under this *policy* will not be changed or limited for reason of a *covered person* being eligible for coverage under the Medicaid program of the state in which he or she lives.

We will pay the benefits of this *policy* to the state if:

1. A *covered person* is eligible for coverage under his or her state's Medicaid program; and
2. We receive proper *proof of loss* and notice that payment has been made for *covered expenses* under that program.

Our payment to the state will be limited to the amount payable under this *policy* for the *covered expenses* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy our responsibility to the extent of that payment.

Custodial Parent

This provision applies if the parents of a covered *eligible child* are divorced or legally separated and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *covered person*, will have the rights stated below if we receive a copy of the order establishing custody.

Upon request by the custodial parent, we will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions and limitations of the *policy*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge our obligations.

A custodial parent may, with our approval, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

Physical Examination

We shall have the right and opportunity to examine a *covered person* while a claim is pending or while a dispute over the claim is pending. These examinations are made at our expense and as often as we may reasonably require.

Legal Actions

No suit may be brought by you on a claim sooner than 60 days after the required *proof of loss* is given. No suit may be brought more than five years after the date *proof of loss* is required.

Prior to initiating any action at law, you are encouraged to first complete all the steps in the complaint/grievance procedures made available to resolve disputes in Florida under the contract. After completing that complaint/grievance procedures process, if you want to bring legal action against us on that dispute, you must do so within five years of the date we notified you of the final decision on your complaint/grievance.

GRIEVANCE AND COMPLAINT PROCEDURES

The internal *grievance* procedures apply to any hospital or medical policy or certificate, but not to accident only or disability only insurance.

Internal Appeal Process

An appeal is a request to review a Notice of Action. *You* can request this review by phone or in writing. *You* must follow a request by phone in writing unless it is an expedited appeal.

An adverse decision can be when Ambetter from Sunshine Health:

- Denies the care requested;
- Decreases the amount of care;
- Ends care that has previously been approved;
- Denies payment for care and *you* may have to pay for it.

You will know that Ambetter from Sunshine Health is taking action because *we* will send *you* a letter. The letter is called a **Notice of Action**. If *you* do not agree with the action, *you* may request an **Appeal**.

Expedited Appeals

You or *your* doctor may want *us* to make a fast decision. *You* can ask for an expedited review if *you* or *your* doctor feel that *your* health is at risk. *Your* doctor must send information in writing telling *us* why *you* need a faster review. Expedited appeal reviews are available for *members* in situations deemed urgent. If Ambetter from Sunshine Health agrees that the request is urgent, *your* appeal will be resolved within 72 hours.

Who May File an Appeal?

In some cases, getting the health information may take extra time. The time for deciding *your* appeal can be extended for 14 days if *you* or *your* doctor thinks the extra time to get the health information will benefit *you*. If Ambetter from Sunshine Health requests more time to gather the health information, *we* will send *you* a letter to tell *you* why. This extension will be for 14 days. *We* will only do this if the health information *we* are waiting for could help with *your* plan appeal.

If the Notice of Action that *you* were sent said that *we* were terminating, suspending, or reducing a service that *you* were getting as an Ambetter from Sunshine Health *member*, *you* have the right to keep getting the service. If *you* let *us* know that *you* want to continue the service within ten (10) days of the Notice of Action letter, *we* will approve *you* to continue this service until the plan appeal decision is made. To do this, Ambetter from Sunshine Health must have been approving *you* to get the service before, the services were ordered by an authorized provider, and the time of the approval for that service has not ended. If after the review of *your* plan appeal Ambetter from Sunshine Health decides that the decision to terminate, suspend, or reduce the service was right and *you* kept getting the service, *you* may have to pay for the service.

External Review

If you are dissatisfied with the Ambetter from Sunshine Health appeal decision, you have the right to have an independent review of certain final decisions made by Ambetter from Sunshine Health. Ambetter from Sunshine Health *members* are offered two levels of appeal for *adverse benefit determinations* related to a service that requires medical review. An external review decision is binding on *us*. An external review

decision is binding on the claimant except to the extent the claimant has other remedies available under applicable federal or state law. *We* will pay for the costs of the external review performed by the independent reviewer.

You can make a request for external review in writing to **Ambetter from Sunshine Health Plan** at:

Ambetter from Sunshine Health
Appeals Department
1301 International Parkway
Sunrise, FL 33323

If assistance is needed with completing the written request, *you* may contact Ambetter from Sunshine Health at:

Phone 877-687-1169
TTY/TDD 800-955-8770
Fax 1-866-534-5972

Applicability/Eligibility

The external review procedures apply to any hospital or medical policy or certificate; excluding accident only or disability income only insurance.

External review is available for *grievances* that involve:

1. Medical judgment, including but not limited to those based upon requirements for *medical necessity*, appropriateness, health care setting, level of care or effectiveness of a covered benefit; or the determination that a treatment is *experimental* or *investigational*, as determined by an external reviewer.
2. *Rescissions* of coverage.

After exhausting the internal review process, the claimant can make a written request to the Appeals & Grievance Department for external review after the date of receipt of *our* internal response. *We* will send *your* request to the IRO. *You* must contact the IRO or *us* within 120 calendar days (4 months) of the date of your appeal resolution letter. If *you* do not file *your* appeal for an external independent review within 120 days, it cannot be reviewed. If *you* are not sure whether *your* appeal is eligible, or if *you* want more information, please contact Ambetter from Sunshine Health.

1. The internal appeal process must be exhausted before the claimant may request an external review unless the claimant files a request for an expedited external review at the same time as an internal *expedited grievance* or *we* either provide a waiver of this requirement or fail to follow the appeal process.
2. A health plan must allow a claimant to make a request for an expedited external review with the plan at the time the claimant receives:
 - a. An *adverse benefit determination* if the determination involves a medical condition of the claimant for which the timeframe for completion of an internal *expedited grievance* would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function and the claimant has filed a request for an internal *expedited grievance*.

- b. A final internal *adverse benefit determination*, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function, or if the final internal *adverse benefit determination* concerns an admission, availability of care, continued stay, or health care item or service for which the claimant received emergency services, but has not been discharged from a facility.
3. Claimants may request an expedited external review at the same time the internal *expedited grievance* is requested and an Independent Review Organization (IRO) will determine if the internal *expedited grievance* needs to be completed before proceeding with the expedited external review.

External Review Process

1. We have five (5) business days (immediately for expedited) following receipt of the request to conduct a preliminary review of the request to determine whether:
 - a. The individual was a *covered person* at the time the item or service was requested;
 - b. The service is a *covered service* under the claimant's health plan but for the plan's *adverse benefit determination* with regard to *medical necessity experimental or investigational*, medical judgment, or *rescission*;
 - c. The claimant has exhausted the internal process; and
 - d. The claimant has provided all of the information required to process an external review.
2. Within one (1) business day (immediately for expedited) after completion of the preliminary review, we will notify the claimant in writing as to whether the request is complete but not eligible for external review and the reasons for its ineligibility or, if the request is not complete, the additional information needed to make the request complete. We will include notification of the member's right to submit written testimony to be included in the materials sent to the IRO.
3. We must allow a claimant to perfect the request for external review within the four-month filing period or within the 48-hour period following the receipt of notification.
4. We will assign an IRO on a rotating basis from our list of contracted IROs.
5. Within five business days after the date of assignment of the IRO, we must provide the documents and any information considered in making the *adverse benefit determination* to the IRO.
Note: For expedited, after assignment of the IRO, we must provide the documents and any information considered in making the *adverse benefit determination* to the IRO electronically or by telephone or facsimile or any other available expeditious method.
6. If we fail to timely provide the documents and information, the IRO may terminate the external review and make a decision to reverse the *adverse benefit determination*.
7. Within 10 business days, the assigned IRO will timely notify the claimant in writing of the request's eligibility and acceptance for external review. The notice will include a statement that the claimant may submit in writing additional information to the IRO to consider.
8. Upon receipt of any information submitted by the claimant, the IRO must forward the information to us within one business day.
9. Upon receipt of the information, we may reconsider our determination. If we reverse our *adverse benefit determination*, we must provide written notice of the decision to the claimant and the IRO within one business day after making such decision. The external review would be considered terminated.
10. Within 45 days (72 hours for expedited) after the date of receipt of the request for an external review by the health plan, the IRO will review all of the information and provide written notice of its decision to uphold or reverse the *adverse benefit determination* to the claimant and to us. If the

notice for an expedited review is not in writing, the IRO must provide written confirmation within 48 hours after the date of providing the notice.

11. Upon receipt of a notice of a decision by the IRO reversing the *adverse benefit determination*, we will approve the covered benefit that was the subject of the *adverse benefit determination*.

After *you* receive a decision from Ambetter by Sunshine Health concerning *your* benefits and feel further action is needed, *you* have the right to file a complaint with the Department of Financial Services, Division of Consumer Services.

You may request assistance of the Department of Financial Services, Division of Consumer Services by telephone at 1-877-MY-FL-CFO (1-877-693-5236), or if calling from outside of Florida (1-850-413-3089), by email at ConsumerServices@myfloridacfo.com, or online at:

<http://www.myfloridacfo.com/Division/Consumers/>

You, or someone *you* authorized to do so, shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits. All comments, documents, records and other information submitted by the claimant relating to the claim for benefits, regardless of whether such information was submitted or considered in the initial *adverse benefit determination*, will be considered in the internal appeal.

Grievance Panel

The internal process requires that *your* appeal is handled by a grievance panel that does not include the person who made the initial determination or a subordinate of the original reviewer. During the grievance process, the initial decision maker may be consulted. The majority of the panel will consist of providers with the appropriate expertise. The panel must be requested within 30 days after Ambetter from Sunshine Health's transmission of an adverse determination. The panel will also provide a notice to the *member* and to the provider, if any, who filed on behalf of the *member*. In any case where the review process does not resolve a difference of opinion between the Ambetter from Sunshine Health and the *member*, the member (or provider) may submit a written grievance through an external review process. *Members* may voluntarily pursue binding arbitration (which *you* may incur some costs for this arbitration) after completing Ambetter from Sunshine Health's grievance procedure and as an alternative to the external review process (refer to the External Review section for more information). Arbitration shall not preclude review pursuant to Rule 690-191.081 and shall be conducted pursuant to Ch. 682, F.S.

When the *adverse benefit determination* is based in whole or in part on a medical judgment, the *grievance* panel will consult with a licensed health care provider with expertise in the field relating to the *grievance* and who was not consulted in connection with the original *adverse benefit determination*.

Expedited Appeal

An *expedited appeal* may be submitted orally or in writing. All necessary information, including *our* determination on review, will be transmitted between the claimant and *us* by telephone, facsimile, or other available similarly expeditious method.

For an appeal to be processed as expedited at least one of the following must apply:

1. The duration of the standard resolution process will result in serious jeopardy to the life or health of the *claimant* or the ability of the claimant to regain maximum function.

2. In the opinion of a *physician* with knowledge of the claimant's medical condition, the claimant is subject to severe pain that cannot be adequately managed without the care or treatment that is the subject of the *grievance*.
3. A *physician* with knowledge of the claimant's medical condition determines that the *grievance* shall be treated as an *expedited grievance*.

An *expedited appeal* provides for evaluation by appropriate clinical peers or peer (who were not involved in the initial adverse determination) within 24 hours. An *expedited appeal* shall be resolved as expeditiously as the *claimant's* health condition requires but not more than 72 hours after receipt of the *appeal*. Written notification of the decision must be provided no later than 2 business days or three calendar days if the initial notification was not in writing.

A *member* has the right to request both an internal and external level expedited appeal, related to the denial of a service requiring medical review, simultaneously. If the expedited appeal is unresolved, the *member* may appeal through the external review process (refer to the External Review section for more information).

Upon written request, we will mail or electronically mail a copy of the claimant's complete contract to the claimant or the claimant's authorized representative as expeditiously as the *appeal* is handled.

Written Grievance/Appeal Response

Grievance and *appeal* response letters shall describe, in detail, the *grievance and appeal* procedure and the notification shall include the specific reason for the denial, determination or initiation of disenrollment.

The panel's written decision must include:

1. The disposition of and the specific reason or reasons for the decision;
2. Any corrective action taken on the *grievance or appeal*;
3. The signature of one voting *member* of the panel;
4. A written description of position titles of panel *members* involved in making the decision.
5. If upheld or partially upheld, it is also necessary to include:
 - a. A clear explanation of the decision;
 - b. Reference to the specific plan provision on which the determination is based;
 - c. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits;
 - d. If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either the specific rule, guideline, protocol, or other similar criterion; or a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the claimant upon request;
 - e. If the *adverse benefit determination* is based on a *medical necessity* or *experimental treatment* or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request;

- f. Identification of medical experts whose advice was obtained on behalf of the health plan, without regard to whether the advice was relied upon in making the *adverse benefit determination*;
- g. The date of service;
- h. The health care provider's name;
- i. The claim amount;
- j. The diagnosis and procedure codes with their corresponding meanings, or an explanation that the diagnosis or procedure codes are available upon request;

- q. A culturally linguistic statement based upon the claimant's county or state of *residence* that provides for oral translation of the *adverse benefit determination*, if applicable.

COORDINATION OF BENEFITS

Ambetter from Sunshine Health /coordinates benefits with other payers when a member is covered by two or more group health benefit plans. Coordination of Benefits (COB) is the industry standard practice used to share the cost of care between two or more carriers when a member is covered by more than one health benefit plan.

It is a contractual provision of a majority of health benefit contracts. Ambetter from Sunshine Health complies with Federal and state regulations for COB and follows COB guidelines published by National Association of Insurance Commissioners (NAIC).

Under COB, the benefits of one plan are determined to be primary and are first applied to the cost of care. After considering what has been covered by the primary plan, the secondary plan may cover the cost of care up to the fully allowed expense according to the plan's payment guidelines. Ambetter from Sunshine Health Claims COB and Recovery Unit procedures are designed to avoid payment in excess of allowable expense while also making sure claims are processed both accurately and timely.

"Allowable expense" is the necessary, reasonable, and customary item of expense for health care, when the item is covered at least in part under any of the plans involved, except where a statute requires a different definition. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

"Plan" is a form of coverage written on an expense-incurred basis with which coordination is allowed.

The term "Plan" includes:

1. Group health insurance benefits and group blanket or group remittance health benefits coverage, whether uninsured arrangements of group coverage, insured, self-insured, or self-funded. This includes group HMO insurance and other prepayment, group practice and individual practice plans, and blanket contracts, except as excluded below.
2. Plan includes medical benefits coverage, in group and individual automobile "no-fault" and traditional liability "fault" type contracts.
3. Plan includes hospital, medical, and surgical benefits coverage of Medicare or a governmental plan offered, required, or provided by law, except Medicaid.
4. Plan does not include blanket school accident coverage or coverages issued to a substantially similar group (e.g., Girl Scouts, Boy Scouts) where the school or organization pays the premiums.
5. Plan does not include Individual or Family:
Insurance contracts, direct payment subscriber contracts, coverage through health maintenance organizations (HMO's) or coverage under other prepayment, group practice and individual practice plans.
6. Plan whose benefits are by law excess to any private benefits coverage.

"Primary plan" is one whose benefits must be determined without taking the existence of any other plan into consideration. A plan is primary if either:

- (1) The plan has no order of benefits rules or its rules differ from those required by regulation; or (2) all plans which cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for example,

two plans which have no order of benefit determination rules).

“Secondary Plan” is one which is not a primary plan. If a person is covered by more than one secondary plan, the order of benefit determination rules decide the order in which their benefits are determined in relation to each other.

Order of Benefit Determination Rules

The first of the rules listed below in paragraphs 1-6 that applies will determine which plan will be primary:

1. The primary plan pays or provides its benefits as if the Secondary plan or plans did not exist. A Plan may consider benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
2. If the other plan does not contain a coordination of benefits provision that is consistent with this provision is always primary. There are two exceptions:
 - a. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder; and
 - b. Any noncontributory group or blanket insurance coverage which is in force on January 1, 1987 which provides excess major medical benefits intended to supplement any basic benefits on a *covered person* may continue to be excess to such basic benefits.

The first of the following rules that describes which Plan pays its benefits before another Plan is the rule to use.

3. If the person receiving benefits is the *member* and is only covered as an *eligible dependent* under the other plan, this *contract* will be primary.
4. Subject to State Statutes: Social Security Act of 1965, as amended makes Medicare secondary to the plan covering the person as a dependent of an active employee, the order of benefit determination is:
 - a. If a child is covered under the plans of both parents and the parents are not separated or divorced, the plan of the parent whose birthday falls earlier in the year (excluding year of birth) shall be primary.
 - b. If both parents have the same birthday, the plan which covered the parent longer will be primary. To determine whose birthday falls earlier in the year, only the month and day are considered. However, if the other plan does not have this birthday rule, but instead has a rule based on the sex of the parent and as a result the plans do not agree on which is primary, then the rule in the other plan will determine which plan is primary.
5. If a child is covered by both parents’ plans, the parents are separated or divorced, and there is no court decree between the parents that establishes financial responsibility for the child’s health care expenses:
 - a. The plan of the parent who has custody will be primary;
 - b. If the parent with custody has remarried, and the child is also covered as a child under the step-parent’s plan, the plan of the parent with custody will pay first, the step-parent’s plan will pay second, and the plan of the parent without custody will pay third.
 - c. If a court decree between the parents says which parent is responsible for the child’s health care expenses, then that parent’s plan will be primary if that plan has actual knowledge of the decree.
6. If the person receiving services is covered under one plan as an active employee or member (i.e., not laid-off or retired), or as the spouse or child of such an active employee, and is also covered under another plan as a laid-off or retired employee or as the spouse or child of such a laid-off or retired employee, the plan that covers such person as an active employee or spouse or child of an active

employee will be primary. If the other plan does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored.

7. If none of the above rules determine which plan is primary, the plan that covered the person receiving services longer will be primary.

Effects of Coordination

When this plan is secondary, its benefits will be reduced so that the total benefits paid by the primary plan and this plan during a claim determination period will not exceed Ambetter's maximum available benefit for each covered service. Also, the amount Ambetter pays will not be more than the amount Ambetter would pay if Ambetter were primary. As each claim is submitted, Ambetter will determine its obligation to pay for allowable expenses based upon all claims that have been submitted up to that point in time during the claim determination period.
