Our interpreter services are provided at no cost to *you*. We have representatives that speak Spanish and have medical interpreters to assist with other languages. *Enrollees* who are blind or visually impaired and need help with interpretation can call Customer Service for an oral interpretation. Your Provider Directory

A listing of *exclusive providers*, also called *preferred providers* or *network providers* is available online at Ambetter.SuperiorHealthPlan.com. We have plan *providers and hospitals* who have agreed to provide you with *your* healthcare services. You may find any of our *network providers* on our website. There you will have the ability to narrow *your* search by provider specialty, zip code, gender, whether or not they are currently accepting new patients, and languages spoken. *Your* search will produce a list of providers based on *your* search criteria and will give you other information such as address, phone number, office hours, and qualifications.

At any time, you can contact Customer Service to request a provider directory, or for assistance in finding a provider.

Your Enrollee ID Card

When you enroll, we will mail you an Enrollee ID card after our receipt of your completed enrollment materials, which includes receipt of your initial premium payment. This card is proof that you are enrolled in Ambetter and is valid once your premium payment has been paid and enrollment processing is complete. You need to keep this card with you at all times and present it to your providers.

The ID card shows your name, enrollee ID number, helpful phone numbers, and copayment amounts you will have to pay at the time of service. If you lose your card, please call Customer Service. We will send you another ID card.

If any services were rendered or claims paid by *us* during the 10 days, *you* are responsible for repaying *us* for such services or claims.

DEFINITIONS

In this *contract*, italicized words are defined. Words not italicized will be given their ordinary meaning.

Wherever used in this *contract*:

Acute rehabilitation means two or more different types of therapy provided by one or more *rehabilitation licensed practitioners* and performed for three or more hours per day, five to seven days per week, while the *enrollee* is confined as an inpatient in a hospital, rehabilitation facility, or *extended care facility*.

Acquired Brain Injury means a neurological insult to the brain, which is not hereditary, congenital, or degenerative. The injury to the brain has occurred after birth and results in a change in neuronal activity, which results in an impairment of physical functioning, sensory processing, cognition, or psychosocial behavior.

Advanced premium tax credit means the tax credit provided by the Affordable Care Act to help you afford health coverage purchased through the Health Insurance Marketplace. *Advanced premium tax credits* can be used right away to lower your monthly premium costs. If you qualify, you may choose how much *advanced premium tax credit* to apply to your premiums each month, up to a maximum amount. If the amount of *advanced premium tax credits* you receive for the year is less than the total premium tax credit you're due, you'll get the difference as a refundable credit when you file your federal income tax return. If the amount of *advanced premium tax credits* for the year are more than the total tax credit that you're due, you must repay the excess *advanced premium tax credit* with your tax return.

Adverse Determination means a decision by *us* which results in:

- a. A denial of a request for service.
- b. A denial, reduction or failure to provide or make payment in whole or in part for a covered benefit.

- e. *Our* decision to deny coverage based upon an eligibility determination.
- f. A *rescission* of coverage determination as described in the General Provisions section of this *contract*.
- g. A prospective review or retrospective review determination that denies, reduces or fails to provide or make payment, in whole or in part, for a covered benefit.

Refer to the Internal Grievance, Internal Appeals and External Appeals Procedures section of this *contract* for information on *your* right to appeal an *adverse determination*.

Allogeneic bone marrow transplant or ***BMT*** means a procedure in which bone marrow from a related or non-related donor is infused into the transplant recipient and includes peripheral blood stem cell transplants.

Allowed amount means the *eligible service expense* we will pay for services provided to *you* by a *provider*.

1. Specializes in a specific type or types of transplants or other services such as cancer, bariatric or infertility; and
2. Has agreed with *us* or an entity designated by *us* to meet quality of care criteria on a cost efficient basis. The fact that a *hospital* is a *network provider* does not mean it is a *Center of Excellence*.

Chiropractic Care involves neuromuscular treatment in the form of manipulation and adjustment of the tissues of the body, particularly of the spinal column and may include physical medicine modalities or use of *durable medical equipment*.

The term includes dissatisfaction relating to plan administration, procedures related to review or appeal of an adverse determination, the denial, reduction, or termination of a service for reasons not related to medical necessity, the manner in which a service is provided, and a disenrollment decision. The term does not include a misunderstanding or a problem of misinformation that is resolved promptly by clearing up the misunderstanding or supplying the appropriate information to the satisfaction of the *enrollee*; or a provider's or *enrollee's* oral or written expression of dissatisfaction or disagreement with an adverse determination.

1. conditions, requiring hospital confinement (when the pregnancy is not terminated), whose diagnoses are distinct from pregnancy but are adversely affected by pregnancy or are caused by pregnancy, such as acute nephritis, nephrosis, cardiac decompensation, missed abortion, and similar medical and surgical conditions of comparable severity, but shall not include false labor, occasional spotting, *provider* prescribed rest during the period of pregnancy, morning sickness, hyperemesis gravidarum, pre-eclampsia, and similar conditions associated with the management of a difficult pregnancy not constituting a nosologically distinct complication of pregnancy; and
2. non-elective cesarean section, termination of ectopic pregnancy, and spontaneous termination of pregnancy, occurring during a period of gestation in which a viable birth is not possible.

Contract when *italicized*, means this *contract* issued and delivered to *you*. It includes the attached pages, the applications, and any amendments.

Copayment, Copay, or Copayment amount means the specific dollar amount that *you* must pay when *you* receive *covered services*. *Copayment amounts* are shown in the *Schedule of Benefits*. Not all *covered services* have a *copayment amount*.

2. Covered by a specific benefit provision of this *contract*; and
3. Not excluded anywhere in this *contract*.

Custodial Care is treatment designed to assist an *enrollee* with activities of daily living and which can be provided by a layperson and not necessarily aimed at curing or assisting in recovery from a sickness or bodily injury.

Custodial care includes (but is not limited to) the following:

1. Personal care such as assistance in walking, getting in and out of bed, dressing, bathing, feeding and use of toilet;
2. Preparation and administration of special diets;
3. Supervision of the administration of medication by a caregiver;
4. Supervision of self-administration of medication; or
5. Programs and therapies involving or described as, but not limited to, convalescent care, rest care, sanatoria care, educational care or recreational care.

Deductible amount or deductible means the amount that *you* must pay in a calendar year for *covered expenses* before we will pay benefits. For family coverage, there is a family *deductible amount* which is two times the individual *deductible amount*. Both the individual and the family *deductible amounts* are shown in the *Schedule of Benefits*.

If *you* are a covered *enrollee* in a family of two or more enrollees, *you* will satisfy *your deductible amount* when:

1. *You* satisfy *your individual deductible amount*; or
2. *Your family* satisfies the family *deductible amount* for the calendar year.

If *you* satisfy *your individual deductible amount*, each of the other *enrollees* in *your family* are still responsible for the *deductible* until the family *deductible amount* is satisfied for the calendar year.

Durable medical equipment means items that are used to serve a specific diagnostic or therapeutic purpose in the treatment of an *illness* or *injury*, can withstand repeated use, are generally not useful to a person in the absence of *illness* or *injury*, and are appropriate for use in the patient's home.

Effective date means the date an *enrollee* becomes covered under this *contract* for *covered services*.

Eligible child means the child of an *enrollee*, if that child is less than 26 years of age. As used in this definition, “child” means:

1. A natural child;
2. A stepchild;
3. A legally adopted child and child for which the primary insured person must provide medical support under an order issued under Section 14.061, Family Code, or another order enforceable by a court in Texas;
4. A child placed with *you* for adoption for whom you are a party in a suit in which the adoption of the child is sought;
5. A child for whom legal guardianship has been awarded to *you* or *your spouse*. It is *your* responsibility to notify the Health Insurance Marketplace if *your child* ceases to be an *eligible child*. *You* must reimburse *us* for any benefits that *we* provide or pay for a child at a time when the child did not qualify as an *eligible child*;
6. Any children of the *enrollee's* children, if those children are dependents of the *enrollee* for federal income tax purposes at the time of application; or
7. A child whose coverage is required by a medical support order.

Eligible service expense means a *covered service expense* as determined below.

1. For *network providers*: When a *covered service* is received from a *network provider*, the *eligible service expense* is the contracted fee with that provider.
2. For *non-network providers*:
 - a. When a *covered service* is received from a *non-network provider* as a result of an *emergency* and a *network provider* cannot reasonably be reached, the *eligible service expense* is the lesser of: (1) the negotiated fee, if any, that has been mutually agreed upon by *us* and the provider as payment in full, or (2) the usual and customary charge for such service. *You* will not be billed for the difference between the negotiated fee and the usual and customary charge.
 - b. When a *covered service* is received from a *non-network provider* as a result of an *emergency* and a *network provider* can reasonably be reached, the *eligible service expense* is the lesser of: (1) the negotiated fee, if any, that has been mutually agreed upon by *us* and the provider as payment in full, or (2) the usual and customary charge for such service. *You* may be billed for the difference between the negotiated fee and the usual and customary charge.
 - c. When the service or supply is not the result of an *emergency* and is not of a type provided by any *network provider* and a *covered service* is received from a *non-network provider* or, if a list of *non-network providers* is provided by *us*, received from a *non-network provider* selected from the list provided by *us*, the *eligible service expense* is the negotiated fee, if any, that has been mutually agreed upon by *us* and the provider as payment in full. If there is no negotiated fee agreed to by the provider with *us*, the *eligible service expense* is the usual and customary charge for such service. *You* will not be billed for the difference between the negotiated fee and the usual and customary charge.
 - d. When the service or supply is not the result of an *emergency* and is not of a type provided by any *network provider*, a list of *non-network providers* is provided by *us*, and a *covered service* is received from a *non-network provider* not selected from the list provided by *us*, the *eligible service expense* is the negotiated fee, if any, that has been mutually agreed upon by *us* and the provider as payment in full (*you* will not be billed for the difference between the negotiated fee and the provider's charge). If there is no negotiated fee agreed to by the provider with *us*, the *eligible service expense* is the usual and customary charge for such

service. *You* may be billed for the difference between the negotiated fee and the usual and customary charge.

- e. When a *covered service* is received from a *non-network provider* as approved or *authorized* by *us*, the *eligible service expense* is the negotiated fee, if any, that has been mutually agreed upon by *us* and the provider as payment in full (*you* will not be billed for the difference between the negotiated fee and the provider's charge). If there is no negotiated fee agreed to by the provider with *us*, the *eligible service expense* is the usual and customary charge for such service. *You* may be billed for the difference between the negotiated fee and the usual and customary charge.

As used in this section, "usual and customary charge" means based on generally accepted industry standards and practices for determining the customary *billed charges* for a service and fairly and accurately reflect market rates, including geographic differences in costs.

Emergency care means healthcare services provided in a hospital emergency facility, freestanding emergency medical care facility, or comparable emergency facility to evaluate and stabilize a medical condition of a recent onset and severity, including severe pain, that would lead a prudent layperson possessing an average knowledge of medicine and health to believe that the person's condition, sickness, or injury is of such a nature that failure to get immediate medical care could result in:

1. placing the person's health in serious jeopardy;
2. serious impairment to bodily functions;
3. serious dysfunction of a bodily organ or part;
4. serious disfigurement; or
5. in the case of a pregnant *enrollee*, serious jeopardy to the health of the fetus.

Enrollee means *you*, *your* lawful spouse and each *eligible child*:

1. Named in the application; or
2. Whom *we* agree in writing to add as an *enrollee*.

Exclusive provider (preferred or network provider) is a health care provider or an organization of health care providers who contract or subcontract to provide health care services to covered persons under *your Exclusive Provider Benefit Plan*.

Exclusive provider benefit plan (EPO) is a type of health care plan offered by an issuer that arranges for or provides benefits to covered persons through a network of exclusive providers, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or approved referral.

Experimental or investigational treatment means medical, surgical, diagnostic, or other healthcare services, treatments, procedures, technologies, supplies, devices, drug therapies, or medications that, after consultation with a medical professional, *we* determine to be:

1. Under study in an ongoing phase I or II clinical trial as set forth in the United States Food and Drug Administration (*USFDA*) regulation, regardless of whether the trial is subject to *USFDA* oversight.
2. An *unproven service*.
3. Subject to *USFDA* approval, and:
 - a. It does not have *USFDA* approval;
 - b. It has *USFDA* approval only under its Treatment Investigational New Drug regulation or a similar regulation;

- c. It has *USFDA* approval, but is being used for an indication or at a dosage that is not an accepted off-label use. An accepted off-label use of a *USFDA*-approved drug is a use that is determined by *us* to be:
 - i. Included in authoritative compendia as identified from time to time by the Secretary of Health and Human Services;
 - ii. Safe and effective for the proposed use based on supportive clinical evidence in peer-reviewed medical publications;
 - iii. Not an *unproven service*; or
 - d. It has *USFDA* approval, but is being used for a use, or to treat a condition, that is not listed on the Premarket Approval issued by the *USFDA* or has not been determined through peer reviewed medical literature to treat the medical condition of the *enrollee*.
4. Experimental or investigational according to the provider's research protocols.

Items (3) and (4) above do not apply to phase to phase I, II, III or IV *USFDA* clinical trials.

Extended care facility means an institution, or a distinct part of an institution, that:

- 1. Is licensed as a *skilled nursing facility* or *rehabilitation facility* by the state in which it operates;
- 2. Is regularly engaged in providing 24-hour skilled nursing care under the regular supervision of a *provider* and the direct supervision of a registered nurse;
- 3. Maintains a daily record on each patient;
- 4. Has an effective utilization review plan;
- 5. Provides each patient with a planned program of observation prescribed by a *provider*; and
- 6. Provides each patient with active treatment of an *illness* or *injury*, in accordance with existing generally accepted standards of medical practice for that condition.

Extended care facility does not include a facility primarily for rest, the aged, treatment of *substance abuse*, *custodial care*, nursing care, or for care of *mental disorders* or the mentally incompetent.

Facility means a *hospital*, *rehabilitation facility*, or *skilled nursing facility*.

Generally accepted standards of medical practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials.

If no credible scientific evidence is available, then standards that are based on provider specialty society recommendations or professional standards of care may be considered. *We* reserve the right to consult medical professionals in determining whether a healthcare service, supply, or drug is *medically necessary* and is a *covered service* under the *policy*. The decision to apply provider specialty society recommendations, the choice of medical professional, and the determination of when to use any such opinion, will be determined by *us*.

Grievance means any dissatisfaction with an insurer offering a health benefit plan or administration of a health benefit plan by the insurer that is expressed in writing in any form to the insurer by, or on behalf of, a claimant including any of the following:

- 1. Provision of services.
- 2. Determination to rescind a policy.
- 3. Determination of a diagnosis or level of service required for evidence-based treatment of *autism spectrum disorders*.

6. An individual is determined newly eligible or newly ineligible for *advanced premium tax credit* or has a change in eligibility for *cost-sharing reductions*, regardless of whether such individual is already enrolled in a *qualified health plan*;
7. A *qualified individual* or *enrollee* gains access to new qualified health plans as a result of a permanent move;
8. Qualifying events as defined under section 603 of the Employee Retirement Income Security Act of 1974, as amended;
 - a. The qualifying events for employees are:
 - i. Voluntary or involuntary termination of employment for reasons other than gross misconduct; or
 - ii. Reduction in the number of hours of employment.
 - b. The qualifying events for spouses are:
 - i. Voluntary or involuntary termination of the covered employee's employment for any reason other than gross misconduct;
 - ii. Reduction in the hours worked by the covered employee;
 - iii. Covered employee's becoming entitled to Medicare;
 - iv. Divorce or legal separation of the covered employee; or
 - v. Death of the covered employee.
 - c. The qualifying events for dependent children are the same as for the spouse with one addition:
 - i. Loss of dependent child status under the plan rules.
9. An Indian, as defined by section 4 of the Indian Health Care Improvement Act, may enroll in a *qualified health plan* or change from one *qualified health plan* to another one time per month; or
10. A *qualified individual* or *enrollee* demonstrates to the Health Insurance Marketplace, in accordance with guidelines issued by HHS, that the individual meets other exceptional circumstances as the Health Insurance Marketplace may provide.

The Health Insurance Marketplace may provide a coverage *effective date* for a *qualified individual* earlier than specified in the paragraphs above, provided that either:

1. The *qualified individual* has not been determined eligible for *advanced premium tax credit* or *cost-sharing reductions*; or
2. The *qualified individual* pays the entire premium for the first partial month of coverage as well as all *cost sharing*, thereby waiving the benefit of *advanced premium tax credit* and *cost-sharing reduction* payments until the first of the next month.

PREMIUMS

Premium Payment

Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual Open Enrollment period.

Grace Period

When an *enrollee* is receiving a premium subsidy:

Grace Period: A grace period of 90 days will be granted for the payment of each premium due after the first premium. During the grace period, the policy continues in force.

If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if *advanced premium tax credits* are received.

We will continue to pay all appropriate claims for *covered services* rendered to the *enrollee* during the first and second month of the grace period, and may pend claims for *covered services* rendered to the *enrollee* in the third month of the grace period. We will notify HHS of the non-payment of premiums, the *enrollee*, as well as providers of the possibility of denied claims when the *enrollee* is in the third month of the grace period. We will continue to collect *advanced premium tax credits* on behalf of the *enrollee* from the Department of the Treasury, and will return the *advanced premium tax credits* on behalf of the *enrollee* for the second and third month of the grace period if the *enrollee* exhausts their grace period as described above. An *enrollee* is not eligible to re-enroll once terminated, unless an *enrollee* has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods.

When an *enrollee* is not receiving a premium subsidy:

Grace Period: A grace period of 30 days will be granted for the payment of each premium due after the first premium. During the grace period, the policy continues in force.

Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the Contract will stay in force; however, claims may pend for *covered services* rendered to the *enrollee* during the grace period. We will notify HHS, as necessary, of the non-payment of premiums, the *enrollee*, as well as providers of the possibility of denied claims when the *enrollee* is in the grace period.

Third Party Payment of Premium

Ambetter requires each *enrollee* to pay his or her premiums and this is communicated on *your* monthly billing statements. Ambetter payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting third party premiums. Consistent with CMS guidance, the following are the ONLY acceptable third parties who may pay Ambetter premiums on *your* behalf:

1. Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act;
2. Indian tribes, tribal organizations or urban Indian organizations;
3. State and Federal Government programs; or

4. Family members.

Upon discovery that premiums were paid by a person or entity other than those listed above, *we* will reject the payment and inform the *enrollee* that the payment was not accepted and that the subscription charges remain due.

Misstatement of Age

If an *enrollee's* age has been misstated, the benefits may be adjusted based on the relationship of the premium paid to the premium that should have been paid, based on the correct age.

Change or Misstatement of Residence

If *you* change *your residence*, *you* must notify the Health Insurance Marketplace of *your* new *residence* within 60 days of the change. As a result your premium may change and you may be eligible for a Special Enrollment Period. See the section on Special Enrollment Periods for more information.

Misstatement of Tobacco Use

The answer to the tobacco question on the application is material to *our* correct underwriting. If an *enrollee's use of tobacco* has been misstated on the *enrollee's* application for coverage under this *contract*, *we* have the right to redate the *contract* back to the original effective date.

Billing/Administrative Fees

Upon prior written notice, *we* may impose an administrative fee for credit card payments. This does not obligate *us* to accept credit card payments. *We* will charge a \$20 fee for any check or automatic payment deduction that is returned unpaid.

COST SHARING FEATURES

Cost Sharing Features

We will pay benefits for *Covered Services* as described in the *Schedule of Benefits* and the *Covered Services* sections of this Contract. All benefits we pay will be subject to all conditions, limitations, and cost sharing features of this Contract. Cost sharing means that you participate or share in the cost of your healthcare services by paying *Deductible* amounts, *Copayments* and *Coinsurance* for some *Covered Services*. For example, you may need to pay a *Copayment* or *Coinsurance* Amount when you visit your Physician or are admitted into the hospital. The *Copayment* or *Coinsurance* required for each type of service as well as your *Deductible* is listed in your *Schedule of Benefits*.

Copayments

Enrollees may be required to pay *Copayments* at the time of services as shown in the *Schedule of Benefits*. Payment of a *Copayment* does not exclude the possibility of an additional billing if the service is determined to be a non-covered service. *Copayments* do not apply toward the *Deductible* Amount, but do apply toward meeting the *Maximum Out-of-Pocket* amount.

Deductibles

The benefits of the Plan will be available after satisfaction of the applicable *Deductibles* as shown on your *Schedule of Benefits*. The *Deductibles* are explained as follows:

Calendar Year Deductible: The individual *Deductible amount* shown under “*Deductibles*” on your *Schedule of Benefits* must be satisfied by each *enrollee* under your coverage each Calendar Year.

This *Deductible*, unless otherwise indicated, will be applied to all categories of Eligible Service Expenses before benefits are available under the Plan.

The following are exceptions to the *Deductibles* described above:

1. If you have several covered Dependents, all charges used to apply toward an “individual” *Deductible amount* will be applied toward the “family” *Deductible amount* shown on your *Schedule of Benefits*.
2. When that family *Deductible amount* is reached, no further individual *Deductibles* will have to be satisfied for the remainder of that Calendar Year. No *enrollee* will contribute more than the individual.
3. *Deductible amounts* to the “family” *Deductible amount*.

The *deductible amount* does not include any *copayment amount*.

Coinsurance Stop–Loss Amount

Most of your Eligible Service Expense payment obligations, including Copayment Amounts, are considered *Coinsurance* Amounts and are applied to the *Coinsurance* Stop–Loss Amount maximum.

Your *Coinsurance* Stop–Loss Amount will **not** include:

- Services, supplies, or charges limited or excluded by the Plan;
- Expenses not covered because a benefit maximum has been reached;
- Any Eligible Service Expenses paid by the Primary Plan when Ambetter from Superior HealthPlan is the Secondary Plan for purposes of coordination of benefits;
- Any *Deductibles*;
- Penalties applied for failure to Preauthorize;
- Any Copayment Amounts paid under the Pharmacy Benefits; or

- Any remaining unpaid Medical–Surgical Expense in excess of the benefits provided for Covered Drugs.

Individual Coinsurance Stop–Loss Amount

When the *Coinsurance* Amount for the In–Network or Out–of–Network Benefits level for an *enrollee* in a Calendar Year equals the “individual” “*Coinsurance Stop–Loss Amount*” shown on your *Schedule of Benefits* for that level, the benefit percentages automatically increase to 100% for purposes of determining the benefits available for additional Eligible Service Expenses incurred by that *enrollee* for the remainder of that Calendar Year for that level.

Family Coinsurance Stop–Loss Amount

When the *Coinsurance* Amount for the In–Network or Out–of–Network Benefits level for all *enrollees* under your coverage in a Calendar Year equals the “family” “*Coinsurance Stop–Loss Amount*” shown on your *Schedule of Benefits* for that level, the benefit percentages automatically increase to 100% for purposes of determining the benefits available for additional Eligible Service Expenses incurred by all family *enrollees* for the remainder of that Calendar Year for that level. No *enrollee* will be required to contribute more than the individual *Coinsurance* Amount to the family *Coinsurance Stop–Loss Amount*.

Coinsurance Percentage

We will pay the applicable *coinsurance percentage* in excess of the applicable *deductible amount(s)* and *copayment amount(s)* for a service or supply that:

1. Qualifies as a *covered service expense* under one or more benefit provisions; and
2. Is received while the *enrollee's* insurance is in force under the *contract* if the charge for the service or supply qualifies as an *eligible service expense*.

When the annual out-of-pocket maximum has been met, additional *covered service expenses* will be provided or payable at 100% of the allowable expense.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *contract*;
2. A determination of *eligible service expenses*.

The applicable deductible amount(s), *coinsurance percentage*, and *copayment amounts* are shown on the *Schedule of Benefits*.

Note: The bill *you* receive for services or supplies from a non-*network provider* may be significantly higher than the *eligible service expenses* for those services or supplies. In addition to the *deductible amount*, *copayment amount*, and *coinsurance percentage*, *you* are responsible for the difference between the *eligible service expense* and the amount the provider bills *you* for the services or supplies. Any amount *you* are obligated to pay to the provider in excess of the *eligible service expense* will not apply to *your deductible amount* or out-of-pocket maximum.

Changing the Deductible

You may increase the *deductible* to an amount currently available only if enrolled through a special enrollment period. A request for an increase in the *deductible* between the first and fifteenth day of the month will become effective on the first day of the following month. Requests between the sixteenth and last day of the month will become effective on the first day of the second following month. *Your* premium will then be adjusted to reflect this change.

Coverage Under Other Policy Provisions

Charges for services and supplies that qualify as *covered service expenses* under one benefit provision will not qualify as *covered service expenses* under any other benefit provision of this *contract*.

MANAGING YOUR HEALTHCARE

Continuity of Care

In the event an enrollee is under the care of a network provider at the time such provider stops participating in the Network and at the time of the network provider's termination, the enrollee has *special circumstances* such as a (1) disability, (2) undergoing active treatment for a chronic or acute medical condition, (3) life-threatening illness, or (4) second (2nd) or third (3rd) trimester of pregnancy and is receiving treatment in accordance with the dictates of medical prudence, Ambetter will continue providing coverage for that provider's services at the In-Network Benefit level.

Special circumstances means a condition such that the treating Physician or healthcare Provider reasonably believes that discontinuing care by the treating Physician or Provider could cause harm to the enrollee. *Special circumstances* shall be identified by the treating Physician or healthcare Provider, who must request that the enrollee be permitted to continue treatment under the Physician's or Provider's care and agree not to seek payment from the enrollee of any amounts for which the enrollee would not be responsible if the Physician or Provider were still a Network Provider.

The continuity of coverage under this subsection will not extend for more than ninety (90) days, or more than nine (9) months if the enrollee has been diagnosed with a terminal illness, beyond the date the Provider's termination from the Network takes effect. However, for enrollees past the first (1st) trimester of pregnancy at the time the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery.

Primary Care Provider

All *enrollees* are encouraged to select a *primary care provider*. You may select any *network primary care provider* who is accepting new patients. You may obtain a list of *network primary care providers* at our website or by contacting our Customer Service department.

Your *network primary care provider* will assist you in coordinating all covered health services and making referrals for services to other *network providers*, if necessary. Should *medically necessary* covered healthcare services not be available through *network providers*, upon the request of a *network primary care provider*, within the time appropriate to the circumstances relating to the delivery of the healthcare services and your condition, but in no event to exceed five (5) business days after receipt of reasonably requested documentation, we shall allow a referral to a *non-network provider* and shall fully reimburse the *non-network provider* at the usual and customary rate or agreed rate.

Prior Authorization

Some *covered service expenses* require *prior authorization*. In general, *network providers* must obtain *authorization* from us prior to providing a service or supply to an *enrollee*. However, there are some *network eligible service expenses* for which you must obtain the *prior authorization*.

For services or supplies that require *prior authorization*, as shown on the *Schedule of Benefits*, you must obtain *authorization* from us before you or your dependent enrollee:

1. Receives a service or supply from a non-*network provider*;
2. Are admitted into a *network facility* by a non-*network provider*; or
3. Receive a service or supply from a *network provider* to which you or your dependent enrollee were referred by a non-*network provider*.

We suggest that *prior authorization* requests are submitted to us by phone/efax/Provider portal as follows:

1. At least 5 days prior to an elective admission as an inpatient in a Hospital, extended care or Rehabilitation facility, or Hospice facility.
2. At least 30 days prior to the initial evaluation for organ transplant services.
3. At least 30 days prior to receiving clinical trial services.
4. Within 24 hours of an admission for inpatient mental health or substance abuse treatment.
5. At least 5 days prior to the start of Home Health Care.

After *prior authorization* has been requested and all required or applicable documentation has been submitted, we will notify you and your Provider if the request has been approved as follows:

1. For services that require prior authorization, within 3 calendar days of receipt of the request.
2. For concurrent review within 24 hours of receipt of the request.
3. For post-stabilization treatment or life-threatening condition, within the timeframe appropriate to the circumstances and condition of the *enrollee*, but not to exceed one hour of receipt of the request.
4. For post-service requests, within 30 calendar days of receipt of the request.

How to Obtain Prior Authorization

To obtain *prior authorization* or to confirm that a *network provider* has obtained *prior authorization*, contact us by telephone at the telephone number listed on *your* health insurance identification card before the service or supply is provided to the *enrollee*.

Failure to Obtain Prior Authorization

Failure to comply with the *prior authorization* requirements will result in benefits being reduced.

Network providers cannot bill *you* for services for which they fail to obtain *prior authorization* as required.

Benefits will not be reduced for failure to comply with *prior authorization* requirements prior to an *emergency*. However, *you* must contact us as soon as reasonably possible after the *emergency* occurs.

Prior Authorization Does Not Guarantee Benefits

Our authorization does not guarantee either payment of benefits or the amount of benefits. If a *provider* materially misrepresents the proposed medical or healthcare services, or has substantially failed to perform the proposed medical or healthcare services, we may deny or reduce payment to the *provider*. Eligibility for and payment of benefits are subject to all terms and conditions of the *contract*.

Verification of Benefits

Your provider may request a benefit verification. We will provide one if circumstances allow us to do so. However, we are not required to verify either coverage or benefits for any particular treatment or medical expense.

A review that shows one or more of the following may cause us to invalidate the verification of benefits:

1. The verification was based on incomplete or inaccurate information initially received by us.
2. Another party has already paid or is responsible for payment of the medical expense.

On receipt of a request for verification from a provider, the Plan will issue a verification or declination not later than:

- Five calendar days after the date of receipt of the request for verification;
- If the request is related to a concurrent hospitalization, the response will be sent not later than 24 hours after receipt of the request;

- If the request is related to post-stabilization care or a life-threatening condition, the response will be sent not later than one hour after receipt of the request for verification.

The verification or declination will be delivered via telephone call, in writing, or by other means, including the Internet, and will include (1) enrollee name; (2) enrollee ID number; (3) requesting provider's name; (4) hospital or other facility name, if applicable; (5) a specific description, including relevant procedure codes, of the services that are verified or declined; (6) if the services are verified, the effective period for the verification, and any applicable *deductibles*, copayments, or *coinsurance* for which the enrollee is responsible; (7) a unique verification number; and (8) a statement that the proposed services are being verified or declined. If the verification is declined, the specific reason for the declination will be provided.

HOSPITAL BASED PROVIDERS

When receiving care at a *network hospital* or other *facility*, it is possible that some hospital-based providers (for example, anesthesiologists, radiologists, pathologists) may not be under contract with Ambetter as *network providers*. These providers may bill you for the difference between Ambetter's *eligible service expense* and the providers billed charge – this is known as “balance billing”. We encourage you to inquire about the providers who will be treating you before you begin your treatment, so you can understand their *network* status with Ambetter.

ALTHOUGH HEALTHCARE SERVICES MAY BE OR HAVE BEEN PROVIDED TO YOU AT A HEALTHCARE FACILITY THAT IS A MEMBER OF THE PROVIDER NETWORK USED BY AMBETTER, OTHER PROFESSIONAL SERVICES MAY BE OR HAVE BEEN PROVIDED AT OR THROUGH THE FACILITY BY PHYSICIANS AND OTHER MEDICAL PRACTITIONERS WHO ARE NOT MEMBERS OF THAT NETWORK. YOU MAY BE RESPONSIBLE FOR PAYMENT OF ALL OR PART OF THE FEES FOR THOSE PROFESSIONAL SERVICES THAT ARE NOT PAID OR COVERED BY AMBETTER.

COVERED HEALTHCARE SERVICES AND SUPPLIES

The Plan provides coverage for healthcare services for *you* and *your* covered dependents. Some services require *preauthorization*.

Copayment Amounts must be paid to *your network provider* at the time *you* receive services.

The benefit percentages of *your* total eligible healthcare services shown on the *Schedule of Benefits* in excess of *your copayment amounts, coinsurance amounts*, and any applicable *deductibles* shown are the Plan's obligation. The remaining unpaid Medical–Surgical Expense in excess of the *copayment amounts, coinsurance* Amounts, and any *deductibles* is *your* obligation to pay.

To calculate *your* benefits, subtract any applicable *copayment amounts* and *deductibles* from *your* total eligible Medical–Surgical Expense and then multiply the difference by the benefit percentage shown on *your Schedule of Benefits*. Most remaining unpaid healthcare services in excess of the *copayment amounts* and *deductible* is *your coinsurance* amount.

Acquired Brain Injury Services

Benefits for eligible service expenses incurred for *medically necessary* treatment of an *Acquired Brain Injury* will be determined on the same basis as treatment for any other physical condition. Cognitive rehabilitation therapy, cognitive communication therapy, neurocognitive therapy and rehabilitation; neurobehavioral, neuropsychological, neurophysiological and psychophysiological testing and treatment; neurofeedback therapy, remediation, post–acute transition services and community reintegration services, including outpatient day treatment services, or any other post–acute treatment services are covered, if such services are necessary as a result of and related to an *Acquired Brain Injury*.

Treatment for an *Acquired Brain Injury* may be provided at a hospital, an acute or post–acute rehabilitation hospital, an assisted living facility or any other facility at which appropriate *services* or *therapies* may be provided. *Service* means the work of testing, treatment, and providing therapies to an individual with an *Acquired Brain Injury*. *Therapy* means the scheduled remedial treatment provided through direct interaction with the individual to improve a pathological condition resulting from an *Acquired Brain Injury*.

To ensure that appropriate post–acute care treatment is provided, this Plan includes coverage for reasonable expenses related to periodic reevaluation of the care of an individual covered who:

1. Has incurred an *Acquired Brain Injury*;
2. Has been unresponsive to treatment; and
3. Becomes responsive to treatment at a later date.

Treatment goals for services may include the maintenance of functioning or the prevention of or slowing of further deterioration.

Ambulance Services

Covered service expenses will include ambulance services for local transportation:

1. To the nearest *hospital* that can provide services appropriate to the *enrollee's illness* or *injury*, in cases of *emergency*.
2. To the nearest neonatal special care unit for newborn infants for treatment of *illnesses, injuries*, congenital birth defects, or complications of premature birth that require that level of care.
3. Transportation between hospitals or between a hospital and skilled nursing or rehabilitation facility when authorized by Ambetter from Superior HealthPlan.

Benefits for air ambulance services are limited to:

1. Services requested by police or medical authorities at the site of an *emergency*.
2. Those situations in which the *enrollee* is in a location that cannot be reached by ground ambulance.

Exclusions:

No benefits will be paid for:

1. Expenses incurred for ambulance services covered by a local governmental or municipal body, unless otherwise required by law.
2. Non-*emergency* air ambulance.
3. Air ambulance:
 - a. Outside of the 50 United States and the District of Columbia;
 - b. From a country or territory outside of the United States to a location within the 50 United States or the District of Columbia; or
 - c. From a location within the 50 United States or the District of Columbia to a country or territory outside of the United States.
4. Ambulance services provided for an *enrollee's* comfort or convenience.
5. Non-emergency transportation excluding ambulances.

Autism Spectrum Disorder Benefits

Generally recognized services prescribed in relation to Autism Spectrum Disorder by the *enrollee's* Physician or Behavioral Health Practitioner in a treatment plan recommended by that Physician or Behavioral Health Practitioner.

Individuals providing treatment prescribed under that plan must be a healthcare practitioner:

- who is licensed, certified, or registered by an appropriate agency of the state of Texas;
- whose professional credential is recognized and accepted by an appropriate agency of the United States; or
- who is certified as a provider under the TRICARE military health system.

For purposes of this section, generally recognized services may include services such as:

- evaluation and assessment services;
- applied behavior analysis;
- behavior training and behavior management;
- speech therapy;
- occupational therapy;
- physical therapy; or
- medications or nutritional supplements used to address symptoms of Autism Spectrum Disorder.

Eligible Service Expenses, as otherwise covered under this contract, will be available. All provisions of this contract will apply, including but not limited to, defined terms, limitations and exclusions, Preauthorization and benefit maximums.

Mental Health and Substance Use Disorder Benefits

You do not need a referral from your PCP in order to initiate treatment. *Deductible* amounts, copayment or *coinsurance* amounts, and treatment limits for covered mental health and substance use disorder benefits will be applied in the same manner as physical health service benefits. Mental health services will be provided on an inpatient and outpatient basis and include treatable mental disorders such as severe mental illness and stress related conditions. These disorders affect the *enrollee's* ability to cope with the requirements of daily living.

Covered services for mental health and substance use disorder are included on a non-discriminatory basis for all *enrollees* for the diagnosis and treatment of mental, emotional, and substance use disorders as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM) of the American Psychiatric Association and the most current version of the International Statistical Classification of Diseases and Related Health Problems (ICD). When making coverage determinations, Ambetter utilizes established level of care guidelines and medical necessity criteria that are based on currently accepted standards of practice and take into account legal and regulatory requirements. We utilize Interqual criteria for mental health determinations and American Society of Addiction Medicine (ASAM) criteria for substance use disorder determinations. Services should always be provided in the least restrictive clinically appropriate setting. Any determination that requested services are not *medically necessary* will be made by a qualified licensed mental health professional.

Covered Inpatient and Outpatient mental health and substance use disorder services are as follows:

Inpatient

1. Inpatient Psychiatric Hospitalization;
2. Inpatient detoxification treatment;
3. Observation;
4. Crisis Stabilization;
5. Inpatient Rehabilitation;
6. Residential Treatment facility for mental health and substance abuse; and
7. Electroconvulsive Therapy (ECT).

Outpatient

1. Individual and group mental health evaluation and treatment;
2. Partial Hospitalization Program (PHP);
3. Medication Management services;
4. Psychological and Neuropsychological testing and assessment;
5. Applied Behavior Analysis (ABA) for a covered Dependent child;
6. Telemedicine;
7. Electroconvulsive Therapy (ECT);
8. Intensive Outpatient Program (IOP);
9. Mental Health day treatment;
10. Outpatient detoxification programs; and
11. Outpatient rehabilitation treatment.

Expenses for these services are covered, if *medically necessary* and may be subject to *prior authorization*. Please see the *Schedule of Benefits* for more information regarding services that require *prior authorization* and specific benefit, day or visit limits, if any.

Emergency Care and Treatment of Accidental Injury

Benefits for Emergency Care and Treatment of Accidental Injury

The Plan provides coverage for medical emergencies wherever they occur. Examples of medical emergencies are unusual or excessive bleeding, broken bones, acute abdominal or chest pain, unconsciousness, convulsions, difficult breathing, suspected heart attack, sudden persistent pain, severe or multiple injuries or burns, and poisonings.

If reasonably possible, contact your Network Provider or Behavioral Health Practitioner before going to the Hospital emergency room/treatment room. They can help you determine if you need Emergency Care

or treatment of an Accidental Injury and recommend that care. If not reasonably possible, go to the nearest emergency facility, whether or not the facility is in the Network.

Whether you require hospitalization or not, you should notify your Network Provider or Behavioral Health Practitioner within 48 hours, or as soon as reasonably possible, of any emergency medical treatment so he or she can recommend the continuation of any necessary medical services.

All treatment received from a *non-network provider* for an emergency medical condition prior to stabilization, and including services originating in an emergency facility following treatment or stabilization of an emergency medical condition, will be treated as *covered services* received from a *network provider*.

Treatment provided by *non-network providers* after stabilization of the emergency medical condition, and not originating in the emergency facility, requires prior authorization. We will facilitate transfer to a network facility for necessary inpatient care following stabilization of an emergency medical condition treated at a non-network facility. Please notify us as soon as reasonably possible upon receiving treatment for an emergency medical condition. Unless authorized by *us*, services received from a *non-network provider* following stabilization of an emergency medical condition are not *covered services*.

Benefits for Urgent Care

Benefits for Eligible Service Expenses for Urgent Care will be determined as shown on your *Schedule of Benefits*. A Copayment Amount, in the amount indicated on your *Schedule of Benefits*, will be required for each Urgent Care visit. Urgent Care means the delivery of medical care in a facility dedicated to the delivery of scheduled or unscheduled, walk-in care outside of a hospital emergency room/treatment room department or provider's office. The necessary medical care is for a condition that is not life-threatening.

Habilitation, Rehabilitation, and Extended Care Facility Expense Benefits

Covered service expenses include services provided or expenses incurred for *habilitation* or *rehabilitation* services or confinement in an *extended care facility*, subject to the following limitations:

1. *Covered service expenses* available to an *enrollee* while confined primarily to receive *habilitation* or *rehabilitation* are limited to those specified in this provision.
2. *Rehabilitation* services or confinement in a *rehabilitation facility* or *extended care facility* must begin within 14 days of a *hospital* stay of at least 3 consecutive days and be for treatment of, or *rehabilitation* related to, the same *illness* or *injury* that resulted in the *hospital* stay.
3. *Covered service expenses* for *provider facility* services are limited to charges made by a *hospital*, *rehabilitation facility*, or *extended care facility* for:
 - a. Daily room and board and nursing services.
 - b. Diagnostic testing.
 - c. Drugs and medicines that are prescribed by a *provider*, filled by a licensed pharmacist, and approved by the U.S. Food and Drug Administration.
4. *Covered service expenses* for non-*provider facility* services are limited to charges incurred for the professional services of *rehabilitation licensed practitioners*.
5. Outpatient physical therapy, occupational therapy, and speech therapy.

See the *Schedule of Benefits* for benefit levels or additional limits.

Care ceases to be *rehabilitation* upon *our* determination of any of the following:

1. The *enrollee* has reached *maximum therapeutic benefit*.
2. Further treatment cannot restore bodily function beyond the level the *enrollee* already possesses.
3. There is no measurable progress toward documented goals.

4. Care is primarily *custodial care*.

6. Rental of *medically necessary* durable medical equipment.
7. Sleep Studies

Charges under (4) are *covered service expenses* to the extent they would have been *covered service expenses* during an *inpatient hospital* stay.

At *our* option, *we* may authorize the purchase of the equipment in lieu of its rental if the rental price is projected to exceed the equipment purchase price, but only from a provider *we* authorize before the purchase.

Please refer to the *Schedule of Benefits* for *cost sharing*, and any limitations associated with this benefit.

Exclusion:

No benefits will be payable for charges related to *respite care*, *custodial care*, or educational care.

Under federal law, health insurance issuers generally may not restrict benefits otherwise provided for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following an uncomplicated vaginal delivery or less than 96 hours following an uncomplicated delivery by cesarean section. However, we may provide benefits for *covered service expenses* incurred for a shorter stay if the attending provider (e.g., *your* provider, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.
- d. The level of benefits and out-of-pocket costs for any later part of the 48-hour (or 96-hour) stay will not be less favorable to the mother or newborn than any earlier part of the stay. We do not require that a physician or other healthcare provider obtain *authorization* for prescribing a length of stay of up to 48 hours (or 96 hours).

Note: This provision does not amend the *contract* to restrict any terms, limits, or conditions that may otherwise apply to *covered service expenses* for childbirth. This provision also does not require an *enrollee* who is eligible for coverage under a health benefit plan to:

If an *enrollee* chooses a *network provider*, he or she will only be responsible for the applicable co-payment for the consultation. Any lab tests and/or diagnostic and therapeutic services are subject to the additional co-payment. If a second medical opinion is obtained by a *non-network provider*, *prior authorization* must be obtained before services are considered an *eligible service expense*. If *prior authorization* is not obtained for a second medical opinion from a *non-network provider*, you will be responsible for the related expenses.

Clinical Trial Coverage

There must be equal to or superior, non-investigational treatment alternatives and the available clinical or preclinical data must provide a reasonable expectation that the treatment will be superior to the non-investigational alternatives.

Providers participating in clinical trials shall obtain a patient's informed consent for participation in the clinical trial in a manner that is consistent with current legal and ethical standards. Such documents shall be made available to *us* upon request.

Formulary means our list of covered drugs available on our website at Ambetter.SuperiorHealthPlan.com or by calling our Customer Service department. The drug Formulary (approved drug list) is a list of Prescription Drugs that are covered by this Policy. The Formulary includes drugs for a variety of disease states and conditions. Periodically, the Formulary is reviewed and updated to assure that the most current and clinically appropriate drug therapies are being used. Sometimes it is *medically necessary* for an *enrollee* to use a drug that is not on the Formulary, or has been removed from the Formulary. When this occurs, the prescribing Provider may request an exception for coverage through our Customer Service department. For a list of covered drugs please visit Ambetter.SuperiorHealthPlan.com or contact our Customer Service department.

The appropriate drug choice for an *enrollee* is a determination that is best made by the *enrollee* and his or her *physician*.

Coverage is provided for any *prescription drug* that was approved or covered under the plan Formulary for a medical condition or mental illness, regardless of whether the drug has been removed from the plan's drug Formulary, at the contracted benefit level until the plan renewal date.

To exercise this right, please get in touch with your *medical practitioner*. Your *medical practitioner* can utilize the usual *prior authorization* request process. See "*Prior Authorization*" below for additional details.

Prescription Drug Exception Process

Standard exception request

An *enrollee*, an *enrollee's* designee or an *enrollee's* prescribing *provider* may request a standard review of a decision that a drug is not covered by the plan. The request can be made in writing or via telephone. Within 72 hours of the request being received, we will provide the *enrollee*, the *enrollee's* designee or the *enrollee's* prescribing *provider* with our coverage determination. If we do not deny a standard exception request within 72 hours, the request is considered granted. Expedited exception request

An *enrollee*, an *enrollee's* designee or an *enrollee's* prescribing *provider* may request an expedited review based on exigent circumstances. Within 24 hours of the request being received, we will provide the *enrollee*, the *enrollee's* designee or the *enrollee's* prescribing *provider* with our coverage determination. If we do not deny an expedited exception request within 24 hours, the request is considered granted. Should the expedited exception request be granted, we will provide coverage of the non-formulary drug for the duration of the exigency.

External exception request review

If we deny a request for a standard exception or for an expedited exception, the *enrollee*, the *enrollee's* designee or the *enrollee's* prescribing *provider* may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. We will make our determination on the external exception request and notify the *enrollee*, the *enrollee's* designee or the *enrollee's* prescribing *provider* of our coverage determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception.

If we grant an external exception review of a standard exception request, we will provide coverage of the non-formulary drug for the duration of the prescription. If we grant an external exception review of an expedited exception request, we will provide coverage of the non-formulary drug for the duration of the exigency.

We will refund any premium paid and not earned due to *policy* termination. *You* may cancel the policy at any time by written notice, delivered or mailed to the Exchange, or if an off-exchange *enrollee* by written notice, delivered or mailed to *us*. Such cancellation shall become effective upon receipt, or on such later date specified in the notice. If *you* cancel, *we* shall promptly return any unearned portion of the premium paid, but in any event shall return the unearned portion of the premium within 30 days. The earned premium shall be computed on a pro-rata basis. Cancellation shall be without prejudice to any claim originating prior to the effective date of the cancellation.

Discontinuance

90-Day Notice: If *we* discontinue offering and decide not to renew all contracts issued on this form, with the same type and level of benefits, for all residents of the state where *you* reside, *we* will provide a written notice to *you* at least 90 days prior to the date that *we* discontinue coverage. *You* will be offered an option to purchase any other coverage in the individual market *we* offer in *your* state at the time of discontinuance of this *contract*. This option to purchase other coverage will be on a guaranteed issue basis without regard to health status.

180-Day Notice: If *we* discontinue offering and decide not to renew all individual contracts in the individual market in the state where *you* reside, *we* will provide a written notice to *you* and the Commissioner of Insurance at least 180 days prior to the date that *we* stop offering and terminate all existing individual contracts in the individual market in the state where *you* reside.

Portability Of Coverage

If a person ceases to be an *enrollee* due to the fact that the person no longer meets the definition of *dependent enrollee* under the *contract*, the person will be eligible for continuation of coverage. If elected, *we* will continue the person's coverage under the *contract* by issuing an individual policy. The premium rate applicable to the new policy will be determined based on the residence of the person continuing coverage. All other terms and conditions of the new policy, as applicable to that person, will be the same as this *contract*, subject to any applicable requirements of the State in which that person resides. Any *deductible amounts* and maximum benefit limits will be satisfied under the new contract to the extent satisfied under this *contract* at the time that the continuation of coverage is issued. (If the original coverage contains a family *deductible* which must be met by all *enrollees* combined, only those expenses incurred by the *enrollee* continuing coverage under the new contract will be applied toward the satisfaction of the *deductible amount* under the new contract.)

If an *enrollee's* coverage terminates due to a change in marital status, *you* may be issued coverage that most nearly approximates the coverage of the *policy* which was in effect prior to the change in marital status.

Notification Requirements

It is the responsibility of *you* or *your* former *dependent enrollee* to notify *us* within 31 days of *your* legal divorce or *your dependent enrollee's* marriage. *You* must notify *us* of the address at which their continuation of coverage should be issued.

2. The written application for reinstatement is accompanied by the required premium payment.

Premium accepted for reinstatement may be applied to a period for which premium had not been paid. The period for which back premium may be required will not begin more than 60 days before the date of reinstatement.

The Rescissions provision will apply to statements made on the reinstatement application, based on the date of reinstatement.

Changes may be made in *your contract* in connection with the reinstatement. These changes will be sent to *you* for *you* to attach to *your contract*. In all other respects, *you* and *we* will have the same rights as before *your contract* lapsed.

Benefits After Coverage Terminates

Benefits for *covered service expenses* incurred after an *enrollee* ceases to be covered are provided for certain *illnesses* and *injuries*. However, benefits are not provided if this *contract* is terminated because of:

1. A request by *you*;
2. Fraud or material misrepresentation on *your* part; or
3. *Your* failure to pay premiums.

The *illness* or *injury* must cause a *period of extended loss*. The *period of extended loss* must begin before coverage of the *enrollee* ceases under this *contract*. Benefits are not provided for *covered service expenses* incurred after the *period of extended loss* ends.

In addition to the above, if this *contract* is terminated because *we* refuse to renew all contracts issued on this form, with the same type and level of benefits, to residents of the state where *you* live, termination of this *contract* will not prejudice a claim for a *continuous loss* that begins before coverage of the *enrollee* ceases under this *contract*. In this event, benefits will be extended for that *illness* or *injury* causing the *continuous loss*, but not beyond the earlier of:

1. The date the *continuous loss* ends; or
2. 12 months after the date renewal is declined.

THIRD PARTY LIABILITY AND COORDINATION OF BENEFITS

If an *enrollee's illness or injury* is caused by the acts or omissions of a *third party*, we will not cover a *loss* to the extent that it is paid as part of a settlement or judgment by any *third party*.

However, if payment by or for the *third party* has not been made by the time we receive acceptable *proof of loss*, we will pay regular *contract* benefits for the *enrollee's loss*. We will have the right to be reimbursed to the full extent permitted by Texas law for benefits we provided or paid for the *illness or injury* if the *enrollee* subsequently receives any payment from any *third party*. The *enrollee* (or the guardian, legal representatives, estate, or heirs of the *enrollee*) shall promptly reimburse us from the settlement, judgment, or any payment received from any *third party*.

As a condition for *our* payment, the *enrollee* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with *us* in order to obtain information about the *loss* and its cause.
2. To immediately inform *us* in writing of any claim made or lawsuit filed on behalf of an *Enrollee* in connection with the *loss*.
3. To include the amount of benefits paid by *us* on behalf of an *enrollee* in any claim made against any *third party*.
4. That we:
 - a. Will have a lien on all money received by an *enrollee* in connection with the *loss* we have provided or paid to the extent permitted by Texas law.
 - b. May give notice of that lien to any *third party* or *third party's* agent or representative.
 - c. Will have the right to intervene in any suit or legal action to protect *our* rights.
 - d. Are subrogated to all of the rights of the *enrollee* against any *third party* to the extent permitted by Texas law of the benefits paid on the *enrollee's* behalf.
 - e. May assert that subrogation right independently of the *enrollee*.
5. To take no action that prejudices *our* reimbursement and subrogation rights.
6. To sign, date, and deliver to *us* any documents we request that protect *our* reimbursement and subrogation rights.
7. To not settle any claim or lawsuit against a *third party* without providing *us* with written notice within 30 days prior to the settlement.
8. To reimburse *us* from any money received from any *third party*, to the extent permitted by Texas law for benefits we paid for the *illness or injury*, whether obtained by settlement, judgment, or otherwise, and whether or not the third party's payment is expressly designated as a payment for medical expenses.
9. That we may reduce other benefits under the contract by the amounts an *enrollee* has agreed to reimburse *us*.

Furthermore, as a condition of *our* payment, we may require the *enrollee* or the *enrollee's* guardian (if the *enrollee* is a minor or legally incompetent) to execute a written reimbursement agreement. However, the terms of this provision remain in effect regardless of whether or not an agreement is actually signed.

We have a right to be reimbursed in full regardless of whether or not the *enrollee* is fully compensated by any recovery received from any *third party* by settlement, judgment, or otherwise.

In the event of a recovery from a third party, we will pay attorney fees or costs associated with the *enrollee's* claim or lawsuit only to the extent required by Texas law unless otherwise agreed.

If a dispute arises as to the amount an *enrollee* must reimburse *us*, the *enrollee* (or the guardian, legal representatives, estate, or heirs of the *enrollee*) agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by *us* until the dispute is resolved.

COORDINATION OF THIS CONTRACT'S BENEFITS WITH OTHER BENEFITS

The Coordination of Benefits (COB) provision applies when a person has healthcare coverage under more than one plan. Plan is defined below.

The order of benefit determination rules govern the order in which each plan will pay a claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accord with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans equal 100 percent of the total allowable expense.

DEFINITIONS

- (a) A "plan" is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
- (1) Plan includes: group, blanket, or franchise accident and health insurance policies, excluding disability income protection coverage; individual and group health maintenance organization evidences of coverage; individual accident and health insurance policies; individual and group preferred provider benefit plans and exclusive provider benefit plans; group insurance contracts, individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; medical care components of individual and group long-term care contracts; limited benefit coverage that is not issued to supplement individual or group in-force policies; uninsured arrangements of group or group-type coverage; the medical benefits coverage in automobile insurance contracts; and Medicare or other governmental benefits, as permitted by law.
- (2) Plan does not include: disability income protection coverage; the Texas Health Insurance Pool; workers' compensation insurance coverage; hospital confinement indemnity coverage or other fixed indemnity coverage; specified disease coverage; supplemental benefit coverage; accident only coverage; specified accident coverage; school accident-type coverages that cover students for accidents only, including athletic injuries, either on a "24-hour" or a "to and from school" basis; benefits provided in long-term care insurance contracts for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services; Medicare supplement policies; a state plan under Medicaid; a governmental plan that, by law, provides benefits that are in excess of those of any private insurance plan; or other nongovernmental plan; or an individual accident and health insurance policy that is designed to fully integrate with other policies through a variable *deductible*.

Each contract for coverage under (a)(1) or (a)(2) is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

- (b) This plan" means, in a COB provision, the part of the contract providing the healthcare benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any

other part of the contract providing healthcare benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with like benefits, and may apply other separate COB provisions to coordinate other benefits.

The order of benefit determination rules determine whether this plan is a primary plan or secondary plan when the person has healthcare coverage under more than one plan. When this plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan's benefits. When this plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that all plan benefits equal 100 percent of the total allowable expense.

- (c) "Allowable expense" is a healthcare expense, including *deductibles*, *coinsurance*, and *copayments*, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense. In addition, any expense that a healthcare provider or physician by law or in accord with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

- (1) The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.
 - (2) If a person is covered by two or more plans that do not have negotiated fees and compute their benefit payments based on the usual and customary fees, *allowed amounts*, or relative value schedule reimbursement methodology, or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
 - (3) If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
 - (4) If a person is covered by one plan that does not have negotiated fees and that calculates its benefits or services based on usual and customary fees, *allowed amounts*, relative value schedule reimbursement methodology, or other similar reimbursement methodology, and another plan that provides its benefits or services based on negotiated fees, the primary plan's payment arrangement must be the allowable expense for all plans. However, if the healthcare provider or physician has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the healthcare provider's or physician's contract permits, the negotiated fee or payment must be the allowable expense used by the secondary plan to determine its benefits.
 - (5) The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, *prior authorization* of admissions, and preferred healthcare provider and physician arrangements.
- (d) "Allowed amount" is the amount of a billed charge that a carrier determines to be covered for services provided by a non-preferred healthcare provider or physician. The allowed amount includes both the

carrier's payment and any applicable *deductible*, copayment, or *coinsurance* amounts for which the insured is responsible.

- (e) "Closed panel plan" is a plan that provides healthcare benefits to covered persons primarily in the form of services through a panel of healthcare providers and physicians that have contracted with or are employed by the plan, and that excludes coverage for services provided by other healthcare providers and physicians, except in cases of emergency or referral by a panel member.
- (f) "Custodial parent" is the parent with the right to designate the primary residence of a child by a court order under the Texas Family Code or other applicable law, or in the absence of a court order, is the parent with whom the child resides more than one-half of the calendar year, excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more plans, the rules for determining the order of benefit payments are as follows:

- (a) The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other plan.
- (b) Except as provided in (c), a plan that does not contain a COB provision that is consistent with this policy is always primary unless the provisions of both plans state that the complying plan is primary.
- (c) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage must be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- (d) A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.
- (e) If the primary plan is a closed panel plan and the secondary plan is not, the secondary plan must pay or provide benefits as if it were the primary plan when a covered person uses a noncontracted healthcare provider or physician, except for emergency services or *authorized* referrals that are paid or provided by the primary plan.
- (f) When multiple contracts providing coordinated coverage are treated as a single plan under this subchapter, this section applies only to the plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides benefits under the plan, the carrier designated as primary within the plan must be responsible for the plan's compliance with this subchapter.
- (g) If a person is covered by more than one secondary plan, the order of benefit determination rules of this subchapter decide the order in which secondary plans' benefits are determined in relation to each other. Each secondary plan must take into consideration the benefits of the primary plan or plans and the benefits of any other plan that, under the rules of this contract, has its benefits determined before those of that secondary plan.

- (h) Each plan determines its order of benefits using the first of the following rules that apply.
- (1) Nondependent or Dependent. The plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber, or retiree, is the primary plan, and the plan that covers the person as a dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent and primary to the plan covering the person as other than a dependent, then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, policyholder, subscriber, or retiree is the secondary plan and the other plan is the primary plan. An example includes a retired employee.
 - (2) Dependent Child Covered Under More Than One Plan. Unless there is a court order stating otherwise, plans covering a dependent child must determine the order of benefits using the following rules that apply.
 - (A) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (i) The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
 - (ii) If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
 - (B) For a dependent child whose parents are divorced, separated, or not living together, whether or not they have ever been married:
 - (i) if a court order states that one of the parents is responsible for the dependent child's healthcare expenses or healthcare coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree.
 - (ii) if a court order states that both parents are responsible for the dependent child's healthcare expenses or healthcare coverage, the provisions of (h)(2)(A) must determine the order of benefits.
 - (iii) if a court order states that the parents have joint custody without specifying that one parent has responsibility for the healthcare expenses or healthcare coverage of the dependent child, the provisions of (h)(2)(A) must determine the order of benefits.
 - (iv) if there is no court order allocating responsibility for the dependent child's healthcare expenses or healthcare coverage, the order of benefits for the child are as follows:
 - (I) the plan covering the custodial parent;
 - (II) the plan covering the spouse of the custodial parent;
 - (III) the plan covering the noncustodial parent; then
 - (IV) the plan covering the spouse of the noncustodial parent.
 - (C) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of (h)(2)(A) or (h)(2)(B) must determine the order of benefits as if those individuals were the parents of the child.
 - (D) For a dependent child who has coverage under either or both parents' plans and has his or her own coverage as a dependent under a spouse's plan, (h)(5) applies.

(E) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits must be determined by applying the birthday rule in (h)(2)(A) to the dependent child's parent(s) and the dependent's spouse.

- (3) Active, Retired, or Laid-off Employee. The plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan that covers that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the plan that covers the same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if (h)(1) can determine the order of benefits.
- (4) COBRA or State Continuation Coverage. If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber, or retiree or covering the person as a dependent of an employee, member, subscriber, or retiree is the primary plan, and the COBRA, state, or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if (h)(1) can determine the order of benefits.
- (5) Longer or Shorter Length of Coverage. The plan that has covered the person as an employee, member, policyholder, subscriber, or retiree longer is the primary plan, and the plan that has covered the person the shorter period is the secondary plan.
- (6) If the preceding rules do not determine the order of benefits, the allowable expenses must be shared equally between the plans meeting the definition of plan. In addition, this plan will not pay more than it would have paid had it been the primary plan.

EFFECT ON THE BENEFITS OF THIS PLAN

- (a) When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans are not more than the total allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other healthcare coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim equal 100 percent of the total allowable expense for that claim. In addition, the secondary plan must credit to its plan *deductible* any amounts it would have credited to its *deductible* in the absence of other healthcare coverage.
- (b) If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a nonpanel provider, benefits are not payable by one closed panel plan, COB must not apply between that plan and other closed panel plans.

COMPLIANCE WITH FEDERAL AND STATE LAWS CONCERNING CONFIDENTIAL INFORMATION

Certain facts about healthcare coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and other plans. Rawlings or HMS will comply with federal and state law concerning confidential information for the purpose of applying these rules and determining benefits

payable under this plan and other plans covering the person claiming benefits. Each person claiming benefits under this plan must give Rawlings or HMS any facts it needs to apply those rules and determine benefits.

FACILITY OF PAYMENT

A payment made under another plan may include an amount that should have been paid under this plan. If it does, Rawlings or HMS may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this plan. Rawlings or HMS will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Rawlings or HMS is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

ENROLLEE CLAIM REIMBURSEMENT

Notice of Claim

We must receive a request for reimbursement through receipt of a claim within 90 days of the date of service.

Claim Forms

The insurer, on receipt of a notice of claim, will provide to the claimant the forms usually provided by the insurer for filing proof of loss. If the forms are not provided before the 16th day after the date of the notice, the claimant shall be considered to have complied with the requirements of this policy as to proof of loss on submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character, and the extent of the loss for which the claim is made.

Proof of Loss

For a claim for loss for which this policy provides any periodic payment contingent on continuing loss, a written proof of loss must be provided to the insurer at the insurer's designated office before the 91st day after the termination of the period for which the insurer is liable. For a claim for any other loss, a written proof of loss must be provided to the insurer at the insurer's designated office before the 91st day after the date of the loss. Failure to provide the proof within the required time does not invalidate or reduce any claim if it was not reasonably possible to give proof within the required time. In that case, the proof must be provided as soon as reasonably possible but not later than one year after the time proof is otherwise required, except in the event of a legal incapacity.

Time of Payment of Claims

Indemnities payable under this policy for any loss, other than a loss for which this policy provides any periodic payment, will be paid immediately on receipt of due written proof of the loss. Subject to due written proof of loss, all accrued indemnities for a loss for which this policy provides periodic payment will be paid monthly and any balance remaining unpaid on termination of liability will be paid immediately on receipt of due written proof of loss.

Payment of Claims

Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting indemnity payments that may be prescribed in this policy and effective at the time of payment. If such a designation or provision is not then effective, the indemnity will be payable to the insured's estate. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either in accordance with the beneficiary designation or to the insured's estate. All other indemnities will be payable to the insured.

All benefits payable under this policy on behalf of a dependent child insured by this policy for which benefits for financial and medical assistance are being provided by the Texas Department of Human Services shall be paid to said department whenever:

1. The Texas Department of Human Services is paying benefits under the Human Resources Code, Chapter 31 or Chapter 32, i.e., financial and medical assistance service programs administered pursuant to the Human Resources Code;
2. The parent who purchased the individual policy has possession or access to the child pursuant to a court order, or is not entitled to access or possession of the child and is required by the court to pay child support; and
3. The insurer or group nonprofit hospital service company must receive at its home office, written notice affixed to the insurance claim when the claim is first submitted, and the notice must state

that all benefits paid pursuant to this section must be paid directly to the Texas Department of Human Services.

Foreign Claims Incurred for Emergency Care

Claims incurred outside of the United States for emergency care and treatment of an *enrollee* must be submitted in English or with an English translation. Foreign claims must also include the applicable medical records in English to show proper proof of loss and evidence of payment to the provider.

COMPLAINT AND APPEAL PROCEDURES

Complaint Process

“Complaint” means any dissatisfaction expressed by *you* orally or in writing to *us* with any aspect of *our* operation, including but not limited to: dissatisfaction with plan administration; procedures related to review or appeal of an Adverse Determination; the denial, reduction, or termination of a service for reasons not related to medical necessity; the way a service is provided; or disenrollment decisions. An *enrollee* has 180 days from the date of the incident to file an appeal. Complaints are considered standard unless they concern an emergency or denial of continued stay for hospitalization, in which case they will be considered expedited.

If *you* notify *us* orally or in writing of a Complaint, *we* will, not later than the fifth business day after the date of the receipt of the Complaint, send to *you* a letter acknowledging the date *we* received *your* Complaint. If the Complaint was received orally, *we* will enclose a one-page Complaint form to be returned to *us*.

After receipt of the written or oral Complaint from *you*, *we* will investigate and send *you* a letter with our resolution. The total time for acknowledging, investigating and resolving a standard Complaint will not exceed thirty (30) calendar days after the date *we* receive *your* Complaint.

An expedited Complaint concerning an Emergency or denial of continued stay for hospitalization will be resolved in one business day of receipt of *your* Complaint. The investigation and resolution shall be concluded in accordance with the medical immediacy of the case and we will send you a letter with our resolution within three (3) business days.

You may use the appeals process to resolve a dispute regarding the resolution of *your* Complaint.

Complaint Appeals to the Plan

1. If the Complaint is not resolved to *your* satisfaction, *you* have the right either to appear in person before a Complaint appeal panel where *you* normally receive healthcare services, unless another site is agreed to by *you*, or to address a written appeal to the Complaint appeal panel. *We* shall complete the appeals process not later than the thirtieth (30th) calendar day after the date of the receipt of the request for appeal.
2. *We* shall send an acknowledgment letter to *you* not later the fifth (5th) day after the date of receipt of the request of the appeal.
3. *We* shall appoint members to the Complaint appeal panel, which shall advise *us* on the resolution of the dispute. The Complaint appeal panel shall be composed of an equal number of our staff, providers, and enrollees. A member of the appeal panel may not have been previously involved in the disputed decision.
4. Not later than the fifth business day before the scheduled meeting of the panel, unless *you* agree otherwise, *we* shall provide to *you* or *your* designated representative:
 - a. any documentation to be presented to the panel by our staff;
 - b. the specialization of any providers consulted during the investigation; and
 - c. the name and affiliation of each of our representatives on the panel.
5. *You*, or *your* designated representative if *you* are a minor or disabled, are entitled to:
 - a. appear in person before the Complaint appeal panel;
 - b. present alternative expert testimony; and
 - c. request the presence of and question any person responsible for making the prior determination that resulted in the appeal.

6. Investigation and resolution of appeals relating to ongoing emergencies or denial of continued stays for hospitalization shall be concluded in accordance with the medical immediacy of the case but in no event to exceed one business day after *your* request for appeal.
7. Due to the ongoing Emergency or continued Hospital stay, and at *your* request, *we* shall provide, in lieu of a Complaint appeal panel, a review by a provider who has not previously reviewed the case and is of the same or similar specialty as typically manages the medical condition, procedure, or treatment under discussion for review of the appeal.
8. Notice of *our* final decision on the appeal must include a statement of the specific medical determination, clinical basis, and contractual criteria used to reach the final decision.

Appeal of Adverse Determination

An "Adverse Determination" is a decision that is made by *us* or *our* Utilization Review Agent that the healthcare services furnished or proposed to be furnished to you are not *medically necessary* or appropriate.

If *you, your* designated representative, or *your* provider of record disagree with the Adverse Determination, you, your designated representative, or *your* provider may appeal the Adverse Determination orally or in writing.

Within five (5) business days after receiving a written appeal of the Adverse Determination, *we* or *our* Utilization Review Agent will send *you, your* designated representative, or *your* Provider, a letter acknowledging the date of receipt of the appeal. The letter will also include a list of documents that *you, your* designated representative, or your provider should send to *us* or to our Utilization Review Agent for the appeal.

If *you, your* designated representative, or *your* provider orally appeal the Adverse Determination, *we* or our Utilization Review Agent will send *you, your* designated representative, or *your* provider a one-page appeal form. *You* are not required to return the completed form, but *we* encourage *you* to because it will help *us* resolve *your* appeal.

Expedited Appeals of Adverse Determinations involving ongoing emergencies or denials of continued stays in a Hospital will be resolved no later than one (1) working day from the date all information necessary to complete the appeal is received.

You can also request an expedited appeal for an urgent care denial. We will answer your appeal for urgent care within three (3) days of your request. You can request an expedited appeal for urgent care if:

- You think the denial could seriously hurt your life or health.
- Your provider thinks that you will experience severe pain without the denied care or treatment.

All other appeals will be resolved no later than thirty (30) calendar days after the date *we* or our Utilization Review Agent receives the appeal.

External Review by Independent Review Organization

If the appeal of the Adverse Determination is denied, *you, your* designated representative, or *your* provider of record have the right to request a review of that decision by an Independent Review Organization (IRO). When *we* or our Utilization Review Agent deny the appeal, *you, your* designated representative or *your* provider will receive information on how to request an IRO review of the denial and the forms that must be completed and returned to begin the independent review process.

In circumstances involving a Life-threatening condition, *you, your* designated representative, or your provider is entitled to an immediate review by an IRO without having to comply with the procedures for

internal appeals of Adverse Determinations. In Life-threatening situations, *you, your* designated representative, or *your* provider of record may contact *us* or our Utilization Review Agent by telephone to request the review by the IRO and *we* or our utilization review agent will provide the required information.

In circumstances involving denial of the provision of prescription drugs or intravenous infusions for which *you* are receiving benefits under this policy, *you, your* designated representative, or *your* provider is entitled to an immediate review by an IRO without having to comply with the procedures for internal appeals of Adverse Determinations. In these situation, *you, your* designated representative, or *your* provider of record may contact *us* or our Utilization Review Agent by telephone to request the review by the IRO and *we* or our utilization review agent will provide the required information.

When the IRO completes its review and issues its decision, *we* will abide by the IRO's decision. *We* will pay for the IRO review.

The appeal procedures described above do not prohibit *you* from pursuing other appropriate remedies, including injunctive relief, declaratory judgment, or other relief available under law, if *you* believe that the requirement of completing the appeal and review process places *your* health in serious jeopardy.

Texas Department of Insurance Notice

- An exclusive provider benefit plan provides no benefits for services you receive from out-of-network providers, with specific exceptions as described in your policy and below.
- You have the right to an adequate network of preferred providers (known as “network providers”).
 - If you believe that the network is inadequate, you may file a complaint with the Texas Department of Insurance.
- If your insurer approves a referral for out-of-network services because no preferred provider is available, or if you have received out-of-network emergency care, your insurer must, in most cases, resolve the non-preferred provider's bill so that you only have to pay any applicable *coinsurance*, *copay*, and *deductible amounts*.
- You may obtain a current directory of preferred providers at the following website: Ambetter.SuperiorHealthPlan.com or by calling 877-687-1196 (Relay Texas/TTY 1-800-735-2989) for assistance in finding available preferred providers. If you relied on materially inaccurate directory information, you may be entitled to have an out-of-network claim paid at the in-network level of benefits.

GENERAL PROVISIONS

Entire Contract

This *contract*, with the application, is the entire contract between *you* and *us*. No agent may:

1. Change this *contract*;
2. Waive any of the provisions of this *contract*;
3. Extend the time for payment of premiums; or
4. Waive any of *our* rights or requirements.

Non-Waiver

If *we* or *you* fail to enforce or to insist on strict compliance with any of the terms, conditions, limitations or exclusions of the *contract*, that will not be considered a waiver of any rights under the *contract*. A past failure to strictly enforce the *contract* will not be a waiver of any rights in the future, even in the same situation or set of facts.

Rescissions

No misrepresentation of fact made regarding an *enrollee* during the application process that relates to insurability will be used to void/rescind the coverage or deny a claim unless:

1. The misrepresented fact is contained in a written application, including amendments, signed by an *enrollee*;
2. A copy of the application, and any amendments, has been furnished to the *enrollee(s)* or to the *enrollee's* personal representative; and
3. The misrepresentation of fact was intentionally made and material to *our* determination to issue coverage to any *enrollee*. An *enrollee's* coverage will be voided/rescinded and claims denied if that person performs an act or practice that constitutes fraud. "Rescind" has a retroactive effect and means the coverage was never in effect.

Repayment for Fraud, Misrepresentation Or False Information

During the first two years an *enrollee* is covered under the *contract*, if an *enrollee* commits fraud, misrepresentation or knowingly provides false information relating to the eligibility of any *enrollee* under this *contract* or in filing a claim for *contract* benefits, *we* have the right to demand that *enrollee* pay back to *us* all benefits that *we* provided or paid during the time the *enrollee* was covered under the *contract*.

Conformity with State Laws

Any part of this *contract* in conflict with the laws of Texas on this *contract's effective date* or on any premium due date is changed to conform to the minimum requirements of Texas state law.

Conditions Prior To Legal Action

Legal Actions: An action at law or in equity may not be brought to recover on this policy before the 61st day after the date written proof of loss has been provided in accordance with the requirements of this policy. An action at law or in equity may not be brought after the expiration of three years after the time written proof of loss is required to be provided.

On occasion, *we* may have a disagreement related to coverage, benefits, premiums, or other provisions under this *contract*. Litigation is an expensive and time-consuming way to resolve these disagreements and should be the last resort in a resolution process. Therefore, with a view to avoiding litigation, *you* must give written notice to *us* of *your* intent to sue *us* as a condition prior to bringing any legal action. *Your* notice must:

1. Identify the coverage, benefit, premium, or other disagreement;

2. Refer to the specific *contract* provision(s) at issue; and
3. Include all relevant facts and information that support *your* position.

Unless prohibited by law, *you* agree that *you* waive any action for statutory or common law extra-contractual or punitive damages that *you* may have if the specified contractual claims are paid, or the issues giving rise to the disagreement are resolved or corrected, within 30 days after *we* receive *your* notice of intention to sue *us*.

Time Limit on Certain Defenses:

(a) After the second anniversary of the date this policy is issued, a misstatement, other than a fraudulent misstatement, made by the applicant in the application for the policy may not be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) beginning after that anniversary.

(b) A claim for loss incurred or disability (as defined in the policy) beginning after the second anniversary of the date this policy is issued may not be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss existed before the effective date of coverage of this policy.
