Major Medical Expense Insurance Policy

In this *policy,* the terms *"you"*, *"your",* or *"yours"* will refer to the *member* or any *dependents* enrolled in this *policy*. The terms *"we," "our,"* or *"us"* will refer to Absolute Total Care.

AGREEMENT AND CONSIDERATION

This document along with the corresponding *Schedule of Benefits* is *your policy* and it is a legal document. It is the agreement under which benefits will be provided and paid. In consideration of *your* application and the timely payment of premiums, *we* will provide benefits to *you*, the *member*, for *covered services* as outlined in this *policy*. Benefits are subject to *policy* definitions, provisions, limitations, and exclusions.

GUARANTEED RENEWABLE

Annually, *we* must file this product, the cost share and the rates associated with it for approval. Guaranteed renewable means that *your* plan will be renewed into the subsequent year's approved product on the anniversary date unless terminated earlier in accordance with the *policy* terms. *You* may keep this *policy* (or the new *policy you* are mapped to for the following year) in effect by timely payment of the required premiums. In most cases *you* will be moved to a new *policy* each year, however, *we* may decide not to renew the *policy* as of the renewal date if: (1) *we* decide not to renew all *policies* issued on this form, with a new *policy* at the same metal level with a similar type and level of benefits, to residents of the state where *you* then live; (2) *we* withdraw from the service area or reach demonstrated capacity in a service area in whole or in part; or (3) there is fraud or an intentional material misrepresentation made by or with the knowledge of a *member* in filing a claim for covered services.

In addition to the above, this guarantee for continuity of coverage shall not prevent *us* from cancelling or non-renewing this *policy* in the following events: (1) non-payment of premium; (2) a *member* is found to be in material breach of this policy; or (3) a change in federal or state law no longer permits the continued offering of such coverage, such as Centers for Medicare and Medicaid Services ("CMS") guidance related to individuals who are Medicare eligible.

Annually, *we* may change the rate table used for this *policy* form. Each premium will be based on the rate table in effect on that premium's due date. The *policy* plan, and age of *members,* type and level of benefits, and place of *residence* on the premium due date are some of the factors used in determining *your* premium rates. *We* have the right to change premiums.

At least 31 days notice of any plan to take an action or make a change permitted in accordance with this *policy* will be delivered to *you* at *your* last address as shown in *our* records. *We* will make no change in *your* premium solely because of claims made under this *policy* or a change in a *member's* health. While this *policy* is in force, *we* will not restrict coverage already in force. If *we* discontinue offering and decide not to renew all polices issued on this form, with the same type and level of benefits, for all residents of the state where *you* reside, *we* will provide a written notice to *you* at least 90 days prior to the date that *we* discontinue coverage.

This *policy* contains *prior authorization* requirements. *You* may be required to obtain a referral from a *primary care provider* in order to receive care from a *specialist provider*. Benefits may be reduced or not covered if the requirements are not met. Please refer to the *Schedule of Benefits* and the Prior Authorization Section.

TEN DAY RIGHT TO RETURN POLICY

Please read *your policy* carefully. If *you* are not satisfied, return this *policy* to *us* or to *our* agent within 10 days after *you* receive it. All premiums paid will be refunded, less claims paid, and the *policy* will be considered null and void from the *effective date*.

Allowed amount (also ***Eligible Service Expense***) is the maximum amount *we* will pay a *provider* for a *covered service*. Please note, if *you* receive services from a *non-network provider*, *you* may be responsible for the difference between the amount the *provider* charges for the service (*billed amount*) and the *allowed amount* that *we* pay. For family coverage, there is a family *deductible amount* which is two times the individual *deductible amount*. Both the individual and the family *deductible amounts* are shown in the *Schedule of Benefits*.

2. For *non-network providers*:
    a. When a *covered service* is received from a *non-network provider* as a result of an *emergency*, the *eligible service expense* is the negotiated fee, if any, that has been mutually agreed upon by *us* and the *provider* as payment in full (*you* will not be billed for the difference between the negotiated fee and the *provider's* charge). However, if the *provider* has not agreed to accept a negotiated fee with *us* as payment in full, the *eligible service expense* is the greatest of the following:
        i. the amount that would be paid under Medicare,
        ii. the amount for the *covered service* calculated using the same method *we* generally use to determine payments for out-of-network services, or
        iii. the contracted amount paid to *network providers* for the *covered service*. If there is more than one contracted amount with *network providers* for the *covered service*, the amount is the median of these amounts.

    Please note: *You* may be billed for the difference between the amount paid and the *non-network provider's* charge.

    b. When a *covered service* is received from a *non-network provider* as *approved* or *authorized* by *us* and is not the result of an *emergency*, the *eligible service expense* is the negotiated fee, if any, that has been mutually agreed upon by *us* and the *provider* as payment in full (*you* will not be billed for the difference between the negotiated fee and the *provider's* charge). If there is no negotiated fee agreed to by the *provider* with *us*, the *eligible service expense* is the greater of (1) the amount that would be paid under Medicare, or (2) the contracted amount paid to *network providers* for the *covered service*. If there is more than one contracted amount with *network providers* for the *covered service*, the amount is the median of these amounts. *You* may be billed for the difference between the amount paid and the *provider's* charge.

    c. When a *covered service* is received from a *non-network provider* because the service or supply is not available from any *network provider* in *your service area* and is not the result of an *emergency*, the *eligible service expense* is the negotiated fee, if any, that the *provider* has agreed to accept as payment in full (*you* will not be billed for the difference between the negotiated fee and the *provider's* charge). If there is no negotiated fee agreed to by the *provider* with *us*, the *eligible service expense* is the greater of (1) the amount that would be paid under Medicare, or (2) the contracted amount paid to *network providers* for the *covered service*. If there is more than one contracted amount with *network providers* for the *covered service*, the amount is the median of these amounts. *You* may be billed for the difference between the amount paid and the *provider's* charge.

Emergency means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) which requires immediate (no later than 24 hours after onset) medical or surgical care**.** If *you* are experiencing an *emergency*, call 9-1-1 or go to the nearest *hospital*. Such conditions that manifest with acute symptoms are those that an average person who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1. Placing the health of the *member* (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
2. Serious impairment to bodily functions; or
3. Serious dysfunction of any bodily organ or part.

When we are contacted, you will be notified whether the inpatient setting is appropriate, and if appropriate, the number of days considered *medically necessary*. By contacting us, you may avoid financial responsibility for any inpatient care that is determined to be not *medically necessary* under your Plan. If your provider does not contract with us, you will be financially responsible for any care we determine is not *medically necessary*. Care and treatment provided once you are medically stabilized is no longer considered emergency care. Continuation of care from a non-participating provider beyond that needed to evaluate or stabilize your condition in an emergency will be covered as a non-network service unless we authorize the continuation of care and it is *medically necessary*.

The term *third party* includes, but is not limited to, an individual person; a for-profit or non-profit business entity or organization; a government agency or program; and an insurance company. However, the term *third party* will not include any insurance company with a policy under which the *member* is entitled to benefits as a named insured person or an insured *dependent member* of a named insured person except in those jurisdictions where statutes or common law does not specifically prohibit *our* right to recover from these sources.

Dependent Member Coverage

Dependent Member Eligibility

Your dependent members become eligible for insurance on the latter of:

1. The date *you* became covered under this *policy;*
2. The date of marriage to add a *spouse or stepchild*;
3. The date of an eligible newborn's birth; or
4. The date that an adopted child is placed with *you* or *your spouse* for the purposes of adoption or *you* or *your spouse* assumes total or partial financial support of the child.
5. We do not deny enrollment of a child under the health plan of the child's parent on the grounds that the child:

    1. Was born out of wedlock;
    2. Is not claimed as a dependent on the parent's federal tax return; or
    3. Does not reside with the parent or within our service area.

Effective Date for Initial Dependent Members

The *effective date* for *your* initial *dependent members* will be the same as your initial coverage date. Only *dependent members* included in the application for this *policy* will be covered on *your effective date*.

Coverage for a Newborn Child

An *eligible child* born to you or a family member will be covered from the time of birth until the 31st day after its birth. To provide additional coverage, you must contact the entity that you initially enrolled for coverage through (either the Health Insurance Marketplace or us) and add the *eligible child* as a dependent. Additional premium will be required to continue coverage beyond the 31st day after the date of birth. The required premium will be calculated from the child's date of birth. If notice of the newborn is given to *us* by the Health Insurance Marketplace within the 31 days from birth, an additional premium for coverage of the newborn child will be charged for not less than 31 days after the birth of the child. If notice is not given within the 31 days from birth, *we* will charge an additional premium from the date of birth. If notice is given by the Health Insurance Marketplace within 60 days of the birth of the child, the *policy* may not deny coverage of the child due to failure to notify *us* of the birth of the child or to pre-enroll the child. Coverage of the child will terminate retroactively to the 31st day after its birth, unless *we* have received notice by the Health Insurance Marketplace of the child's birth by the 60th day after his or her birth.

Coverage for an Adopted Child

An *eligible child* legally placed for adoption with *you* or *your spouse* will be covered from the date of *placement* until the 31st day after *placement,* unless the *placement* is disrupted prior to legal adoption and the child is removed from *your* or *your spouse's* custody.

The child will be covered for *loss* due to *injury* and *illness* including *medically necessary* care and treatment of conditions existing prior to the date of *placement.*

Additional premium will be required to continue coverage beyond the 31st day following *placement* of the child. The required premium will be calculated from the date of *placement* for adoption. Coverage of the child will terminate retroactively to the 31st day following *placement*, unless *we* have received both: (A) *n*otification of the addition of the child from the Health Insurance Marketplace within 60 days of the placement and (B) any additional premium required for the addition of the child within 90 days of the date of *placement.*

As used in this provision, *"placement"* means the earlier of:

1. The date that *you* or *your spouse* assume physical custody of the child for the purpose of adoption; or
2. The date of entry of an order granting *you* or *your spouse* custody of the child for the purpose of adoption.

Adding Other Dependent Members
If *you* are enrolled in an off-exchange policy and apply in writing to add a *dependent member* and *you* pay the required premiums, *we* will send *you* written confirmation of the added *dependent member's effective date* of coverage and ID cards for the added *dependent member*.

Ongoing Eligibility

For All Members

A *member's* eligibility for coverage under this *policy* will cease on the earlier of:

1. The primary *member* residing outside the *service area* or moving permanently outside the *service area* of this plan;
2. The date of termination that the Health Insurance Marketplace provides us upon your request of cancellation to the Health Insurance Marketplace, or if you enrolled directly with us, the date we receive a request from you to terminate this policy , or any later date stated in your request;
3. The date that a *member* has failed to pay premiums or contributions in accordance with the terms of this policy or the date that *we* have not received timely premium payments in accordance with the terms of this policy ;
4. The date the *member* has performed an act or practice that constitutes fraud or made an intentional misrepresentation of a material fact; or
5. The date of a *member's* death.

If *you* have material modifications (examples include a change in life event such as marriage, death, or other change in family status), or questions related to *your* health insurance coverage, contact the Health Insurance Marketplace at www.healthcare.gov or 1-800-318-2596. If you enrolled through Ambetter contact 1-833-270-5443 (TTY 711).

For Dependent Members

A *dependent member* will cease to be a *member* at the end of the premium period in which he or she ceases to be *your dependent member* due to divorce or if a child ceases to be an *eligible child.* For *eligible children*, the coverage will terminate the thirty-first of December the year the dependent member turns 26 years of age unless otherwise outlined below.

A *member* will not cease to be a *dependent eligible child* solely because of age if the *eligible child* is:

1. Incapable of self-sustaining employment by reason of intellectual disability or physical handicap and
2. Chiefly dependent upon the policyholder or subscriber for support and maintenance, so long as proof of the incapacity and dependency is furnished to us by the member within 31 days of the child's attainment of the limiting age and subsequently as may be required by us but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

Upon reaching the limiting age, a former dependent *eligible child* may be issued a policy providing coverage which is most nearly similar to, but not greater than the coverage under which they were formerly covered, if they apply for such coverage within 30 days following the attainment of the limiting age and pay all required premiums. Any probationary or waiting period must be considered met to the extent coverage was in force under this *policy*.

Open Enrollment

There will be an open enrollment period for coverage on the Health Insurance Marketplace. The open enrollment period begins November 1, 2019 and extends through December 15, 2019. *Qualified individuals* who enroll on or before December 15, 2019 will have an effective date of coverage on January 1, 2020.

A *qualified individual* has 60 days to report a qualifying event to the Health Insurance Marketplace and could be granted a 60 day Special Enrollment Period as a result of one of the following events:

1. A *qualified individual* or *dependent* experiences a *loss* of *minimum essential coverage,* non-calendar year group or individual health insurance coverage, pregnancy-related coverage, access to

healthcare services through coverage provided to a pregnant enrollee's unborn child, or medically needed coverage;

2. A *qualified individual* gains a dependent or becomes a *dependent* through marriage, birth, adoption, placement for adoption, placement in foster care, or a child support order or other court order;
    a. In the case of marriage, at least one spouse must demonstrate having minimum essential coverage as described in 26 CFR 1.5000A-1(b) for one or more days during the 60 days preceding the date of marriage.
3. An individual, who was not previously a citizen, national, or lawfully present individual gains such status;
4. An individual who is no longer incarcerated or whose incarceration is pending the disposition of charges;
5. A *qualified individual's* enrollment or non-enrollment in a *qualified health plan* is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or agent of the Health Insurance Marketplace or HHS, or its instrumentalities as evaluated and determined by the Health Insurance Marketplace. In such cases, the Health Insurance Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction;
6. An enrollee adequately demonstrates to the Health Insurance Marketplace that the *qualified health plan* in which he or she is enrolled substantially violated a material provision of its policy in relation to the enrollee's decision to purchase the *qualified health plan* based on plan benefits, *service area* or premium;
7. An individual is determined newly eligible or newly ineligible for *advance premium tax credits* or has a chance in eligibility for *cost sharing reductions*, regardless of whether such individual is already enrolled in a *qualified health plan*;
8. A *qualified individual* or enrollee gains access to one or more new *qualified health plans* as a result of a permanent move;
9. Qualifying events as defined under section 603 of the Employee Retirement Income Security Act of 1974, as amended;
    a. The qualifying events for employees are:
        i. Voluntary or involuntary termination of employment for reasons other than gross misconduct; or
        ii. Reduction in the number of hours of employment.
    b. The qualifying events for *spouses* are:
        i. Voluntary or involuntary termination of the covered employee's employment for any reason other than gross misconduct;
        ii. Reduction in the hours worked by the covered employee;
        iii. Covered employee's becoming entitled to Medicare;
        iv. Divorce or legal separation of the covered employee; or
        v. Death of the covered employee.
    c. The qualifying events for dependent children are the same as for the *spouse* with one addition:
        i. Loss of dependent child status under the plan rules.
10. An Indian, as defined by section 4 of the Indian Health Care Improvement Act, may enroll in a *qualified health plan* or change from one *qualified health plan* to another one time per month;
11. A *qualified individual* or enrollee demonstrates to the Health Insurance Marketplace, in accordance with guidelines issued by HHS, that the individual meets other exceptional circumstances as the Health Insurance Marketplace may provide.
12. A qualified individual or dependent is a victim of domestic abuse or spousal abandonment and would like to enroll in coverage separate from the perpetrator of the abuse or abandonment;

13. A qualified individual or dependent is determined to be potentially eligible for Medicaid or Children's Health Insurance Program (CHIP), but is subsequently determined to be ineligible after the open enrollment period has ended or more than 60 days after the qualifying event; or
14. At the option of the Health Insurance Marketplace, a qualified individual provides satisfactory documentary evidence to verify his or her eligibility for an insurance affordability program or enrollment in a qualified health plan through the Health Insurance Marketplace following termination of Health Insurance Marketplace enrollment due to a failure to verify such status within the time period specified in 45 C.F.R. §155.315 or is under 100 percent of the federal poverty level and did not enroll in coverage while waiting for HHS to verify his or her citizenship, status as a national or lawful presence.

The Health Insurance Marketplace may provide a coverage *effective date* for a *qualified individual* earlier than specified in the paragraphs above, provided that either:

1. The *qualified individual* has not been determined eligible for *advanced premium tax credits* or cost-sharing reductions; or
2. The *qualified individual* pays the entire premium for the first partial month of coverage as well as all *cost sharing*, thereby waiving the benefit of *advanced premium tax credits* and cost-sharing reduction payments until the first of the next month.

Prior Coverage

If a *member* is confined as an inpatient in a hospital on the *effective date* of this agreement, and prior coverage terminating immediately before the *effective date* of this agreement furnishes benefits for the hospitalization after the termination of prior coverage, then services and benefits will not be covered under this agreement for that *member* until the *member* is discharged from the hospital or benefits under the prior coverage are exhausted, whichever is earlier.

If there is no prior coverage or no continuation of inpatient coverage after the *effective date*, *your* Ambetter coverage will apply for covered benefits related to the inpatient coverage after *your effective date*. Ambetter coverage requires *you* notify Ambetter within two (2) days of *your effective date* so *we* can review and *authorize medically necessary* services. If services are at a *non-network* hospital, claims will be paid at the Ambetter allowable and *you* may be billed for any balance of costs above the Ambetter allowable.

Premiums

Premium Payment
Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual Open Enrollment period.

Grace Period
When a *member* is receiving a premium subsidy:

> After the first premium is paid, a grace period of three (3) months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period.
>
> *We* will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period, and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. *We* will notify HHS of the non-payment of premiums, and will notify the *member*, as well as *providers* of the possibility of denied claims when the *member* is in the second and third month of the grace period. *We* will continue to collect *advance premium tax credits* on behalf of the *member* from the Department of the Treasury, and will return the *advance premium tax credits* on behalf of the *member* for the second and third month of the grace period if the *member* exhausts his or he grace period as described above.

When a *member* is not receiving a premium subsidy:

> Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a 31-day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the *policy* will stay in force; however, claims may pend for *covered services* rendered to the *member* during the grace period. *We* will notify HHS, as necessary, of the non-payment of premiums, and will notify the *member*, as well as *providers* of the possibility of denied claims when the *member* is in the grace period.

A *member* is not eligible to re-enroll once terminated, unless a *member* has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods. During the time the member is uninsured, they will be responsible for paying any medical bills incurred.

Third Party Payment of Premiums or Cost Sharing
Ambetter require each *member* to pay his or her premiums and this is communicated on *your* monthly billing statements. Our payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting third party premiums. Consistent with CMS guidance, the following are the only acceptable third parties who may pay your premiums on *your* behalf:

1. Ryan White HIV/AIDS program under Title XXVI of the Public Health Service Act;
2. Indian tribes, tribal organizations, or urban Indian organizations;
3. State and Federal government programs;
4. Family members; or
5. Private, not-for-profit foundations which have no incentive for financial gain and no financial relationship, or affiliation with providers of covered services and supplies on behalf of members, where eligibility is determined based on defined criteria without regard to health status and where payments are made in advance for a coverage period from the effective date through the remainder of the calendar year.

Upon discovery that premiums were paid by a person or entity other than those listed above, *we* will reject the payment and inform the *member* that the payment was not accepted and that the remain due.

Similarly, if *we* determine payment was made for deductibles or *cost sharing* by a third party, such as a drug manufacturer paying for all or part of a medication, that shall be considered a third party premium payment that may not be counted towards *your* deductible or maximum out-of-pocket costs.

Misstatement of Age
If a *member's* age has been misstated accidently the member's premium may be adjusted to what it should have been, based on the member's actual age.

Change or Misstatement of Residence
If *you* change *your residence*, *you* must notify the Health Insurance Marketplace of *your* new *residence* within 60 days of the change. As a result, *your* premium may change and *you* may be eligible for a Special Enrollment Period. See the section on Special Enrollment Periods for more information.

Misstatement of Tobacco Use
The answer to the tobacco question on the application is material to *our* correct underwriting. If a *member's use of tobacco* has been misstated on the *member's* application for coverage under this *policy, we* have the right to rerate the *policy* or rescind *your* coverage back to the original *effective date*.

Billing/Administrative Fees
Upon prior written notice, *we* may impose an administrative fee for credit card payments. This does not obligate *us* to accept credit card payments. *We* will charge a $20 fee for any check or automatic payment deduction that is returned unpaid.

Prior Authorization

Prior Authorization Required
Some *covered service expenses* require *prior authorization*. In general, *network providers* must obtain authorization from *us* prior to providing a service or supply to a *member.* However, there are some *network eligible service expenses* for which *you* must obtain the *prior authorization*.

For services or supplies that require *prior authorization*, as shown on the *Schedule of Benefits*, *you* must obtain *authorization* from *us* before *you* or *your dependent member:*

1. Receive a service or supply from a *non-network provider;*
2. Are admitted into a *network* facility by a *non-network provider;* or
3. Receive a service or supply from a *network provider* to which *you* or *your dependent member* were referred to by a *non-network provider.*

Prior Authorization requests must be received by phone/eFax/ provider portal as follows:

1. At least five (5) days prior to an elective admission as an *inpatient* in a *hospital*, *skilled nursing* or *rehabilitation facility*, or *hospice* facility.
2. At least 30 days prior to the initial evaluation for organ transplant services.
3. At least 30 days prior to receiving clinical trial services.
4. Within 24 hours of any inpatient admission.
5. At least five (5) days prior to the start of *home health care* except those members needing home health care after hospital discharge.

After *prior authorization* has been requested and all required or applicable documentation has been submitted, *we* will notify *you* and/or your *provider* if the request has been *approved* as follows:

1. For immediate request situations, within one (1) business day, when the lack of treatment may result in an emergency room visit or *emergency* admission.
2. For urgent concurrent review within 24 hours of receipt of the request.
3. For urgent *pre-service requests*, within 72 hours from date of receipt of the request.
4. For non-urgent *pre-service* requests within five (5) days, but no longer than 14 days, of receipt of the request.
5. For post-service requests, within 30 calendar days of receipt of the request.

How to Obtain Prior Authorization
To obtain *prior authorization* or to confirm that a *network provider* has obtained *prior authorization*, contact *us* by telephone at the telephone number listed on *your* health insurance identification card before the service or supply is provided to the *member.*

Failure to Obtain Prior Authorization
Failure to comply with the *prior authorization* requirements will result in benefits being reduced.

Network providers cannot bill *you* for services for which they fail to obtain *prior authorization* as required.

In cases of emergency, benefits will not be reduced for failure to comply with *prior authorization* requirements. However, *you* must contact *us* as soon as reasonably possible after the *emergency* occurs.

Prior Authorization Does Not Guarantee Benefits
Our authorization does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the *policy.*

Requests for Predeterminations
You may request a predetermination of coverage. *We* will provide one if circumstances allow *us* to do so. However, *we* are not required to make a predetermination of either coverage or benefits for any particular

treatment or medical expense. Any predetermination *we* may make will be reviewed after the medical expense is incurred and a claim is filed. A review that shows one or more of the following may cause *us* to reverse the predetermination:

1. The predetermination was based on incomplete or inaccurate information initially received by *us.*
2. The medical expense has already been paid by someone else.
3. Another party is responsible for payment of the medical expense.

We will make all benefit determinations after a *loss* in good faith. All benefit determinations are subject to *our* receipt of proper *proof of loss.*

Services from Non-Network Providers

Except for *emergency* medical services, *we* do not normally cover services received from *non-network providers*. If a situation arises where a *covered service* cannot be obtained from a *network provider* located within a reasonable distance, *we* may provide a *prior authorization* for *you* to obtain the service from a *non-network provider* at no greater cost to *you* than if *you* went to a *network provider*. If *covered services* are not available from a *network provider,* ***you*** **or** ***your primary care provider*** **must request** ***prior authorization*** **from** ***us*** **before** ***you*** **may receive services from a** ***non-network provider*****.** Otherwise, *you* will be responsible for all charges incurred.

Hospital Based Providers

When receiving care at a network hospital it is possible that some *hospital*-based *providers* (for example, anesthesiologists, radiologists, pathologists) may not be under contract with Ambetter as participating *providers*. These *providers* may bill *you* for the difference between us allowed amount and the *providers* billed charge – this is known as "*balance billing*". *We* encourage *you* to inquire about the *providers* who will be treating *you* before *you* begin *your* treatment, so *you* can understand their participation status with us.

Although health care services may be or have been provided to *you* at a health care facility that is a member of the *provider network* used by us, other professional services may be or have been provided at or through the facility by *physicians* and other health care practitioners who are not members of that *network*. *You* may be responsible for payment of all or part of the fees for those professional services that are not paid or covered by us.

Cost Sharing Features

Cost Sharing Features

We will pay benefits for *covered services* as described in the *Schedule of Benefits* and the Covered Services sections of this policy. All benefits *we* pay will be subject to all conditions, limitations, and *cost sharing* features of this policy. *Cost sharing* means that *you* participate or share in the cost of *your* healthcare services by paying *deductible amounts*, *copayments* and *coinsurance* for some *covered services*. For example, *you* may need to pay a *copayment* or *coinsurance* amount when *you* visit *your physician* or are admitted into the *hospital*. The *copayment* or *coinsurance* required for each type of service as well as *your deductible* is listed in *your Schedule of Benefits*.

When you, or a covered dependent, receive health care services from a provider, there may be multiple claims for that episode of care. An episode of care means the services provided by a health care facility or provider to treat a condition or an illness. Each claim that we receive for services covered under this contract are adjudicated or processed as we receive them. Coverage is only provided for eligible service expenses. Each claim received will be processed separately according to the cost share as outlined in the contract and in your schedule of benefits.

Copayments

A *copayment* is typically a fixed amount due at the time of service. *Members* may be required to pay *copayments* to a *provider* each time services are performed that require a *copayment*. *Copayments* are due as shown in the *Schedule of Benefits*. Payment of a *copayment* does not exclude the possibility of a *provider* billing you for any non-*covered service*. *Copayments* do not count or apply toward the *deductible amount*, but do apply toward meeting the *maximum out-of-pocket amount*.

Coinsurance Amount

A coinsurance amount is *your* share of the cost of a service. *Members* may be required to pay a *coinsurance* in addition to any applicable *deductible amount*(s) due for a *covered service* or supply. *Coinsurance* amounts do not apply toward the *deductible* but do apply toward meeting *your maximum out-of-pocket amount*. When the annual *maximum out-of-pocket* has been met, additional *covered service expenses* will be 100% paid by *you*.

Deductible

The *deductible amount* means the amount of *covered service expenses* that must be paid by each/all *members* before any benefits are provided or payable. The *deductible amoun*t does not include any *copayment amount* or *coinsurance* amount. Not all *covered service expenses* are subject to the *deductible amount*. See *your Schedule of Benefits* for more details.

Maximum Out-of-Pocket

You must pay any required *copayments* or *coinsurance* amounts required until *you* reach the *maximum out-of-pocket amount* shown on *your Schedule of Benefits*. After the *maximum out-of-pocket amount* is met for an individual, *we* will pay 100% of the cost for *covered services*. The family *maximum out-of-pocket amount* is two times the individual *maximum out-of-pocket amount*. For the family *maximum out-of-pocket amount*, once a *member* has met the individual *maximum out-of-pocket amount*, the remainder of the family *maximum out-of-pocket amount* can be met with the combination of any one or more *members' eligible service expenses*.

Refer to your Schedule of Benefits for Coinsurance Percentage and other limitations.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *policy*; and
2. A determination of *eligible service expenses*.

The applicable *deductible amount(s), cost sharing percentage,* and *copayment amounts* are shown on the *Schedule of Benefits*.

Note: The bill *you* receive for services or supplies from a *non-network provider* may be significantly higher than the *eligible service expenses* for those services or supplies. In addition to the *deductible amount*, *copayment amount*, and *cost sharing percentage*, *you* are responsible for the difference between the *eligible service expense* and the amount the *non-network provider* bills *you* for the services or supplies. Any amount *you* are obligated to pay to the *non-network provider* in excess of the *eligible service expense* will not apply to *your deductible amount* or *maximum out-of-pocket amount*.

Access to Care

Primary Care Provider
In order to obtain benefits, *you* must designate a *network primary care provider* for each *member. You* may select any *network primary care provider* who is accepting new patients. Adults may designate an OB/GYN as a *network primary care provider*. However, *you* may not change *your* selection more frequently than once each month. If *you* do not select a *network primary care provider* for each *member,* one will be assigned. *You* may obtain a list of *network primary care providers* at *our* website or by contacting *our* Member Services department.

Your network primary care provider will be responsible for coordinating all covered health services with other *network providers. You* do not need a referral from *your network primary care provider* for mental or behavioral health services, obstetrical or gynecological treatment and may seek care directly from a *network* obstetrician or gynecologist. *You* do need a referral from *your network primary care provider* to see a *network* dermatologist, but once *you* have such a referral, *you* may see that dermatologist without needing further referrals until the earlier of six (6) months or four (4) visits, provided, however, that such visits are related to the issue for which the original referral was made or related complications. In addition, *your network primary care provider* may make annual referrals for you to see a *network* dermatologist if *you* have a past history of malignant melanoma.

You may change *your network primary care provider* by submitting a written request, online at *our* website, or by contacting *our* office at the number shown on *your* identification card. The change to *your network primary care provider* of record will be effective no later than 30 days from the date *we* receive *your* request.

Network Availability
Your network is subject to change upon advance written notice. A *network service area* may not be available in all areas. If *you* move to an area where *we* are not offering access to a *network*, the *network* provisions of the *policy* will no longer apply. In that event, benefits will be calculated based on the *eligible service expense*, subject to the *deductible amount* for *network providers*. *You* will be notified of any increase in premium.

Continuation of Care
In the event your network provider is terminated from the network for any reason, continuation of care for a period up to 90 days or until the termination of the benefit period, whichever is great, will be provided for members who have a serious medical condition, such as a disability, cancer, acute myocardial infarction, or pregnancy.

Coverage Under Other Policy Provisions
Charges for services and supplies that qualify as *covered service expenses* under one benefit provision will not qualify as *covered service expenses* under any other benefit provision of this *policy.*

Major Medical Expense Benefits

The plan provides coverage for healthcare services for a *member* or covered dependents members. Some services require *prior authorization*. Services should always be provided in the least restrictive clinically appropriate setting.

Copayment amounts must be paid to *your network provider* at the time *you* receive services.

All *covered services* are subject to conditions, exclusions, limitations, terms, and provisions of this *policy*, including, but not limited to, specific benefit, day or visit limits. *Covered services* must be *medically necessary* and not *experimental or investigational*.

Benefit Limitations

Limitations may also apply to some *covered services* that fall under more than one *covered service* category. Please review all limits carefully. We will not pay benefits for any of the services, treatments, items, or supplies that exceed benefit limits.

Ambulance Service Benefits

Covered service expenses will include ambulance services for local transportation:

Prescription Drug Exception Process

Standard exception request

A *member*, a *member's* designee or a *member's* prescribing *physician* may request a standard review of a decision that a drug is not covered by the policy or a protocol exception for step therapy. The request can be made in writing or via telephone. Within 72 hours of the request being received, *we* will provide the *member*, the *member's* designee or the *member's* prescribing *physician* with *our* coverage determination. Should the standard exception request or step therapy protocol exception request be granted, *we* will provide coverage of the non-formulary drug for the duration of the prescription, including refills, or of the drug that is the subject of the protocol exception.

Expedited exception request

A *member*, a *member's* designee or a *member's* prescribing *physician* may request an expedited review based on exigent circumstances. Exigent circumstances exist when a *member* is suffering from a health condition that may seriously jeopardize the enrollee's life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a non-formulary drug. Within 24 hours of the request being received, *we* will provide the *member*, the *member's* designee or the *member's* prescribing *physician* with *our* coverage determination. Should the standard exception or step therapy protocol exception request be granted, *we* will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the exigency.

External exception request review

If *we* deny a request for a standard exception or for an expedited exception, the *member*, the *member's* designee or the *member's* prescribing *physician* may request that the original exception request and subsequent denial of such request be reviewed by an Independent Review Organization ("IRO"). *We* will make *our* determination on the external exception request and notify the *member*, the *member's* designee or the *member's* prescribing *physician* of *our* coverage determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception.

If *we* grant an external exception review of a standard exception or step therapy protocol exception request, *we* will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the prescription. If *we* grant an external exception review of an expedited

exception request, *we* will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the exigency.

Preventive Care Expense Benefits
Covered service expenses are expanded to include the charges incurred by a *member* for the following preventive health services if appropriate for that *member* in accordance with the following recommendations and guidelines:

1. Evidence based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force. Examples of these services are screenings for breast cancer, cervical cancer, colorectal cancer, high blood pressure, type 2 diabetes mellitus, cholesterol, prostate specific antigen testing, and screenings for child and adult obesity.
    a. Pap smears shall be covered on an annual basis unless recommended more frequently by *your provider*.
2. Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to an individual.
3. Evidence-informed preventive care and screenings for infants, children, and adolescents, in accordance with comprehensive guidelines supported by the Health Resources and Services Administration.
4. Additional preventive care and screenings not included in (1) above, in accordance with comprehensive guidelines supported by the Health Resources and Services Administration for women.
5. Examples of items covered without *cost sharing* include, but are not limited to:
    a. Screening for *tobacco use*; and
    b. For those who *use tobacco* products, at least two (2) cessation attempts per year. For this purpose, covering a cessation attempt includes coverage for:
        i. Four (4) tobacco cessation counseling sessions of at least (10) minutes each (including telephone counseling, group counseling, and individual counseling) without *prior authorization*; and
        ii. All (FDA) approved tobacco cessation medications (including both prescription and over-the-counter medications) for a 90-day treatment regimen when prescribed by a health care *provider* without *prior authorization*.

Benefits for preventive health services listed in this provision are exempt from any *deductible amounts, cost sharing percentage* provisions, and *copayment amounts* under the *policy* when the services are provided by a *network provider.* If a service is considered diagnostic or non-preventive, *your* plan *copayment*, *coinsurance*, and *deductible* will apply. It's important to know what type of service *you're* getting. If a diagnostic or non-preventive service is performed during the same healthcare visit as a preventive service, *you* may have *copayment* and *coinsurance* charges.

Clinical Trial Coverage
Clinical trial coverage includes routine patient care costs incurred as the result of an approved phase I, II, III, or phase IV clinical trial and the clinical trial is undertaken for the purposes of prevention, early detection, or treatment of cancer or other life-threatening disease or condition. Coverage will include routine patient care costs incurred for (1) drugs and devices that have been approved for sale by the (FDA), regardless of whether approved by the FDA for use in treating the patient's particular condition, (2) reasonable and *medically necessary* services needed to administer the drug or use the device under evaluation in the clinical trial and (3) all items and services that are otherwise generally available to a *qualified individual* that are provided in the clinical trial except:

- The investigational item or service itself;
- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and

- Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial.

Phase I and II clinical trials must meet the following requirements:
- Phase I and II of a clinical trial is sanctioned by the National Institutes of Health ("NIH") or National Cancer Institute ("NCI") and conducted an academic or NCI Center; and
- The insured is enrolled in the clinical trial. This section shall not apply to insured's who are only following the protocol of phase I or II of a clinical trial, but not actually enrolled.

Phase III and IV clinical trials must be approved or funded by one of the following entities:
- One of the NIH;
- The Centers for Disease Control and Prevention;
- The Agency for Health Care Research and Quality;
- The Centers for Medicare & Medicaid Services;
- A NIH Cooperative Group or Center;
- The FDA in the form of an investigational new drug application;
- The federal Departments of Veterans' Affairs, Defense, or Energy;
- An institutional review board in this state that has an appropriate assurance approved by the HHS assuring compliance with and implementation of regulations for the protection of human subjects; or
- A qualified non-governmental research entity that meets the criteria for NIH Center support grant eligibility.

In a clinical trial, the treating facility and personnel must have the expertise and training to provide the treatment and treat a sufficient volume of patients. There must be equal to or superior, non-investigational treatment alternatives and the available clinical or preclinical data must provide a reasonable expectation that the treatment will be superior to the non-investigational alternatives.

Providers participating in clinical trials shall obtain a patient's informed consent for participation in the clinical trial in a manner that is consistent with current legal and ethical standards.

Colorectal Cancer Examinations and Laboratory Tests
Covered service expenses include "colorectal cancer tests" for any non-symptomatic *covered person*, in accordance with the current American Cancer Society guidelines. *Covered service* includes tests for *covered persons* who are at least (50) years of age; or less than (50) years of age and at high risk for colorectal cancer according to the most recent published guidelines of the American Cancer Society.

Benefits for *covered expenses* for preventive care expense and chronic disease management benefits may include the use of reasonable medical management techniques authorized by federal law to promote the use of high value preventive services from *network providers*. Reasonable medical management techniques may result in the application of *deductible amounts*, *coinsurance* provisions, or *copayment amounts* to services when a *covered person* chooses not to use a high value service that is otherwise exempt from *deductible amounts*, *coinsurance* provisions, and *copayment amounts*, when received from a *network provider*.

As new recommendations and guidelines are issued, those services will be considered *covered service expenses* when required by the HHS, but not later than one year after the recommendation or guideline is issued.

Mammography
Covered service expenses for routine screenings for breast cancer shall include screenings at the following intervals: one (1) Baseline breast cancer screening mammography for a covered person between the ages of (35) and (40) years. If the covered person is less than (40) years of age and at risk, one (1) breast cancer

screening mammography performed every year. If the covered person is at least (40) years of age but not yet (50) years of age, one (1) breast cancer screening mammography every other year. If the covered person is more than (50) years of age, one (1) breast cancer screening mammography every year, and any additional mammography views that are required for proper evaluation.

Maternity Care of the Member
An inpatient stay is covered for mother and newborn for a minimum of 48 hours following a vaginal delivery and 96 hours following a delivery by cesarean section. We do not require that a physician or other healthcare provider obtain *prior authorization*.

Other maternity services that may require prior authorization include:

1. Outpatient and inpatient pre- and post-partum care including exams, prenatal diagnosis of genetic disorder, laboratory and radiology diagnostic testing, health education, nutritional counseling, risk assessment, and childbirth classes.

3. Parent education, assistance, and training in breast or bottle feeding and the performance of any necessary and appropriate clinical tests.
4. Complications of pregnancy.
5. Hospital stays for other *medically necessary* reasons associated with maternity care.

Note: This provision does not amend the policy to restrict any terms, limits, or conditions that may otherwise apply to covered service expenses for maternity services. This provision also does not require an enrollee who is eligible for coverage under a health benefit plan to:

(1) Give birth in a hospital or other healthcare facility; or
(2) Remain under inpatient care in a hospital or other healthcare facility for any fixed term following the birth of a child.

Note: This provision does not amend the contract to restrict any terms, limits, or conditions that may otherwise apply to Surrogates and children born from Surrogates. Please see General Non-Covered Services and Exclusions.

Duty to Cooperate
Members who are a Surrogate at the time of enrollment or Members who agree to a *surrogacy arrangement* during the plan year must, within 30 days of enrollment or agreement to participate in a *surrogacy arrangement*, send us written notice of the *surrogacy arrangement* in accordance with the notice requirements set forth in General Provisions herein. In the event that a Member fails to comply with this provision, we reserve our right to enforce this EOC on the bases of fraud, misrepresentation or false information, up to and including recoupment of all benefits that we paid on behalf of the Surrogate during the time that the Surrogate was insured under our policy, plus interest, attorneys' fees, costs and all other remedies available to us.

Newborns' and Mothers' Health Protection Act Statement of Rights
Health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connections with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Prostate Specific Antigen Testing
Covered service expenses include "prostate specific antigen tests" performed to determine the level of prostate specific antigen in the blood for a *covered person* who is at least (50) years of age; and at least once annually for a *covered person* who is less than (50) years of age and who is at high risk for prostate cancer according to the most recent published guidelines of the American Cancer Society.

If a *member* and/or *covered dependent members* receive any other *covered services* during a preventive care visit, the *member* may be responsible to pay the applicable *copayment* and *coinsurance* for those services. This *policy* will cover prostate cancer examinations, screenings, and lab work for diagnostic purposes in accordance with the more recent published guidelines of the American Cancer Society.

Respite Care Expense Benefits
Respite care is covered on an *inpatient* or outpatient basis to allow temporary relief to family members from the duties of caring for a *covered person* under a hospice care program. Respite days that are applied toward the *deductible amount* are considered benefits provided and shall apply against any maximum benefit limit for these services. See *your Schedule of Benefits* for coverage limits.

If requested, the second opinion consultation is to be provided by a *physician* of the *member's* choice. The *member* may select a *network provider* listed in the Healthcare Provider Directory. If a *member* chooses a *network provider*, he or she will only be responsible for the applicable *cost sharing* for the consultation. Any lab tests and/or diagnostic and therapeutic services are subject to the additional *cost sharing*.

    (e) Expenses relating to donor semen, including collection and preparation for implantation;
    (f) Donor gamete or embryos or storage of same relating to a *surrogacy arrangement*;
    (g) Use of frozen gamete or embryos to achieve future conception in a *surrogacy arrangement*;
    (h) Preimplantation genetic diagnosis relating to a *surrogacy arrangement*;
    (i) Any complications of the child or *surrogate* resulting from the pregnancy; or
    (j) Any other health care services, supplies and medication relating to a *surrogacy arrangement*.

Any and all health care services, supplies or medication provided to any child birthed by a *surrogate* as a result of a *surrogacy arrangement* are also excluded, except where the child is the adoptive child of insureds possessing an active policy with us and/ or the child possesses an active policy with us at the time of birth.

Termination

Termination of Policy

All coverage will cease on termination of this *policy.* This *policy* will terminate on the earliest of:

1. Nonpayment of premiums when due, subject to the Grace Period provision in this *policy*;
2. The date *we* receive a request from *you* to terminate this *policy,* or any later date stated in *your* request, or if *you* are enrolled through the Health Insurance Marketplace, the date of termination that the Health Insurance Marketplace provides *us* upon *your* request of cancellation to the Health Insurance Marketplace;
3. The date *we* decline to renew this *policy,* as stated in the Discontinuance provision;
4. For a dependent child reaching the limiting age of 26, coverage under this policy will terminate at 11:59 p.m. on the last day of the year in which the dependent child reaches the limiting age of 26. The dependent child can be covered beyond the limiting age if they are both (a) incapable of self-sustaining employment by reason of intellectual disability or physical handicap and (b) chiefly dependent upon the policyholder or subscriber for support and maintenance, so long as proof of the incapacity and dependency is furnished to the insurer by the policyholder or subscriber within 60 days of the child's attainment of the limiting age and subsequently as may be required by the insurer but not more frequently than annually after the two-year period following the child's attainment of the limiting age.
5. Upon reaching the limiting age, a dependent child may be issued a policy providing coverage which is most nearly similar to, but not greater than coverage under which they were formerly covered, if they apply for such coverage within 30 days following the attainment of the limiting age and pay all required premiums.
6. The date of *your* death, if this *policy* is an individual *policy*;
7. The date a *member's* eligibility for coverage under this *policy* ceases due to any of the reasons stated in the Ongoing Eligibility section in this *policy*; or
8. The date a *member's* eligibility for coverage under this *policy* ceases as determined by the Health Insurance Marketplace.
9. If a dependent spouse has had their coverage terminated due to divorce, they may apply for coverage within 60 days and, upon payment of the appropriate premiums, be provided with coverage which is most nearly similar to, but not greater than the coverage which they had received previously as a dependent.

Refund upon Cancellation

We will refund any premium paid and not earned due to *policy* termination. *You* may cancel the *policy* at any time by written notice, delivered, or mailed to the Health Insurance Marketplace, or if an off-exchange *member* by written notice, delivered, or mailed to *us*. Such cancellation shall become effective upon receipt, or on such later date specified in the notice. If *you* cancel, *we* shall promptly return any unearned portion of the premium paid, but in any event shall return the unearned portion of the premium within 30 days. The earned premium shall be computed on a pro-rata basis. Cancellation shall be without prejudice to any claim originating prior to the effective date of the cancellation.

Reinstatement

If the renewal premium is not paid before the grace period ends the policy will lapse. Later acceptance of the premium by us or by an agent authorized to accept payment without requiring an application for reinstatement will reinstate the policy. If we or our agent requires an application, you will be given a conditional receipt for the premium. If the application is approved, the policy will be reinstated as of the approval date. Lacking such approval, the policy will be reinstated on the forty-fifth day after the date of the conditional receipt unless we have previously written you of our disapproval. The reinstated policy will cover only loss that results from an injury sustained after the date of reinstatement or sickness that starts more than ten days after such date.

In all other respects your rights and our rights will remain the same, subject to any provisions noted on or

attached to the reinstated policy. Any premiums we accept for reinstatement will be applied to a period for which premiums have not been paid. No premiums will be applied to any period more than 60 days before the reinstatement date. This applies only to policies for which you are not receiving a premium subsidy.

Discontinuance

90-Day Notice: If *we* discontinue offering and refuse to renew all policies issued on this form, for all residents of the state where *you* reside, *we* will provide a written notice to *you* at least 90 days prior to the date that *we* discontinue coverage. *You* will be offered an option to purchase any other coverage in the individual market *we* offer in *your* state at the time of discontinuance of this *policy*. This option to purchase other coverage will be on a guaranteed issue basis without regard to health status.

180-Day Notice: If *we* discontinue offering and refuse to renew all individual policies in the individual market in the state where *you* reside, *we* will provide a written notice to *you* and the Commissioner of Insurance at least 180 days prior to the date that *we* stop offering and terminate all existing individual policies in the individual market in the state where *you* reside.

Right of Reimbursement

As used herein, the term "third party" means any party that is, or may be, or is claimed to be responsible for *injuries* or *illness* to a *member*. Such *injuries* or *illness* is referred to as "third party injuries." "Responsible party" includes any parties actually, possibly or potentially responsible for payment of expenses associated with the care or treatment of third party injuries.

If this policy provides benefits to a *member* for expenses incurred due to third party injuries, then we retain the right to repayment of the full cost of all benefits provided by this plan on behalf of the *member* that are associated with the third party injuries. Our rights of recovery apply to any recoveries made by or on behalf of the *member* from any sources, including but not limited to:

- Payments made by a third party or any insurance company on behalf of the third party;
- Any payments or awards under an uninsured or underinsured motorist coverage policy;
- Any workers' compensation or disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners medical payments coverage or premises or homeowners insurance coverage; and
- Any other payments from a source intended to compensate a *member* for third party injuries.

By accepting benefits under this plan, the *member* specifically acknowledges our right of recovery. When this plan provides health care benefits for expenses incurred due to third party injuries, we shall be included in the *member's* rights of recovery against any party to the extent of the full cost of all benefits provided by this plan. We may proceed against any party with or without the *member's* consent.

By accepting benefits under this plan, the *member* also specifically acknowledges our right of reimbursement. This right of reimbursement attaches when this plan has provided health care benefits for expenses incurred due to third party injuries and the *member* or the *member's* representative has recovered any amounts from any source. Our right of reimbursement is cumulative with and not exclusive our right of recovery and we may choose to exercise either or both rights of recovery.

As a condition for *our* payment, the *member* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with *us* in order to obtain information about the *loss* and its cause.
2. To immediately inform *us* in writing of any claim made or lawsuit filed on behalf of a *member* in connection with the *loss*.
3. To include the amount of benefits paid by *us* on behalf of a *member* in any claim made against any *third party*.
4. To give us a first-priority lien on any recovery, settlement or judgment or other sources of compensation which may be had from any party to the extent of the full cost of all benefits associated with third party injuries provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement).
5. To pay, as the first priority, from any recovery, settlement, judgment, or other source of compensation, any and all amounts due us as reimbursement for the full cost of all benefits associated with Third Party injuries provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement).
6. That *we*:
    a. Will have a lien on all money received by a *member* in connection with the *loss* equal to the benefit amount *we* have provided or paid.
    b. May give notice of that lien to any *third party* or *third party's* agent or representative.
    c. Will have the right to intervene in any suit or legal action to protect *our* rights.
    d. Are entitled to all of the rights of the *member* against any *third party* to the extent of the benefits paid on the *member's* behalf.
    e. May assert the right of reimbursement independently of the *member*.

7. To take no action that prejudices *our* reimbursement rights. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits provided by this plan.
8. To sign, date, and deliver to *us* any documents *we* request that protect *our* reimbursement rights.
9. To not settle any claim or lawsuit against a *third party* without providing *us* with written notice of the intent to do so.
10. To reimburse *us* from any money received from any *third party*, to the extent of benefits *we* paid for the *illness* or *injury*, whether obtained by settlement, judgment, or otherwise, and whether or not the *third party's* payment is expressly designated as a payment for medical expenses.
11. That *we* may reduce other benefits under the *policy* by the amounts a *member* has agreed to reimburse *us*.

We have the right to be reimbursed in full regardless of whether or not the *member* is fully compensated by any recovery received from any *third party* settlement, judgment, or otherwise.

We will not pay attorney fees or costs associated with the *member's* claim or lawsuit. In the event *you* or *your* representative fail to cooperate with us, *you* shall be responsible for all benefits paid by this plan in addition to costs and attorney's fees incurred by us.

If a dispute arises as to the amount a *member* must reimburse *us*, the *member* (or the guardian, legal representatives, estate, or heirs of the *member*) agree to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by *us* until the dispute is resolved.

Claims

Notice of Claim
We must receive notice of claim within 30 days of the date the *loss* began or as soon as reasonably possible.

Proof of Loss
We must receive written *proof of loss* within 90 days of the *loss* or as soon as is reasonably possible. *Proof of loss* furnished more than one year late will not be accepted, unless *you* or *your* covered *dependent member* had no legal capacity to submit such proof during that year. When we receive notice of claim, we will send the claimant forms for filing proof of loss. If these forms are not given to the claimant within 15 days, the claimant will meet the proof of loss requirements by giving us a written statement of the nature and extent of the loss within the time limits stated in this Proof of Loss section.

Cooperation Provision
Each *member*, or other person acting on his or her behalf, must cooperate fully to assist *us* in determining *our* rights and obligations under the *policy* and, as often as may be reasonably necessary:

1. Sign, date, and deliver to *us authorizations* to obtain any medical or other information, records or documents *we* deem relevant from any person or entity.
2. Obtain and furnish to *us*, or *our* representatives, any medical or other information, records or documents *we* deem relevant.
3. Answer, under oath or otherwise, any questions *we* deem relevant, which *we* or *our* representatives may ask.
4. Furnish any other information, aid or assistance that *we* may require, including without limitation, assistance in communicating with any person or entity (including requesting any person or entity to promptly provide to *us*, or *our* representative, any information, records or documents requested by *us*).

If any *member*, or other person acting on his or her behalf, fails to provide any of the items or information requested or to take any action requested, the claim(s) will be closed and no further action will be taken by *us* unless and until the item or information requested is received or the requested action is taken, subject to the terms and conditions of the *policy*.

In addition, failure on the part of any *member* or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the *member*.

Time for Payment of Claims
Benefits will be paid to you, or to the provider to whom you have assigned payment of benefits, within 40 days for clean claims filed on paper and within 20 days for clean claims filed electronically. "Clean claims" means a claim submitted by *you* or a provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment. If *we* have not received the information *we* need to process a claim, *we* will ask for the additional information necessary to complete the claim. *You* will receive a copy of that request for additional information. In those cases, *we* cannot complete the processing of the claim until the additional information requested has been received. *We* will make *our* request for additional information within 20 days of *our* initial receipt of the claim if it was submitted electronically and within 40 days if it was submitted on paper. *We* will complete *our* processing of the claim within 30 days after *our* receipt of all requested information.

Payment of Claims
Except as set forth in this provision, all benefits are payable to *you.* Any accrued benefits unpaid at *your* death, or *your dependent member's* death may, at *our* option, be paid either to the beneficiary or to the estate. If any benefit is payable to *your* or *your dependent member's* estate, or to a beneficiary who is a

minor or is otherwise not competent to give valid release, *we* may pay up to $1,000 to any relative who, in *our* opinion, is entitled to it.

Change of Beneficiary

The insured can change the beneficiary at any time by giving the company written notice. The beneficiary's consent is not required for this or any other change in the policy, unless the designation of the beneficiary is irrevocable.

We may pay all or any part of the benefits provided by this *policy* for *hospital,* surgical, nursing, or medical services, directly to the *hospital* or other person rendering such services.

Any payment made by *us* in good faith under this provision shall fully discharge *our* obligation to the extent of the payment. *We* reserve the right to deduct any overpayment made under this *policy* from any future benefits under this *policy*.

Foreign Claims Incurred For Emergency Care

Claims incurred outside of the United States for *emergency* care and treatment of a *member* must be submitted in English or with an English translation. Foreign claims must include the applicable medical records in English to show proper *proof of loss* and evidence of payment to the *provider*.

Assignment

We will reimburse a *hospital* or health care *provider* if:

1. *Your* health insurance benefits are assigned by *you* in writing; and
2. *We* approve the assignment.

Any assignment to a *hospital* or person providing the treatment, whether with or without *our* approval, shall not confer upon such *hospital* or person, any right or privilege granted to *you* under the *policy* except for the right to receive benefits, if any, that *we* have determined to be due and payable.

Medicare

This provision describes how *we* coordinate and pay benefits when a *member* is also enrolled in Medicare and duplication of coverage occurs. If a *member* is not enrolled in Medicare or receiving benefits, there is no duplication of coverage and *we* do not have to coordinate with Medicare.

The benefits under this *policy* are not intended to duplicate any benefits to which *members* are entitled under Medicare.

Medicare primary/secondary payer guidelines and regulations will determine primary/secondary payer status, and will be adjudicated by us as set forth in this section. In cases where Medicare or another government program has primary responsibility, Medicare benefits will be taken into account for any *member* who is enrolled for Medicare. This will be done before the benefits under this policy are calculated. When Medicare, Part A and Part B or Part C is primary, Medicare's allowable amount is the highest allowable expense.

When a person is eligible for Medicare benefits and Medicare is deemed to be the primary payer under Medicare secondary payer guidelines and regulations, we will reduce our payment by the Medicare primary payment and pay as secondary up to the Medicare allowable amount. However, under no circumstances will this policy pay more than it would have paid if it had been the primary plan.

Charges for services used to satisfy a *member's* Medicare Part B deductible will be applied in the order received by *us*. Two or more expenses for services received at the same time will be applied starting with the largest first.

This provision will apply to the maximum extent permitted by federal or state law. *We* will not reduce the benefits due any *member* because of a *member's* eligibility for Medicare where federal law requires that *we* determine its benefits for that *member* without regard to the benefits available under Medicare.

Members may no longer be eligible to receive a premium subsidy for the Health Insurance Marketplace plan once Medicare coverage becomes effective.

Medicaid Reimbursement
The amount provided or payable under this *policy* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

We will pay the benefits of this *policy* to the state if:
1. A *member* is eligible for coverage under his or her state's Medicaid program; and
2. *We* receive proper *proof of loss* and notice that payment has been made for *covered service expenses* under that program.

Our payment to the state will be limited to the amount payable under this *policy* for the *covered service expenses* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy *our* responsibility to the extent of that payment.

Custodial Parent
This provision applies if the parents of a covered *eligible child* are divorced or legally separated and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if *we* receive a copy of the order establishing custody.

Upon request by the custodial parent, *we* will:
1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions, and limitations of the *policy*, and other information as may be necessary for the child to obtain benefits through that coverage;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge *our* obligations.

A custodial parent may, with *our* approval, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

In addition, we will:

(1) permit the parent to enroll, under the family coverage, a child who is otherwise eligible for the coverage without regard to any enrollment season restrictions;

(2) if the parent is enrolled but fails to make application to obtain coverage for the child, enroll the child under family coverage upon application of:

(a) the child's other parent;

(b) the state agency administering the Medicaid program; or

(c) the state agency administering 42 U.S.C. Sections 651 to 669, the child support enforcement program; and

(3) continue coverage of the child unless the insurer is provided satisfactory written evidence that the:

(a) court order is no longer in effect;

(b) child is or will be enrolled in comparable health coverage through another insurer which will take effect not later than the effective date of disenrollment; or

(c) employer has eliminated family health coverage for all of its employees.

Physical Examination
We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at *our* expense and as often as *we* may reasonably require. In cases of death of the member, *we* may have an autopsy performed during the period of contestability at *our* own expense unless prohibited by law. The autopsy must be performed in South Carolina.

Legal Actions
No suit may be brought by *you* on a claim sooner than 60 days after the required *proof of loss* is given. No suit may be brought more than six years after the date *proof of loss* is required.

Non-Assignment
The coverage, rights, privileges and benefits provided for under this *policy* are not assignable by *you* or anyone acting on your behalf. Any assignment or purported assignment of coverage, rights, privileges and benefits provided for under this *policy* that *you* may provide or execute in favor of any *hospital, provider*, or any other person or entity shall be null and void and shall not impose any obligation on *us.*

No Third Party Beneficiaries
This *policy* is not intended to, nor does it, create or grant any rights in favor of any third party, including but not limited to any *hospital, provider* or *medical practitioner* providing services to *you*, and this *policy* shall not be construed to create any third party beneficiary rights.

Grievance and Complaint Procedures

Internal Procedures
Applicability/Eligibility
The internal *grievance* procedures apply to any hospital or medical policy or certificate or conversion plans, but not to accident only or disability only insurance.

An eligible grievant is:
1. A claimant*;*
2. Person authorized to act on behalf of the claimant. **Note:** Written authorization is not required; however, if received, *we* will accept any written expression of authorization without requiring specific form, language, or format;
3. In the event the claimant is unable to give consent: a *spouse*, family member, or the treating *provider*; or
4. In the event of an *expedited grievance*: the person for whom the insured has verbally given authorization to represent the claimant.
   Important: *Adverse benefit determinations* that are not *grievances* will follow standard PPACA internal appeals processes.

Grievances
Claimants have the right to submit written comments, documents, records, and other information relating to the claim for benefits. Claimants have the right to review the claim file and to present evidence and testimony as part of the internal review process.

Grievances will be promptly investigated and presented to the internal *grievance* panel. A plan that is providing benefits for an ongoing course of treatment cannot be reduced or terminated without providing advance notice and an opportunity for advance review. The plan is required to provide continued coverage pending the outcome of an appeal. A request for an appeal must be submitted within 180 days following receipt of an *adverse benefit determination*.

Resolution Timeframes
1. *Grievances* regarding quality of care, quality of service, or *reformation* will be resolved within 30 calendar days of receipt.
2. All other *grievances* will be resolved and *we* will notify the *claimant* in writing with the appeal decision within the following timeframes:
   a. *Post-service claim*: within 60 calendar days after receipt of the *claimant*'s request for internal appeal; or
   b. *Pre-service claim*: within 30 calendar days after receipt of the *claimant*'s request for internal appeal.

A claimant shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits. All comments, documents, records and other information submitted by the claimant relating to the claim for benefits, regardless of whether such information was submitted or considered in the initial *adverse benefit determination*, will be considered in the internal appeal.
1. The claimant will receive from the plan, as soon as possible, any new or additional evidence considered by the reviewer. We will give the claimant 10 calendar days to respond to the new information before making a determination, unless the state turnaround time for response is due in less than 10 calendar days. If the state turnaround time is less than 10 calendar days, the claimant will have the option of delaying the determination for a reasonable period of time to respond to the new information; or
2. The claimant will receive from us, as soon as possible, any new or additional medical rationale considered by the reviewer. We will give the claimant 10 calendar days to respond to the new

medical rationale before making a determination, unless the state turnaround time for response is due in less than 10 calendar days. If the state turnaround time is less than 10 calendar days, the claimant will have the option of delaying the determination for a reasonable period of time to respond to the new medical rationale.

Refer to a later section for information regarding internal *expedited grievances*.

Acknowledgement

Within five (5) business days of receipt of a *grievance*, a written acknowledgment to the claimant or the claimant's authorized representative confirming receipt of the *grievance* must be delivered or deposited in the mail.

When acknowledging a *grievance* filed by an authorized representative, the acknowledgement shall include a clear and prominent notice that health care information or medical records may be disclosed only if permitted by law.

1. The acknowledgement shall state that unless otherwise permitted under applicable law, informed consent is required and the acknowledgement shall include an informed consent form for that purpose;
2. If such disclosure is prohibited by law, health care information or medical records may be withheld from an authorized representative, including information contained in its resolution of the *grievance*; and
3. A *grievance* submitted by an authorized representative will be processed regardless of whether health care information or medical records may be disclosed to the authorized representative under applicable law.

Right to Appear

The claimant who filed the *grievance*, or the claimant's authorized representative, has the right to appear in person before the *grievance* panel to present written or oral information. The grievant may submit written questions to the person or persons responsible for making the determination that resulted in the *grievance*.

1. Written notification must be sent to the claimant indicating the time and place of the *grievance* panel meeting at least seven calendar days before the meeting; and
2. Reasonable accommodations must be provided to allow the claimant, or the claimant's authorized representative, to participate in the *grievance* panel.

Grievance Panel

The *grievance* panel will not include the person who made the initial determination nor any person who is the subordinate of the original reviewer. The panel may, however, consult with the initial decision-maker. If the panel consists of at least three persons, the panel may then include no more than one subordinate of the person who made the initial determination.

The *grievance* panel will include:

1. At least one individual authorized to take corrective action on the *grievance*; and
2. At least one insured other than the grievant, if an insured is available to serve on the *grievance* panel. The insured member of the panel shall not be an employee of the plan, to the extent possible.

When the *adverse benefit determination* is based in whole or in part on a medical judgment, the *grievance* panel will consult with a licensed health care *provider* with expertise in the field relating to the *grievance* and who was not consulted in connection with the original *adverse benefit determination*.

Expedited Grievance

A clinically urgent may be submitted orally or in writing. All necessary information, including *our* determination on review, will be transmitted between the claimant and *us* by telephone, facsimile, or other available similarly expeditious method.

A clinically urgent shall be resolved as expeditiously as the *claimant*'s health condition requires but not more than 72 hours after receipt of the *grievance*.

Due to the 72-hour resolution timeframe, the standard requirements for notification, *grievance* panel/right to appear, and acknowledgement do not apply to *expedited grievances*.

Upon written request, *we* will mail or electronically mail a copy of the claimant's complete *policy* to the claimant or the claimant's authorized representative as expeditiously as the *grievance* is handled.

Written Grievance Response

Grievance response letters shall describe, in detail, the *grievance* procedure and the notification shall include the specific reason for the denial, determination, or initiation of disenrollment.
The panel's written decision to the grievant must include:

1. The disposition of and the specific reason or reasons for the decision;
2. Any corrective action taken on the *grievance*;
3. The signature of one voting member of the panel; and
4. A written description of position titles of panel members involved in making the decision.
5. If upheld or partially upheld, it is also necessary to include:
    a. A clear explanation of the decision;
    b. Reference to the specific policy provision on which the determination is based;
    c. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant 's claim for benefits;
    d. If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either the specific rule, guideline, protocol, or other similar criterion; or a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the claimant upon request;
    e. If the *adverse benefit determination* is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the policy to the claimant 's medical circumstances, or a statement that such explanation will be provided free of charge upon request;
    f. Identification of medical experts whose advice was obtained on behalf of the policy, without regard to whether the advice was relied upon in making the *adverse benefit determination*;
    g. The date of service;
    h. The health care *provider's* name;
    i. The claim amount;
    j. The diagnosis and procedure codes with their corresponding meanings, or an explanation that the diagnosis and/or procedure codes are available upon request;
    k. The health policy's denial code with corresponding meaning;
    l. A description of any standard used, if any, in denying the claim;
    m. A description of the external review procedures, if applicable;
    n. The right to bring a civil action under state or federal law;
    o. A copy of the form that authorizes the policy to disclose protected health information, if applicable;
    p. That assistance is available by contacting the specific state's consumer assistance department, if applicable; and
    q. A culturally linguistic statement based upon the claimant's county or state of *residence* that provides for oral translation of the *adverse benefit determination*, if applicable.

Complaints
Basic elements of a *complaint* include:

1. The complainant is the claimant or an authorized representative of the claimant;
2. The submission may or may not be in writing;
3. The issue may refer to any dissatisfaction about:
    a. *Us*, as the insurer; e.g., customer service *complaints* - "the person to whom I spoke on the phone was rude to me";
    b. *Providers* with whom *we* have a direct or indirect contract;
        i. Lack of availability and/or accessibility of *network providers* not tied to an unresolved benefit denial; and
        ii. Quality of care/quality of service issues;
4. Written expressions of dissatisfaction regarding quality of care/quality of service are processed as *grievances*;
5. Oral expressions of dissatisfaction regarding quality of care/quality of service are processed as *complaints* as indicated in standard oral *complaint* instructions; and
6. Any of the issues listed as part of the definition of *grievance* received from the *claimant* or the claimant's authorized representative where the caller has not submitted a written request but calls us to escalate their dissatisfaction and request a verbal/oral review.

Complaints received from the State Insurance Department
The commissioner may require *us* to treat and process any *complaint* received by the South Carolina Department of Insurance by, or on behalf of, a claimant as a *grievance* as appropriate. *We* will process the South Carolina Department of Insurance *complaint* as a *grievance* when the commissioner provides *us* with a written description of the *complaint*.

External Review
An external review decision is binding on *us*. An external review decision is binding on the claimant except to the extent the claimant has other remedies available under applicable federal or state law. *You* must make your request for an external review within four months of receiving notice that an adverse decision has been made under *our* internal appeal process. A decision will be made within 72 hours of the receipt of an expedited request, and within 45 days of the receipt of a standard request. *We* will pay for the costs of the external review performed by the independent reviewer.

We will request an external review and assignment of an *IRO* from the South Carolina Department of Insurance. *We* submit this request to:

Director Ray Farmer
South Carolina Department of Insurance

Applicability/Eligibility
The g*rievance* procedures apply to:

1. Any hospital or medical policy or certificate; excluding accident only or disability income only insurance; or
2. Conversion plans.

After exhausting the internal review process, the claimant has four months to make a written request to the Grievance Administrator for external review after the date of receipt of *our* internal response.

1. The internal appeal process must be exhausted before the claimant may request an external review unless the claimant files a request for an expedited external review at the same time as an internal *expedited grievance* or *we* either provide a waiver of this requirement or fail to follow the appeal process;

2. A health plan must allow a claimant to make a request for an expedited external review with the plan at the time the claimant receives:
    a. An *adverse benefit determination* if the determination involves a medical condition of the claimant for which the timeframe for completion of an internal *expedited grievance* would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function and the claimant has filed a request for an internal *expedited grievance*; and
    b. A final internal *adverse benefit determination*, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function, or if the final internal *adverse benefit determination* concerns an admission, availability of care, continued stay, or health care item or service for which the claimant received *emergency* services, but has not been discharged from a facility; and
3. Claimants may request an expedited external review at the same time the internal *expedited grievance* is requested and an (IRO) will determine if the internal *expedited grievance* needs to be completed before proceeding with the expedited external review.

External review is available for *grievances* that involve:

1. Medical judgment, including but not limited to those based upon requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit; or the determination that a treatment is *experimental* or *investigational*, as determined by an external reviewer; or
2. *Rescissions* of coverage.

External Review Process

1. *We* have five business days (immediately for expedited) following receipt of the request to conduct a preliminary review of the request to determine whether:
    a. The individual was a *covered person* at the time the item or service was requested;
    b. The service is a *covered service* under the claimant's policy but for the policy's *adverse benefit determination* with regard to medical necessity experimental/investigational, medical judgment, or *rescission*;
    c. The claimant has exhausted the internal process; and
    d. The claimant has provided all of the information required to process an external review.
2. Within one business day (immediately for expedited) after completion of the preliminary review, *we* will notify the claimant in writing as to whether the request is complete but not eligible for external review and the reasons for its ineligibility or , if the request is not complete, the additional information needed to make the request complete;
3. *We* must allow a claimant to perfect the request for external review within the four-month filing period or within the 48-hour period following the receipt of notification;
4. *We* will notify the Department of the claimant's request for external review;
5. The Department will assign an IRO on a rotating basis;
6. *We* will verify that no conflict of interest exists with the assigned IRO (if a conflict does exist, we will contact the Department for an additional assignment);
7. Within five business days of the Department's assignment of an IRO, *we* will notify the claimant in writing of the assignment to an IRO and the claimant's right to submit additional information to be considered by the IRO. If the claimant provides the IRO information within the five-day timeframe, the information will be considered in the review. This information must be shared with *us* within one business day of receipt by the IRO.
8. Within five (5) business days after the date of assignment of the IRO, *we* must provide the documents and any information considered in making the *adverse benefit determination* to the IRO. **Note:** For expedited, after assignment of the IRO, *we* must provide the documents and any information considered in making the *adverse benefit determination* to the IRO electronically or by telephone or facsimile or any other available expeditious method;

9. If *we* fail to timely provide the documents and information, the IRO may terminate the external review and make a decision to reverse the *adverse benefit determination*;
10. Within 10 business days, the assigned IRO will timely notify the claimant in writing of the request's eligibility and acceptance for external review. The notice will include a statement that the claimant may submit in writing additional information to the IRO to consider;
11. Upon receipt of any information submitted by the claimant, the IRO must forward the information to *us* within one (1) business day;
12. Upon receipt of the information, *we* may reconsider *our* determination. If *we* reverse *our adverse benefit determination*, *we* must provide written notice of the decision to the claimant and the IRO within one business day after making such decision. The external review would be considered terminated;
13. Within 45 days (72 hours for expedited) after the date of receipt of the request for an external review by the health plan, the IRO will review all of the information and provide written notice of its decision to uphold or reverse the *adverse benefit determination* to the claimant and to *us*. If the notice for an expedited review is not in writing, the IRO must provide written confirmation within 48 hours after the date of providing the notice; and
14. Upon receipt of a notice of a decision by the IRO reversing the *adverse benefit determination*, *we* will approve the benefit that was the subject of the *adverse benefit determination*.
