

- o Hair electrolysis, transplantation or laser removal
- o Lift such as arm, body, face, neck, thigh
- o Liposuction
- o Nasal surgery such as rhinoplasty or septoplasty
- o Otoplasty
- o Treatment of varicose veins
- o Vermilionectomy with mucosal advancement
- Speech therapy (includes home setting), except when the therapy is medically necessary for treating a mental health diagnosis such as autism or gender dysphoria.

HNL will consider the Medical Necessity for the proposed treatment, the proposed level of care (Inpatient or Outpatient) and the duration of the proposed treatment.

In the event of an admission, a Concurrent Review will be performed. Confinement in excess of the number of days initially approved must be authorized by HNL.

Exceptions

Certification will not apply to outpatient procedures/services, with the exception of reconstructive and cosmetic surgery, for the treatment, diagnosis or prevention of a mental health or substance use disorder.

HNL does not require Certification for maternity care. However, please notify HNL at the time of the first prenatal visit.

Certification is not needed for the first 48 hours of Inpatient Hospital Services following a vaginal delivery, nor the first 96 hours following a cesarean section. However, please notify HNL within 24 hours following birth or as soon as reasonably possible; no penalty will apply if notification is not received. Certification must be obtained if the Physician determines that a longer Hospital stay is Medically Necessary either prior to or following the birth.

Certification is not required for the length of a Hospital stay for mastectomies, lymph node dissections and reconstructive surgery incident to a mastectomy (including lumpectomy).

Prior Authorization by HNL may be required for certain Drugs. Please refer to "Prior Authorization and Exception Request Process" in the "Outpatient Prescription Drug Benefits" section. You may refer to our website at www.myhealthnetca.com to review the Drugs that require a Prior Authorization as noted in the Essential Rx Drug List.

B. CERTIFICATION PROCEDURE

Certification must be requested by You, within the following periods:

- Five (5) or more business days before the proposed admission date or the commencement of treatment, except when due to a medical emergency.
- 72 hours or sooner, taking into account the medical exigencies, for proposed services needed urgently.
- In the event of being admitted into a Hospital following outpatient emergency room or Urgent Care center services for Emergency Care; please notify HNL of the Inpatient admission within 48 hours, or as soon as reasonably possible.

- Before admission to a Skilled Nursing Facility or Hospice Facility

In order to obtain Certification, the Covered Person or the Covered Person's Physician is responsible for contacting HNL as shown on the Health Net PPO Identification Card before receiving any service requiring Certification. If the Covered Person receives any such service and does not follow the procedures shown in this "Certification Requirements" section, the Noncertification Penalties stated in the "Schedule of Benefits" will be applied. However, for services that require notification only, the penalty will not apply.

Verbal Certification may be given for the service. Written Certification for Inpatient services will be sent to the patient and provider of service.

For Urgent Care requests, HNL will notify the Covered Person of Our decision as soon as possible, taking into account the medical exigencies, but not later than 72 hours from the receipt of the request. If additional information is necessary to make Our determination, HNL will notify the Covered Person (within 24 hours of the receipt of the request) of the specific information necessary to make the determination and a reasonable time frame (that is not less than 48 hours) to provide the information to HNL. HNL will notify the Covered Person of Our decision no later than 48 hours after the earlier of the receipt of the requested information, or the end of the time period to provide the requested information.

For all other requests in which the decisions are based in whole or in part on Medical Necessity, HNL will notify the Covered Person of Our decision not later than five (5) business days from the receipt of the request and information that is reasonably necessary to make the determination. For time frames of initial benefit determinations that are not based on Medical Necessity, refer to "Timing of Notice" under the "Notification of HNL's Initial Benefit Determination" provision in the "Coverage Decisions and Disputes Resolution" section of this *Policy*.

C. CONCURRENT REVIEW

Concurrent review is a type of treatment review that takes place during an Inpatient stay or as part of an ongoing course of treatment to be provided over a period of time or number of treatments. HNL performs utilization management services for Members using approved clinical criteria in order to facilitate medical appropriateness, promote quality and continuity of care, and to coordinate discharge planning. Therefore, in the event of an admission a concurrent review of the admission is performed.

For treatment involving Urgent Care, the request by the Covered Person or the Covered Person's Physician to extend the course of treatment beyond the period of time or number of treatments shall be decided as soon as possible, taking in to account the medical exigencies. The Covered Person will be notified of Our decision within 24 hours of the receipt of the review request, provided that such a request is made to HNL at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

If concurrent review results in an Adverse Benefit Determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated. Refer to the "Resolution of Disputes" provision in this section if You disagree with Our decision.

D. RETROSPECTIVE REVIEW

Retrospective review is a type of treatment review that occurs when the initial review of a Certification request takes place after services have been rendered. Such delayed review follows the same general process as Certification prior to treatment and concurrent review, including evaluation of the reasons Certification was not obtained and application of the Certification penalty when appropriate, and evaluation of medical records for demonstration of Medical Necessity.

Covered Persons and providers will be notified of relevant decisions that are based in whole or in part on Medical Necessity, within 30 calendar days following the receipt of the claim and information that is reasonably necessary to make the determination. For time frames of initial benefit determinations that are not based on Medical Necessity, refer to "Timing of Notice" under the "Notification of HNL's Initial Benefit Determination" provision in the "Coverage Decisions and Disputes Resolution" section of this *Policy*.

E. NOTIFICATION OF ADVERSE BENEFIT DETERMINATION

If Certification, concurrent review, or retrospective review results in denial, delay, or modification of a covered service, HNL will send a written or electronic notice to the patient and to the provider of the service. HNL's decision will include a clear and concise explanation of the reasons for Our decision, a description of the criteria or guidelines used and the clinical reasons for the decisions regarding Medical Necessity. The explanation will also include the specific plan provisions on which determination is based. The Medical Necessity decisions communicated to the medical providers will include the name and telephone number of the health care professional responsible for the denial, delay or modification.

In the case of an Adverse Benefit Determination involving Urgent Care, HNL may provide the decision verbally as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the request. The written or electronic notice will be provided to the Covered Person not later than 3 days after the verbal notice. The notice of Our decision related to Urgent Care will also include a description of the expedited review process.

Except for the benefit determination in relation to concurrent review and Urgent Care, if HNL is unable to make a decision to approve, modify or deny the request within the timeframes described under "Certification Procedure," and "Retrospective Review" provisions because We are not in receipt of all of the information reasonably necessary and requested, or because HNL requires consultation by an expert reviewer, or because HNL has asked that an additional examination or test be performed upon the Covered Person, provided that the examination or test is reasonable and consistent with good medical practice, HNL will provide a complete response based on the facts as then known by HNL within the specified timeframe. This response will specify the information requested but not received, or the expert reviewer to be consulted, or the additional examinations or tests required. HNL shall also notify the provider and Covered Person of the anticipated date on which a decision may be rendered. Upon receipt of all information reasonably necessary and requested by HNL, HNL shall approve, modify, or deny the request for authorization within the timeframes specified above.

In the case of denial, HNL will provide the following upon request:

- The criteria, guidelines, protocols, or other similar criterion used by HNL, or an entity with which HNL contracts for utilization review or utilization management functions, to determine whether to authorize, modify, delay, or deny health care services.

- If the adverse determination is based on Medical Necessity or Experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination.

F. EFFECT ON BENEFITS

If Certification is obtained and services are rendered within the scope of the Certification, benefits for Covered Expenses will be provided in accordance with the "Medical Benefits" section of this *Policy*.

If Certification is not obtained, but the Covered Person receives the services anyway, the Noncertification Penalties shown in "Schedule of Benefits" will be applied; a Noncertification Penalty will not be imposed if the benefit is not listed in the "Services Requiring Prior Certification" provision above. Failure to obtain Certification for an Essential Health Benefit, as defined under California Insurance Code section 10112.27, will not result in denial of coverage for that benefit.

G. RESOLUTION OF DISPUTES

In the event that You or Your Physician should disagree with any Certification, concurrent or retrospective review decision made, the following dispute resolution procedure must be followed:

- Either the Covered Person or the Covered Person's Physician may contact HNL to request an appeal of Our decision. Refer to the "Grievance and Appeals Process" provision in the "Coverage Decisions and Disputes Resolution" section for more details. Additional information may be requested, or the treating Physician may be consulted in any reconsideration. A written reconsideration decision will be provided.
- The Covered Person may request an Independent Medical Review as shown in the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" provision of the "Coverage Decisions and Disputes Resolution" section of this *Policy*. You must participate in HNL's grievance or appeals process before requesting Independent Medical Review (IMR) for Medical Necessity denials unless there is an imminent and serious threat to Your health. However, You will not be required to participate in the HNL's grievance or appeals process for more than 30 days. In the case of a grievance that requires expedited review, You will not be required to participate in HNL's grievance process for more than three days.
- The final step to resolve disputes, except disputes concerning Adverse Benefit Determinations as defined in the "Definitions" section of this *Policy*, is binding arbitration as shown in the "Arbitration" provision of the "Coverage Decisions and Disputes Resolution" section of this *Policy*.

MEDICAL BENEFITS

The services and supplies described below will be covered for the Medically Necessary treatment of a covered illness, injury or condition. These benefits are subject to all provisions of this *Policy*.

In addition, many of the Covered Services and Supplies listed herein are subject to Certification in many instances, prior to the expenses being incurred. If Certification is not obtained, the available benefits will be subject to the noncertification penalty as shown in the "Schedule of Benefits." Please refer to the "Certification Requirements" section of this *Policy* for further details.

An expense is incurred on the date the Covered Person receives the service or supply for which the charge is made. HNL shall not pay for expenses incurred for any services or supplies in excess of any visit or benefits maximum described in the "Schedule of Benefits" section or elsewhere in the *Policy*, nor for any service or supply excluded herein.

The fact that a Physician or other provider may perform, prescribe, order, recommend or approve a service, supply or hospitalization does not, in itself, make it Medically Necessary, or make it a covered service.

HNL will not make benefit payments for any Covered Person that exceed any of the benefit limits shown in the "Schedule of Benefits" section.

This Plan provides benefits required by the Newborns' and Mothers' Health Protection Act of 1996 and the Women's Health and Cancer Rights Act of 1998.

NOTE: Please read this description of plan benefits carefully. Please, also read the "Schedule of Benefits" section regarding the Covered Person's out of pocket expenses and "General Exclusions and Limitations," for details of any restrictions placed on the benefits.

Telephone Triage & Screening Services

Telephone triage or screening services to assess a Covered Person's health concerns and symptoms are available 24 hours per day, 7 days per week by contacting the Customer Contact Center at the telephone number on the HNL ID card. Health assessments will be performed by a Physician, registered nurse, or other qualified health professional acting within his or her scope of practice and who is trained to screen or triage an insured who may need care, for the purpose of determining the urgency of the Covered Person's need for care and arranging for care in a timely manner appropriate for the nature of the Covered Person's condition.

How Covered Expenses Are Covered

HNL will pay for Covered Expenses a Covered Person incurs under this plan. Covered Expenses are based on the maximum charge HNL will accept for each type of provider, not necessarily the amount a Physician or other health care provider bills for the service or supply. Other limitations on Covered Expenses may apply. See "Schedule of Benefits," "Medical Benefits" and "General Exclusions and Limitations" sections for specific benefit limitations, maximums, pre-certification requirements and payment policies that limit the amount HNL pays for certain Covered Services and Supplies.

This benefit plan provides both Preferred Provider and Out-of-Network Provider benefits for services (including behavioral health treatment) within California. This benefit plan does not

provide benefits for services (including services for behavioral health treatment) outside California, except for Urgent Care and Emergency Care. Copayments and Coinsurance for Urgent Care and Emergency Care services received outside of California will apply toward the in-network Deductible and Out-of-Pocket Maximum. Outside the United States, coverage is limited to Urgent Care and Emergency Care, as described under "Foreign Travel or Work Assignment" in the "General Provisions" section.

Preferred Providers

The maximum amount of Covered Expenses for a service or supply provided by a Preferred Provider is the lesser of the billed charge or the amount contracted in advance by HNL, referred to in this *Policy* as the Contracted Rate.

Since the Preferred Provider has agreed to accept the Contracted Rate as payment in full, the Covered Person will not be responsible for any amount billed in excess of the Contracted Rate. However, he or she is responsible for any applicable Deductible(s), Copayments or Coinsurance payment required. The Covered Person is always responsible for services or supplies not covered by this plan.

Out-Of-Network Providers

The maximum amount HNL will pay for Covered Expenses when services or supplies are received from an Out-of-Network Provider is the lesser of the billed charge or the Maximum Allowable Amount as defined in the "Definitions" section.

Since the Out-of-Network Provider has not agreed to accept the Maximum Allowable Amount as payment in full, the amount billed by the Out-of-Network Provider may exceed the Maximum Allowable Amount. The Covered Person will need to pay that excess amount, in addition to any applicable Deductible(s), Copayments or Coinsurance payment required. The Covered Person is always responsible for services or supplies not covered by this plan. Once the Maximum Allowable Amount is determined, the amount that HNL pays an Out-of-Network Provider and the amount which will be Your responsibility are determined as follows:

HNL pays an Out-of-Network Provider an amount equal to the Maximum Allowable Amount, less any Deductible(s), Copayments and/or Coinsurance applicable to the Covered Expense for the service or supply that You receive.

The portion of the Maximum Allowable Amount that will be Your responsibility is any Deductible(s), Copayments and/or Coinsurance applicable to the Covered Expense for the service or supply that You receive.

Unless the Out-of-Network Provider has agreed to accept the Maximum Allowable Amount as payment in full, as described in the definition of Maximum Allowable Amount, the amount billed by the Out-of-Network Provider may exceed the Maximum Allowable Amount. You will be responsible for that excess amount, in addition to any applicable Deductible(s), Copayments and/or Coinsurance payment required. In addition, You are always responsible for services or supplies not covered by this plan.

When Services are not Available through a Preferred Provider: If HNL determines that the Medically Necessary care You require is not available within the EnhancedCare PPO Preferred Provider network, HNL will authorize You to receive the care from an Out-of-Network Provider or facility and will arrange for the required medically appropriate care with an available and accessible Out-of-Network Provider or facility. Covered Services and Supplies received from Out-of-Network Providers under these circumstances will be payable at the Preferred Provider level of coverage. Cost-sharing paid

at the Preferred Provider level of coverage will apply toward the in-network Deductible and accrue to the in-network Out-of-Pocket Maximum and You will not be responsible for any amounts in excess of the Maximum Allowable Amount. If You need access to medically appropriate care that is not available in the EnhancedCare PPO Preferred Provider network, or are being billed for amounts in excess of the Maximum Allowable Amount for Covered Services received under these circumstances, please call the Customer Contact Center at the number shown on Your HNL ID Card.

When Out-of-Network Services are received at an In-Network Health Facility: In addition, if You receive covered non-emergent services at an in-network (EnhancedCare PPO network) health facility (including, but not limited to, a licensed Hospital, an ambulatory surgical center or other outpatient setting, a laboratory, or a radiology or imaging center), at which, or as a result of which, You receive non-emergent Covered Services by an Out-of-Network Provider, the non-emergent services provided by the Out-of-Network Provider will be payable at the Preferred Provider level of cost-sharing and Deductible, if applicable, and without balance billing (balance billing is the difference between a provider's billed charge and the Maximum Allowable Amount); the cost-sharing and Deductible will accrue to the Out-of-Pocket Maximum for Preferred Providers.

The Out-of-Network Provider may bill or collect from You the difference between a provider's billed charge and the Maximum Allowable Amount in addition to any applicable Out-of-Network Deductible(s), Copayments and/or Coinsurance, only when You consent in writing at least 24 hours in advance of care. In order to be valid, that consent must meet all of the following requirements: (1) The consent shall be obtained by the Out-of-Network Provider in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent shall not be obtained by the facility or any representative of the facility. The consent shall not be obtained at the time of admission or at any time when You are being prepared for surgery or any other procedure; (2) At the time the consent is provided, the Out-of-Network Provider shall give You a written estimate of Your total out-of-pocket cost of care. The written estimate shall be based on the Out-of-Network Provider's billed charges for the service to be provided. The Out-of-Network Provider shall not attempt to collect more than the estimated amount without receiving separate written consent from You or Your authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the provider to change the estimate; (3) the consent shall advise You that You may elect to seek care from a Preferred Provider or may contact HNL in order to arrange to receive the health service from a Preferred Provider for lower out-of-pocket costs; (4) The consent shall also advise You that any costs incurred as a result of Your use of the Out-of-Network benefit shall be in addition to Preferred Provider cost-sharing amounts and may not count toward the annual Out-of-Pocket Maximum on Preferred Provider benefits or a Deductible, if any, for in-network benefits; and (5) the consent and estimate shall be provided in the language spoken by You, in certain circumstances.

For information regarding HNL's payment for Out-of-Network Emergency Care, please refer to the Maximum Allowable Amount definition in the "Definitions" section of this *Policy*.

Important Note: Even if a Hospital is a Preferred Provider, the Covered Person should not assume that all Physicians at the Hospital and other individual providers of health care are Preferred Providers. If You receive non-emergent services from an Out-of-Network Provider at that Hospital or other facility, refer to "When Out-of-Network Services are received at an In-Network Health Facility" above for information on how those services are paid.

Out-of-Pocket Limits on Expenses

When the Covered Person's total Copayments, Coinsurance, and Calendar Year Deductible payments for the medical, Prescription Drug, pediatric vision, and pediatric dental benefits, during any Calendar Year, equal the Out-of-Pocket Maximum shown in the "Schedule of Benefits" section, no further Deductibles, Copayments or Coinsurance will be required from that Covered Person for the remainder of that Calendar Year. (See the "Schedule of Benefits" section for exceptions.)

Copayments or Coinsurance paid for the services of a Preferred Provider will **not** apply toward the Out-of-Pocket Maximum for Out-of-Network Providers. In addition, Coinsurance paid for the services of an Out-of-Network Provider will **not** apply toward the Out-of-Pocket Maximum for Preferred Providers. However, Deductibles, Copayments or Coinsurance paid for Out-of-Network Emergency Care (including emergency medical transportation and emergency Hospital care) will be applied to the Out-of-Pocket Maximum for Preferred Providers.

Medical Deductibles

- After HNL determines the amount of Covered Expenses, HNL will subtract the applicable Deductible(s) and either the Copayment or the Coinsurance that applies to the covered service or supply. HNL will then pay up to the benefit limit shown in the "Schedule of Benefits" section.
- Only Covered Expenses will be applied to the satisfaction of the Deductible(s) shown in this *Policy*.
- Expenses incurred under the Prescription Drug Benefit will not be applied to the Calendar Year Deductible.

Visits to a Health Care Provider's Office or Clinic

Professional Services

Necessary services of a Physician, including office visits and consultations, Hospital and Skilled Nursing Facility visits and visits to the Covered Person's home.

Vision and Hearing Examinations

Vision and hearing examinations for diagnosis and treatment, including refractive eye examinations, are covered as shown in the "Schedule of Benefits" section.

Allergy Testing and Treatment

The testing and treatment of allergies is covered. This includes allergy serum.

Acupuncture

Medically Necessary (as defined) acupuncture services. Acupuncture services are administered by American Specialty Health Plans of California, Inc. (ASH Plans).

Patient Education

HNL will pay for a diabetes instruction program supervised by a licensed or registered health care professional. A diabetes instruction program is a program designed to teach the Covered Person (the

diabetic) and Covered Persons of the diabetic's family about the disease process, medical nutrition therapy, and the daily management of diabetic therapy.

In addition, HNL will cover tobacco cessation, asthma education, weight management classes and stress management classes that are provided by nonphysician providers.

Preventive Care Services

The coverage described below shall be consistent with the requirements of the Affordable Care Act (ACA).

Preventive Care Services are covered for children and adults, as directed by Your Physician, and in accordance with the following:

- Those evidence-based items or services that have, in effect, a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force (USPSTF).
<https://uspreventiveservicestaskforce.org/uspstf/>
- Those immunizations for routine use in children, adolescents and adults that have, in effect, a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC). <https://www.cdc.gov/vaccines/hcp/acip-recs/index.html>
- With respect to women, those evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
<https://www.hrsa.gov/womens-guidelines-2019>
- With respect to infants, children and adolescents, such evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the (HRSA).
<https://brightfutures.aap.org/Pages/default.aspx>

Your Physician will evaluate Your health status (including, but not limited to, Your risk factors, family history, gender and/or age) to determine the appropriate Preventive Care Services and frequency. HNL will not make its own determinations as to risk and will defer to the Physician's decision. Additional information regarding Preventive Care Services may be accessed through (<https://www.healthcare.gov/coverage/preventive-care-benefits/>).

Preventive Care Services are covered as shown in the "Schedule of Benefits" section. Please consult with Your Physician to determine whether a specific service is preventive or diagnostic (cost sharing may differ, depending on whether a benefit is considered preventive care or not).

For a detailed list of Covered Services, see the "Preventive Care List of Services" section of this Policy.

Tests

Diagnostic Imaging (Including X-Ray) and Laboratory Procedures

All Medically Necessary prescribed diagnostic imaging (including X-ray) and laboratory procedures, services and materials, including cancer screening tests; mammography for purposes other than Preventive Care Services; electrocardiography; electroencephalography; ultrasounds; effectiveness of dialysis; fecal occult blood test; tests for specific genetic disorders for which genetic counseling is available; CT and PET scans; MRIs; ultraviolet light treatments; and bone density scans (CT and DEXA). Mammography and genetic testing for purposes of Preventive Care Services and human

immunodeficiency virus (HIV) screening are covered under the "Preventive Care Services" provision in this section.

Outpatient Surgery and Services

Professional Surgical Services

All covered surgical procedures, including the services of the surgeon or Specialist, assistant surgeon and anesthesiologist, together with preoperative and postoperative care. Surgery includes surgical reconstruction of a breast incident to a mastectomy (including lumpectomy), including surgery to restore symmetry; it also includes prosthesis and treatment of physical complications at all stages of mastectomy, including lymphedema.

HNL uses guidelines of Medicare and its contractors, other governmental regulatory bodies and nationally recognized medical societies and organizations to assist in its determination as to which services and procedures are eligible for reimbursement. HNL uses available Medicare guidelines to determine the circumstances under which claims for assistant surgeon services and co-surgeon and team surgeon services will be eligible for reimbursement, in accordance with HNL's normal claims filing requirements.

When adjudicating claims for Covered Services for the postoperative global period for surgical procedures, HNL applies Medicare's global surgery periods to the American Medical Association defined Surgical Package. The Surgical Package includes typical postoperative care. These criteria include consideration of the time period for recovery following surgery and the need for any subsequent services or procedures which are part of routine postoperative care.

When multiple procedures are performed at the same time, Covered Expenses include the Contracted Rate or Maximum Allowable Amount (as applicable) for the first (or major) procedure and one-half the Contracted Rate or Maximum Allowable Amount for each additional procedure. HNL uses available Medicare guidelines to determine the circumstances under which claims for multiple surgeries will be eligible for reimbursement, in accordance with HNL's normal claims filing requirements. No benefit is payable for incidental surgical procedures, such as an appendectomy performed during gall bladder surgery.

HNL uses available Medicare guidelines to determine which services and procedures billed by an Out-of-Network Provider are eligible for payment separately or as part of a bundled package, including but not limited to, which items are separate professional or technical components of services and procedures. HNL also uses proprietary guidelines to identify potential billing inaccuracies.

Certification may be required for outpatient surgery, including Outpatient Surgical Center and professional surgical services. Please refer to the "Certification Requirements" section of this *Policy* for details.

Outpatient Facility Services

Covered Expenses include:

- Use of a Hospital emergency room or Urgent Care facility, supplies, ancillary services, laboratory and X-ray services, Drugs and medicines administered by the Hospital emergency room or Urgent Care facility;

- Use of outpatient Hospital facility services. Examples are the use of Hospital centers in which ambulatory patients receive the following services: surgery, rehabilitation therapy (including physical, occupational and speech therapy), pulmonary rehabilitation therapy and cardiac rehabilitation therapy, laboratory tests, X-rays, radiation therapy; and chemotherapy
- Use of the facilities of an outpatient surgical unit including operating and recovery rooms, supplies, ancillary services, laboratory and X-ray services, Drugs and medicines administered by the unit.

Certification may be required. Please refer to the "Certification Requirements" section of this *Policy* for details. Payment of benefits for some outpatient facility services will be subject to the noncertification penalty shown in the "Schedule of Benefits" if Certification is required but not obtained.

Benefits will be provided for Hospital services when it is necessary to perform dental services in a Hospital, either as an Inpatient or an Outpatient, due to an unrelated medical condition which would threaten the Covered Person's health if the dental services are not performed and when use of the Hospital setting has been ordered by both a medical doctor and a dentist. Certification will be required.

Outpatient Surgical Center

Outpatient diagnostic, therapeutic and surgical services and supplies for surgery performed at an Outpatient Surgical Center.

Certification may be required for outpatient surgery, including Outpatient Surgical Center and professional surgical services. Please refer to the "Certification Requirements" section of this *Policy* for details. Payment of benefits for outpatient surgery will be subject to the noncertification penalty as shown in the "Schedule of Benefits" if Certification is required but not obtained.

Outpatient Infusion Therapy

Outpatient infusion therapy used to administer covered Drugs and other substances by injection or aerosol is covered when appropriate for the Covered Person's illness, injury or condition and will be covered for the number of days necessary to treat the illness, injury or condition

Infusion therapy includes: total parenteral nutrition (TPN) (nutrition delivered through the vein); injected or intravenous antibiotic therapy; chemotherapy; injected or intravenous pain management; intravenous hydration (substances given through the vein to maintain the patient's fluid and electrolyte balance, or to provide access to the vein); aerosol therapy (delivery of Drugs or other Medically Necessary substances through an aerosol mist); and tocolytic therapy to stop premature labor.

Covered services include professional services (including clinical pharmaceutical support) to order, prepare, compound, dispense, deliver, administer or monitor covered Drugs or other covered substances used in infusion therapy.

Covered supplies include injectable Prescription Drugs or other substances which are approved by the California Department of Health or the Food and Drug Administration for general use by the public. Other Medically Necessary supplies and Durable Medical Equipment necessary for infusion of covered Drugs or substances are covered.

Certain Drugs that are administered as part of outpatient infusion therapy require Certification. Refer to the Health Net Life website, www.myhealthnetca.com, for a list of services and infused Drugs that require Certification.

All services must be billed and performed by a provider licensed by the state. Only a 30-day supply will be dispensed per delivery.

Infusion therapy benefits will not be covered in connection with the following:

- Non-Prescription Drugs or medications
- Any drug labeled "Caution, limited by Federal Law to Investigational use" or Investigational Drugs not approved by the FDA
- Drugs or other substances obtained outside of the United States
- Homeopathic or other herbal medications not approved by the FDA
- Drugs or devices not approved by the Food and Drug Administration (FDA) requiring a prescription either by federal or California law; however, Drugs and medicines which have received FDA approval for marketing for one or more uses will not be denied on the basis that they are being prescribed for an off-label use if the conditions set for in California Insurance Code, Section 10123.195 have been met; or
- Supplies used by a health care provider that are incidental to the administration of infusion therapy, including but not limited to: cotton swabs, bandages, tubing, syringes, medications and solutions.

Outpatient infusion therapy provided by Out-of-Network Providers is not covered.

Radiation Therapy, Chemotherapy and Renal Dialysis Treatment

Radiation therapy and nuclear medicine, chemotherapy and renal dialysis treatment are covered when Medically Necessary. We also cover Inpatient dialysis; routine outpatient visits with multidisciplinary nephrology team for a consultation, exam, or treatment; hemodialysis; and home hemodialysis and peritoneal dialysis and necessary equipment and medical supplies provided the Covered Person receives appropriate training at a dialysis facility.

Certification is required for radiation therapy. Please refer to the "Certification Requirements" section of this *Policy* for details. Payment of benefits for radiation therapy will be subject to the noncertification penalty as shown in the "Schedule of Benefits" if Certification is not obtained.

Organ, Tissue and Stem Cell Transplants

Organ, tissue and stem cell transplants that are not Experimental or Investigational are covered only if the transplant is authorized and certified by HNL. The transplant must be Medically Necessary and the Covered Person must qualify for the transplant. Please refer to the "Certification Requirements" section for information on how to obtain Certification.

HNL has a specific network of designated Transplant Performance Centers to perform organ, tissue and stem cell transplants. Your Physician can provide You with information about this network. You will be directed to a Transplant Performance Center at the time Certification is obtained. Providers that are not designated as part of HNL's network of Transplant Performance Centers are considered Out-of-Network Providers, even if they have a contract with HNL, for purposes of determining coverage and benefits for transplants and transplant-related services and are not covered.

Medically Necessary services, in connection with organ, tissue or stem cell transplants, are covered as follows:

- For the enrolled Covered Person who receives the transplant, and

- For the donor (whether or not an enrolled Covered Person). Benefits are reduced by any amounts paid or payable by the donor's own coverage. Only Medically Necessary services related to the organ donation are covered, including, but not limited to harvesting the organ, tissue or bone marrow and treatment of complications.
- For more information on organ donation coverage, please contact the Customer Contact Center at the telephone number on Your HNL ID Card.

Evaluation of potential candidates is subject to the Certification Requirements. More than one evaluation (including tests) at more than one transplant center will not be authorized unless it is Medically Necessary. Organ, tissue and stem cell transplants will be covered regardless of the Covered Person's human immunodeficiency virus (HIV) status.

Organ donation extends and enhances lives and is an option that a Covered Person may want to consider. For more information on organ donations, including how to elect to be an organ donor, please visit the Department of Health and Human Services organ donation website at www.organdonor.gov.

If a Covered Person receives services which are not Certified by HNL for an organ, tissue or stem cell transplant, he or she will incur the Non-Certification penalties described in the "Schedule of Benefits" section.

Travel expenses and hotel accommodations associated with organ, tissue and stem cell transplants are not covered.

If You disagree with a determination by HNL, You can appeal the determination. The complaint and appeals process, including independent medical review from the California Department of Insurance, is described in the "Grievance and Appeals Process" and "Independent Medical Review of Grievances Involving a Disputed Health Care Service" sections of this *Policy*. You may also call HNL at the telephone number on Your ID card

Need Immediate Attention

Emergency Care

HNL uses a prudent layperson standard to determine whether the criteria for Emergency Care have been met. HNL applies the prudent layperson standard to evaluate the necessity of medical services which a Covered Person accesses in connection with a condition that the Covered Person perceives to be an emergency situation. Please refer to "Emergency Care" in the "Definitions" section to see how the prudent layperson standard applies to the definition of "Emergency Care."

Emergency Care is available and accessible to all Covered Persons in the Service Area 24 hours a day, seven days a week. Emergency Care is also covered outside the Service Area, including outside the United States. See "Foreign Travel or Work Assignment" in the "General Provisions" section for more details. Please see the "Schedule of Benefits" for the applicable Copayments.

Urgent Care

Urgent Care is covered as long as services would have otherwise been covered under this *Policy*.

Ambulance Services

Air or ground Ambulance and Ambulance transport services provided through a Preferred Provider or an Out-of-Network Provider as a result of a **911** emergency response system call will be covered, when either of the following conditions apply:

- The request was made for an emergency medical condition and Ambulance transport services were required; or
- The Covered Person reasonably believed that his or her medical condition was an emergency medical condition and required Ambulance transport services.

Paramedic and Ambulance services that do not meet these conditions or which do not result in a transportation will be covered only if Certification is obtained and the services are Medically Necessary.

Non-emergency Ambulance and psychiatric transport van services are covered if a Physician determines that the Covered Person's condition requires the use of services that only a licensed Ambulance (or psychiatric transport van) can provide and that the use of other means of transportation would endanger the Covered Person's health. Services are only covered when the vehicle transports insured to or from Covered Services. Non-emergency Ambulance services do not include transportation by car, taxi, bus, gurney van, wheelchair van, and any other type of transportation (other than a licensed Ambulance or psychiatric transport van), even if it is the only way to travel to a provider.

When non-emergency transportation services are covered, the emergency transportation cost-share will apply. Please refer to the "Certification Requirements" section and the "Ambulance Services" provision of the "General Exclusions and Limitations" section for additional information.

Covered Services provided by an Out-of-Network air Ambulance Provider will be payable at the Preferred Provider level of cost-sharing and Deductible, if applicable, and without balance billing (balance billing is the difference between a provider's billed charge and the Maximum Allowable Amount) and will apply toward the in-network Deductible, if applicable, and accrue to the in-network Out-of-Pocket Maximum.

Hospital Stay

Covered Expenses include:

- Accommodations as an Inpatient in a room of two or more beds, at the Hospital's most common semi-private room rate with customary furnishings and equipment (including special diets as Medically Necessary);
- Services in Special Care Units;
- Private rooms, when Medically Necessary;
- Physician services, including both professional surgical and professional medical services;
- Specialized and critical care;
- General nursing care;
- Special duty nursing as Medically Necessary;
- Operating, delivery and special treatment rooms;

- Supplies and ancillary services including laboratory, cardiology, pathology, radiology and any professional component of these services;
- Physical, speech, occupational and respiratory therapy;
- Radiation therapy, chemotherapy and renal dialysis treatment;
- Other diagnostic, therapeutic and rehabilitative services, as appropriate;
- Biologicals and radioactive materials;
- Anesthesia and oxygen services,
- Durable Medical Equipment and supplies;
- Medical social services;
- Drugs and medicines approved for general use by the Food and Drug Administration which are supplied by the Hospital for use during the Covered Person's stay;
- Blood transfusions, including blood processing, the cost of blood and unreplaced blood and Blood Products are covered. Self-donated (autologous) blood transfusions are covered only for a scheduled surgery that has been certified; and
- Coordinated discharge planning including the planning of such continuing care as may be necessary, both medically and as a means of preventing possible early re-hospitalization.

Certification is required for Hospital stay. Please refer to the "Certification Requirements" section for details. Payment of benefits for Hospital facility stay will be subject to the noncertification penalty as shown in the "Schedule of Benefits" if Certification is not obtained.

Bariatric (Weight Loss) Surgery

Bariatric surgery (modifying the gastrointestinal tract to reduce nutrient absorption) provided for the treatment of obesity is covered when Medically Necessary and the Covered Person has completed a pre-surgical education program. The surgery must be authorized by HNL and performed at a Bariatric Surgery Performance Center by an HNL Bariatric Surgery Performance Center network surgeon who is affiliated with the HNL Bariatric Surgery Performance Center. Providers that are not designated as part of HNL's network of Bariatric Surgery Performance Centers are considered Out-of-Network Providers, even if they have a contract with HNL, for purposes of determining coverage and benefits for weight loss surgery and are not covered.

Bariatric Surgery Performance Centers are HNL's designated network of bariatric surgical centers and surgeons to perform weight loss surgery. Your Physician can provide You with information about this network. You will be directed to an HNL Bariatric Surgery Performance Center at the time authorization is obtained. All clinical work-up, diagnostic testing and preparatory procedures must be acquired through a HNL Bariatric Surgery Performance Center by an HNL Bariatric Surgery Performance Center network surgeon. Coverage for the surgery includes Hospital Inpatient care (room and board, imaging, laboratory, special procedures, and Physician services).

If You live 50 miles or more from the nearest HNL designated bariatric surgical center, You are eligible to receive travel expense reimbursement, including clinical work-up, diagnostic testing and preparatory procedures, when necessary for the safety of the Covered Person and for the prior approved bariatric weight loss surgery. All requests for travel expense reimbursement must be prior approved by HNL.

Covered travel-related expenses will be reimbursed as follows:

- Transportation for the Covered Person to and from the Bariatric Surgery Performance Center up to \$130 per trip for a maximum of four (4) trips (pre-surgical work-up visit, one pre-surgical visit, the initial surgery and one follow-up visit).
- Transportation for one companion (whether or not an enrolled Covered Person) to and from the Bariatric Surgery Performance Center up to \$130 per trip for a maximum of three (3) trips (pre-surgical work-up visit, the initial surgery and one follow-up visit).
- Hotel accommodations for the Covered Person not to exceed \$100 per day for the pre-surgical work-up visit, pre-surgical visit and the follow-up visit, up to two (2) days per trip or as Medically Necessary. Limited to one room, double occupancy.
- Hotel accommodations for one companion (whether or not an enrolled Covered Person) not to exceed \$100 per day, up to four (4) days for the Covered Person's pre-surgical work-up visit and initial surgery stay and up to two (2) days for the initial follow-up visit. Limited to one room, double occupancy.
- Other reasonable expenses not to exceed \$25 per day, up to two (2) days per trip for the pre-surgical work-up visit, pre-surgical visit and follow-up visit and up to four (4) days for the surgery visit.

The following items are specifically excluded and will not be reimbursed:

- Expenses for tobacco, alcohol, telephone, television, and recreation are specifically excluded.

Submission of adequate documentation including receipts is required to receive travel expense reimbursement from HNL.

If You disagree with a determination by HNL, You can appeal the determination. The complaint and appeals process, including independent medical review from the California Department of Insurance, is described in the "Grievance and Appeals Process" and "Independent Medical Review of Grievances Involving a Disputed Health Care Service" sections of this *Policy*. You may also call HNL at the telephone number on Your ID card.

Radiation Therapy, Chemotherapy and Renal Dialysis Treatment

Radiation therapy and nuclear medicine, chemotherapy and renal dialysis treatment are covered when Medically Necessary. We also cover Inpatient dialysis; routine outpatient visits with multidisciplinary nephrology team for a consultation, exam, or treatment; hemodialysis; and home hemodialysis and peritoneal dialysis and necessary equipment and medical supplies provided the Covered Person receives appropriate training at a dialysis facility.

Certification is required for radiation therapy. Please refer to the "Certification Requirements" section of this *Policy* for details. Payment of benefits for radiation therapy will be subject to the noncertification penalty as shown in the "Schedule of Benefits" if Certification is not obtained.

Organ, Tissue and Stem Cell Transplants

Organ, tissue or stem cell transplants that are not Experimental or Investigational are covered only if the transplant is authorized and certified by HNL. The transplant must be Medically Necessary and the Covered Person must qualify for the transplant. Please refer to the "Certification Requirements" section for information on how to obtain Certification.

HNL has a specific network of designated Transplant Performance Centers to perform organ, tissue and stem cell transplants. Your Physician can provide You with information about this network. You will be directed to a Transplant Performance Center at the time Certification is obtained. Providers that are not designated as part of HNL's network of Transplant Performance Centers are considered Out-of-Network Providers, even if they have a contract with HNL, for purposes of determining coverage and benefits for transplants and transplant-related services are not covered.

Medically Necessary services, in connection with organ, tissue or stem cell transplants, are covered as follows:

- For the Covered Person who receives the transplant, and
- For the donor (whether or not a Covered Person). Benefits are reduced by any amounts paid or payable by the donor's own coverage. Only Medically Necessary services related to the organ donation are covered, including, but not limited to harvesting the organ, tissue or bone marrow and treatment of complications.

For more information on organ donation coverage, please contact the Customer Contact Center at the telephone number on Your HNL ID Card.

Evaluation of potential candidates is subject to the Certification Requirements. More than one evaluation (including tests) at more than one transplant center will not be authorized unless it is Medically Necessary. Organ, tissue and stem cell transplants will be covered regardless of the Covered Person's human immunodeficiency virus (HIV) status.

Organ donation extends and enhances lives and is an option that a Covered Person may want to consider. For more information on organ donation, including how to elect to be an organ donor, please visit the Department of Health and Human Services organ donation website at www.organdonor.gov.

If a Covered Person receives services which are not Certified by HNL for an organ, tissue or stem cell transplant, he or she will incur the Non-Certification penalties described in the "Schedule of Benefits" section.

Travel expenses and hotel accommodations associated with organ, tissue and stem cell transplants are not covered.

If You disagree with a determination by HNL, You can appeal the determination. The complaint and appeals process, including independent medical review from the California Department of Insurance, is described in the "Grievance and Appeals Process" and "Independent Medical Review of Grievances Involving a Disputed Health Care Service" sections of this *Policy*. You may also call HNL at the telephone number on Your ID card.

Mental Health, Behavioral Health or Substance Abuse Needs

Certain limitations or exclusions may apply. Please read the "General Exclusions and Limitations" section of this Policy.

Services for Mental Disorders and Chemical Dependency benefits are administered by MHN Services, an affiliate behavioral health administrative services company which contracts with HNL to administer these benefits.

Telehealth services for Mental Disorders and Chemical Dependency are covered. See the "Telehealth Services" and "Telehealth Consultations through the Select Telehealth Services Provider" provisions in

the "Help Recovering or Other Special Health Needs" provision in this "Medical Benefits" section for more details.

The following benefits are provided:

The diagnosis of and all Medically Necessary treatment of Mental Disorders and Chemical Dependency, including Severe Mental Illness of a person of any age, and Serious Emotional Disturbances of a Child are covered by this *Policy*.

Serious Emotional Disturbances of a Child (SED) - The treatment and diagnosis of Serious Emotional Disturbances of a Child under the age of 18 is covered.

Severe Mental Illness - Treatment of Severe Mental Illness is covered.

Covered services include treatment of:

- Schizophrenia
- Schizoaffective disorder
- Bipolar disorder (manic-depressive illness)
- Major depressive disorders
- Panic disorder
- Obsessive-compulsive disorder
- Pervasive developmental disorder or autism (including Autistic Disorder, Rett's Disorder, Childhood Disintegrative Disorder, Asperger's Disorder and Pervasive Developmental Disorder not otherwise specified to include Atypical Autism, in accordance with the Diagnostic and Statistical Manual for Mental Disorders- Fourth Edition (DSM-IV), autism spectrum disorder in accordance with the Diagnostic and Statistical Manual for Mental Disorders - Fifth Edition (DSM-5)),
- Anorexia nervosa, and
- Bulimia nervosa

Gender Dysphoria (formerly Gender Identity Disorder)

- Medically Necessary gender reassignment services for the treatment of gender dysphoria are covered. Services not Medically Necessary for the treatment of gender dysphoria are not covered.
- Please refer to the "Certification Requirements" section for more information regarding Pre-Certification requirements for reconstructive surgery.

Mental Disorders and Chemical Dependency - Treatment of Mental Disorders and Chemical Dependency is covered.

COVERED EXPENSES

Outpatient Services - Outpatient services are covered as shown in the "Schedule of Benefits" sections under "Mental Health, Behavioral Health or Substance Abuse Needs" and "Need Immediate Attention."

Covered services include:

- **Outpatient office visits** for the treatment of Mental Disorders, including gender dysphoria, and Chemical Dependency to Physicians and other licensed providers as described in this *Policy*. Services include:
 - o outpatient detoxification,
 - o outpatient crisis intervention,
 - o Urgent Care services,
 - o short-term evaluation and therapy,
 - o longer-term specialized therapy,
 - o individual and group mental health evaluation and treatment,
 - o medication management and drug therapy monitoring (including drug therapy for Opioid Use Disorder), and
 - o in connection with gender dysphoria: Physician office visits for hormone therapy (including hormone injections) and Physician surgical consultations.
- **Outpatient services other than office visits** for the treatment of Mental Disorders, including gender dysphoria, and Chemical Dependency as ordered by a Physician or other licensed provider described in this *Policy*. Services include:
 - o psychological and neuropsychological testing when necessary to evaluate a Mental Disorder,
 - o neurofeedback (biofeedback),
 - o intensive outpatient care program,
 - o day treatment programs,
 - o partial hospitalization programs,
 - o opioid treatment programs, and methadone maintenance therapy,
 - o medical treatment for withdrawal symptoms (outpatient detoxification),
 - o electroconvulsive therapy, transcranial magnetic stimulation,
 - o other outpatient procedures; and
 - o in connection with gender dysphoria: fertility preservation, speech therapy, and surgical services (such as hysterectomy, ovariectomy and orchiectomy, breast surgery, genital surgery, mastectomy, and other reconstructive surgeries Medically Necessary to create a normal appearance for the gender with which the person identifies including facial reconstruction, body contouring and tracheal shaving). Certification is required for reconstructive surgery. Please refer to the "Certification Requirements" portion for details. Payment of benefits will be subject to the noncertification penalty shown in the "Schedule of Benefits" section if Certification is required but not obtained;
- Intensive outpatient care program is a treatment program that is utilized when a patient's condition requires structure, monitoring, and medical/psychological intervention at least three (3) hours per day, three (3) times per week;

- Partial hospitalization/day treatment program is a treatment program that may be free-standing or Hospital-based and provides services at least four (4) hours per day and at least four (4) days per week;
- Intensive psychiatric treatment programs, including Hospital-based intensive outpatient care (partial hospitalization), multidisciplinary treatment in an intensive outpatient psychiatric treatment program, treatment in a crisis residential program in licensed psychiatric treatment facility with 24-hour-a-day monitoring by clinical staff for stabilization of an acute psychiatric crisis, and psychiatric observation for an acute psychiatric crisis;
- Outpatient professional services for behavioral health treatment are covered as shown in the "Schedule of Benefits" sections under "Mental Health, Behavioral Health or Substance Abuse Needs" and "Need Immediate Attention."
- Behavioral Health Treatment (BHT) for Pervasive Developmental Disorder or Autism is covered as follows:
 - o Professional services for behavioral health treatment including applied behavior analysis and evidence-based behavior intervention programs, that develop or restore, to the maximum extent practicable, the functioning of a Covered Person diagnosed with the Severe Mental Illnesses of pervasive developmental disorder or autism are covered as shown in the "Schedule of Benefits" section under "Mental Health, Behavioral Health or Substance Abuse Needs".
 - o A licensed Physician or licensed psychologist must establish the diagnosis of pervasive development disorder or autism.
 - o The treatment must be prescribed by a licensed Physician, or developed by a licensed psychologist, and must be provided under a documented treatment plan prescribed, developed and approved by a Qualified Autism Service Provider providing treatment to the Covered Person for whom the treatment plan was developed. The treatment must be administered by the Qualified Autism Service Provider or by qualified autism service professionals who are supervised by the treating Qualified Autism Service Provider or by qualified autism paraprofessionals who are supervised by the treating Qualified Autism Service Provider or a qualified autism service professional.
 - o The treatment plan must have measurable goals over a specific timeline that is developed and approved by the Qualified Autism Service Provider for the specific patient being treated, and must be reviewed by the Qualified Autism Service Provider at least once every six months and modified whenever appropriate. The treatment plan must not be used for purposes of providing or for the reimbursement of respite, day care or educational services, or to reimburse a parent for participating in a treatment program;
 - o HNL may deny coverage for treatment if it is not medically necessary. HNL will not deny coverage for Medically Necessary BHT for lack of cognitive, developmental, or IQ testing; or because services are available from a California Regional Center.

Inpatient Services - Inpatient services are covered as shown in the "Schedule of Benefits" section under "Mental Health, Behavioral Health or Substance Abuse Needs."

Covered Services and Supplies include:

- Accommodations in a room of two or more beds, including special treatment units, such as intensive care units and psychiatric care units, unless a private room is Medically Necessary;

- Supplies and ancillary services normally provided by the facility, including Physician services, laboratory services, Drugs and medications dispensed for use during the confinement, psychological testing and individual, family or group therapy or counseling;
- Medically Necessary services in a Residential Treatment Center are covered except as stated in the "General Exclusions and Limitations" section.

Detoxification - Inpatient services for acute detoxification and treatment of acute medical conditions relating to Chemical Dependency are covered. Inpatient detoxification includes hospitalization only for medical management of withdrawal symptoms, including room and board, Physician services, Drugs, dependency recovery services, education and counseling.

Pregnancy

*The coverage described below meets requirements for Hospital length of stay under the **Newborns' and Mothers' Health Protection Act of 1996**, which requires that:*

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from HNL or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Hospital and Professional Services will be covered, including prenatal and postnatal care, and delivery. Covered Expenses include prenatal diagnostic procedures and services provided by the California Prenatal Screening Program (formerly Expanded Alpha-Fetoprotein Program) and by other providers in connection with participation in the California Prenatal Screening Program.

Birthing Center services are covered when authorized by HNL and provided by a Preferred Provider. A Birthing Center is a homelike facility accredited by the Commission for Accreditation of Birth Centers (CABC) that is equipped, staffed and operated to provide maternity-related care, including prenatal, labor, delivery and postpartum care. Services provided by other than a CABC-accredited designated center will not be covered.

Preventive services for pregnancy, as listed in the U.S. Preventive Services Task Force A&B recommendations and Health Resources and Services Administration's ("HRSA") Women's Preventive Service are covered as Preventive Care Services. Well-Woman Preventive Visits (such as preventive prenatal and postnatal visits), are covered without cost sharing, as appropriate for each individual woman and as determined by their provider, without any specific limit to number or frequency of visits.

When a Covered Person gives birth to a child in a Hospital, the Covered Person is entitled to benefits for 48 hours of Inpatient care following a vaginal delivery or 96 hours following a cesarean section delivery. Longer stays in the Hospital and cesarean sections must be certified. The Covered Person's Physician will not be required to obtain Certification for a Hospital stay that is equal to or less than 48 hours following vaginal delivery or 96 hours following cesarean section. Longer stays in the Hospital and scheduled cesarean sections must be certified. If Certification is not obtained, payment of benefits will be subject to the noncertification penalty as shown in the "Schedule of Benefits."

If the Covered Person is discharged earlier than 48 hours after a vaginal delivery or 96 hours after a cesarean section, the Covered Person's Physician may arrange a home visit during the first 48 hours following discharge by a licensed health care provider whose scope of practice includes postpartum care and newborn care. This home visit does not require Certification.

HNL care managers are available to coordinate care for high-risk pregnancy. Covered Persons can contact a care manager by calling the treatment review telephone number listed on the Health Net PPO Identification Card.

Additionally, this *Policy* covers terminations of pregnancy (Medically Necessary or elective).

Breastfeeding support and lactation consultation, supplies and counseling, as supported by the Health Resources and Services Administration (HRSA) guidelines, are covered as preventive care.

Please notify HNL at the time of the first prenatal visit.

Help Recovering or Other Special Health Needs

Home Health Care Services

The services of a Home Health Care Agency in the Covered Person's home are covered when provided by a registered nurse or licensed vocational nurse and /or licensed physical, occupational, speech therapist or respiratory therapist. These services are in the form of visits that may include, but are not limited to, skilled nursing services, medical social services, rehabilitation and habilitation therapy (including physical, speech and occupational), pulmonary rehabilitation therapy and cardiac rehabilitation therapy.

Home Health Care Services include diagnostic and treatment services which can reasonably be provided in the home, including nursing care, performed by a registered nurse, public health nurse, licensed vocational nurse or certified home health aide. House calls by a Physician or registered nurse are covered when care can best be provided in the home as determined by the Physician.

Home Health Care Services must be ordered by Your Physician. The following conditions must be met in order to receive Home Health Care Services:

- The skilled nursing care is appropriate for the medical treatment of a condition, illness, disease or injury;
- The Covered Person is homebound (this means that the Covered Person is normally unable to leave home unassisted, and, when the Covered Person does leave home, it must be to obtain medical care, or for short, infrequent non-medical reasons such as a trip to get a haircut, or to attend religious services or adult day care);

Care that an unlicensed family member or layperson could provide safely and effectively or care in the home if the home is not a safe and effective treatment setting is excluded.

Home Health Care Services are limited to a maximum of 100 visits per Calendar Year. However, home health care rehabilitative and habilitative services are subject to a separate maximum limit of 100 visits per Calendar year. Home Health Care visits are limited to 3 visits per day, up to 2 hours per visit by a nurse, medical social worker, physical/occupational/speech therapist, or up to 4 hours per visit by a home health aide.

In addition, Medically Necessary coverage will be provided for therapies in the home, medically appropriate as an alternative to Inpatient care upon prior written approval by HNL. All home health services and supplies directly related to infusion therapy are payable as stated in the "Outpatient Infusion Therapy" provision above, and are not payable under this Home Health Care benefit.

Payment of benefits for Home Health Care Agency Services will be subject to the noncertification penalty shown in the "Schedule of Benefits" if Certification is not obtained for home-based physical, speech or occupational therapy.

Home Health Care Services by Out-of-Network Providers are not covered.

Rehabilitative Services

Rehabilitative services, including physical therapy, acupuncture, occupational therapy, speech therapy, cardiac therapy and inhalation therapy, are covered, when Medically Necessary, in accordance with the "Schedule of Benefits," except as stated in the "General Exclusions and Limitations" section.

Certification is required for physical therapy, occupational therapy and speech therapy.

Payment of benefits for rehabilitative services will be subject to the noncertification penalty as shown in the "Schedule of Benefits" if Certification is not obtained.

Habilitative Services

Habilitative services and devices are health care services and devices that help a person keep, learn, or improve skills and functioning for daily living (habilitative services). Examples include therapy for a child who is not walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of Inpatient and/or outpatient settings. Coverage is provided for habilitative services and/or therapy and devices, including physical therapy, acupuncture, occupational therapy, speech therapy, cardiac therapy, pulmonary therapy, inhalation therapy, Durable Medical Equipment and Prostheses. Certification is required for physical therapy, occupational therapy, speech therapy, Durable Medical Equipment and Prostheses, as described in the "Certification Requirements" section.

Payment of benefits for habilitative services will be subject to the noncertification penalty as shown in the "Schedule of Benefits" if Certification is not obtained.

If You disagree with a determination by HNL, You can appeal the determination. The complaint and appeals process, including independent medical review from the California Department of Insurance, is described in the "Grievance and Appeals Process" and "Independent Medical Review of Grievances Involving a Disputed Health Care Service " sections of this *Policy*. You may also call HNL at the telephone number on Your ID card.

Cardiac Rehabilitation Therapy

Medically Necessary cardiac rehabilitation therapy is provided in accordance with the "Schedule of Benefits" section, except as stated in the "General Exclusions and Limitations" section.

Pulmonary Rehabilitation Therapy

Pulmonary rehabilitation therapy provided in connection with the treatment of chronic respiratory impairment is covered, when Medically Necessary, in accordance with the "Schedule of Benefits " section, except as stated in the "General Exclusions and Limitations" section.

Skilled Nursing Facility

The Covered Person must be referred to the Skilled Nursing Facility by a Physician and must remain under the active supervision of a Physician. The Covered Person's condition must be such that skilled care is Medically Necessary; Covered Expenses include:

- Physician and nursing services;
- Accommodations in a room of two or more beds. Payment will be made based on the Skilled Nursing Facility's prevailing charge for two-bed room accommodations. If Medically Necessary, private rooms will be covered;
- Special treatment rooms;
- Supplies and ancillary services including laboratory, cardiology, pathology, radiology and any professional component of these services;
- Physical, occupational, respiratory and speech therapy;
- Drugs and medicines approved for general use by the Food and Drug Administration which are supplied by the Skilled Nursing Facility for use during the Covered Person's stay;
- Durable Medical Equipment if the Skilled Nursing Facility ordinarily furnishes the equipment;
- Medical social services; and
- Blood transfusions, including blood processing, the cost of blood and unreplaced blood and Blood Products are covered. Self-donated (autologous) blood transfusions are covered only for a scheduled surgery that has been certified.

Payment of benefits for Skilled Nursing Facility services will be subject to the noncertification penalty shown in the "Schedule of Benefits" if Certification is not obtained for the confinement.

Durable Medical Equipment

Rental or purchase of Durable Medical Equipment which is ordered or prescribed by a Physician and is manufactured primarily for medical use. Durable Medical Equipment which is used for infusion therapy will be payable only as stated in the "Outpatient Infusion Therapy" provision of this section.

Durable Medical Equipment includes, but is not limited to, wheelchairs, crutches, bracing, supports, casts and Hospital beds. Durable Medical Equipment also includes Orthotics (such as bracing, supports and casts) that are custom made for the Covered Person. In addition, the following items are covered:

- Tracheostomy equipment: artificial larynx; replacement battery for artificial larynx; tracheoesophageal voice prosthesis; tracheostomy supplies, including: adhesive disc, filter, inner cannula, tube, tube plug/stop, tube collar/holder, cleaning brush, mask, speaking valve, gauze, sterile water, waterproof tape, and tracheostomy care kits;
- Canes and crutches: adjustable and fixed canes, including standard curved handle and quad canes; adjustable and fixed crutches, including underarm and forearm crutches; replacement supplies for canes and crutches, including handgrips, tips and underarm pads;
- Dry pressure pad for a mattress;
- Cervical traction equipment (over door);

- Osteogenesis stimulation devices: non-invasive electrical osteogenesis stimulators, for spinal and non-spinal applications; non-invasive low density ultrasound osteogenesis stimulator;
- Respiratory drug delivery devices: large and small volume nebulizers; disposable and non-disposable administration sets; aerosol compressors; aerosol mask; disposable and non-disposable corrugated tubing for nebulizers; disposable and non-disposable filters for aerosol compressors; peak expiratory flow rate meter; distilled water for nebulizer; water collection device for nebulizer;
- IV Pole;
- Enteral and parenteral nutrition: enteral formula and additives, adult and pediatric, including for inherited diseases of metabolism; enteral feeding supply kits; enteral nutrition infusion pump; enteral tubing; gastrostomy/jejunostomy tube and tubing adaptor; nasogastric tubing; parenteral nutrition infusion pump; parenteral nutrition solutions; stomach tube; supplies for self-administered injections;
- Phototherapy (bilirubin) light with photometer;
- Lymphedema garments;
- Non-segmental home model pneumatic compressor for the lower extremities.

Except for podiatric devices to prevent or treat diabetes-related complications as discussed below, Corrective Footwear (including specialized shoes, arch supports and inserts) is only covered when all of the following circumstances are met:

- The Corrective Footwear is Medically Necessary;
- The Corrective Footwear is custom made for the Covered Person; and
- The Corrective Footwear is permanently attached to a Medically Necessary Orthotic device that is also a covered benefit under this plan.

Corrective Footwear for the management and treatment of diabetes-related medical conditions is covered under the "Diabetic Equipment" benefit as Medically Necessary.

Covered Durable Medical Equipment will be repaired or replaced when necessary. However, repair or replacement for loss or misuse is not covered. HNL will decide whether to replace or repair an item. HNL will also determine whether to rent or purchase the equipment and the vendor who provides it.

In assessing Medical Necessity for Durable Medical Equipment (DME) coverage, HNL applies nationally recognized DME coverage guidelines, such as those as defined by InterQual (McKesson) and the Durable Medical Equipment Medicare Administrative Contractor (DME MAC), Healthcare Common Procedure Coding System (HCPCS) Level II and Medicare National Coverage Determinations (NCD).

Some Durable Medical Equipment may not be covered as they are primarily for non-medical use.

Certification may be required. Please refer to the "Certification Requirements" section for details. Payment of benefits for Durable Medical Equipment and custom Orthotics will be subject to the noncertification penalty shown in the "Schedule of Benefits" if Certification is required but not obtained.

We also cover up to two Medically Necessary Contact Lenses per eye (including fitting and dispensing) in any 12-month period to treat conditions of aniridia (missing iris). An aniridia Contact Lens will not be covered if We covered more than one aniridia contact lens for that eye within the previous 12 months.

Coverage for Durable Medical Equipment is subject to the limitations described in the "Noncovered Items" portion of the "General Exclusions and Limitations" section. Please refer to the "Schedule of Benefits" section for applicable Copayment or Coinsurance.

Breastfeeding devices and supplies, including Hospital-grade breast pumps and double breast pump kit, as supported by HRSA guidelines, are covered as Preventive Care Services. We will determine the type of equipment, whether to rent or purchase the equipment, and the vendor. For additional information, please refer to the "Preventive Care Services" provision in this "Medical Benefits" section and the "Preventive Care List of Services" section.

Diabetic Equipment

Equipment and supplies for the management and treatment of diabetes are covered, as Medically Necessary, including:

- Insulin pumps and all related necessary supplies
- Corrective Footwear to prevent or treat diabetes-related complications
- Specific brands of blood glucose monitors and blood glucose testing strips*
- Blood glucose monitors designed to assist the visually impaired
- Ketone urine testing strips*
- Lancets and lancet puncture devices*
- Specific brands of pen delivery systems for the administration of insulin, including pen needles*
- Specific brands of disposable insulin needles and syringes*
- Glucagon*

* These items (as well as insulin and Prescription Drugs for the treatment and management of diabetes) are covered under the Prescription Drug benefits. Please refer to the "Outpatient Prescription Drug Benefits" section for additional information.

Additionally, the following supplies are covered under the medical benefit as specified:

- Visual aids (excluding eyewear) to assist the visually impaired with proper dosing of insulin are provided through the prostheses benefit (see the "Prostheses" provision of this section).
- Self-management training, education and medical nutrition therapy will be covered, only when provided by licensed or registered health care professionals with expertise in the management or treatment of diabetes. Please refer to the "Patient Education" provision of this section for more information.

Prostheses

Prostheses are covered as follows:

- Internally implanted devices, such as pacemakers, devices to restore speaking after a laryngectomy and hip joints, which are medically indicated and consistent with accepted medical practice and approved for general use by the Federal Food and Drug Administration;
- External prostheses and the fitting and adjustment of these devices.

- Visual aids (excluding eyewear) to assist the visually impair with proper dosing of insulin.

For the purpose of this section, external prostheses are those which are:

- Affixed to the body externally, and
- Required to replace all or any part of any body organ or extremity, or

In the event that more than one type of prostheses is available, benefits will be provided only for the device or appliance which is medically and reasonably indicated in accordance with accepted medical practice.

In addition, the following prostheses are covered:

- If all or part of a breast is surgically removed for Medically Necessary reasons, reconstructive surgery and a prosthesis incident to the mastectomy (including lumpectomy), including custom-made prostheses when Medically Necessary; adhesive skin supports for external prostheses and brassieres to hold a breast prosthesis;
- Intraocular lenses, cochlear implants and osseointegrated hearing devices;
- Prostheses to replace all or part of an external facial body part that has been removed or impaired by disease, injury or congenital defect; Medically Necessary compression burn garments and lymphedema wraps; light compression bandage; manual compression bandage; moderate compression bandage;
- Prostheses for restoring a method of speaking following a laryngectomy; and
- Ostomy and urological supplies, including the following:
 - o Adhesives -liquid, brush, tube, disc or pad
 - o Adhesive removers
 - o Belts - ostomy
 - o Belts – hernia
 - o Catheters
 - o Catheter Insertion Trays
 - o Cleaners
 - o Drainage Bags/Bottles -bedside and leg
 - o Dressing Supplies
 - o Irrigation Supplies
 - o Lubricants
 - o Miscellaneous Supplies -urinary connectors; gas filters; ostomy deodorants; drain tube attachment devices; soma caps tape; colostomy plugs; ostomy inserts; irrigation syringes, bulbs and pistons; tubing; catheter clamps, leg straps and anchoring devices; penile or urethral clamps and compression devices
 - o Pouches -urinary. drainable, ostomy
 - o Rings - ostomy rings

- o Skin barriers
- o Tape -all sizes, waterproof and non-waterproof

Repair or replacement of prostheses is covered unless necessitated by misuse or loss. HNL may, at its option, pay for replacement rather than the repair of an item. Expenses for replacement are covered only when a prosthesis is no longer functional.

Certification is required. Please refer to the "Certification Requirements" section of this *Policy* for details. Payment of benefits for Prosthetics and corrective appliances, such as a brace, splint, or other device which is attached to a limb to correct a deficiency in form or function, will be subject to the noncertification penalty shown as shown in the "Schedule of Benefits" if Certification is not obtained.

Hospice Facility and Outpatient Care

Hospice Care is care that is reasonable and necessary to control or manage terminal illness or related conditions. Hospice Care benefits are designed to be provided primarily in the Covered Person's home. To be considered terminally ill, a Covered Person must have been given a medical prognosis of one year or less to live. The Hospice entity must be licensed in accordance with California Hospice Licensure Act of 1990 or a licensed home health agency with federal I certification and must provide interdisciplinary team care with development and maintenance of an appropriate plan of care.

If You receive Hospice Care benefits You are entitled to the following:

- All Medically Necessary services and supplies furnished by the Hospice. This includes doctors' and nurses' services; homemaker services and Drugs; and incontinence supplies;
- Bereavement services;
- Social and counseling services with medical social services provided by a qualified social worker. Dietary counseling, when necessary, provided by a qualified provider;
- Medical direction with the medical director also responsible for meeting general medical needs to the extent that these needs are not met by the attending Physician;
- Volunteer services;
- Short-term Inpatient care;
- Physical, occupational and speech therapy for the purposes of symptom control or enable the Covered Person to maintain activities of daily living and basic functional skills;
- During periods of crisis (a period in which the Covered Person requires continuous care to achieve palliation or management of acute medical symptoms), nursing care on a continuous basis for as much as 24 hours a day as necessary to maintain the Covered Person at home. Hospitalization will be covered when Inpatient skilled nursing care is required at a level that cannot be provided in the home; and
- Up to five consecutive days of respite care. Respite care is furnished to a person in an Inpatient setting in order to provide relief for Dependents or others caring for that person.

All of these services and supplies will be provided or arranged by the Hospice.

Payment of benefits for Inpatient Hospice Care will be subject to the noncertification penalty shown in the "Schedule of Benefits" if Certification is not obtained for the care. Certification is not required for outpatient (home-based) Hospice Care.

Family Planning

As part of Preventive Care Services, HNL provides coverage of all FDA-approved contraceptive Drugs, devices, and other products for women, including all FDA-approved contraceptive Drugs, devices, and products available over the counter, as prescribed by Your provider, at no charge.

Contraceptives that are covered under the medical benefit include intrauterine devices (IUDs), injectable contraceptives and implantable rods. Contraceptives that are covered under the outpatient Prescription Drug benefits includes contraceptives for women that are either available over-the-counter or are only available with a Prescription Drug Order. Such contraceptives include oral contraceptives, contraceptive rings, patches, diaphragms, sponges, cervical caps, spermicides, female condoms, and emergency contraceptives.

Over-the-counter women's contraceptives that are covered under this Plan require a Prescription Drug Order. You must present the Prescription Drug Order at a Participating Pharmacy to obtain such contraceptives. For more information, please see the "Outpatient Prescription Drug Benefits" portion of this "Medical Benefits" section of this *Policy*.

Sterilization of males is covered and is subject to the applicable Copayments or Coinsurance shown in the "Schedule of Benefits" section. Sterilization of females, patient education and counseling on contraception are covered as Preventive Care Services. Contraceptive counseling includes, but is not limited to, follow-up and management of side effects of contraceptives, counseling for continued adherence and contraceptive device placement and removal.

Services in relation to conception by artificial means are not covered. (See the "Conception by Medical Procedures" provision in the "General Exclusions and Limitations" section for more information.)

Covered Expenses also include services under the California Prenatal Screening Program administered by the California State Department of Public Health.

Fertility Preservation

This *Policy* also covers Medically Necessary services and supplies for established fertility preservation treatments in connection with iatrogenic Infertility. Iatrogenic Infertility is Infertility that is caused by a medical intervention, including reactions from prescribed Drugs or from medical or surgical procedures for conditions such as cancer or gender dysphoria. This benefit is subject to the applicable Copayments shown in the "Schedule of Benefits" section as would be required for Covered Services to treat any illness or condition under this *Policy*.

Implanted Lens(es) Which Replace the Organic Eye Lens

Implanted lens(es) which replace the organic eye lens are covered when Medically Necessary.

Reconstructive Surgery

Reconstructive surgery performed to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors, diseases, or in connection with the treatment for gender dysphoria, to either improve function or create a normal appearance to the extent possible.

This includes reconstructive surgery to restore and achieve symmetry incident to mastectomy (including lumpectomy) and Medically Necessary dental or orthodontic services that are an integral part of

reconstructive surgery for cleft palate procedures. Cleft palate includes cleft palate, cleft lip or other craniofacial anomalies associated with cleft palate.

Surgery is not reconstructive if the surgery only offers a minimal improvement in the appearance of the Covered Person, as determined in accordance with the standard of care practiced by Physicians specializing in reconstructive surgery.

This does not include cosmetic surgery that is performed to alter or reshape normal structures of the body in order to improve appearance or dental services or supplies or treatment for disorders of the jaw except as set out under the "Dental Services" and "Temporomandibular (Jaw) Joint Disorders" portions of the "General Exclusions and Limitations" section.

*The coverage described above in relation to a Medically Necessary mastectomy complies with requirements under the **Women's Health and Cancer Rights Act of 1998**. In compliance with the Women's Health Cancer Rights Act of 1998, this Plan provides benefits for mastectomy-related services, including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema. See also "Prostheses" in this "Medical Benefits" section for a description of coverage for prostheses.*

Breast Cancer

Services related to the diagnosis and treatment of breast cancer is covered.

Phenylketonuria (PKU)

Coverage for testing and treatment of phenylketonuria (PKU) includes formulas and special food products that are part of a diet prescribed by a Physician and managed by a licensed health care professional in consultation with a Physician who specializes in the treatment of metabolic disease. The diet must be deemed Medically Necessary to prevent the development of serious physical or mental disabilities or to promote normal development or function. Coverage is provided only for those costs which exceed the cost of a normal diet.

"Formula" is an enteral product for use at home that is prescribed by a Physician.

"Special food product" is a food product that is prescribed by a Physician for treatment of PKU and used in place of normal food products, such as grocery store foods. It does not include a food that is naturally low in protein.

Other specialized formulas and nutritional supplements are not covered.

Pediatric Asthma

Services and supplies related to the diagnosis, treatment and appropriate management of pediatric asthma are covered. Covered services and supplies may include, but are not limited to, nebulizers (including face masks and tubing), inhaler spacers, peak flow meters and education for the management of pediatric asthma.

Surgically Implanted Drugs

Surgically implanted Drugs are covered under the medical benefit when Medically Necessary, and may be provided in an Inpatient or outpatient setting.

AIDS Vaccine

HNL will cover a vaccine for acquired immune deficiency syndrome (AIDS) that is approved for marketing by the federal Food and Drug Administration (FDA) and that is recommended by the United States Public Health Service.

Osteoporosis

HNL shall provide coverage for services related to diagnosis, treatment, and appropriate management of osteoporosis including, but not limited to, all Food and Drug Administration approved technologies, including bone mass measurement technologies as deemed medically appropriate.

Degenerative Illness

HNL shall provide coverage for Covered Persons diagnosed as having any significant destruction of brain tissue with resultant loss of brain function (progressive, degenerative, and dementing illnesses such as Alzheimer's disease).

Dental Injury

Emergency Care of a Physician, while You are covered under this *Policy*, treating an Accidental Injury to the natural teeth. The Covered Person must be covered under this *Policy* at the time such services are rendered. Medically Necessary related Emergency Hospital Services will also be covered. Damage to natural teeth due to chewing or biting is not Accidental Injury.

Dental appliances are not a Covered Expense, except for children under 19 as shown below under the "Child Needs Dental or Eye Care" portion of this "Medical Benefits" section.

Dental Services

Except as specifically stated elsewhere in this *Policy* dental services are limited to the services stated in "Dental Injury" above and in the following situations:

- General anesthesia and associated facility services are covered when the clinical status or underlying medical condition of the Covered Person requires that an ordinarily non-covered dental service which would normally be treated in a dentist's office and without general anesthesia must instead be treated in a Hospital or Outpatient Surgical Center. Such services, including general anesthesia and associated facility services, must be Medically Necessary and subject to the other limitations and exclusions of this *Policy* and will be covered for Covered Persons under any of the following circumstances (a) Covered Person s who are under eight years of age, (b) developmentally disabled or (c) whose health is compromised and general anesthesia is Medically Necessary.
- Medically Necessary dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. Cleft palate includes cleft palate, cleft lip or other craniofacial anomalies associated with cleft palate.
- Dental evaluation, X-rays, fluoride treatment, and extractions necessary to prepare Your jaw for radiation therapy of cancer in Your head or neck.

Clinical Trials

Routine patient care costs for items and services furnished in connection with participation in an approved clinical trial are covered when Medically Necessary, authorized by HNL, and either the

Covered Person's treating Physician has recommended participation in the trial or the Covered Person has provided medical and scientific information establishing eligibility for the clinical trial. Clinical trial services performed by Out-of-Network Providers are covered only when the protocol for the trial is not available through Preferred Providers within California. Services rendered as part of a clinical trial are subject to the reimbursement guidelines as specified in the law.

The following definition applies to the terms mentioned in the above provision only.

"Approved clinical trial" means a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition. The treatment shall be provided in a clinical trial that involves either a drug that is exempt from federal regulation in relation to a new drug application, or is approved or funded, which may include funding through in-kind donations by one of the following:

- The National Institutes of Health, the federal Centers for Disease Control and Prevention, the Agency for Health Care Research and Quality, the federal Centers for Medicare & Medicaid Services, the United States Department of Defense, or the United States Department of Veterans Affairs
- A cooperative group or center of any of the entities described above;
- A qualified nongovernmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants; or
- One of the following departments, if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of the United States Department of Health and Human Services determines is comparable to the system of peer review used by the National Institutes of Health and ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review:
 1. The United States Department of Veterans Affairs.
 2. The United States Department of Defense.
 3. The United States Department of Energy.
- The FDA as an Investigational new drug application.

"Life-threatening condition" means any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

"Routine patient care costs" are the costs associated with the provision of health care services, including Drugs, items, devices and services that would otherwise be covered under this *Policy*, if those health care services were not provided in connection with a clinical trials program.

Routine patient care costs include the following:

- Health care services typically provided absent a clinical trial.
- Health care services required solely for the provision of the Investigational drug, item, device or service.
- Health care services required for the clinically appropriate monitoring of the Investigational item or service.
- Health care services provided for the prevention of complications arising from the provision of the Investigational drug, item, device or service.

- Health care services needed for the reasonable and necessary care arising from the provision of the Investigational drug, item, device or service, including the diagnosis or treatment of the complications.

Routine patient care costs do not include:

- The Investigational drug, item, device or service itself.
- Services other than health care services, such as travel, housing, companion expenses, and other nonclinical expenses, that the Covered Person may require as a result of the treatment being provided for purposes of the clinical trial.
- Any item or service that is provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the Covered Person.
- Health care services which, except for the fact that they are not being provided in a clinical trial, are otherwise specifically excluded from coverage under this *Policy*.
- Health care services customarily provided by the research sponsors free of charge for any enrollee in the trial.

Please refer to the "General Exclusions and Limitations" section for more information.

If You disagree with a determination by HNL, You can appeal the determination. The complaint and appeals process, including independent medical review from the California Department of Insurance, is described in the "Grievance and Appeals Process" and "Independent Medical Review of Grievances Involving a Disputed Health Care Service" sections of this *Policy*. You may also call HNL at the telephone number on Your ID card.

Telehealth Services

Medically Necessary services, including consultation, diagnosis and treatment, for medical, Mental Disorders and Chemical Dependency conditions provided appropriately as Telehealth Services are covered on the same basis and to the same extent as Covered Services delivered in-person. Telehealth Services are covered only when performed by a Preferred Provider. For supplemental services that may provide telehealth coverage for certain services at a lower cost, see the "Telehealth Consultations through the Select Telehealth Services Provider" provision below. Please refer to the "Telehealth Services" definition in the "Definitions" section for more information.

Telehealth Services are not covered if provided by an Out-of-Network Provider.

Telehealth Consultations through the Select Telehealth Services Provider

HNL contracts with certain Select Telehealth Services Providers to provide Telehealth Services for medical, Mental Disorders and Chemical Dependency conditions. The Select Telehealth Services Provider for this plan is listed on Your HNL ID card. To obtain services, contact the Select Telehealth Services Provider directly as shown on Your ID card. Select Telehealth Services Provider services are not intended to replace services from Your Physician, but are a supplemental service that may provide telehealth coverage for certain services at a lower cost to the Covered Person. You are not required to use the HNL Select Telehealth Services Provider for Your Telehealth Services.

Telehealth consultations through the Select Telehealth Services Provider are confidential consultations by telephone or secure online video. The Select Telehealth Services Provider provides primary care services and may be used when Your Physician's office is closed or You need quick access to a

Physician. You do not need to contact Your Primary Care Physician prior to using telehealth consultation services through the Select Telehealth Services Provider.

Prescription Drug Orders received from the Select Telehealth Services Provider are subject to the applicable Deductible, Copayment or Coinsurance shown in the "Outpatient Prescription Drugs" portion of the "Schedule of Benefits" section and the coverage and Prior Authorization requirements, exclusions and limitations shown in the "Outpatient Prescription Drug Benefits" and "General Exclusions and Limitations" sections.

Telehealth consultations through the Select Telehealth Services Provider do not cover:

- Specialist services; and
- Prescriptions for substances controlled by the DEA, non-therapeutic Drugs or certain other Drugs which may be harmful because of potential for abuse.

Please refer to the definition of "Select Telehealth Services Provider" and "Telehealth Services" in the "Definitions" section for more information.

Child Needs Dental or Eye Care

Accessing Pediatric Dental Services

We provide toll-free access to our Customer Service Associates to assist You with benefit coverage questions, resolving problems or changing Your dental office. Customer Service can be reached Monday through Friday at **(866) 249-2382** from 5:00 a.m. to 8:00 p.m. Pacific Standard Time. Automated service is also provided after hours for eligibility verification and dental office transfers.

Pediatric dental services are covered until the last day of the month in which the individual turns nineteen years of age.

Network Benefits

All pediatric dental services must be provided by a Health Net Participating Dental Provider in order to be covered.

You must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. You can verify the participation status by calling Us and/or the provider.

We can provide assistance in referring You to a Network Dental Provider. We will make available to You a *Directory of Network Dental Providers*. You can also call Customer Service to determine which providers participate in the Network. The telephone number for Customer Service is on Your ID card.

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between Us and the provider rather than a percentage of the provider's billed charge. Our negotiated rate with the provider is ordinarily lower than the provider's billed charge. In no event, will You be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

A Network provider cannot charge You or Us for any service or supply that is not Medically Necessary as determined by Us. If You agree to receive a service or supply that is not Medically Necessary the

Network provider may charge You. However, these charges will not be considered Covered Dental Services and Benefits will not be payable.

Covered Dental Services

Benefits are available only for Medically Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service under this *Policy*.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, You may notify Us of such treatment before treatment begins and receive a pre-treatment estimate. If You desire a pre-treatment estimate, You or Your Dental Provider should send a notice to Us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide Us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the *Policy*.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets You know in advance approximately what portion of the expenses will be considered for payment.

Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this subsection when such services are:

- A. Medically Necessary.
- B. Provided by or under the direction of a Network Dental Provider.
- C. Not excluded as described in "*Pediatric Dental Exclusions*" of this subsection below.

Benefits

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. The medical Deductible does not apply to pediatric dental benefits.

Benefit limits are calculated on a Calendar Year basis unless otherwise specifically stated.

CDT Codes	Procedure Code Description
-----------	----------------------------

Diagnostic

D0120.....	Periodic oral evaluation - established patient
D0140.....	Limited oral evaluation – problem focused
D0145.....	Oral evaluation for a patient under three years of age and counseling with primary caregiver
D0150.....	Comprehensive oral evaluation – new or established patient
D0160.....	Detailed and extensive oral evaluation – problem focused, by report

D0170.....	Re-evaluation – limited, problem focused (established patient; not post- operative visit)
D0171.....	Re-evaluation – post –operative office visit
D0180.....	Comprehensive periodontal evaluation – new or established patient
D0210.....	Intraoral - complete series of radiographic images
D0220.....	Intraoral - periapical first radiographic image
D0230.....	Intraoral - periapical each additional radiographic image
D0240.....	Intraoral - occlusal radiographic image
D0250.....	Extraoral - first radiographic image
D0251.....	Extra-oral posterior dental radiographic image
D0270.....	Bitewing - single radiographic image
D0272.....	Bitewings - two radiographic images
D0273.....	Bitewings - three radiographic images
D0274.....	Bitewings - four radiographic images
D0277.....	Vertical bitewings - 7 to 8 radiographic images
D0310.....	Sialography
D0320.....	Temporomandibular joint arthrogram, including injection
D0322.....	Tomographic survey
D0330.....	Panoramic radiographic image
D0340.....	Cephalometric radiographic image
D0350.....	Oral/Facial photographic images
D0351.....	3D photographic image
D0460.....	Pulp vitality tests
D0470.....	Diagnostic casts
D0502.....	Other oral pathology procedures, by report
D0601.....	Caries risk assessment and documentation, with a finding of low risk
D0602.....	Caries risk assessment and documentation, with a finding of moderate risk
D0603.....	Caries risk assessment and documentation, with a finding of high risk
D0999.....	Unspecified diagnostic procedure, by report

Preventive

D1110.....	Prophylaxis – adult
D1120.....	Prophylaxis – child
D1206.....	Topical application of fluoride varnish
D1208.....	Topical application of fluoride
D1310.....	Nutritional counseling for control of dental disease
D1320.....	Tobacco counseling for the control and prevention of oral disease
D1330.....	Oral hygiene instructions
D1351.....	Sealant – per tooth
D1352.....	Preventive resin restoration in a moderate to high carries risk patient - permanent tooth
D1353.....	Sealant repair – per tooth
D1354.....	Interim caries arresting medicament application - per tooth
D1510.....	Space maintainer-fixed – unilateral - per quadrant
D1516.....	Space maintainer – fixed – bilateral, maxillary
D1517.....	Space maintainer – fixed – bilateral, mandibular
D1520.....	Space maintainer-removable – unilateral - per quadrant
P35001(CA 1/21)IEX	

Restorative

P35001(CA 1/21)IEX

D2952.....	Post and core in addition to crown, indirectly fabricated
D2953.....	Each additional indirectly fabricated post – same tooth
D2954.....	Prefabricated post and core in addition to crown
D2955.....	Post removal
D2957.....	Each additional prefabricated post -same tooth
D2971.....	Additional procedures to construct new crown under existing partial denture framework
D2980.....	Crown repair, necessitated by restorative material failure
D2999.....	Unspecified restorative procedure, by report

Endodontics

D3110.....	Pulp cap – direct (excluding final restoration)
D3120.....	Pulp cap – indirect (excluding final restoration)
D3220.....	Therapeutic pulpotomy (excluding final restoration) – removal of pulp coronal to the dentinocemental junction application of medicament
D3221.....	Pulpal debridement, primary and permanent teeth
D3222.....	Partial pulpotomy for apexogenesis - permanent tooth with incomplete root development
D3230.....	Pulpal therapy (resorbable filling) – anterior, primary tooth (excluding final restoration)
D3240.....	Pulpal therapy (resorbable filling) – posterior, primary tooth (excluding final restoration)
D3310.....	Endodontic therapy, anterior tooth (excluding final restoration)
D3320.....	Endodontic therapy, bicuspid tooth (excluding final restoration)
D3330.....	Endodontic therapy, molar tooth (excluding final restoration)
D3331.....	Treatment of root canal obstruction; non-surgical access
D3333.....	Internal root repair of perforation defects
D3346.....	Retreatment of previous root canal therapy – anterior
D3347.....	Retreatment of previous root canal therapy – bicuspid
D3348.....	Retreatment of previous root canal therapy – molar
D3351.....	Apexification/Recalcification/Pulpal regeneration - initial visit (apical closure/calcific repair of perforations, root resorption, pulp space disinfection etc.)
D3352.....	Apexification/Recalcification/Pulpal regeneration - interim medication replacement
D3410.....	Apicoectomy/Periradicular surgery – anterior
D3421.....	Apicoectomy/Periradicular surgery – bicuspid (first root)
D3425.....	Apicoectomy/Periradicular surgery – molar (first root)
D3426.....	Apicoectomy/Periradicular surgery – (each additional root)
D3427.....	Periarticular surgery without apicoectomy
D3430.....	Retrograde filling – per root
D3910.....	Surgical procedure for isolation of tooth with rubber dam
D3999.....	Unspecified endodontic procedure, by report

Periodontics

D4210.....	Gingivectomy or gingivoplasty – four or more contiguous teeth or tooth bound spaces per quadrant
------------	--

D4211.....	Gingivectomy or gingivoplasty – one to three contiguous teeth or tooth bounded spaces per quadrant
D4249.....	Clinical crown lengthening – hard tissue
D4260.....	Osseous surgery (including flap entry and closure) – four or more contiguous teeth or tooth bounded spaces per quadrant
D4261.....	Osseous surgery (including flap entry and closure) – one to three contiguous teeth or tooth bounded spaces, per quadrant
D4265.....	Biologic materials to aid in soft and osseous tissue regeneration
D4341.....	Periodontal scaling and root planing – four or more teeth per quadrant
D4342.....	Periodontal scaling and root planing – one to three teeth, per quadrant
D4346.....	Scaling in presence of generalized moderate or severe gingival inflammation – full mouth, after oral evaluation
D4355.....	Full mouth debridement to enable comprehensive evaluation and diagnosis
D4381.....	Localized delivery of antimicrobial agents via a controlled release vehicle into diseased crevicular tissue, per tooth
D4910.....	Periodontal maintenance
D4920.....	Unscheduled dressing change (by someone other than treating dentist)
D4999.....	Unspecified periodontal procedure, by report

Prosthodontics (Removable)

D5110.....	Complete denture – maxillary
D5120.....	Complete denture – mandibular
D5130.....	Immediate denture – maxillary
D5140.....	Immediate denture – mandibular
D5211.....	Maxillary partial denture – resin base (including any conventional clasps, rests and teeth)
D5212.....	Mandibular partial denture – resin base (including any conventional clasps, rest and teeth)
D5213.....	Maxillary partial denture – cast metal framework with resin denture bases (including retentive/clasping materials, rest and teeth)
D5214.....	Mandibular partial denture – cast metal framework with resin denture bases (including retentive/clasping materials, rest and teeth)
D5221.....	Immediate maxillary partial denture – resin base (including retentive/clasping materials, rests and teeth)
D5222.....	Immediate mandibular partial denture – resin base (including retentive/clasping materials, rests and teeth)
D5223.....	Immediate maxillary partial denture – cast metal framework with resin denture bases (including retentive/clasping materials, rests and teeth)
D5224.....	Immediate mandibular partial denture – cast metal framework with resin denture bases (including retentive/clasping materials, rests and teeth)
D5410.....	Adjust complete denture – maxillary
D5411.....	Adjust complete denture – mandibular
D5421.....	Adjust partial denture – maxillary
D5422.....	Adjust partial denture – mandibular
D5511.....	Repair broken complete denture base, mandibular
D5512.....	Repair broken complete denture base, maxillary
D5520.....	Replace missing or broken teeth – complete denture (each tooth)

D5611.....Repair resin denture base, mandibular
 D5612.....Repair resin denture base, maxillary
 D5621.....Repair cast framework, mandibular
 D5622.....Repair cast framework, maxillary
 D5630.....Repair or replace broken clasp
 D5640.....Replace broken teeth – per tooth
 D5650.....Add tooth to existing partial denture
 D5660.....Add clasp to existing partial denture
 D5730.....Reline complete maxillary denture (chairside)
 D5731.....Reline complete mandibular denture (chairside)
 D5740.....Reline maxillary partial denture (chairside)
 D5741.....Reline mandibular partial denture (chairside)
 D5750.....Reline complete maxillary denture (laboratory)
 D5751.....Reline complete mandibular denture (laboratory)
 D5760.....Reline maxillary partial denture (laboratory)
 D5761.....Reline mandibular partial denture (laboratory)
 D5850.....Tissue conditioning, maxillary
 D5851.....Tissue conditioning, mandibular
 D5862.....Precision attachment, by report
 D5863.....Overdenture – complete maxillary
 D5864.....Overdenture – partial maxillary
 D5865.....Overdenture – complete mandibular
 D5866.....Overdenture – partial mandibular
 D5899.....Unspecified removable prosthodontic procedure, by report

Maxillofacial Prosthetics

D5911.....Facial moulage (sectional)
 D5912.....Facial moulage (complete)
 D5913.....Nasal prosthesis
 D5914.....Auricular prosthesis
 D5915.....Orbital prosthesis
 D5916.....Ocular prosthesis
 D5919.....Facial prosthesis
 D5922.....Nasal septal prosthesis
 D5923.....Ocular prosthesis, interim
 D5924.....Cranial prosthesis
 D5925.....Facial augmentation implant prosthesis
 D5926.....Nasal prosthesis, replacement
 D5927.....Auricular prosthesis, replacement
 D5928.....Orbital prosthesis, replacement
 D5929.....Facial prosthesis, replacement
 D5931.....Obturator prosthesis, surgical
 D5932.....Obturator prosthesis, definitive
 D5933.....Obturator prosthesis, modification
 D5934.....Mandibular resection prosthesis with guide flange
 D5935.....Mandibular resection prosthesis without guide flange
 D5936.....Obturator prosthesis, interim

D5937.....	Trismus appliance (not for TMD treatment)
D5951.....	Feeding aid
D5952.....	Speech aid prosthesis, pediatric
D5953.....	Speech aid prosthesis, adult
D5954.....	Palatal augmentation prosthesis
D5955.....	Palatal lift prosthesis, definitive
D5958.....	Palatal lift prosthesis, interim
D5959.....	Palatal lift prosthesis, modification
D5960.....	Speech aid prosthesis, modification
D5982.....	Surgical stent
D5983.....	Radiation carrier
D5984.....	Radiation shield
D5985.....	Radiation cone locator
D5986.....	Fluoride gel carrier
D5987.....	Commissure splint
D5988.....	Surgical splint
D5991.....	Topical Medicament Carrier
D5999.....	Unspecified maxillofacial prosthesis, by report

Implant Services

D6010.....	Surgical placement of implant body: endosteal implant
D6011.....	Second stage implant surgery
D6013.....	Surgical placement of mini implant
D6040.....	Surgical placement: eposteal implant
D6050.....	Surgical placement: transosteal implant
D6052.....	Semi-precision attachment abutment
D6055.....	Connecting bar - implant supported or abutment supported
D6056.....	Prefabricated abutment - includes modification and placement
D6057.....	Custom fabricated abutment - includes placement
D6058.....	Abutment supported porcelain/ceramic crown
D6059.....	Abutment supported porcelain fused to metal crown (high noble metal)
D6060.....	Abutment supported porcelain fused to metal crown (predominantly base metal)
D6061.....	Abutment supported porcelain fused to metal crown (noble metal)
D6062.....	Abutment supported cast metal crown (high noble metal)
D6063.....	Abutment supported cast metal crown (predominantly base metal)
D6064.....	Abutment supported cast metal crown (noble metal)
D6065.....	Implant supported porcelain/ceramic crown
D6066.....	Implant supported crown (porcelain fused to high noble alloys)
D6067.....	Implant supported crown (high noble alloys)
D6068.....	Abutment supported retainer for porcelain/ceramic FPD
D6069.....	Abutment supported retainer for porcelain fused to metal FPD (high noble metal)
D6070.....	Abutment supported retainer for porcelain fused to metal FPD (predominantly base metal)
D6071.....	Abutment supported retainer for porcelain fused to metal FPD (noble metal)
D6072.....	Abutment supported retainer for cast metal FPD (high noble metal)
D6073.....	Abutment supported retainer for cast metal FPD (predominantly base metal)
D6074.....	Abutment supported retainer for cast metal FPD (noble metal)

D6075.....Implant supported retainer for ceramic FPD
D6076.....Implant supported retainer FPD (porcelain fused high noble alloys)
D6077.....Implant supported retainer for metal FPD (high noble alloys)
D6080.....Implant maintenance procedures, including removal of prosthesis, cleansing of
prosthesis and abutments and reinsertion of prosthesis
D6081.....Scaling and debridement in the presence of inflammation or mucositis of a single
implant, including cleaning of the implant surfaces, without flap entry and closure
D6082.....Implant supported crown - porcelain fused to predominantly base alloys
D6083.....Implant supported crown - porcelain fused to noble alloys
D6084.....Implant supported crown - porcelain fused to titanium and titanium alloys
D6085.....Provisional implant crown
D6086.....Implant supported crown - predominantly base alloys
D6087.....Implant supported crown - noble alloys
D6088.....Implant supported crown - titanium and titanium alloys
D6090.....Repair implant supported prosthesis, by report
D6091.....Replacement of semi-precision or precision attachment of implant/abutment
supported prosthesis, per attachment
D6092.....Re-cement implant/abutment supported crown
D6093.....Re-cement implant/abutment supported fixed partial denture
D6094.....Abutment supported crown, titanium and titanium alloys
D6095.....Repair implant abutment, by report
D6096.....Remove broken implant retaining screw
D6097.....Abutment supported crown - porcelain fused to titanium and titanium alloys
D6098.....Implant supported retainer - porcelain fused to predominantly base alloys
D6099.....Implant supported retainer for FPD - porcelain fused to noble alloys
D6100.....Implant removal, by report
D6110.....Implant/abutment supported removable denture for edentulous arch-maxillary
D6111.....Implant/abutment supported removable denture for edentulous arch-mandibular
D6112.....Implant/abutment supported removable denture for partially edentulous arch-
maxillary
D6113.....Implant/abutment supported removable denture for partially edentulous arch-
mandibular
D6114.....Implant/abutment supported fixed denture for edentulous arch-maxillary
D6115.....Implant/abutment supported fixed denture for edentulous arch-mandibular
D6116.....Implant/abutment supported fixed denture for partially edentulous arch-maxillary
D6117.....Implant/abutment supported fixed denture for partially edentulous arch-
mandibular
D6120.....Implant supported retainer - porcelain fused to titanium and titanium alloys
D6121.....Implant supported retainer for metal FPD - predominantly base alloys
D6122.....Implant supported retainer for metal FPD - noble alloys
D6123.....Implant supported retainer for metal FPD - titanium and titanium alloys
D6190.....Radiographic/Surgical implant index, by report
D6194.....Abutment supported retainer crown for FPD (titanium and titanium alloys)
D6199.....Unspecified implant procedure, by report

Fixed Prosthodontics

D6211.....Pontic – cast predominantly base metal
P35001(CA 1/21)IEX

D6241.....Pontic – porcelain to predominantly base metal
 D6245.....Pontic – porcelain/ceramic
 D6251.....Pontic – resin with predominantly base metal
 D6721.....Crown – resin with predominantly base metal
 D6740.....Crown – porcelain/ceramic
 D6751.....Crown – porcelain fused to predominantly base metal
 D6781.....Crown – 3/4 cast predominantly base metal
 D6783.....Crown – 3/4 porcelain/ceramic
 D6784.....Crown 3/4 - titanium and titanium alloys
 D6791.....Crown – full cast predominantly base metal
 D6930.....Re-cement fixed partial denture
 D6980.....Fixed partial denture repair, necessitated by restorative material failure
 D6999.....Unspecified fixed prosthodontic procedure, by report

Oral and Maxillofacial Surgery

D7111.....Extraction, coronal remnants – deciduous tooth
 D7140.....Extraction, erupted tooth or exposed root (elevation and/or forceps removal)
 D7210.....Surgical removal of erupted tooth requiring removal of bone and/or sectioning of tooth, and including elevation of mucoperiosteal flap if indicated
 D7220.....Removal of impacted tooth – soft tissue
 D7230.....Removal of impacted tooth – partially bony
 D7240.....Removal of impacted tooth – completely bony
 D7241.....Removal of impacted tooth – completely bony, with unusual surgical complications
 D7250.....Surgical removal of residual tooth roots (cutting procedure)
 D7260.....Oroantral fistula closure
 D7261.....Primary closure of a sinus perforation
 D7270.....Tooth reimplantation and/or stabilization of accidentally evulsed or displaced tooth
 D7280.....Surgical access of an unerupted tooth
 D7283.....Placement of device to facilitate eruption of impacted tooth
 D7285.....Biopsy of oral tissue – hard (bone, tooth)
 D7286.....Biopsy of oral tissue – soft
 D7290.....Surgical repositioning of teeth
 D7291.....Transseptal fiberotomy/supra crestal fiberotomy, by report
 D7310.....Alveoplasty in conjunction with extractions - four or more teeth or tooth spaces, per quadrant
 D7311.....Alveoplasty in conjunction with extractions - one to three teeth or tooth spaces, per quadrant
 D7320.....Alveoplasty not in conjunction with extractions - four or more teeth or tooth spaces, per quadrant
 D7321.....Alveoplasty not in conjunction with extractions - one to three teeth or tooth spaces, per quadrant
 D7340.....Vestibuloplasty – ridge extension (secondary epithelialization)
 D7350.....Vestibuloplasty – ridge extension (including soft tissue grafts, muscle reattachment, revision of soft tissue attachment and management of hypertrophied and hyperplastic tissue)

D7410.....Excision of benign lesion up to 1.25 cm
D7411.....Excision of benign lesion greater than 1.25 cm
D7412.....Excision of benign lesion, complicated
D7413.....Excision of malignant lesion up to 1.25 cm
D7414.....Excision of malignant lesion greater than 1.25 cm
D7415.....Excision of malignant lesion, complicated
D7440.....Excision of malignant tumor – lesion diameter up to 1.25 cm
D7441.....Excision of malignant tumor – lesion diameter greater than 1.25 cm
D7450.....Removal of benign odontogenic cyst or tumor – lesion diameter up to 1.25 cm
D7451.....Removal of benign odontogenic cyst or tumor – lesion diameter greater than 1.25 cm
D7460.....Removal of benign nonodontogenic cyst or tumor – lesion diameter up to 1.25 cm
D7461.....Removal of benign nonodontogenic cyst or tumor – lesion diameter greater than 1.25 cm
D7465.....Destruction of lesion(s) by physical or chemical method, by report
D7471.....Removal of lateral exostosis (maxilla or mandible)
D7472.....Removal of torus palatinus
D7473.....Removal of torus mandibularis
D7485.....Surgical reduction of osseous tuberosity
D7490.....Radical resection of maxilla or mandible
D7510.....Incision and drainage of abscess – intraoral soft tissue
D7511.....Incision and drainage of abscess - intraoral soft tissue - complicated (includes drainage of multiple fascial spaces)
D7520.....Incision and drainage of abscess – extraoral soft tissue
D7521.....Incision and drainage of abscess - extraoral soft tissue - complicated (includes drainage of multiple fascial spaces)
D7530.....Removal of foreign body from mucosa, skin, or subcutaneous alveolar tissue
D7540.....Removal of reaction producing foreign bodies, musculoskeletal system
D7550.....Partial ostectomy/sequestrectomy for removal of non-vital bone
D7560.....Maxillary sinusotomy for removal of tooth fragment or foreign body
D7610.....Maxilla – open reduction (teeth immobilized, if present)
D7620.....Maxilla – closed reduction (teeth immobilized, if present)
D7630.....Mandible – open reduction (teeth immobilized, if present)
D7640.....Mandible – closed reduction (teeth immobilized, if present)
D7650.....Malar and/or zygomatic arch – open reduction
D7660.....Malar and/or zygomatic arch – closed reduction
D7670.....Alveolus – closed reduction, may include stabilization of teeth
D7671.....Alveolus – open reduction, may include stabilization of teeth
D7680.....Facial bones – complicated reduction with fixation and multiple surgical approaches
D7710.....Maxilla – open reduction
D7720.....Maxilla – closed reduction
D7730.....Mandible – open reduction
D7740.....Mandible – closed reduction
D7750.....Malar and/or zygomatic arch – open reduction
D7760.....Malar and/or zygomatic arch – closed reduction
D7770.....Alveolus – open reduction stabilization of teeth

D7771.....Alveolus, closed reduction stabilization of teeth
D7780.....Facial bones – complicated reduction with fixation and multiple surgical approaches
D7810.....Open reduction of dislocation
D7820.....Closed reduction of dislocation
D7830.....Manipulation under anesthesia
D7840.....Condylectomy
D7850.....Surgical discectomy, with/without implant
D7852.....Disc repair
D7854.....Synovectomy
D7856.....Myotomy
D7858.....Joint reconstruction
D7860.....Arthrotomy
D7865.....Arthroplasty
D7870.....Arthrocentesis
D7871.....Non-arthroscopic lysis and lavage
D7872.....Arthroscopy – diagnosis, with or without biopsy
D7873.....Arthroscopy – surgical: lavage and lysis of adhesions
D7874.....Arthroscopy – surgical: disc repositioning and stabilization
D7875.....Arthroscopy – surgical: synovectomy
D7876.....Arthroscopy – surgical: discectomy
D7877.....Arthroscopy – surgical: debridement
D7880.....Occlusal orthotic device, by report
D7881.....Occlusal orthotic device adjustment
D7899.....Unspecified TMD therapy, by report
D7910.....Suture of recent small wounds up to 5 cm
D7911.....Complicated suture – up to 5 cm
D7912.....Complicated suture – greater than 5 cm
D7920.....Skin graft (identify defect covered, location and type of graft)
D7922.....Placement of intra-socket biological dressing to aid in hemostasis or clot stabilization, per site
D7940.....Osteoplasty – for orthognathic deformities
D7941.....Osteotomy – mandibular rami
D7943.....Osteotomy – mandibular rami with bone graft; includes obtaining the graft
D7944.....Osteotomy – segmented or subapical
D7945.....Osteotomy – body of mandible
D7946.....LeFort I (maxilla – total)
D7947.....LeFort I (maxilla – segmented)
D7948.....LeFort II or LeFort III (osteoplasty of facial bones for midface hypoplasia or retrusion) – without bone graft
D7949.....LeFort II or LeFort III – with bone graft
D7950.....Osseous, osteoperiosteal, or cartilage graft of mandible or facial bones – autogenous or nonautogenous, by report
D7951.....Sinus augmentation with bone or bone substitutes via a lateral open approach
D7952.....Sinus augmentation with bone or bone substitute via a vertical approach
D7955.....Repair of maxillofacial soft and/or hard tissue defect

D7960.....	Frenulectomy also known as frenectomy or frenotomy – separate procedure not incidental to another procedure
D7963.....	Frenuloplasty
D7970.....	Excision of hyperplastic tissue – per arch
D7971.....	Excision of pericoronal gingiva
D7972.....	Surgical reduction of fibrous tuberosity
D7979.....	Non-surgical Sialolithotomy
D7980.....	Sialolithotomy
D7981.....	Excision of salivary gland, by report
D7982.....	Sialodochoplasty
D7983.....	Closure of salivary fistula
D7990.....	Emergency tracheotomy
D7991.....	Coronoidectomy
D7995.....	Synthetic graft – mandible or facial bones, by report
D7997.....	Appliance removal (not by dentist who placed appliance), includes removal of archbar
D7999.....	Unspecified oral surgery procedure, by report

Medically Necessary Orthodontia

D8080.....	Comprehensive orthodontic treatment of the adolescent dentition Handicapping malocclusion
D8080.....	Comprehensive orthodontic treatment of the adolescent dentition cleft palate - primary dentition
D8080.....	Comprehensive orthodontic treatment of the adolescent dentition cleft palate - mixed dentition
D8080.....	Comprehensive orthodontic treatment of the adolescent dentition cleft palate - permanent dentition
D8080.....	Comprehensive orthodontic treatment of the adolescent dentition facial growth management - primary dentition
D8080.....	Comprehensive orthodontic treatment of the adolescent dentition facial growth management - mixed dentition
D8080.....	Comprehensive orthodontic treatment of the adolescent dentition facial growth management - permanent dentition
D8210.....	Removable appliance therapy
D8220.....	Fixed appliance therapy
D8660.....	Pre-orthodontic treatment visit
D8670.....	Periodic orthodontic treatment visit (as part of contract) Handicapping malocclusion
D8670.....	Periodic orthodontic treatment visit (as part of contract) cleft palate - primary dentition
D8670.....	Periodic orthodontic treatment visit (as part of contract) cleft palate - mixed dentition
D8670.....	Periodic orthodontic treatment visit (as part of contract) cleft palate - permanent dentition
D8670.....	Periodic orthodontic treatment visit (as part of contract) facial growth management - primary dentition

D8670.....	Periodic orthodontic treatment visit (as part of contract) facial growth management - mixed dentition
D8670.....	Periodic orthodontic treatment visit (as part of contract) facial growth management - permanent dentition
D8680.....	Orthodontic retention (removal of appliances, construction and placement of retainer(s))
D8681.....	Removable orthodontic retainer adjustment
D8696.....	Repair of orthodontic appliance - maxillary
D8697.....	Repair of orthodontic appliance - mandibular
D8698.....	Re-cement or re-bond fixed retainer - maxillary
D8699.....	Re-cement or re-bond fixed retainer - mandibular
D8701.....	Repair of fixed retainer, includes reattachment - maxillary
D8702.....	Repair of fixed retainer, includes reattachment - mandibular
D8703.....	Replacement of lost or broken retainer - maxillary
D8704.....	Replacement of lost or broken retainer - mandibular
D8999.....	Unspecified orthodontic procedure, by report

Adjunctives

D9110.....	Palliative (emergency) treatment of dental Pain – minor procedure
D9120.....	Fixed partial denture sectioning
D9210.....	Local anesthesia not in conjunction with operative or surgical procedures
D9211.....	Regional block anesthesia
D9212.....	Trigeminal division block anesthesia
D9215.....	Local anesthesia in conjunction with operative or surgical procedures
D9222.....	Deep sedation/analgesia – first 15 minutes
D9223.....	Deep sedation/general anesthesia – each 15 minute increment
D9230.....	Inhalation of nitrous oxide/anxiolysis analgesia
D9239.....	Intravenous moderate (conscious) sedation/analgesia – first 15 minutes
D9243.....	Intravenous moderate (conscious) sedation/analgesia – each 15 minute increment
D9248.....	Non-intravenous conscious sedation
D9310.....	Consultation diagnostic service provided by dentist or Physician other than requesting dentist or Physician
D9311.....	Consultation with a medical health professional
D9410.....	House/Extended care facility call
D9420.....	Hospital or ambulatory surgical center call
D9430.....	Office visit for observation (during regularly scheduled hours) - no other services performed
D9440.....	Office visit – after regularly scheduled hours
D9610.....	Therapeutic parenteral drug, single administration
D9612.....	Therapeutic parenteral drug, two or more administrations, different medications
D9910.....	Application of desensitizing medicament
D9930.....	Treatment of complications (post-surgical) – unusual circumstances, by report
D9950.....	Occlusion analysis – mounted case
D9951.....	Occlusal adjustment – limited
D9952.....	Occlusal adjustment – complete
D9997.....	Dental case management - patients with special health care needs
D9999.....	Unspecified adjunctive procedure, by report

Pediatric Dental Exclusions and Limitations:

Periodic Oral Evaluations

Periodic oral evaluations are limited to 1 every 6 months.

Prophylaxis

Prophylaxis services (cleanings) are limited to 1 every 6 months.

Fluoride treatment

Fluoride treatment is covered once 1 every 6 months.

Intraoral radiographic images

Intraoral - complete series of radiographic images are limited to once every 24 months.

Intraoral - occlusal radiographic image are limited to 2 every 6 months.

Bitewing x-rays

Bitewing x-rays in conjunction with periodic examinations are limited to one series of 4 films in any 6-month period. Isolated bitewing or periapical films are allowed on an emergency or episodic basis.

Full mouth x-rays

Full mouth x-rays in conjunction with periodic examinations are limited to once every 24 months.

Panoramic film x-rays

Panoramic film x-rays are limited to once every 24 months.

Dental Sealant

Dental sealant treatments are limited to the first, second and third permanent molars that occupy the second molar position.

Replacement of a restoration

Replacement of a restoration is covered only when it is defective, as evidenced by conditions such a recurrent caries or fracture, and replacement is Medically Necessary.

Crowns

Prefabricated Crowns – primary teeth are covered once every 12 months.

Prefabricated Crowns – permanent teeth are covered once every 36 months.

Replacement prefabricated crowns necessary in primary teeth within the first 12 months and permanent teeth within the first 36 months are covered.

Only acrylic crowns and stainless crowns are benefit for children under 12 years of age. If other types of crowns are chosen the Covered Person will pay the difference in cost for children under 12 years of age. The covered dental benefit level will be that of an acrylic crown.

Gingivectomy or gingivoplasty and osseous surgery

Gingivectomy or gingivoplasty and osseous surgery are limited to once per quadrant every 36 months.

Periodontics (other than Maintenance)

Periodontal scaling and root planning, and subgingival curettage are limited to once per quadrant every 24 months.

Periodontal Maintenance

Periodontal maintenance is covered once every 12 months per quadrant.

Fixed bridgework

Fixed bridges will be used only when a partial cannot satisfactorily restore the case. If fixed bridges are used when a partial could satisfactorily restore the case, it is optional treatment (that is, it is an upgrade) and HNL will only pay for the partial; the Covered Person is responsible for the difference in cost to upgrade to a fixed bridge. A fixed bridge is covered once in a 5 year period when it is necessary to replace a missing permanent anterior tooth. Fixed bridges used to replace missing posterior teeth are optional (that is, it is an upgrade) when the abutment teeth are dentally sound and would be crowned only for the purpose of supporting a pontic. HNL will only pay for the partial; the Covered Person is responsible for the difference in cost to upgrade to a fixed bridge.

Fixed bridges are optional (that is, it is an upgrade) when provided in connection with a partial denture on the same arch. HNL will only pay for the partial; the Covered Person is responsible for the difference in cost to upgrade to a fixed bridge. Replacement of an existing fixed bridge is covered only when it cannot be made satisfactory by repair. The benefit allows up to five units of crown or bridgework per arch. Upon the sixth unit, the treatment is full mouth reconstruction, which is optional treatment (that is, it is an upgrade). HNL will only pay for the partial; the Covered Person is responsible for the difference in cost to upgrade to a fixed bridge. Fixed bridges are also covered when medical conditions or employment preclude the use of a removable partial denture.

Replacement of existing bridgework is covered only when it cannot be made satisfactory by repair. Also covered one in a 5-year period when medical conditions or employment preclude the use of a removable partial denture.

Full upper and/or lower dentures

Full upper and/or lower dentures are not to be replaced within 36 consecutive months unless the existing denture is unsatisfactory and cannot be made satisfactory by relines or repair. The covered dental benefit for complete dentures will be limited to the benefit level for a standard procedure. If a more personalized or specialized treatment is chosen by the patient and the dentist, the patient will be responsible for all additional charges.

Relines and tissue conditioning

Office or laboratory relines covered six months after the date of service for immediate dentures and immediate overdenture and cast metal partial dentures that required extractions.

Office or laboratory relines covered 12 months after the date of service for complete dentures, a complete (remote) overdenture and cast metal partial dentures that do not require extractions.

Tissue conditioning is limited to two per denture.

Medically Necessary Orthodontia:

Benefits for Medically Necessary comprehensive orthodontic treatment must be for a member who has one of the medical conditions handicapping malocclusion, cleft palate and facial growth management cases. Orthodontic care is covered when Medically Necessary to prevent disease and promote oral health, restore oral structures to health and function, and treat emergency conditions.

- a. Only those cases with permanent dentition shall be eligible for Medically Necessary handicapping malocclusion, unless the patient is age 13 or older with primary teeth remaining. Cleft palate and craniofacial anomaly cases are a benefit for primary, mixed and permanent dentitions. Craniofacial anomalies are treated using facial growth management.
- b. All necessary procedures that may affect orthodontic treatment shall be completed before orthodontic treatment has begun.
- c. Orthodontic procedures are a benefit only when the diagnostic casts verify a minimum score of 26 points on the Handicapping Labio-Lingual Deviation (HLD) Index California Modification Score Sheet Form, DC016 (06/09) or one of the six automatic qualifying conditions below exist or when there is written documentation of a craniofacial anomaly from a credentialed specialist on their professional letterhead.
- d. The automatic qualifying conditions are:
 - i. cleft palate deformity. If the cleft palate is not visible on the diagnostic casts written documentation from a credentialed specialist shall be submitted, on their professional letterhead, with the prior authorization request,
 - ii. craniofacial anomaly. Written documentation from a credentialed specialist shall be submitted, on their professional letterhead, with the prior authorization request,
 - iii. a deep impinging overbite in which the lower incisors are destroying the soft tissue of the palate,
 - iv. a crossbite of individual anterior teeth causing destruction of soft tissue,
 - v. an overjet greater than 9 mm or reverse overjet greater than 3.5 mm,
 - vi. a severe traumatic deviation (such as loss of a premaxilla segment by burns, accident or osteomyelitis or other gross pathology). Written documentation of the trauma or pathology shall be submitted with the prior authorization request.

If a Covered Person does not score 26 or above on the HLD Index nor meets one of the six automatic qualifying conditions, the Covered Person may be eligible for an exception if Medical Necessity is documented.

Adjunctive Services:

Adjunctive services, including anesthesia, professional visits and consults, behavior management, post-surgical complications, and occlusal guards, are covered:

- a. Palliative treatment (relief of pain).
- b. Palliative (emergency) treatment, for treatment of dental pain, limited to once per day, per Covered Person.

- c. House/extended care facility calls, once per Covered Person per date of service.
- d. One Hospital or ambulatory surgical center call per day per provider per member.
- e. The following anesthesia services are covered in conjunction with oral surgery, as well as for other purposes when Medically Necessary:
 - i. D9222 – deep sedation/analgesia – first 15 minutes
 - ii. D9223 – deep sedation/general anesthesia, each 15 minute increment
 - iii. D9239 – intravenous moderate (conscious) sedation/analgesia – first 15 minutes
 - iv. D9243 – intravenous moderate (conscious) sedation/analgesia, each 15 minute increment
 - v. D9248 – non-intravenous conscious sedation
 - vi. D9230 – inhalation of nitrous oxide/analgesia, anxiolysis
- f. Occlusal guards when Medically Necessary, for Covered Persons from 12 to 19 years of age when the Covered Person has permanent dentition.

Pediatric Dental Exclusions

The exclusions and limitations in the "General Exclusions and Limitations" section also apply to dental benefits.

IMPORTANT: If You opt to receive dental services that are not Covered Services under this *Policy*, a participating Dental Provider may charge You his or her usual and customary rate for those services. Prior to providing a patient with dental services that are not a covered benefit, the dentist should provide to the patient a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If You would like more information about dental coverage options, You may call member services at **(866) 249-2382** or Your insurance broker. To fully understand Your coverage, You may wish to carefully review this *Policy*.

1. Services which, in the opinion of the attending dentist, are not necessary to the Covered Person's dental health.
2. Cosmetic dental care.
3. Experimental procedures or Investigational services, including any treatment, therapy, procedure or drug or drug usage, facility or facility usage, equipment or equipment usage, device or devices usage, or supply which is not recognized as being in accordance with generally accepted professional standards or for which the safety and efficiency have not been determined for use in the treatment for which the item in service in question is recommended or prescribed. Denial of Experimental procedures or Investigational services is subject to Independent Medical Review (please refer to the "Independent Medical Review of Investigational or Experimental Therapies" portion of the "Coverage Decisions and Disputes Resolution" section for more information).
4. Services that were provided without cost to the Covered Person by State government or an agency thereof, or any municipality, county or other subdivisions.
5. Hospital charges of any kind.
6. Dental expenses incurred in connection with any dental procedures started after termination of coverage or prior to the date the Covered Person becomes eligible for such services.
7. Dispensing of Drugs not normally supplied in a dental office.

8. The cost of precious metals used in any form of dental benefits.
9. Dental Services that are received in an Emergency Care setting for conditions that are not emergencies if the Covered Person reasonably should have known that an Emergency Care situation did not exist.
10. Services from a non-Network provider.

Claims for Pediatric Dental Services

When obtaining Dental Services from a non-Network provider, You will be required to pay all billed charges directly to Your Dental Provider. You may then seek reimbursement from Us. Please refer to "Notice of Claim" in the "General Provisions" section.

Complaint Procedures

If You disagree with a determination by HNL, You can appeal the determination. The complaint and appeals process, including independent medical review from the California Department of Insurance, is described in the "Grievance and Appeals Process" and "Independent Medical Review of Grievances Involving a Disputed Health Care Service" sections of this *Policy*. You may also call HNL at the telephone number on Your ID card.

Complaint Resolution

If You have a concern or question regarding the provision of Dental Services or benefits under the *Policy*, You should contact the Company's customer service department at the telephone number shown on Your ID card. Customer service representatives are available to take Your call during regular business hours, Monday through Friday. At other times, You may leave a message on voicemail. A customer service representative will return Your call. If You would rather send Your concern to Us in writing at this point, the Company's authorized representative can provide You with the appropriate address.

If the customer service representative cannot resolve the issue to Your satisfaction over the phone, he or she can provide You with the appropriate address to submit a written complaint. We will notify You of our decision regarding Your complaint within 30 days of receiving it.

If You disagree with our decision after having submitted a written complaint, You can ask Us in writing to formally reconsider Your complaint. If Your complaint relates to a claim for payment, Your request should include:

- The patient's name and the identification number from the ID card
- The date(s) of service(s)
- The provider's name
- The reason You believe the claim should be paid
- Any new information to support Your request for claim payment

We will notify You of our decision regarding our reconsideration of Your complaint within 60 days of receiving it. If You are not satisfied with our decision, You have the right to take Your complaint to the California Department of Insurance.

Complaint Hearing

If You request a hearing, We will appoint a committee to resolve or recommend the resolution of Your complaint. If Your complaint is related to clinical matters, the Company may consult with, or seek the participation of, medical and/or dental experts as part of the complaint resolution process.

The committee will advise You of the date and place of Your complaint hearing. The hearing will be held within 60 days following receipt of Your request by the Company, at which time the committee will review testimony, explanation or other information that it decides is necessary for a fair review of the complaint.

We will send You written notification of the committee's decision within 30 days of the conclusion of the hearing. If You are not satisfied with our decision, You have the right to take Your complaint to the California Department of Insurance.

Exceptions for Emergency Situations

Your complaint requires immediate actions when Your Dentist judges that a delay in treatment would significantly increase the risk to Your health. In these urgent situations:

- The appeal does not need to be submitted in writing. You or Your Dentist should call Us as soon as possible.
- We will notify You of the decision by the end of the next business day after Your complaint is received, unless more information is needed.
- If We need more information from Your Dentist to make a decision, We will notify You of the decision by the end of the next business day following receipt of the required information.

The complaint process for urgent situations does not apply to prescheduled treatments or procedures that are not urgent situations.

If You are not satisfied with our decision, You have the right to take Your complaint to the California Department of Insurance.

Pediatric Vision Services

The services and supplies described in this section are covered when provided by a Participating Vision Provider. The amount covered may vary based on the type of provider used and on the type of Eyewear obtained.

Pediatric vision services are covered until the last day of the month in which the individual turns nineteen years of age.

The following services and supplies are covered under this *Policy*, subject to all provisions of this *Policy*:

Examination: Routine optometric or ophthalmic vision examinations (including refractions) by a licensed Optometrist or Ophthalmologist, for the diagnosis and correction of vision, up to the maximum number of visits stated in the "Schedule of Benefits" section.

Frame: One Frame for Eyeglasses, up to the maximum number described in the "Schedule of Benefits" section.

Eyeglass Lenses: Eyeglass Lenses subject to the benefit maximums described in the "Schedule of Benefits" section.

Cosmetic Contact Lenses: When Contact Lenses are chosen for nonmedical or cosmetic reasons, the Lenses are payable only as a replacement of benefits for other Eyewear.

Medically Necessary Contact Lenses: Contact Lenses may be Medically Necessary and appropriate in the treatment of patients affected by certain conditions. In general, Contact Lenses may be Medically Necessary and appropriate when the use of Contact Lenses, in lieu of eyeglasses, will result in significantly better visual and/or improved binocular function, including avoidance of diplopia or suppression.

Contact Lenses may be Medically Necessary for the treatment of conditions, including, but not limited to: keratoconus, pathological myopia, aphakia, anisometropia, aniridia, corneal disorders, post-traumatic disorders and irregular astigmatism.

Medically Necessary Contact Lenses are dispensed in lieu of other eyewear.

Subnormal or Low Vision Services and Aids: HNL covers one comprehensive low vision evaluation every 5 years; low vision aids, including high-power spectacles, magnifiers or telescopes (limited to one aid per year) and follow-up care (limited to 4 visits every 5 years).

Notice and Proof of Claim and Claim Forms: Claims for pediatric vision services should be submitted by the Participating Vision Provider, however, if the Covered Person needs to submit a claim, written notice of a claim must be given to HNL within 90 days after the occurrence or commencement of any covered loss, or as soon thereafter as reasonably possible. Notice may be given to HNL of a vision claim at P.O. Box 8504, Mason, OH 45040-7111.

Upon enrollment HNL will furnish the Covered Person with HNL's usual forms for filing proof of loss. If HNL does not furnish the Covered Person with the usual form, the Covered Person can comply with the requirements for furnishing proof of loss by submitting written proof within the 90 day period stipulated above. Such written proof must cover the occurrence, the character and the extent of the loss.

The Covered Person must submit proof of loss for Covered Services provided by a Provider.

Written notice of claim or proof of loss must be submitted no later than one year after the occurrence.

HNL's Vision Claim address is:

Health Net Vision/Claims
P.O. Box 8504
Mason, OH 45040-7111

Covered Persons are required to submit to HNL in writing an itemized statement of the charges incurred by the Covered Person, along with a completed claim form, to request reimbursement. Claim forms can be obtained by calling Customer Service Monday through Friday at **(866) 392-6058** from 5:00 a.m. to 8:00 p.m. Pacific Standard Time. HNL will furnish the Covered Person a claim form within 15 days of the Covered Person's request. If HNL does not furnish the claim form within 15 days, the Covered Person shall be deemed to have complied with the requirements of this *Policy* as to proof of loss upon submitting, within the time fixed in this *Policy* for filing proofs of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made. Pharmacy claims do not require a completed claim form, but must have an original receipt for the prescription with the patient's name and must be in English and in U.S. currency.

Proof of payment must accompany the request for reimbursement. Covered Person requests for reimbursement must be forwarded to HNL within 90 days of the date Covered Services were received. If it is not reasonably possible for a Covered Person to submit proof of payment at the time the request for

reimbursement is made, proof of payment must be submitted to HNL as soon thereafter as is reasonably possible. Failure to provide proof of loss within the required time does not invalidate the claim if it was filed as soon as reasonably possible.

Payment of Claims

Benefits will be paid directly to the Covered Person, unless otherwise directed by the Covered Person, for Covered Services.

GENERAL EXCLUSIONS AND LIMITATIONS

No payment will be made under this *Policy* for expenses incurred for any of the items below, regardless as to whether the Covered Person utilized the services of a Preferred Provider or Out-of-Network Provider. Also, services or supplies that are excluded from coverage in the *Policy*, exceed *Policy* limitations, or are follow-up care (or related to follow-up care) to *Policy* limitations will not be covered.

NOT MEDICALLY NECESSARY: Services or supplies that are not Medically Necessary, as defined in the "Definitions" section. However, the *Policy* does cover Preventive Care Services, voluntary family planning services and Medically Necessary services for medical conditions directly related to non-Covered Services when complications exceed routine follow-up care (such as life-threatening complications of cosmetic surgery).

EXCESS CHARGES: Amounts charged by Out-of-Network Providers for covered medical services and treatment that are in excess of the Maximum Allowable Amount, as defined in the "Definitions" section. However, if medically appropriate care cannot be provided within the network, HNL shall arrange for the required care with available and accessible providers outside the network, with the patient responsible for paying only cost-sharing in an amount equal to the cost-sharing they would have paid for provision of that or a similar service in-network. In addition to in-network Copayments and Coinsurance, in-network cost sharing includes applicability of the in-network Deductible and accrual of cost sharing to the in-network Out-of-Pocket Maximum.

CLINICAL TRIALS: Although clinical trials are covered, as described in the "Medical Benefits" section of this *Policy*, coverage for clinical trials does not include the following items:

- The Investigational drug, item, device or service itself;
- Services other than health care services, including but not limited to cost of travel, or costs of other non-clinical expenses;
- Services provided to satisfy data collection and analysis needs which are not used for clinical management;
- Health care services that are specifically excluded from coverage under this *Policy*; and
- Items and services provided free of charge by the research sponsors to Covered Persons in the trial.

COSMETIC SERVICES AND SUPPLIES: Cosmetic surgery or services and supplies performed to alter or reshape normal structures of the body solely to improve the physical appearance of a Covered Person are not covered. However, the *Policy* does cover Medically Necessary services and supplies for complications which exceed routine follow-up care that is directly related to cosmetic surgery (such as life-threatening complications). In addition, hair analysis, hairpieces and wigs, cranial/hair prostheses, chemical face peels, abrasive procedures of the skin, or epilation are not covered.

When cosmetic or reconstructive surgery is performed to correct or repair abnormal structures of the body caused by, congenital defects, developmental abnormalities, trauma, infection, tumors or diseases, or in connection with the treatment for gender dysphoria, and such surgery does either of the following:

- Improve function, or
- Create a normal appearance to the extent possible,

Then, the surgery or service will be covered when Medical Necessity is established.

In addition, when a Medically Necessary mastectomy (including lumpectomy) has been performed, the following are covered:

- Breast reconstructive surgery; and
- Surgery performed on either breast to achieve or restore symmetry (balanced proportions) in the breasts.

Breast reconstruction surgery and dental or orthodontic services for cleft palate procedures will be subject to the Certification requirements described in the "Certification Requirements" section. However, Hospital stays related to mastectomies and lymph node dissections will be determined solely by the Physician and Certification for determining the length of stay will not be required.

DENTAL SERVICES: Except as specifically stated elsewhere in this *Policy*, Dental Services are limited to the services stated in "Dental Injury" under the "Medical Benefits" section of this *Policy* and in the following situations:

- General anesthesia and associated facility services are covered when the clinical status or underlying medical condition of the Covered Person requires that an ordinarily non-covered dental service which would normally be treated in a dentist's office and without general anesthesia must instead be treated in a Hospital or Outpatient Surgical Center. Such services, including general anesthesia and associated facility services, must be Medically Necessary and subject to the other limitations and exclusions of this *Policy* and will be covered for Covered Persons under any of the following circumstances (a) Covered Person s who are under eight years of age, (b) developmentally disabled or (c) whose health is compromised and general anesthesia is Medically Necessary.
- Medically Necessary dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. Cleft palate includes cleft palate, cleft lip or other craniofacial anomalies associated with cleft palate.
- Dental evaluation, X-rays, fluoride treatment, and extractions necessary to prepare Your jaw for radiation therapy of cancer in Your head or neck.

The following services are not covered under any circumstances for Covered Persons age 19 and over, except as described above for Medically Necessary dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures.

- Care or treatment of teeth and supporting structures; extraction of teeth; treatment of dental abscess or granuloma; dental examinations and treatment of gingival tissues other than tumors are not covered, except as stated above.
- Spot grinding, restorative or mechanical devices, orthodontics, inlays or onlays, crowns, bridgework, active splints or Orthotics (whether custom fit or not), dental implants (materials implanted into or on bone or soft tissue), or other dental appliances, and related surgeries to treat dental conditions, including conditions related to temporomandibular (jaw) joint (TMD/TMJ) disorders, are not covered. However, custom made oral appliances (intra-oral splint or occlusal splint) and surgical procedures to correct TMD/TMJ disorders are covered if they are Medically Necessary, as described in the "Temporomandibular (Jaw) Joint Disorders" provision of this section.

TEMPOROMANDIBULAR (JAW) JOINT DISORDERS: Temporomandibular Joint Disorder (also known as TMD or TMJ disorder) is a condition of the jaw joint, tinnitus which commonly causes headaches, tenderness of the jaw muscles, or dull aching facial pain. These symptoms often result when chewing muscles and jaw joints do not work together correctly. Custom-made oral appliances (intra-oral

splint or occlusal splint) and surgical procedures to correct a TMD/TMJ disorder are covered when Medically Necessary and require Certification. However, spot grinding, restorative or mechanical devices, orthodontics, inlays or onlays, crowns, bridgework, dental splints, dental implants and other dental appliances to treat dental conditions related to TMD/TMJ disorders are not covered for Covered Persons age 19 and over, as stated in the "Dental Services" provision of this section.

SURGERY AND RELATED SERVICES (OFTEN REFERRED TO AS "ORTHOGNATHIC SURGERY" OR "MAXILLARY AND MANDIBULAR OSTEOTOMY") for the purpose of correcting the malposition or improper development of the bones of the upper or lower jaw or associated bone joints, except when such procedures are Medically Necessary. However, spot grinding, restorative or mechanical devices, orthodontics, inlays or onlays, crowns, bridgework, dental splints (whether custom fit or not), dental implants and other dental appliances are not covered for Covered Persons age 19 and over under any circumstances.

Dietary or Nutritional Supplements: Dietary, nutritional supplements and specialized formulas are not covered except when prescribed for the treatment of Phenylketonuria (PKU) (see the "Phenylketonuria (PKU)" provision in the "Medical Benefits" section). However, amino acid-modified products, elemental dietary enteral formula and parenteral nutrition solutions are covered.

REFRACTIVE EYE SURGERY: For Covered Persons age 19 and over, any eye surgery for the purpose of correcting refractive defects of the eye, such as nearsightedness (myopia), farsightedness (hyperopia) and astigmatism, unless Medically Necessary, recommended by the Covered Person's treating Physician and authorized by Us.

RECONSTRUCTION OF PRIOR SURGICAL STERILIZATION PROCEDURES: Services to reverse voluntary surgically induced infertility.

INFERTILITY SERVICES: With the exception of covered fertility preservation services, services or supplies that are intended to impregnate a woman are not covered. Excluded procedures include, but are not limited to:

- Conception by medical procedures, such as artificial insemination, in-vitro fertilization (IVF), gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), or any process that involves harvesting, transplanting or manipulating a human ovum. Also not covered are services and supplies (including injections and injectable medications) which prepare the Covered Person to receive these services.
- Services and supplies for the purpose of diagnosing the cause of infertility.

For Medically Necessary fertility preservation services in connection with iatrogenic infertility, refer to the "Fertility Preservation" section of the "Medical Benefits" section for more details.

FERTILITY PRESERVATION: Fertility preservation treatments are covered as shown under "Fertility Preservation" in the "Medical Benefits" section. However, coverage for fertility preservation does not include the following:

- Use of frozen gametes or embryos to achieve future conception
- Pre-implantation genetic diagnosis
- Donor eggs, sperm or embryos
- Gestational carriers (Surrogates)

PRENATAL GENETIC TESTING AND DIAGNOSTIC PROCEDURES: Prenatal genetic testing is covered for specific genetic disorders for which genetic counseling is available when Medically Necessary. The prescribing Physician must obtain Certification for coverage. Genetic testing will not be covered for non-medical reasons or when a Covered Person has no medical indication or family history of a genetic abnormality.

EXPERIMENTAL OR INVESTIGATIONAL PROCEDURES: Experimental or Investigational Drugs, devices, procedures or other therapies are only covered when:

- Independent review deems them appropriate (as described in the "Independent Medical Review of Investigational or Experimental Therapies" portion of the "Coverage Decisions and Disputes Resolution" section for more information);
- Clinical trials for patients with cancer or life-threatening diseases or conditions are deemed appropriate according to the "Medical Benefits" section.

In addition, benefit will also be provided for services and supplies to treat medical complications caused by Experimental or Investigational services or supplies.

Certification may be required. Please refer to the "Certification Requirements" section for details. Payment of benefits will be subject to the noncertification penalty as shown in the "Schedule of Benefits" if Certification is required but not obtained.

IMMUNIZATIONS OR INOCULATIONS: Except for Preventive Care Services, this plan does not cover immunizations and injections for foreign travel or occupational purposes.

CUSTODIAL OR DOMICILIARY CARE: This *Policy* does not cover assistance with activities of daily living (for example, walking, getting in and out of bed, bathing, dressing, feeding, toileting, and taking medicine) for which the facilities or services of a general acute Hospital are not medically required. Furthermore, Custodial or Domiciliary Care in Residential Treatment Centers is not covered. This exclusion does not apply to assistance with activities of daily living that is provided as part of Covered Hospice, Skilled Nursing Facility, Home Health Care Services or Inpatient Hospital care.

NON-ELIGIBLE HOSPITAL CONFINEMENTS: Inpatient room and board charges in conjunction with a Hospital, Hospice or Skilled Nursing Facility stay not meeting Medical Necessity and/or primarily for environmental change, personal convenience or custodial in nature are not covered. However, Hospice respite care is covered.

NON-ELIGIBLE INSTITUTIONS: Any services or supplies furnished by a non-eligible institution, which is other than a legally operated Hospital, Hospice or Medicare-approved Skilled Nursing Facility, Residential Treatment Center or which is primarily a place for the aged, a nursing home or any similar institution, regardless of how designated. This exclusion does not apply to services required for Severe Mental Illness, Serious Emotional Disturbances of a Child, autism or pervasive developmental disorder.

PRIVATE ROOMS: Except where Medically Necessary, expenses in excess of a Hospital's (or other Inpatient facility's) most common semi-private room rate.

PRIVATE DUTY NURSING: Inpatient and outpatient services (including incremental nursing) provided by a private duty nurse, except as Medically Necessary and not in excess of the visit maximum for Home Health Care Services. Private Duty Nursing means continuous nursing services provided by a licensed nurse (RN, LVN or LPN) for a patient who requires more care than is normally available during a home health care visit or is normally and routinely provided by the nursing staff of a Hospital or Skilled Nursing Facility. Private Duty Nursing includes nursing services (including intermittent services

separated in time, such as 2 hours in the morning and 2 hours in the evening) that exceeds a total of six hours in any 24-hour period. Private Duty Nursing may be provided in an Inpatient or outpatient setting, or in a non-institutional setting, such as at home or at school. Private Duty Nursing may also be referred to as "shift care" and includes any portion of shift care services. Private Duty Nursing provided as Home Health Care Services may not exceed a maximum of 3 visits per day, up to 2 hours per visit.

NONCOVERED ITEMS: Any expenses related to the following items, whether authorized by a Physician or not:

- Alteration of the Covered Person's residence, to accommodate the Covered Person's physical or medical condition, including the installation of elevators.
- Disposable supplies for home use, however, ostomy and urological supplies, items for Home Health Care, Hospice Care items including incontinence supplies, and equipment for the management of diabetes are covered. In addition, disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug, such as spacers and inhalers for the administration of aerosol outpatient Prescription Drugs, and syringes for self-injectable outpatient Prescription Drugs that are not dispensed in pre-filled syringes are covered.
- Exercise equipment, including treadmills and charges for activities or facilities normally intended or used for physical fitness and/or weight loss.
- Hygienic equipment, Jacuzzis and spas.
- For Covered Persons age 19 and over, orthodontic appliances to treat dental conditions related to the treatment of the temporomandibular (jaw) joint (also known as TMD or TMJ disorders).
- Support appliances such as stockings, over the counter support devices or Orthotics, and devices or Orthotics for improving athletic performance or sports-related activities. However, Medically Necessary compression burn garments and lymphedema wraps, light compression bandages, manual compression bandages and moderate compression bandages are covered.
- Orthotics and Corrective Footwear, except as described in the "Durable Medical Equipment" and "Diabetic Equipment" provisions of the "Medical Benefits" section.
- Other Orthotics, including Corrective Footwear, not mentioned above, that are not Medically Necessary and custom made for the Covered Person. Corrective Footwear must also be permanently attached to an Orthotic device meeting coverage requirements under this *Policy*.
- Durable Medical Equipment received and/or obtained from an Out-of-Network Provider or non-contracting vendor, except when provided, used or administered during a Medically Necessary Inpatient or outpatient visit.
- Durable Medical Equipment not prescribed by a Physician.
- Personal or comfort items.
- Air purifiers, air conditioners and humidifiers.
- Hearing aids except for implanted hearing aids.
- Food supplements (except as specifically stated in the "Outpatient Infusion Therapy" and the "Phenylketonuria (PKU)" provisions of the "Medical Benefits" section of this *Policy*).

- Nutritional counseling, except diabetes nutritional counseling and preventive care, or as specifically provided in the "Patient Education," "Mental Health, Behavioral Health or Substance Abuse Needs" or "Outpatient Infusion Therapy" provisions of the "Medical Benefits" section.

MEDICARE: All benefits provided under this *Policy* shall be reduced by any amounts to which a Covered Person is entitled under the program commonly referred to as Medicare when federal law permits Medicare to pay before an individual health plan.

EXPENSES BEFORE COVERAGE BEGINS: Services received before the Covered Person's Effective Date.

EXPENSES AFTER TERMINATION OF COVERAGE: Services received after midnight on the effective date of cancellation of coverage under this *Policy* ends, regardless of when the illness, disease, injury or course of treatment began.

SERVICES FOR WHICH THE COVERED PERSON IS NOT LEGALLY OBLIGATED TO PAY: Services for which no charge is made to the Covered Person in the absence of insurance coverage, except services received at a charitable research Hospital which is not operated by a governmental agency.

PHYSICIAN SELF-TREATMENT: Self-treatment rendered in a non-emergency (including, but not limited to, prescribed services, supplies and Drugs). Physician self-treatment occurs when Physicians provide their own medical services, including prescribing their own medication, ordering their own laboratory test and self-referring for their own services. Claims for emergency self-treatment are subject to review by HNL.

SERVICES PROVIDED BY IMMEDIATE FAMILY MEMBERS: Professional services or provider referrals (including, but not limited to, prescribed services, supplies and Drugs) received from a person who lives in the Covered Person's home or who is related to the Covered Person by blood, marriage or domestic partnership. Covered Persons who receive routine or ongoing care from a Covered Person of their immediate family may be reassigned to another Physician.

ROUTINE FOOT CARE: This *Policy* does not cover services for treatment of corns, calluses and cutting of nails, unless prescribed for the treatment of diabetes or if the routine foot care is Medically Necessary.

CRIME: Conditions caused by the Covered Person's commission (or attempted commission) of a felony unless the condition was an injury resulting from an act of domestic violence or an injury resulting from a medical condition.

NUCLEAR ENERGY: Conditions caused by release of nuclear energy, when government coverage is in effect.

GOVERNMENTAL AGENCIES: Any services provided by or for which payment is made by, a local, state or federal government agency. This limitation does not apply to Medi-Cal, Medicaid or Medicare.

SURROGATE PREGNANCY: This *Policy* covers services for a Surrogate Pregnancy only when the Surrogate is an HNL Covered Person. When compensation is obtained for the surrogacy, HNL shall have a lien on such compensation to recover its medical expense. The benefits that are payable under this provision are subject to HNL's right to recovery as described in "Surrogacy Arrangements" in the "Specific Provisions" section of this *Policy*.

CHIROPRACTIC SERVICES: Expenses related to chiropractic adjustments, manipulations and therapy.

FOREIGN TRAVEL OR WORK ASSIGNMENT: If the Covered Person receives services or obtains supplies in a foreign country, benefits will be payable for Emergency Care and Urgent Care only. Determination of Covered Expenses will be based on the Maximum Allowable Amount in the USA for the same or a comparable service. Please refer to "Maximum Allowable Amount" in the "Definitions" section.

HOME BIRTH: A birth which takes place at home will be covered when the criteria for Emergency Care, as defined in this *Policy*, have been met.

EDUCATIONAL AND EMPLOYMENT SERVICES: Except for Medically Necessary services related to behavioral health treatment covered as shown in the "Medical Benefits" section, all other services related to educational and professional purposes are not covered. Examples of excluded services include education and training for non-medical purposes such as:

- Vocational rehabilitation.
- Employment counseling, training or educational therapy for learning disabilities.
- Investigations required for employment.
- Education for obtaining or maintaining employment, or for professional certification.
- Education for personal or professional growth, development or training.
- Academic education during residential treatment.
- Behavioral training
- Patient education

However, services related to behavioral health treatment for pervasive development disorder or autism are covered as shown in the "Medical Benefits" section.

NONCOVERED TREATMENTS: The following types of treatment are only covered when Medically Necessary or when provided in connection with covered treatment for a Mental Disorder or Chemical Dependency:

- Treatment for co-dependency.
- Treatment for psychological stress.
- Treatment of marital or family dysfunction.

In addition, treatment by providers who are not practicing within the scope of their licenses or providing Covered Services in accordance with applicable medical community standards is not covered.

NONEMERGENCY SERVICES OUTSIDE OF CALIFORNIA: Services or supplies provided outside California are not covered except for Urgent Care and Emergency Care.

NONLICENSED PROVIDER: Treatments or services rendered by health care providers who are required to be, but who are not, licensed by the state where they practice to provide the treatments or services. Treatment or services for which the provider of services is not required to be licensed are also excluded from coverage. This includes treatment or services from a nonlicensed provider under the supervision of a licensed Physician, except as specifically provided for or arranged by HNL. This exclusion does not apply to the Medically Necessary treatment of pervasive developmental disorder or autism, to the extent stated in this *Policy*.

NONSTANDARD THERAPIES: Services that do not meet national standards for professional medical or mental health practice, including, but not limited to, Erhard/The Forum, primal therapy, bioenergetic therapy, sleep therapy, biofeedback (except for certain physical disorders, such as incontinence and chronic pain or when Medically Necessary for the treatment of a behavioral health condition), hypnotherapy, crystal healing therapy, yoga, hiking, rock climbing, and any other type of sports activity are not covered.

PSYCHOLOGICAL TESTING: Psychological testing is only covered, when ordered by a licensed mental health professional and is Medically Necessary to diagnose a Mental Disorder for purposes of developing a mental health treatment plan or when Medically Necessary to treat a Mental Disorder or condition of Chemical Dependency.

RESIDENTIAL TREATMENT CENTER: Admissions that are not medically appropriate and are not covered include admissions for wilderness center training; for Custodial Care, for a situational or environmental change; or as an alternative to placement in a foster home or halfway house.

PEDIATRIC VISION SERVICES: The following items are excluded when obtained while receiving Pediatric Vision Services:

- Orthoptic or vision training;
- Medical and/or surgical treatment of the eye, eyes or supporting structures; however, this is covered under the medical benefit;
- Plano (non-prescription) lenses and/or contact lenses;
- Non-prescription sunglasses;
- Two pair of glasses in lieu of bifocals;
- Services rendered after the date an Insured Person ceases to be covered under the *Policy*, except when Vision Materials ordered before coverage ended are delivered,
- Lost or broken lenses, frames, glasses, or contact lenses will not be replaced except in the next Benefit Frequency when Vision Materials would next become available.

PEDIATRIC DENTAL SERVICES: Refer to the "Child Needs Dental or Eye Care" portion of the "Medical Benefits" section of this *Policy* for the dental exclusions and limitations.

SOBER LIVING: Expenses related to a stay at a sober living facility. This exclusion does not apply to licensed Residential Treatment Centers.

OUTPATIENT PRESCRIPTION DRUG BENEFITS

The preceding sections of this *Policy* provide for coverage for Prescription Drugs obtained while an Inpatient in a Hospital or when administered by a Physician in the Physician's office or on an outpatient basis. The provisions which follow are in addition to, and do not replace, any other provision under this *Policy* which may apply to Prescription Drugs. In addition, coverage is subject to exclusions and limitations as shown in the "General Exclusions and Limitations" section. **Subject to the following provisions, all Medically Necessary Prescription Drugs are covered.**

HNL covers disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug, such as spacers and inhalers for the administration of aerosol outpatient Prescription Drugs, and syringes for self-injectable outpatient Prescription Drugs that are not dispensed in pre-filled syringes. We provide coverage for the medically necessary dosage and quantity of a drug prescribed for the treatment of a medical condition consistent with professionally recognized standards of practice.

A. DEFINITIONS

The following definitions apply to the coverage provided under this "Outpatient Prescription Drug Benefits" section. Other "Definitions" appearing within this *Policy* also apply to the coverage provided under this "Outpatient Prescription Drug Benefits" section.

1. **AVERAGE WHOLESALE PRICE** for any Prescription Drug is the amount listed in a national pharmaceutical pricing publication, and accepted as the standard price for that drug by HNL.
2. **BLOOD PRODUCTS** are biopharmaceutical products derived from human blood, including but not limited to, blood clotting factors, blood plasma, immunoglobulins, granulocytes, platelets and red blood cells.
3. **BRAND NAME DRUG** is a Prescription Drug or medicine that has been registered under a brand or trade name by its manufacturer and is advertised and sold under that name, and indicated as a brand in the Medi-Span or similar national Database.
4. **COMPOUNDED DRUGS** are prescription orders that have at least one ingredient that is Federal Legend in a therapeutic amount as Medically Necessary and are combined or manufactured by the pharmacist and placed in an ointment, capsule, tablet, solution, suppository, cream or other form and require a prescription order for dispensing.
5. **DRUGS** are: (1) medications that require a prescription either by California or Federal law; (2) insulin, and disposable hypodermic insulin needles and syringes; (3) pen delivery systems for the administration of insulin, as Medically Necessary; (4) diabetic testing supplies (including lancets, lancet puncture devices, blood and urine testing strips, and test tablets); (5) over-the-counter (OTC) Drugs with a United States Preventive Services Task Force (USPSTF) rating of A or B; (6) contraceptive Drugs and devices, including oral contraceptives, contraceptive rings, patches, diaphragms, sponges, cervical caps, spermicides, female condoms, female OTC contraceptive products when ordered by a Physician or Health Care Provider, and emergency contraceptives; or (7) inhalers and inhaler spacers for the management and treatment of asthma.
6. **DRUG DISCOUNT, COUPON, OR COPAY CARD** means cards or coupons typically provided by a drug manufacturer to discount the copay or Your other out-of-pocket costs.

7. **GENERIC DRUG** is the pharmaceutical equivalent of a Brand Name Drug whose patent has expired and is available from multiple manufacturers as set out in the Medi-Span database or similar third party database used by HNL. The Food and Drug Administration must approve the Generic drug as meeting the same standards of safety, purity, strength and effectiveness as the Brand Name Drug.
8. **HEALTH NET ESSENTIAL RX DRUG LIST (also known as Essential Rx Drug List)** is list of the Prescription Drugs that are covered under this *Policy*. Drugs not on the Essential Rx Drug List that are Medically Necessary are also covered. The Covered Person may call the Customer Contact Center at the telephone number on his or her Health Net PPO ID card to find out if a particular drug is listed in the Essential Rx Drug List. The Covered Person may also request a copy of the current Essential Rx Drug List, and it will be mailed by HNL. The current Essential Rx Drug List is also available on the internet at www.myhealthnetca.com. It is prepared by HNL and given to all Preferred Providers and Participating Pharmacies. It may be revised periodically. Some Drugs in the Essential Rx Drug List may require Prior Authorization in order to be covered. Refer to "Prior Authorization and Exception Request Process" later in this section on how to request a coverage exception for a drug that is not on the Essential Rx Drug List.
9. **MAINTENANCE DRUGS** are Prescription Drugs (excluding Specialty Drugs) taken continuously to manage chronic or long term conditions where Covered Persons respond positively to a drug treatment plan with a specific medication at a constant dosage requirement.
10. **MAXIMUM ALLOWABLE COST** for any Prescription Drug is the maximum charge HNL will allow for Generic Drugs, or Brand Name Drugs that have a generic equivalent. A list of Maximum Allowable Cost is maintained on our pharmacy claims processor's website. The Maximum Allowable Cost refers to the upper limit or maximum amount that HNL will pay the pharmacy for Generic Drugs and Brand Name Drugs that have generic versions available ("multi-source brands").
11. **NONPARTICIPATING PHARMACY** is a pharmacy not authorized by HNL to be a Participating Pharmacy.
12. **PARTICIPATING PHARMACY** is a facility authorized by HNL to dispense Prescription Drugs to persons eligible for benefits under the terms of this *Policy*. A list of Participating Pharmacies and a detailed explanation of how the program operates has been provided or will be provided by HNL.
13. **PRESCRIPTION DRUG(S)** is a drug or medicine which, according to federal law, can be obtained only by a Prescription Drug Order and is required to bear a label which says, "Caution, Federal Law Prohibits Dispensing Without a Prescription," or is restricted to prescription dispensing by state law. Insulin is also included.
14. **PRESCRIPTION DRUG ALLOWABLE CHARGE** is the charge that Participating Pharmacies and the mail service program have agreed to charge Covered Persons, based on a contract between HNL and such provider.

15. **PRESCRIPTION DRUG COVERED EXPENSES** are the maximum charges HNL will allow for each Prescription Drug Order. The amount of Prescription Drug Covered Expenses varies by whether a Nonparticipating Pharmacy dispenses the order. It is not necessarily the amount the pharmacy will bill. Any expense incurred which exceeds the following amounts is not a Prescription Drug Covered Expense: (a) for Prescription Drug Orders dispensed from a Participating Pharmacy, or through the mail service program, the Prescription Drug Allowable Charge; or (b) for Prescription Drug Orders dispensed by a Nonparticipating Pharmacy, the lesser of the Maximum Allowable Cost or the Average Wholesale Price.
16. **PRESCRIPTION DRUG ORDER** is a written or oral order or refill notice for a specific drug, strength and dosage form (such as a tablet, liquid, syrup or capsule) directly related to the treatment of an illness or injury and which is issued by the attending Physician within the scope of his or her professional license.
17. **PRIOR AUTHORIZATION** is HNL's approval process for certain Prescription Drugs that require pre-approval. Physicians must obtain HNL's Prior Authorization before certain Drugs will be covered.
18. **SPECIALTY DRUGS** are specific Prescription Drugs used to treat complex or chronic conditions and usually require close monitoring. These Drugs may require special handling, special manufacturing processes, and may have limited pharmacy availability or distribution. Specialty Drugs include Drugs that have a significantly higher cost than traditional pharmacy benefit Drugs and may be self-administered orally, topically, by inhalation, or by injection (either subcutaneously, intramuscularly or intravenously). Specialty Drugs can be found in the Health Net Essential Rx Drug List. Tier 4 (Specialty Drugs) not listed on the Essential Rx Drug List that are covered as an exception would be subject to the Copayment or Coinsurance shown in the "Schedule of Benefits." Some Specialty Drugs require Prior Authorization from HNL and may need to be dispensed through the Specialty Pharmacy Vendor to be covered. The Essential Rx Drug List indicates when a Specialty Drug is subject to Prior Authorization and distribution by the Specialty Pharmacy Vendor.
19. **SPECIALTY PHARMACY VENDOR** is a pharmacy contracted with HNL specifically to provide injectable medications.
20. **TIER 1 DRUGS** are most Generic Drugs and low-cost preferred Brand Name Drugs
21. **TIER 2 DRUGS** are higher cost Generic Drugs and preferred Brand Name Drugs.
22. **TIER 3 DRUGS** are non-preferred Brand Name Drugs, Brand Name Drugs with a generic equivalent on a lower tier, or Drugs that have a preferred alternative on a lower tier.
23. **TIER 4 or SPECIALTY TIER** include Drugs made using biotechnology, Drugs that must be distributed through a specialty pharmacy, Drugs that require special training for self-administration, Drugs that require regular monitoring of care by a pharmacy, and Drugs that cost more than six hundred dollars for a one-month supply.

B. BENEFITS

Outpatient Prescription Drug Benefits shall be provided if a Covered Person, while covered under this *Policy*, incurs an expense for Prescription Drugs which were prescribed by any Physician who is either a Preferred Provider or Out-of-Network Provider. HNL will pay the Prescription Drug Covered Expense (less any applicable Deductible, Copayment or Coinsurance) up to the benefit

maximums as stated in the "Schedule of Benefits" section. If the applicable Copayment is more than the pharmacy's retail charge, the retail charge will apply.

When the Covered Person meets the Out-of-Pocket Maximum in a Calendar Year, no further Prescription Drug Copayment or Coinsurance will be required from that Covered Person for the remainder of the year. Refer to the "Schedule of Benefits" section under "Outpatient Prescription Drug Benefits," for more details.

Coverage includes disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug.

Health Net Essential Rx Drug List (also known as Essential Rx Drug List)

HNL developed the Essential Rx Drug List to identify the safest and most effective medications for HNL Covered Persons while attempting to maintain affordable pharmacy benefits. We specifically suggest to all Preferred Providers that they refer to this Essential Rx Drug List when choosing Drugs for patients who are HNL Covered Persons. When Your Physician prescribes medications listed in the Essential Rx Drug List, it is ensured that You are receiving a high quality and high value prescription medication. In addition, the Essential Rx Drug List identifies whether a Generic version of a Brand Name Drug exists, and whether the drug requires Prior Authorization.

HNL may cover Drugs that are not on the Essential Rx Drug List. If a drug is not on the Essential Rx Drug List, Prior Authorization is required as shown in "Prior Authorization and Exception Request Process" below.

Diabetic Drugs and Supplies on the Essential Rx Drug List

Prescription Drugs for the treatment of diabetes (including insulin) are covered as stated in the Essential Rx Drug List. Diabetic supplies are also covered, including, but not limited to, specific brands of pen delivery systems, specific brands of disposable insulin needles and syringes, disposable insulin pen needles, specific brands of blood glucose monitors and test strips (specific brand only), Ketone test strips, lancet puncture devices and lancets used in monitoring blood glucose levels. Refer to the "Schedule of Benefits" section for details about the supply amounts that are covered at the applicable Copayment.

Preventive Drugs and Women's Contraceptives

Preventive Drugs, including smoking cessation Drugs, and women's contraceptives are covered as shown in the "Schedule of Benefits" section of this *Policy*. Covered preventive Drugs are over-the-counter Drugs or Prescription Drugs that are used for preventive health purposes per the U.S. Preventive Services Task Force A and B recommendations.

Covered contraceptives through this Pharmacy benefit are all FDA-approved contraceptives for women that are either available over-the-counter or are only available with a Prescription Drug Order, including, but not limited to, contraceptive rings diaphragms, sponges, female condoms, cervical caps and spermicides. Women's contraceptives that are covered under this Prescription Drug benefit include vaginal, oral, transdermal and emergency contraceptives. For a complete list of contraceptive products covered under the Prescription Drug benefit, please refer to the Essential Rx Drug List.

Over-the-counter preventive Drugs and women's contraceptives that are covered under this Plan require a Prescription Drug Order. You must present the Prescription Drug Order at a Health Net Participating Pharmacy to obtain such Drugs or contraceptives.

Intrauterine devices (IUDs), injectable and implantable contraceptives are covered as a medical benefit when administered by a Physician. Please refer to the "Medical Benefits" section, under the headings "Preventive Care Services" and "Family Planning" and the "Preventive Care List of Services" section for information regarding contraceptives covered under the medical benefit.

You may use the Prior Authorization and Exception Request Process to obtain coverage at no cost for a therapeutic equivalent of a contraceptive that is not on the Essential Rx Drug List, such as the brand name equivalent of a covered generic contraceptive. If Your Physician submits a Prior Authorization request, Your contraceptive will be covered at no cost to You. This request is not subject to denial by HNL.

HNL covers up to a 12-consecutive-calendar-month supply of covered FDA-approved, self-administered hormonal contraceptives when dispensed or furnished at one time by a contracted health care provider or pharmacist.

Smoking Cessation Coverage

Over-the-counter Drugs and Drugs that require a prescription in order to be dispensed for the relief of nicotine withdrawal symptoms are covered. Over-the-counter smoking cessation Drugs that are covered under this Plan require a Prescription Drug Order. You must present the Prescription Drug Order at a Health Net Participating Pharmacy to obtain such Drugs. For all FDA-approved tobacco cessation medications, no limits will be imposed on the number of days that are covered, regardless of whether the medications are taken alone or in combination.

Smoking cessation programs are covered by HNL. For information regarding smoking cessation behavioral modification support programs available through HNL, contact the Customer Contact Center at the telephone number on the HNL ID card or visit Our website at www.myhealthnetca.com.

Tier 1, Tier 2, and Tier 3 Drugs

Prescription Drugs listed in the Health Net Essential Rx Drug List are covered, when dispensed by Participating Pharmacies and prescribed by a Physician, an authorized referral Specialist or an emergent or Urgent Care Physician. Some Prescription Drugs require Prior Authorization from HNL to be covered.

Generic or Brand Name Drugs not listed in the Essential Rx Drug List which are prescribed by Your Physician and not excluded or limited from coverage may be covered as an exception and are subject to the Tier 3 Drug Copayment or Coinsurance, as applicable. If a drug is not on the Essential Rx Drug List, Prior Authorization is required as shown in "Prior Authorization and Exception Request Process" below. Refer to "Prior Authorization and Exception Request Process" under the "Outpatient Prescription Drug Benefits" portion of the *Policy* for more information on the exception request process.

In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or HNL's usage recommendation. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply.

Tier 4 Drugs (Specialty Drugs)

Specialty Drugs may require Prior Authorization and may need to be dispensed through HNL's Specialty Pharmacy Vendor. These Drugs may have significantly higher cost than traditional pharmacy benefit Drugs.

Note: Needles and syringes required to administer the self-injected medications are covered only when obtained through the Specialty Pharmacy Vendor.

Certain Specialty Drugs, as specified on the Essential Rx Drug List, must be obtained through a Specialty Pharmacy Vendor and are limited up to a 30-day supply. The Specialty Pharmacy Vendor will deliver Your medication to You by mail or common carrier. These Drugs are subject to the applicable Copayments or Coinsurances listed under "Outpatient Prescription Drugs" in the "Schedule of Benefits."

If You are out of a Specialty Drug which must be obtained through the Specialty Pharmacy Vendor, HNL will authorize an override of the Specialty Pharmacy Vendor requirement for 72-hours, or until the next business day following a holiday or weekend, to allow You to get an emergency supply of medication if Your doctor decides that it is appropriate and Medically Necessary. You may have to pay the applicable Copayment.

Specialty Drugs not listed on the Essential Rx Drug List that are covered as an exception would be subject to the Tier 4 Copayment or Coinsurance shown in the "Schedule of Benefits".

Off-Label Drugs

A Prescription Drug prescribed for a use that is not stated in the indications and usage information published by the manufacturer is covered only if the drug meets all of the following coverage criteria:

1. The drug is approved by the Food and Drug Administration; AND
2. The drug meets one of the following conditions:
 - A. The drug is prescribed by a participating licensed health care professional for the treatment of a life-threatening condition; OR
 - B. The drug is prescribed by a participating licensed health care professional for the treatment of a chronic and seriously debilitating condition, the drug is Medically Necessary to treat such condition and the drug is either on the Essential Rx Drug List or Prior Authorization by HNL has been obtained; AND
3. The drug is recognized for treatment of the life-threatening or chronic and seriously debilitating condition by one of the following:
 - A. The American Hospital Formulary Service Drug Information; OR
 - B. One of the following compendia, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer therapeutic regimen:
 - i. The Elsevier Gold Standard's Clinical Pharmacology.
 - ii. The National Comprehensive Cancer Network Drug and Biologics Compendium.
 - iii. The Thomson Micromedex DrugDex; OR
 - C. Two articles from major peer reviewed medical journals that present data supporting the proposed off-label use or uses as generally safe and effective unless there is clear and convincing contradictory evidence presented in a major peer reviewed medical journal.

The following definitions apply to the terms mentioned in this provision only.

"Life-threatening" means either or both of the following:

1. Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted;
2. Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

"Chronic and seriously debilitating" refers to diseases or conditions that require ongoing treatment to maintain remission or prevent deterioration and cause significant long-term morbidity.

Any coverage required for Off-Label Drugs shall also include Medically Necessary services associated with the administration of a drug, subject to the conditions of the *Policy*.

C. PRIOR AUTHORIZATION AND EXCEPTION REQUEST PROCESS:

Prior Authorization status is included in the Essential Rx Drug List. The Essential Rx Drug List identifies which Drugs require Prior Authorization. A Physician must get approval from HNL before writing a Prescription Drug Order for a drug that is listed as requiring Prior Authorization, in order for the drug to be covered by HNL. Step therapy exceptions are also subject to the Prior Authorization process. You may refer to our website at www.myhealthnetca.com to review the Drugs that require a Prior Authorization as noted in the Essential Rx Drug List.

Requests for Prior Authorization, including step therapy exceptions, may be submitted electronically or by telephone (at the phone number shown on Your HNL ID card) or facsimile (1-800-314-6623). Urgent requests from Physicians (including pain medications for terminally ill Covered Persons) for authorization are processed, and prescribing providers notified of HNL's determination as soon as possible, not to exceed 24 hours, after HNL's receipt of the request. A Prior Authorization request is urgent when an insured is suffering from a health condition that may seriously jeopardize the insured's life, health, or ability to regain maximum function. Routine requests from Physicians are processed, and prescribing providers notified of HNL's determination in a timely fashion, not to exceed 72 hours following receipt of the request. If HNL fails to respond within the required time limit, the Prior Authorization request is deemed granted.

If a drug is not on the Essential Rx Drug List, Your Physician can ask for an exception. To request an exception, Your Physician can submit a Prior Authorization request along with a statement supporting the request. Requests for Prior Authorization may be submitted electronically or by telephone or facsimile. If We approve an exception for a drug that is not on the Essential Rx Drug List, the non-preferred Brand Name Drug tier (Tier 3) or Specialty Copayment (Tier 4) applies. If You are suffering from a condition that may seriously jeopardize Your life, health, or ability to regain maximum function, or if You are undergoing a current course of treatment using a drug that is not on the Essential Rx Drug List, then You, Your designee or Your Physician can request an expedited review. Expedited requests for an exception will be processed, and You, Your designee and the prescribing providers will be notified, within 24 hours after HNL's receipt of the request. Standard requests for an exception will be processed, and You, Your designee and the prescribing provider will be notified within 72 hours after HNL's receipt of the request. Exceptions based on Your medical condition will be for the duration of Your medical condition.

If You are denied a request for a drug not on the Essential Rx Drug List, You, Your designee or Your prescribing Physician may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. HNL will make its determination on the external exception request and notify You, Your designee or Your prescribing Physician of its

coverage determination no later than 72 hours following receipt of a standard request and no later than 24 hours following receipt of an expedited exception request.

If a drug is eliminated from the Essential Rx Drug List, HNL will continue to cover the drug for Covered Persons who were taking the drug when it was eliminated, provided that the drug is appropriately prescribed and is safe and effective for treating the Covered Person's medical condition.

You may use the Prior Authorization and Exception Request Process to obtain coverage at no cost for a prescription contraceptive that is not on the Essential Rx Drug List or the brand name equivalent of a covered generic contraceptive that is unavailable. HNL will cover the contraceptive if Your Physician submits a Prior Authorization request. This request is not subject to denial by HNL.

HNL will evaluate the submitted information upon receiving Your Physician's request for Prior Authorization and make a determination based on established clinical criteria for the particular medication. The criteria used for Prior Authorization are developed and based on input from the Health Net Pharmacy and Therapeutics Committee as well as Physician experts. Your Physician may contact HNL to obtain the usage guidelines for specific medications.

Once a medication is approved, its authorization becomes effective immediately. The approval will be for the duration of the prescription for maintenance medications or a specified time frame for other medications. HNL will cover Drugs not on the Essential Rx Drug List for the duration of the prescription, including refills, when a Covered Person receives such coverage through a standard exception request. When a Covered Person obtains coverage for Drugs not on the Essential Rx Drug List through an expedited exception request, HNL will cover such Drugs for the duration of the exigency.

If You do not receive Prior Authorization for a medication, You will need to pay the full cost of the Prescription Drug dispensed and submit a claim to HNL for reimbursement. You will be reimbursed at HNL's contracted rate less the Copayment or Coinsurance shown in the "Schedule of Benefits" section. You will be subject to a penalty of 50% of the Average Wholesale Price if Prior Authorization was not obtained, except for Emergency or Urgently Needed care.

Some Drugs require Prior Authorization from HNL to be covered. If You are denied Prior Authorization, You may request an independent review or go through the binding arbitration remedy shown in the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" and "Arbitration" provisions of the "Coverage Decisions and Disputes Resolution" section of this *Policy*.

D. STEP THERAPY

Step therapy is a process in which You may need to use one type of Prescription Drug before HNL will cover another one. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help You get high quality and cost effective Prescription Drugs. Exceptions to the step therapy process are subject to Prior Authorization. However, if You were taking a Prescription Drug for a medical condition under a previous plan before enrolling in this EnhancedCare PPO plan, You will not be required to use the step therapy process to continue using the Prescription Drug.

E. WHO IS ON THE HEALTH NET PHARMACY AND THERAPEUTICS COMMITTEE AND HOW ARE DECISIONS MADE?

The Pharmacy and Therapeutics Committee ("Committee") develops, maintains, and oversees the Essential Rx Drug List. The Committee meets each quarter, and maintains written documentation of its decisions and the rationale informing its decisions.

Committee membership includes actively practicing Physicians of various medical specialties from HNL contracting Physician groups and clinical pharmacists. HNL recruits voting members from contracting Physician groups throughout California based on their experience, knowledge, and expertise. Frequently, the Committee consults external Physician experts for additional medical input. Neither voting members of the Committee nor the external medical professionals with whom the Committee consults are HNL employees, and this ensures decisions are unbiased and without conflicts of interest.

Additions to the Essential Rx Drug List are subject to a vote by the Committee, which may be based on the medical input from external Physician experts. Moreover, in developing or modifying the Essential Rx Drug List, the Committee's responsibilities include the following:

1. Developing and documenting procedures to ensure appropriate drug review and inclusion;
2. Basing clinical decisions on the strength of the scientific evidence and standards of practice, including assessing peer-reviewed medical literature, pharmacoeconomic studies, outcomes research data, and other related information;
3. Considering the therapeutic advantages of Drugs in terms of safety and efficacy when selecting formulary Drugs;
4. Reviewing policies that guide exceptions and other utilization management processes, including drug utilization review, quantity limits, and therapeutic interchange;
5. Evaluating and analyzing treatment protocols and procedures related to the insurer's formulary at least annually;
6. Reviewing and approving all clinical prior authorization criteria, step therapy protocols, and quantity limit restrictions applied to each covered drug;
7. Reviewing new United States Food and Drug Administration-approved Drugs and new uses for existing Drugs;
8. Ensuring HNL's Essential Rx Drug List cover a range of Drugs across a broad distribution of therapeutic categories and classes and recommended drug treatment regimens that treat all disease states, and do not discourage enrollment by any group of insureds; and
9. Ensuring HNL's Essential Rx Drug List provides appropriate access to Drugs that are included in broadly accepted treatment guidelines and that are indicative of general best practices at the time.

F. PRESCRIPTION DRUGS DISPENSED BY A PARTICIPATING PHARMACY

You must purchase covered Drugs at a Participating Pharmacy under this Plan.

HNL is contracted with many major pharmacy chains, supermarket based pharmacies and privately owned neighborhood pharmacies in California.

To find a conveniently located Participating Pharmacy, please visit Our website at www.myhealthnetca.com or call the Customer Contact Center at the telephone number on the HNL ID Card. The Covered Person, upon presentation of a valid Health Net PPO Identification Card

which indicates coverage for Prescription Drugs, shall be entitled to have a Prescription Drug Order filled by a Participating Pharmacy for up to a 30 consecutive calendar day supply per prescription, subject to the following:

(If the Health Net PPO Identification Card has not been received or if it has been lost, refer to the subsection titled "When the Health Net PPO Identification Card is Not in the Covered Person's Possession" below.)

- a. **IF A GENERIC DRUG IS DISPENSED** by a Participating Pharmacy, the Covered Person must pay the Participating Pharmacy the Tier 1 or Tier 2 Drug Copayment specified in the "Schedule of Benefits" for each Generic Drug dispensed.
- b. **IF A BRAND NAME DRUG IS DISPENSED** by a Participating Pharmacy and there is an equivalent Generic Drug available, the Covered Person must obtain Prior Authorization and pay the pharmacy the Tier 2, Tier 3 Drug or Tier 4 Drug (Specialty Drug) Copayment or Coinsurance, as applicable.

G. Specialty Drugs Dispensed by the Specialty Pharmacy Vendor

Specialty Drugs may need to be obtained through the Specialty Pharmacy Vendor when indicated in the Essential Rx Drug List and may require Prior Authorization. Once the Prior Authorization request has been approved by HNL, HNL will forward the prescription order to the Specialty Pharmacy Vendor. The Specialty Pharmacy Vendor may contact You directly to coordinate the delivery of Your medications.

The Specialty Pharmacy Vendor may dispense up to a 30-consecutive-calendar-day supply for each Prescription Drug Order or for each refill at the appropriate time interval. In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or HNL's usage recommendation. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply.

H. PRESCRIPTION DRUGS DISPENSED BY A NONPARTICIPATING PHARMACY

There are **no benefits** for Prescription Drugs which are dispensed by Nonparticipating Pharmacies. The only exceptions are those Prescription Drugs used in conjunction with Emergency Care and Urgent Care.

I. PRESCRIPTION DRUGS DISPENSED THROUGH THE MAIL SERVICE PRESCRIPTION DRUG PROGRAM

If the Covered Person's prescription is for a Maintenance Drug, the Covered Person shall be entitled to have a Prescription Drug Order filled through a mail delivery program selected by HNL. Through this program a Covered Person can receive, through the mail, up to a 90-day supply of a Maintenance Drug when so prescribed. In some cases a 90-consecutive calendar day supply of medication may not be an appropriate drug treatment plan, according to FDA or HNL usage guidelines. The applicable mail order Copayments or the mail order pharmacy's retail charge, whichever is less, will be required.

To use this program, the Covered Person must place an order through the mail by completing a Prescription Mail Order Form. It must be accompanied by the original Prescription Drug Order, not a copy. The Prescription Mail Order Form and an explanation of how to use the program will be provided by HNL upon request. Please call The Customer Contact Center at the telephone number shown on Your HNL ID Card.

When a Brand Name Drug is dispensed, but there is an equivalent Generic Drug available, the Covered Person will need Prior Authorization and will be billed the Tier 2, Tier 3 Drug or Tier 4 Drug (Specialty Drug) Copayment or Coinsurance, as applicable.

A Covered Person may avoid paying this additional amount by requesting that the Generic Drug be substituted.

Note:

Schedule II narcotic, analgesics, sexual dysfunction, smoking cessation Drugs and Specialty Drugs are not covered through the mail order program. Refer to the "Exclusions" section below for more information.

Specialty Drugs are not covered through any other mail-order Prescription Drug program.

J. WHEN THE HEALTH NET PPO IDENTIFICATION CARD IS NOT IN THE COVERED PERSON'S POSSESSION

If the Covered Person needs to have a Prescription Drug Order filled by a Participating Pharmacy and has not received a Health Net PPO Identification Card, or it has been lost, the Covered Person must pay the cost of the drug(s). The Covered Person may then be entitled to reimbursement minus the applicable Copayment. After the Health Net PPO Identification Card has been received, the Covered Person must file a claim. Claim forms will be provided by HNL upon request.

K. GENERAL PROVISIONS

The following "General Provisions" apply to the coverage provided under this section. Other General Provisions appearing within this *Policy* also apply.

- Expense must be incurred on or after the Covered Person's Effective Date of coverage under this *Policy* and prior to termination of such coverage. An expense will be considered to have been incurred on the date that the Prescription Drug is dispensed.
- The amount of Prescription Drugs (including insulin) which may be dispensed per Prescription Drug Order or refill at a pharmacy will be in quantities normally prescribed by a Physician up to and including a thirty (30) consecutive calendar day supply, provided that a 30-consecutive calendar day supply is within the FDA's guidelines for indicated usage. This 30-consecutive calendar day maximum is applicable to all forms of the Prescription Drug, including pills, vials, ampoules, tubes, manufacturer's packages or inhalers.
- Up to a 90 consecutive calendar day supply of Maintenance Drugs (see the "Definitions" subsection above) may be dispensed through the Mail Service Prescription Drug Program. For information, the Covered Person should call the mail order program at **1-888-624-1139**.
- Compounded Drugs are prescription orders that have at least one ingredient that is Federal Legend or state restricted in a therapeutic amount as Medically Necessary and are combined or manufactured by the pharmacist and placed in an ointment, capsule, tablet, solution, suppository, cream or other form and require a prescription order for dispensing. Refer to the "Off-Label Drugs" provision in this section for information about FDA approved Drugs for off-label use. Coverage for Compounded Drugs requires the Tier 3 Drug Copayment and is subject to Prior Authorization by HNL and Medical Necessity. HNL covers compounded medication(s) when:
 - o The compounded medication(s) include at least one Drug, as defined;
 - o There are no FDA-approved, commercially available, medically appropriate alternative(s);
 - o The drug is not on the FDA's "Do Not Compound" list;

- o The compounded medication is self-administered; and
- o Medical literature supports its use for the requested diagnosis.
- Schedule II narcotic Drugs are not covered through mail order. Schedule II Drugs are Drugs classified by the Federal Drug Enforcement Administration as having a high abuse risk but also safe and accepted medical uses in the United States. A partial prescription fill, which is of a quantity less than the entire prescription, can be requested by You or Your Member Physician. Partial prescription fills are subject to a prorated Copayment based on the amount of the prescription that is filled by the pharmacy.
- Any Participating Pharmacy furnishing benefits to the Covered Person does so as an independent contractor and HNL shall not be liable for any claim or demand on account of damages arising out of or in any manner connected with any injuries suffered by the Covered Person.
- HNL shall not be liable for any claim or demand on account of damages arising out of or in any manner connected with the manufacturing, compounding, dispensing or use of any Prescription Drug covered under this *Policy*.
- HNL retains the right to replace any third-party contracting agency through which Covered Persons may be required to obtain Prescription Drugs. If HNL should replace any such third-party contracting agency, the Policyholder would be notified of all new procedures. HNL also retains the right to modify the program with due notice to Covered Persons.

L. EXCLUSIONS:

In addition to any applicable "General Exclusions and Limitations" contained elsewhere in this *Policy*, the following "Exclusions" shall apply to the coverage described under this "Outpatient Prescription Drugs" section.

Note: Services or supplies excluded under the Outpatient Prescription Drug Benefit may be covered under Your medical benefits portion of this *Policy*. Please refer to the "Medical Benefits" section for more information.

- Prescription Drugs which are covered by any other benefits provided by this *Policy*, including any Drugs provided for outpatient infusion therapy, delivered or administered to the patient by the attending Physician, or billed by a Hospital or Skilled Nursing Facility, are not covered.
- Drugs prescribed for a condition or treatment that is not covered by this *Policy*. However, the *Policy* does cover Medically Necessary Drugs for a medical condition directly related to non-Covered Services when complications exceed routine follow-up care (such as life-threatening complications of cosmetic surgery).
- Drugs that by law require federal Food and Drug Administration (FDA) approval in order to be sold in the U.S., but are not approved by the FDA, may be covered when Medically Necessary. If a Covered Person has a life threatening or seriously debilitating condition and requests coverage of a non-FDA approved drug for an Experimental or Investigational purpose, he or she is entitled to IMR if Health Net delays, denies, or modifies the coverage. For more information, please refer to the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" section in this *Policy*.
- Services or supplies for which the Covered Person is not legally required to pay.
- Services or supplies for which no charge is made.

- Medical equipment and supplies (including insulin), that are available without a prescription, are covered only when prescribed by a Physician for the management and treatment of diabetes, for preventive purposes in accordance with the U.S. Preventive Services Task Force A and B recommendations, or for female contraception. In addition, disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug are covered. No other devices are covered, even if prescribed by a Physician.

Any other non-Prescription Drugs, equipment or supplies which can be purchased without a Prescription Drug Order, even if a Physician writes a Prescription for such drug, equipment or supply unless specifically listed on the Essential Rx Drug List. These are commonly called over-the-counter Drugs. Insulin is an exception to this rule. However, if a higher dosage form of a non-Prescription Drug or over-the-counter drug is only available by prescription, that higher dosage drug will be covered.

- Cost sharing paid on Your behalf for any Prescription Drugs obtained by You through the use of a Drug Discount, Coupon, or Copay Card provided by a Prescription Drug manufacturer will not apply toward Your plan Deductible or Your Out-of-Pocket Maximum.

Exceptions include:

- a. A Prescription Drug required under a United States Food and Drug Administration Risk Evaluation and Mitigation Strategy for the purpose of monitoring or facilitating the use of that Prescription Drug in a manner consistent with the approved labeling of the Prescription Drug.
 - b. A single-tablet drug regimen for treatment or prevention of human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) that is as effective as a multitablet regimen, unless, consistent with clinical guidelines and peer-reviewed scientific and medical literature, the multitablet regimen is clinically equally effective or more effective and is more likely to result in adherence to the drug regimen.
 - c. Covered Persons that have completed any applicable step therapy or prior authorization requirements for the branded Prescription Drug as mandated by HNL. Covered persons who must take a Brand Name Drug rather than its generic equivalent due to Medical Necessity may request and obtain an exception to exclusion from the Deductible and Out-of-Pocket Maximum of cost sharing attributable to a drug manufacturer's coupon for the brand drug.
- Drugs prescribed for cosmetic or enhancement purposes, including and not limited to those intended to treat wrinkles, baldness or conditions of hair loss, athletic performance, anti-aging and mental performance are not covered. Examples of these Drugs that are excluded when prescribed for such conditions include, but are not limited to, Latisse, Renova, Vaniqua, Propecia or Lustra. This exclusion does not exclude coverage for Drugs when pre-authorized as Medically Necessary to treat a diagnosed medical condition affecting memory, including but not limited to, Alzheimer's dementia, Medically Necessary Drugs to treat sexual dysfunction and Medically Necessary Drugs to treat obesity.
 - Cosmetics and health or beauty aids.

- Drugs used as dietary or nutritional supplements (including vitamins and nutritional supplements, including when in combination with a Prescription Drug product), are limited to Drugs (such as folic acid used for preventive care) that are listed in the Essential Rx Drug List. Phenylketonuria (PKU) is covered under the medical benefit (see the "Phenylketonuria" provision of the "Medical Benefits" section).
- Allergy desensitization products are not covered as Prescription Drugs, whether administered by injection or drops placed in the nose or mouth (transmucosal absorption), for the purpose of treating allergies by desensitization (to lessen or end the person's allergic reactions). (These products are sometimes described as "allergy serum.") Allergy serum is covered as a medical benefit. See the "Visits to a Health Care Provider's Office or Clinic" portion of the "Schedule of Benefits" section and the "Allergy Testing and Treatment" provision in the "Medical Benefits" section.
- Prescription Drugs or medicines delivered or administered to the patient by the attending Physician, or which are billed by a Hospital or Skilled Nursing Facility, or are covered under another section of this *Policy*.
- Hypodermic syringes and needles are limited to specific brands of insulin needles, syringes and specific brands of pen devices. In addition, disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug are covered. Needles and syringes required to administer self-injected medications (other than insulin) will be provided through Our Specialty Pharmacy Vendor under the medical benefit. All other syringes and needles are not covered.
- Medications limited by law to Investigational use, prescribed for Experimental purposes or prescribed for indications not approved by the Food and Drug Administration (unless the drug is being prescribed or administered by a licensed health care professional for the treatment of a life-threatening or chronic and seriously debilitating condition) unless independent review deems them appropriate as described in the "Independent Medical Review of Investigational or Experimental Therapies" portion of the "Coverage Decisions and Disputes Resolution" section of this *Policy*.
- Self-administered injectable Drugs are covered under the Pharmacy benefit. Surgically implanted Drugs are covered under the medical benefit (see the "Surgically Implanted Drugs" provision in the "Medical Benefits" section). However, self-administered injectable Drugs, as described in the Essential Rx Drug List, are covered.
- Drugs on the Essential Rx Drug List when Medically Necessary for treating sexual dysfunction are limited to the quantity listed on the Drug List.
- Once the Covered Person has taken possession of Drugs, lost, stolen or damaged Drugs are not covered. The Covered Person will have to pay the retail price for replacing them. However, if a state of emergency is declared by the Governor and You are displaced by the disaster, this exclusion will not apply.
- Schedule II narcotic Drugs are not covered through mail order. Schedule II Drugs are Drugs classified by the Federal Drug Enforcement Administration as having a high abuse risk but also safe and accepted medical uses in the United States.

- Supply amounts for prescriptions that exceed the Food and Drug Administration's (FDA) or HNL's indicated usage recommendation unless Medically Necessary, and Prior Authorization are obtained from HNL.
- Some Drugs are subject to specific quantity limitations per Copayment or Coinsurance, whichever is applicable, based on recommendations for use by the FDA or HNL's usage guidelines. Medications taken on an "as-needed" basis may have a Copayment or Coinsurance based on a specific quantity, standard package, vial, ampoule, tube, or other standard unit. In such a case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply. If Medically Necessary, Your Physician may request a larger quantity from HNL.
- Individual doses of medication dispensed in plastic, unit doses, or foil packages (unit dose packaging) and dosage forms used for convenience, unless Medically Necessary or only available in that form.
- Drugs used for diagnostic purposes are not covered. Diagnostic Drugs are covered under the medical benefit when Medically Necessary.
- Irrigation solutions and saline solutions are not covered.

COVERAGE DECISIONS AND DISPUTES RESOLUTION

Notification of HNL's Initial Benefit Determination

Timing of notice:

HNL shall notify the Covered Person of the initial benefit determination within the timeframes described below.

For Urgent Care claim: HNL will notify the Covered Person of Our decision as soon as possible, taking into account the medical exigencies, but not later than 72 hours from the receipt of the request. If additional information is necessary to make Our determination, HNL will notify the Covered Person (within 24 hours of the receipt of the request) of the specific information necessary to make the determination and a reasonable time frame (that is not less than 48 hours) to provide the information to HNL. HNL will notify the Covered Person of Our decision no later than 48 hours after the earlier of the receipt of the requested information, or the end of the time period to provide the requested information.

For concurrent care decisions: If the treatment involves Urgent Care, the request by the Covered Person or the Covered Person's Physician to extend the course of treatment beyond the period of time or number of treatments shall be decided as soon as possible, taking in to account the medical exigencies. The Covered Person will be notified of Our decision within 24 hours of the receipt of the review request, provided that such a request is made to HNL at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

If concurrent review results in an Adverse Benefit Determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated.

For all other claims:

The time frames that are described under the "Certification Procedure" and "Retrospective Review" provisions in the "Certification Requirements" section apply to non-urgent pre-service and post-service claims in which the benefit determinations are based on Medical Necessity. Benefit determinations that are not based on Medical Necessity are subject to the time frames that are described herein.

In the case of a pre-service claim, HNL shall notify the Covered Person of Our decision within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after the receipt of the request. HNL may extend this time period for up to 15 additional days if an extension is necessary due to matters beyond HNL's control. HNL will notify the Covered Person, prior to the end of the initial 15-day period, of the circumstances requiring the extension of time and the date by which HNL expects to render a decision. In the case in which HNL requires additional information that is necessary to make Our determination, the notice of extension shall describe the required information and the time frame (that is at least 45 days from the Covered Person's receipt of the notice) to provide the specified information.

In the case of a post-service claim, the Covered Person shall be notified of relevant decisions within a reasonable period of time, but no later than 30 calendar days following the receipt of the claim by HNL. HNL may extend this time period for up to 15 additional days if an extension is necessary due to matters beyond HNL's control. HNL will notify the Covered Person, prior to the end of the initial 30-day period, of the circumstances requiring the extension of time and the date by which HNL expects to render a decision. In the case in which HNL requires additional information that is necessary to make Our

determination, the notice of extension shall describe the required information and the time frame (that is at least 45 days from the Covered Person's receipt of the notice) to provide the specified information.

Manner and content of notice of an Adverse Benefit Determination:

If Our determination results in an Adverse Benefit Determination, HNL shall send a written or electronic notice to the Covered Person and to the provider of the service that shall include a clear and concise explanation of the reasons for Our decision, a description of the criteria or guidelines used and the clinical reasons for the decisions regarding Medical Necessity, and a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary. The explanation will also include the specific plan provisions on which determination is based. The Medical Necessity decisions communicated to the medical providers will include the name and telephone number of the health care professional responsible for the denial, delay or modification.

In the case of an Adverse Benefit Determination involving Urgent Care, HNL may provide the decision verbally as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the request. The written or electronic notice shall be provided to the Covered Person not later than 3 days after the verbal notice. The notice of Our decision related to Urgent Care will also include a description of the expedited review process.

HNL will provide the following upon request:

- The criteria, guidelines, protocols, or other similar criterion used by HNL, or an entity with which HNL contracts for utilization review or utilization management functions, to determine whether to authorize, modify, delay, or deny health care services.
- If the adverse determination is based on Medical Necessity or Experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination.

Grievance and Appeals Process

Appeal, complaint or grievance means any dissatisfaction expressed by You or Your representative concerning a problem with HNL, a medical provider or Your coverage under this *Policy*, including an Adverse Benefit Determination as defined under the Affordable Care Act (ACA). An Adverse Benefit Determination means a decision by HNL to deny, reduce, terminate or fail to pay for all or part of a benefit including on the basis of:

- A denial, reduction or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review; or
- Any reduction or termination of an approved ongoing course of treatment to be provided over a period of time or number of treatments before the end of such period of time or number of treatments. If there is an Adverse Benefit Determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated.
- Rescission of coverage, even if it does not have an adverse effect on a particular benefit at that time; or
- Determination of an individual's eligibility to participate in this HNL plan; or

- Determination that a benefit is not covered; or
- An exclusion or limitation of an otherwise covered benefit based on a source-of-injury exclusion; or
- Determination that a benefit is Experimental, Investigational, or not Medically Necessary or appropriate
- Disputes involving Adverse Benefit Determinations are not subject to mandatory arbitration.

If You are not satisfied with efforts to solve a problem with HNL or a provider, before filing an arbitration proceeding, the Covered Person must file a grievance or appeal against HNL by calling the Customer Contact Center at the telephone number on Your HNL ID card or by submitting a Member Grievance Form through the HNL website at www.myhealthnetca.com. You must file Your grievance or appeal with HNL within 365 calendar days following the date of the incident or action that caused Your grievance. You may also file a complaint in writing by sending information to:

HNL Insurance Company
 Appeals and Grievance Department
 P.O. Box 10348
 Van Nuys, CA 91410-0348

If Your concern involves the pediatric vision or dental services, call **1-866-392-6058** or write to:

Health Net
 Attention: Customer Contact Center
 P.O. Box 8504
 Mason, OH 45040-7111

If Your concern involves the acupuncture program, call the Health Net Customer Contact Center at **1-888-926-4988** or write to:

Health Net
 Appeals and Grievance Department
 P.O. Box 10348
 Van Nuys, CA 91410-0348

You must participate in HNL's grievance or appeals process before requesting Independent Medical Review (IMR) for Medical Necessity denials unless there is an imminent and serious threat to Your health. However, You will not be required to participate in the HNL's grievance or appeals process for more than 30 days. In the case of a grievance that requires expedited review, You will not be required to participate in HNL's grievance process for more than three days. In such cases, You may contact the California Department of Insurance (CDI) to request an IMR of the denial.

Health Net will issue a final benefit determination upon receiving a single grievance, or internal appeal, request. HNL shall notify the Covered Person of Our decision in writing or electronically within the following time frames:

Urgent Care claims: As soon as possible, taking into account the medical exigencies, but not later than 72 hours from the time the initial request was received by HNL, until the close of the case with the Covered Person.

Non-Urgent Care services that have not been rendered (pre-service claims): Within a reasonable period of time appropriate to the medical circumstances, but not later than 30 days from the time the initial request was received by HNL, until the close of the case with the Covered Person.

Non-Urgent Care services that have already been rendered (post-service claims): Within a reasonable period of time, but not later than 60 days from the time the initial request was received by HNL, until the close of the case with the Covered Person.

If Our decision is to uphold the Adverse Benefit Determination, the notice of Our decision shall include the specific reason or reasons for the adverse determination and reference to the specific plan provisions on which the determination is based. HNL will provide the following upon request:

- Copies of, all documents, records, and other information relevant to the claim;
- An internal rule, guideline, protocol, or other similar criterion that was relied upon in making the adverse determination;
- If the Adverse Benefit Determination is based on a Medical Necessity or Experimental treatment or similar exclusion or limitation, an explanation of the scientific or clinical judgment used for the determination.

Independent Medical Review of Grievances Involving a Disputed Health Care Service

The Covered Person may request an independent medical review ("IMR") of disputed health care services from the California Department of Insurance (CDI) at 1-800-927-4357 or on their website at www.insurance.ca.gov, if he or she believes that health care services eligible for coverage and payment under his or her HNL plan have been improperly denied, modified, or delayed by HNL. A "Disputed Health Care Service" is any health care service eligible for coverage and payment under the Covered Person's HNL plan that has been denied, modified, or delayed by HNL, or one of its contracting providers, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available. The Covered Person pays no application or processing fees of any kind for IMR. The Covered Person has the right to provide information in support of the request for IMR. HNL will provide the Covered Person with an IMR application form and HNL's grievance response letter that states its position on the Disputed Health Care Service. A decision not to participate in the IMR process may cause the Covered Person to forfeit any statutory right to pursue legal action against HNL regarding the Disputed Health Care Service.

Eligibility

The Covered Person's application for IMR will be reviewed by the Department to confirm that it meets all the eligibility requirements of the law for IMR which are set out below:

1. (A) The Covered Person's provider has recommended a health care service as Medically Necessary, or
(B) The Covered Person has received urgent or Emergency Care that a provider determined to have been Medically Necessary.

(C) In the absence of the provider recommendation described in 1.(A) above, or the receipt of urgent or Emergency Care described in 1.(B) above, the Covered Person has been seen by a Physician for the diagnosis or treatment of the medical condition for which he or she seeks IMR;

2. The Disputed Health Care Service has been denied, modified, or delayed by HNL, based in whole or in part on a decision that the health care service is not Medically Necessary; and
3. The Covered Person has filed a grievance with HNL and the disputed decision is upheld by HNL or the grievance remains unresolved after 30 days. Within the next six months, the Covered Person may apply to the Department for IMR, or later, if the Department agrees to extend the application deadline. If the Covered Person's grievance requires expedited review he or she may bring it immediately to the Department's attention. The Department may waive the requirement that the Covered Person follow HNL's grievance process in extraordinary and compelling cases.

If the Covered Person's case is eligible for IMR, the dispute will be submitted to a medical Specialist who will make an independent determination of whether or not the care is Medically Necessary. The Covered Person will receive a copy of the assessment made in his or her case from the IMR. If the IMR determines the service is Medically Necessary, HNL will provide benefits for the Disputed Health Care Service in accordance with the terms and conditions of this *Policy*. If the case is not eligible for IMR, the Department will advise the Covered Person of his or her alternatives.

For non-urgent cases, the IMR organization designated by the Department must provide its determination within 30 days of receipt of the application for review and the supporting documents.

If there is an imminent and serious threat to the health of the Covered Person, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of the Covered Person's health, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the Department of Insurance may waive the requirement that the Covered Person follow the insurer's grievance process in extraordinary and compelling cases, where the commissioner finds that the Covered Person has acted reasonably.

For more information regarding the IMR process, or to request an application form, please call HNL's Customer Contact Center at the telephone number on Your HNL ID card.

Independent Medical Review of Investigational or Experimental Therapies

HNL does not cover Experimental or Investigational Drugs, devices, procedures or therapies. However, if HNL denies or delays coverage for requested treatment on the basis that it is Experimental or Investigational and the Covered Person meets the eligibility criteria set out below, the Covered Person may request an independent medical review ("IMR") of HNL's decision from the Department of Insurance.

Eligibility

- The Covered Person must have a life-threatening or seriously debilitating condition.

- The Covered Person's Physician must certify to HNL that he or she has a life-threatening or seriously debilitating condition for which standard therapies have not been effective in improving the Covered Person's condition or are otherwise medically inappropriate, and there is no more beneficial therapy covered by HNL.
- Either (a) the Covered Person's contracting Physician has recommended a drug, device, procedure, or other therapy that the Physician certifies in writing is likely to be more beneficial to the Covered Person than any available standard therapies, or (b) the Covered Person, or the Covered Person's Physician who is a licensed, board-certified or board-eligible Physician qualified to practice in the area of practice appropriate to treat the Covered Person's condition, has requested a therapy that, based on two documents from the medical and scientific evidence, as defined below, is likely to be more beneficial for the Covered Person than any available standard therapy. The Physician certification shall include a statement of the evidence relied upon by the Physician in certifying his or her recommendation. Nothing in this provision shall be construed to require HNL to pay for the services of a non-contracting Physician that are not otherwise covered pursuant to the contract.
- The Covered Person has been denied coverage by HNL for the recommended or requested therapy.
- If not for HNL's determination that the recommended or requested treatment is Experimental or Investigational, it would be covered.

For purposes of this provision, "life-threatening" means either or both of the following:

- Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted.
- Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

For purposes of this provision, "seriously debilitating" means diseases or conditions that cause major irreversible morbidity.

For purposes of this provision, "medical and scientific evidence" means the following sources:

1. Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.
2. Peer-reviewed literature, biomedical compendia and other medical literature that meet the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline and MEDLARS database of Health Services Technology Assessment Research (HSTAR).
3. Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act.
4. Either of the following reference compendia:
 - a. The American Hospital Formulary Service's Drug Information.
 - b. The American Dental Association Accepted Dental Therapeutics.
5. Any of the following reference compendia, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen:
 - a. The Elsevier Gold Standard's Clinical Pharmacology.

- b. The National Comprehensive Cancer Network Drug and Biologics Compendium.
 - c. The Thomson Micromedex DrugDex.
6. Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care *Policy* and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Health Care Financing Administration, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services.
7. Peer-reviewed abstracts accepted for presentation at major medical association meetings.

If there is an imminent and serious threat to the health of the Covered Person, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of the Covered Person's health, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the Department of Insurance may waive the requirement that the Covered Person follow the insurer's grievance process in extraordinary and compelling cases, where the commissioner finds that the Covered Person has acted reasonably.

If HNL denies coverage of the recommended or requested therapy and the Covered Person meets the eligibility requirements, HNL will notify the Covered Person within five business days of its decision and his or her opportunity to request an external review of HNL's decision through IMR. HNL will provide the Covered Person with an application form to request an IMR of HNL's decision. The IMR process is in addition to any other procedures or remedies that may be available. The Covered Person pays no application or processing fees of any kind for IMR. The Covered Person has the right to provide information in support of his or her request for IMR. If the Covered Person's Physician determines that the proposed therapy should begin promptly, he or she may request expedited review and the experts on the IMR panel will render a decision within seven days of the request. If the IMR panel recommends that HNL cover the recommended or requested therapy, coverage for the services will be subject to the terms and conditions generally applicable to other benefits to which You are entitled. A decision not to participate in the IMR process may cause the Covered Person to forfeit any statutory right to pursue legal action against HNL regarding the denial of the recommended or requested therapy. For more information, please call the Customer Contact Center at the telephone number on Your HNL ID Card.

Arbitration

As a condition to becoming a HNL Policyholder, **YOU AGREE TO SUBMIT ALL DISPUTES RELATING TO OR ARISING OUT OF YOUR HNL MEMBERSHIP, WITH THE SOLE EXCEPTION OF ADVERSE BENEFIT DETERMINATIONS AS DEFINED IN SECTION 147.136 OF TITLE 45 OF THE CODE OF FEDERAL REGULATIONS, TO INDIVIDUAL, FINAL AND BINDING ARBITRATION AND YOU AGREE NOT TO PURSUE CLASS ARBITRATION.** Likewise, HNL agrees to arbitrate all such disputes. This mutual agreement to arbitrate disputes means that both You and HNL are bound to use binding bilateral arbitration as the final means of resolving disputes that may arise between the parties, and thereby the parties agree to forego any right they may have to a jury trial on such disputes. However, no remedies that otherwise would be available to either party in a court of law will be forfeited by virtue of this agreement to use and be bound by HNL's binding bilateral arbitration process. This agreement to

arbitrate shall be enforced even if a party to the arbitration is also involved in another action or proceeding with a third party arising out of the same matter.

Sometimes disputes or disagreements may arise between HNL and You (including Your enrolled Dependents, heirs or personal representatives) regarding the construction, interpretation, performance or breach of this *Policy*, or regarding other matters relating to or arising out of Your HNL *Policy*. Typically such disputes are handled and resolved through the HNL Grievance, Appeal and Independent Medical Review process described above, and You must attempt to resolve Your dispute by utilizing that process before instituting arbitration. In the event that a dispute is not resolved in that process, HNL uses binding bilateral arbitration as the final method for resolving all such disputes, whether stated in tort, contract or otherwise, and whether or not other parties such as employer groups, health care providers, or their agents or employees, are also involved. However, You are not required to participate in final, binding arbitration to resolve disputes concerning Adverse Benefit Determinations and are entitled to pursue any remedies available under the law. In addition, disputes with HNL involving alleged professional liability or medical malpractice (that is, whether any medical services rendered were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) also must be submitted to binding arbitration.

HNL's binding bilateral arbitration process is conducted by mutually acceptable arbitrator(s) selected by the parties. The Federal Arbitration Act, 9 U.S.C. § 1, et seq., will govern arbitrations under this process. In the event that the total amount of damages claimed is \$500,000 or less (\$50,000 or less with respect to disputes with HNL involving alleged professional liability or medical malpractice), the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable single neutral arbitrator who shall hear and decide the case and have no jurisdiction to award more than \$500,000 or \$50,000, whichever is applicable. In the event that total amount of damages is over \$500,000 or \$50,000, whichever is applicable, the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable panel of three neutral arbitrators (unless the parties mutually agree to one arbitrator), who shall hear and decide the case.

If the parties fail to reach an agreement during this timeframe, then in accordance with California Insurance Code 10123.19(b), either party may apply to a Court of Competent Jurisdiction for appointment of the arbitrator(s) to hear and decide the matter. When a petition is made to the court to appoint a neutral arbitrator, the court shall nominate five persons from lists of persons supplied jointly by the parties to the arbitration or obtained from a governmental agency concerned with arbitration or private disinterested association concerned with arbitration. The parties to the agreement who seek arbitration and against whom arbitration is sought may within five days of receipt of notice of the nominees from the court jointly select the arbitrator whether or not the arbitrator is among the nominees. If the parties fail to select an arbitrator within the five day period, the court shall appoint the arbitrator from the nominees.

Arbitration can be initiated by submitting a demand for arbitration to HNL at the address provided below. The demand must have a clear statement of the facts, the relief sought and a dollar amount.

HNL Insurance Company
Attention: Legal Department
P.O. Box 4504
Woodland Hills, CA 91365-4504

The arbitrator is required to follow applicable state or federal law. The arbitrator may interpret this *Policy*, but will not have any power to change, modify or refuse to enforce any of its terms, nor will the

arbitrator have the authority to make any award that would not be available in a court of law. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award setting forth findings of fact and conclusions of law, and that award will be final and binding on all parties except to the extent that state or federal law provide for judicial review of arbitration proceedings.

The parties will share equally the arbitrator's fees and expenses of administration involved in the arbitration. Each party also will be responsible for their own attorneys' fees. In cases of extreme hardship to a Covered Person, HNL may assume all or portion of a Covered Person's share of the fees and expenses of the arbitration. Upon written notice by the Covered Person requesting a hardship application, HNL will forward the request to an independent professional dispute resolution organization for a determination. Such request for hardship should be submitted to the Legal Department at the address provided above.

SPECIFIC PROVISIONS

A. RECOVERY OF BENEFITS PAID BY HNL WHEN THE COVERED PERSON IS INJURED:

If the Covered Person is ever injured through the actions of another person or him or herself (responsible party), HNL will provide benefits for all Covered Services and Supplies the Covered Person receives through this *Policy*. However, if the Covered Person receives money or is entitled to receive money because of the Covered Person's injuries, whether through a settlement, judgment or any other payment associated with the Covered Person's injuries, HNL or the medical providers retain the right to recover the value of any services provided to the Covered Person under this *Policy*.

As used throughout this provision, the term responsible party means any party actually or potentially responsible for making any payment to a Covered Person due to a Covered Person's injury, illness or condition. The term responsible party includes the liability insurer of such party or any insurance coverage.

Some examples of how the Covered Person could be injured through the actions of a responsible party are:

- The Covered Person was in a car accident; or
- The Covered Person slips and falls in a store.

HNL's rights of recovery apply to any and all recoveries made by the Covered Person or on the Covered Person's behalf from the following sources, including but not limited to:

- Payments made by a third party or any insurance company on behalf of a third party;
- Uninsured or underinsured motorist coverage;
- Personal injury protection, no fault or any other first party coverage;
- Workers Compensation or Disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners' insurance coverage, umbrella coverage; and
- Any other payments from any other source received as compensation for the responsible party's actions.

By accepting benefits under this Plan, the Covered Person acknowledges that HNL has a right of reimbursement that attaches when this Plan has paid for health care benefits for expenses incurred due to the actions of a responsible party and the Covered Person or his or her representative recovers or is entitled to recover any amounts from a responsible party.

Under California law, HNL's legal right to reimbursement creates a health care lien on any recovery.

By accepting benefits under this Plan, the Covered Person also grants HNL an assignment of his or her right to recover medical expenses from any medical payment coverage available to the extent of the full cost of all Covered Services provided by HNL and the Covered Person specifically directs such medical payments carriers to directly reimburse HNL on his or her behalf.

Steps the Covered Person Must Take

If the Covered Person is injured because of a responsible party, he or she must cooperate with HNL's and the medical providers' efforts to obtain reimbursement, including:

- Telling HNL and the medical providers, the name and address of the responsible party, if the Covered Person knows it, the name and address of his or her lawyer, if he or she is using a lawyer, the name and address of any insurance company involved with his or her injuries and describing how the injuries were caused;
- Completing any paperwork that HNL or the medical providers may reasonably require to assist in enforcing the lien;
- Promptly responding to inquiries from the lienholders about the status of the case and any settlement discussions;
- Notifying the lienholders immediately upon the Covered Person or his or her lawyer receiving any money from the responsible parties, any insurance companies, or any other source;
- Pay the health care lien from any recovery, settlement or judgment, or other source of compensation and all reimbursement due HNL for the full cost of benefits paid under HNL that are associated with injuries through a responsible party regardless of whether specifically identified as recovery for medical expenses and regardless of whether the Covered Person is made whole or fully compensated for his or her loss;
- Do nothing to prejudice HNL's rights as shown above. This includes, but is not limited to, refraining from any attempts to reduce or exclude from settlement or recovery the full cost of all benefits paid by the plan; and;
- Hold any money that the Covered Person or his or her lawyer receives from the responsible parties or, from any other source, in trust, and reimbursing HNL and the medical providers for the amount of the lien as soon as he or she is paid.

How the Amount of the Covered Person Reimbursement is Determined

The following section is not applicable to Workers' Compensation liens and may not apply to certain ERISA plans, Hospital liens, Medicare plans and certain other programs and may be modified by written agreement.*

- The Covered Person's reimbursement to HNL or the medical provider under this lien is based on the value of the services received and the costs of perfecting this lien. For the purposes of determining the lien amount, the value of the services depends on how the provider was paid, as summarized below, and will be calculated in accordance with California Civil Code Section 3040, or as otherwise permitted by law. The amount of the reimbursement owed to HNL or the medical provider will be reduced by the percentage that the recovery is reduced if a judge, jury or arbitrator determines that the Covered Person was responsible for some portion of his or her injuries.
- The amount of the reimbursement owed HNL or the medical provider will also be reduced by a pro rata share for any legal fees or costs paid from money the Covered Person received.

- The amount the Covered Person will be required to reimburse HNL or the medical provider for services received under this plan will not exceed one-third on the money the Covered Person received if he or she engages a lawyer, or one-half of the money received if a lawyer is not engaged.
- * *Reimbursement related to Workers' Compensation benefits, ERISA plans, Hospital liens, Medicare and other programs not covered by California Civil Code, Section 3040 will be determined in accordance with the provisions of this Policy and applicable law.*

B. SURROGACY ARRANGEMENTS

A Surrogacy Arrangement is an arrangement in which a woman agrees to become pregnant and to carry the child for another person or persons who intend to raise the child.

Your Responsibility for Payment to HNL

If You enter into a surrogacy arrangement, You must pay Us for Covered Services and Supplies You receive related to conception, pregnancy, or delivery in connection with that arrangement ("Surrogacy Health Services"), except that the amount You must pay will not exceed the payments You and/or any of Your family members are entitled to receive under the surrogacy arrangement. You also agree to pay Us for the Covered Services and Supplies that any child born pursuant to the surrogacy arrangement receives at the time of birth or in the initial Hospital stay, *except* that if You provide proof of valid insurance coverage for the child in advance of delivery or if the intended parents make payment arrangements acceptable to HNL in advance of delivery, You will not be responsible for the payment of the child's medical expenses.

Assignment of Your Surrogacy Payments

By accepting Surrogacy Health Services, You automatically assign to Us Your right to receive payments that are payable to You or Your chosen payee under the surrogacy arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, We will also have a lien on those payments and/or any escrow account or trust established to hold those payments. Those payments shall first be applied to satisfy our lien. The assignment and Our lien will not exceed the total amount of Your obligation to Us under the preceding paragraph.

Duty to Cooperate

Within 30 days after entering into a surrogacy arrangement, You must send written notice of the arrangement, including the names and addresses of the other parties to the arrangement to include any escrow agent or trustee, and a copy of any contracts or other documents explaining the arrangement as well as the account number for any escrow account or trust, to:

Surrogacy Third Party Liability –Product Support
The Rawlings Company
One Eden Parkway
LaGrange, KY 40031-8100

You must complete and send Us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for Us to determine the existence of any rights We may have under this "Surrogacy Arrangements" provision and/or to determine the existence of (or accounting for funds contained in) any escrow account or trust established pursuant to Your surrogacy arrangement and to satisfy HNL's rights.

You must do nothing to prejudice the health plan's recovery rights.

You must also provide Us the contact and insurance information for the persons who intend to raise the child and whose insurance will cover the child at birth.

You may not agree to waive, release, or reduce our rights under this provision without Our prior, written consent. If Your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, Your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to Our liens and other rights to the same extent as if You had asserted the claim against the third party. We may assign our rights to enforce Our liens and other rights.

C. Health Care Plan Fraud

Health care plan fraud is a felony that can be prosecuted. Any person who knowingly presents false or fraudulent claim for the payment of a loss is guilty of a crime and may be subject to fines and confinement in state prison.

Policyholder Responsibility

- The Policyholder must:
- File accurate claims. If someone else, such as the Policyholder's spouse, Domestic Partner or another Dependent, files claims on Your behalf, You should review the form before You sign it;
- Review the explanation of benefits (EOB) form when it is returned to You. Make certain that benefits have been paid correctly based on Your knowledge of the expenses incurred and the services rendered;
- Never allow another person to seek medical treatment under Your identity. If Your ID card is lost, You should report the loss to Us immediately; and
- Provide complete and accurate information on claims forms and any other information forms. Attempt to answer all questions to the best of Your knowledge.

To maintain the integrity of Your health plan, We encourage You to notify Us whenever a provider:

- bills You for services or treatments that You have never received;
- asks You to sign a blank claim form; or
- asks You to undergo tests that You feel are not needed.

If You are concerned about any of the charges that appear on a bill or Explanation of Benefits form, or if You know of or suspect any illegal activity, call Our toll-free hotline at the number shown on Your HNL ID card. All calls are strictly confidential.

D. Second Medical Opinion

The second opinion consultation is a consultation by an appropriately qualified healthcare professional, and may include recommendations for additional x-ray, laboratory services or treatment. You may seek a second opinion consultation from a Provider without first receiving authorization from HNL. However, services recommended by the second opinion consultation may be subject to Certification. Please refer to the "Certification Requirements" section to determine which services are subject to Certification. When a Covered Person receives a second opinion, he or

she will be responsible for any applicable Deductible, Copayment or Coinsurance. Reasons for a second opinion include, but are not limited to, the following:

- If the Covered Person questions the reasonableness or necessity of recommended surgical procedures.
- If the Covered Person questions a diagnosis or plan of care for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment, including, but not limited to, a serious Chronic condition.
- If clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating health professional is unable to diagnose the condition and the Covered Person requests an additional diagnosis.
- If the treatment plan in progress is not improving the medical condition of the Covered Person within an appropriate period of time given the diagnosis and plan of care, and Covered Person requests a second opinion regarding the diagnosis or continuance of the treatment.
- If the Covered Person has attempted to follow the plan of care or consulted with the initial provider concerning serious concerns about the diagnosis or plan of care.

As used above, an appropriately qualified health care professional is a Physician or a Specialist who is acting within his or her scope of practice and who possesses a clinical background, including training and expertise, related to the particular illness, injury, condition or conditions associated with the request for a second opinion.

GENERAL PROVISIONS

FORM OR CONTENT OF POLICY: No agent or employee of HNL is authorized to change the form or content of this *Policy*. Any changes can be made only through an endorsement authorized and signed by an officer of HNL.

ENTIRE CONTRACT: This *Policy*, the Policyholder's application for this *Policy* and any riders and endorsements to the *Policy* shall constitute the entire contract between the Company and the Policyholder. No change in this *Policy* shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this *Policy* or to waive any of its provisions

All statements made by the Policyholder or any of the insured persons will be considered except for fraud, to be representations and not warranties. No statement made by an insured person will be used to void his or her insurance or in defense of a claim unless it is in writing and a copy has been given to the insured person or his or her beneficiary.

GRACE PERIOD: A Grace Period of 30 days will be granted for the payment of each Premium falling due after the first Premium, during which Grace Period the *Policy* shall continue in force (subject to the right of the insurer to cancel in accordance with the cancellation provision hereof).

CHARTER NOT PART OF POLICY: None of the terms or provisions of the charter, constitution or bylaws of HNL shall form a part of this *Policy* or be used in the defense of any suit hereunder, unless the same is shown in full in this *Policy*.

DISTRIBUTION OF NOTICES: HNL will send required notices as specified in this *Policy* to the Policyholder's address on record.

BENEFITS NOT TRANSFERABLE: No person other than the Covered Person is entitled to receive benefits to be furnished by HNL under this *Policy*. Such right to benefits is not transferable. ***Fraudulent use of such benefits will result in cancellation of the Covered Person's eligibility under this Policy and appropriate legal action.***

BENEFIT CHANGES: HNL will provide the Policyholder at least 60 days' notice in advance of any changes in benefit or *Policy* provisions. There is no vested right to receive the benefits of this *Policy*.

TRANSFER OF MEDICAL RECORDS: A health care provider may charge a reasonable fee for the preparation, copying, postage or delivery costs for the transfer of Your medical records. Any fees associated with the transfer of medical records are the Covered Person's responsibility.

NOTICE OF CLAIM: Written notice of claim must be given to Us within 20 days after the occurrence or commencement of any covered loss, or as soon thereafter as reasonably possible. Notice may be given to Us at 21281 Burbank Blvd., Woodland Hills, CA 91367, or to any of Our authorized agents or mailed to Us at P.O. Box 9040, Farmington, MO 63640-9040. Notice should include information sufficient for Us to identify the Covered Person.

If You need to file a claim for covered Pediatric Dental services, call Us at the telephone number stated on Your ID Card and a claim form will be sent to You. Written notice of a claim must be given to HNL

within 90 days after the occurrence or commencement of any covered loss, or as soon thereafter as reasonably possible. Notice may be given to HNL of a dental claim at:

Health Net Dental
Attn: Claims Unit
P.O. Box 30567
Salt Lake City, UT 84130 0567

If You need to file a claim for covered Mental Disorders and Chemical Dependency Services provided upon referral by MHN Services, You must file the claim with MHN Claims within one year after receiving those services. Any claim filed more than one year from the date the expense was incurred will not be paid unless it was shown that it was not reasonably possible to file the claim within one year, and that it was filed as soon as reasonably possible. You must use the Member claim form found at <https://members.mhn.com/mbh/homepage> and You should send the claim to MHN Claims at the address below:

MHN Claims
P.O. Box 14621
Lexington, KY 40512-4621

For more information regarding claims for covered Mental Disorders and Chemical Dependency Services, You may call MHN Claims at **1-800-444-4281** or You may write MHN Claims at the address given immediately above.

If You need to file a claim for covered Acupuncture Services provided by American Specialty Health Plans of California, Inc. (ASH Plans), You must file the claim with ASH Plans within one year after receiving those services. You must use ASH Plans' forms in filing the claim and You should send the claim to ASH Plans at the address listed in the claim form or to ASH Plans at:

American Specialty Health Plans of California, Inc.
P.O. Box 509002
San Diego, CA 92150-9002

ASH Plans will give You claim forms on request. For more information regarding claims for covered Acupuncture Services, You may call ASH Plans at **1-800-678-9133** or You may write ASH Plans at the address given immediately above.

CLAIM FORMS: When We receive notice of a claim, We will furnish You with Our usual forms for filing proof of loss. If We do not do so within 15 days, You can comply with the requirements for furnishing proof of loss by submitting written proof within the time fixed in this *Policy* for filing such proofs of loss. Such written proof must cover the occurrence, the character and the extent of the loss. We will not pay legal fees or interest due on claims that the Covered Person fails to submit in a timely manner.

PROOFS OF LOSS: Written proof of loss must be furnished to Us at P.O. Box 9040, Farmington, MO 63640-9040 in case of claim for loss for which this *Policy* provides any periodic payment contingent upon continuing loss, within 90 days after the end of the period of time for which claim is made; in the case of claim for any other loss, written proof of loss must be furnished within 90 days after the date of the loss. Failure to furnish such proof within the time required will not invalidate or reduce any claim if proof is furnished as soon as reasonably possible. Except in the absence of legal capacity, however, We are not required to accept proofs more than one year from the time proof is otherwise required.

EXPENSES FOR COPYING MEDICAL RECORDS: We will reimburse the Covered Person or provider for reasonable expenses incurred in copying medical records requested by Us.

TIME OF PAYMENT OF CLAIM: We will pay benefits promptly upon receipt of due written proof of loss. HNL will reimburse each complete claim, or portion thereof, whether in-state or out-of-state, as soon as practical, but no later than 30 working days after receipt of the complete claim by HNL.

Within 30 working days after receipt of the complete claim by HNL, HNL may contest or deny a claim, or portion thereof, by notifying the claimant, in writing, that the claim is contested or denied. The notice will identify the contested or denied portion(s) of the claim, and the specific reasons for such contention or denial, as supported by the factual and legal bases known to HNL at that time.

In the event HNL requires additional time to affirm or deny the claim, HNL shall notify the claimant in writing. This written notice shall specify any additional information HNL requires in order to make a determination and shall state any continuing reasons for HNL's inability to make a determination. This notice shall be given within thirty calendar days of the notice that the claim is being contested and every thirty calendar days thereafter until a determination is made or legal action is served. If the determination cannot be made until some future event occurs, HNL shall comply with this continuing notice requirement by advising the claimant of the situation and providing an estimate as to when the determination can be made.

Indemnities payable under this *Policy* for any loss other than loss for which this *Policy* provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this *Policy* provides periodic payment will be paid and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

PAYMENT OF LIFE CLAIM: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the Covered Person. Any other accrued indemnities unpaid at the Covered Person's death may, at the option of HNL, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the Covered Person.

If any indemnity of this *Policy* shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, HNL may pay such indemnity, up to an amount not exceeding \$1,000 to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by HNL to be equitably entitled thereto. Any payment made by HNL in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment.

Subject to any written direction of the Covered Person in the application or otherwise all or a portion of any indemnities provided by this *Policy* on account of Hospital, nursing, medical, or surgical services may, at the HNL's option and unless the Covered Person requests otherwise in writing not later than the time of filing proofs of that loss, be paid directly to the person or persons having paid for the hospitalization or medical or surgical aid, or to the Hospital or person rendering those services; but it is not required that the service be rendered by a particular Hospital or person.

CASH BENEFITS: In most instances, You will not need to file a claim when You receive Covered Services and Supplies from a Preferred Provider. If You use an Out-of-Network Provider and file a claim, HNL will reimburse You for the amount You paid for Covered Expenses, less any applicable Deductible, Copayment or Coinsurance.

If a parent who has custody of a child submits a claim for cash benefits on behalf of the child who is subject to a Medical Child Support Order, HNL will send the payment to the custodial parent.

CLAIMS DENIAL:

1. **DENIAL:** If the Covered Person submits a fully completed claim to HNL, and it is partially or totally denied, he or she should be notified in writing of the denial within 30 days from the date the claim was submitted. The Covered Person will be given the specific reasons and sections of the *Policy* on which the denial is based. If the claim might be paid with more information, the Covered Person will be told what additional information is necessary and why.
2. **APPEAL:** The Covered Person or his or her authorized representative has the right to appeal the denial or partial denial of any claim made under the *Policy* by requesting a review of the claim. The request must be made in writing to HNL within 365 days of the date that appears on the claims denial.

If the request is not made within the 365 day period, the Covered Person waives the right to a review.

This request must include the Covered Person's name, address, date of denial and the reasons upon which the request for review is based. Any facts that support these reasons and any issues or comment the Covered Person or the representative deems relevant should be included. In addition, the Covered Person or the representative may examine pertinent documents that relate to the denial of the claim.

3. **REVIEW AND DECISION:** Upon receipt of the request for review, HNL will make full and fair review of the claim and its denial.

HNL has a period of 60 days (after the receipt of the request for review of an Adverse Benefit Determination) in which to make a decision and notify the Covered Person.

The decision on the request for review will be in writing and will include the specific reasons supporting it and specific references to the pertinent *Policy* provisions on which the decision is based. If HNL upholds the denial, the Covered Person may request an independent medical review or initiate binding arbitration. A Covered Person is not required to participate in final, binding arbitration to resolve disputes concerning Adverse Benefit Determinations. A Covered Person must participate in HNL's grievance or appeals process before requesting independent medical review for denials unless there is an imminent and serious threat to the Covered Person's health. However, You will not be required to participate in the HNL's grievance or appeals process for more than 30 days. In the case of a grievance that requires expedited review, You will not be required to participate in HNL's grievance process for more than three days. See "Independent Medical Review of Grievances Involving a Disputed Health Care Service" and "Arbitration" under "Coverage Decisions and Disputes Resolution" for the procedure to request an Independent Medical Review or arbitration of HNL denial of coverage.

PAYMENT TO PROVIDERS OR POLICYHOLDER:

1. **DIRECT PAYMENT:** Benefit payment for Covered Expenses will be made directly to:
 - a. **Contracting Hospitals:** Hospitals which have provider service agreements with HNL to provide services to Covered Persons.
 - b. **Providers of Ambulance Transportation, Certified Nurse Midwives and Licensed Midwives:** As required by the California Insurance Code, this must occur, even if written assignment has not been made by the Covered Person. But, if the submitted provider's statement or bill indicates that the charges have been paid in full by the Policyholder, payment will be made to the Policyholder.

- c. **Other Providers of Service** not mentioned in a. and b. above, Hospital and professional, when the Covered Person assigns benefits to them in writing.
2. **JOINT PAYMENT:** Benefit payment for Covered Expenses will be made jointly to other providers and the Policyholder, when a written assignment stipulates joint payment.
3. **DIRECT PAYMENT TO POLICYHOLDER:** In situations not described above, payment will be made to the Policyholder. HNL reserves the right to recover an overpayment if all or some of the payment made by HNL directly to You exceeded the benefits under the *Policy*. If an overpayment is discovered, HNL will notify You within 6 months of the date of the error. In the case of an error prompted by representations or nondisclosure of claimants or third parties, HNL will notify You within fifteen (15) calendar days after the date of discovery of such error. The notice will include the cause of the error and the amount of the overpayment. You will have 30 days to dispute the overpayment and if HNL is notified within the time allotted of Your disagreement that an overpayment occurred, the overpayment will not be deducted from future benefits.

PAYMENT WHEN POLICYHOLDER IS UNABLE TO ACCEPT: If a claim is unpaid at the time of the Covered Person's death or if the Covered Person is not legally capable of accepting it, it will be paid to the Covered Person's estate or any relative or person who may legally accept on the Covered Person behalf.

PHYSICAL EXAMINATION AND AUTOPSY: HNL, at its expense, has the right and opportunity to examine or request an examination of any Covered Person whose injury or sickness is the basis of a claim as often as is reasonably required while the claim is pending and to make an autopsy in case of death where it is not forbidden by law.

CHANGE OF BENEFICIARY: Unless the Covered Person makes an irrevocable designation or beneficiary, the right to change of beneficiary is reserved to the Covered Person and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this *Policy* or to any change of beneficiary or beneficiaries, or to any other changes in this *Policy*.

DEPENDENT COVERAGE OUTSIDE OF CALIFORNIA: Dependents living outside the Service Area and away from the primary residence of the Policyholder can still obtain Preferred Provider coverage within California. Outside of California, coverage is limited to Urgent Care and Emergency Care only. Dependents living outside of California must travel to California to obtain non-emergency and non-Urgent Care services to be covered by this Plan. Outside the United States, coverage is limited to Emergency Care and Urgent Care, as described below under "Foreign Travel or Work Assignment" in this "General Provisions" section.

FOREIGN TRAVEL OR WORK ASSIGNMENT: Benefits will be provided for Emergency Care and Urgent Care received in a foreign country. Determination of Covered Expenses will be based on the amount that is no greater than the Maximum Allowable Amount in the USA for the same or a comparable service. The Maximum Allowable Amount is defined in the Definitions section.

NOTICE OF CANCELLATION: If this *Policy* terminates for any reason, HNL will send the notice of cancellation to the Policyholder.

MODIFICATIONS TO PLAN AND NOTICE OBLIGATIONS: If the plan is modified in accordance with the terms and provisions of this *Policy*, HNL will send notice of such modification to the Policyholder.

WORKERS' COMPENSATION INSURANCE: This *Policy* is not in lieu of and does not affect any requirement for, or coverage by, Workers' Compensation Insurance.

DIETHYLSTILBESTROL: Coverage under this *Policy* will not be reduced, limited or excluded solely due to conditions attributable to diethylstilbestrol or exposure to diethylstilbestrol.

NOTICE: Any notice required of HNL shall be sufficient if mailed to the Policyholder, at the address appearing on the records of HNL; and, if notice is required of the Policyholder, it will be sufficient if mailed to Covered California.

REGULATION AND INTERPRETATION OF POLICY: This *Policy* is issued with and is governed by the state of California. The laws of the state of California shall be applied to interpretations of this *Policy*.

NONDISCRIMINATION: HNL hereby agrees that no person who is otherwise eligible for coverage under this *Policy* shall be refused enrollment nor shall his or her coverage be canceled solely because of race, color, national origin, ancestry, religion, sex, gender identity, gender expression, marital status, sexual orientation, age, health status, or physical or mental handicap.

LEGAL ACTIONS: No action at law or in equity may be brought to recover benefits prior to the expiration of 60 days after written Proof of Loss has been furnished. No such action may be brought after a period of 3 years (or the period required by law, if longer) after the time limits stated in the Proofs of Loss section.

MISSTATEMENT OF AGE: If the age of any Covered Person covered under this *Policy* has been misstated, there shall be an adjustment of the Premium for this *Policy* so that there shall be paid to the insurer the Premium for the coverage of such Covered Person at his correct age, and the amount of the insurance coverage shall not be affected.

CLERICAL ERROR: No clerical error on the part of the Group applying for coverage shall affect the insurance, or amount thereof, of any Covered Person, provided proper Premium adjustment is made upon discovery of such error.

NON-REGULATION OF PROVIDERS: This EnhancedCare PPO plan does not regulate the amounts charged by providers of medical care, except to the extent that the rates for the Covered Services and Supplies are negotiated with Participating and Preferred Providers

FREE CHOICE OF PROVIDER: This EnhancedCare PPO plan does not interfere with the Covered Person's right to select any properly licensed Hospital, Physician (including Specialists and behavioral health care providers), laboratory, or other health care professional or facility that provides services or supplies covered by this plan. However, the Covered Person's choice of provider may affect the amount of benefits payable. To identify a Preferred Provider, visit the HNL website at www.myhealthnetca.com or contact the Customer Contact Center at the telephone number on Your HNL ID Card to obtain a copy of the Preferred Provider Directory.

TIMELY ACCESS TO CARE: The California Department of Insurance (CDI) has issued regulations (California Code of Regulations Title 10 sections 2240.15 and 2240.16) with requirements for timely access to non-emergency health care services through Preferred Providers. HNL is required to provide or arrange for the provision of covered health care services in a timely manner appropriate for the nature of the Covered Person's condition consistent with good professional practice. Please contact HNL at the number shown on Your HNL ID card, 7 days per week, 24 hours per day to access triage or screening services.

When You need to see a Preferred Provider, call his or her office for an appointment. Please call ahead as soon as possible. When You make an appointment, identify Yourself as an HNL Member, and tell the receptionist when You would like to see Your doctor. The receptionist will make every effort to

schedule an appointment at a time convenient for You. If You need to cancel an appointment, notify Your Physician as soon as possible.

Language assistance is available at all medical points of contact where a covered benefit or service is accessed including, but not limited to, at the time of Your appointment. HNL's Customer Contact Center has bilingual staff and interpreter services for additional languages to handle Your language needs. Call the Customer Contact Center number on Your HNL ID card for this free interpretive service. The use of the interpretive services will not cause a delay of Your scheduled appointment. Please see the "Language Assistance Services" provision in the "Important Notices" section for more details regarding the availability of interpreter services.

Please see the list of maximum waiting times as listed below. (A business day is every official working day of the week. Typically, a business day is Monday through Friday, and does not include weekends or holidays.) Wait times depend on Your condition and the type of care You need. You should get an appointment to see Your Physician:

- **Physician appointments for primary care:** within 10 business days of request for an appointment.
- **Physician appointments for Specialist care:** within 15 business days of request for an appointment.
- **Urgent care appointment with Physician:** within 48 hours of request for an appointment.
- **Urgent care appointments for services that require Certification:** within 96 hours of the request for an appointment.
- **Routine Check-up/Physical Exam:** within 30 business days of request for an appointment.
- **Non-urgent appointments with a non-physician mental health care or substance use disorder provider:** within 10 business days of request for an appointment.
- **Non-urgent appointments for ancillary services:** within 15 business days of request for an appointment.
- **Urgent appointments for pediatric oral and vision services:** within 72 hours of request for an appointment.
- **Non-urgent appointments for pediatric oral and vision services:** within 36 business days of request for an appointment.
- **Preventive appointments for pediatric oral and vision services:** within 40 business days of request for an appointment.

PROVIDING OF CARE: HNL is not responsible for providing any type of Hospital, medical or similar care. HNL is also not responsible for the quality of any type of Hospital, medical or similar care.

If the Covered Person would like more information on how to request continued care please contact The Customer Contact Center at the telephone number on Your HNL ID Card.

CONTINUITY OF CARE: A Covered Person may request HNL to arrange for the Covered Person's continuing care from an Out-of-Network Provider at the in-network benefit level, in the circumstances shown below.

Termination of Provider Contract:

At the Covered Person's request, HNL shall arrange for continuing care from a provider who has been terminated from the PPO network by HNL while the Covered Person is undergoing a course of treatment with that terminated provider for any of the specified conditions (as described below). The Provider must agree to accept the same contract terms that were in place prior to the time of contract termination. If the provider does not accept such terms, HNL is not obligated to provide continuing care coverage at the in-network benefit level.

Covered Persons new to HNL due to termination of prior coverage:

At the Covered Person's request, HNL shall arrange for continuing care from an Out-of-Network Provider at the in-network benefit level, if at the time his or her coverage with HNL becomes effective, the Covered Person meets both of the following criteria:

- The Covered Person's immediately prior individual health coverage was terminated due to either the health plan or health insurer no longer offering the Covered Person's plan, or the health plan or health insurer ceases offering new individual health coverage in all or a portion of the state.
- The Covered Person is undergoing a course of treatment for any of the specified conditions (as described below) with the provider, the treatment was covered at the in-network benefit level under the Covered Person's prior individual health coverage, and the provider is not in the HNL PPO network.

The provider must agree to accept the same contract terms applicable to providers currently contracted with HNL, and who practice in the same or similar geographic region. If the provider does not accept such terms, HNL is not obligated to provide continuing care coverage at the in-network benefit level.

Conditions Eligible for Continuity of Care:

1. An acute condition (a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration). Completion of Covered Services shall be provided for the duration of the acute condition;
2. A serious chronic condition (a medical condition due to a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration.) Completion of Covered Services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by HNL in consultation with the Covered Person and the terminated provider and consistent with good professional practice, not to exceed 12 months from the contract termination date or 12 months from the effective date of coverage for a new Covered Person;
3. A pregnancy (including the duration of the pregnancy and the immediate postpartum period.) Completion of Covered Services shall be provided for the duration of the pregnancy;
4. Maternal mental health (completion of Covered Services shall not exceed 12 month from the diagnosis or from the end of pregnancy, whichever occurs later);
5. A terminal illness (an incurable or irreversible condition that has a high probability of causing death within one year or less.) Completion of Covered Services shall be provided for the duration of a terminal illness, which may exceed 12 months from the contract termination date or 12 months from the effective date of coverage for a new Covered Person;

6. The care of a newborn child between birth and age 36 months. Completion of Covered Services under this provision shall not exceed 12 months from the contract termination date or 12 months from the effective date of coverage for a new Covered Person;
7. Performance of a scheduled surgery or other procedure that has been recommended and documented by the provider to occur within 180 days of the contract's termination date or within 180 days of the effective date of coverage for a new Covered Person.

To request continued care, You will need to complete a Continuity of Care Request Form. For more information on how to request continued care, or request a copy of the Continuity of Care Request Form or of our continuity of care policy, please contact the Customer Contact Center at the telephone number on Your Health Net PPO ID card.

RELATIONSHIP OF PARTIES: The relationship, if any, between HNL and any health care providers is that of an independent contractor relationship. Physicians, Hospitals, Skilled Nursing Facilities and other health care providers and community agencies are not agents or employees of HNL. HNL shall not be liable for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by the Covered Person while receiving care from any health care provider. No Covered Person is the agent or representative of HNL. Neither shall be liable for any acts or omissions of HNL, its agents or employees.

HNL retains the right to designate or replace an administrator to perform certain functions for providing the Covered Services and Supplies of this *Policy*. If HNL does designate or replace any administrator, HNL will inform the Covered Persons of all new procedures. Any administrator designated by HNL is an independent contractor and not an employee or agent of HNL.

TECHNOLOGY ASSESSMENT: New technologies are those procedures, Drugs or devices that have recently been developed for the treatment of specific diseases or conditions or are new applications of existing procedures, Drugs or devices. New technologies are Investigational or Experimental during various stages of clinical study as safety and effectiveness are evaluated and the technology achieves acceptance into the medical standard of care. The technologies may continue to be Investigational or Experimental if clinical study has not shown safety or effectiveness or if they are not considered standard care by the appropriate medical specialty. Approved technologies are integrated into HNL benefits.

HNL determines whether new technologies are medically appropriate, or Investigational or Experimental, following extensive review of medical research by appropriately specialized Physicians. HNL requests review of new technologies by an independent, expert medical reviewer in order to determine medical appropriateness or Investigational or Experimental status of a technology or procedure.

The expert medical reviewer also advises HNL when patients require quick determinations of coverage, when there is no guiding principle for certain technologies or when the complexity of a patient's medical condition requires expert evaluation. If HNL denies, modifies or delays coverage for Your requested treatment on the basis that it is Experimental or Investigational, You may request an independent medical review (IMR) of HNL's decision from the Department of Insurance. Please refer to the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" in the "Coverage Decisions and Disputes Resolution" section for additional details.

CONFIDENTIALITY OF MEDICAL RECORDS:

A STATEMENT DESCRIBING HNL'S POLICIES AND PROCEDURES FOR PRESERVING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO THE COVERED PERSON UPON REQUEST.

PREVENTIVE CARE LIST OF SERVICES

The coverage described below shall be consistent with the requirements of the Affordable Care Act (ACA).

Preventive Care Services are covered as shown in the "Schedule of Benefits" section. Please consult with Your Physician to determine whether a specific service is preventive or diagnostic. When preventive care services, as described in this section, are received from a Participating Provider, they are covered at no cost share to You. If the primary purpose of the office visit is unrelated to a preventive care service or if other non-preventive care services are received during the same office visit, the non-preventive care services are payable at benefit levels indicated in the "Schedule of Benefits" section. If You receive services from an Out-of-Network Provider, benefits are subject to Your Out-of-Network cost share amount, including Deductibles (if any) as indicated in the "Schedule of Benefits" section.

Preventive Care Services are covered for children and adults, as directed by Your Physician, and in accordance with the following:

- Those evidence-based items or services that have, in effect, a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force (USPSTF).
<https://uspreventiveservicestaskforce.org/uspstf/>
- Those immunizations for routine use in children, adolescents and adults that have, in effect, a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC). <https://www.cdc.gov/vaccines/hcp/acip-recs/index.html>
- With respect to women, those evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
<https://www.hrsa.gov/womens-guidelines-2019>
- With respect to infants, children and adolescents, such evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the (HRSA).
https://downloads.aap.org/AAP/PDF/periodicity_schedule.pdf

Your Physician will evaluate Your health status (including, but not limited to, Your risk factors, family history, gender and/or age) to determine the appropriate Preventive Care Services and frequency. HNL will not make its own determinations as to risk and will defer to the Physician’s decision. Additional information regarding Preventive Care Services may be accessed through (<https://www.healthcare.gov/coverage/preventive-care-benefits/>).

Preventive Care Services for children include:

- For the screening of alcohol, tobacco, and drug use for school-aged children and adolescents: Services include a physician interventions, including education or brief counseling, to prevent initiation of tobacco use among school-aged children and adolescents. Limited to one (1) screening per year.
- Autism Spectrum Disorder Screening for children: Limited to one (1) screening at the age of 18 month and one (1) at the age of 24 months, as recommended by the American Academy of Pediatrics.

- Psychosocial/Behavioral Assessments for children ages 0 to 17 years: This assessment should be family centered and may include an assessment of child social-emotional health, caregiver depression, and social determinants of health. Please refer to the Bright Futures Periodicity Schedule for frequency information.
- Bilirubin Concentration Screening for the detection of genetic disorders in newborns: Please refer to the Bright Futures Periodicity Schedule for frequency information as recommended by the American Academy of Pediatrics.
- Blood Pressure Screening for children ages 0 to 17 years: Screening should occur per general clinical practice guidelines for screening and management of high blood pressure in children and adolescents. Limited to one (1) at every medical visit.
- Blood screening for newborns: Preventive coverage includes screening pursuant to the Recommended Uniform Screening Panel (RUSP) for newborns, verifying results, and follow up, as appropriate.
- Depression Screening for adolescents beginning routinely at age 7-18 years: For the detection of Major Depressive Disorder (MDD) in children and adolescents. Limited to one (1) screening per year.
- Developmental Screening for children under age 3 to diagnose and assess potential developmental delays: Using a surveillance algorithm as a strategy to support health care professionals in developing a pattern and practice for addressing developmental concerns in children from birth through 3 years of age. Limited to one (1) surveillance per year.
- Dyslipidemia Screening for all children. Please refer to the Bright Futures Periodicity Schedule for frequency information.
- Fluoride chemoprevention rinse or supplements for children ages 6 months to 17 years of age with a fluoride deficiency in their water source.
- Fluoride varnish for all infants at age 6 months, as soon as teeth are present, to children up to 5 years of age. A topical application administered in a pediatrician or dentist office. Limited to every 3-6 months for treatment.
- Gonorrhea preventive medication for the eyes of all newborns. Erythromycin ophthalmic ointment application to the eyes: Limited to one (1) treatment within 24 hours of birth.
- Hearing screening for all newborns and for children. Please refer to the Bright Futures Periodicity Schedule for frequency information.
- Height, weight and body mass index (BMI) measurements for children and adolescents ages: 0– 17 years. Limited to one (1) screening at the time of birth before discharge of hospital stay and at yearly wellness visit, as recommended by the American Academy of Pediatrics.
- Hepatitis B screening for adolescents at high risk for infection. Testing for antibodies to HBsAg (anti-HBs) and Hepatitis B core antigen (anti-HBc) is also done as part of a screening panel to help distinguish between infection and immunity. Periodic screening may be useful in patients with ongoing risk for HBV transmission who do not receive a vaccination. Screenings provided at the discretion of your Physician.

- HIV screening test for children and adolescents. Services include counseling and screening test for HIV preventive coverage for at least a one-time screening between the ages of 15 and 18 regardless of risk, and additional screening based on risk for children and adolescents, including those under the age of 15, up to every 3 to 6 months in high-risk cases. Please refer to the Bright Futures Periodicity Schedule for frequency information.
- Immunization vaccines for children from birth to age 18. (Note: doses, recommended ages and recommended populations vary). Coverage will be pursuant to the Recommended Immunization Schedule for Children and Adolescents Aged 18 Years or Younger, United States, 2018 (available at <https://www.cdc.gov/vaccines/schedules/hcp/child-adolescent.html>).
 - o Diphtheria, Tetanus, Pertussis (Whooping Cough) vaccination
 - o Haemophilus influenza type b vaccination
 - o Hepatitis A vaccination
 - o Hepatitis B vaccination
 - o Human Papillomavirus (HPV) vaccination
 - o Inactivated Poliovirus vaccination
 - o Influenza (flu shot) vaccination
 - o Measles vaccination
 - o Meningococcal meningitis vaccination
 - o Pneumococcal vaccination
 - o Rotavirus vaccination:
 - RotaTeq® (RV5)
 - Rotarix® (RV1)
 - o Varicella (Chickenpox) Vaccination
- Iron screening for children. Anemia is a condition in which the amount of red blood cells in the body is decreased below normal for your child's age. Please refer to the Bright Futures Periodicity Schedule for frequency information.
- Lead screening (screening for blood lead levels) for children at risk of lead poisoning as determined by a health care provider in accordance with standards adopted by the California Department of Public Health. Screenings provided at the discretion of your Physician.
- Medical history for all children throughout development. Growth and development includes not only the physical changes that will occur from infancy to adolescence, but also some of the changes in emotions, personality, behavior, thinking and speech that children develop as they begin to understand and interact with the world around them. Please refer to the Bright Futures Periodicity Schedule for frequency information.
- Obesity screening and counseling in children and adolescents (when necessary, clinicians should offer or refer them to comprehensive, intensive behavioral interventions to promote improvement in weight status). Please refer to the Bright Futures Periodicity Schedule for frequency information.

- Oral health risk assessment for young children. When an oral examination by a dentist is not possible, an infant should receive an oral health risk assessment by age 6 months by a pediatrician or other qualified oral health professional (e.g., dental hygienist) or other health professional. Infants within one of the following risk groups should be referred to a dentist as soon as possible: mother or other primary caregiver has active caries, parent or other caregiver has low socioeconomic status, child receives more than three between meal foods or beverages containing sugar per day, child is put to bed with a bottle or a sippy cup with beverage containing sugar, child has special health care needs, child is a recent immigrant, child has white spot lesions or enamel defects, child has visible cavities or fillings, child has plaque on teeth. Please refer to the Bright Futures Periodicity Schedule for frequency information.
- Regular well-baby and well-child visits. Please refer to the Bright Futures Periodicity Schedule for frequency information.
- Sexually transmitted infection prevention counseling, screening, and behavioral counseling for adolescents at higher risk. Screenings provided at the discretion of your Physician for Sexually Transmitted Diseases (STD) for sexually active patients under 25. Screenings for sexually transmitted diseases include, Chlamydia, Gonorrhea, HIV, Genital Herpes, Syphilis, Trichomoniasis, HPV, genital warts and cervical cancer.
- Skin cancer. Behavioral counseling intervention to help minimize exposure to ultraviolet (UV) radiation. Behavioral counseling interventions target sun-protection behaviors to reduce UV radiation exposure, including use of broad-spectrum sunscreen with a sun-protection factor of 15 or greater; wearing hats, sunglasses, or sun-protective clothing; avoiding sun exposure; seeking shade during midday hours (10 am to 4 pm); and avoiding indoor tanning bed use to reduce the risk of skin cancer for persons aged 6 months to 24 years. Limited to one (1) counseling intervention per year.
- Tuberculin testing for children at higher risk of tuberculosis ages: 0 months – 17 years. The Tuberculin skin test is performed by injecting a small amount of fluid (called tuberculin) into the skin on the lower part of the arm. Please refer to the Bright Futures Periodicity Schedule for frequency information.
- Vision screening for all newborns, children and adolescents (0-21). Vision screening can be performed by primary care providers, trained laypersons (e.g., school-based screenings), and eye care providers. Vision screening techniques are either provider-based (e.g., traditional acuity testing, inspection, red reflex testing) or instrument-based. Instrument-based screening can often be performed at an earlier age than provider-based acuity testing and allows earlier screening for risk factors that are likely to lead to amblyopia and poor vision. Please refer to the Bright Futures Periodicity Schedule for frequency information.

Preventive Care Services for women include:

- Anemia screening on a routine basis for pregnant women or women who may become pregnant. Several factors have been identified that may increase a pregnant woman's risk for iron deficiency anemia, including a diet lacking in iron-rich foods, gastrointestinal disease and/or medications that can decrease iron absorption, and a short interval between pregnancies. Limited to one (1) screening for anemia during the first prenatal visit. Limited to one (1) screening in high-risk pregnant women during each trimester and at 4 to 6 weeks postpartum.

- Anxiety screening for adolescent and adult women, including those who are pregnant or postpartum. Adolescent and adult women, including those who are pregnant and postpartum, should be assessed for anxiety as a routine preventive health service. Screenings provided at the discretion of your Physician.
- Breast cancer chemoprevention counseling and medications for women at higher risk. Women at high risk of breast cancer may be able to improve the odds of staying cancer-free by taking certain medicines, an approach known as chemoprevention or preventive therapy. Taking medicines to help lower the risk of getting a disease is called chemoprevention. The most commonly used medicine options to lower breast cancer risk are tamoxifen and raloxifene. Counseling and medication treatments at the discretion of your Physician.
- Breast cancer genetic counseling and testing (BRCA) for women at high risk. Genetic testing gives people the chance to learn if their breast cancer or family history of breast cancer is due to an inherited gene mutation. Genetic testing for hereditary breast and ovarian cancer looks for mutations in the BRCA1 and BRCA2 genes. Your Physician might suggest testing using a multigene panel, which looks for mutations in several genes at the same time, including BRCA1 and BRCA2. Counseling and testing are provided at the discretion of your Physician.
- Breast cancer mammography screenings (once annually for average risk women beginning at the age of 40). A mammogram is an x-ray picture of the breast. Doctors use a mammogram to look for early signs of breast cancer. Regular mammograms are the best tests doctors have to find breast cancer early, sometimes up to three years before it can be felt. A monthly self-exam should be performed. Limited to one (1) mammogram screening every year if not considered high risk. Limited to two (2) mammogram screenings for high risk members.
- Breastfeeding comprehensive lactation support services (including counseling, education, and breastfeeding equipment and supplies) during the antenatal, perinatal, and the postpartum period to ensure the successful initiation and maintenance of breastfeeding, for pregnant and nursing women as prescribed by Your Physician. We will determine the type of equipment, whether to rent or purchase the equipment, and the vendor. You can find out how to obtain a breast pump by calling the Customer Contact Center at the phone number on Your Health Net Life ID card.
- Cervical dysplasia screening for females at ages 21 - 65: For the early detection of abnormal changes in cells. Limited to one (1) screening per year or every 5 years screening with high-risk Human Papillomavirus (hrHPV) testing alone or every 5 years with hrHPV testing in combination with Pap (cotesting).
- Cervical cancer screening. These tests can help find cervical cells that are infected with HPV or other abnormal cells before they turn into cervical cancer. Limited to one (1) screening per year as part of annual well visit.
 - o Pap test (also referred to as a Pap smear) for women 21 – 65 and
 - o Human Papillomavirus (HPV) DNA test with the combination of a Pap smear every year for women 30 – 65 who don't want a more frequent Pap smear.
- Chlamydia infection screening for women age 24 and younger, and older women at increased risk. Generally performed as a urinalysis or a swab test. Limited to one (1) screening per year as part or annual well visit.

- Contraception (all FDA-approved contraceptive Drugs, devices, sterilization, and other products for women. Preventative contraception includes all FDA-approved contraceptive Drugs and devices, (including, but not limited to, IUDs, injectable and implantable contraceptives). Coverage also includes contraceptive counseling, contraceptive education, (including, but not limited to, follow-up and management of side effects of contraceptives, counseling for continued adherence) and contraceptive device placement and removal.
- Depression screening for pregnant and postpartum women. Screening for the presence of prenatal mood and anxiety disorders, using an evidence-based tool such as the Edinburgh Postnatal Depression Screen (EPDS) or Patient Health Questionnaire (PHQ-9). Screenings are provided at the discretion of your Physician.
- Depression interventions for pregnant and postpartum women. Pregnant and postpartum individuals who are at increased risk of perinatal depression will be provided with or referred to counseling interventions. Preventive intervention in this case applies to a pregnant woman and up to 1 year postpartum.
- Diabetes screening for women with a history of gestational diabetes who are not currently pregnant and who have not been diagnosed with type 2 diabetes before. Physicians may use blood tests to diagnose gestational diabetes. Patients may have the glucose challenge test, the oral glucose tolerance test, or both. Limited to one (1) screening per year as part of annual well visit.
- Domestic and interpersonal violence screening and counseling for all women (screening women of reproductive age for interpersonal and domestic violence is recommended, at least annually, and, when needed, providing or referring to ongoing support services). Limited to one (1) screening and counseling per year as part of annual well visit. However, additional treatment will be provided as needed, at the discretion of your Physician.
- Folic acid supplement counseling and testing (daily supplement containing 0.4 to 0.8 mg of folic acid) for women who may become pregnant. A folic acid test measures the amount of folic acid in the blood. Folic acid is one of many B vitamins. The body needs folic acid to make Red Blood Cells (RBC), White Blood Cells (WBC) and platelets, and for normal growth. Folic acid also is important for the normal development of a baby (fetus). Limited to one (1) testing and counseling per year as part of annual well visit.
- Gestational diabetes screening for women 24 to 28 weeks pregnant, as well as those at high risk of developing gestational diabetes. Testing can be performed one of two ways. There is formal systematic testing with a 75g, 2-hour OGTT for GDM between 24 and 28 weeks of gestation. There is also the one step approach, in the 1-step approach, a 75-g glucose load is administered after fasting and plasma glucose levels are evaluated after 1 and 2 hours. GDM is diagnosed if 1 glucose value fails at or one above the specified glucose threshold. Screenings are provided at the discretion of your Physician.
- Gonorrhea screening for all sexually active women. All pregnant women aged 25 years and older women at increased risk for gonorrhea (e.g., those with a new sex partner, more than one sex partner, a sex partner with concurrent partners, or a sex partner who has a sexually transmitted infection) should be screened for gonorrhea at the first prenatal visit. Screenings are provided at the discretion of your Physician.

- Hepatitis B screening for pregnant women at their first prenatal visit, as well as additional screening will be covered under preventive care at the time of admission for delivery if:
 - o The patient's HBsAg status is unknown (e.g., the woman did not obtain prenatal care or if she is admitted to a hospital other than the one that performed the screening at the first prenatal visit) or
 - o She has new or continuing risk factors for Hepatitis B virus (HBV) infection.

Screenings are provided at the discretion of your Physician.

- HIV screening and counseling for women. Services include counseling and screening for HIV. Screenings limited to every 3 or 6 months, depending on risk factors.
- Human Papillomavirus (HPV) screening test. The HPV test is primarily used to screen for cervical cancer and/or determine whether you may be at increased risk of cervical cancer if you are a woman between the ages of 30 and 65. The test determines whether your cervical cells are infected with a high-risk type of Human Papillomavirus (hrHPV). Limited to one (1) screening per year.
- Osteoporosis screening for postmenopausal women to prevent osteoporotic fractures is recommended with bone measurement testing, as follows:
 - o For postmenopausal women younger than 65 years at increased risk (as determined by a formal clinical risk assessment tool) and
 - o For postmenopausal women 65 years and older.

Limited to one (1) screening and counseling per year as part of annual well visit.

- Preeclampsia (PE) screening for pregnant women. All pregnant women should be screened for preterm PE. Biomarkers offer a potential for early diagnosis and effective treatments. Screenings are provided at each prenatal care visit and repeated as needed at the discretion of your Physician.
- Preeclampsia prevention. Low-dose aspirin is recommended as preventive medication after 12 weeks of gestation in women who are at high risk for preeclampsia. Counseling is provided at the discretion of your Physician.
- Rh incompatibility screening follow-up testing for women. This test often is done at the first prenatal visit. The results from this test also can suggest how severe the baby's hemolytic anemia has become. Screenings are at the discretion of your Physician. Rh (D) immunoglobulin is a medication used to prevent RhD isoimmunization in mothers who are RhD negative and to treat idiopathic thrombocytopenic purpura in people who are Rh positive. It is often given both during and following pregnancy. It may also be used when RhD negative people are given RhD positive blood. If an Rh(D)-positive or weakly Rh(D)-positive (e.g., Du-positive) infant is delivered, a dose of Rh(D) immunoglobulin should be repeated postpartum, preferably within 72 hours after delivery or at the discretion of your Physician.
- Sexually transmitted infections counseling and screenings for women. Screenings and counseling for sexually transmitted diseases include: Chlamydia, Gonorrhea, HIV, Genital Herpes, Syphilis, Trichomoniasis, HPV, genital warts and cervical cancer, as recommended at the discretion of your Physician.

- Syphilis screening for all pregnant women (pregnant women should be screened as early as possible in the pregnancy) or women who may become pregnant, as well as for any woman at increased risk. All women should be screened serologically for syphilis early in pregnancy. A Rapid Plasma Reagin (RPR) test screening and treatment (if the RPR test is reactive) should be performed at the time pregnancy is confirmed. Screenings are at the discretion of your Physician. Urinary incontinence screening for women yearly. Screening should ideally assess whether women experience urinary incontinence and whether it impacts their activities and quality of life. Screenings are at the discretion of your Physician.
- Urinary tract or other infection screening, antibiotic therapy and monitoring for pregnant women or women who may become pregnant. Urinary tract infections are diagnosed by performing a urinalysis, which looks for evidence of infection, such as bacteria and white blood cells in a sample of urine. Screenings, therapy and monitoring are at the discretion of your Physician.
- Well-woman visits. Well-woman visits include a full checkup, separate from any other visit for sickness or injury. These visits focus on preventive care for women, which may include: services, like shots, that improve your health by preventing diseases and other health problems. Preventive coverage for as many well-woman visits as are determined by your Physician to be necessary.

Preventive Care Services for adults include:

- Abdominal aortic aneurysm one-time screening for men of specified ages (65 to 75 years) who have ever smoked or who have smoked at least 100 cigarettes in their lifetime. Limited to one (1) screening and counseling per year as part of annual well visit.
- Alcohol misuse screening, interventions, and counseling is recommended for adults 18 years or older, including pregnant women (persons engaged in risky or hazardous drinking will be provided behavioral counseling interventions to reduce unhealthy alcohol use). Screenings, interventions, and counseling will be at the discretion of your Physician.
- Aspirin use to prevent cardiovascular disease and colorectal cancer for adults 50 to 59 years with a high cardiovascular risk. The USPSTF recommends initiating low-dose aspirin use for the primary prevention of cardiovascular disease and colorectal cancer in adults aged 50 to 59 years who have a 10% or greater 10 year cardiovascular risk, are not at increased risk for bleeding, have a life expectancy of at least 10 years, and are willing to take low-dose aspirin daily for at least 10 years. Aspirin interferes with your blood's clotting action. When you bleed, your blood's clotting cells, called platelets, build up at the site of your wound. The platelets help form a plug that seals the opening in your blood vessel to stop bleeding. Medication treatment is at the discretion of your Physician.
- Blood pressure screening. Screening should occur per general clinical practice guidelines for screening and management of high blood pressure. Limited to one (1) screening and counseling per year as part of annual well visit.
- Cholesterol screening for adults of certain ages or at higher risk. Adults age 20 or older should have their cholesterol and other traditional risk factors checked every four to six years. After age 40, your health care provider will also want to use an equation to calculate your 10-year risk of experiencing cardiovascular disease or stroke. Limited to one (1) screening and counseling per year as part of annual well visit.

- Colorectal Cancer: Screening for men and women age 50-75 for colorectal cancer. Fecal occult blood test/fecal immunochemical test annually; or fecal DNA testing (Cologuard) every 3 years; or flexible sigmoidoscopy every 5 years; or CT colonography every 5 years; or colonoscopy every 10 years. All surgical procedures such as polyp removal, anesthesia, consultations, readings/results of polyp biopsy as well as preparation associated with screening will be included as part of the screening in conjunction with frequency recommendations by the United States Preventive Services Task Force.
- Depression screening: For the detection of Major Depressive Disorder (MDD) in adults. When initial screening is positive, preventive coverage also includes additional assessment that considers severity of depression and comorbid psychological problems (e.g., anxiety, panic attacks, or substance abuse), alternate diagnoses, and medical conditions. Screenings, interventions, medications, and counseling will be at the discretion of your Physician.
- Diabetes (Type 2) screening for adults 40 to 70 years who are overweight or obese. Coverage includes intensive behavioral counseling interventions for patients with abnormal blood glucose to promote a healthful diet and physical activity). Screenings are at the discretion of your Physician.
- Falls prevention (with exercise or physical therapy and vitamin D use) for adults 65 years and over, living in a community setting and at increased risk for falls. This screening consists of asking patients whether they have fallen 2 or more times in the past year or sought medical attention for a fall, or, if they have not fallen, whether they feel unsteady when walking. Effective exercise interventions include supervised individual and group classes and physical therapy, although most studies reviewed by the USPSTF included group exercise. The most common frequency and duration for exercise interventions was 3 sessions per week for 12 months, although duration of exercise interventions ranged from 2 to 42 months.
- Healthy diet and physical activity counseling to prevent Cardiovascular Disease (CVD): adults with cardiovascular risk factors. Adults who are overweight or obese and have additional CVD risk factors will be offered/referred to intensive behavioral counseling interventions to promote a healthful diets and physical activity for CVD prevention. HNL will cover any intervention prescribed by a Physician as Preventive Care Services). Counseling frequencies and interventions are at the discretion of your Physician.
- Hearing screening: Hearing screening is a test to tell if people might have hearing loss. Limited to one (1) screening per year.
- Hepatitis B screening for people at high risk of infection. Testing for antibodies to HBsAg (anti-HBs) and Hepatitis B core antigen (anti-HBc) is also done as part of a screening panel to help distinguish between infection and immunity. Periodic screening may be useful in patients with ongoing risk for HBV transmission who do not receive vaccination. Screenings are at the discretion of your Physician.
- Hepatitis C screening for adults at increased risk, as well as offering a one-time screening for adults aged 18 to 79 years. Screening for hepatitis C is performed by measuring antibody to HCV (anti-HCV) in a person's serum. A positive test (detection of the antibody) is not a diagnosis of the disease; it only indicates that a person was previously exposed to hepatitis C. Screenings are at the discretion of your Physician.

- HIV preexposure prophylaxis for the prevention of HIV infection (clinicians should offer preexposure prophylaxis (PrEP) with effective antiretroviral therapy to persons who are at high risk of HIV acquisition). Pre-Exposure Prophylaxis (or PrEP) is a way for people who do not have HIV but who are at very high risk of getting HIV to prevent HIV infection by taking a pill every day. Screenings are at the discretion of your Physician. Preventive coverage without cost sharing for all of the following:
 - o HIV and other testing to initiate PrEP
 - o PrEP medication:
 - Truvada (or TE);
 - Descovy; and
 - tenofovir disoproxil fumarate
 - o Follow-up and monitoring, including but not limited to:
 - HIV testing every 3 months
 - Office visits to a primary care provider or specialist
 - Additional lab tests to monitor the effects of the PrEP medication
 - STI screening
- HIV screening for everyone ages 15 to 65, as well as other ages if at increased risk. An antibody-antigen blood test checks for levels of both HIV antibodies and the p24 antigen. Limited to one (1) screening every 3 or 6 months in high risk cases. Screenings are at the discretion of your Physician.
- Immunization vaccines for adults ages 18 and up. (note: doses, recommended ages and recommended populations vary): <https://www.cdc.gov/vaccines/schedules/hcp/adult.html>
 - o Diphtheria
 - o Hepatitis A
 - o Hepatitis B
 - o Herpes Zoster
 - o Human Papillomavirus (HPV)
 - o Influenza (flu shot) vaccination
 - o Measles
 - o Meningococcal
 - o Mumps
 - o Pertussis
 - o Pneumococcal
 - o Rubella
 - o Tetanus
 - o Varicella (Chickenpox)

- Lung cancer screening with low-dose computed tomography for adults 55 – 80 at high risk for lung cancer (they are heavy smokers or have quit in the past 15 years). During an LDCT scan, you lie on a table and an X-ray machine uses a low dose (amount) of radiation to make detailed images of your lungs. Screenings are at the discretion of your Physician.
- Nutritional counseling for adults at higher risk for chronic disease. A healthy diet helps properly manage and reduce their risks of chronic diseases, including obesity. Adults who eat a healthy diet live longer and have a lower risk of obesity, heart disease, type 2 diabetes, and certain cancers. Limited to one (1) counseling session per year.
- Obesity screening and counseling (those with a body mass index of 30 or higher should be offered or referred to intensive, multicomponent behavioral interventions). Screening are at the discretion of your Physician for BMI and behavioral therapy sessions that include a dietary assessment and counseling to help you lose weight by focusing on diet and exercise.
- Periodic health evaluations. A periodic health examination is an evaluation of your overall health status during which your doctor will evaluate your body, organs, and their functioning. Limited to one (1) annual screening.
- Screening and diagnosis of prostate cancer (including prostate-specific antigen testing and digital rectal examinations). One test is the digital rectal exam (DRE). The doctor or nurse inserts a lubricated, gloved finger into your rectum to feel the prostate for lumps or anything unusual. Another test is the prostate-specific antigen (PSA) blood test. Your PSA level may be high if you have prostate cancer. Limited to one (1) annual screening.
- Sexually transmitted infection (STI) prevention counseling for adults at higher risk.
- Skin cancer. Behavioral counseling intervention to help minimize exposure to ultraviolet (UV) radiation and reduce the risk of skin cancer for persons aged 6 months to 24 years. The screening checks the skin for moles, birthmarks, or other marks that are unusual in color, size, shape, or texture. Certain unusual marks may be signs of skin cancer. Behavioral counseling interventions target sun-protection behaviors to reduce UV radiation exposure, including use of broad-spectrum sunscreen with a sun-protection factor of 15 or greater; wearing hats, sunglasses, or sun-protective clothing; avoiding sun exposure; seeking shade during midday hours (10 am to 4 pm); and avoiding indoor tanning bed use and reduce the risk of skin cancer. Limited to one (1) annual screening.
- Smoking cessation intervention services, including behavioral management activities, tailored self-help materials, and tobacco cessation counseling sessions. We provide coverage for 4 in-person, 10-minute long individual or group counseling sessions, as well as 3 telephone counseling sessions. Services related to pharmacotherapy and behavioral interventions, and all combinations thereof, are covered as preventive care. Screenings are at the discretion of your Physician.
- Statin preventive medication for adults ages 40 to 75 years with no history of Cardiovascular Disease (CVD), 1 or more CVD risk factors, and a calculated 10 year CVD event risk of 10% or greater. Statins are a group of medicines that can help lower the level of Low-Density Lipoprotein (LDL) cholesterol in the blood. LDL cholesterol is often referred to as "bad cholesterol", and statins reduce the production of it inside the liver. Medication treatment coverage is for daily use of low-to moderate-dose statin without limit on duration. Screenings and medication treatments are at the discretion of your Physician.
- Syphilis screening for adults at higher risk. Screenings are at the discretion of your Physician.

- Tuberculosis screening for adults without symptoms at high risk. The Tuberculin skin test is performed by injecting a small amount of fluid (called tuberculin) into the skin on the lower part of the arm. Limited to one (1) screening during annual well visit.

IMPORTANT NOTICES

Covered Persons' Rights, Responsibilities, and Obligations Statement

HNL is committed to treating Covered Persons in a manner that respects their rights, recognizes their specific needs and maintains a mutually respectful relationship. In order to communicate this commitment, HNL has adopted these Covered Persons' rights and responsibilities. These rights and responsibilities apply to Covered Persons' relationships with HNL, its contracting practitioners and providers, and all other health care professionals providing care to its Covered Persons.

Covered Persons have the right to:

- Receive information about HNL, its services, its practitioners and providers and Covered Persons' rights and responsibilities;
- Be treated with respect and recognition of their dignity and right to privacy;
- Participate with practitioners in making decisions about their health care;
- A candid discussion of appropriate or Medically Necessary treatment options for their conditions, regard less of cost or benefit coverage;
- Request an interpreter at no charge to You;
- Use interpreters who are not Your family members or friends;
- File a grievance in Your preferred language by using the interpreter service or by completing the translated grievance form that is available on www.myhealthnetca.com;
- File a complaint if Your language needs are not met;
- Voice complaints or appeals about the organization or the care it provides; and
- Make recommendations regarding HNL's member rights and responsibilities policies.

Covered Persons have the responsibility and obligation to:

- Supply information (to the extent possible) that health care practitioners and providers need in order to provide care;
- Follow plans and instructions for care that they have agreed-upon with their practitioners; and
- Be aware of their health problems and participate in developing mutually agreed-upon treatment goals to the degree possible; and
- Refrain from intentionally submitting materially false or fraudulent claims or information to HNL.

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

PLEASE REVIEW IT CAREFULLY.

Covered Entities Duties:

Health Net** (referred to as "We" or "the Plan") is a Covered Entity as defined and regulated under the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Health Net is required by law to maintain the privacy of Your protected health information (PHI), provide You with this Notice of our legal duties and privacy practices related to Your PHI, abide by the terms of the Notice that is currently in affect and notify You in the event of a breach of Your unsecured PHI. PHI is information about You, including demographic information, that can reasonably be used to identify You and that relates to Your past, present or future physical or mental health or condition, the provision of health care to You or the payment for that care.

This Notice describes how We may use and disclose Your PHI. It also describes Your rights to access, amend and manage Your PHI and how to exercise those rights. All other uses and disclosures of Your PHI not described in this Notice will be made only with Your written authorization.

Health Net reserves the right to change this Notice. We reserve the right to make the revised or changed Notice effective for Your PHI We already have as well as any of Your PHI We receive in the future. Health Net will promptly revise and distribute this Notice whenever there is a material change to the following:

- o Uses or Disclosures
- o Your rights
- o Our legal duties
- o Other privacy practices stated in the notice.

We will make any revised Notices available on our website and in our Member Handbook.

Internal Protections of Oral, Written and Electronic PHI:

Health Net protects Your PHI. We have privacy and security processes to help.

These are some of the ways We protect Your PHI:

- o We train our staff to follow our privacy and security processes
- o We require our business associates to follow privacy and security processes

**This Notice of Privacy Practices also applies to enrollees in any of the following Health Net entities: Health Net of California, Inc., Health Net Community Solutions, Inc., Health Net Health Plan of Oregon, Inc., Managed Health Network, LLC and Health Net Life Insurance Company, which are subsidiaries of Health Net, LLC. and Centene Corporation. Health Net is a registered service mark of Health Net, LLC. All other identified trademarks/service marks remain the property of their respective companies. All rights reserved Rev. 01/10/2019

- o We keep our offices secure
- o We talk about Your PHI only for a business reason with people who need to know
- o We keep Your PHI secure when We send it or store it electronically

We use technology to keep the wrong people from accessing Your PHI

Permissible Uses and Disclosures of Your PHI:

The following is a list of how We may use or disclose Your PHI without Your permission or authorization:

- **Treatment** - We may use or disclose Your PHI to a Physician or other health care provider providing treatment to You, to coordinate Your treatment among providers, or to assist Us in making prior authorization decisions related to Your benefits.
- **Payment** - We may use and disclose Your PHI to make benefit payments for the health care services provided to You. We may disclose Your PHI to another health plan, to a health care provider, or other entity subject to the federal Privacy Rules for their payment purposes. Payment activities may include:
 - o processing claims
 - o determining eligibility or coverage for claims
 - o issuing Premium billings
 - o reviewing services for medical necessity
 - o performing utilization review of claims
- **Health Care Operations** - We may use and disclose Your PHI to perform our health care operations. These activities may include:
 - o providing customer services
 - o responding to complaints and appeals
 - o providing case management and care coordination
 - o conducting medical review of claims and other quality assessment and improvement activities
 - o In our health care operations, We may disclose PHI to business associates. We will have written agreements to protect the privacy of Your PHI with these associates. We may disclose Your PHI to another entity that is subject to the federal Privacy Rules. The entity must also have a relationship with You for its health care operations. This includes the following:
 - o quality assessment and improvement activities
 - o reviewing the competence or qualifications of health care professionals
 - o case management and care coordination
 - o detecting or preventing healthcare fraud and abuse

- **Group Health Plan/Plan Sponsor Disclosures** - We may disclose Your protected health information to a sponsor of the group health plan, such as an employer or other entity that is providing a health care program to You, if the sponsor has agreed to certain restrictions on how it will use or disclose the protected health information (such as agreeing not to use the protected health information for employment-related actions or decisions).

Other Permitted or Required Disclosures of Your PHI:

- **Fundraising Activities** - We may use or disclose Your protected health information for fundraising activities, such as raising money for a charitable foundation or similar entity to help finance its activities. If We do contact You for fundraising activities, We will give You the opportunity to opt-out, or stop, receiving such communications in the future.
- **Underwriting Purposes** - We may use or disclose Your PHI for underwriting purposes, such as to make a determination about a coverage application or request. If We do use or disclose Your PHI for underwriting purposes, We are prohibited from using or disclosing Your PHI that is genetic information in the underwriting process.
- **Appointment Reminders/Treatment Alternatives** - We may use and disclose Your PHI to remind You of an appointment for treatment and medical care with Us or to provide You with information regarding treatment alternatives or other health-related benefits and services, such as information on how to stop smoking or lose weight.
- **As Required by Law** - If federal, state, and/or local law requires a use or disclosure of Your PHI We may use or disclose Your PHI to the extent that the use or disclosure complies with such law and is limited to the requirements of such law. If two or more laws or regulations governing the same use or disclosure conflict, We will comply with the more restrictive laws or regulations.
- **Public Health Activities** - We may disclose Your PHI to a public health authority for the purpose of preventing or controlling disease, injury or disability. We may disclose Your PHI to the Food and Drug Administration (FDA) to ensure the quality, safety or effectiveness of products or services under the jurisdiction of the FDA.
- **Victims of Abuse and Neglect** - We may disclose Your PHI to a local, state, or federal government authority, including social services or a protective services agency authorized by law to receive such reports if We have a reasonable belief of abuse, neglect or domestic violence.
- **Judicial and Administrative Proceedings** - We may disclose Your PHI in judicial and administrative proceedings. We may also disclose it in response to the following:
 - o an order of court
 - o administrative tribunal
 - o subpoena
 - o summons
 - o warrant
 - o discovery request,
 - o similar legal request

- **Law Enforcement** - We may disclose Your PHI to law enforcement when required to do so. For example, in response to a:
 - o court order
 - o court-ordered warrant
 - o subpoena
 - o summons issued by a judicial officer
 - o grand jury subpoena

We may also disclose Your relevant PHI to identify or locate a suspect, fugitive, material witness, or missing person.

- **Coroners, Medical Examiners and Funeral Directors** - We may disclose Your PHI to a coroner or medical examiner. This may be necessary, for example, to determine a cause of death. We may also disclose Your PHI to funeral directors, as necessary, to carry out their duties.
- **Organ, Eye and Tissue Donation** - We may disclose Your PHI to organ procurement organizations. We may also disclose Your PHI to those who work in procurement, banking or transplantation of:
 - o cadaveric organs
 - o eyes
 - o tissues
- **Threats to Health and Safety** - We may disclose Your PHI if We believe, in good faith, that the use or disclosure is necessary to prevent or lessen a serious or imminent threat to the health or safety of a person or the public.
- **Special Government Functions** - If You are a member of U.S. Armed Forces, We may disclose Your PHI as required by military command authorities. We may also disclose Your PHI:
 - o to authorized federal officials for national security and intelligence activities
 - o the Department of State for medical suitability determinations
 - o for protective services of the President or other authorized persons
- **Workers' Compensation** - We may disclose Your PHI to comply with laws relating to workers' compensation or other similar programs, established by law, that provide benefits for work-related injuries or illness without regard to fault.
- **Emergency Situations** - We may disclose Your PHI in an emergency situation, or if You are incapacitated or not present, to a family member, close personal friend, authorized disaster relief agency, or any other person previously identified by You. We will use professional judgment and experience to determine if the disclosure is in Your best interests. If the disclosure is in Your best interest, We will only disclose the PHI that is directly relevant to the person's involvement in Your care.
- **Inmates** - If You are an inmate of a correctional institution or under the custody of a law enforcement official, We may release Your PHI to the correctional institution or law enforcement official, where such information is necessary for the institution to provide You with health care; to protect Your health or safety; or the health or safety of others; or for the safety and security of the correctional institution.

- **Research** - Under certain circumstances, We may disclose Your PHI to researchers when their clinical research study has been approved and where certain safeguards are in place to ensure the privacy and protection of Your PHI.

Uses and Disclosures of Your PHI That Require Your Written Authorization:

We are required to obtain Your written authorization to use or disclose Your PHI, with limited exceptions, for the following reasons:

Sale of PHI – We will request Your written authorization before We make any disclosure that is deemed a sale of Your PHI, meaning that We are receiving compensation for disclosing the PHI in this manner.

Marketing – We will request Your written authorization to use or disclose Your PHI for marketing purposes with limited exceptions, such as when We have face-to-face marketing communications with You or when We provide promotional gifts of nominal value.

Psychotherapy Notes – We will request Your written authorization to use or disclose any of Your psychotherapy notes that We may have on file with limited exception, such as for certain treatment, payment or healthcare operation functions.

Individual's Rights

The following are Your rights concerning Your PHI. If You would like to use any of the following rights, please contact Us using the information at the end of this Notice.

- **Right to Revoke an Authorization** - You may revoke Your authorization at any time, the revocation of Your authorization must be in writing. The revocation will be effective immediately, except to the extent that We have already taken actions in reliance of the authorization and before We received Your written revocation.
- **Right to Request Restrictions** - You have the right to request restrictions on the use and disclosure of Your PHI for treatment, payment or healthcare operations, as well as disclosures to persons involved in Your care or payment of Your care, such as family members or close friends. Your request should state the restrictions You are requesting and state to whom the restriction applies. We are not required to agree to this request. If We agree, We will comply with Your restriction request unless the information is needed to provide You with emergency treatment. However, We will restrict the use or disclosure of PHI for payment or health care operations to a health plan when You have paid for the service or item out of pocket in full.
- **Right to Request Confidential Communications** - You have the right to request that We communicate with You about Your PHI by alternative means or to alternative locations. This right only applies in the following circumstances: (1) the communication discloses PHI including all or part of the medical information or provider name and address relating to receipt of sensitive services, or (2) disclosure of PHI including all or part of the medical information or provider name and address could endanger You if it is not communicated by the alternative means or to the alternative location You want. You do not have to explain the reason for Your request, but Your request must clearly state that either the communication discloses PHI including all or part of the medical information or provider name and address relating to receipt of sensitive services or that disclosure of PHI including all or part of the medical information or provider name and address could endanger You if the communication means or location is not changed. We must accommodate Your request if it is reasonable and specifies the alternative means or location where Your PHI should be delivered.

- ***Right to Access and Receive Copy of Your PHI*** - You have the right, with limited exceptions, to look at or get copies of Your PHI contained in a designated record set. You may request that We provide copies in a format other than photocopies. We will use the format You request unless We cannot practicably do so. You must make a request in writing to obtain access to Your PHI. If We deny Your request, We will provide You a written explanation and will tell You if the reasons for the denial can be reviewed and how to ask for such a review or if the denial cannot be reviewed.
- ***Right to Amend Your PHI*** - You have the right to request that We amend, or change, Your PHI if You believe it contains incorrect information. Your request must be in writing, and it must explain why the information should be amended. We may deny Your request for certain reasons, for example if We did not create the information You want amended and the creator of the PHI is able to perform the amendment. If We deny Your request, We will provide You a written explanation. You may respond with a statement that You disagree with our decision and We will attach Your statement to the PHI You request that We amend. If We accept Your request to amend the information, We will make reasonable efforts to inform others, including people You name, of the amendment and to include the changes in any future disclosures of that information.
- ***Right to Receive an Accounting of Disclosures*** - You have the right to receive a list of instances within the last 6 years period in which We or our business associates disclosed Your PHI. This does not apply to disclosure for purposes of treatment, payment, health care operations, or disclosures You authorized and certain other activities. If You request this accounting more than once in a 12-month period, We may charge You a reasonable, cost-based fee for responding to these additional requests. We will provide You with more information on our fees at the time of Your request.
- ***Right to File a Complaint*** - If You feel Your privacy rights have been violated or that We have violated our own privacy practices, You can file a complaint with Us in writing or by phone using the contact information at the end of this Notice.

You can also file a complaint with the Secretary of the U.S. Department of Health and Human Services Office for Civil Rights by sending a letter to 200 Independence Avenue, S.W., Washington, D.C. 20201 or calling 1-800-368-1019, (TTY: 1-866-788-4989) or visiting www.hhs.gov/ocr/privacy/hipaa/complaints/.

WE WILL NOT TAKE ANY ACTION AGAINST YOU FOR FILING A COMPLAINT

- ***Right to Receive a Copy of this Notice*** - You may request a copy of our Notice at any time by using the contact information list at the end of the Notice. If You receive this Notice on our web site or by electronic mail (e-mail), You are also entitled to request a paper copy of the Notice.

Contact Information

If You have any questions about this Notice, our privacy practices related to Your PHI or how to exercise Your rights You can contact Us in writing or by phone using the contact information listed below.

Health Net Privacy Office

Financial Information Privacy Notice

THIS NOTICE DESCRIBES HOW FINANCIAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

We are committed to maintaining the confidentiality of Your personal financial information. For the purposes of this notice, "personal financial information" means information about an enrollee or an applicant for health care coverage that identifies the individual, is not generally publicly available, and is collected from the individual or is obtained in connection with providing health care coverage to the individual.

Information We Collect

We collect personal financial information about You from the following sources:

- Information We receive from You on applications or other forms, such as name, address, age, medical information and Social Security number;
- Information about Your transactions with Us, our affiliates or others, such as Premium payment and claims history; and
- Information from consumer reports.

Disclosure of Information

We do not disclose personal financial information about our enrollees or former enrollees to any third party, except as required or permitted by law. For example, in the course of our general business practices, We may, as permitted by law, disclose any of the personal financial information that We collect about You, without Your authorization, to the following types of institutions:

- To our corporate affiliates, such as other insurers;
- To nonaffiliated companies for our everyday business purposes, such as to process Your transactions, maintain Your account(s), or respond to court orders and legal investigations; and
- To nonaffiliated companies that perform services for Us, including sending promotional communications on our behalf.

Confidentiality and Security

We maintain physical, electronic and procedural safeguards, in accordance with applicable state and federal standards, to protect Your personal financial information against risks such as loss, destruction or misuse. These measures include computer safeguards, secured files and buildings, and restrictions on who may access Your personal financial information.

Questions About this Notice

If You have any questions about this notice, please **call the toll-free phone number on the back of Your ID card** or contact HNL at **1-888-926-4988**.

Nondiscrimination Notice

Health Net Life Insurance Company (Health Net) complies with applicable federal civil rights laws and does not discriminate, exclude people or treat them differently on the basis of race, color, national origin, ancestry, religion, marital status, gender, gender identity, sexual orientation, age, disability, or sex.

Health Net:

Provides free aids and services to people with disabilities to communicate effectively with us, such as qualified sign language interpreters and written information in other formats (large print, accessible electronic formats, other formats).

Provides free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages.

If you need these services, contact Health Net's Customer Contact Center at:

Individual & Family Plan (IFP) Covered Persons On Exchange/Covered California
1-888-926-4988 (TTY: 711)

Individual & Family Plan (IFP) Covered Persons Off Exchange 1-800-839-2172 (TTY: 711)

Individual & Family Plan (IFP) Applicants 1-877-609-8711 (TTY: 711)

Group Plans through Health Net 1-800-522-0088 (TTY: 711)

If you believe that Health Net has failed to provide these services or discriminated in another way based on one of the characteristics listed above, you can file a grievance by calling Health Net's Customer Contact Center at the number above and telling them you need help filing a grievance. Health Net's Customer Contact Center is available to help you file a grievance. You can also file a grievance by mail, fax or email at:

Health Net Life Insurance Company Appeals & Grievances

PO Box 10348

Van Nuys, CA 91410-0348

Fax: 1-877-831-6019

Email: Member.Discrimination.Complaints@healthnet.com (Covered Persons) or
Non-Member.Discrimination.Complaints@healthnet.com (Applicants)

You may submit a complaint by calling the California Department of Insurance at 1-800-927-4357 or online at <https://www.insurance.ca.gov/01-consumers/101-help/index.cfm>.

If you believe you have been discriminated against because of race, color, national origin, age, disability, or sex, you can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights (OCR), electronically through the OCR Complaint Portal, at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW, Room 509F, HHH Building, Washington, DC 20201, 1-800-368-1019 (TDD: 1-800-537-7697).

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

Language Assistance Services

HNL provides free language assistance services, such as oral interpretation, sign language interpretation, translated written materials and appropriate auxiliary aids for individuals with disabilities. HNL's Customer Contact Center has bilingual staff and interpreter services for additional languages to handle Covered Person's language needs. Oral interpretation services in Your language can be used for, but not limited to, explaining benefits, filing a grievance and answering questions related to Your health plan. Also, our Customer Contact Center staff can help You find a health care provider who speaks Your language. Call the Customer Contact Center number on Your HNL ID card for this free service and to schedule an interpreter. Providers may not request that a Covered Person bring his or her own interpreter to an appointment. There are limitations on the use of family and friends as interpreters. Minors can only be used as interpreters if there is an imminent threat to the patient's safety and no qualified interpreter is available. Language assistance is available 24 hours a day at all points of contact where a covered benefit or service is accessed. If You cannot locate a health care provider who meets Your language needs, You can request to have an interpreter available at no charge. Interpreter services shall be coordinated with scheduled appointments for health care services in such a manner that ensures the provision of interpreter services at the time of the appointment.

Notice of Language Services

English

No Cost Language Services. You can get an interpreter. You can get documents read to you and some sent to you in your language. For help, call the Customer Contact Center at the number on your ID card or call Individual & Family Plan (IFP) Off Exchange: 1-800-839-2172 (TTY: 711). For California marketplace, call IFP On Exchange 1-888-926-4988 (TTY: 711) or Small Business 1-888-926-5133 (TTY: 711). For Group Plans through Health Net, call 1-800-522-0088 (TTY: 711).
