NOTICE OF PROTECTION PROVIDED BY CALIFORNIA LIFE AND HEALTH INSURANCE GUARANTEE ASSOCIATION

This notice provides a brief summary regarding the protections provided to policyholders by the California Life and Health Insurance Guarantee Association ("the Association"). The purpose of the Association is to assure that policyholders will be protected, within certain limits, in the unlikely event that a member insurer of the Association becomes financially unable to meet its obligations. Insurance companies licensed in California to sell life insurance, health insurance, annuities and structured settlement annuities are members of the Association. The protection provided by the Association is not unlimited and is not a substitute for consumers' care in selecting insurers. This protection was created under California law, which determines who and what is covered and the amounts of coverage.

Below is a brief summary of the coverages, exclusions and limits provided by the Association. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations or the rights or obligations of the Association.

COVERAGE

- **Persons Covered**

Generally, an individual is covered by the Association if the insurer was a member of the Association and the individual lives in California at the time the insurer is determined by a court to be insolvent. Coverage is also provided to policy beneficiaries, payees or assignees, whether or not they live in California.

- **Amounts of Coverage**

The basic coverage protections provided by the Association are as follows.

- o **Life Insurance, Annuities and Structured Settlement Annuities**

For life insurance policies, annuities and structured settlement annuities, the Association will provide the following:

- **Life Insurance**

- 80% of death benefits but not to exceed \$300,000

- 80% of cash surrender or withdrawal values but not to exceed \$100,000

- **Annuities and Structured Settlement Annuities**

- 80% of the present value of annuity benefits, including net cash withdrawal and net cash surrender values but not to exceed \$250,000

The maximum amount of protection provided by the Association to an individual, for all life insurance, annuities and structured settlement annuities is \$300,000, regardless of the number of policies or contracts covering the individual.

- o **Health Insurance**

The maximum amount of protection provided by the Association to an individual, as of April 1, 2011, is \$470,125. This amount will increase or decrease based upon changes in the health care

cost component of the consumer price index to the date on which an insurer becomes an insolvent insurer.

COVERAGE LIMITATIONS AND EXCLUSIONS FROM COVERAGE

The Association may not provide coverage for this policy. Coverage by the Association generally requires residency in California. You should not rely on coverage by the Association in selecting an insurance company or in selecting an insurance policy.

The following policies and persons are among those that are excluded from Association coverage:

- A policy or contract issued by an insurer that was not authorized to do business in California when it issued the policy or contract
- A policy issued by a health care service plan (HMO), a hospital or medical service organization, a charitable organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company, an insurance exchange, or a grants and annuities society
- If the person is provided coverage by the guaranty association of another state.
- Unallocated annuity contracts; that is, contracts which are not issued to and owned by an individual and which do not guaranty annuity benefits to an individual
- Employer and association plans, to the extent they are self-funded or uninsured
- A policy or contract providing any health care benefits under Medicare Part C or Part D
- An annuity issued by an organization that is only licensed to issue charitable gift annuities
- Any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as certain investment elements of a variable life insurance policy or a variable annuity contract
- Any policy of reinsurance unless an assumption certificate was issued
- Interest rate yields (including implied yields) that exceed limits that are specified in Insurance Code Section 1607.02(b)(2)(C).

NOTICES

Insurance companies or their agents are required by law to give or send You this notice. Policyholders with additional questions should first contact their insurer or agent. To learn more about coverages provided by the Association, please visit the Association's website at www.califega.org, or contact either of the following:

Preferred Providers are providers who participate in the Health Net EnhancedCare PPO Network ("EnhancedCare PPO Network"). Providers that are not designated as part of the EnhancedCare PPO Network are treated as Out-of-Network Providers, even if they are included in the network for other Health Net plans.

Benefits may be modified by *Policy* amendments which may provide greater or lesser benefits. Any *Policy* amendments issued to You should be attached to this *Policy*.

HEALTH NET LIFE INSURANCE COMPANY (herein called HNL) agrees to provide benefits as described in this *Policy* to the Policyholder (herein called "You" or "Your") and Your eligible Dependents.

The coverage described in this *Policy* shall be consistent with the Essential Health Benefits coverage requirements in accordance with the Affordable Care Act (ACA). The Essential Health Benefits are not subject to any annual dollar limits.

The benefits described under this *Policy* do not discriminate on the basis of race, ethnicity, color, nationality, ancestry, national origin, sex, gender, gender identity, gender expression, age, disability, sexual orientation, genetic information, marital status, Domestic Partner status or religion, and are not subject to any pre-existing condition or exclusion period.

HNL will provide 60 days advance notice to Policyholders before the effective date of any material modification to this *Policy*, including changes in Preventive Care Services.

PLEASE READ THE FOLLOWING INFORMATION TO KNOW FROM WHOM OR WHICH GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

How to Obtain Care

Selecting a Primary Care Physician. HNL believes maintaining an ongoing relationship with a Physician who knows You well and whom You trust is an important part of a good health care program. That's why You are required to select a primary care Physician for Yourself and each member of Your family, even though You may go directly to any Preferred Provider without first seeing Your primary care Physician. Primary care Physicians can help provide, arrange and coordinate Your health care. Your out-of-pocket costs will depend on if the providers are Preferred Providers or Out-of-Network Providers.

You may designate any primary care Physician who participates in Our EnhancedCare PPO Network, and who is available to accept You or Your Dependents. Dependents may select different primary care Physicians. An obstetrician/gynecologist may be designated as a primary care Physician. For children, a pediatrician may be designated as the primary care Physician. Until You make this primary care Physician designation, HNL designates one for You. Information on how to select a primary care Physician and a listing of the participating Physicians in the EnhancedCare PPO Network, are available on the HNL website at www.myhealthnetca.com. You can also call the Customer Contact Center at the number shown on Your HNL ID card to request provider information or if You have questions involving

reasonable access to care. Primary care Physicians include general and family practitioners, internists, pediatricians and obstetricians/gynecologists.

You do not need prior Certification from HNL or from any other person (including a primary care Physician) in order to obtain access to obstetrical or gynecological care from a health care professional in Our Network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior Certification for certain services, following a pre-approved treatment plan, or procedures for making referrals.

You do not need to obtain a referral from Your primary care Physician or any other provider prior to receiving coverage or services for reproductive and sexual health care. Reproductive and sexual health care services include but are not limited to: pregnancy services, including contraceptives and treatment; diagnosis and treatment of sexual transmitted disease (STD); medical care due to rape or sexual assault, including collection of medical evidence; and HIV testing.

Preferred Providers are providers who have agreed to "participate" in the EnhancedCare PPO Network of HNL's Preferred Provider Organization program ("PPO"), which is called Health Net PPO. They have agreed to provide the Covered Persons under this *Policy* with Covered Services and Supplies as explained in this *Policy* and accept a special contracted rate, called the "Contracted Rate" as payment in full. The Covered Person's share of costs is based on that contracted rate. Preferred Providers are listed on the HNL website at www.myhealthnetca.com and selecting "Provider Search" or one can contact the Customer Contact Center at the telephone number on the HNL ID card to obtain a copy of the Preferred Provider Directory at no cost. If Medically Necessary care is not available through a Preferred Provider, HNL will arrange for the required care with available and accessible Out-of-Network Providers.

The EnhancedCare PPO Network is subject to change. It is Your responsibility to choose a provider that is listed as participating in the EnhancedCare PPO provider network directory. **IMPORTANT NOTE:** Please be aware that it is Your responsibility and in Your best financial interest to verify that the health care providers treating You are Preferred Providers, including:

- The Hospital or other facility where care will be given. After verifying that the Hospital or the facility is a Preferred Provider, You should not assume all providers at that Hospital or facility are also Preferred Providers; if You receive services from an Out-of-Network Provider at that Hospital or other facility, refer to "When Out-of-Network Services are received at an In-Network Health Facility" below for information on how those services are paid.
- The provider You select, or to whom You are referred, at the specific location at which You will receive care. Some providers participate at one location, but not at others.

Note: Not all providers who contract with HNL are Preferred Providers under this *Policy*. Providers that are not designated as part of the EnhancedCare PPO Network are considered Out-of-Network Providers, even if they have a contract with HNL for Health Net PPO or other plans.

Out-of-Network Providers have not agreed to participate in the EnhancedCare PPO Network. You may choose to obtain Covered Services and Supplies from an Out-of-Network Provider.

WHEN YOU USE OUT-OF-NETWORK PROVIDERS, BENEFITS ARE SUBSTANTIALLY REDUCED. WHEN YOU USE OUT-OF-NETWORK PROVIDERS, YOU WILL INCUR SIGNIFICANTLY HIGHER OUT-OF-POCKET EXPENSE. The Covered Person's out-of-pocket expense is greater because: (1) the Covered Person is responsible for a higher percentage of the benefits

than for the services of Preferred Providers; (2) HNL's benefit for Out-of-Network Providers is based on a percentage of the Maximum Allowable Amount; and (3) the Covered Person is financially responsible for any amounts Out-of-Network Providers charge in excess of this amount. Please refer to the definition of Maximum Allowable Amount in the "Definitions" section for details.

When Services are not Available through a Preferred Provider: If HNL determines that the Medically Necessary care You require is not available within the EnhancedCare PPO Preferred Provider network, HNL will authorize You to receive the care and will arrange for the required medically appropriate care from an available and accessible Out-of-Network Provider or facility. Covered Services and Supplies received from Out-of-Network Providers under these circumstances will be payable at the Preferred Provider level of coverage. Cost-sharing paid at the Preferred Provider level of coverage will apply toward the in-network Deductible and accrue to the in-network Out-of-Pocket Maximum and You will not be responsible for any amounts in excess of the Maximum Allowable Amount. If You need access to medically appropriate care that is not available in the EnhancedCare PPO Preferred Provider network, or are being billed for amounts in excess of the Maximum Allowable Amount for Covered Services received under these circumstances, please call the Customer Contact Center at the number shown on Your HNL ID card.

When Out-of-Network Non-Emergent Services are received at an In-Network Health Facility: In addition, if You receive covered non-emergent services at an in-network (EnhancedCare PPO network) health facility (including, but not limited to, a licensed Hospital, an ambulatory surgical center or other outpatient setting, a laboratory, or a radiology or imaging center), at which, or as a result of which, You receive non-emergent Covered Services by an Out-of-Network Provider, the non-emergent services provided by the Out-of-Network Provider will be payable at the Preferred Provider level of cost-sharing and Deductible, if applicable, and without balance billing (balance billing is the difference between a provider's billed charge and the Maximum Allowable Amount); the cost-sharing and Deductible will accrue to the Out-of-Pocket Maximum for Preferred Providers.

The Out-of-Network Provider may bill or collect from You the difference between a provider's billed charge and the Maximum Allowable Amount in addition to any applicable Out-of-Network Deductible(s), Copayments and/or Coinsurance, when You consent in writing at least 24 hours in advance of care. The Out-of-Network Provider must give You notice that consent is required within the following time frames:

- If the appointment is scheduled at least 72 hours in advance, notice and consent forms must be provided to You not later than 72 hours prior to the day when the service will be furnished.
- If the appointment is scheduled between 24 hours and 72 hours in advance, notice and consent forms must be provided to You on the day the appointment is scheduled, no later than 24 hours in advance of care.

Notice by the Out-of-Network Provider, and/or Your written consent, less than 24 hours in advance of care is not allowed.

In order to be valid, that consent must meet all of the following requirements: (1) The consent shall be obtained by the Out-of-Network Provider in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent shall not be obtained by the facility or any representative of the facility. The consent shall not be obtained at the time of admission or at any time when You are being prepared for surgery or any other procedure; (2) At the time the consent is provided, the Out-of-Network Provider shall give You a written estimate of Your total out-of-pocket

cost of care. The written estimate shall be based on the Out-of-Network Provider's billed charges for the service to be provided. The Out-of-Network Provider shall not attempt to collect more than the estimated amount without receiving separate written consent from You or Your authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the provider to change the estimate; (3) The consent shall advise You that You may elect to seek care from a Preferred Provider or may contact HNL in order to arrange to receive the health service from a Preferred Provider for lower out-of-pocket costs; (4) The consent shall also advise You that any costs incurred as a result of Your use of the Out-of-Network benefit shall be in addition to Preferred Provider cost-sharing amounts and may not count toward the annual Out-of-Pocket Maximum on Preferred Provider benefits or a Deductible, if any, for in-network benefits; and (5) The consent and estimate shall be provided in the language spoken by You, in certain circumstances.

The consent criteria in this provision do not apply, and an Out-of-Network Provider will always be subject to the limitations of this provision with respect to the following services:

- Ancillary services, meaning:
 - o Items and services related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a Physician or non-Physician practitioner;
 - o Items and services provided by assistant surgeons, hospitalists, and intensivists;
 - o Diagnostic services, including radiology and laboratory services; and
 - o Items and services provided by an Out-of-Network Provider if there is no Preferred Provider who can furnish such item or service at such facility.
- Items or services furnished as a result of unforeseen, urgent medical needs that arise at the time an item or service is furnished, regardless of whether the Out-of-Network Provider satisfied the consent criteria in this provision.

For information regarding HNL's payment for Out-of-Network Non-Emergent Services, please refer to the Maximum Allowable Amount definition in the "Definitions" section of this *Policy*.

When Emergency Services are provided by an Out-of-Network Provider

When Covered Services are received in connection with Emergency Care, You will pay the Preferred Provider level of cost-sharing, regardless of whether the provider is a Preferred Provider or an Out-of-Network Provider, and without balance billing. Balance billing is the difference between an Out-of-Network Provider's billed charge and the Maximum Allowable Amount. When You receive Emergency Care from an Out-of-Network Provider, Your payment of the cost-sharing will accrue toward the Deductible (if applicable) and the Out-of-Pocket Maximum for Preferred Providers.

For information regarding HNL's payment for Out-of-Network Emergency Care, please refer to the Maximum Allowable Amount definition in the "Definitions" section of this *Policy*.

THE CONTINUED PARTICIPATION OF ANY ONE PHYSICIAN, HOSPITAL OR OTHER PROVIDER CANNOT BE GUARANTEED.

THE FACT THAT A PHYSICIAN OR OTHER PROVIDER MAY PERFORM, PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE, SUPPLY OR HOSPITALIZATION DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY, OR MAKE IT A COVERED SERVICE.

To maximize the benefits received under this Health Net Ambetter PPO insurance plan, Covered Persons must use Preferred Providers.

HNL applies certain payment policies and rules to determine appropriate reimbursement that may affect Your responsibility (including, but not limited to, rules affecting reductions in reimbursement for charges for multiple procedures, services of an assistant surgeon, unbundled or duplicate items, and services covered by a global charge for the primary procedure). See the "Outpatient Surgery and Services" and "Hospital Stay" portions of the "Schedule of Benefits" section and the "Professional Surgical Services" portion of the "Medical Benefits" section for additional details. Additional information about HNL's reimbursement policies is available on the HNL website at www.myhealthnetca.com or by contacting HNL's Customer Contact Center at the telephone number listed on Your Health Net PPO Identification Card.

Some Hospitals and other providers do not provide one or more of the following services that may be covered under this *Policy* and that the Covered Person might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; Infertility treatments; or abortion. The Covered Person should obtain more information before enrollment by calling his or her prospective doctor, Preferred Provider, or clinic, or call HNL's Customer Contact Center at the telephone number on his or her HNL ID card, to ensure that the health care services needed can be obtained.

IF YOU HAVE QUESTIONS ABOUT COVERAGE, PLEASE CONTACT OUR MEMBER SERVICES DEPARTMENT BEFORE YOU RECEIVE SERVICES FROM A PROVIDER.

THE TERMS "YOU" OR "YOUR," WHEN THEY APPEAR IN THIS POLICY, REFER TO THE POLICYHOLDER. THE TERMS "WE," "OUR" OR "US," WHEN THEY APPEAR IN THIS POLICY, REFER TO HNL. PLEASE REFER TO "POLICYHOLDER" AND "HNL" IN THE "DEFINITIONS" SECTION FOR MORE INFORMATION.

DEFINITIONS

This section defines words that will help You understand Your plan. These words appear throughout the *Policy* with the initial letter of the word in capital letters. Definitions do not imply coverage and are subject to eligibility rules, coverage limitations and exclusions specified elsewhere in this *Policy*.

ACCIDENTAL INJURY is physical harm or disability which is the result of a specific unexpected incident caused by an outside force. The physical harm or disability must have occurred at an identifiable time and place. Accidental Injury does not include illness, infection (except infection of a cut or nonsurgical wound) or damage to the teeth or dental prosthesis caused by chewing.

ADVERSE BENEFIT DETERMINATION means a denial, reduction, or termination of, or a failure to provide or make payment, in whole or in part, for a benefit based on a determination of eligibility for coverage, the application of any utilization review, and a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental or Investigational or not Medically Necessary or appropriate. This also includes a rescission of coverage, regardless of whether the rescission adversely affects payment for any particular benefit at the time of the rescission.

AMBULANCE means an automobile or airplane (fixed wing or helicopter), which is specifically designed and equipped for transporting the sick or injured. It must have patient care equipment, including at least a stretcher, clean linens, first aid supplies and oxygen equipment. It must be staffed by at least two persons who are responsible for the care and handling of patients. One of these persons must be trained in advanced first aid. The vehicle must be operated by a business or agency which holds a license issued by a local, state or national governmental authority authorizing it to operate Ambulances.

BARIATRIC SURGERY PERFORMANCE CENTER is a provider in HNL's designated network of California bariatric surgical centers and surgeons that perform weight loss surgery. Providers that are not designated as part of HNL's network of Bariatric Surgery Performance Centers are considered Out-of-Network Providers, even if they have a contract with HNL, for purposes of determining coverage and benefits for weight loss surgery and are not covered.

BLOOD PRODUCTS are biopharmaceutical products derived from human blood, including but not limited to, blood clotting factors, blood plasma, immunoglobulins, granulocytes, platelets and red blood cells.

CALENDAR YEAR is the continuous, twelve-month period commencing January 1 of each year at 12:01 a.m., Pacific Time.

CALENDAR YEAR DEDUCTIBLE is the amount of medical Covered Expenses which must be incurred by You or Your family each Calendar Year and for which You or Your family has payment responsibility before benefits become payable by HNL.

CERTIFICATION refers to the process of obtaining approval from Us in advance of receiving certain services and supplies covered under this *Policy*. The "Schedule of Benefits" shows the penalties applicable to those expenses that are not certified in accordance with the provisions of this *Policy*. The requirements for Certification are described in the "Certification Requirements" section.

COINSURANCE is the percentage of the Covered Expenses, for which the Covered Person is responsible, as specified in the "Schedule of Benefits."

- His or her bodily functions, organs, or parts would become seriously damaged; or
- His or her bodily organs or parts would seriously malfunction.

Emergency Care includes, in conjunction with an emergency medical condition as described above, an appropriate medical screening examination as well as Covered Services and Supplies after the Covered Person is stabilized and as part of the outpatient observation or an inpatient or outpatient stay.

Emergency Care is also covered outside the Service Area, including outside the United States. Ambulance services will transport the Covered Person to the nearest 24-hour emergency facility with Physician coverage.

Emergency Care will also include additional screening, examination and evaluation by a Physician (or other health care provider acting within the scope of his or her license) to determine if a psychiatric emergency medical condition exists, and the care and treatment necessary to relieve or eliminate such condition, within the capability of the facility.

A "psychiatric emergency medical condition" means a Mental Health and Substance Use Disorder that manifests itself by acute symptoms of sufficient severity that it renders the patient as being either of the following:

- An immediate danger to himself or herself or to others.

 - o clinical efficacy,
 - o therapeutic value or beneficial effects on health outcomes, or
 - o benefits beyond any established medical based alternative.

A service is Investigational or Experimental if it meets any of the following criteria:

- It is currently the subject of active and credible evaluation (e.g., clinical trials or research) to determine:
 - o clinical efficacy,
 - o therapeutic value or beneficial effects on health outcomes, or
 - o benefits beyond any established medical based alternative.
- It is the subject of an active and credible evaluation and does not have final clearance from applicable governmental regulatory bodies (such as the US Food and Drug Administration "FDA") and unrestricted market approval for use in the treatment of a specified medical condition or the condition for which authorization of the service is requested.
- The most recent peer-reviewed scientific studies published or accepted for publication by nationally recognized medical journals do not conclude, or are inconclusive in finding, that the service is safe and effective for the treatment of the condition for which authorization of the service is requested.

MAXIMUM ALLOWABLE AMOUNT (MAA) is the amount on which HNL bases its reimbursement for Covered Services and Supplies provided by an Out-of-Network Provider, which may be less than the amount billed for those services and supplies. HNL calculates Maximum Allowable Amount as the lesser of the amount billed by the Out-of-Network Provider or the amount determined as shown below. Maximum Allowable Amount is not the amount that HNL pays for a Covered Service; the

actual payment will be reduced by applicable Coinsurance, Copayments, Deductibles and other applicable amounts shown in this *Policy*.

- **Maximum Allowable Amount for Covered Services and Supplies, excluding Emergency Care, pediatric Dental Services, and outpatient pharmaceuticals**, received from an Out-of-Network Provider is a percentage of what Medicare would pay, known as the Medicare Allowable Amount, as defined in this *Policy*.

For illustration purposes only, Out-of-Network Provider: 70% Plan Payment / 30% Coinsurance:

Nonparticipating Provider's billed charge for extended office visit.....	\$128.00
MAA allowable for extended office visit (example only; does not mean that MAA always equals this amount)	\$102.40
Your Coinsurance is 30% of MAA: 30% x \$102.40 (assumes Deductible has already been satisfied).....	\$30.72
You are also responsible for the difference between the billed charge (\$128.00) and the MAA amount (\$102.40)	\$25.60
Total amount of \$128.00 charge that is Your responsibility	\$56.32

The Maximum Allowable Amount for facility services, including but not limited to Hospital, Skilled Nursing Facility, and Outpatient Surgery, is determined by applying 150% of the Medicare Allowable Amount.

Maximum Allowable Amount for Physician and all other types of services and supplies is the lesser of the billed charge or 100% of the Medicare Allowable Amount.

In the event there is no Medicare Allowable Amount for a billed service or supply code:

- a. Maximum Allowable Amount for professional and ancillary services shall be 100% of FAIR Health's Medicare gapfilling methodology. Services or supplies not priced by gapfilling methodology shall be the lesser of: (1) the average amount negotiated with Preferred Providers within the geographic region for the same Covered Services or Supplies provided; (2) 50th percentile of FAIR Health database of professional and ancillary services not included in FAIR Health Medicare gapfilling methodology; (3) 100% of Medicare Allowable Amount for the same Covered Services or Supplies under alternative billing codes published by Medicare; or (4) 50% of the Out-of-Network Provider's billed charges for Covered Services. A similar type of database or valuation service will only be substituted if a named database or valuation services becomes unavailable due to discontinuation by the vendor or contract termination.
- b. Maximum Allowable Amount for facility services shall be the lesser of: (1) the average amount negotiated with Preferred Providers within the geographic region for the same Covered Services or Supplies provided; (2) 100% of the derived amount using a method developed by Data iSight for facility services (a data service that applies a profit margin factor to the estimated costs of the services rendered), or a similar type of database or valuation service, which will only be substituted if a named database or valuation services becomes unavailable due to discontinuation by the vendor or contract termination; (3) 150% of the Medicare Allowable Amount for the same Covered Services or Supplies under alternative billing codes published by Medicare; or (4) 50% of the Out-of-Network Provider's billed charges for Covered Services.

- **Maximum Allowable Amount for Out-of-Network Emergency Care** will be the greatest of: (1) the median of the amounts negotiated with Preferred Providers for the emergency service provided, excluding any in-network Copayment or Coinsurance; (2) the amount calculated using the same method HNL generally uses to determine payments for Out-of-Network providers, excluding any in-network Copayment or Coinsurance; or (3) the amount paid under Medicare Part A or B, excluding any in-network Copayment or Coinsurance. Emergency Care provided by an Out-of-Network Provider is subject to the Preferred Provider level of cost-sharing (and Deductible, if applicable) based on this MAA amount. You are not responsible for any charges in excess of the amount other than the Preferred Provider level of cost-sharing (and Deductible, if applicable).
- **Maximum Allowable Amount for non-emergent services at an in-network** (EnhancedCare PPO network) health facility, at which, or as a result of which, You receive non-emergent Covered Services by an Out-of-Network Provider, the non-emergent services provided by the Out-of-Network Provider will be payable at the greater of the average Contracted Rate or 125% of the amount Medicare reimburses on a fee-for-service basis for the same or similar services in the general geographic region in which the services were rendered unless otherwise agreed to by the noncontracting individual health professional and HNL.
- **Maximum Allowable Amount for covered outpatient pharmaceuticals** (including but not limited to injectable medications) dispensed and administered to the patient in an outpatient setting, including, but not limited to, Physician office, outpatient Hospital facilities, and services in the patient's home, will be the lesser of billed charges or the Average Wholesale Price for the drug or medication.
- **Maximum Allowable Amount for pediatric Dental Services** is calculated by HNL based on available data resources of competitive fees in that geographic area and must not exceed the fees that the Dental Provider would charge any similarly situated payor for the same services for each Covered Dental Service. The data resources of competitive fees are supplied by FAIR Health, which are updated twice a year. HNL reimburses non-Network Dental Providers at 55% of FAIR Health rates. You must pay the amount by which the non-Network provider's billed charge exceeds the Eligible Dental Expense.

The Maximum Allowable Amount may also be subject to other limitations on Covered Expenses. See "Schedule of Benefits," "Medical Benefits," and "General Exclusions and Limitations" sections for specific benefit limitations, maximums, prior certification requirements and payment policies that limit the amount HNL pays for certain Medical Services. In addition to the above, from time to time, HNL also contracts with vendors that have contracted fee arrangements with providers ("Third Party Networks"). In the event HNL contracts with a Third Party Network that has a contract with the Out-of-Network Provider, HNL may, at its option, use the rate agreed to by the Third Party Network as the Maximum Allowable Amount. Alternatively, HNL may, at its option, refer a claim for Out-of-Network Services to a fee negotiation service to negotiate the Maximum Allowable Amount for the service or supply provided directly with the Out-of-Network Provider. In either of these two circumstances, You will not be responsible for the difference between the Maximum Allowable Amount and the billed charges. You will be responsible for any applicable Deductible, Copayment and/or Coinsurance at the Out-of-Network level.

NOTE: When the Centers for Medicare and Medicaid Services (CMS) adjust the Medicare Allowable Amount, HNL will adjust, without notice, the Maximum Allowable Amount based on the CMS schedule currently in effect. Claims payment will be determined according to the schedule in effect at the time the

charges are incurred. Claims payment will also never exceed the amount the Out-of-Network Provider charges for the service or supply. You should contact the Customer Contact Center if You wish to confirm the Covered Expenses for any treatment or procedure You are considering.

For more information on the determination of Maximum Allowable Amount, or for information, services and tools to help You further understand Your potential financial responsibilities for Out-of-Network Services and Supplies please log on to www.myhealthnetca.com or contact HNL Customer Service at the number on Your identification card.

MEDICAID (identified as "Medi-Cal" in California) is the program of medical coverage provided by the states under Title XIX of the Social Security Act, as amended by Public Law 89-97, including any amendments which may be enacted in the future.

MEDICALLY NECESSARY (OR MEDICAL NECESSITY)

For services other than Mental Health or Substance Use Disorders: Medically Necessary (or Medical Necessity) means health care services and outpatient Prescription Drug benefits that a Physician, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, or health condition, and that are:

- In accordance with generally accepted standards of medical practice;
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and effective for the patient's illness, injury or disease; and
- Not primarily for the convenience of the patient, Physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, Physician Specialty Society recommendations, the views of Physicians practicing in relevant clinical areas and any other relevant factors.

For Treatment of Mental Health or Substance Use Disorders: Medically Necessary (or Medical Necessity) means a service or product addressing the specific needs of that patient, for the purpose of preventing, diagnosing, or treating an illness, injury, condition, or its symptoms, including minimizing the progression of that illness, injury, condition, or its symptoms, in a manner that is all of the following:

- In accordance with the generally accepted standards of Mental Health and Substance Use Disorder care.
- Clinically appropriate in terms of type, frequency, extent, site, and duration.
- Not primarily for the economic benefit of the health care service plan and subscribers or for the convenience of the patient, treating Physician, or other health care provider.

For these purposes:

- “Generally accepted standards of Mental Health and Substance Use Disorder care” means standards of care and clinical practice that are generally recognized by health care providers practicing in relevant clinical specialties such as psychiatry, psychology, clinical sociology, addiction medicine and counseling, and behavioral health treatment. Valid, evidence-based sources establishing generally accepted standards of Mental Health and Substance Use Disorder care include peer-reviewed scientific studies and medical literature, clinical practice guidelines and recommendations of nonprofit health care provider professional associations, specialty societies and federal government agencies, and drug labeling approved by the United States Food and Drug Administration.
- “Health care provider” means any of the following:
 - o A person who is licensed under Division 2 (commencing with Section 500) of the Business and Professions Code.
 - o An associate marriage and family therapist or marriage and family therapist trainee functioning pursuant to Section 4980.43.3 of the Business and Professions Code.
 - o A Qualified Autism Service Provider or qualified autism service professional certified by a national entity pursuant to Section 10144.51 of the Insurance Code and Section 1374.73.

For Pediatric Dental Services, Medically Necessary means Dental Services and supplies under this *Policy*, which are based on accepted dental practices and meet all of the following:

- Necessary to meet the basic dental needs of the Covered Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Covered Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - o Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or

- o Safe with promising efficacy.
 - For treating a life threatening dental disease or condition.
 - Provided in a clinically controlled research setting.
 - Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.
- For orthodontic benefits, when Medically Necessary to prevent disease and promote oral health, restore oral structures to health and function, and treat emergency conditions.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this *Policy*. The definition of Necessary used in this *Policy* relates only to Benefits under this *Policy* and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

MEDICARE is the name commonly used to describe Health Insurance Benefits for the Aged and Disabled provided under Public Law 89-97 as amended to date or as later amended.

MEDICARE ALLOWABLE AMOUNT: HNL uses available guidelines of Medicare to assist in its determination as to which services and procedures are eligible for reimbursement. HNL will, to the extent applicable, apply Medicare claim processing rules to claims submitted. HNL will use these rules to evaluate the claim information and determine accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying Medicare rules may affect the Maximum Allowable Amount if it is determined the procedure and/or diagnosis codes used were inconsistent with Medicare procedure coding rules or reimbursement policies.

Medicare pays 100% of the Medicare Allowable Amount. The Medicare Allowable Amount is subject to automatic adjustment by the Centers for Medicare and Medicaid Services (CMS), an agency of the federal government which regulates Medicare.

MENTAL HEALTH AND SUBSTANCE USE DISORDERS means a mental health condition or substance use disorder that falls under any of the diagnostic categories listed in the mental and behavioral disorders chapter of the most recent edition of the International Classification of Diseases or that is listed in the most recent version of the *Diagnostic and Statistical Manual of Mental Disorders*. Changes in terminology, organization, or classification of mental health and substance use disorders in future versions of the American Psychiatric Association's *Diagnostic and Statistical Manual of Mental Disorders* or the World Health Organization's International Statistical Classification of Diseases and Related Health Problems shall not affect the conditions covered by this definition as long as a condition is commonly understood to be a mental health or substance use disorder by health care providers practicing in relevant clinical specialties.

Penalties paid for services which were not certified as required will not be applied to the Out-of-Pocket Maximum, and Your responsibility for these penalties will continue to apply to these expenses after the Out-of-Pocket Maximum is reached. For a family plan, an individual is responsible only for meeting the individual Out-of-Pocket Maximum. - "Distant site" means a site where a health care provider for telehealth who provides health care services is located while providing these services via a telecommunications system.

TERM OF POLICY AND PREMIUMS

A. TERM OF POLICY AND TERMINATION

Coverage for this *Policy* will commence on the date shown in the Notice of Acceptance. This *Policy* shall remain in effect subject to the payment of Premiums as required, and subject to the right of HNL and the Policyholder to terminate it in accordance with the terms of the *Policy*.

The following describes the termination provisions of this *Policy*:

Coverage under this Policy will automatically terminate on the earliest to occur of the following dates:

- If any Premium as specified in the Notice of Acceptance is not paid before the end of the grace period, this *Policy* will terminate effective on midnight of the last day of the 30-day grace period. The Policyholder is liable for all Premiums due for the period coverage is in force.
- If the Policyholder ceases to be eligible according to the eligibility provisions of this *Policy*, coverage will be terminated for the Policyholder and any enrolled Dependents effective on midnight of the last day of eligibility.
- If a Dependent ceases to be eligible according to the eligibility provisions of this *Policy*, coverage will be terminated only for that person effective on midnight of the last day of eligibility.
- On midnight of the date in which entry of the final decree of dissolution of marriage, annulment or termination of domestic partnership occurs, a spouse or Domestic Partner shall cease to be an eligible Dependent. Children of the spouse or Domestic Partner who are not also the natural or legally adopted children of the Policyholder shall cease to be eligible Dependents at the same time.
- If a Policyholder obtains or attempts to obtain benefits under this *Policy* by means of fraud or intentional misrepresentations of material fact with respect to claims under this *Policy*, HNL may cancel coverage upon 30-day written notice.
- If a Policyholder performs an act or practice constituting fraud or makes an intentional misrepresentation of material fact with respect to an application for coverage, HNL may rescind this *Policy* upon 30 days written notice to the Policyholder, within 24 months following issuance of the *Policy*. After 24 months following the issuance of the *Policy*, HNL will not rescind the *Policy* for any reason or cancel the *Policy*, limit any of the provisions of the *Policy*, or raise Premiums on the *Policy* due to any omissions, misrepresentations, or inaccuracies in the application form, whether willful or not.
- The Policyholder has the right to request a review by the California Insurance Commissioner if the Policyholder believes his or her health insurance policy has been or will be wrongly canceled, rescinded or not renewed. HNL's notice of intent to cancel, rescind or non-renew the *Policy* will include information on how the Policyholder may request review by the California Insurance Commissioner.

B. TERMINATION UPON NOTICE

The Policyholder may terminate this *Policy* by notifying Health Net Life. In such an event, the *Policy* will end effective on midnight of the first day of the month following HNL's receipt of Your request to cancel.

If HNL discontinues offering health benefit plans in California, it will provide notice to the Commissioner of Insurance of California and to each affected Policyholder of its intention to discontinue offering health benefit plans to California Policyholders at least 180 days prior to termination of health benefit plan coverage.

If HNL decides to discontinue offering a particular health benefit plan in the market in California, it will:

- a. provide notice to the Commissioner of Insurance of California and each affected Policyholder of its intention to discontinue offering the particular health benefit plan in California;
- b. provide such notice at least 90 days prior to discontinuance of the particular health benefit plan; and
- c. offer to each affected Policyholder whose coverage is being discontinued, the option of replacing the discontinued plan with any other individual plan currently being offered by HNL in California, for which the Policyholder is eligible.

The written notice given by HNL to notify the Policyholder that coverage has terminated will be delivered to or mailed to the Policyholder at his/her last address as shown on HNL's records.

C. RENEWAL PROVISIONS

Subject to the termination provisions described in this *Policy*, coverage will remain in effect for each month Premium fees are received and accepted by HNL. This *Policy* is guaranteed renewable and HNL may only non-renew or cancel coverage for nonpayment of Premiums.

D. CHANGES IN PREMIUMS

Premiums may be changed by HNL on at least 60 days written notice to the Policyholder prior to the date of such change. Any change in Premium shall take effect on the first day of the next Calendar Year.

If a governmental authority (a) imposes a tax or fee that is computed on Premiums or (b) requires a change in coverage or administrative practice that increases HNL's risk, HNL may amend this *Policy* and increase the Premium sufficiently to cover the tax, fee or risk. The effective date shall be the date shown in a written notice from HNL to the Policyholder. The effective date shall become effective only upon renewal on the first day of the Calendar Year.

If this *Policy* is terminated for any reason, the Policyholder shall be liable for all Premiums for any time this *Policy* is in force.

E. GRACE PERIODS

A Grace Period of 30 days will be allowed for payment of any Premium due, except the first one. During this period, the *Policy* will remain in force (subject to the right of the HNL to cancel in accordance with the termination provision above). If the Policyholder fails to pay the required Premium when due, coverage could be canceled after a 30-day grace period. Before the 1st day of the grace period, HNL will send the Policyholder the Notice of Premium Delinquency, Grace Period and Intent to Nonrenew. During the 30-day grace period, HNL must continue Your coverage under this plan. If HNL does not receive payment of the delinquent Premiums within the 30-day grace

period, coverage will be terminated at the end of the grace period. The 30-day grace period shall end no sooner than the thirtieth day following the last day of coverage for which HNL has received payment. The Policyholder will be responsible for the full cost of any Medical Services rendered after the Covered Person's date of termination. The Policyholder shall not be permitted to unilaterally reinstate coverage through the submission of Premium payments after the date on which this *Policy* has been terminated pursuant to this provision. Refer to "Reinstatement" below for further information. Premium payments received by HNL following expiration of the grace period shall be returned to the Policyholder, and the Policyholder shall not be entitled to further coverage hereunder.

F. REINSTATEMENT

If any renewal Premium be not paid within the time granted the Policyholder for payment, a subsequent acceptance of Premium by HNL or by any agent duly authorized by HNL to accept such Premium, without requiring in connection therewith an application for reinstatement, shall reinstate the *Policy*; provided, however, that if HNL or such agent requires an application for reinstatement and issues a conditional receipt for the Premium tendered, the *Policy* will be reinstated upon approval of such application by HNL or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless HNL has previously notified the Policyholder in writing of its disapproval of such application. The Policyholder and HNL shall have the same rights thereunder as they had under the *Policy* immediately before the due date of the defaulted Premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. If You request reinstatement and pay all delinquent Premiums within 30 calendar days after the end of the grace period, HNL's acceptance of that Premium is not conditional and HNL will reinstate the *Policy*, effective as of the date the *Policy* was terminated for non-payment of Premium. If You do not request reinstatement within 30 calendar days after the expiration of the grace period, or if the *Policy* has previously been cancelled for non-payment of Premium during the previous twelve months, reinstatement will not be granted and You will need to reapply for coverage.

G. PAYMENT OF PREMIUMS

The Policyholder is responsible for payment of Premiums to HNL. Except for family members of the Policyholder or as required by law, HNL does not accept payments of Premiums on behalf of the Policyholder directly or indirectly from a Hospital, Home Health Care Agency, Hospice, Outpatient Surgical Center, Physician, Qualified Autism Provider, Residential Treatment Center, Skilled Nursing Facility, or other entities or persons which provide Covered Services and Supplies. An insurance agent or broker may remit payment of Premiums to HNL on behalf of the insured using only funds received from the insured or the insured's family members. HNL will not accept payment of Premiums remitted by an agent or broker using funds from financially interested third parties that are not authorized by law to pay Premiums on behalf of the insured. Upon discovery of any unacceptable payment described in this section, HNL will return it and inform the Policyholder that the payment is rejected and that the Premium remains due. A 30-day grace period will be allowed for payment of the Premium due, beginning on the date that HNL notifies the Policyholder that the payment was rejected. If HNL does not receive payment on or before the last day of the grace period, HNL will cancel coverage after the end of the grace period. Refer to the "Grace Periods" provision above for further information.

If You have end-stage renal disease and are eligible for Medicare, You remain eligible for enrollment in this plan until You are enrolled in Medicare. The Notice of Acceptance indicates the names of applicants who have been accepted for coverage, the Effective Date thereof and the Deductible selected.

Policyholders covered under this *Policy* may also enroll Dependents who satisfy the eligibility requirements for enrollment. Dependents can live outside the Service Area but must reside in the United States. The following types of Dependents describe those who may enroll in this *Policy*:

- Spouse: The legal spouse, as defined by California law.
- Domestic Partner: The registered Domestic Partner, as defined by California law.
- Children: The children of the Policyholder or the Policyholder's spouse or Domestic Partner (including legally adopted children, stepchildren and wards, as defined in the following provision), who are under 26 years of age. Coverage terminates on the last day of the Calendar Year in which the child turns 26 years of age unless the child is disabled.
- Wards: Children for whom the Policyholder or the Policyholder's spouse or Domestic Partner is a court-appointed guardian.
- Other child: Any child that You have assumed a parent-child relationship, in lieu of a parent-child relationship described above, as indicated by court order, intentional assumption of parental status, or assumption of parental duties by You, as certified by You at the time of enrollment of the child, and annually thereafter up to the age of 26 unless the child is disabled. Coverage terminates on the last day of the Calendar Year in which the child turns 26 years of age unless the child is disabled.

Disabled children 26 years of age and older.

A child is covered as a Dependent until the last day of the Calendar Year in which he or she turns 26 years of age. Children who reach age 26 are eligible to continue coverage beyond the last day of the Calendar Year or initiate new Dependent coverage if all of the following conditions apply:

- The child is incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition; and
- The child is chiefly dependent upon the Policyholder for support and maintenance.

If the Policyholder is enrolling a disabled child who is age 26 or older for new coverage, he or she must provide HNL with proof of incapacity and dependency within 60 days of the date the Policyholder receives a request for such information about the Dependent child from HNL.

HNL must provide the Policyholder notice at least 90 days prior to the last day of the Calendar Year during which his or her enrolled child reaches the age limit that coverage will terminate on the last day of the Calendar Year unless documentation of disability and dependency is provided by the Policyholder. The Policyholder must provide HNL with proof of his or her child's incapacity and dependency within 60 days of receipt of the notice. Coverage will continue until HNL makes a determination as to the child's disability and dependency.

The Policyholder must provide the proof of incapacity and dependency at no cost to HNL.

Following the disabled child's 28th birthday and no more often than annually thereafter, HNL may request that the Policyholder provide satisfactory evidence of the child's disability, and the Policyholder shall have 60 days to respond. A disabled child may remain covered by this plan for as long as he or she remains incapacitated and continues to meet the eligibility criteria described above.

Application for Coverage (Enrollment) and Effective Date for Newly Eligible Dependents

You are entitled to add newly eligible Dependents (subject to the applicable Premium payment) to this *Policy* as shown below:

- An application to add coverage for a newly married spouse or Domestic Partner will only be considered if We receive a completed application within sixty (60) days of marriage or Declaration of Domestic Partnership. Coverage shall begin on the first day of the month following the date the application for coverage is received. Other Dependents may also be added to the *Policy*.
- A newly adopted child, or a child who is being adopted, becomes eligible on the date of adoption or the date the Policyholder or his or her spouse or Domestic Partner receives physical custody of the child or the date of adoption or placement for adoption.

At the Policyholder's option, coverage begins effective either on (a) the date the Policyholder or his or her spouse or Domestic Partner receives physical custody of the child or the date of adoption or placement of adoption or (b) on the first day of the month following the date the Policyholder or his or her spouse or Domestic Partner receives physical custody of the child or the date of adoption or placement of adoption. Coverage will continue for 31 days from the date of eligibility. The Policyholder must enroll the child by the 60th day for coverage to continue beyond the first 31 days.

- Newborn children will automatically be covered for thirty-one (31) days (including the date of birth). If you do not enroll the newborn within 60 days (including the date of birth), he or she is covered for only 31 days. Coverage will be effective upon birth. Alternatively, the Policyholder may elect for coverage to begin on the first day of the month following the date of birth.
- If a court has ordered the Policyholder to provide coverage for an eligible Dependent, coverage will begin on the date the court order is effective or, at the option of the Policyholder, a date following enrollment. The Policyholder must enroll the eligible Dependent within sixty (60) days of the effective date of the court order and pay any required Premiums.

- The individual or his or her Dependent enrolled in any non-Calendar Year health plan or individual health insurance coverage, including both grandfathered and nongrandfathered health plans that expired or will expire, even if the individual or his or her Dependent has the option to renew such coverage. - The individual or his or her Dependent's enrollment or non-enrollment in the health benefit plan was unintentional, inadvertent or erroneous and is the result of the error, misrepresentation, misconduct or inaction of an officer, employee or agent of Covered California or the health benefit plan, or its instrumentalities as evaluated and determined by Covered California. In such cases, Covered California may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or inaction;
- The individual or his or her Dependent demonstrates to the Exchange (Covered California), with respect to health plans offered through Covered California, or the California Department of Insurance, with respect to health plans offered outside the Exchange that the individual or his or her Dependent did not enroll in a health benefit plan during the immediately preceding enrollment period available to the individual or his or her Dependent because the individual or his or her Dependent were misinformed about being covered under minimum essential coverage;
- It is determined by Covered California on a case-by-case basis that the individual or enrollee, or his or her Dependents, was not enrolled as a result of misconduct on the part of a non-Covered California entity providing enrollment assistance or conducting enrollment activities.
- The individual or his or her Dependent adequately demonstrated to Covered California that the health benefit plan substantially violated a material provision of its contract in relation to the enrollee;
- The individual or his or her Dependent is a member of the reserve forces of the United States military returning from active duty or a member of the California National Guard returning from active duty under Title 32 of United States Code.
- The individual is a victim of domestic abuse or spousal abandonment, as defined by 26 Code of Federal Regulation 1.36B-2, including a Dependent or unmarried victim within a household, are enrolled in minimum essential coverage and seek to enroll in coverage separate from the perpetrator of the abuse or abandonment. Dependents of the victim, who are on the same application as the victim, are also eligible to enroll at the same time as the victim.
- The individual or his or her Dependent applies for coverage through Covered California during the annual open enrollment period or due to a qualifying event and are assessed by Covered California as potentially eligible for Medi-Cal, and are determined ineligible for such coverage either after open enrollment has ended or more than 60 days after the qualifying event.
- The individual or his or her Dependent applies for coverage with Medi-Cal during the annual open enrollment period and are determined ineligible for such coverage after open enrollment has ended.
- The individual or his or her Dependent gains access to the Individual Coverage Health Reimbursement Arrangement (ICHRA) and are not already covered by the ICHRA.
- The individual or his or her Dependent is enrolled in COBRA continuation coverage for which an employer is paying all or part of the premiums, or for which a government entity is providing subsidies, and the employer completely ceases its contributions to the individual's or Dependent's COBRA continuation coverage or government subsidies completely cease. The triggering event is the last day of the period for which COBRA continuation coverage is paid for or subsidized, in whole or in part, by an employer or government entity.

"Minimum essential coverage" is the type of coverage an individual needs to have to meet the individual responsibility requirement under the Affordable Care Act. This includes individual market policies, job-based coverage, Medicare, Medicaid, CHIP, TRICARE and certain other coverage.

CERTIFICATION REQUIREMENTS

Some of the Covered Expenses under this insurance plan are subject to a requirement of Certification, or treatment review, before services are received, in order for the noncertification penalty to not apply.

Certification and any further Certifications are performed by HNL or an authorized designee. The telephone number which the Covered Person can use to obtain Certification is listed on the Health Net PPO Identification Card issued by HNL.

Certification is NOT a determination of benefits. Some of these services or supplies may not be covered under Your Plan. Even if a service or supply is certified, eligibility rules, and benefit limitations will still apply. However, HNL will not rescind or modify Certification after a provider renders health care services in good faith and pursuant to the Certification, and will pay benefits under this Policy for the services certified.

HNL will consider the Medical Necessity for the proposed treatment, the proposed level of care (Inpatient or Outpatient) and the duration of the proposed treatment.

In the event of an admission, a Concurrent Review will be performed. Confinement in excess of the number of days initially approved must be authorized by HNL.

Exceptions

Certification will not apply to outpatient procedures/services for the treatment, diagnosis or prevention of a Mental Health or Substance Use Disorder.

HNL does not require Certification for maternity care. However, please notify HNL at the time of the first prenatal visit.

Certification is not needed for the first 48 hours of Inpatient Hospital Services following a vaginal delivery, nor the first 96 hours following a cesarean section. However, please notify HNL within 24 hours following birth or as soon as reasonably possible; no penalty will apply if notification is not received. Certification must be obtained if the Physician determines that a longer Hospital stay is Medically Necessary either prior to or following the birth.

Certification is not required for the length of a Hospital stay for mastectomies, lymph node dissections and reconstructive surgery incident to a mastectomy (including lumpectomy).

Prior Authorization by HNL may be required for certain Drugs. Please refer to "Prior Authorization and Exception Request Process" in the "Outpatient Prescription Drug Benefits" section. You may refer to our website at www.myhealthnetca.com to review the Drugs that require a Prior Authorization as noted in the Essential Rx Drug List.

B. CERTIFICATION PROCEDURE

Certification must be requested by You, within the following periods:

- Five (5) or more business days before the proposed admission date or the commencement of treatment, except when due to a medical emergency.
- 72 hours or sooner, taking into account the medical exigencies, for proposed services needed urgently.
- In the event of being admitted into a Hospital following outpatient emergency room or Urgent Care center services for Emergency Care; please notify HNL of the Inpatient admission within 48 hours, or as soon as reasonably possible.
- Before admission to a Skilled Nursing Facility or Hospice Facility

In order to obtain Certification, the Covered Person or the Covered Person's Physician is responsible for contacting HNL as shown on the Health Net PPO Identification Card before receiving any service requiring Certification. If the Covered Person receives any such service and does not follow the procedures shown in this "Certification Requirements" section, the Noncertification Penalties stated in the "Schedule of Benefits" will be applied. However, for services that require notification only, the penalty will not apply.

Verbal Certification may be given for the service. Written Certification for Inpatient services will be sent to the patient and provider of service.

For Urgent Care requests, HNL will notify the Covered Person of Our decision as soon as possible, taking into account the medical exigencies, but not later than 72 hours from the receipt of the request. If additional information is necessary to make Our determination, HNL will notify the Covered Person (within 24 hours of the receipt of the request) of the specific information necessary to make the determination and a reasonable time frame (that is not less than 48 hours) to provide the information to HNL. HNL will notify the Covered Person of Our decision no later than 48 hours after the earlier of the receipt of the requested information, or the end of the time period to provide the requested information.

For all other requests in which the decisions are based in whole or in part on Medical Necessity, HNL will notify the Covered Person of Our decision not later than five (5) business days from the receipt of the request and information that is reasonably necessary to make the determination. For time frames of initial benefit determinations that are not based on Medical Necessity, refer to "Timing of Notice" under the "Notification of HNL's Initial Benefit Determination" provision in the "Coverage Decisions and Disputes Resolution" section of this *Policy*.

C. CONCURRENT REVIEW

Concurrent review is a type of treatment review that takes place during an Inpatient stay or as part of an ongoing course of treatment to be provided over a period of time or number of treatments. HNL performs utilization management services for Covered Persons using approved clinical criteria in order to facilitate medical appropriateness, promote quality and continuity of care, and to coordinate discharge planning. Therefore, in the event of an admission a concurrent review of the admission is performed.

For treatment involving Urgent Care, the request by the Covered Person or the Covered Person's Physician to extend the course of treatment beyond the period of time or number of treatments shall be decided as soon as possible, taking in to account the medical exigencies. The Covered Person will

be notified of Our decision within 24 hours of the receipt of the review request, provided that such a request is made to HNL at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

If concurrent review results in an Adverse Benefit Determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated. Refer to the "Resolution of Disputes" provision in this section if You disagree with Our decision.

D. RETROSPECTIVE REVIEW

Retrospective review is a type of treatment review that occurs when the initial review of a Certification request takes place after services have been rendered. Such delayed review follows the same general process as Certification prior to treatment and concurrent review, including evaluation of the reasons Certification was not obtained and application of the Certification penalty when appropriate, and evaluation of medical records for demonstration of Medical Necessity.

Covered Persons and providers will be notified of relevant decisions that are based in whole or in part on Medical Necessity, within 30 calendar days following the receipt of the claim and information that is reasonably necessary to make the determination. For time frames of initial benefit determinations that are not based on Medical Necessity, refer to "Timing of Notice" under the "Notification of HNL's Initial Benefit Determination" provision in the "Coverage Decisions and Disputes Resolution" section of this *Policy*.

E. NOTIFICATION OF ADVERSE BENEFIT DETERMINATION

If Certification, concurrent review, or retrospective review results in denial, delay, or modification of a covered service, HNL will send a written or electronic notice to the patient and to the provider of the service. HNL's decision will include a clear and concise explanation of the reasons for Our decision, a description of the criteria or guidelines used and the clinical reasons for the decisions regarding Medical Necessity. The explanation will also include the specific plan provisions on which determination is based. The Medical Necessity decisions communicated to the medical providers will include the name and telephone number of the health care professional responsible for the denial, delay or modification.

In the case of an Adverse Benefit Determination involving Urgent Care, HNL may provide the decision verbally as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the request. The written or electronic notice will be provided to the Covered Person not later than 3 days after the verbal notice. The notice of Our decision related to Urgent Care will also include a description of the expedited review process.

Except for the benefit determination in relation to concurrent review and Urgent Care, if HNL is unable to make a decision to approve, modify or deny the request within the timeframes described under "Certification Procedure," and "Retrospective Review" provisions because We are not in receipt of all of the information reasonably necessary and requested, or because HNL requires consultation by an expert reviewer, or because HNL has asked that an additional examination or test be performed upon the Covered Person, provided that the examination or test is reasonable and consistent with good medical practice, HNL will provide a complete response based on the facts as then known by HNL within the specified timeframe. This response will specify the information requested but not received, or the expert reviewer to be consulted, or the additional examinations or tests required. HNL shall also notify the provider and Covered Person of the anticipated date on

which a decision may be rendered. Upon receipt of all information reasonably necessary and requested by HNL, HNL shall approve, modify, or deny the request for authorization within the timeframes specified above.

In the case of denial, HNL will provide the following upon request:

- The criteria, guidelines, protocols, or other similar criterion used by HNL, or an entity with which HNL contracts for utilization review or utilization management functions, to determine whether to authorize, modify, delay, or deny health care services.
- If the adverse determination is based on Medical Necessity or Experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination.

F. EFFECT ON BENEFITS

If Certification is obtained and services are rendered within the scope of the Certification, benefits for Covered Expenses will be provided in accordance with the "Medical Benefits" section of this *Policy*.

If Certification is not obtained, but the Covered Person receives the services anyway, the Noncertification Penalties shown in "Schedule of Benefits" will be applied; a Noncertification Penalty will not be imposed if the benefit is not listed in the "Services Requiring Prior Certification" provision above. Failure to obtain Certification for an Essential Health Benefit, as defined under California Insurance Code section 10112.27, will not result in denial of coverage for that benefit.

G. RESOLUTION OF DISPUTES

In the event that You or Your Physician should disagree with any Certification, concurrent or retrospective review decision made, the following dispute resolution procedure must be followed:

- Either the Covered Person or the Covered Person's Physician may contact HNL to request an appeal of Our decision. Refer to the "Grievance and Appeals Process" provision in the "Coverage Decisions and Disputes Resolution" section for more details. Additional information may be requested, or the treating Physician may be consulted in any reconsideration. A written reconsideration decision will be provided.
- The Covered Person may request an Independent Medical Review as shown in the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" provision of the "Coverage Decisions and Disputes Resolution" section of this *Policy*. You must participate in HNL's grievance or appeals process before requesting Independent Medical Review (IMR) for Medical Necessity denials unless there is an imminent and serious threat to Your health. However, You will not be required to participate in the HNL's grievance or appeals process for more than 30 days. In the case of a grievance that requires expedited review, You will not be required to participate in HNL's grievance process for more than three days.
- The final step to resolve disputes, except disputes concerning Adverse Benefit Determinations as defined in the "Definitions" section of this *Policy*, is binding arbitration as shown in the "Arbitration" provision of the "Coverage Decisions and Disputes Resolution" section of this *Policy*.

MEDICAL BENEFITS

The services and supplies described below will be covered for the Medically Necessary treatment of a covered illness, injury or condition. These benefits are subject to all provisions of this *Policy*.

In addition, many of the Covered Services and Supplies listed herein are subject to Certification in many instances, prior to the expenses being incurred. If Certification is not obtained, the available benefits will be subject to the noncertification penalty as shown in the "Schedule of Benefits." Please refer to the "Certification Requirements" section of this *Policy* for further details.

An expense is incurred on the date the Covered Person receives the service or supply for which the charge is made. HNL shall not pay for expenses incurred for any services or supplies in excess of any visit or benefits maximum described in the "Schedule of Benefits" section or elsewhere in the *Policy*, nor for any service or supply excluded herein.

The fact that a Physician or other provider may perform, prescribe, order, recommend or approve a service, supply or hospitalization does not, in itself, make it Medically Necessary, or make it a covered service.

HNL will not make benefit payments for any Covered Person that exceed any of the benefit limits shown in the "Schedule of Benefits" section.

This Plan provides benefits required by the Newborns' and Mothers' Health Protection Act of 1996 and the Women's Health and Cancer Rights Act of 1998.

NOTE: Please read this description of plan benefits carefully. Please, also read the "Schedule of Benefits" section regarding the Covered Person's out of pocket expenses and "General Exclusions and Limitations," for details of any restrictions placed on the benefits.

Telephone Triage & Screening Services

Telephone triage or screening services to assess a Covered Person's health concerns and symptoms are available 24 hours per day, 7 days per week by contacting the Customer Contact Center at the telephone number on the HNL ID card. Health assessments will be performed by a Physician, registered nurse, or other qualified health professional acting within his or her scope of practice and who is trained to screen or triage an insured who may need care, for the purpose of determining the urgency of the Covered Person's need for care and arranging for care in a timely manner appropriate for the nature of the Covered Person's condition.

How Covered Expenses Are Covered

HNL will pay for Covered Expenses a Covered Person incurs under this plan. Covered Expenses are based on the maximum charge HNL will accept for each type of provider, not necessarily the amount a Physician or other health care provider bills for the service or supply. Other limitations on Covered Expenses may apply. See "Schedule of Benefits," "Medical Benefits" and "General Exclusions and Limitations" sections for specific benefit limitations, maximums, pre-certification requirements and payment policies that limit the amount HNL pays for certain Covered Services and Supplies.

This benefit plan provides both Preferred Provider and Out-of-Network Provider benefits for services (including behavioral health treatment) within California. This benefit plan does not provide benefits for services (including services for behavioral health treatment) outside California, except for Urgent Care and Emergency Care. Copayments and Coinsurance for Urgent Care and Emergency Care services received outside of California will apply toward the in-network Deductible and Out-of-Pocket Maximum. Outside the United States, coverage is limited to Urgent Care and Emergency Care, as described under "Foreign Travel or Work Assignment" in the "General Provisions" section.

Preferred Providers

The maximum amount of Covered Expenses for a service or supply provided by a Preferred Provider is the lesser of the billed charge or the amount contracted in advance by HNL, referred to in this *Policy* as the Contracted Rate.

Since the Preferred Provider has agreed to accept the Contracted Rate as payment in full, the Covered Person will not be responsible for any amount billed in excess of the Contracted Rate. However, he or she is responsible for any applicable Deductible(s), Copayments or Coinsurance payment required. The Covered Person is always responsible for services or supplies not covered by this plan.

Out-Of-Network Providers

The maximum amount HNL will pay for Covered Expenses when services or supplies are received from an Out-of-Network Provider is the lesser of the billed charge or the Maximum Allowable Amount as defined in the "Definitions" section.

Since the Out-of-Network Provider has not agreed to accept the Maximum Allowable Amount as payment in full, the amount billed by the Out-of-Network Provider may exceed the Maximum Allowable Amount. The Covered Person will need to pay that excess amount, in addition to any applicable Deductible(s), Copayments or Coinsurance payment required. The Covered Person is always responsible for services or supplies not covered by this plan. Once the Maximum Allowable Amount is determined, the amount that HNL pays an Out-of-Network Provider and the amount which will be Your responsibility are determined as follows:

HNL pays an Out-of-Network Provider an amount equal to the Maximum Allowable Amount, less any Deductible(s), Copayments and/or Coinsurance applicable to the Covered Expense for the service or supply that You receive.

The portion of the Maximum Allowable Amount that will be Your responsibility is any Deductible(s), Copayments and/or Coinsurance applicable to the Covered Expense for the service or supply that You receive.

Unless the Out-of-Network Provider has agreed to accept the Maximum Allowable Amount as payment in full, as described in the definition of Maximum Allowable Amount, the amount billed by the Out-of-Network Provider may exceed the Maximum Allowable Amount. You will be responsible for that excess amount, in addition to any applicable Deductible(s), Copayments and/or Coinsurance payment required. In addition, You are always responsible for services or supplies not covered by this plan.

When Services are not Available through a Preferred Provider: If HNL determines that the Medically Necessary care You require is not available within the EnhancedCare PPO Preferred Provider network, HNL will authorize You to receive the care from an Out-of-Network Provider or facility and

will arrange for the required medically appropriate care with an available and accessible Out-of-Network Provider or facility. Covered Services and Supplies received from Out-of-Network Providers under these circumstances will be payable at the Preferred Provider level of coverage. Cost-sharing paid at the Preferred Provider level of coverage will apply toward the in-network Deductible and accrue to the in-network Out-of-Pocket Maximum and You will not be responsible for any amounts in excess of the Maximum Allowable Amount. If You need access to medically appropriate care that is not available in the EnhancedCare PPO Preferred Provider network, or are being billed for amounts in excess of the Maximum Allowable Amount for Covered Services received under these circumstances, please call the Customer Contact Center at the number shown on Your HNL ID card.

When Out-of-Network Non-Emergent Services are received at an In-Network Health Facility: In addition, if You receive covered non-emergent services at an in-network (EnhancedCare PPO network) health facility (including, but not limited to, a licensed Hospital, an ambulatory surgical center or other outpatient setting, a laboratory, or a radiology or imaging center), at which, or as a result of which, You receive non-emergent Covered Services by an Out-of-Network Provider, the non-emergent services provided by the Out-of-Network Provider will be payable at the Preferred Provider level of cost-sharing and Deductible, if applicable, and without balance billing (balance billing is the difference between a provider's billed charge and the Maximum Allowable Amount); the cost-sharing and Deductible will accrue to the Out-of-Pocket Maximum for Preferred Providers.

The Out-of-Network Provider may bill or collect from You the difference between a provider's billed charge and the Maximum Allowable Amount in addition to any applicable Out-of-Network Deductible(s), Copayments and/or Coinsurance, when You consent in writing at least 24 hours in advance of care. The Out-of-Network Provider must give You notice that consent is required within the following time frames:

- If the appointment is scheduled at least 72 hours in advance, notice and consent forms must be provided to You not later than 72 hours prior to the day when the service will be furnished.
- If the appointment is scheduled between 24 hours and 72 hours in advance, notice and consent forms must be provided to You on the day the appointment is scheduled, no later than 24 hours in advance of care.

Notice by the Out-of-Network Provider, and/or Your written consent, less than 24 hours in advance of care is not allowed.

In order to be valid, that consent must meet all of the following requirements: (1) The consent shall be obtained by the Out-of-Network Provider in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent shall not be obtained by the facility or any representative of the facility. The consent shall not be obtained at the time of admission or at any time when You are being prepared for surgery or any other procedure; (2) At the time the consent is provided, the Out-of-Network Provider shall give You a written estimate of Your total out-of-pocket cost of care. The written estimate shall be based on the Out-of-Network Provider's billed charges for the service to be provided. The Out-of-Network Provider shall not attempt to collect more than the estimated amount without receiving separate written consent from You or Your authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the provider to change the estimate; (3) the consent shall advise You that You may elect to seek care from a Preferred Provider or may contact HNL in order to arrange to receive the health service from a Preferred Provider for lower out-of-pocket costs; (4) The consent shall also advise You that any costs incurred as a result of Your use of the Out-of-Network

benefit shall be in addition to Preferred Provider cost-sharing amounts and may not count toward the annual Out-of-Pocket Maximum on Preferred Provider benefits or a Deductible, if any, for in-network benefits; and (5) the consent and estimate shall be provided in the language spoken by You, in certain circumstances.

The consent criteria in this provision do not apply, and an Out-of-Network Provider will always be subject to the limitations of this provision with respect to the following services:

- Ancillary services, meaning:
 - o Items and services related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a Physician or non-Physician practitioner;
 - o Items and services provided by assistant surgeons, hospitalists, and intensivists;
 - o Diagnostic services, including radiology and laboratory services; and
 - o Items and services provided by an Out-of-Network Provider if there is no Preferred Provider who can furnish such item or service at such facility.
- Items or services furnished as a result of unforeseen, urgent medical needs that arise at the time an item or service is furnished, regardless of whether the Out-of-Network Provider satisfied the consent criteria in this provision.

For information regarding HNL's payment for Out-of-Network Non-Emergent Services, please refer to the Maximum Allowable Amount definition in the "Definitions" section of this *Policy*.

When Emergency Services are provided by an Out-of-Network Provider

When Covered Services are received in connection with Emergency Care, You will pay the Preferred Provider level of cost-sharing, regardless of whether the provider is a Preferred Provider or an Out-of-Network Provider, and without balance billing. Balance billing is the difference between an Out-of-Network Provider's billed charge and the Maximum Allowable Amount. When You receive Emergency Care from an Out-of-Network Provider, Your payment of the cost-sharing will accrue toward the Deductible (if applicable) and the Out-of-Pocket Maximum for Preferred Providers.

For information regarding HNL's payment for Out-of-Network Emergency Care, please refer to the Maximum Allowable Amount definition in the "Definitions" section of this *Policy*.

Important Note: Even if a Hospital is a Preferred Provider, the Covered Person should not assume that all Physicians at the Hospital and other individual providers of health care are Preferred Providers. If You receive non-emergent services from an Out-of-Network Provider at that Hospital or other facility, refer to "When Out-of-Network Services are received at an In-Network Health Facility" above for information on how those services are paid.

Out-of-Pocket Limits on Expenses

When the Covered Person's total Copayments, Coinsurance, and Calendar Year Deductible payments for the medical, Prescription Drug, pediatric vision, and pediatric dental benefits, during any Calendar Year, equal the Out-of-Pocket Maximum shown in the "Schedule of Benefits" section, no further Deductibles, Copayments or Coinsurance will be required from that Covered Person for the remainder of that Calendar Year. (See the "Schedule of Benefits" section for exceptions.)

Copayments or Coinsurance paid for the services of a Preferred Provider will **not** apply toward the Out-of-Pocket Maximum for Out-of-Network Providers. In addition, Coinsurance paid for the services of an Out-of-Network Provider will **not** apply toward the Out-of-Pocket Maximum for Preferred Providers. However, Deductibles, Copayments or Coinsurance paid for Out-of-Network Emergency Care (including emergency medical transportation and emergency Hospital care) will be applied to the Out-of-Pocket Maximum for Preferred Providers.

Medical Deductibles

- After HNL determines the amount of Covered Expenses, HNL will subtract the applicable Deductible(s) and either the Copayment or the Coinsurance that applies to the covered service or supply. HNL will then pay up to the benefit limit shown in the "Schedule of Benefits" section.
- Only Covered Expenses will be applied to the satisfaction of the Deductible(s) shown in this *Policy*.
- Expenses incurred under the Prescription Drug Benefit will not be applied to the Calendar Year Deductible.

<https://brightfutures.aap.org/Pages/default.aspx>

Your Physician will evaluate Your health status (including, but not limited to, Your risk factors, family history, gender and/or age) to determine the appropriate Preventive Care Services and frequency. HNL will not make its own determinations as to risk and will defer to the Physician’s decision. Additional information regarding Preventive Care Services may be accessed through (<https://www.healthcare.gov/coverage/preventive-care-benefits/>).

Preventive Care Services are covered as shown in the "Schedule of Benefits" section. Please consult with Your Physician to determine whether a specific service is preventive or diagnostic (cost sharing may differ, depending on whether a benefit is considered preventive care or not).

Outpatient Surgery and Services

Professional Surgical Services

Surgery includes surgical reconstruction of a breast incident to a mastectomy (including lumpectomy), including surgery to restore symmetry; it also includes prosthesis and treatment of physical complications at all stages of mastectomy, including lymphedema.

HNL uses guidelines of Medicare and its contractors, other governmental regulatory bodies and nationally recognized medical societies and organizations to assist in its determination as to which services and procedures are eligible for reimbursement. HNL uses available Medicare guidelines to determine the circumstances under which claims for assistant surgeon services and co-surgeon and team surgeon services will be eligible for reimbursement, in accordance with HNL's normal claims filing requirements.

When adjudicating claims for Covered Services for the postoperative global period for surgical procedures, HNL applies Medicare's global surgery periods to the American Medical Association defined Surgical Package. The Surgical Package includes typical postoperative care. These criteria include consideration of the time period for recovery following surgery and the need for any subsequent services or procedures which are part of routine postoperative care.

When multiple procedures are performed at the same time, Covered Expenses include the Contracted Rate or Maximum Allowable Amount (as applicable) for the first (or major) procedure and one-half the Contracted Rate or Maximum Allowable Amount for each additional procedure. HNL uses available Medicare guidelines to determine the circumstances under which claims for multiple surgeries will be eligible for reimbursement, in accordance with HNL's normal claims filing requirements. No benefit is payable for incidental surgical procedures, such as an appendectomy performed during gall bladder surgery.

HNL uses available Medicare guidelines to determine which services and procedures billed by an Out-of-Network Provider are eligible for payment separately or as part of a bundled package, including but not limited to, which items are separate professional or technical components of services and procedures. HNL also uses proprietary guidelines to identify potential billing inaccuracies.

Certification may be required for outpatient surgery, including Outpatient Surgical Center and professional surgical services. Please refer to the "Certification Requirements" section of this *Policy* for details.

The transplant must be Medically Necessary and the Covered Person must qualify for the transplant. Please refer to the "Certification Requirements" section for information on how to obtain Certification.

HNL has a specific network of designated Transplant Performance Centers to perform organ, tissue and stem cell transplants. Your Physician can provide You with information about this network. You will be directed to a Transplant Performance Center at the time Certification is obtained. Providers that are not designated as part of HNL's network of Transplant Performance Centers are considered Out-of-Network Providers, even if they have a contract with HNL, for purposes of determining coverage and benefits for transplants and transplant-related services and are not covered.

Medically Necessary services, in connection with organ, tissue or stem cell transplants, are covered as follows:

Need Immediate Attention

Emergency Care

HNL uses a prudent layperson standard to determine whether the criteria for Emergency Care have been met. HNL applies the prudent layperson standard to evaluate the necessity of medical services which a Covered Person accesses in connection with a condition that the Covered Person perceives to be an emergency situation. Please refer to "Emergency Care" in the "Definitions" section to see how the prudent layperson standard applies to the definition of "Emergency Care."

Emergency Care is available and accessible to all Covered Persons in the Service Area 24 hours a day, seven days a week. Paramedic and Ambulance services that do not meet these conditions or which do not result in a transportation will be covered only if Certification is obtained and the services are Medically Necessary.

Non-emergency Ambulance and psychiatric transport van services are covered if a Physician determines that the Covered Person's condition requires the use of services that only a licensed Ambulance (or psychiatric transport van) can provide and that the use of other means of transportation would endanger the Covered Person's health. Services are only covered when the vehicle transports insured to or from Covered Services. Non-emergency Ambulance services do not include transportation by car, taxi, bus, gurney van, wheelchair van, and any other type of transportation (other than a licensed Ambulance or psychiatric transport van), even if it is the only way to travel to a provider.

Pregnancy

*The coverage described below meets requirements for Hospital length of stay under the **Newborns' and Mothers' Health Protection Act of 1996**, which requires that:*

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from HNL or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Hospital and Professional Services will be covered, including prenatal and postnatal care, and delivery. Covered Expenses include prenatal diagnostic procedures and services provided by the California Prenatal Screening Program (formerly Expanded Alpha-Fetoprotein Program) and by other providers in connection with participation in the California Prenatal Screening Program.

Birthing Center services are covered when authorized by HNL and provided by a Preferred Provider. A Birthing Center is a homelike facility accredited by the Commission for Accreditation of Birth Centers (CABC) that is equipped, staffed and operated to provide maternity-related care, including prenatal, labor, delivery and postpartum care. Services provided by other than a CABC-accredited designated center will not be covered.

Preventive services for pregnancy, as listed in the U.S. Preventive Services Task Force A&B recommendations and Health Resources and Services Administration's ("HRSA") Women's Preventive Service are covered as Preventive Care Services. Well-Woman Preventive Visits (such as preventive prenatal and postnatal visits), are covered without cost sharing, as appropriate for each individual woman and as determined by their provider, without any specific limit to number or frequency of visits.

When a Covered Person gives birth to a child in a Hospital, the Covered Person is entitled to benefits for 48 hours of Inpatient care following a vaginal delivery or 96 hours following a cesarean section delivery. Longer stays in the Hospital and cesarean sections must be certified. The Covered Person's Physician will not be required to obtain Certification for a Hospital stay that is equal to or less than 48 hours following vaginal delivery or 96 hours following cesarean section. Longer stays in the Hospital and scheduled cesarean sections must be certified. If Certification is not obtained, payment of benefits will be subject to the noncertification penalty as shown in the "Schedule of Benefits."

If the Covered Person is discharged earlier than 48 hours after a vaginal delivery or 96 hours after a cesarean section, the Covered Person's Physician may arrange a home visit during the first 48 hours following discharge by a licensed health care provider whose scope of practice includes postpartum care and newborn care. This home visit does not require Certification.

HNL care managers are available to coordinate care for high-risk pregnancy. Covered Persons can contact a care manager by calling the treatment review telephone number listed on the Health Net PPO Identification Card.

Additionally, this *Policy* covers terminations of pregnancy (Medically Necessary or elective).

Breastfeeding support and lactation consultation, supplies and counseling, as supported by the Health Resources and Services Administration (HRSA) guidelines, are covered as preventive care.

Please notify HNL at the time of the first prenatal visit.

Child Needs Dental or Eye Care

Accessing Pediatric Dental Services

We provide toll-free access to our Customer Service Associates to assist You with benefit coverage questions, resolving problems or changing Your dental office. Customer Service can be reached Monday through Friday at **(866) 249-2382** from 5:00 a.m. to 8:00 p.m. Pacific Standard Time. Automated service is also provided after hours for eligibility verification and dental office transfers.

Pediatric Dental Services are covered until the last day of the month in which the individual turns nineteen years of age.

Network Benefits

All pediatric dental services must be provided by a Health Net Participating Dental Provider in order to be covered.

You must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. You can verify the participation status by calling Us and/or the provider.

We can provide assistance in referring You to a Network Dental Provider. We will make available to You a *Directory of Network Dental Providers*. You can also call Customer Service to determine which providers participate in the Network. The telephone number for Customer Service is on Your ID card.

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between Us and the provider rather than a percentage of the provider's billed charge. Our negotiated rate with the provider is ordinarily lower than the provider's billed charge. In no event, will You be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

A Network provider cannot charge You or Us for any service or supply that is not Medically Necessary as determined by Us. If You agree to receive a service or supply that is not Medically Necessary the Network provider may charge You. However, these charges will not be considered Covered Dental Services and Benefits will not be payable.

Covered Dental Services

Benefits are available only for Medically Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service under this *Policy*.

Teledentistry Benefits

This dental plan covers Medically Necessary Teledentistry benefits as described in the "Pediatric Dental Services" portion of the "Schedule of Benefits." Teledentistry services must be provided by a Health Net Participating Dental Provider from our network.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, You may notify Us of such treatment before treatment begins and receive a pre-treatment estimate. If You desire a pre-treatment estimate, You or Your Dental Provider should send a notice to Us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide Us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the *Policy*.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets You know in advance approximately what portion of the expenses will be considered for payment.

Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this subsection when such services are:

- A. Medically Necessary.
- B. Provided by or under the direction of a Network Dental Provider.
- C. Not excluded as described in "*Pediatric Dental Exclusions*" of this subsection below.

Benefits

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. The medical Deductible does not apply to pediatric dental benefits.

Benefit limits are calculated on a Calendar Year basis unless otherwise specifically stated.

Health Net Essential Rx Drug List (also known as The Drug List)

HNL developed the Essential Rx Drug List to identify the safest and most effective medications for HNL Covered Persons while attempting to maintain affordable pharmacy benefits. We specifically suggest to all Preferred Providers that they refer to this Essential Rx Drug List when choosing Drugs for patients who are HNL Covered Persons. When Your Physician prescribes medications listed in the Essential Rx Drug List, it is ensured that You are receiving a high quality and high value prescription medication. In addition, the Essential Rx Drug List identifies whether a Generic version of a Brand Name Drug exists, and whether the drug requires Prior Authorization.

HNL may cover Drugs that are not on the Essential Rx Drug List. If a drug is not on the Essential Rx Drug List, Prior Authorization is required as shown in "Prior Authorization and Exception Request Process" below.

Diabetic Drugs and Supplies on the Essential Rx Drug List

Prescription Drugs for the treatment of diabetes (including insulin) are covered as stated in the Essential Rx Drug List. Diabetic supplies are also covered, including, but not limited to, specific brands of pen delivery systems, specific brands of disposable insulin needles and syringes, disposable insulin pen needles, specific brands of blood glucose monitors and test strips (specific brand only), Ketone test strips, specific brands of lancet puncture devices and specific brands of lancets used in monitoring blood glucose levels. Refer to the "Schedule of Benefits" section for details about the supply amounts that are covered at the applicable Copayment, after satisfying the Pharmacy Deductible.

Women's contraceptives that are covered under this Prescription

Drug benefit include vaginal, oral, transdermal and emergency contraceptives. For a complete list of contraceptive products covered under the Prescription Drug benefit, please refer to the Essential Rx Drug List.

Over-the-counter preventive Drugs and women's contraceptives that are covered under this Plan require a Prescription Drug Order. You must present the Prescription Drug Order at a Health Net Participating Pharmacy to obtain such Drugs or contraceptives.

Intrauterine devices (IUDs), injectable and implantable contraceptives are covered as a medical benefit when administered by a Physician. Please refer to the "Medical Benefits" section, under the headings "Preventive Care Services" and "Family Planning" and the "Preventive Care List of Services" sections for information regarding contraceptives covered under the medical benefit.

You may use the Prior Authorization and Exception Request Process to obtain coverage at no cost for a therapeutic equivalent of a contraceptive that is not on the Essential Rx Drug List, such as the brand name equivalent of a covered generic contraceptive. If Your Physician submits a Prior Authorization request, Your contraceptive will be covered when Medically Necessary at no cost to You. This request is not subject to denial by HNL.

HNL covers up to a 12-consecutive-calendar-month supply of covered FDA-approved, self-administered hormonal contraceptives when dispensed or furnished at one time by a contracted health care provider or pharmacist.

Some Prescription Drugs require Prior Authorization from HNL to be covered.

Generic or Brand Name Drugs not listed in the Essential Rx Drug List which are prescribed by Your Physician and not excluded or limited from coverage may be covered as an exception and are subject to the Tier 3 Drug Copayment or Coinsurance, as applicable. Refer to "Prior Authorization and Exception Request Process" under the "Outpatient Prescription Drug Benefits" portion of the *Policy* for more information on the exception request process.

In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or HNL's usage recommendation. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply.

Tier 4 Drugs (Specialty Drugs)

Specialty Drugs may require Prior Authorization and may need to be dispensed through HNL's Specialty Pharmacy Vendor. These Drugs may have significantly higher cost than traditional pharmacy benefit Drugs.

Certain Specialty Drugs, as specified on the Essential Rx Drug List, must be obtained through a Specialty Pharmacy Vendor and are limited up to a 30-day supply. The Specialty Pharmacy Vendor will deliver Your medication to You by mail or common carrier. These Drugs are subject to the applicable Copayments or Coinsurances listed under "Outpatient Prescription Drugs" in the "Schedule of Benefits."

If You are out of a Specialty Drug which must be obtained through the Specialty Pharmacy Vendor, HNL will authorize an override of the Specialty Pharmacy Vendor requirement for 72-hours, or until the next business day following a holiday or weekend, to allow You to get an emergency supply of medication if Your doctor decides that it is appropriate and Medically Necessary. You may have to pay the applicable Copayment.

Requests for Prior Authorization, including step therapy exceptions, may be submitted electronically or by telephone (at the phone number shown on Your HNL ID card) or facsimile (1-800-314-6623). Urgent requests from Physicians (including pain medications for terminally ill Covered Persons) for authorization are processed, and prescribing providers notified of HNL's determination as soon as possible, not to exceed 24 hours, after HNL's receipt of the request. A Prior Authorization request is urgent when an insured is suffering from a health condition that may seriously jeopardize the insured's life, health, or ability to regain maximum function. Routine requests from Physicians are processed, and prescribing providers notified of HNL's determination in a timely fashion, not to exceed 72 hours following receipt of the request. If HNL fails to respond within the required time limit, the Prior Authorization request is deemed granted.

If a drug is not on the Essential Rx Drug List, Your Physician can ask for an exception. To request an exception, Your Physician can submit a Prior Authorization request along with a statement supporting the request. Requests for Prior Authorization may be submitted electronically or by telephone or facsimile. If We approve an exception for a drug that is not on the Essential Rx Drug List, the non-preferred Brand Name Drug tier (Tier 3) or Specialty Copayment (Tier 4) applies. If You are suffering from a condition that may seriously jeopardize Your life, health, or ability to regain maximum function, or if You are undergoing a current course of treatment using a drug that is not on the Essential Rx Drug List, then You, Your designee or Your Physician can request an expedited review. Expedited requests for an exception will be processed, and You, Your designee and the prescribing providers will be notified, within 24 hours after HNL's receipt of the request.

Standard requests for an exception will be processed, and You, Your designee and the prescribing

provider will be notified within 72 hours after HNL's receipt of the request. Exceptions based on Your medical condition will be for the duration of Your medical condition.

If You are denied a request for a drug not on the Essential Rx Drug List, You, Your designee or Your prescribing Physician may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. HNL will make its determination on the external exception request and notify You, Your designee or Your prescribing Physician of its coverage determination no later than 72 hours following receipt of a standard request and no later than 24 hours following receipt of an expedited exception request.

If a drug is eliminated from the Essential Rx Drug List, HNL will continue to cover the drug for Covered Persons who were taking the drug when it was eliminated, provided that the drug is appropriately prescribed and is safe and effective for treating the Covered Person's medical condition.

You may use the Prior Authorization and Exception Request Process to obtain coverage at no cost for a prescription contraceptive that is not on the Essential Rx Drug List or the brand name equivalent of a covered generic contraceptive that is unavailable. HNL will cover the contraceptive if Your Physician submits a Prior Authorization request. This request is not subject to denial by HNL.

HNL will evaluate the submitted information upon receiving Your Physician's request for Prior Authorization and make a determination based on established clinical criteria for the particular medication. The criteria used for Prior Authorization are developed and based on input from the Health Net Pharmacy and Therapeutics Committee as well as Physician experts. Your Physician may contact HNL to obtain the usage guidelines for specific medications.

Once a medication is approved, its authorization becomes effective immediately. The approval will be for the duration of the prescription for maintenance medications or a specified time frame for other medications. HNL will cover Drugs not on the Essential Rx Drug List for the duration of the prescription, including refills, when a Covered Person receives such coverage through a standard exception request. When a Covered Person obtains coverage for Drugs not on the Essential Rx Drug List through an expedited exception request, HNL will cover such Drugs for the duration of the exigency.

If You do not receive Prior Authorization for a medication, You will need to pay the full cost of the Prescription Drug dispensed and submit a claim to HNL for reimbursement. You will be reimbursed at HNL's Contracted Rate less the Copayment or Coinsurance shown in the "Schedule of Benefits" section. You will be subject to a penalty of 50% of the Average Wholesale Price if Prior Authorization was not obtained, except for Emergency or Urgently Needed care.

Some Drugs require Prior Authorization from HNL to be covered. If You are denied Prior Authorization, You may request an independent review or go through the binding arbitration remedy shown in the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" and "Arbitration" provisions of the "Coverage Decisions and Disputes Resolution" section of this *Policy*.

D. STEP THERAPY

Step therapy is a process in which You may need to use one type of Prescription Drug before HNL will cover another one. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help You get high quality and cost effective Prescription

Drugs. Exceptions to the step therapy process are subject to Prior Authorization. However, if You were taking a Prescription Drug for a medical condition under a previous plan before enrolling in this Ambetter PPO plan, You will not be required to use the step therapy process to continue using the Prescription Drug.

E. PHARMACY LOCK-IN PROGRAM

Health Net Pharmacy, together with Medical Management, will review a Covered Person's medication usage and history and using specific criteria, will enroll Covered Persons in the Pharmacy Lock-In Program. The Lock-In Program criteria is included in the Essential Rx Drug List, which is posted on the Health Net website at www.myhealthnetca.com.

Covered Persons enrolled in this program will be limited to using a specific, geographically accessible, pharmacy to obtain all Prescription Drugs, with the exception of Prescription Drugs dispensed in conjunction with Emergency Care, 90-day supply of maintenance drugs through the mail-order program and Specialty Drugs obtained through the Specialty Pharmacy Vendor.

Enrollment notices will be sent to the Covered Person, prescribing Physician and designated pharmacy and will include information on the duration of enrollment, pharmacy to which the Covered Person is locked-in, and Covered Person appeals rights.

F. WHO IS ON THE HEALTH NET PHARMACY AND THERAPEUTICS COMMITTEE AND HOW ARE DECISIONS MADE?

The Pharmacy and Therapeutics Committee ("Committee") develops, maintains, and oversees the Essential Rx Drug List. The Committee meets each quarter, and maintains written documentation of its decisions and the rationale informing its decisions.

Committee membership includes actively practicing Physicians of various medical specialties from HNL contracting Physician groups and clinical pharmacists. HNL recruits voting members from contracting Physician groups throughout California based on their experience, knowledge, and expertise. Frequently, the Committee consults external Physician experts for additional medical input. Neither voting members of the Committee nor the external medical professionals with whom the Committee consults are HNL employees, and this ensures decisions are unbiased and without conflicts of interest.

Additions to the Essential Rx Drug List are subject to a vote by the Committee, which may be based on the medical input from external Physician experts. Moreover, in developing or modifying the Essential Rx Drug List, the Committee's responsibilities include the following:

1. Developing and documenting procedures to ensure appropriate drug review and inclusion;
2. Basing clinical decisions on the strength of the scientific evidence and standards of practice, including assessing peer-reviewed medical literature, pharmacoeconomic studies, outcomes research data, and other related information;
3. Considering the therapeutic advantages of Drugs in terms of safety and efficacy when selecting formulary Drugs;
4. Reviewing policies that guide exceptions and other utilization management processes, including drug utilization review, quantity limits, and therapeutic interchange;
5. Evaluating and analyzing treatment protocols and procedures related to the insurer's formulary at least annually;

6. Reviewing and approving all clinical prior authorization criteria, step therapy protocols, and quantity limit restrictions applied to each covered drug;
7. Reviewing new United States Food and Drug Administration-approved Drugs and new uses for existing Drugs;
8. Ensuring HNL's Essential Rx Drug List cover a range of Drugs across a broad distribution of therapeutic categories and classes and recommended drug treatment regimens that treat all disease states, and do not discourage enrollment by any group of insureds; and
9. Ensuring HNL's Essential Rx Drug List provides appropriate access to Drugs that are included in broadly accepted treatment guidelines and that are indicative of general best practices at the time.

G. PRESCRIPTION DRUGS DISPENSED BY A PARTICIPATING PHARMACY

You must purchase covered Drugs at a Participating Pharmacy under this Plan.

HNL is contracted with many major pharmacy chains, supermarket based pharmacies and privately owned neighborhood pharmacies in California.

To find a conveniently located Participating Pharmacy, please visit Our website at www.myhealthnetca.com or call the Customer Contact Center at the telephone number on the HNL ID card. The Covered Person, upon presentation of a valid Health Net PPO Identification Card which indicates coverage for Prescription Drugs, shall be entitled to have a Prescription Drug Order filled by a Participating Pharmacy for up to a 30 consecutive calendar day supply per prescription or a 12-consecutive-calendar-month supply of covered FDA-approved, self-administered hormonal contraceptives when dispensed or furnished at one time, subject to the following:

(If the Health Net PPO Identification Card has not been received or if it has been lost, refer to the subsection titled "When the Health Net PPO Identification Card is Not in the Covered Person's Possession" below.)

- a. **IF A GENERIC DRUG IS DISPENSED** by a Participating Pharmacy, after satisfying the Pharmacy Deductible, if applicable, the Covered Person must pay the Participating Pharmacy the Tier 1 or Tier 2 Drug Copayment specified in the "Schedule of Benefits" for each Generic Drug dispensed.
- b. **IF A BRAND NAME DRUG IS DISPENSED** by a Participating Pharmacy and there is an equivalent Generic Drug available, the Covered Person must obtain Prior Authorization and pay the pharmacy the Pharmacy Deductible and the Tier 2, Tier 3 Drug or Tier 4 Drug (Specialty Drug) Copayment or Coinsurance, as applicable.
- c. **SPLIT-FILL PROGRAM.** For certain high cost orally-administered Drugs, including anti-cancer Drugs, HNL provides a free 14-day trial. Drugs under the Split-fill program are indicated in the Formulary with "SF" in the comment section. Health Net will approve the initial fill for a 14-day supply at no cost to you. If, after the initial fill, you are free of adverse effects and wish to continue on the Drug, the subsequent fills will be dispensed for the full quantity as written by your Physician. You will be charged the applicable Copayment or Coinsurance (up to the maximum limit as shown in the "Schedule of Benefits") for each subsequent fill.

H. SPECIALTY DRUGS DISPENSED BY THE SPECIALTY PHARMACY VENDOR

Specialty Drugs may need to be obtained through the Specialty Pharmacy Vendor when indicated in the Essential Rx Drug List and may require Prior Authorization. Once the Prior Authorization

request has been approved by HNL, HNL will forward the prescription order to the Specialty Pharmacy Vendor. The Specialty Pharmacy Vendor may contact You directly to coordinate the delivery of Your medications.

The Specialty Pharmacy Vendor may dispense up to a 30-consecutive-calendar-day supply for each Prescription Drug Order or for each refill at the appropriate time interval. In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or HNL's usage recommendation. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply.

I. PRESCRIPTION DRUGS DISPENSED BY A NONPARTICIPATING PHARMACY

There are **no benefits** for Prescription Drugs which are dispensed by Nonparticipating Pharmacies. The only exceptions are those Prescription Drugs used in conjunction with Emergency Care and Urgent Care.

J. PRESCRIPTION DRUGS DISPENSED THROUGH THE MAIL SERVICE PRESCRIPTION DRUG PROGRAM

If the Covered Person's prescription is for a Maintenance Drug, the Covered Person shall be entitled to have a Prescription Drug Order filled through a mail delivery program selected by HNL. Through this program a Covered Person can receive, through the mail, up to a 90-day supply of a Maintenance Drug when so prescribed or a 12-consecutive-calendar-month supply of covered FDA-approved, self-administered hormonal contraceptives when dispensed or furnished at one time. In some cases, a 90-consecutive calendar day supply of medication may not be an appropriate drug treatment plan, according to FDA or HNL usage guidelines. After satisfying the Pharmacy Deductible, the applicable mail order Copayments or the mail order pharmacy's retail charge, whichever is less, will be required.

To use this program, the Covered Person must place an order through the mail by completing a Prescription Mail Order Form. It must be accompanied by the original Prescription Drug Order, not a copy. The Prescription Mail Order Form and an explanation of how to use the program will be provided by HNL upon request. Please call the Customer Contact Center at the telephone number shown on Your HNL ID card.

When a Brand Name Drug is dispensed, but there is an equivalent Generic Drug available, the Covered Person will need Prior Authorization and will be billed the Pharmacy Deductible and the Tier 2, Tier 3 Drug or Tier 4 Drug (Specialty Drug) Copayment or Coinsurance, as applicable.

A Covered Person may avoid paying this additional amount by requesting that the Generic Drug be substituted.

Note:

Schedule II narcotic, analgesics, sexual dysfunction, smoking cessation Drugs and Specialty Drugs are not covered through the mail order program. Refer to the "Exclusions" section below for more information.

Specialty Drugs are not covered through any other mail-order Prescription Drug program.

K. WHEN THE HEALTH NET PPO IDENTIFICATION CARD IS NOT IN THE COVERED PERSON'S POSSESSION

If the Covered Person needs to have a Prescription Drug Order filled by a Participating Pharmacy and has not received a Health Net PPO Identification Card, or it has been lost, the Covered Person must pay the cost of the drug(s). The Covered Person may then be entitled to reimbursement minus the applicable Copayment. After the Health Net PPO Identification Card has been received, the Covered Person must file a claim. Claim forms will be provided by HNL upon request.

L. GENERAL PROVISIONS

The following "General Provisions" apply to the coverage provided under this section. Other General Provisions appearing within this *Policy* also apply.

- Expense must be incurred on or after the Covered Person's Effective Date of coverage under this *Policy* and prior to termination of such coverage. An expense will be considered to have been incurred on the date that the Prescription Drug is dispensed.
- The amount of Prescription Drugs (including insulin) which may be dispensed per Prescription Drug Order or refill at a pharmacy will be in quantities normally prescribed by a Physician up to and including a thirty (30) consecutive calendar day supply, provided that a 30-consecutive calendar day supply is within the FDA's guidelines for indicated usage. This 30-consecutive calendar day maximum is applicable to all forms of the Prescription Drug, including pills, vials, ampoules, tubes, manufacturer's packages or inhalers.
- Up to a 90 consecutive calendar day supply of Maintenance Drugs (see the "Definitions" subsection above) may be dispensed through the Mail Service Prescription Drug Program. For information, the Covered Person should call the mail order program at **1-888-624-1139**.
- Compounded Drugs are prescription orders that have at least one ingredient that is Federal Legend or state restricted in a therapeutic amount as Medically Necessary and are combined or manufactured by the pharmacist and placed in an ointment, capsule, tablet, solution, suppository, cream or other form and require a prescription order for dispensing. Refer to the "Off-Label Drugs" provision in this section for information about FDA approved Drugs for off-label use. Coverage for Compounded Drugs requires the Tier 3 Drug Copayment and is subject to Prior Authorization by HNL and Medical Necessity. HNL covers compounded medication(s) when:
 - o The compounded medication(s) include at least one Drug, as defined;
 - o There are no FDA-approved, commercially available, medically appropriate alternative(s);
 - o The drug is not on the FDA's "Do Not Compound" list;
 - o The compounded medication is self-administered; and
 - o Medical literature supports its use for the requested diagnosis.
- Schedule II narcotic Drugs are not covered through mail order. Schedule II Drugs are Drugs classified by the Federal Drug Enforcement Administration as having a high abuse risk but also safe and accepted medical uses in the United States. A partial prescription fill, which is of a quantity less than the entire prescription, can be requested by You or Your Member Physician. Partial prescription fills are subject to a prorated Copayment based on the amount of the prescription that is filled by the pharmacy.
- Any Participating Pharmacy furnishing benefits to the Covered Person does so as an independent contractor and HNL shall not be liable for any claim or demand on account of damages arising out of or in any manner connected with any injuries suffered by the Covered Person.

- HNL shall not be liable for any claim or demand on account of damages arising out of or in any manner connected with the manufacturing, compounding, dispensing or use of any Prescription Drug covered under this *Policy*.
- HNL retains the right to replace any third-party contracting agency through which Covered Persons may be required to obtain Prescription Drugs. If HNL should replace any such third-party contracting agency, the Policyholder would be notified of all new procedures. HNL also retains the right to modify the program with due notice to Covered Persons.

M. EXCLUSIONS:

In addition to any applicable "General Exclusions and Limitations" contained elsewhere in this *Policy*, the following "Exclusions" shall apply to the coverage described under this "Outpatient Prescription Drugs" section.

Note: Services or supplies excluded under the Outpatient Prescription Drug Benefit may be covered under Your medical benefits portion of this *Policy*. Please refer to the "Medical Benefits" section for more information.

- Prescription Drugs which are covered by any other benefits provided by this *Policy*, including any Drugs provided for outpatient infusion therapy, delivered or administered to the patient by the attending Physician, or billed by a Hospital or Skilled Nursing Facility, are not covered.
- Drugs prescribed for a condition or treatment that is not covered by this *Policy*. However, the *Policy* does cover Medically Necessary Drugs for a medical condition directly related to non-Covered Services when complications exceed routine follow-up care (such as life-threatening complications of cosmetic surgery).
- Drugs that by law require federal Food and Drug Administration (FDA) approval in order to be sold in the U.S., but are not approved by the FDA, may be covered when Medically Necessary. If a Covered Person has a life threatening or seriously debilitating condition and requests coverage of a non-FDA approved drug for an Experimental or Investigational purpose, he or she is entitled to IMR if Health Net delays, denies, or modifies the coverage. For more information, please refer to the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" section in this *Policy*.
- Services or supplies for which the Covered Person is not legally required to pay.
- Services or supplies for which no charge is made.
- Medical equipment and supplies (including insulin), that are available without a prescription, are covered only when prescribed by a Physician for the management and treatment of diabetes, for preventive purposes in accordance with the U.S. Preventive Services Task Force A and B recommendations, or for female contraception. In addition, disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug are covered. No other devices are covered, even if prescribed by a Physician.

Any other non-Prescription Drugs, equipment or supplies which can be purchased without a Prescription Drug Order, even if a Physician writes a Prescription for such drug, equipment or supply unless specifically listed on the Essential Rx Drug List. These are commonly called over-the-counter Drugs. Insulin is an exception to this rule. However, if a higher dosage form of a non-Prescription Drug or over-the-counter drug is only available by prescription, that higher dosage drug will be covered.

- Cost sharing paid on Your behalf for any Prescription Drugs obtained by You through the use of a Drug Discount, Coupon, or Copay Card provided by a Prescription Drug manufacturer will not apply toward Your plan Deductible or Your Out-of-Pocket Maximum. What you actually pay will accrue toward your Out-Of-Pocket Maximum.

Exceptions include:

- a. A Prescription Drug required under a United States Food and Drug Administration Risk Evaluation and Mitigation Strategy for the purpose of monitoring or facilitating the use of that Prescription Drug in a manner consistent with the approved labeling of the Prescription Drug.
 - b. A single-tablet drug regimen for treatment or prevention of human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) that is as effective as a multitablet regimen, unless, consistent with clinical guidelines and peer-reviewed scientific and medical literature, the multitablet regimen is clinically equally effective or more effective and is more likely to result in adherence to the drug regimen.
 - c. Covered Persons that have completed any applicable step therapy or prior authorization requirements for the branded Prescription Drug as mandated by HNL. Covered persons who must take a Brand Name Drug rather than its generic equivalent due to Medical Necessity may request and obtain an exception to exclusion from the Deductible and Out-of-Pocket Maximum of cost sharing attributable to a drug manufacturer's coupon for the brand drug.
- Drugs prescribed for cosmetic or enhancement purposes, including and not limited to those intended to treat wrinkles, baldness or conditions of hair loss, athletic performance, anti-aging and cognitive performance are not covered. Examples of these Drugs that are excluded when prescribed for such conditions include, but are not limited to, Latisse, Renova, Vaniqa, Propecia or Lustra. This exclusion does not exclude coverage for Drugs when pre-authorized as Medically Necessary to treat a diagnosed medical condition affecting memory, including but not limited to, Alzheimer's dementia, Medically Necessary Drugs to treat sexual dysfunction and Medically Necessary Drugs to treat obesity.
 - Cosmetics and health or beauty aids.
 - Drugs used as dietary or nutritional supplements (including vitamins and nutritional supplements, including when in combination with a Prescription Drug product), are limited to Drugs (such as folic acid used for preventive care) that are listed in the Essential Rx Drug List. Phenylketonuria (PKU) is covered under the medical benefit (see the "Phenylketonuria" provision of the "Medical Benefits" section).
 - Allergy desensitization products are not covered as Prescription Drugs, whether administered by injection or drops placed in the nose or mouth (transmucosal absorption), for the purpose of treating allergies by desensitization (to lessen or end the person's allergic reactions). (These products are sometimes described as "allergy serum.") Allergy serum is covered as a medical benefit. See the "Visits to a Health Care Provider's Office or Clinic" portion of the "Schedule of Benefits" section and the "Allergy Testing and Treatment" provision in the "Medical Benefits" section.
 - Prescription Drugs or medicines delivered or administered to the patient by the attending Physician, or which are billed by a Hospital or Skilled Nursing Facility, or are covered under another section of this *Policy*.

- Hypodermic syringes and needles are limited to specific brands of insulin needles, syringes and specific brands of pen devices. In addition, disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug are covered. Needles and syringes required to administer self-injected medications (other than insulin) will be provided through Our Specialty Pharmacy Vendor under the medical benefit. All other syringes and needles are not covered.
- Medications limited by law to Investigational use, prescribed for Experimental purposes or prescribed for indications not approved by the Food and Drug Administration (unless the drug is being prescribed or administered by a licensed health care professional for the treatment of a life-threatening or chronic and seriously debilitating condition) unless independent review deems them appropriate as described in the "Independent Medical Review of Investigational or Experimental Therapies" portion of the "Coverage Decisions and Disputes Resolution" section of this *Policy*.
- Self-administered injectable Drugs are covered under the Pharmacy benefit. Surgically implanted Drugs are covered under the medical benefit (see the "Surgically Implanted Drugs" provision in the "Medical Benefits" section). However, self-administered injectable Drugs, as described in the Essential Rx Drug List, are covered.
- Drugs on the Essential Rx Drug List when Medically Necessary for treating sexual dysfunction are limited to the quantity listed on the Drug List.
- Once the Covered Person has taken possession of Drugs, lost, stolen or damaged Drugs are not covered. The Covered Person will have to pay the retail price for replacing them. However, if a state of emergency is declared by the Governor and You are displaced by the disaster, this exclusion will not apply.
- Schedule II narcotic Drugs are not covered through mail order. Schedule II Drugs are Drugs classified by the Federal Drug Enforcement Administration as having a high abuse risk but also safe and accepted medical uses in the United States.
- Supply amounts for prescriptions that exceed the Food and Drug Administration's (FDA) or HNL's indicated usage recommendation unless Medically Necessary, and Prior Authorization are obtained from HNL.
- Some Drugs are subject to specific quantity limitations per Copayment or Coinsurance, whichever is applicable, based on recommendations for use by the FDA or HNL's usage guidelines. Medications taken on an "as-needed" basis may have a Copayment or Coinsurance based on a specific quantity, standard package, vial, ampoule, tube, or other standard unit. In such a case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply. If Medically Necessary, Your Physician may request a larger quantity from HNL.
- Individual doses of medication dispensed in plastic, unit doses, or foil packages (unit dose packaging) and dosage forms used for convenience, unless Medically Necessary or only available in that form.
- Drugs used for diagnostic purposes are not covered. Diagnostic Drugs are covered under the medical benefit when Medically Necessary.
- Irrigation solutions and saline solutions are not covered.

- For Covered Persons who are enrolled in the Pharmacy Lock-In Program, no benefits will be paid under the Prescription Drug benefit for services provided or expenses incurred for any Drug dispensed from a non-lock-in retail pharmacy, even if the retail pharmacy is a Participating Pharmacy. However, this exclusion does not apply to Prescription Drugs dispensed in conjunction with Emergency Care, 90-day supply of maintenance drugs through the mail-order program and Specialty Drugs obtained through the Specialty Pharmacy Vendor. The Covered Person may appeal a determination under the program. Please refer to the "Grievances and Appeals Process" provision of the "Coverage Decisions and Disputes Resolution" section of this *Policy* for more details.

COVERAGE DECISIONS AND DISPUTES RESOLUTION

Notification of HNL's Initial Benefit Determination

Timing of notice:

HNL shall notify the Covered Person of the initial benefit determination within the timeframes described below.

For Urgent Care claim: HNL will notify the Covered Person of Our decision as soon as possible, taking into account the medical exigencies, but not later than 72 hours from the receipt of the request. If additional information is necessary to make Our determination, HNL will notify the Covered Person (within 24 hours of the receipt of the request) of the specific information necessary to make the determination and a reasonable time frame (that is not less than 48 hours) to provide the information to HNL. HNL will notify the Covered Person of Our decision no later than 48 hours after the earlier of the receipt of the requested information, or the end of the time period to provide the requested information.

For concurrent care decisions: If the treatment involves Urgent Care, the request by the Covered Person or the Covered Person's Physician to extend the course of treatment beyond the period of time or number of treatments shall be decided as soon as possible, taking in to account the medical exigencies. The Covered Person will be notified of Our decision within 24 hours of the receipt of the review request, provided that such a request is made to HNL at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

If concurrent review results in an Adverse Benefit Determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated.

For all other claims: The time frames that are described under the "Certification Procedure" and "Retrospective Review" provisions in the "Certification Requirements" section apply to non-urgent pre-service and post-service claims in which the benefit determinations are based on Medical Necessity. Benefit determinations that are not based on Medical Necessity are subject to the time frames that are described herein.

In the case of a pre-service claim, HNL shall notify the Covered Person of Our decision within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after the receipt of the request. HNL may extend this time period for up to 15 additional days if an extension is necessary due to matters beyond HNL's control. HNL will notify the Covered Person, prior to the end of the initial 15-day period, of the circumstances requiring the extension of time and the date by which HNL expects to render a decision. In the case in which HNL requires additional information that is necessary to make Our determination, the notice of extension shall describe the required information and the time frame (that is at least 45 days from the Covered Person's receipt of the notice) to provide the specified information.

In the case of a post-service claim, the Covered Person shall be notified of relevant decisions within a reasonable period of time, but no later than 30 calendar days following the receipt of the claim by HNL. HNL may extend this time period for up to 15 additional days if an extension is necessary due to matters beyond HNL's control. HNL will notify the Covered Person, prior to the end of the initial 30-day period, of the circumstances requiring the extension of time and the date by which HNL expects to render a decision. In the case in which HNL requires additional information that is necessary to make Our

determination, the notice of extension shall describe the required information and the time frame (that is at least 45 days from the Covered Person's receipt of the notice) to provide the specified information.

Manner and content of notice of an Adverse Benefit Determination:

If Our determination results in an Adverse Benefit Determination, HNL shall send a written or electronic notice to the Covered Person and to the provider of the service that shall include a clear and concise explanation of the reasons for Our decision, a description of the criteria or guidelines used and the clinical reasons for the decisions regarding Medical Necessity, and a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary. The explanation will also include the specific plan provisions on which determination is based. The Medical Necessity decisions communicated to the medical providers will include the name and telephone number of the health care professional responsible for the denial, delay or modification.

In the case of an Adverse Benefit Determination involving Urgent Care, HNL may provide the decision verbally as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the request. The written or electronic notice shall be provided to the Covered Person not later than 3 days after the verbal notice. The notice of Our decision related to Urgent Care will also include a description of the expedited review process.

HNL will provide the following upon request:

- The criteria, guidelines, protocols, or other similar criterion used by HNL, or an entity with which HNL contracts for utilization review or utilization management functions, to determine whether to authorize, modify, delay, or deny health care services.
- If the adverse determination is based on Medical Necessity or Experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination.

Grievance and Appeals Process

Appeal, complaint or grievance means any dissatisfaction expressed by You or Your representative concerning a problem with HNL, a medical provider or Your coverage under this *Policy*, including an Adverse Benefit Determination as defined under the Affordable Care Act (ACA). An Adverse Benefit Determination means a decision by HNL to deny, reduce, terminate or fail to pay for all or part of a benefit including on the basis of:

- A denial, reduction or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review; or
- Any reduction or termination of an approved ongoing course of treatment to be provided over a period of time or number of treatments before the end of such period of time or number of treatments. If there is an Adverse Benefit Determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated.
- Rescission of coverage, even if it does not have an adverse effect on a particular benefit at that time; or
- Determination of an individual's eligibility to participate in this HNL plan; or

- Determination that a benefit is not covered; or
- An exclusion or limitation of an otherwise covered benefit based on a source-of-injury exclusion; or
- Determination that a benefit is Experimental, Investigational, or not Medically Necessary or appropriate
- Disputes involving Adverse Benefit Determinations are not subject to mandatory arbitration.

If You are not satisfied with efforts to solve a problem with HNL or a provider, before filing an arbitration proceeding, the Covered Person must file a grievance or appeal against HNL by calling the Customer Contact Center at the telephone number on Your HNL ID card or by submitting a Member Grievance Form through the HNL website at www.myhealthnetca.com. You must file Your grievance or appeal with HNL within 365 calendar days following the date of the incident or action that caused Your grievance. You must participate in HNL's grievance or appeals process before requesting Independent Medical Review (IMR) for Medical Necessity denials unless there is an imminent and serious threat to Your health. However, You will not be required to participate in the HNL's grievance or appeals process for more than 30 days. In the case of a grievance that requires expedited review, You will not be required to participate in HNL's grievance process for more than three days. In such cases, You may contact the California Department of Insurance (CDI) to request an IMR of the denial.

Health Net will issue a final benefit determination upon receiving a single grievance, or internal appeal, request. HNL shall notify the Covered Person of Our decision in writing or electronically within the following time frames:

Urgent Care claims: As soon as possible, taking into account the medical exigencies, but not later than 72 hours from the time the initial request was received by HNL, until the close of the case with the Covered Person.

Non-Urgent Care services that have not been rendered (pre-service claims): Within a reasonable period of time appropriate to the medical circumstances, but not later than 30 days from the time the initial request was received by HNL, until the close of the case with the Covered Person.

Non-Urgent Care services that have already been rendered (post-service claims): Within a reasonable period of time, but not later than 60 days from the time the initial request was received by HNL, until the close of the case with the Covered Person.

If Our decision is to uphold the Adverse Benefit Determination, the notice of Our decision shall include the specific reason or reasons for the adverse determination and reference to the specific plan provisions on which the determination is based. HNL will provide the following upon request:

- Copies of, all documents, records, and other information relevant to the claim;
- An internal rule, guideline, protocol, or other similar criterion that was relied upon in making the adverse determination;
- If the Adverse Benefit Determination is based on a Medical Necessity or Experimental treatment or similar exclusion or limitation, an explanation of the scientific or clinical judgment used for the determination.

Independent Medical Review of Grievances Involving a Disputed Health Care Service

The Covered Person may request an independent medical review ("IMR") of disputed health care services from the California Department of Insurance (CDI) at 1-800-927-4357 or on their website at www.insurance.ca.gov, if he or she believes that health care services eligible for coverage and payment under his or her HNL plan have been improperly denied, modified, or delayed by HNL. A "Disputed Health Care Service" is any health care service eligible for coverage and payment under the Covered Person's HNL plan that has been denied, modified, or delayed by HNL, or one of its contracting providers, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available. The Covered Person pays no application or processing fees of any kind for IMR. The Covered Person has the right to provide information in support of the request for IMR. HNL will provide the Covered Person with an IMR application form and HNL's grievance response letter that states its position on the Disputed Health Care Service. A decision not to participate in the IMR process may cause the Covered Person to forfeit any statutory right to pursue legal action against HNL regarding the Disputed Health Care Service.

Eligibility

The Covered Person's application for IMR will be reviewed by the Department to confirm that it meets all the eligibility requirements of the law for IMR which are set out below:

1. (A) The Covered Person's provider has recommended a health care service as Medically Necessary, or
(B) The Covered Person has received urgent or Emergency Care that a provider determined to have been Medically Necessary.

(C) In the absence of the provider recommendation described in 1.(A) above, or the receipt of urgent or Emergency Care described in 1.(B) above, the Covered Person has been seen by a Physician for the diagnosis or treatment of the medical condition for which he or she seeks IMR;

2. The Disputed Health Care Service has been denied, modified, or delayed by HNL, based in whole or in part on a decision that the health care service is not Medically Necessary; and
3. The Covered Person has filed a grievance with HNL and the disputed decision is upheld by HNL or the grievance remains unresolved after 30 days. Within the next six months, the Covered Person may apply to the Department for IMR, or later, if the Department agrees to extend the application deadline. If the Covered Person's grievance requires expedited review he or she may bring it immediately to the Department's attention. The Department may waive the requirement that the Covered Person follow HNL's grievance process in extraordinary and compelling cases.

If the Covered Person's case is eligible for IMR, the dispute will be submitted to a medical Specialist who will make an independent determination of whether or not the care is Medically Necessary. The Covered Person will receive a copy of the assessment made in his or her case from the IMR. If the IMR determines the service is Medically Necessary, HNL will provide benefits for the Disputed Health Care Service in accordance with the terms and conditions of this *Policy*. If the case is not eligible for IMR, the Department will advise the Covered Person of his or her alternatives.

For non-urgent cases, the IMR organization designated by the Department must provide its determination within 30 days of receipt of the application for review and the supporting documents.

If there is an imminent and serious threat to the health of the Covered Person, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of the Covered Person's health, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the Department of Insurance may waive the requirement that the Covered Person follow the insurer's grievance process in extraordinary and compelling cases, where the commissioner finds that the Covered Person has acted reasonably.

For more information regarding the IMR process, or to request an application form, please call HNL's Customer Contact Center at the telephone number on Your HNL ID card.

Independent Medical Review of Investigational or Experimental Therapies

HNL does not cover Experimental or Investigational Drugs, devices, procedures or therapies. However, if HNL denies or delays coverage for requested treatment on the basis that it is Experimental or Investigational and the Covered Person meets the eligibility criteria set out below, the Covered Person may request an independent medical review ("IMR") of HNL's decision from the Department of Insurance.

Eligibility

- The Covered Person must have a life-threatening or seriously debilitating condition.

- The Covered Person's Physician must certify to HNL that he or she has a life-threatening or seriously debilitating condition for which standard therapies have not been effective in improving the Covered Person's condition or are otherwise medically inappropriate, and there is no more beneficial therapy covered by HNL.
- Either (a) the Covered Person's contracting Physician has recommended a drug, device, procedure, or other therapy that the Physician certifies in writing is likely to be more beneficial to the Covered Person than any available standard therapies, or (b) the Covered Person, or the Covered Person's Physician who is a licensed, board-certified or board-eligible Physician qualified to practice in the area of practice appropriate to treat the Covered Person's condition, has requested a therapy that, based on two documents from the medical and scientific evidence, as defined below, is likely to be more beneficial for the Covered Person than any available standard therapy. The Physician certification shall include a statement of the evidence relied upon by the Physician in certifying his or her recommendation. Nothing in this provision shall be construed to require HNL to pay for the services of a non-contracting Physician that are not otherwise covered pursuant to the contract.
- The Covered Person has been denied coverage by HNL for the recommended or requested therapy.
- If not for HNL's determination that the recommended or requested treatment is Experimental or Investigational, it would be covered.

For purposes of this provision, "life-threatening" means either or both of the following:

- Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted.
- Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

For purposes of this provision, "seriously debilitating" means diseases or conditions that cause major irreversible morbidity.

For purposes of this provision, "medical and scientific evidence" means the following sources:

1. Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.
2. Peer-reviewed literature, biomedical compendia and other medical literature that meet the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medica (EMBASE), Medline and MEDLARS database of Health Services Technology Assessment Research (HSTAR).
3. Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act.
4. Either of the following reference compendia:
 - a. The American Hospital Formulary Service's Drug Information.
 - b. The American Dental Association Accepted Dental Therapeutics.
5. Any of the following reference compendia, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen:
 - a. The Elsevier Gold Standard's Clinical Pharmacology.

- b. The National Comprehensive Cancer Network Drug and Biologics Compendium.
 - c. The Thomson Micromedex DrugDex.
6. Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care *Policy* and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Health Care Financing Administration, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services.
 7. Peer-reviewed abstracts accepted for presentation at major medical association meetings.

If there is an imminent and serious threat to the health of the Covered Person, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of the Covered Person's health, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the Department of Insurance may waive the requirement that the Covered Person follow the insurer's grievance process in extraordinary and compelling cases, where the commissioner finds that the Covered Person has acted reasonably.

If HNL denies coverage of the recommended or requested therapy and the Covered Person meets the eligibility requirements, HNL will notify the Covered Person within five business days of its decision and his or her opportunity to request an external review of HNL's decision through IMR. HNL will provide the Covered Person with an application form to request an IMR of HNL's decision. The IMR process is in addition to any other procedures or remedies that may be available. The Covered Person pays no application or processing fees of any kind for IMR. The Covered Person has the right to provide information in support of his or her request for IMR. If the Covered Person's Physician determines that the proposed therapy should begin promptly, he or she may request expedited review and the experts on the IMR panel will render a decision within seven days of the request. If the IMR panel recommends that HNL cover the recommended or requested therapy, coverage for the services will be subject to the terms and conditions generally applicable to other benefits to which You are entitled. A decision not to participate in the IMR process may cause the Covered Person to forfeit any statutory right to pursue legal action against HNL regarding the denial of the recommended or requested therapy. For more information, please call the Customer Contact Center at the telephone number on Your HNL ID card.

Arbitration

As a condition to becoming a HNL Policyholder, **YOU AGREE TO SUBMIT ALL DISPUTES RELATING TO OR ARISING OUT OF YOUR HNL MEMBERSHIP, WITH THE SOLE EXCEPTION OF ADVERSE BENEFIT DETERMINATIONS AS DEFINED IN SECTION 147.136 OF TITLE 45 OF THE CODE OF FEDERAL REGULATIONS, TO INDIVIDUAL, FINAL AND BINDING ARBITRATION AND YOU AGREE NOT TO PURSUE CLASS ARBITRATION.** Likewise, HNL agrees to arbitrate all such disputes. **This mutual agreement to arbitrate disputes means that both You and HNL are bound to use binding bilateral arbitration as the final means of resolving disputes that may arise between the parties, and thereby the parties agree to forego any right they may have to a jury trial on such disputes.** However, no remedies that otherwise would be available to either party in a court of law will be forfeited by virtue of this agreement to use and be bound by HNL's binding bilateral arbitration process. This agreement to

arbitrate shall be enforced even if a party to the arbitration is also involved in another action or proceeding with a third party arising out of the same matter.

Sometimes disputes or disagreements may arise between HNL and You (including Your enrolled Dependents, heirs or personal representatives) regarding the construction, interpretation, performance or breach of this *Policy*, or regarding other matters relating to or arising out of Your HNL *Policy*.

Typically, such disputes are handled and resolved through the HNL Grievance, Appeal and Independent Medical Review process described above, and You must attempt to resolve Your dispute by utilizing that process before instituting arbitration. In the event that a dispute is not resolved in that process, HNL uses binding bilateral arbitration as the final method for resolving all such disputes, whether stated in tort, contract or otherwise, and whether or not other parties such as employer groups, health care providers, or their agents or employees, are also involved. However, You are not required to participate in final, binding arbitration to resolve disputes concerning Adverse Benefit Determinations and are entitled to pursue any remedies available under the law. In addition, disputes with HNL involving alleged professional liability or medical malpractice (that is, whether any medical services rendered were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) also must be submitted to binding arbitration.

HNL's binding bilateral arbitration process is conducted by mutually acceptable arbitrator(s) selected by the parties. The Federal Arbitration Act, 9 U.S.C. § 1, et seq., will govern arbitrations under this process. In the event that the total amount of damages claimed is \$500,000 or less (\$50,000 or less with respect to disputes with HNL involving alleged professional liability or medical malpractice), the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable single neutral arbitrator who shall hear and decide the case and have no jurisdiction to award more than \$500,000 or \$50,000, whichever is applicable. In the event that total amount of damages is over \$500,000 or \$50,000, whichever is applicable, the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable panel of three neutral arbitrators (unless the parties mutually agree to one arbitrator), who shall hear and decide the case.

If the parties fail to reach an agreement during this timeframe, then in accordance with California Insurance Code 10123.19(b), either party may apply to a Court of Competent Jurisdiction for appointment of the arbitrator(s) to hear and decide the matter. When a petition is made to the court to appoint a neutral arbitrator, the court shall nominate five persons from lists of persons supplied jointly by the parties to the arbitration or obtained from a governmental agency concerned with arbitration or private disinterested association concerned with arbitration. The parties to the agreement who seek arbitration and against whom arbitration is sought may within five days of receipt of notice of the nominees from the court jointly select the arbitrator whether or not the arbitrator is among the nominees. If the parties fail to select an arbitrator within the five-day period, the court shall appoint the arbitrator from the nominees.

Arbitration can be initiated by submitting a demand for arbitration to HNL at the address provided below. The demand must have a clear statement of the facts, the relief sought and a dollar amount.

HNL Insurance Company
Attention: Legal Department
P.O. Box 4504
Woodland Hills, CA 91365-4504

The arbitrator is required to follow applicable state or federal law. The arbitrator may interpret this *Policy*, but will not have any power to change, modify or refuse to enforce any of its terms, nor will the arbitrator have the authority to make any award that would not be available in a court of law. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award setting forth findings of fact and conclusions of law, and that award will be final and binding on all parties except to the extent that state or federal law provide for judicial review of arbitration proceedings.

The parties will share equally the arbitrator's fees and expenses of administration involved in the arbitration. Each party also will be responsible for their own attorneys' fees. In cases of extreme hardship to a Covered Person, HNL may assume all or portion of a Covered Person's share of the fees and expenses of the arbitration. Upon written notice by the Covered Person requesting a hardship application, HNL will forward the request to an independent professional dispute resolution organization for a determination. Such request for hardship should be submitted to the Legal Department at the address provided above.

SPECIFIC PROVISIONS

A. RECOVERY OF BENEFITS PAID BY HNL WHEN THE COVERED PERSON IS INJURED:

If the Covered Person is ever injured through the actions of another person or him or herself (responsible party), HNL will provide benefits for all Covered Services and Supplies the Covered Person receives through this *Policy*. However, if the Covered Person receives money or is entitled to receive money because of the Covered Person's injuries, whether through a settlement, judgment or any other payment associated with the Covered Person's injuries, HNL or the medical providers retain the right to recover the value of any services provided to the Covered Person under this *Policy*.

As used throughout this provision, the term responsible party means any party actually or potentially responsible for making any payment to a Covered Person due to a Covered Person's injury, illness or condition. The term responsible party includes the liability insurer of such party or any insurance coverage.

Some examples of how the Covered Person could be injured through the actions of a responsible party are:

- The Covered Person was in a car accident; or
- The Covered Person slips and falls in a store.

HNL's rights of recovery apply to any and all recoveries made by the Covered Person or on the Covered Person's behalf from the following sources, including but not limited to:

- Payments made by a third party or any insurance company on behalf of a third party;
- Uninsured or underinsured motorist coverage;
- Personal injury protection, no fault or any other first party coverage;
- Workers Compensation or Disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners' insurance coverage, umbrella coverage; and
- Any other payments from any other source received as compensation for the responsible party's actions.

By accepting benefits under this Plan, the Covered Person acknowledges that HNL has a right of reimbursement that attaches when this Plan has paid for health care benefits for expenses incurred due to the actions of a responsible party and the Covered Person or his or her representative recovers or is entitled to recover any amounts from a responsible party.

Under California law, HNL's legal right to reimbursement creates a health care lien on any recovery.

By accepting benefits under this Plan, the Covered Person also grants HNL an assignment of his or her right to recover medical expenses from any medical payment coverage available to the extent of the full cost of all Covered Services provided by HNL and the Covered Person specifically directs such medical payments carriers to directly reimburse HNL on his or her behalf.

Steps the Covered Person Must Take

If the Covered Person is injured because of a responsible party, he or she must cooperate with HNL's and the medical providers' efforts to obtain reimbursement, including:

- Telling HNL and the medical providers, the name and address of the responsible party, if the Covered Person knows it, the name and address of his or her lawyer, if he or she is using a lawyer, the name and address of any insurance company involved with his or her injuries and describing how the injuries were caused;
- Completing any paperwork that HNL or the medical providers may reasonably require to assist in enforcing the lien;
- Promptly responding to inquiries from the lienholders about the status of the case and any settlement discussions;
- Notifying the lienholders immediately upon the Covered Person or his or her lawyer receiving any money from the responsible parties, any insurance companies, or any other source;
- Pay the health care lien from any recovery, settlement or judgment, or other source of compensation and all reimbursement due HNL for the full cost of benefits paid under HNL that are associated with injuries through a responsible party regardless of whether specifically identified as recovery for medical expenses and regardless of whether the Covered Person is made whole or fully compensated for his or her loss;
- Do nothing to prejudice HNL's rights as shown above. This includes, but is not limited to, refraining from any attempts to reduce or exclude from settlement or recovery the full cost of all benefits paid by the plan; and;
- Hold any money that the Covered Person or his or her lawyer receives from the responsible parties or, from any other source, in trust, and reimbursing HNL and the medical providers for the amount of the lien as soon as he or she is paid.

How the Amount of the Covered Person Reimbursement is Determined

The following section is not applicable to Workers' Compensation liens and may not apply to certain ERISA plans, Hospital liens, Medicare plans and certain other programs and may be modified by written agreement.*

- The Covered Person's reimbursement to HNL or the medical provider under this lien is based on the value of the services received and the costs of perfecting this lien. For the purposes of determining the lien amount, the value of the services depends on how the provider was paid, as summarized below, and will be calculated in accordance with California Civil Code Section 3040, or as otherwise permitted by law. The amount of the reimbursement owed to HNL or the medical provider will be reduced by the percentage that the recovery is reduced if a judge, jury or arbitrator determines that the Covered Person was responsible for some portion of his or her injuries.
- The amount of the reimbursement owed HNL or the medical provider will also be reduced by a pro rata share for any legal fees or costs paid from money the Covered Person received.

- The amount the Covered Person will be required to reimburse HNL or the medical provider for services received under this plan will not exceed one-third on the money the Covered Person received if he or she engages a lawyer, or one-half of the money received if a lawyer is not engaged.

**Reimbursement related to Workers' Compensation benefits, ERISA plans, Hospital liens, Medicare and other programs not covered by California Civil Code, Section 3040 will be determined in accordance with the provisions of this Policy and applicable law.*

B. SURROGACY ARRANGEMENTS

A Surrogacy Arrangement is an arrangement in which a woman agrees to become pregnant and to carry the child for another person or persons who intend to raise the child.

Your Responsibility for Payment to HNL

If You enter into a surrogacy arrangement, You must pay Us for Covered Services and Supplies You receive related to conception, pregnancy, or delivery in connection with that arrangement ("Surrogacy Health Services"), except that the amount You must pay will not exceed the payments You and/or any of Your family members are entitled to receive under the surrogacy arrangement. You also agree to pay Us for the Covered Services and Supplies that any child born pursuant to the surrogacy arrangement receives at the time of birth or in the initial Hospital stay, *except* that if You provide proof of valid insurance coverage for the child in advance of delivery or if the intended parents make payment arrangements acceptable to HNL in advance of delivery, You will not be responsible for the payment of the child's medical expenses.

Assignment of Your Surrogacy Payments

By accepting Surrogacy Health Services, You automatically assign to Us Your right to receive payments that are payable to You or Your chosen payee under the surrogacy arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, We will also have a lien on those payments and/or any escrow account or trust established to hold those payments. Those payments shall first be applied to satisfy our lien. The assignment and Our lien will not exceed the total amount of Your obligation to Us under the preceding paragraph.

Duty to Cooperate

Within 30 days after entering into a surrogacy arrangement, You must send written notice of the arrangement, including the names and addresses of the other parties to the arrangement to include any escrow agent or trustee, and a copy of any contracts or other documents explaining the arrangement as well as the account number for any escrow account or trust, to:

Surrogacy Third Party Liability –Product Support
The Rawlings Company
One Eden Parkway
LaGrange, KY 40031-8100

You must complete and send Us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for Us to determine the existence of any rights We may have under this "Surrogacy Arrangements" provision and/or to determine the existence of (or

accounting for funds contained in) any escrow account or trust established pursuant to Your surrogacy arrangement and to satisfy HNL's rights.

You must do nothing to prejudice the health plan's recovery rights.

You must also provide Us the contact and insurance information for the persons who intend to raise the child and whose insurance will cover the child at birth.

You may not agree to waive, release, or reduce our rights under this provision without Our prior, written consent. If Your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, Your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to Our liens and other rights to the same extent as if You had asserted the claim against the third party. We may assign our rights to enforce Our liens and other rights.

C. HEALTH CARE PLAN FRAUD

Health care plan fraud is a felony that can be prosecuted. Any person who knowingly presents false or fraudulent claim for the payment of a loss is guilty of a crime and may be subject to fines and confinement in state prison.

Policyholder Responsibility

- The Policyholder must:
- File accurate claims. If someone else, such as the Policyholder's spouse, Domestic Partner or another Dependent, files claims on Your behalf, You should review the form before You sign it;
- Review the explanation of benefits (EOB) form when it is returned to You. Make certain that benefits have been paid correctly based on Your knowledge of the expenses incurred and the services rendered;
- Never allow another person to seek medical treatment under Your identity. If Your ID card is lost, You should report the loss to Us immediately; and
- Provide complete and accurate information on claims forms and any other information forms. Attempt to answer all questions to the best of Your knowledge.

To maintain the integrity of Your health plan, We encourage You to notify Us whenever a provider:

- bills You for services or treatments that You have never received;
- asks You to sign a blank claim form; or
- asks You to undergo tests that You feel are not needed.

If You are concerned about any of the charges that appear on a bill or Explanation of Benefits form, or if You know of or suspect any illegal activity, call Our toll-free hotline at the number shown on Your HNL ID card. All calls are strictly confidential.

D. SECOND MEDICAL OPINION

The second opinion consultation is a consultation by an appropriately qualified healthcare professional, and may include recommendations for additional x-ray, laboratory services or treatment. You may seek a second opinion consultation from a Provider without first receiving authorization from HNL. However, services recommended by the second opinion consultation may be subject to Certification. Please refer to the "Certification Requirements" section to determine

which services are subject to Certification. When a Covered Person receives a second opinion, he or she will be responsible for any applicable Deductible, Copayment or Coinsurance. Reasons for a second opinion include, but are not limited to, the following:

- If the Covered Person questions the reasonableness or necessity of recommended surgical procedures.
- If the Covered Person questions a diagnosis or plan of care for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment, including, but not limited to, a serious Chronic condition.
- If clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating health professional is unable to diagnose the condition and the Covered Person requests an additional diagnosis.
- If the treatment plan in progress is not improving the medical condition of the Covered Person within an appropriate period of time given the diagnosis and plan of care, and Covered Person requests a second opinion regarding the diagnosis or continuance of the treatment.
- If the Covered Person has attempted to follow the plan of care or consulted with the initial provider concerning serious concerns about the diagnosis or plan of care.

As used above, an appropriately qualified health care professional is a Physician or a Specialist who is acting within his or her scope of practice and who possesses a clinical background, including training and expertise, related to the particular illness, injury, condition or conditions associated with the request for a second opinion.

In the event HNL requires additional time to affirm or deny the claim, HNL shall notify the claimant in writing. This written notice shall specify any additional information HNL requires in order to make a determination and shall state any continuing reasons for HNL's inability to make a determination. This notice shall be given within thirty calendar days of the notice that the claim is being contested and every thirty calendar days thereafter until a determination is made or legal action is served. If the determination cannot be made until some future event occurs, HNL shall comply with this continuing notice requirement by advising the claimant of the situation and providing an estimate as to when the determination can be made.

Indemnities payable under this *Policy* for any loss other than loss for which this *Policy* provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this *Policy* provides periodic payment will be paid and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

PAYMENT OF LIFE CLAIM: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the Covered Person. Any other accrued indemnities unpaid at the Covered Person's death may, at the option of HNL, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the Covered Person.

If any indemnity of this *Policy* shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, HNL may pay such indemnity, up to an amount not exceeding \$1,000 to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by HNL to be equitably entitled thereto. Any payment made by HNL in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment.

Subject to any written direction of the Covered Person in the application or otherwise all or a portion of any indemnities provided by this *Policy* on account of Hospital, nursing, medical, or surgical services may, at the HNL's option and unless the Covered Person requests otherwise in writing not later than the time of filing proofs of that loss, be paid directly to the person or persons having paid for the hospitalization or medical or surgical aid, or to the Hospital or person rendering those services; but it is not required that the service be rendered by a particular Hospital or person.

CASH BENEFITS: In most instances, You will not need to file a claim when You receive Covered Services and Supplies from a Preferred Provider. If You use an Out-of-Network Provider and file a claim, HNL will reimburse You for the amount You paid for Covered Expenses, less any applicable Deductible, Copayment or Coinsurance.

If a parent who has custody of a child submits a claim for cash benefits on behalf of the child who is subject to a Medical Child Support Order, HNL will send the payment to the custodial parent.

CLAIMS DENIAL:

1. **DENIAL:** If the Covered Person submits a fully completed claim to HNL, and it is partially or totally denied, he or she should be notified in writing of the denial within 30 days from the date the claim was submitted. The Covered Person will be given the specific reasons and sections of the *Policy* on which the denial is based. If the claim might be paid with more information, the Covered Person will be told what additional information is necessary and why.
2. **APPEAL:** The Covered Person or his or her authorized representative has the right to appeal the denial or partial denial of any claim made under the *Policy* by requesting a review of the claim. If the request is not made within the 365 day period, the Covered Person waives the right to a review.

This request must include the Covered Person's name, address, date of denial and the reasons upon which the request for review is based. Any facts that support these reasons and any issues or comment the Covered Person or the representative deems relevant should be included. In addition, the Covered Person or the representative may examine pertinent documents that relate to the denial of the claim.

3. **REVIEW AND DECISION:** Upon receipt of the request for review, HNL will make full and fair review of the claim and its denial.

HNL has a period of 60 days (after the receipt of the request for review of an Adverse Benefit Determination) in which to make a decision and notify the Covered Person.

The decision on the request for review will be in writing and will include the specific reasons supporting it and specific references to the pertinent *Policy* provisions on which the decision is based. If HNL upholds the denial, the Covered Person may request an independent medical review or initiate binding arbitration. A Covered Person is not required to participate in final, binding arbitration to resolve disputes concerning Adverse Benefit Determinations. A Covered Person must participate in HNL's grievance or appeals process before requesting independent medical review for denials unless there is an imminent and serious threat to the Covered Person's health. However, You will not be required to participate in the HNL's grievance or appeals process for more than 30 days. In the case of a grievance that requires expedited review, You will not be required to participate in HNL's grievance process for more than three days. In the case of an error prompted by representations or nondisclosure of claimants or third parties, HNL will notify You within fifteen (15) calendar days after the date of discovery of such error. The notice will include the cause of the error and the amount of the overpayment. CONTINUITY OF CARE: A Covered Person may request HNL to arrange for the Covered Person's continuing care from an Out-of-Network Provider at the in-network benefit level, in the circumstances shown below.

Termination of Provider or Facility Contract:

At the Covered Person's request, HNL shall arrange for continuing care from a provider or facility that has been terminated from the PPO network by HNL while the Covered Person is undergoing a course of treatment, including outpatient, institutional or inpatient care, with that terminated provider or facility for any of the specified conditions (as described below). In addition, if a provider contract is terminated, continuity of care is also required if benefits with respect to a contracted provider or facility are terminated because of a change in the terms of the participation of such provider or facility. The Provider or facility must agree to accept the same contract terms that were in place prior to the time of contract termination. If the provider does not accept such terms, HNL is not obligated to provide continuing care coverage at the in-network benefit level. HNL will notify each Covered Person who is a continuing care patient with respect to a provider or facility at the time of a termination affecting such provider or facility on a timely basis of such termination and the Covered Person's right to elect continuity of care.

Covered Persons new to HNL due to termination of prior coverage:

At the Covered Person's request, HNL shall arrange for continuing care from an Out-of-Network Provider at the in-network benefit level, if at the time his or her coverage with HNL becomes effective, the Covered Person meets both of the following criteria:

- The Covered Person's immediately prior individual health coverage was terminated due to either the health plan or health insurer no longer offering the Covered Person's plan, or the health plan or health insurer ceases offering new individual health coverage in all or a portion of the state.
- The Covered Person is undergoing a course of treatment for any of the specified conditions (as described below) with the provider, the treatment was covered at the in-network benefit level under the Covered Person's prior individual health coverage, and the provider is not in the HNL PPO network.

The provider must agree to accept the same contract terms applicable to providers currently contracted with HNL, and who practice in the same or similar geographic region. If the provider does not accept such terms, HNL is not obligated to provide continuing care coverage at the in-network benefit level.

Conditions Eligible for Continuity of Care:

1. An acute condition (a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration). Completion of Covered Services shall be provided for the duration of the acute condition;
2. A serious chronic condition (a medical condition due to a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration.) Completion of Covered Services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by HNL in consultation with the Covered Person and the terminated provider and consistent with good professional practice, not to exceed 12 months from the contract termination date or 12 months from the effective date of coverage for a new Covered Person;

Completion of Covered Services shall be provided for the duration of a terminal illness, which may exceed 12 months from the contract termination date or 12 months from the effective date of coverage for a new Covered Person;
6. The care of a newborn child between birth and age 36 months. Completion of Covered Services under this provision shall not exceed 12 months from the contract termination date or 12 months from the effective date of coverage for a new Covered Person;

The technologies may continue to be Investigational or Experimental if clinical study has not shown safety or effectiveness or if they are not considered standard care by the appropriate medical specialty. Approved technologies are integrated into HNL benefits.

HNL determines whether new technologies are medically appropriate, or Investigational or Experimental, following extensive review of medical research by appropriately specialized Physicians. HNL requests review of new technologies by an independent, expert medical reviewer in order to determine medical appropriateness or Investigational or Experimental status of a technology or procedure.

The expert medical reviewer also advises HNL when patients require quick determinations of coverage, when there is no guiding principle for certain technologies or when the complexity of a patient's medical condition requires expert evaluation. If HNL denies, modifies or delays coverage for Your requested treatment on the basis that it is Experimental or Investigational, You may request an independent medical review (IMR) of HNL's decision from the Department of Insurance. Please refer to the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" in the "Coverage Decisions and Disputes Resolution" section for additional details.

Preventive Care Services for women include:

Counseling and medication treatments at the discretion of your Physician.
- Breast cancer genetic counseling and testing (BRCA) for women at high risk. Genetic testing gives people the chance to learn if their breast cancer or family history of breast cancer is due to an inherited gene mutation. Genetic testing for hereditary breast and ovarian cancer looks for mutations in the BRCA1 and BRCA2 genes. Your Physician might suggest testing using a multigene panel, which looks for mutations in several genes at the same time, including BRCA1 and BRCA2. Counseling and testing are provided at the discretion of your Physician.

Aspirin interferes with your blood's clotting action. When you bleed, your blood's clotting cells, called platelets, build up at the site of your wound. The platelets help form a plug that seals the opening in your blood vessel to stop bleeding. Medication treatment is at the discretion of your Physician.
- Blood pressure screening. Screening should occur per general clinical practice guidelines for screening and management of high blood pressure. Limited to one (1) screening and counseling per year as part of annual well visit.

This screening consists of asking patients whether they have fallen 2 or more times in the past year or sought medical attention for a fall, or, if they have not fallen, whether they feel unsteady when walking. Effective exercise interventions include supervised individual and group classes and physical therapy, although most studies reviewed by the USPSTF included group exercise. The most common frequency and duration for exercise interventions was 3 sessions per week for 12 months, although duration of exercise interventions ranged from 2 to 42 months.

- Hepatitis C screening for adults at increased risk, as well as offering a one-time screening for adults aged 18 to 79 years without known liver disease, with periodic rescreening for those with continued risk for HCV infection. Screening for hepatitis C is performed by measuring antibody to HCV (anti-HCV) in a person's serum. A positive test (detection of the antibody) is not a diagnosis of the disease; it only indicates that a person was previously exposed to hepatitis C. Screenings are at the discretion of your Physician.
- HIV preexposure prophylaxis for the prevention of HIV infection (clinicians should offer preexposure prophylaxis (PrEP) with effective antiretroviral therapy to persons who are at high risk of HIV acquisition). During an LDCT scan, you lie on a table and an X-ray machine uses a low dose (amount) of radiation to make detailed images of your lungs. Screenings are at the discretion of your Physician.
- Nutritional counseling for adults at higher risk for chronic disease. A healthy diet helps properly manage and reduce their risks of chronic diseases, including obesity. Adults who eat a healthy diet live longer and have a lower risk of obesity, heart disease, type 2 diabetes, and certain cancers. Limited to one (1) counseling session per year.

Behavioral counseling interventions target sun-protection behaviors to reduce UV radiation exposure, including use of broad-spectrum sunscreen with a sun-protection factor of 15 or greater; wearing hats, sunglasses, or sun-protective clothing; avoiding sun exposure; seeking shade during midday hours (10 am to 4 pm); and avoiding indoor tanning bed use and reduce the risk of skin cancer. The term "child" includes a stepchild, a legally adopted child from the moment of placement in Your home, and any other child for whom You or Your spouse or Domestic Partner has assumed a parent-child relationship, as indicated by intentional assumption of parental duties, as certified by You or Your Domestic Partner at the time of enrollment of the child, and annually thereafter up to age 26.

We will provide you with a notice at least 90 days prior to the last day of the Calendar Year during which Your enrolled child reaches the age limit that coverage will terminate on the last day of the Calendar Year, unless documentation of disability and dependency is provided by You. You must provide Us with proof of Your child's incapacity and dependency within 60 days of receipt of the notice. TERM OF POLICY AND PREMIUMS

A. TERM OF *POLICY* AND TERMINATION

Coverage for this *Policy* will commence on the date set forth in the Notice of Acceptance. This *Policy* shall remain in effect subject to the payment of Premiums as required, and subject to the right of HNL and the Policyholder to terminate it in accordance with the terms of the *Policy*.

The following describes the termination provisions of this *Policy*:

Coverage under this Policy will automatically terminate on the earliest to occur of the following dates:

- If any Premium as specified in the Notice of Acceptance is not paid before the end of the Grace Period, this *Policy* will terminate effective on midnight of the last day of the 30 day Grace Period. The Policyholder is liable for all Premiums due for the period coverage is in force.
- If the Policyholder ceases to be eligible according to the eligibility provisions of this *Policy*, coverage will be terminated for the Policyholder and any enrolled Dependents effective on midnight of the last day of the month in which loss of eligibility occurred.
- If a Dependent ceases to be eligible according to the eligibility provisions of this *Policy*, coverage will be terminated only for that person effective on midnight of the last day of the month in which loss of eligibility occurred.
- On midnight of the last day of the month in which entry of the final decree of dissolution of marriage, annulment or termination of domestic partnership occurs, a spouse or Domestic Partner shall cease to be an eligible Dependent. Children of the spouse or Domestic Partner who are not also the natural or legally adopted children of the Policyholder shall cease to be eligible Dependents at the same time.
- If the Policyholder's coverage under the Health Net Life Company PPO health insurance *Policy* ceases.

B. TERMINATION UPON NOTICE

The Policyholder may terminate this *Policy* by notifying Health Net Life. In such an event, the *Policy* will end effective on midnight of the first day of the month following HNL's receipt of Your notice to cancel.

HNL may terminate this *Policy* at any time by giving the Policyholder at least 30 days advance notice.

C. RENEWAL PROVISIONS

Subject to the termination provisions described in this *Policy*, coverage will remain in effect for each month Premium fees are received and accepted by HNL.

D. CHANGES IN PREMIUMS

Premiums may be changed by HNL on at least 60 days written notice to the Policyholder prior to the date of such change. Any change in Premium shall take effect on the first day of the next month following the expiration of the notice period.

If a governmental authority (a) imposes a tax or fee that is computed on Premiums or (b) requires a change in coverage or administrative practice that increases HNL's risk, HNL may amend this *Policy*

and increase the Premium sufficiently to cover the tax, fee or risk. The effective date shall be the date set forth in a written notice from HNL to the Policyholder. The effective date shall not be earlier than the date that the tax, fee or required change in coverage or administrative practice is imposed by the governmental authority.

Premium changes due to legislative or regulatory requirements will become effective on the effective date of such changes.

If this *Policy* is terminated for any reason, the Policyholder shall be liable for all Premiums for any time this *Policy* is in force.

E. GRACE PERIODS

A Grace Period of 30 days will be allowed for payment of any Premium due, after the first one. During this period, the *Policy* will remain in force (subject to the right of the HNL to cancel in accordance with the termination provision above). If the Policyholder fails to pay the required Premium when due, coverage could be canceled after a 30-day Grace Period. On or before the Premium due date, HNL will provide notification of the 30-day Grace Period. During the 30-day Grace Period, HNL must continue your coverage under this plan. If HNL does not receive payment of the delinquent subscription charges within the 30-day Grace Period, coverage will be terminated at the end of the Grace Period. The Policyholder will be responsible for the full cost of any Dental or Vision Services rendered after the Covered Person's date of termination. The Policyholder shall not be permitted to unilaterally reinstate coverage through the submission of Premium payments after the date on which this *Policy* has been terminated pursuant to this provision. Refer to "Reinstatement" below for further information. Premium payments received by HNL following expiration of the Grace Period shall be returned to the Policyholder, and the Policyholder shall not be entitled to further coverage hereunder.

F. REINSTATEMENT

If any renewal Premium be not paid with the time granted the Policyholder for payment, a subsequent acceptance of Premium by HNL or by any agent duly authorized by HNL to accept such Premium, without requiring in connection therewith an application for reinstatement, shall reinstate the *Policy*; provided, however, that if HNL or such agent requires an application for reinstatement and issues a conditional receipt for the Premium tendered, the *Policy* will be reinstated upon approval of such application by HNL or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless HNL has previously notified the Policyholder in writing of its disapproval of such application. The reinstated *Policy* shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than 10 days after such date. In all other respects, the Policyholder and HNL shall have the same rights thereunder as they had under the *Policy* immediately before the due date of the defaulted Premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement.

G. EXTENDED COVERAGE

A 30 day temporary extension of coverage, only for the services shown below when given in connection with a procedure in progress, will be granted to a Covered Person on the date the person's coverage is terminated if termination is not voluntary. Benefits will be extended until the earlier of:

(a) the end of the 30 day period; or (b) the date the Covered Person becomes covered under a succeeding policy or contract providing coverage or services for similar dental procedures.

Benefits will be covered for: (a) a procedure in progress or dental procedure that was recommended in writing and began, in connection with a specific dental disease of a Covered Person while the *Policy* was in effect, by the attending dentist; (b) an appliance, or modification to an appliance, for which the impression was taken prior to the termination of coverage; or (c) a crown, bridge or gold restoration, for which the tooth was prepared prior to the termination of coverage.

ELIGIBILITY AND ENROLLMENT

This *Policy* describes the vision and dental coverage (for Covered Persons age 19 and over), which is provided in conjunction with the health care coverage provided by HNL, under the *Policy* between HNL and the Covered Person.

The term of coverage under this *Policy* coincides with the term of coverage under the Covered Person's health plan with HNL. Coverage under this *Policy* will commence, renew and terminate consistent with the commencement, renewal and termination provisions set forth in the *Policy* for the Covered Person's health plan with HNL.

HNL establishes the conditions of eligibility that must be met in order to be eligible for coverage and continuing coverage under this *Policy*. In order to receive coverage under this *Policy*, the Policyholder and each of the Policyholder's Dependents that apply for coverage must continually reside in Our Service Area. The Notice of Acceptance indicates the names of applicants who have been accepted for coverage, the Effective Date thereof and the Deductible selected.

Policyholders and Dependents covered under this Policy must be age 19 or older. Individuals under age 19 may access pediatric vision and dental benefits as part of a medical policy that is compliant with the Affordable Care Act.

Policyholders covered under this *Policy* may also enroll Dependents who satisfy the eligibility requirements for enrollment. The following types of Dependents describe those who may enroll in this *Policy*:

- Spouse: The legal spouse, as defined by California law. (The term "spouse" also includes the Policyholder's Domestic Partner as defined.)
- Children: The children of the Policyholder or the Policyholder's spouse or Domestic Partner (including legally adopted children, stepchildren and wards, as defined in the following provision), under 26 years of age.
- Wards: Children for whom the Policyholder or the Policyholder's spouse or Domestic Partner is a court-appointed guardian.
- Other Child: Any child that You have assumed a parent-child relationship, in lieu of a parent-child relationship described above, as indicated by intentional assumption of parental status, or assumption of parental duties by You, as certified by You at the time of enrollment of the child, and annually thereafter up to the age of 26 unless the child is disabled. Coverage terminates on the last day of the Calendar Year in which the child turns 26 years of age unless the child is disabled. This does not include foster children.

Application for Coverage (Enrollment) and Effective Date for Newly Eligible Dependents

You are entitled to add newly eligible Dependents (subject to the applicable Premium payment) to this *Policy* as shown below:

- An application to add coverage for a newly married spouse or Domestic Partner will only be considered if We receive a completed application within sixty (60) days of marriage or Declaration of Domestic Partnership. Coverage shall begin on the date indicated on the Notice of Acceptance for the new enrollee.

- Newborn children will automatically be covered for thirty-one (31) days (including the date of birth). If you do not enroll the newborn within 60 days (including the date of birth), he or she is covered for only 31 days. Coverage will be effective upon birth. Alternatively, the Policyholder may elect for coverage to begin on the first day of the month following the date of birth.
- A newly adopted child, or a child who is being adopted, becomes eligible on the date the Policyholder or his or her spouse or Domestic Partner receives physical custody of the child or the date of adoption or placement for adoption.
- At the Policyholder's option, coverage begins effective either on (a) the date the Policyholder or his or her spouse or Domestic Partner receives physical custody of the child or the date of adoption or placement of adoption or (b) on the first day of the month following the date the Policyholder or his or her spouse or Domestic Partner receives physical custody of the child or the date of adoption or placement of adoption. Coverage will continue for 31 days from the date of eligibility. The Policyholder must enroll the child by the 60th day for coverage to continue beyond the first 31 days.
- If a court has ordered the Policyholder to provide coverage for an eligible Dependent, coverage will begin on the date the court order is effective or, at the option of the Policyholder, a date following enrollment. The Policyholder must enroll the eligible Dependent within sixty (60) days of the date of the court order and pay any required Premiums.

Benefits

Vision services are covered as shown in the "Vision Plan Schedule of Benefits" portion of this section. Covered Services can be provided by both Preferred and non-Preferred Providers. However, if a Covered Person receives vision services and Materials from a Preferred Provider, covered expenses will usually be paid at a higher level, as shown in the Vision Plan Schedule of Benefits. Certain services or Materials may be payable under this *Policy* only if the service or Material is furnished by a Preferred Provider. If this is the case, it will be indicated in the Vision Plan Schedule of Benefits. It is the Covered Person's responsibility to determine if a Vision Care Provider is a Preferred Provider at the time the service or Material is provided.

When the Covered Person receives Benefits from a Preferred Vision Provider he or she will pay a percentage of covered expenses or any amount in excess of the Maximum Benefit Allowance as stated in the Vision Plan Schedule of Benefits in this *Policy*. HNL pays the Preferred Vision Provider without You having to submit a claim. HNL arranges for the provision of vision services by contracting with Preferred Vision Providers to serve the Covered Persons in an organized and cost-effective manner.

When the Covered Person receives Benefits from a non-Preferred Vision Provider he or she is responsible for the difference in the Maximum Benefit Allowance and the provider's normal fee. The Covered Person is required to pay the full cost for the Covered Services, then submit a claim for

reimbursement. Payment will be made directly to the Covered Person unless otherwise directed by the Covered Person.

If You have any questions regarding the Benefits described in this section, please contact the Customer Contact Center at **1-866-392-6058**.

Procedures For Using Preferred Vision Providers

To obtain Covered Services from a Preferred Vision Provider under this vision plan, the Covered Person must follow the steps below:

1. **Obtain a Directory of Preferred Providers.** A Directory of Preferred Providers has been included with this *Policy*. If You lose the attached directory or need an updated directory, please contact the Customer Contact Center at **1-866-392-6058**.
2. **Select a Preferred Vision Provider.** The Covered Person selects a Preferred Vision Provider from the Directory of Preferred Providers. HNL's Customer Contact Center can provide assistance in the selection of a Preferred Vision Provider.
3. **Schedule an appointment for a complete vision examination with the Vision Provider.** The Covered Person calls the Vision Provider to schedule an appointment for a complete vision examination.
4. **Attend appointment and receive complete vision examination.** The Covered Person presents his or her HNL identification card to the Vision Provider at the time of the scheduled appointment. In accordance with professionally recognized standards of practice, the Covered Person will receive a complete vision examination, including an analysis of the eyes and related structures to determine the presence of vision problems or other abnormalities. The Vision Provider will provide a diagnosis and treatment plan, as appropriate.
5. **Obtain corrective eyeglass lenses, if necessary.** If the examination results in corrective lenses being prescribed for the first time, or if the Covered Person is a current wearer of corrective lenses and needs new lenses, the Covered Person may obtain the correctives lenses from either the examining Preferred Vision Provider or another Vision Provider of his or her choice. The dispensing Preferred Vision Provider will provide quality eyeglasses in accordance with the prescription of the examining Preferred Vision Provider. The Vision Provider will assist in the selection of a frame, verify the accuracy of the finished lenses and fit and adjust the frame. The Covered Person will be required to pay all charges in excess of the allowances shown in the Vision Plan Benefit Schedule for Materials at this time.

Coverage for prescriptions for contact lenses is subject to Medical Necessity and all applicable exclusions and limitations. Generally, coverage for contact lenses will only be authorized for the following circumstances:

- a. To correct extreme visual acuity problems that cannot be corrected (to 20/70 in the better eye) with eyeglass lenses,
- b. Following cataract surgery resulting in Aphakia,
- c. For Anisometropia of 4.0 diopters or greater, or
- d. For Keratoconus, or other corneal irregularities.

A Covered Person may elect non-Medically Necessary contact lenses in lieu of all other Materials Benefits. Refer to the Vision Plan Schedule of Benefits for Benefits, exclusions and limitation information.

Choice of Preferred Vision Provider

The Directory of Preferred Providers is a listing of Preferred Vision Providers currently contracting with HNL in Your area. However, it is subject to change as new providers contract with HNL and some Preferred Vision Providers contract ends. The current participation status of any provider can be determined by calling HNL's Customer Contact Center at **1-866-392-6058**.

HNL compensates its Preferred Vision Providers on a discounted "fee-for-service" basis. HNL does not compensate Preferred Vision Providers with bonuses or financial incentives in connection with the amount of services the Covered Person may receive under this *Policy*. Therefore, there are no inducements to delay, reduce, limit or deny necessary and appropriate care. If further information is needed the Covered Person may contact HNL's Customer Contact Center or his or her Preferred Vision Provider.

Deductibles

Deductibles are a Covered Person's financial responsibility for Benefits paid to the Vision Care Provider at the time services are rendered. The specific Deductible amounts are listed in the Vision Plan Schedule of Benefits.

Covered Person's Liability For Payment

Covered Persons are responsible for any applicable charges and for payment for non-Covered Services and Materials in excess of specified Benefit limitations. If HNL does not pay a Preferred Vision Provider for Covered Services, the Covered Person will not be liable to the provider for any sums owed by HNL. But if HNL does not pay a non-Preferred Vision Provider, the Covered Person may be liable for payment.

Upon termination of any Preferred Vision Provider contract, HNL shall be liable for payment of Covered Services rendered by such Preferred Vision Provider (other than any Deductible or Covered Charges in excess of the Maximum Benefit Allowance) to a Covered Person who retains eligibility under this *Policy* or by operation of law who is under the care of such Preferred Vision Provider at the time of such termination, until the Covered Services being rendered to the Covered Person by such Preferred Vision Provider are completed, unless HNL makes reasonable and medically appropriate provision for the assumption of such services by another Preferred Vision Provider. A Covered Person may elect to continue care with the provider whose contract was terminated by HNL if at the time of termination, the Covered Person was receiving care for an acute or serious chronic condition or if the performance of a scheduled surgery or other procedure that has been recommended and documented by the provider is to occur within 180 days of the contract's termination date or within 180 days of the Effective Date of coverage for a new Covered Person. If a Covered Person has questions about or wishes to request continuity of care, he or she should contact HNL's Customer Contact Center.

Grievance Procedures

1. General Information

If a Covered Person is not satisfied with the manner in which HNL has made a determination under this *Policy*, such as denial of a claim, he or she is required to initiate complaint procedures through HNL's internal complaint process. This process must be completed before requesting arbitration for final and binding resolution of the complaint.

If a complaint concerns malpractice on part of a Vision Care Provider or the quality of care given by a Vision Care Provider, the Covered Person should, if appropriate, attempt to resolve the complaint directly with the Vision Care Provider.

2. First Step – Internal Review

If, after discussion with the Member Service Department, a Covered Person is dissatisfied with HNL's determination of a policy or procedure, or a review of a denied claim, he or she may appeal the determination by calling or writing HNL's Complaint and Appeals unit at the following address:

HNL Insurance Company
Appeals and Grievance Department
P.O. Box 10348
Van Nuys, CA 91410-0348
1-800-839-2172

HNL can assist the Covered Person in writing with his or her complaint or appeal, or can provide the Covered Person with a complaint and appeal form. The complaint or appeal should include any additional information that HNL should consider and an itemized statement as to the amount in dispute.

HNL will notify the Covered Person in writing of the results of the review and the basis of the decision within 15 calendar days of receipt of the complaint. HNL will advise the Covered Person if additional time is required.

3. Final Step – Neutral, Binding Arbitration

If a Covered Person does not agree with HNL's final determination, he or she can request neutral, binding arbitration in accordance with the California Arbitration Act.

Arbitration is the final process for resolving any dispute between the Covered Person and HNL, which arises out of or relates to coverage under this *Policy*.

As a condition of coverage under this *Policy*, You understand and agree that any all disputes or disagreements arising out of or relating to the *Policy*, or the breach thereof, that are not resolved by the parties must submitted to final and binding Arbitration in accordance with the California Arbitration Act (California Code of Civil Procedure Sections 1280, et seq.) in lieu of a jury or court trial, with the express stipulation that the arbitrators shall strictly abide by the terms of this *Policy* and shall strictly apply rules of law applicable thereto. The written demand for arbitration shall contain a detailed statement of the matter and facts. The arbitration shall be conducted in California at a mutually agreed location by a single, neutral arbitrator who is licensed to practice law. The decision of the arbitrator shall be final and binding. Judgment upon the award rendered by the arbitrators may be entered in any court having jurisdiction. Each party (You and HNL) shall undertake to promptly notify the other party as to any claims or disputes it might have arising out of or relating the Contract. Arbitration must be filed within two years of the date the party discovers, or reasonably should have discovered under the circumstances, the existence of the claim.

4. California Department of Insurance

Notwithstanding the provisions above, if the Covered Person is unable to resolve an issue with HNL, he or she may wish to contact:

California Department of Insurance, Consumer Services Division
300 South Spring Street
South Tower
Los Angeles, California 90013
1-800-927-HELP

Non-Assignability of Benefits

The coverage and Benefits of this vision plan may not be assigned without the prior written consent of HNL, which consent may be withheld for any reason. HNL reserves the right to make payment of Benefits, directly to the attending provider or to the Covered Person.

Second Pair

We recognize that many Covered Persons prefer to have a second pair of frames and lenses as a convenience. The first pair of frames and corrective lenses are covered by this plan, however, We have negotiated with Preferred Providers and allow them to extend a 40% discount for a second pair of frames and corrective lenses (including, but not limited to, prescription sunglasses, VDT prescription in lieu of bifocals, safety glasses, occupational or recreational glasses) at the same time as the first pair of frames and corrective lenses. Of the two pairs of frames and corrective lenses, the more expensive pair will be defined as the "first pair" while the least expensive pair will be considered the "second pair."

However, payment for Emergency Dental Care rendered will be conditioned on HNL's subsequent review and determination as to consistency with professionally recognized standards of dental practice and HNL's dental policies.

Experimental: Medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time HNL makes a determination regarding coverage in a particular case, is determined to be:

Grievance Procedures

1. General Information

If a Covered Person is not satisfied with the manner in which HNL has made a determination under this *Policy*, such as denial of a claim, he or she is required to initiate complaint procedures through HNL's internal complaint process. This process must be completed before requesting arbitration for final and binding resolution of the complaint.

If a complaint concerns malpractice on part of a Dental Care Provider or the quality of care given by a Dental Care Provider, the Covered Person should, if appropriate, attempt to resolve the complaint directly with the Dental Care Provider.

2. First Step – Internal Review

If, after discussion with the Member Service Department, a Covered Person is dissatisfied with HNL's determination of a policy or procedure, or a review of a denied claim, he or she may appeal the determination by calling or writing HNL's Complaint and Appeals unit at the following address:

Health Net Life Insurance Company
P.O. Box 30567
Salt Lake City, Utah 84130
1-800-839-2172

HNL can assist the Covered Person in writing with his or her complaint or appeal, or can provide the Covered Person with a complaint and appeal form. The complaint or appeal should include any additional information that HNL should consider and an itemized statement as to the amount in dispute.

HNL will notify the Covered Person in writing of the results of the review and the basis of the decision within 15 calendar days of receipt of the complaint. HNL will advise the Covered Person if additional time is required.

3. Final Step – Neutral, Binding Arbitration

If a Covered Person does not agree with HNL's final determination, he or she can request neutral, binding arbitration in accordance with the California Arbitration Act.

Arbitration is the final process for resolving any dispute between the Covered Person and HNL, which arises out of or relates to coverage under this *Policy*.

As a condition of coverage under this *Policy*, You understand and agree that any all disputes or disagreements arising out of or relating to the *Policy*, or the breach thereof, that are not resolved by the parties must be submitted to final and binding Arbitration in accordance with the California Arbitration Act (California Code of Civil Procedure Sections 1280, et seq.) in lieu of a jury or court trial, with the express stipulation that the arbitrators shall strictly abide by the terms of this *Policy* and shall strictly apply rules of law applicable thereto. The written demand for arbitration shall contain a detailed statement of the matter and facts. The arbitration shall be conducted in California at a mutually agreed location by a single, neutral arbitrator who is licensed to practice law. The decision of the arbitrator shall be final and binding. Judgment upon the award rendered by the arbitrators may be entered in any court having jurisdiction. Each party (You and HNL) shall undertake to promptly notify the other party as to any claims or disputes it might have arising out of or relating to the Contract. Arbitration must be filed within two years of the date the party discovers, or reasonably should have discovered under the circumstances, the existence of the claim.

4. California Department of Insurance

Notwithstanding the provisions above, if the Covered Person is unable to resolve an issue with HNL, he or she may wish to contact:

California Department of Insurance, Consumer Services Division
300 South Spring Street
South Tower
Los Angeles, California 90013
1-800-927-HELP

- r. A temporary restoration means that it is inserted and used by a Covered Person for less than 12 months. Any restoration or prosthetic inserted and used for at least 12 months will be considered permanent.

5. Denture or Bridge Replacement/Addition:

However, the following exceptions will apply:

- a. Benefits for the replacement of an existing partial denture that is less than 5 years old will be covered if there is a Dentally Necessary extraction of an additional Functioning Natural Tooth and the partial denture cannot be made serviceable.

For an existing fixed partial denture that is less than 5 years old, and an existing abutment or a Functioning Natural Tooth within the same arch is extracted, the Covered Benefit will be a partial denture.

6. Missing Teeth Limitation:

- a. The initial placement of full or partial dentures will be considered a Covered Dental Charge if the placement includes the initial replacement of a Functioning Natural Tooth extracted while the Covered Person is insured under this *Policy*.

Coordination of Dental Plan Benefits

If any Covered Services under this *Policy* are also payable under health or other dental insurance or other health coverage, We will not make payment under this dental *Policy* until after We determine what benefits are paid or payable by the health insurance or other dental or health coverage plan. This coordination of benefits (COB) provision applies when a person has health or dental coverage under more than one Coverage Plan. "Coverage Plan" is defined below. The order of benefit determination rules below determine which Coverage Plan will pay as the primary Coverage Plan. The primary

Coverage Plan that pays first pays without regard to the possibility that another Coverage Plan may cover some expenses. A secondary Coverage Plan pays after the primary Coverage Plan and may reduce the Benefits it pays so that payments from all group Coverage Plans do not exceed 100% of the total allowable expense. When two or more Coverage Plans pay benefits, the rules for determining the order of payment are as follows:

- a. The primary Coverage Plan pays or provides its benefits as if the secondary Coverage Plan or Coverage Plans did not exist.
- b. A Coverage Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage will be excess to any other parts of the Coverage Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Coverage Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Coverage Plan to provide out-of-network benefits.
- c. A Coverage Plan may consider the benefits paid or provided by another Coverage Plan in determining its benefits only when it is secondary to that other Coverage Plan.
- d. The first of the following rules that describes which Coverage Plan pays its benefits before another Coverage Plan is the rule to use.
 1. Non-Dependent or Dependent. The Coverage Plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the Coverage Plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Coverage Plan covering the person as a dependent; and primary to the Coverage Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Coverage Plans is reversed so that the Coverage Plan covering the person as an employee, member, subscriber or retiree is secondary and the other Coverage Plan is primary.
 2. Child Covered Under More Than One Plan. The order of benefits when a child is covered by more than one Coverage Plan is:
 - a. The primary Coverage Plan is the Coverage Plan of the parent whose birthday is earlier in the year if:
 1. The parents are married;
 2. The parents are not separated (whether or not they ever have been married); or
 3. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage. If both parents have the same birthday, the Coverage Plan that covered either of the parents longer is primary.
 - b. If the specific terms of a court decree state that one of the parents is responsible for the child's health or dental care expenses or health or dental care coverage and the Coverage Plan of that parent has actual knowledge of those terms, that Coverage Plan is primary. This rule applies to claim determination periods or Coverage Plan years commencing after the Coverage Plan is given notice of the court decree.

- c. If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - 1. The Coverage Plan of the custodial parent;
 - 2. The Coverage Plan of the spouse or Domestic Partner of the custodial parent;
 - 3. The Coverage Plan of the noncustodial parent; and then
 - 4. The Coverage Plan of the spouse or Domestic Partner of the noncustodial parent.

As used above, “Coverage Plan” is a contract or insurance policy which provides coverage for dental care services.

SPECIFIC PROVISIONS

Right of Recovery

Whenever HNL has made payments in excess of the Benefits payable under this *Policy*, HNL has the right to recover the excess from any person to, or for, or with respect to whom, such payments were made, or from any other insurers, health care service plans or other organizations.

If HNL pays Benefits for expenses incurred on account of a Covered Person, the Policyholder or any other person that was paid must make a refund to HNL if:

If the refund is due from another person or organization that was paid, the Policyholder and his or her Dependents agree to help HNL get the refund when requested.

If the Policyholder, or any other person or organization that was paid, do not promptly refund the amount, HNL may reduce the amount of any future Benefits that are payable under this *Policy*. The reduction will equal the amount of the required refund.

Health Care Plan Fraud

Policyholder Responsibility

The Policyholder must:

- File accurate claims. If someone else, such as the Policyholder's spouse, Domestic Partner or another Dependent, files claims on Your behalf, You should review the form before You sign it;

To maintain the integrity of Your health plan, We encourage You to notify Us whenever a provider:

- Bills You for services or treatments that You have never received;
- Asks You to sign a blank claim form; or

- Asks You to undergo tests that You feel are not needed.

If You are concerned about any of the charges that appear on a bill or Explanation of Benefits form, or if You know of or suspect any illegal activity, call Our toll-free hotline at the number shown on Your HNL ID card. All calls are strictly confidential.
