AGREEMENT AND CONSIDERATION

This document along with the corresponding *Schedule of Benefits* is your contract and it is a legal document. In consideration of your application and the timely payment of premiums, we will provide benefits to you, the *member*, for *covered services* as outlined in this *policy*. Benefits are subject to *policy* definitions, provisions, limitations, and exclusions.

GUARANTEED RENEWABLE

Guaranteed renewable means that this contract will renew each year on the anniversary date unless terminated earlier in accordance with *policy* terms. You may keep this *policy* in force by timely payment of the required premiums. However, we may decide not to renew the *policy* as of the renewal date if: (1) we decide not to renew all policies issued on this form, with the same type and level of benefits, to residents of the state where you then live; (2) we withdraw from the *service area*; or (3) there is fraud or an intentional material misrepresentation made by or with the knowledge of a *member* in filing a claim for *policy* benefits.

Annually, we may change the rate table used for this *policy* form. Each premium will be based on the rate table in effect on that premium's due date. The *policy* plan and age of *members*, type and level of benefits, and place of *residence* on the premium due date are some of the factors used in determining your premium rates. We have the right to change premiums, however, all premium rates charged will be guaranteed for a rating period of at least 12 months.

At least 60 days' notice of any plan to take an action or make a change permitted by this clause will be delivered to you at your last address as shown in our records. We will make no change in your premium solely because of claims made under this *policy* or a change in a *member's* health. While this *policy* is in force, we will not restrict coverage already in force. If we discontinue offering and decide not to renew all policies issued on this form, with the same type and level of benefits, for all residents of the state where you reside, we will provide a written notice to you at least 90 days prior to the date that we discontinue coverage.

This *policy* contains *prior authorization* requirements. You may be required to obtain a referral from a *primary care physician (PCP)* in order to receive care from a *specialist provider*. Benefits may be reduced or not covered if the requirements are not met. Please refer to the *Schedule of Benefits* and the *Prior Authorization* Section.

TEN DAY RIGHT TO RETURN POLICY

Please read your *policy* carefully. If you are not satisfied, return this *policy* to us or to our agent within ten days after you receive it. All premiums paid will be refunded, less claims paid, and the *policy* will be considered null and void from the *effective date*.

Definitions

In this *policy*, italicized words are defined. Words not italicized will be given their ordinary meaning.

Wherever used in this *policy*:

Acquired brain injury means a neurological insult to the brain, which is not hereditary, congenital or degenerative. The injury to the brain has occurred after birth and results in a change in neuronal activity, which results in an impairment of physical functioning, sensory processing, cognition or psychosocial behavior.

Acute rehabilitation means *rehabilitation* for patients who will benefit from an intensive, multidisciplinary *rehabilitation* program. Patients normally receive a combination of therapies such as physical, occupational and speech therapy as needed and are medically managed by specially trained *physicians*. *Rehabilitation services* must be performed for three or more hours per day, five to seven days per week, while the *member* is confined as an *inpatient* in a *hospital*, *rehabilitation facility*, or *extended care facility*.

Advance premium tax credit means the tax credit provided by the Affordable Care Act to help you afford health coverage purchased through the Health Insurance Marketplace. Advance premium tax credits can be used right away to lower your monthly premium costs. If you qualify, you may choose how much advance premium tax credit to apply to your premiums each month, up to a maximum amount. If the amount of advance premium tax credits you receive for the year is less than the total tax credit you are due, you will get the difference as a refundable credit when you file your federal income tax return. If your advance premium tax credits for the year are more than the total amount of your premium tax credit, you must repay the excess advance premium tax credit with your tax return.

Adverse benefit determination means (i) Any of the following: A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a participant's or beneficiary's eligibility to participate in a plan, and including, with respect to group health plans, a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any *utilization review*, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be *experimental* or *investigational* or not *medically necessary* or appropriate; and (ii) In the case of a plan providing disability benefits, the term "*adverse benefit determination*" also means any *rescission* of disability coverage with respect to a participant or beneficiary (whether or not, in connection with the *rescission*, there is an adverse effect on any particular benefit at that time). For this purpose, the term "*rescission*" means a cancellation or discontinuance of coverage that has retroactive effect, except to the extent it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.

Refer to the Appeal and Grievance Procedures section of this *policy* for information on your right to *appeal* an *adverse benefit determination*.

Allowed amount (also see ***Eligible expense***) means the maximum amount we will pay a *provider* for a *covered service*. When a *covered service* is received from a *network provider*, the *allowed amount* is the amount the *provider* agreed to accept from us as payment for that particular service. In all cases, the *allowed amount* will be subject to *cost sharing* (e.g., *deductible*, *coinsurance* and *copayment*) per the *member's* benefits. This amount excludes amounts made to the *provider* by us as a result of Federal or State Arbitration. Also see *Hospital-Based Providers* under the Access to Care section.

Please note, if you receive services from a *non-network provider*, you may be responsible for the difference between the amount the *provider* charges for the service (*billed amount*) and the *allowed amount* that we pay. However, you will not be responsible for *balance billing* for unanticipated out-of-network care that is otherwise covered under your plan and that is provided by a *non-network provider* at an in-network facility, unless you gave informed consent before receiving the service. You also will not be responsible for *balance billing* by a *non-network provider* or *non-network facility* for *emergency services* or air ambulance services. See *Balance Billing* and *Non-Network Provider* definitions for additional information. Also see *Hospital-Based Providers* under the Access to Care section. If you are *balance billed* in these situations, please contact Member Services immediately at the number listed on the back of your ID card.

Ambetter Telehealth means the preferred vendor who we have contracted with to *provide telehealth services* to *members*. Our preferred vendor contracts with providers to render *telehealth services* to *members*. These services can be accessed via <https://www.ambettermeridian.com/health-plans/our-benefits/ambetter-telehealth.html>.

Appeal means a request to reconsider a decision about the *member's* benefits where either a service or claim has been denied or reduced.

Applicable Laws means laws of the state in which your *policy* was issued and/or federal laws.

Applied behavior analysis (ABA) is the design, implementation, and evaluation of environmental modifications by a board-certified behavior analyst using behavioral stimuli and consequences to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior.

Authorization or **Authorized** means a decision to approve specialty, *medical necessity*, or the appropriateness of care for a *member* by the *member's PCP* or provider. *Authorizations* are not a guarantee of payment.

Autism spectrum disorder means a neurological and developmental disorder that begins early in childhood and lasts throughout a person's life. It is a condition related to brain development that impacts how a person perceives and socializes with others, causing problems in social interaction and communication. It may include intellectual impairment but not always. The disorder may include problems with the ability to recognize or share interests or emotional experiences, problems expressing or understanding verbal or non-verbal communication, and/or developing or maintaining relationships. Repetitive patterns of behavior or an inability to tolerate change is often seen.

Balance billing means a *non-network provider* billing you for the difference between the *provider's* charge for a service and the *eligible expense*. *Network providers* may not balance bill you for *covered service expenses* beyond your applicable *cost sharing* amounts. See *Non-Network Provider* definition for additional information. Also see *Hospital-Based Providers* under the Access to Care section.

If you are ever balance billed, contact Member Services immediately at the number listed on the back of your ID card.

Behavioral health includes both mental health and *substance use disorders*, encompassing a continuum of prevention, intervention, treatment and recovery support services

Billed amount is the amount a *provider* charges for a service.

Calendar year is the period beginning on the initial *effective date* of this *policy* and ending December 31 of that year. For each following year it is the period from January 1 through December 31.

Care management means a program in which a registered nurse or licensed mental health professional, known as a care manager, assists a *member* through a collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates options and health care benefits available to a member. Care management is instituted when mutually agreed to by us, the *member* and the *member's* physician .

Center of Excellence means a *hospital* that:

1. Specializes in a specific type or types of *medically necessary* transplants or other services such as cancer, bariatric, or infertility; and
2. Has agreed with us or an entity designated by us to meet quality of care criteria on a cost efficient basis. The fact that a *hospital* is a *network provider* does not mean it is a *Center of Excellence*.

Chiropractic care means the involvement of neuromuscular treatment in the form of manipulation and adjustment of the tissues of the body, particularly of the spinal column, and may include physical medicine modalities or use of *durable medical equipment*.

Coinsurance amount means the percentage of *covered service expenses* that you are required to pay when you receive a *covered service*. *Coinsurance* amounts are listed in the *Schedule of Benefits*. Not all *covered services* have *coinsurance*.

1. Conditions whose diagnoses are distinct from pregnancy, but are adversely affected by pregnancy or are caused by pregnancy and not, from a medical viewpoint, associated with a normal pregnancy. This includes: ectopic pregnancy, spontaneous abortion, eclampsia, missed abortion, and similar medical and surgical conditions of comparable severity; but it does not include: false labor, preeclampsia, edema, prolonged labor, physician prescribed rest during the period of pregnancy, morning sickness, and conditions of comparable severity associated with management of a difficult pregnancy, and not constituting a medically classifiable distinct complications of pregnancy.

Copayment, Copay, or Copayment amount means the specific dollar amount that you must pay when you receive *covered services*. *Copayment amounts* are shown in the *Schedule of Benefits*. Not all *covered services* have a *copayment amount*.

Cosmetic treatment means treatments, procedures, or services that change or improve appearance without significantly improving physiological function and without regard to any asserted improvement to the psychological consequences or socially avoidant behavior resulting from an *injury, illness, or congenital anomaly*.

Cost sharing means the *deductible amount, copayment amount, and coinsurance* that you pay for *covered services*. The *cost sharing* amount that you are required to pay for each type of *covered service* is listed in the *Schedule of Benefits*. When you receive *covered services* from a *non-network provider* in a *network facility*, or when you receive *covered emergency services* or air ambulance services from *non-network providers*, *cost-sharing* may be based on an amount different from the *allowed amount*

Cost sharing percentage means the percentage of *covered services* that are payable by us.

Cost sharing reductions helps reduce the amount you have to pay in *deductibles, copayments, and coinsurance*. 2. Covered by a specific benefit provision of this *policy*; and
3. Not excluded anywhere in this *policy*.

Custodial care is treatment designed to assist a *member* with activities of daily living and which can be provided by a layperson and not necessarily aimed at curing or assisting in recovery from a sickness or bodily *injury*.

Custodial care includes (but is not limited to) the following:

1. Personal care such as assistance in walking, getting in and out of bed, dressing, bathing, feeding, and use of toilet;
2. Preparation and administration of special diets;
3. Supervision of the administration of medication by a caregiver;
4. Supervision of self-administration of medication; or

For family coverage, there is a family *deductible amount* which is two times the individual *deductible amount*. Both the individual and the family *deductible amounts* are shown in the *Schedule of Benefits*.

If you are a covered *member* in a family of two or more *members*, you will satisfy your *deductible amount* when:

1. You satisfy your individual *deductible amount*; or
2. Your family satisfies the family *deductible amount* for the *calendar year*.

Dependent Member Coverage

Dependent Member Eligibility

Your *dependent members* become eligible for coverage on the latter of:

2. The date of marriage to add a *spouse*;
3. The date of an eligible newborn's birth; or
4. The date that an adopted child is placed with you or your *spouse* for the purposes of adoption or you or your *spouse* assumes total or partial financial support of the child;
5. The date a foster child is placed in your custody; or
6. The date a domestic partnership is established, pursuant to state law.

Effective Date for Initial Dependent Members

Dependent members included in the initial enrollment application for this *policy* will be covered on your effective date.

Coverage for a Newborn Child

An *eligible child* born to you or a covered family member *will* be covered from the time of birth until the 31st day after its birth, unless we have received notice from the entity that you have enrolled (either the Health Insurance Marketplace or us). Each type of *covered service* incurred by the newborn child will be subject to the *cost sharing* amount listed in the *Schedule of Benefits*.

Additional premium will be required to continue coverage beyond the 31st day after the date of birth. The required premium will be calculated from the child's date of birth. If notice of the newborn is given to us by the Health Insurance Marketplace within the 31 days from birth, an additional premium for coverage of the newborn child will be charged for not less than 31 days after the birth of the child. If notice is not given within the 31 days from birth, we will charge an additional premium from the date of birth. If notice is given by the Health Insurance Marketplace within 60 days of the birth of the child, we may not deny coverage of the child due to failure to notify us of the birth of the child or to pre-enroll the child. Coverage of the child will terminate on the 31st day after its birth, unless we have received notice by the Health Insurance Marketplace of the child's birth.

Coverage for an Adopted Child

An *eligible child* legally placed for adoption with you or your *spouse* will be covered from the date of *placement* until the 31st day after *placement*, unless the *placement* is disrupted prior to legal adoption and the child is removed from your or your *spouse's* custody.

The child will be covered for *loss* due to *injury* and *illness* including *medically necessary* care and treatment of conditions existing prior to the date of *placement*.

Additional premium will be required to continue coverage beyond the 31st day following *placement* of the child and we have received notification from the Health Insurance Marketplace. The required premium will be calculated from the date of *placement* for adoption. Coverage of the child will terminate on the 31st day following *placement*, unless we have received both: (A) Notification of the addition of the child from the Health Insurance Marketplace within 60 days of the birth or placement and (B) any additional premium required for the addition of the child within 90 days of the date of *placement*.

As used in this provision, "*placement*" means the earlier of:

1. The date that you or your *spouse* assume physical custody of the child for the purpose of adoption;
or

Ongoing Eligibility

For All Members

A *member's* eligibility for coverage under this *policy* will cease on the earlier of:

1. The date that a *member* accepts any direct or indirect contribution or reimbursement, by or on behalf of an employer, for any portion of the premium for coverage under this *policy*;

5. The date that a *member* has failed to pay premiums or contributions in accordance with the terms of this contract or the date that we have not received timely premium payments in accordance with the terms of this contract;
6. The date the *member* has performed an act or practice that constitutes fraud or made an intentional misrepresentation of a material fact (e.g. the date that a *member* accepts any direct or indirect contributions or reimbursement by or on behalf of an employer, for any portion of the premium for coverage under this contract); or
7. The date of a *member's* death.

If you have material modifications (examples include a change in life event (marriage, death) or family status), or questions related to your health insurance coverage, contact the Health Insurance Marketplace at www.healthcare.gov or 1-800-318-2596. If you enrolled through Ambetter contact Member Services Department: 1-833-993-2426 TTY 711.

For Dependent Members

A *dependent member* will cease to be a *member* at the end of the premium period in which he or she ceases to be your *dependent member* due to divorce or if a child ceases to be an *eligible child*. For *eligible children*, the coverage will terminate the thirty-first day of December the year the *dependent member* turns 26 years of age.

A *member* will not cease to be a *dependent eligible child* solely because of age if the *eligible child* is:

1. Not capable of self-sustaining employment due to mental disability or physical disability that began before the age limit was reached; and
2. Mainly dependent on you for support.

Prior Coverage

If an enrollee is confined as an *inpatient* in a *hospital* on the Effective Date of this agreement, and prior coverage terminating immediately before the Effective Date of this agreement furnishes benefits for the hospitalization after the termination of prior coverage, then services and benefits will not be covered under this agreement for that enrollee until the enrollee is discharged from the *hospital* or benefits under the prior coverage are exhausted, whichever is earlier. "Discharge" means a formal release of an enrollee from an *inpatient hospital* stay when the need for continued care at an *inpatient hospital* has concluded. Transfers from one inpatient *hospital* to another shall not be considered a discharge.

If there is no prior coverage or no continuation of *Inpatient* coverage after the Effective Date, your Ambetter coverage will apply for covered benefits related to the *Inpatient* coverage after your Effective Date. Ambetter coverage requires you notify Ambetter within 2 days of your Effective Date so we can review and authorize *medically Necessary* services. If services are at a *non-network hospital*, claims will be paid at the Ambetter allowable and you may be billed for any balance of costs above the Ambetter allowable."

In such cases, the Health Insurance Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction;

Coverage Effective Dates for Special Enrollment Periods

Regular *Effective Dates.* Except as specified below, coverage will be effective on the first of the month following plan selection.

Special *Effective Dates.* In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a *qualified individual* or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care. In the case of marriage, or in the case where a qualified individual loses *minimum essential coverage*, coverage is effective on the first day of the following month.

In the case of erroneous enrollment, contract violation, or exceptional circumstances, coverage is effective on an appropriate date based on the circumstances of the special enrollment period, in accordance with guidelines issued by the Department of Health and Human Services. Such date must be either (i) the date of the event that triggered the special enrollment period or (ii) in accordance with the regular effective dates.

If a *qualified individual*, enrollee, or *dependent member* loses coverage, gains access to a new QHP, becomes newly eligible for enrollment in a QHP, becomes newly eligible for advance payments of the premium tax credit in conjunction with a permanent move, or is enrolled in COBRA continuation coverage and employer contributions to or government subsidies completely cease, and if the plan selection is made on or before the day of the triggering event the Health Insurance Marketplace must ensure that the coverage effective date is the first day of the month following the date of the triggering event. If the plan selection is made after the date of the triggering event, coverage is effective on the first day of the following month.

If a *qualified individual*, enrollee, or *dependent member* newly gains access to an ICHRA or is newly provided a QSEHRA, and if the plan selection is made before the day of the triggering event, coverage is effective on the first day of the month following the date of the triggering event or, if the triggering event is on the first day of a month, on the date of the triggering event. If the plan selection is made on or after the day of the triggering event, coverage is effective on the first day of the month following plan selection.

If a *qualified individual*, enrollee, or *dependent member* did not receive timely notice of an event that triggers eligibility for a special enrollment period, and otherwise was reasonably unaware that a qualifying event occurred, the Health Insurance Marketplace must allow the *qualified individual*, enrollee, or *dependent member* to select a new plan within 60 days of the date that he or she knew, or reasonably should have known, of the occurrence of the triggering event. And at the option of a *qualified individual*, enrollee or *dependent member*, the Health Insurance Marketplace must provide the earliest effective that would have been available, based on the applicable qualifying event.

Premiums

Premium Payment

Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual open enrollment period.

Grace Period

When a *member* is receiving a premium subsidy:

After the first premium is paid, a grace period of three consecutive months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if *advanced premium tax credits* are received.

We will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period, and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. We will notify HHS of the non-payment of premiums, the *member*, as well as *providers* of the possibility of denied claims when the *member* is in the second and third month of the grace period. We will continue to collect *advanced premium tax credits* on behalf of the *member* from the Department of the Treasury, and will return the *advanced premium tax credits* on behalf of the *member* for the second and third month of the grace period if the *member* exhausts their grace period as described above. A *member* is not eligible to re-enroll once terminated, unless a *member* has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods.

When a *member* is not receiving a premium subsidy:

Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a 60 day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the *policy* will stay in force; however, claims may pend for *covered services* rendered to the *member* during the grace period. We will notify the *member* of the non-payment of premiums, as well as *providers* of the possibility of denied claims when the *member* is in the grace period.

Third Party Payment of Premiums or Cost Sharing

We require each policyholder to pay his or her premiums and this is communicated on your monthly billing statements. Ambetter payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting third party premiums. Consistent with CMS guidance, the following are the only acceptable third parties who may pay Ambetter premiums on your behalf:

1. Ryan White HIV/AIDS program under Title XXVI of the Public Health Service Act;
2. Indian tribes, tribal organizations, or urban Indian organizations;
3. State and Federal government programs;
4. Family members; or
5. An employer for an employee under an Individual Coverage Health Reimbursement Account (ICHRA) or Qualified Small Employer Health Reimbursement Account (QSEHRA) plan; or
6. Private, not-for-profit foundations which have no incentive for financial gain, no financial relationship, or affiliation with providers of covered services and supplies on behalf of members, where eligibility is determined based on defined criteria without regard to health status and where

payments are made in advance for a coverage period from the effective date of eligibility through the remainder of the calendar year.

Upon discovery that premiums were paid by a person or entity other than those listed above, we will reject the payment and inform the *member* that the payment was not accepted and that the premium remain due.

Health Savings Account (HSA)

A Health Savings Account (HSA) is a special tax-exempt custodial account or trust owned by a *member* where contributions to the account may be used to pay for current and future qualified medical expenses. Please refer to your *Schedule of Benefits* to see if the plan you are enrolled in has an HSA. For members enrolled in an HSA compatible plan, the following terms apply.

Individual *members* must satisfy federal HSA eligibility criteria in order to open and contribute to an HSA.

This Evidence of Coverage is administered by Ambetter from Meridian. Neither entity is an HSA trustee, HSA custodian or a designated administrator for HSAs. Ambetter from Meridian, its designee and its affiliates, including Ambetter from Meridian, do not provide tax, investment or legal advice to *members*.

MEMBERS ARE SOLELY RESPONSIBLE FOR ADHERING TO ALL FEDERAL REGULATIONS AND GUIDELINES CONCERNING HSA MAXIMUM ALLOWABLE AMOUNT, CONTRIBUTIONS AND QUALIFIED WITHDRAWALS. IN ADDITION, EACH MEMBER WITH AN HSA IS RESPONSIBLE FOR NOTIFYING HIS/HER HSA CUSTODIAN OR TRUSTEE IF ENROLLMENT UNDER THEIR HSA PLAN HAS BEEN CANCELED OR TERMINATED.

THE TERMS OF THIS EVIDENCE OF COVERAGE ARE CONFINED TO THE BENEFITS PROVIDED HEREIN AND DO NOT ENCOMPASS ANY INDIVIDUAL HSA FEE ARRANGEMENTS, ACCOUNT MAINTENANCE OR CONTRIBUTION REQUIREMENTS, APPLICATION PROCEDURES, TERMS, CONDITIONS, WARRANTIES OR LIMITATIONS THERETO, *GRIEVANCES* OR CIVIL DISPUTES WITH ANY HSA CUSTODIAN OR TRUSTEE.

PLEASE CONSULT A PROFESSIONAL TAX ADVISOR FOR MORE INFORMATION ABOUT THE TAX IMPLICATIONS OF An HSA OR HSA PROGRAM.

Misstatement of Age

If a *member's* age has been misstated, the benefits may be adjusted based on the relationship of the premium paid to the premium that should have been paid, based on the correct age. According to the correct age of the *member*, if the coverage provided by the *policy* would not have become effective, or would have ceased prior to the acceptance of the premium(s), upon request, we will limit the refund to all premiums paid for the period not covered by the *policy*.

Change or Misstatement of Residence

If you change your *residence*, you must notify the Health Insurance Marketplace of your new *residence* within 60 days of the change. This change can also be processed by logging in to your consumer dashboard at enroll.ambetterhealth.com. As a result your premium may change and you may be eligible for a Special Enrollment Period. See the section on Special Enrollment Periods provision for more information.

Misstatement of Tobacco or Nicotine Use

The answer to the tobacco or nicotine question on the enrollment application is material to our correct underwriting. If a *member's* use of tobacco or nicotine has been misstated on the *member's* application for coverage under this *policy*, we have the right to rerate the *policy* back to the original *effective date*.

Billing/Administrative Fees

Upon prior written notice, we may impose an administrative fee for credit card payments. This does not obligate us to accept credit card payments. We will charge a \$20 fee for any check or automatic payment deduction that is returned unpaid.

Prior Authorization

Ambetter from Meridian reviews services to ensure the care you receive is the best way to help improve your health condition. *Utilization review* includes:

1. Pre-service or *prior authorization* review – occurs when a *medical* service has been pre-approved.
2. Concurrent review – occurs when a *medical* service is reviewed as it happens (e.g., *inpatient* stay or *hospital* admission).
3. Retrospective review – occurs after a service has already been provided.

Prior Authorization Required

Some *medical* and *behavioral health* covered service expenses require *prior authorization*. In general, *network providers* must obtain *authorization* from us prior to providing a service or supply to a *member*. However, there are some *network eligible expenses* for which you must obtain the *prior authorization*.

For services or supplies that require *prior authorization*, as shown on the *Schedule of Benefits*, you must obtain *authorization* from us before you or your *dependent member*:

1. Receive a service or supply from a *non-network provider*;
2. Are admitted into a *network facility* by a *non-network provider*; or
3. Receive a service or supply from a *network provider* to which you or your *dependent member* were referred to by a *non-network provider*.

Prior authorization (*medical* and *behavioral health*) requests must be received by phone/eFax/provider portal as follows:

1. At least 5 days prior to an elective admission as an *inpatient* in a *hospital*, *extended care* or *rehabilitation facility*, *hospice facility*, or residential treatment facility.
2. At least 30 days prior to the initial evaluation for organ transplant services.
3. At least 30 days prior to receiving clinical trial services.
4. Within 24 hours of an *Inpatient* admission, including for mental health or *substance use disorder* treatment.
5. At least 5 days prior to the start of *home health care*.

After *prior authorization* has been requested and all required or applicable documentation has been submitted, we will notify you and your *provider* if the request has been *approved* as follows:

1. For urgent concurrent reviews, within 24 hours (1 calendar day) of receipt of the request.
2. For urgent pre-service reviews, within 72 hours (3 calendar days) from date of receipt of request.
3. For non-urgent pre-service reviews, within 15 days of receipt of the request.
4. For post-service or retrospective reviews, within 30 calendar days of receipt of the request.

How to Obtain Prior Authorization

To obtain *prior authorization* or to confirm that a *network provider* has obtained *prior authorization*, contact us by telephone at the telephone number listed on your *member* identification card before the service or supply is provided to the *member*.

Failure to Obtain Prior Authorization

Failure to comply with the *prior authorization* requirements will result in benefits being reduced.

Network providers cannot bill you for services for which they fail to obtain *prior authorization* as required.

Benefits will not be reduced for failure to comply with *prior authorization* requirements prior to an *emergency*. However, you must contact us as soon as reasonably possible after the *emergency* occurs.

Prior Authorization Does Not Guarantee Benefits

Our *authorization* does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the *policy*.

Requests for Predeterminations

You may request a predetermination of coverage. We will provide one if circumstances allow us to do so. However, we are not required to make a predetermination of either coverage or benefits for any particular treatment or *medical* expense. Any predetermination we may make will be reviewed after the *medical* expense is incurred and a claim is filed. A review that shows one or more of the following may cause us to reverse the predetermination:

1. The predetermination was based on incomplete or inaccurate information initially received by us.
2. The *medical* expense has already been paid by someone else.
3. Another party has already paid or is responsible for payment of the *medical* expense.

We will make all benefit determinations after a *loss* in good faith. All benefit determinations are subject to our receipt of proper *proof of loss*.

Services from Non-Network Providers

Except for *emergency* medical services, we do not normally cover services received from *non-network* providers. See the provision Non-Network Liability and Balance Billing under the **Cost Sharing Features** section for more information. If a situation arises where a *covered service* cannot be obtained from a *network provider* located within a reasonable distance, we may provide *prior authorization* for you to obtain services from a *non-network provider* at no greater cost to you than if you went to a *network provider*. If covered services are not available from a *network provider*, you or your *PCP* must request *prior authorization* from us before you may receive services from a *non-network provider*. Otherwise, you will be responsible for all charges incurred.

Cost Sharing Features

Cost Sharing Features

We will pay benefits for *covered services* as described in the *Schedule of Benefits* and the Major Medical Expense Benefits sections of this *policy*. All benefits we pay will be subject to all conditions, limitations, and *cost sharing* features of this *policy*. *Cost sharing* means that you participate or share in the cost of your health care services by paying *deductible amounts*, *copayments* and *coinsurance* for some *covered services*. For example, you may need to pay a *deductible*, *copayment* or *coinsurance* amount when you visit your *physician* or are admitted into the *hospital*. The *copayment* or *coinsurance* required for each type of service as well as your *deductible* is listed in your *Schedule of Benefits*.

When you, or a covered *dependent member*, receive health care services from a *provider*, there may be multiple claims for that episode of care. An episode of care means the services provided by a health care facility or *provider* to treat a condition or an *illness*. Each claim that we receive for services covered under this contract are adjudicated or processed as we receive them. Coverage is only provided for *eligible expenses*. Each claim received will be processed separately according to the cost share as outlined in the contract and in your *Schedule of Benefits*.

Deductible

The *deductible amount* means the amount of *covered service expenses* that must be paid by each/all *members* before any benefits are provided or payable. The *deductible amount* does not include any *copayment amount* or *coinsurance* amount. Not all *covered service expenses* are subject to the *deductible amount*. See your *Schedule of Benefits* for more details.

Copayments

A *copayment* is typically a fixed dollar amount due at the time of service. *Members* may be required to pay *copayments* to a provider each time services are performed that require a *copayment*. *Copayments*, as shown in the *Schedule of Benefits*, are due at the time of service. Payment of a *copayment* does not exclude the possibility of a provider billing you for any non-covered services. *Copayments* do not count or apply toward the *deductible amount*, but do apply toward your *maximum out-of-pocket amount*. **Coinsurance**

Percentage

A *coinsurance* amount is your share of the cost of a service. *Members* may be required to pay a *coinsurance* in addition to any applicable *deductible amount(s)* due for a *covered service* or supply. *Coinsurance* amounts do not apply toward the *deductible* but do apply toward your *out-of-pocket amount*. When the annual maximum out-of-pocket amount has been met, additional *covered service expenses* will be provided at 100 percent.

Maximum Out-of-Pocket

You must pay any required *copayment* or *coinsurance amounts* required until you reach the *maximum out-of-pocket amount* shown in your *Schedule of Benefits*. After the *maximum out-of-pocket amount* is met for an individual, we will pay 100 percent of the cost for *covered services*. The family *maximum out-of-pocket amount* is two times the individual *maximum out-of-pocket amount*. For the family *maximum out-of-pocket amount*, once a *member* has met the individual *maximum out-of-pocket amount*, the remainder of the family *maximum out-of-pocket amount* can be met with the combination of any one or more *members' eligible expenses*.

When the annual out-of-pocket maximum has been met, additional *covered service expenses* will be provided or payable at 100 percent of the allowable expense.

Refer to your Schedule of Benefits for Coinsurance Percentage and other limitations.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *policy*;
2. A determination of *eligible expenses*; and
3. Any reduction for expenses incurred at a non-*network provider*. Please refer to the information on your *Schedule of Benefits*.

The applicable *deductible amount(s)*, *coinsurance*, *cost sharing percentage*, and *copayment amounts* are shown on the *Schedule of Benefits*.

Access to Care

Primary Care Physician (PCP)

In order to obtain benefits, you must designate a *network PCP* for each *member*. If you do not select a *network PCP* for each *member*, one will be assigned. You may select any *network PCP* who is accepting new patients from any of the following *provider* types:

1. Family practitioners
2. General practitioners
3. Internal medicine
4. Nurse practitioners*
5. Physician assistants
6. Obstetricians/gynecologists
7. Pediatricians (for children)

*If you choose a nurse practitioner as your *PCP*, your benefit coverage and *copayment amounts* are the same as they would be for services from other *network providers*. See your *Schedule of Benefits* for more information.

You may obtain a list of *network PCPs* at our website by using the “Find a Provider” function or by contacting Member Services. You should get to know your *PCP* and establish a healthy relationship with them. Your *PCP* will:

1. Provide preventive care and screenings
2. Conduct regular physical examinations as needed
3. Conduct regular immunizations as needed
4. Deliver timely service
5. Work with other doctors when you receive care somewhere else
6. Coordinate specialty care with *network specialists*
7. Provide any ongoing care you need
8. Update your *medical* record, which includes keeping track of all the care that you get from all of your *providers*
9. Treat all patients the same way with dignity and respect
10. Make sure you can contact him/her or another *provider* at all times
11. Discuss what advance directives are and file directives appropriately in your *medical* record.

Your *network PCP* will be responsible for coordinating all covered health services and making referrals for services from other *network providers*. You may be required to obtain a referral from a *PCP* in order to receive care from a *specialist provider*. You do not need a referral from your *network PCP* for mental or *behavioral health* services, obstetrical or gynecological treatment and may seek care directly from a *network obstetrician* or *gynecologist*.

Contacting Your Primary Care Physician (PCP)

To make an appointment with your *PCP*, call his/her office during business hours and set up a date and time. If you need help, call Member Services at 1-833-993-2426 (Relay 711) and we will help you make the appointment. If you need to cancel or change your appointment, call 24 hours in advance. At every appointment, make sure you bring your *member* identification card and a photo identification.

Should you need care outside of your *PCP's* office hours, you should call your *PCP's* office for information on receiving after hours care in your area. If you have an urgent *medical* problem or question or cannot reach your *PCP* during normal office hours, call our 24/7 nurse advice line at 1-833-993-2426 (Relay 711). A licensed nurse is always available and ready to answer your health questions. In an *emergency*, call 911 or head straight to the nearest *emergency* room.

Changing Your Primary Care Physician (PCP)

You may change your *network PCP* for any reason, but not more frequently than once a month, by submitting a written request, online at our website at ambettermeridian.com, or by contacting our office at the number shown on your identification card. The change to your *network PCP* of record will be effective no later than 30 days from the date we receive your request.

Non-Emergency Services

If you are traveling outside of the Ambetter from Meridian *service area* you may be able to access *providers* in another state if there is an Ambetter plan located in that state. You can locate Ambetter *providers* outside of Michigan by searching the relevant state in our Provider Directory at <https://guide.ambetterhealth.com>. Not all states have Ambetter plans. If you receive care from an Ambetter *provider* outside of the *service area*, you may be required to receive *prior authorization* for non-emergency services. Contact Member Services at the phone number on your *member* identification card for further information.

Emergency Services Outside of Service Area

We cover *emergency* care services when you are outside of our *service area*.

If you are temporarily out of the *service area* and have a *medical* or *behavioral health* emergency, call 911 or go to the nearest *emergency* room. Be sure to call us and report your *emergency* within one business day. You do not need prior approval for *emergency* care services.

New Technology

Health technology is always changing. If we think a new *medical* advancement can benefit our *members*, we evaluate it for coverage. These advancements include:

- New technology
- New *medical* procedures
- New drugs
- New devices
- New application of existing technology

Sometimes, our *medical* director and/or *medical* management staff will identify technological advances that could benefit our *members*. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology.

If the CPC does not review a request for coverage of new technology, our *medical* director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.

Preferred Partnership

As innovative technologies and solutions are established in market under expedited research and development, we may elect to offer, at our discretion, new services or preferred partnerships designed to improve access to care and enhance *care management*. Ambetter will provide access to *third party* services at preferred or discounted rate. The preferred or discounted rates to these services may be communicated to all *members* by email, mail or phone promotions. The preferred partnerships are optional benefits to all *members*.

Network Availability

Your *network* is subject to change upon advance written notice. A *network service area* may not be available in all areas. If you move to an area where we are not offering access to a *network*, please contact Member Services prior to moving. Note that services from *non-network providers* are not *covered services* under this agreement but you may have the opportunity to disenroll from coverage under this *policy* and enroll in a

different health plan with a *network* in that area. If you receive non-emergency services from non-network providers, benefits will be calculated in accordance with the terms of this policy for non-network providers.

Sufficiency of Network

We are required to meet *network* adequacy standards to ensure there are enough *providers* in our *network* to offer you *covered services*. If we do not meet these *network* adequacy standards as determined by the Department of Insurance and Financial Services, and you receive *covered services* from a non-network provider as a result, you will not be responsible for a greater cost than if the *covered services* were obtained by a *network provider*.

If we do meet *network* adequacy standards, all non-network services must be *authorized*. You may be responsible for charges if you do not receive *authorization* for non-network services when *network providers* are available.

Continuity of Care

Under the No Surprises Act, if a *member* is receiving a *covered service* with respect to a *network provider* or *facility* and: (1) the contractual relationship with the *provider* or *facility* is terminated, such that the *provider* or *facility* is no longer in *network*; or (2) benefits are terminated because of a change in the terms of the participation of the *provider* or *facility*, as it pertains to the benefit the *member* is receiving, then we will: (1) notify each enrollee who is a *continuing care patient* on a timely basis of the termination and their right to elect continued transitional care from the provider or facility; (2) provide the individual with an opportunity to notify the health plan of the individual's need for transitional care; and (3) permit the individual to elect to continue to have their benefits for the course of treatment relating to the individual's status as a *continuing care patient* during the period beginning on the date on which the above notice is provided and ending on the earlier of (i) the 90-day period beginning on such date; or the (ii) date on which such individual is no longer a *continuing care patient* with respect to their provider or facility.

Coverage Under Other Policy Provisions

Charges for services and supplies that qualify as *covered service expenses* under one benefit provision will not qualify as *covered service expenses* under any other benefit provision of this policy.

Hospital-Based Providers

When receiving care at an Ambetter *network hospital* it is possible that some *hospital-based providers* (for example, assistant surgeons, hospitalists, and intensivists) may not be under contract with Ambetter as *network providers*. If appropriate notice is provided to and acknowledged by you before rendering services, you may be responsible for payment of all or part of the fees for those professional services that are not paid or covered by Ambetter – this is known as “*balance billing*”. We encourage you to inquire about the providers who will be treating you before you begin your treatment, so you can understand their participation status with Ambetter. Any amount you are obligated to pay to the non-network provider in excess of the eligible expense will not apply to your *deductible amount* or *maximum out-of-pocket*.

You may not be *balanced billed* for non-emergency ancillary services (*emergency medicine, anesthesiology, pathology, radiology and neonatology, as well as diagnostic services (including radiology and laboratory services)* received from a non-network provider at a network *hospital* or *network ambulatory facility*.

Protection from Balance Billing

Under Federal law, effective January 1, 2022, non-network providers or facilities are prohibited from balance billing health plan members for:

1. *Emergency services* provided to a *member*, regardless of plan participation; or
2. Non-emergency health care services provided to a *member* at a *network hospital* or at a *network health care facility* if the *member* did not give informed consent or *prior authorization* to be seen by

the *non-network provider* pursuant to the federal No Surprises Act.

Major Medical Expense Benefits

The plan provides coverage for health care services for a *member* or covered *dependent member* when ordered or provided by your *PCP*. Some services require *prior authorization*. *Copayment*, *deductibles*, and *coinsurance amounts* must be paid to your *network provider* at the time you receive services. All *covered services* are subject to conditions, exclusions, limitations, terms and provision of this *policy*. *Covered services* must be *medically necessary* and not *experimental* or *investigational*.

Limitations may also apply to some *covered services* that fall under more than one *covered service* category. Please review all limits carefully. Ambetter from Meridian will not pay benefits for any of the services, treatments, items or supplies that exceed benefit limits.

Essential health benefits are defined by federal and state law and refer to benefits in at least the following categories: ambulatory patient services, *emergency services*, hospitalization, maternity and newborn care, mental health and *substance use disorder* services, including *behavioral health* treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care. Essential health benefits provided within this *policy* are not subject to lifetime or annual dollar maximums. Certain non-essential health benefits, however, are subject to either a lifetime or annual dollar maximum.

Acquired Brain Injury Services

Benefits for *eligible expenses* incurred for *medically necessary* treatment of an *Acquired Brain Injury* will be determined on the same basis as treatment for any other physical condition. Cognitive rehabilitation therapy, cognitive communication therapy, neurocognitive therapy and *rehabilitation*; neurobehavioral, neuropsychological, neurophysiological and psychophysiological testing and treatment; neurofeedback therapy, remediation required for and related to treatment of an *Acquired Brain Injury*, post-acute transition services and community reintegration services, including outpatient day treatment services, or any other post-acute treatment services are covered, if such services are necessary as a result of and related to an *Acquired Brain Injury*.

Treatment for an *Acquired Brain Injury* may be provided at a *hospital*, an acute or post-acute *rehabilitation hospital*, an assisted living facility or any other facility at which appropriate services or therapies may be provided. Service means the work of testing, treatment, and providing therapies to an individual with an *Acquired Brain Injury*. Therapy means the scheduled remedial treatment provided through direct interaction with the individual to improve a pathological condition resulting from an *Acquired Brain Injury*.

To ensure that appropriate post-acute care treatment is provided, this plan includes coverage for reasonable expenses related to periodic reevaluation of the care of an individual covered who:

- a. Has incurred an *Acquired Brain Injury*;
- b. Has been unresponsive to treatment; and
- c. Becomes responsive to treatment at a later date.

Treatment goals for services may include the maintenance of functioning or the prevention of or slowing of further deterioration.

4. When ordered by an employer, school, fire or public safety official and the *member* is not in a position to refuse; or

Dialysis Services

Medically necessary acute and chronic dialysis services are *covered services* unless other coverage is primary, such as Medicare for dialysis. There are two types of treatment provided you meet all the criteria for treatment. You may receive hemodialysis in a *network* dialysis facility or peritoneal dialysis in your home from a *network provider* when you qualify for home dialysis.

Covered expenses include:

1. Services provided in an outpatient dialysis facility or when services are provided in the home;
2. Processing and administration of blood or blood components;
3. Dialysis services provided in a *hospital*;
4. Dialysis treatment of an acute or chronic kidney ailment which may include the supportive use of an artificial kidney machine.

After you receive appropriate training at a dialysis facility we designate, we also cover equipment and *medical* supplies required for home hemodialysis and home peritoneal dialysis. Coverage is limited to the standard item of equipment or supplies that adequately meets your *medical* needs. We will determine if equipment is made available on a rental or purchase basis. At our option, we may authorize the purchase of the equipment in lieu of its rental if the rental price is projected to exceed the equipment purchase price but only from a *provider* we authorize before the purchase.

Disposable Medical Equipment and Supplies

Disposable medical supplies, which have a primary medical purpose, are covered and are subject to reasonable quantity limits as determined by us. Examples include, but are not limited to: bandages & wraps, gloves, suction catheters, surgical sponges, hypodermic needles, syringes, and applicators. The supplies are subject to the member's medical deductible, copay, and coinsurance.

Durable Medical Equipment, Medical and Surgical Supplies, Orthotic Devices and Prosthetics

The supplies, equipment, and appliances described below are *covered services* under this benefit. If the supplies, equipment, and appliances include comfort, luxury, or convenience items or features which exceed what is *medically necessary* in your situation or needed to treat your condition, reimbursement will be based on the maximum *allowed amount* for a standard item that is a *covered service*, serves the same purpose, and is *medically necessary*. Any expense that exceeds the maximum *allowable amount* for the standard item which is a *covered service* is your responsibility. For example, the reimbursement for a motorized wheelchair will be limited to the reimbursement for a standard wheelchair, when a standard wheelchair adequately accommodates your condition. Repair, adjustment, and replacement of purchased equipment, supplies, or appliances as set forth below may be covered, as *approved* by us. The repair, adjustment, or replacement of the purchased equipment, supply, or appliance is covered if:

- The equipment, supply, or appliance is a *covered service*;
- The continued use of the item is *medically necessary*; and
- There is reasonable justification for the repair, adjustment, or replacement (warranty expiration is not reasonable justification).

In addition, replacement of purchased equipment, supplies, or appliance may be covered if:

1. The equipment, supply, or appliance is worn out or no longer functions.
2. Repair is not possible or would equal or exceed the cost of replacement. An assessment by our *habilitation* equipment specialist or vendor should be done to estimate the cost of repair.
3. Individual's needs have changed and the current equipment is no longer usable due to weight gain, rapid growth, or deterioration of function, etc.
4. The equipment, supply, or appliance is damaged and cannot be repaired.

Benefits for repairs and replacement do not include the following:

- Repair and replacement due to misuse, malicious breakage, or gross neglect.
- Replacement of lost or stolen items.

We may establish reasonable quantity limits for certain supplies, equipment, or appliance described below.

Durable Medical Equipment

The rental (or, at our option, the purchase) of *durable medical equipment* prescribed by a *physician* or other *provider*. *Durable medical equipment* is equipment which can withstand repeated use; i.e. could normally be rented, and used by successive patients; is primarily and customarily used to serve a *medical* purpose; is not useful to a person in the absence of *illness* or *injury*; and is appropriate for use in a patient's home. Examples include, but are not limited to, wheelchairs, crutches, *hospital* beds, and oxygen equipment. Rental cost must not be more than the purchase price. We will not pay for rental for a longer period of time than it would cost to purchase equipment. The cost for delivering and installing the equipment are *covered services*. Payment for related supplies is a *covered service* only when the equipment is a rental, and medically fitting supplies are included in the rental; or the equipment is owned by the *member*; medically fitting supplies may be paid separately. Equipment should be purchased when it costs more to rent it than to buy it. Repair of *medical* equipment is covered.

Formulary or Prescription Drug List

The *formulary* or *prescription drug* list is a guide to available generic and brand name drugs and some over-the-counter medications, when ordered by a *physician* that are approved by the United States Food and Drug Administration (FDA) and covered through your *prescription drug* benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The United States Food and Drug Administration (FDA) requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed on Tier 2 of the Drug List to help identify brand name drugs that are clinically appropriate, safe and cost effective treatment options, if a generic medication on the *formulary* is not suitable for your condition.

Please note, the *formulary* is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed or additional requirements may be added in order to approve continued usage of a specific drug. When a drug is not a *formulary* drug and is a *medically necessary* and appropriate alternative, it may be covered, subject to the terms of this *policy*.

Specific prescription benefit plan designs may not cover certain products or categories, regardless of their appearance in the *formulary*. For the most current *formulary* or *prescription drug* list or for more information about our pharmacy program, visit ambettermeridian.com (under "For Member", "Drug Coverage") or call Member Services at 1-833-993-2426 (Relay 711).

Prescription Drug Exception Process

Standard exception request

A *member*, a *member's* authorized representative or a *member's* prescribing *physician* may request a standard review of a decision that a drug is not covered by the plan or a protocol exception for step therapy. The request can be made in writing or via telephone. Within 72 hours of the request being received, we will provide the *member*, the *member's* designee or the *member's* prescribing *physician* with our coverage determination. Should the standard exception request or step therapy protocol exception request be granted, we will provide coverage of the non-*formulary* drug for the duration of the prescription, including refills, or of the drug that is the subject of the protocol exception.

Expedited exception request

A *member*, a *member's* designee or a *member's* prescribing *physician* may request an expedited review based on exigent circumstances. Exigent circumstances exist when a *member* is suffering from a health condition that may seriously jeopardize the *member's* life, health, or ability to regain maximum function or when a *member* is undergoing a current course of treatment using a non-*formulary* drug. Within 24 hours of the request being received, we will provide the *member*, the *member's* designee or the *member's* prescribing *physician* with our coverage determination. Should the standard exception or step therapy protocol exception request be granted, we will provide coverage of the non-*formulary* drug or the drug that is the subject of the protocol exception for the duration of the exigency.

External exception request review

If we deny a request for a standard exception or for an expedited exception, the *member*, the *member's* designee or the *member's* prescribing *physician* may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. We will make our

determination on the external exception request and notify the *member*, the *member's* designee or the *member's* prescribing *physician* of our coverage determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception.

If we grant an external exception review of a standard exception or step therapy protocol exception request, we will provide coverage of the non-*formulary* drug or the drug that is the subject of the protocol exception for the duration of the prescription. If we grant an external exception review of an expedited exception request, we will provide coverage of the non-*formulary* drug or the drug that is the subject of the protocol exception for the duration of the exigency.

Preventive Care Expense Benefits

Preventive care services are covered as required by the Affordable Care Act (ACA). According to the ACA, preventive care services must include the following:

- Evidence based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF).
- Immunizations for routine use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC).
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the HRSA, including services that are integral to the furnishing of a recommended preventive service.

Preventive care benefits obtained from a *network provider* are covered without *member* cost share (i.e., covered in full without *deductible*, *coinsurance* or *copayment*). For current information regarding available preventive care benefits, please access the Federal Government's website at: <https://www.healthcare.gov/coverage/preventive-care-benefits/>.

Preventive care refers to services or measures taken to promote health and early detection or prevention of diseases and injuries, rather than treating or curing them. Preventive care includes, but is not limited to, immunizations, medications, tobacco cessation treatment, examinations and screening tests tailored to an individual's age, health and family history.

Certain services can be performed for preventive or diagnostic reasons (e.g., mammograms). If a service is deemed preventive care and is appropriately reported/billed, it will be covered under the preventive care services benefit. However, when a service is performed for diagnostic purposes and reported/billed accordingly, it will be considered a non-preventive medical benefit and appropriate cost share will apply.

Note: If preventive and diagnostic services are performed during the same visit, applicable cost share will be taken for the latter.

As new preventive care recommendations and guidelines are issued (by the USPSTF, CDC or HRSA), those services will become covered preventive care benefits. According to the ACA, coverage of new recommendations and guidelines become effective upon a plan's start or anniversary date that is one year after the date the recommendation or guideline is issued.

Note: In addition to providing coverage in accordance with the ACA, we also provide preventive care benefits in accordance with applicable State law.

Notification

As required by section 2715(d)(4) of the Public Health Service Act, we will provide 60 days advance notice to you before any material modification will become effective, including any changes to preventive benefits covered under this contract. You may access our website or the Member Services Department at 1-833-993-2426 (Relay 711) to get the answers to many of your frequently asked questions regarding preventive services. Note: Depending on the service performed, two bills may be incurred - both subject to any applicable *cost sharing* - one for the technical component (the procedure itself) and another for the professional component (the reading/interpretation of the results by a *physician* or other qualified practitioner).

Second Medical Opinion

Members are entitled to a second *medical* opinion under the following conditions:

1. Whenever a minor *surgical procedure* is recommended to confirm the need for the procedure;
2. Whenever a serious *injury* or *illness* exists; or
3. Whenever you find that you are not responding to the current treatment plan in a satisfactory manner.

If requested, the second opinion consultation is to be provided by a *physician* of the *member's* choice. The *member* may select a *network provider* listed in the Healthcare Provider Directory. If a *member* chooses a *network provider*, he or she will only be responsible for the applicable *copayment amount* for the consultation. Any lab tests and/or diagnostic and therapeutic services are subject to the additional *cost-sharing*.

Sleep Studies

Sleep studies are covered when determined to be *medically necessary*; *prior authorization* may be required.

Note: A sleep study can be performed either at home or in a facility.

Transplant Expense Benefits

Covered services for transplant service expenses:

Transplants are a *covered service* when a *member* is accepted as a transplant candidate and pre-authorized in accordance with this *policy*. Prior authorization must be obtained through the “Center of Excellence”, before an evaluation for a transplant. We may require additional information such as testing and/or treatment before determining *medical necessity* for the transplant benefit. Authorization must be obtained prior to performing any related services to the transplant *surgery*. Transplant services must meet *medical* criteria as set by Medical Management Policy.

Cost share benefit coverage related to transplant services is available to both the recipient and donor of a covered transplant as follows:

1. If both the donor and recipient have coverage provided by the same insurer each will have their benefits paid by their own coverage program.
2. If you are the recipient of the transplant, and the donor for the transplant has no coverage from any other source, the benefits under this contract will be provided for both you and the donor. In this case, payments made for the donor will be charged against *member's* benefits.
3. If you are the donor for the transplant and no coverage is available to you from any other source, the benefits under this contract will be provided for you. However, no benefits will be provided for the recipient.
4. If lapse in coverage due to non-payment of premium, no services related to transplants will be paid as a *covered service*.

If we determine that a *member and donor* are an appropriate candidate for a *medically necessary* transplant, live donation, *covered service expenses* will be provided for:

5. Pre-transplant stabilization, meaning an *inpatient* stay to *medically stabilization* to prepare for a later transplant, whether or not the transplant occurs.
6. The transplant itself, including the acquisition cost for the organ or bone marrow when *authorized* through the *Center of Excellence* and services are performed at participating facility.
7. Post-transplant follow-up visits and treatments.
8. Transplant benefit expenses include services related to donor search and acceptability testing of potential live donors.

Please refer to the "Member Transplant Travel Reimbursement Policy" for outlined details on reimbursement limitations at <https://ambettermeridian.com/resources/handbooks-forms.html>.

These *medical* expenses are covered to the extent that the benefits remain and are available under the *member's policy*, after benefits for the *member's* own expenses have been paid. In the event of such coverage, the otherwise existing coverage of a live donor shall be secondary to benefits under the *member's policy*.

Ancillary "Center Of Excellence" Service Benefits:

A *member* may obtain services in connection with a transplant from any *physician*. However, if a transplant is performed in a *Center of Excellence*:

We will reimburse *members* for the proof of costs directly related for transportation, lodging and any of the following approved items listed in the *member* transplant reimbursement guidelines. However, you must make the arrangements and provide the necessary paid receipts for reimbursement within six months of the date of service in order to be reimbursed.

All coverage will cease on termination of this *policy*. This *policy* will terminate on the earliest of:

1. Nonpayment of premiums when due, subject to the Grace Period provision in this *policy*;

Right of Reimbursement

As used herein, the term “*third party*” means any party that is, or may be, or is claimed to be responsible for *injuries* or *illness* to a *member*. Such *injuries* or *illness* are referred to as “*third party injuries*.” “Responsible party” includes any parties actually, possibly or potentially responsible for payment of expenses associated with the care or treatment of *third party injuries*.

If this plan provides benefits under this *policy* to a *member* for expenses incurred due to *third party injuries*, then Ambetter from Meridian retains the right to repayment of the full cost of all benefits provided by this plan on behalf of the *member* that are associated with the *third party injuries*. Ambetter from Meridian’s rights of recovery apply to any recoveries made by or on behalf of the *member* from any source, including but not limited to:

- Payments made by a *third party* or any insurance company on behalf of the *third party*;
- Any payments or awards under an uninsured or underinsured motorist coverage policy;
- Any Workers’ Compensation or disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners *medical* payments coverage or premises or homeowners insurance coverage; and
- Any other payments from a source intended to compensate a *member* for *third party injuries*.

By accepting benefits under this plan, the *member* specifically acknowledges Ambetter from Meridian’s right of recovery. When this plan provides health care benefits for expenses incurred due to *third party injuries*, Ambetter from Meridian shall be included in the *member’s* rights of recovery against any party to the extent of the full cost of all benefits provided by this plan. Ambetter from Meridian may proceed against any party with or without the *member’s* consent.

By accepting benefits under this plan, the *member* also specifically acknowledges Ambetter from Meridian’s right of reimbursement. This right of reimbursement attaches when this plan has provided health care benefits for expenses incurred due to *third party injuries* and the *member* or the *member’s* representative has recovered any amounts from any source. Ambetter from Meridian’s right of reimbursement is cumulative with and not exclusive of Ambetter from Meridian’s right of recovery and Ambetter from Meridian may choose to exercise either or both rights of recovery.

As a condition for our payment, the *member* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with us in order to obtain information about the *loss* and its cause.
2. To immediately inform us in writing of any claim made or lawsuit filed on behalf of a *member* in connection with the *loss*.
3. To include the amount of benefits paid by us on behalf of a *member* in any claim made against any *third party*.
4. To give Ambetter from Meridian a first-priority lien on any recovery, settlement or judgment or other sources of compensation which may be had from any party to the extent of the full cost of all benefits associated with *third party injuries* provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement).
5. To pay, as the first priority, from any recovery, settlement, judgment, or other source of compensation, any and all amounts due Ambetter from Meridian as reimbursement for the full cost of all benefits associated with *third party injuries* provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement).

6. That we:
 - a. Will have a lien on all money received by a *member* in connection with the *loss* equal to the benefit amount we have provided or paid.
 - b. May give notice of that lien to any *third party* or *third party's* agent or representative.
 - c. Will have the right to intervene in any suit or legal action to protect our rights.
 - d. Are entitled to all of the rights of the *member* against any *third party* to the extent of the benefits paid on the *member's* behalf.
 - e. May assert the right of reimbursement independently of the *member*.
7. To take no action that prejudices our reimbursement rights. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits provided by this plan.
8. To sign, date, and deliver to us any documents we request that protect our reimbursement rights.
9. To not settle any claim or lawsuit against a *third party* without providing us with written notice of the intent to do so.
10. To reimburse us from any money received from any *third party*, to the extent of benefits we paid for the *illness* or *injury*, whether obtained by settlement, judgment, or otherwise, and whether or not the *third party's* payment is expressly designated as a payment for *medical* expenses.
11. That we may reduce other benefits under the *policy* by the amounts a *member* has agreed to reimburse us.

We have the right to be reimbursed in full regardless of whether or not the *member* is fully compensated by any recovery received from any *third party* settlement, judgment, or otherwise.

We will not pay attorney fees or costs associated with the *member's* claim or lawsuit. In the event you or your representative fail to cooperate with Ambetter from Meridian, you shall be responsible for all benefits paid by this plan in addition to costs and attorney's fees incurred by Ambetter from Meridian in obtaining repayment.

If a dispute arises as to the amount a *member* must reimburse us, the *member* (or the guardian, legal representatives, estate, or heirs of the *member*) agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by us until the dispute is resolved.

Coordination of Benefits

We coordinate benefits with other payers when a *member* is covered by two or more group health benefit plans. Coordination of Benefits (COB) is the industry standard practice used to share the cost of care between two or more carriers when a *member* is covered by more than one health benefit plan.

It is a contractual provision of a majority of health benefit policies. Ambetter complies with Federal and state regulations for COB and follows COB guidelines published by National Association of Insurance Commissioners (NAIC).

Under COB, the benefits of one plan are determined to be primary and are first applied to the cost of care. After considering what has been covered by the primary plan, the secondary plan may cover the cost of care up to the fully allowed expense according to the plan's payment guidelines. Ambetter Claims COB and Recovery Unit procedures are designed to avoid payment in excess of allowable expense while also making sure claims are processed both accurately and timely.

"Allowable expense" is the necessary, reasonable, and customary item of expense for health care, when the item is covered at least in part under any of the plans involved, except where a statute requires a different definition. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

"Plan", as used in this section, is a form of coverage written on an expense-incurred basis with which coordination is allowed.

The term "Plan" includes:

1. Group health insurance benefits and group blanket or group remittance health benefits coverage, whether uninsured arrangements of group coverage, insured, self-insured, or self-funded. This includes group HMO insurance and other prepayment, group practice and individual practice plans, and blanket contracts, except as excluded below.
2. Plan includes *medical* benefits coverage, in group and individual automobile "no-fault" and traditional liability "fault" type contracts.
3. Plan includes *hospital, medical, and surgical* benefits coverage of Medicare or a governmental plan offered, required, or provided by law, except Medicaid.
4. Plan does not include blanket school accident coverage or coverages issued to a substantially similar group (e.g., Girl Scouts, Boy Scouts) where the school or organization pays the premiums.
5. Plan does not include Individual or Family: Insurance contracts, direct payment subscriber contracts, coverage through health maintenance organizations (HMO's) or coverage under other prepayment, group practice and individual practice plans.
6. Plan whose benefits are by law excess to any private benefits coverage.

"Primary plan" is one whose benefits must be determined without taking the existence of any *other plan* into consideration. A plan is primary if either:

1. The plan has no order of benefits rules or its rules differ from those required by regulation; or
2. All plans which cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for example, two plans which have no order of benefit determination rules).

"Secondary plan" is one which is not a primary plan. If a person is covered by more than one secondary

plan, the order of benefit determination rules decide the order in which their benefits are determined in relation to each other.

Order of Benefit Determination Rules

The first of the rules listed below in paragraphs 1-6 that applies will determine which plan will be primary:

1. The primary plan pays or provides its benefits as if the secondary plan or plans did not exist. A Plan may consider benefits paid or provided by another plan in determining its benefits only when it is secondary to that *other plan*.
2. If the *other plan* does not contain a coordination of benefits provision that is consistent with this provision is always primary. There are two exceptions:
 - a. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the policyholder, and
 - b. Any noncontributory group or blanket insurance coverage which is in force on January 1, 1987 which provides excess major *medical* benefits intended to supplement any basic benefits on a *member* may continue to be excess to such basic benefits.

The first of the following rules that describes which plan pays its benefits before another plan is the rule to use.

3. If the person receiving benefits is the *member* and is only covered as an *eligible dependent member* under the *other plan*, this *policy* will be primary.
4. Subject to State Statutes: Social Security Act of 1965, as amended makes Medicare secondary to the plan covering the person as a dependent of an active employee, the order of benefit determination is:
 - a. If a child is covered under the plans of both parents and the parents are not separated or divorced, the plan of the parent whose birthday falls earlier in the year (excluding year of birth) shall be primary.
 - b. If both parents have the same birthday, the plan which covered the parent longer will be primary. To determine whose birthday falls earlier in the year, only the month and day are considered. However, if the *other plan* does not have this birthday rule, but instead has a rule based on the sex of the parent and as a result the plans do not agree on which is primary, then the rule in the *other plan* will determine which plan is primary.
5. If a child is covered by both parents' plans, the parents are separated or divorced, and there is no court decree between the parents that establishes financial responsibility for the child's health care expenses:
 - a. The plan of the parent who has custody will be primary.
 - b. If the parent with custody has remarried, and the child is also covered as a child under the step-parent's plan, the plan of the parent with custody will pay first, the step-parent's plan will pay second, and the plan of the parent without custody will pay third.
 - c. If a court decree between the parents says which parent is responsible for the child's health care expenses, then that parent's plan will be primary if that plan has actual knowledge of the decree.
6. If the person receiving services is covered under one plan as an active employee or *member* (i.e., not laid-off or retired), or as the *spouse* or child of such an active employee, and is also covered under another plan as a laid-off or retired employee or as the *spouse* or child of such a laid-off or retired employee, the plan that covers such person as an active employee or *spouse* or child of an active employee will be primary. If the *other plan* does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored.
7. If none of the above rules determine which plan is primary, the plan that covered the person receiving services longer will be primary.

Effects of Coordination

When this plan is secondary, its benefits will be reduced so that the total benefits paid by the primary plan and this plan during a claim determination period will not exceed Ambetter's maximum available benefit for each *covered service*. Also, the amount Ambetter pays will not be more than the amount Ambetter would pay if Ambetter were primary. As each claim is submitted, Ambetter will determine its obligation to pay for allowable expenses based upon all claims that have been submitted up to that point in time during the claim determination period.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and *other plans*. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this plan and *other plans* covering the person claiming benefits. We need not tell or get the consent of any person to do this.

We must receive written *proof of loss* within 90 days of the *loss* or as soon as is reasonably possible. *Proof of loss* furnished more than one year late will not be accepted, unless you or your covered *dependent member* had no legal capacity to submit such proof during that year.

How to Submit a Claim

Providers will typically submit claims on your behalf, but sometimes you may need to submit claims yourself for *covered services*. This usually happens if:

1. Your *provider* is not contracted with us
2. You have an out-of-area *emergency*

If you have paid for services we agreed to cover, you can request reimbursement for the amount you paid. We can adjust your *deductible*, *copayment* or *cost sharing* to reimburse you.

To request reimbursement for a *covered service*, you need a copy of the detailed claim from your provider. You will also need to submit a copy of the *member* reimbursement claim form posted at ambettermeridian.com under "Member Resources". Send all the documentation to us at the following address:

Ambetter from Meridian
Attn: Claims Department
P.O. Box 5010
Farmington, MO 63640-5010

Cooperation Provision

Each *member*, or other person acting on his or her behalf, must cooperate fully to assist us in determining our rights and obligations under the *policy* and as often as may be reasonably necessary:

1. Sign, date, and deliver to us *authorizations* to obtain any *medical* or other information, records or documents we deem relevant from any person or entity.
2. Obtain and furnish to us, or our representatives, any *medical* or other information, records or documents we deem relevant.
3. Answer, under oath or otherwise, any questions we deem relevant, which we or our representatives may ask.
4. Furnish any other information, aid or assistance that we may require, including without limitation, assistance in communicating with any person or entity (including requesting any person or entity to promptly provide to us, or our representative, any information, records or documents requested by us).

If any *member*, or other person acting on his or her behalf, fails to provide any of the items or information requested or to take any action requested, the claim(s) will be closed and no further action will be taken by us unless and until the item or information requested is received or the requested action is taken, subject to the terms and conditions of the *policy*.

In addition, failure on the part of any *member*, or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the *member*.

Time for Payment of Claims

Benefits will be paid within 45 days for clean claims filed electronically or on paper. "Clean claims" means a claim submitted by you or a *provider* that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment. If we have not received the information we need to process a claim, we will ask for the additional information necessary to complete the claim. You will receive a copy of that request for additional information. In those cases, we cannot complete the processing of the claim until the additional information requested has been received. We will make our request for additional information within 20 days of our initial receipt of the claim and will complete our processing of the claim within 30 days after our receipt of all requested information.

Payment of Claims

Except as set forth in this provision, all benefits are payable to you. Any accrued benefits unpaid at your death, or your *dependent member's* death may, at our option, be paid either to the beneficiary or to the estate. If any benefit is payable to your or your *dependent member's* estate, or to a beneficiary who is a minor or is otherwise not competent to give valid release, we may pay up to \$1,000 to any relative who, in our opinion, is entitled to it.

We may pay all or any part of the benefits provided by this *policy* for *hospital, surgical, nursing, or medical* services, directly to the *hospital* or other person rendering such services.

Any payment made by us in good faith under this provision shall fully discharge our obligation to the extent of the payment. We reserve the right to deduct any overpayment made under this *policy* from any future benefits under this *policy*.

Foreign Claims Incurred For Emergency Care

Medical *emergency* care is a *covered service* while traveling for up to a maximum of 90 consecutive days. If travel extends beyond 90 consecutive days, no benefit coverage is provided for *medical* emergencies for the entire period of travel including the first 90 days.

Claims incurred outside of the United States for *emergency* care and treatment of a *member* must be submitted in English or with an English translation, at the *member's* expense within 180 calendar days from the date of service. Foreign claims must include the applicable *medical* records in English or with an English translation, at the *member's* expense to show proper *proof of loss* and evidence of payment(s) to the *provider*.

Foreign claims must be submitted with the Member Reimbursement Medical Claim Form, along with all requested documents as detailed on the claim form. All forms and *member* resources are available at ambettermeridian.com.

The amount of reimbursement will be based on the following:

- *Member's* Benefit Plan and *member* eligibility on date of service
- *Member's* Responsibility/Share of Cost based on date of service
- Currency Rate at the time of completed transaction, Foreign Country currency to United States currency.

Once the health plan has reviewed all the necessary documentation and the emergency claim has been processed, a *member* Explanation of Benefits (EOB) will be mailed. The EOB will identify *member* responsibility according to the *member* benefit plan at the time of travel. If services are deemed as a true

medical emergency, *member* will be issued reimbursement payment for any eligible incurred costs, minus *member* cost share obligation.

Assignment

We will reimburse a *hospital* or health care *provider* if:

1. Your health coverage benefits are assigned by you in writing; and
2. We approve the assignment.

Any assignment to a *hospital* or person providing the treatment, whether with or without our *approval*, shall not confer upon such *hospital* or person, any right or privilege granted to you under the *policy* except for the right to receive benefits, if any, that we have determined to be due and payable.

Medicaid Reimbursement

The amount provided or payable under this *policy* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

We will pay the benefits of this *policy* to the state if:

1. A *member* is eligible for coverage under his or her state's Medicaid program; and
2. We receive proper *proof of loss* and notice that payment has been made for *covered service expenses* under that program.

Our payment to the state will be limited to the amount payable under this *policy* for the *covered service expenses* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy our responsibility to the extent of that payment.

Custodial Parent

This provision applies if the parents of a covered *eligible child* are divorced or legally separated and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if we receive a copy of the order establishing custody.

Upon request by the custodial parent, we will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions, and limitations of the *policy*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge our obligations.

A custodial parent may, with our *approval*, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

Physical Examination

We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at our expense and as often as we may reasonably require.

Legal Actions

No suit may be brought by you on a claim sooner than 60 days after the required *proof of loss* is given. No suit may be brought more than three years after the date *proof of loss* is required.

Appeal and Grievance Procedures

Appeals

An *appeal* is a request for a review of a decision we made to deny, reduce, or terminate a requested service. These are known as *adverse benefit determinations*. You can *appeal* these decisions. You can designate a representative – such as a family *member*, friend, *physician*, or attorney – to *appeal* these decisions on your behalf.

Filing an Appeal

When we make an *adverse benefit determination*, we will send you a notification that includes an *appeal* form and information on filing your *appeal* and how to authorize a representative. You have 180 days to file an *appeal* from the date we tell you of the *adverse benefit determination*.

You can file an *appeal* by filling out the form included with the denial notice and mailing or faxing it to us at:

Ambetter from Meridian

Attn: Appeals and Grievances

PO Box 10341

Van Nuys, CA 91410

Fax: 1-833-886-7956

Call us at 1-833-993-2426 if you have any questions regarding the process or how to file an *appeal*. We will get an interpreter or TTY services for you if you need them.

Processing your Appeal

After you file your *appeal*, we will notify you of all the information that is needed to process the *appeal* within three days of receiving the *appeal*. You will be informed you can present any information that you wish for us to consider as part of the *appeal*.

We will investigate the *appeal* to decide if more information is needed from your *provider*.

You will have the right to appear in person/by telephone before a designated person or our Appeals Committee to present your *appeal*.

A *provider* of the same or similar specialty will review the request and make a determination. This *provider* will not be the *physician* involved in the original decision and who is not the subordinate of that *physician*.

We may extend our deadline by no more than ten business days if we do not get the information needed from a health facility or professional to make a decision. We will tell you the progress of the request if such an extension is necessary. If no extension is needed, we will make the decision not later than 30 calendar days after your formal preservice *appeal* is received or 60 calendar days after your formal post service *appeal* is received in writing. We will tell you and your *PCP* or other *provider* within five calendar days of the decision.

The notice will include an explanation of our decision, a reference to the criteria on which the decision was made, a list of the title and qualifications of each person participating in the review, and a description of your further *appeal* rights. Your further *appeal* rights include the right to an external review.

Expedited Appeal

You can file an expedited *appeal* when a requested service involves a situation that would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function. This type of *appeal* must be supported by your *physician*.

You may request an expedited *appeal* at any time. You may start the *appeal* by phone or in writing. Our Appeal Coordinator will help you in file the *appeal*.

We will make a decision about the request within 72 hours. We will tell you and your *provider* the result.

External Review

You are told of your right to request a determination by the Director of Insurance and Financial Services or by an Independent Review Organization under the Patient's Right to Independent Review Act through the determination notices of appeals.

You must first exhaust your internal *appeal* rights before filing a request for an external review with Department of Insurance and Financial Services (DIFS) except in the case of an expedited request for external review (see below).

You must submit a request for external review within 127 days of an *adverse benefit determination*. When filing a request for an external review, you will be required to authorize the release of any *medical* records that may be required to be reviewed to reach a decision on the external review. The request for external review should be sent to the Director of DIFS at:

Review Organization. If the request is about contractual issues with the health plan (whether or not a services is covered, etc.), the Director may review it internally or assign it to an Independent Review Organization as appropriate.

The Appeals Coordinator handles all communications with DIFS and/or the Independent Review Organization for the *appeal*. This includes sending of all required documentation.

Expedited External Review

You must request an expedited external review through DIFS within ten days after receiving an *adverse benefit determination* from us if the following conditions are met:

- Your *provider* supports that the standard timeframe for review of the *grievance/appeal* would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function. This must be supported orally or in writing.
- You already filed a request for an expedited internal *appeal* with us.

DIFS forwards the request and all needed information to an assigned Independent Review Organization (IRO) if it determines the request is appropriate for an expedited external review. The IRO must return its recommendation no later than 36 hours after DIFS forwards the request. DIFS must provide its final decision no later than 24 hours after receiving the IRO's recommendation.

Grievances

A *grievance* is a *complaint* about anything other than an *adverse benefit determination*. A few examples of a *grievance* are:
