AGREEMENT AND CONSIDERATION

This document along with the corresponding *Schedule of Benefits* is your *contract* and it is a legal document. It is the agreement under which benefits will be provided and paid. In consideration of your application and timely payment of premiums, we will provide healthcare benefits to you, the *member*, for *covered services* as outlined in this *contract*. Benefits are subject to *contract* definitions, provisions, limitations and exclusions.

GUARANTEED RENEWABLE

Annually, we must file this product, the cost share and the rates associated with it for approval. Guaranteed renewable means that your plan will be renewed into the subsequent year's approved product on the anniversary date unless terminated earlier in accordance with *contract* terms. You may keep this *contract* (or the new *contract* you are mapped to for the following year) in force by timely payment of the required premiums. In most cases you will be moved to a new *contract* each year, however, we may decide not to renew the *contract* as of the renewal date if: (1) we decide not to renew all contracts issued on this form, with a new *contract* at the same metal level with a similar type and level of benefits, to residents of the state where you then live; (2) we withdraw from the service area, or (3) there is fraud or an intentional material misrepresentation made by or with the knowledge of a *member* in filing a claim for *covered services*.

In addition to the above, this guarantee for continuity of coverage shall not prevent us from cancelling or non-renewing this *contract* in the following events: (1) non-payment of premium; (2) a *member* fails to pay any *deductible* or *copayment amount* in excess of \$300 owed to us and not the provider of services within 90 days after the date of the procedure; (3) a *member* is found to be in material breach of this *contract*; or (4) a change in federal or state law, no longer permits the continued offering of such coverage, such as CMS guidance related to individuals who are Medicare eligible. Rate changes are effective on a *member's* annual renewal date and will be based on each *member's* attained age, family structure, geographic region, tobacco usage and benefit plan at the time of renewal. We have the right to change premiums. We will notify the *member* in writing at least 45 days prior to the renewal date of any change in premium rates. If we discontinue offering and decide not to renew all policies issued on this form, with the same type and level of benefits, for all residents of the state where you reside, we will provide a written notice to you at least 180 days prior to the date that we discontinue coverage.

Annually, we will change the rate table used for this policy form. Each premium will be based on the rate table in effect on that premium's due date. The policy plan, and age of *members*, type and level of benefits, and place of residence on the premium due date are some of the factors used in determining your premium rates. We have the right to change premiums however, all premium rates charged will be guaranteed for a calendar year.

At least 45 days advanced written notice of any plan to take an action or make a change permitted by this clause will be delivered to you at your last address as shown in our records. We will make no change in

your premium solely because of claims made under this *contract* or a change in a *member's* health. While this *contract* is in force, we will not restrict coverage already in force.

TEN DAY RIGHT TO RETURN CONTRACT

Please read your *contract* carefully. If you are not satisfied, return this *contract* to us or to our agent within 10 days after you receive it. All premiums paid will be refunded, less any benefits paid, and the *contract* will be considered null and void from the *effective date*.

This *contract* contains a *deductible* provision.

This *contract* contains *referral* and *prior authorization* requirements. You are required to obtain a *referral* from your *primary care physician (PCP)* in order to obtain all services outside of a PCP visit, including, but not limited to, receiving care from a *specialist provider*. If your *PCP* refers you to a *specialist* in the same provider group as your *PCP*, a written *referral* will not be required. Written *referrals* will be required for care received outside of your *PCP* group. You may seek services from an obstetrician/gynecologist, or a *behavioral health* or *substance use disorder* provider without a *referral*. You may seek *emergency services* without a *referral*. If you do not obtain a *referral* from your *PCP*, then the services are not *covered services* and will not be paid for under this *contract*. applicable law. *Member cost share* will be calculated from the recognized amount based upon federal law. You should not be balance billed for the difference between the amount we pay and the provider's charges, but you may be subject to cost-sharing obligations. If you are balance billed in these situations, please contact *Member Services* immediately at the number listed on the back of your *member* identification card.

- c. When a *covered service* is received from a *non-network* professional *provider* who renders *non-emergency services* at a *network facility*, the *eligible expense* is the negotiated fee, if any, that has been mutually agreed upon by us and the *provider* as payment in full. If the *provider* has not agreed to accept a negotiated fee with us as payment in full, unless otherwise required by applicable law, the *eligible expense* shall be the lesser of: (1) the provider's billed charges, (2) the *usual and customary* provider charges for similar services in the community where the services were provided, or (3) the charge mutually agreed to by us and the provider within 60 days of the submittal of the claim. You will not be *balance billed* for the difference between the amount we pay and the *provider's* charges, but you may be subject to *cost-sharing* obligations. If you are balance billed in these situations, please contact *Member Services* immediately at the number listed on the back of your *member* identification card.

If there is no negotiated fee agreed to by the *non-network provider* with us, the *eligible expense* is the greatest of the following: (1) the amount that would be paid under Medicare for the *covered service*; (2) the amount for the *covered service* calculated using the same method we generally use to determine payments for *non-network providers*; or (3) the contracted amount paid to *network providers* for the *covered service* (if there is more than one contracted amount with *network providers* for the *covered service*, the amount is the median of these amounts). Additional premium will be required to continue coverage beyond the 31st day following *placement* of the child and we have received notification from the Marketplace. The required premium will be calculated from the date of *placement* for adoption. Coverage of the child will terminate on the 31st day following *placement*, unless we have received both: a) Notification of the addition of the child from the Marketplace within 60 days of the birth or placement and b) any additional premium required for the addition of the child within 90 days of the date of *placement*.

For Dependent Members

A covered *eligible child* will cease to be a *member* at the end of the premium period in which he or she ceases to be your *eligible child* due to divorce or if a child ceases to be an *eligible child*. For an *eligible child* reaching the limiting age of 30, coverage under this *contract* will terminate the thirty-first (31st) day of December the year that the dependent turns 30 years of age.

We must receive notification within 90 days of the date a *dependent member* ceases to be an eligible *dependent member*. If notice is received by us more than 90 days from this date, any unearned premium will be credited only from the first day of the *contract*/calendar month in which we receive the notice.

A *member* will not cease to be a *dependent eligible child* solely because of age if the *eligible child* is:

1. Not capable of self-sustaining employment due to mental disability or physical disability that began before the age limit was reached; and
2. Mainly dependent on you for support.

If health benefits are denied for the stated reason that the child has reached the limiting age for dependent coverage specified in this *contract*, the *member* has the burden of establishing that the child continues to meet the criteria specified above. Failure to provide the required proof may result in the dependent's termination of coverage.

The coverage of the disabled child may be continued, but not beyond the termination date of such incapacity or such dependence. This provision shall in no event limit the application of any other *contract* provisions terminating such child's coverage for any other reason than the attainment of the limiting age. If there is no prior coverage or no continuation of *inpatient* coverage after the *effective date*, your Ambetter coverage will apply for *covered services* related to the *inpatient* coverage after your *effective date*. Ambetter coverage requires you notify Ambetter within two days of your *effective date* so we can review and authorize *medically necessary* services. If services are at a *non-network hospital*, claims will be paid at the Ambetter allowable until you are discharged or no longer eligible for benefits and you may be billed for any balance of costs above the Ambetter allowable.

Out of Service Area Dependent Member Coverage

A *dependent member's* coverage will not cease should the *dependent member* live outside the *service area* if a court order requires the *member* to cover such *dependent member*.

Coverage Effective Dates for Special Enrollment Periods

Regular effective dates. Except as specified below, coverage will be effective on the first of the month following plan selection.

Special effective dates. In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a *qualified individual* or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care. In the case of marriage, or in the case where a *qualified individual* experiences a loss of *minimum essential coverage*, coverage is effective on the first day of the following month.

In the case of erroneous enrollment, *contract* violation, or exceptional circumstances, coverage is effective on an appropriate date based on the circumstances of the special enrollment period, in accordance with guidelines issued by the Department of Health and Human Services. Such date must be either (i) the date of the event that triggered the special enrollment period or (ii) in accordance with the regular *effective dates*.

If a *qualified individual*, enrollee, or *dependent* loses coverage, gains access to a new QHP, becomes newly eligible for enrollment in a QHP, becomes newly eligible for advance payments of the premium tax credit in conjunction with a permanent move, or is enrolled in COBRA continuation coverage and employer contributions to or government subsidies completely cease, and if the plan selection is made on or before the day of the triggering event the Health Insurance Marketplace must ensure that the coverage *effective date* is the first day of the month following the date of the triggering event. If the plan selection is made after the date of the triggering event, coverage is effective on the first day of the following month.

If a *qualified individual*, enrollee, or *dependent* newly gains access to an ICHRA or is newly provided a QSEHRA, and if the plan selection is made before the day of the triggering event, coverage is effective on the first day of the month following the date of the triggering event or, if the triggering event is on the first day of a month, on the date of the triggering event. If the plan selection is made on or after the day of the triggering event, coverage is effective on the first day of the month following plan selection.

If a *qualified individual*, enrollee, or *dependent* did not receive timely notice of an event that triggers eligibility for a special enrollment period, and otherwise was reasonably unaware that a qualifying event occurred, the Health Insurance Marketplace must allow the *qualified individual*, enrollee, or *dependent* to select a new plan within 60 days of the date that he or she knew, or reasonably should have known, of the

occurrence of the triggering event. And at the option of a *qualified individual*, enrollee or *dependent*, the Health Insurance Marketplace must provide the earliest effective that would have been available, based on the applicable qualifying event.

Prior Coverage

If an enrollee is confined as an *inpatient* in a *hospital* on the effective date of this agreement, and prior coverage terminating immediately before the effective date of this agreement furnishes benefits for the hospitalization after the termination of prior coverage, then services and benefits will not be covered under this agreement for that enrollee until the enrollee is discharged from the *hospital* or benefits under the prior coverage are exhausted, whichever is earlier. "Discharge" means a formal release of an enrollee from an *inpatient hospital* stay when the need for continued care at an *inpatient hospital* has concluded. Transfers from one *inpatient hospital* to another shall not be considered a discharge.

If there is no prior coverage or no continuation of *Inpatient* coverage after the Effective Date, your Ambetter coverage will apply for covered benefits related to the *Inpatient* coverage after your Effective Date. Ambetter coverage requires you notify Ambetter within 2 days of your Effective Date so we can review and Authorize *medically necessary* services. If services are at a non-contracted Hospital, claims will be paid at the Ambetter allowable and you may be billed for any balance of costs above the Ambetter allowable.

PREMIUMS

Premium Payment

Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual Open Enrollment period.

Grace Period

When a *member* is receiving a premium subsidy:

After the first premium is paid, a grace period of three (3) months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if *Advance premium tax credits* are received.

We will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period, and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. We will notify Health and Human Services (HHS) of the non-payment of premiums, the *member*, as well as providers of the possibility of denied claims when the *member* is in the second and third month of the grace period. We will continue to collect *Advance premium tax credits* on behalf of the *member* from the Department of the Treasury, and will return the *Advance premium tax credits* on behalf of the *member* for the second and third month of the grace period if the *member* exhausts their grace period as described above. A *member* is not eligible to re-enroll once terminated, unless a *member* has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods.

When a *member* is not receiving a premium subsidy:

Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a 31 day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the *contract* will stay in force. We will notify Health and Human Services (HHS), as necessary, of the non-payment of premiums, the *member*, as well as providers of the possibility of denied claims when the *member* is in the grace period.

Third Party Payment of Premiums or Cost Sharing

payments are made in advance for a coverage period from the *effective date* of eligibility through the remainder of the calendar year.

Upon discovery that premiums were paid by a person or entity other than those listed above, we will reject the payment and inform the *member* that the payment was not accepted and that the premium remain due.

Misstatement of Age

If a *member's* age has been misstated, the *member's* premium may be adjusted to what it should have been based on the *member's* actual age.

Change or Misstatement of Residence

If you change your *residence*, you must notify the Health Insurance Marketplace or log into your Ambetter *member* portal to process your changes via Ambetter's *Enhanced Direct Enrollment* tool of your new *residence* within 60 days of the change. As a result your premium may change and you may be eligible for a Special Enrollment Period. See the section on Special Enrollment Periods provision for more information.

The answer to the tobacco or nicotine question on the enrollment application is material to our correct underwriting. An episode of care means the services provided by a health care facility or provider to treat a condition or an *illness*. Each claim that we receive for services covered under this *contract* are adjudicated or processed as we receive them. Coverage is only provided for *eligible expenses*. Each claim received will be processed separately according to the *cost share* as outlined in the *contract* and in your *Schedule of Benefits*.

Deductible

The *deductible amount* means the amount of *covered service expenses* that must be paid by each/all *members* before any benefits are provided or payable. The *deductible amount* does not include any *copayment amount* or *coinsurance* amount. Not all *covered service expenses* are subject to the *deductible amount*. See your *Schedule of Benefits* for more details. *Deductible amounts* are applied for a calendar year and do not roll over to the next calendar year.

Copayments

A *copayment* is typically a fixed dollar amount due at the time of service. *Members* may be required to pay *copayments* to a provider each time services are performed that require a *copayment*. *Copayments* are due as shown in your *Schedule of Benefits* are due at the time of service. Payment of a *copayment* does not exclude the possibility of a provider billing you for any non-*covered services*. *Copayments* do not count or apply toward the *deductible amount*, but do apply toward your *maximum out-of-pocket amount*.

Coinsurance Amount

A *coinsurance amount* is your share of the cost of a service. *Members* may be required to pay a *coinsurance* in addition to any applicable *deductible amount(s)* due for a *covered service* or supply. *Coinsurance amounts* do not apply toward the *deductible*, but do apply toward your *maximum out-of-pocket amount*. When the annual *maximum out-of-pocket amount* has been met, additional *covered service expenses* will be provided at 100 percent.

Maximum Out-of-Pocket

You must pay any required copayments or coinsurance amounts required until you reach the *maximum out-of-pocket amount* shown on your schedule of benefits. After the *maximum out-of-pocket amount* is met for an individual, we will pay 100% of the cost for *covered services*. The family *maximum out-of-pocket amount* is two times the individual *maximum out-of-pocket amount*. For the family *maximum out-of-pocket amount*, once a *member* has met the individual *maximum out-of-pocket amount*, the remainder of the family

maximum out-of-pocket amount can be met with the combination of any one or more *members'* eligible service expenses.

When the annual out-of-pocket maximum has been met, additional *covered service expenses* will be provided or payable at 100% of the allowable expense.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the contract;
2. A determination of eligible service expenses.
3. Any reduction for expenses incurred at a *non-network provider*. Please refer to the information on the schedule of benefits.

Refer to your *Schedule of Benefits* for Coinsurance Percentage and other limitations.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *contract*; and
2. A determination of *eligible expenses*.
3. Any reduction for expenses incurred at a *non-network provider*. Please refer to the information on the schedule of benefits

The applicable *deductible amount(s)*, *coinsurance*, and *copayment amounts* are shown on your *Schedule of Benefits*.

Non-Network Liability and Balance Billing

If you receive services from a provider that is non-network, you may have to pay more for services you receive. *Non-network providers* may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is known as balance billing. This amount is likely more than *network* costs for the same service and might not count toward your annual maximum out-of-pocket limit.

When receiving care at a network *hospital* it is possible that some hospital-based providers (for example, anesthesiologists, radiologists, pathologists) may not be under contract with us as network providers. If appropriate notice is provided to and acknowledged by you before rendering services, these providers may bill you for the difference between the *allowed amount* and the provider's billed charge – this is known as “balance billing”. We encourage you to inquire about the providers who will be treating you before you begin your treatment, so you can understand their participation status with us. You may not be balanced billed for non-emergency ancillary services (emergency medicine, anesthesiology, pathology, radiology and neonatology, as well as, diagnostic services (including radiology and laboratory services)) received from a *non-network provider* at a network *hospital* or network ambulatory facility.

As a *member* of Ambetter, *non-network providers* should not bill you for *covered services* for any amount greater than your applicable *network* cost sharing responsibilities when:

- You receive a covered emergency service or air ambulance service from a *non-network provider*. This includes services you may get after you are in stable condition, unless the *non-network provider* obtains your written consent.
- You receive non-emergency ancillary services (*emergency* medicine, anesthesiology, pathology, radiology, and neonatology, as well as diagnostic services (including radiology and laboratory services)) from a *non-network provider* at a network *hospital* or network ambulatory surgical facility.

- You receive other non-emergency services from a *non-network provider* at a network *hospital* or network ambulatory surgical facility, unless the *non-network provider* obtains your written consent.

ACCESS TO CARE

Primary care physician

All *enrollees* must select a *primary care physician* within provider group. You may select any *network primary care physician* within provider group who is accepting new patients, or you may select a *network provider* of which you are a current patient who is within provider group. If you do not select a *network primary care physician* for each *enrollee*, one may be assigned. You may obtain a list of *network primary care physicians* at our website or by contacting our *Member Service* department. Until a *primary care physician* is selected or assigned, benefits will be limited to coverage for *emergency care*. Gatekeeper in a managed care plan is another name for your primary care doctor.

Your *primary care physician* coordinates your medical care, as appropriate, either by providing treatment or by issuing *referrals* to direct you to *network providers*. Except for *emergency care*, only those services which are provided by or referred by your *primary care physician* will be covered. It is your responsibility to consult with your *primary care physician* in all matters regarding your medical care. If your *primary care physician* performs, suggests, or recommends a course for treatment for you that includes services that are not *covered services*, the entire cost of any such non-covered services will be your responsibility.

If your *PCP* refers you to a *specialist* in the same provider group as your *PCP*, a written *referral* will not be required. Written *referrals* will be required for care received outside of your *PCP* group.

In addition to a *PCP*, female *enrollees* may also select a participating Obstetrician/Gynecologist (OB/GYN Care) for gynecological and obstetric conditions, including annual well-woman exams and maternity care, without first obtaining a *referral* from a *PCP* or contacting us. *Behavioral health* or *substance use disorder* providers do not require a *referral*.

HMO Referral

HMO *referrals* are a formal recommendation made by your *primary care physician (PCP)* to see a *network specialist* or other *providers* for additional healthcare services deemed *medically necessary*. A *referral* is required prior to a non-emergent in-person visit with a practitioner outside of your *PCP*. Failure to obtain a *referral* will result in denial of benefit coverage.

Referrals are required for all *medically necessary* healthcare services not provided by your *PCP*, excluding *emergency care*. If a *referral* is not obtained for non-emergent care, services will be denied. *Emergency care* does not require a *referral* or need to be a *network emergency room*. A *referral* to Obstetrician/Gynecologists and *behavioral health* or *substance use disorder* providers is not required.

Services performed by a *specialist* may have a higher out of pocket *enrollee* costs than from services received from a *PCP*.

For any additional questions please contact *Member Services* at 1-877-687-1169.

It is available to use when you are at home, in the office or even on vacation. Before you start using *Ambetter Telehealth*, you will need to set up your account at AmbetterTelehealthFL.com.

*Ambetter does not provide medical care. Medical care is provided by individual providers. \$0 Telehealth copay does not apply to plans with HSA until the *deductible* is met

Changing Your Primary Care Physician (PCP)

You may change your *network primary care physician* for any reason, but not more frequently than once a month, by submitting a written request, online at our website at Ambetter.SunshineHealth.com, or by contacting our office at the number shown on your identification card. The change to your *network primary care physician* of record will be effective no later than 30 days from the date we receive your request.

Network Availability

Your *network* is subject to change upon advance written notice. The most current *network* may be found online at our website or by contacting us at the number shown on your identification card. A *network service area* may not be available in all areas. If you move to an area where we are not offering access, please contact *Member Services* prior to moving or as soon as possible. Note that *covered services* received from *non-network providers* are not *covered services* under this agreement but you may have the opportunity to disenroll from coverage under this *contract* and enroll in a different health plan with a *network* in that area. If you receive non-emergency services from *non-network providers*, benefits will be calculated in accordance with the terms of this *contract*. You will be notified of any increase in premium.

Coverage Under Other Contract Provisions

Charges for services and supplies that qualify as *covered service expenses* under one benefit provision will not qualify as *covered service expenses* under any other benefit provision of this *contract*.

Non-Emergency Services

If you are traveling outside of the *network/service area*, you can access providers in another state if there is an Ambetter plan located in that state. You can locate Ambetter providers outside of *network/service area* by searching the relevant state in our provider directory at <https://guide.ambetterhealth.com>. Not all states have Ambetter plans. If you receive care from an Ambetter provider outside of the service area, you may be required to receive *prior authorization* for non-emergency services. Contact *Member Services* at the phone number on your *member* identification card for further information.

Emergency Services Outside of Service Area

We cover emergency care services when you are outside of our service area.

If you are temporarily out of the service area and have a medical or *behavioral health* emergency, call 911 or go to the nearest emergency room. Be sure to call us and report your emergency within one business day. You do not need prior approval for emergency care services.

Continuity of Care

Under the No Surprises Act, if a *member* is receiving a *covered service* with respect to an *network provider* or *facility* and: (1) the contractual relationship with the *provider* or *facility* is terminated, such that the *provider* or *facility* is no longer in *network*; or (2) benefits are terminated because of a change in the terms of the participation of the *provider* or *facility*, as it pertains to the benefit the *member* is receiving, then we will: (1) notify each enrollee who is a *continuing care patient* on a timely basis of the termination and their right to elect continued transitional care from the provider or facility; (2) provide the individual with an opportunity to notify the health plan of the individual's need for transitional care; and (3) permit the individual to elect to continue to have their benefits for the course of treatment relating to the individual's status as a *continuing care patient* during the period beginning on the date on which the above notice is provided and ending on the earlier of (i) the 90-day period beginning on such date; or the (ii) date on which such individual is no longer a *continuing care patient* with respect to their provider or facility.

New Technology

Health technology is always changing. If we think a new medical advancement can benefit our *members*, we evaluate it for coverage. These advancements include:

- New technology
- New medical procedures
- New drugs
- New devices
- New application of existing technology

Sometimes, our medical director and/or medical management staff will identify technological advances that could benefit our *members*. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology.

If the CPC does not review a request for coverage of new technology, our Medical Director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.

Preferred Partnership

As innovative technologies and solutions are established in market under expedited research and development, we may elect to offer, at our discretion, new services or preferred partnerships designed to improve access to care and enhance *care management*. Ambetter will provide access to *third party* services at preferred or discounted rate. The preferred or discounted rates to these services may be communicated to all *members* by email, mail or phone promotions. The preferred partnerships are optional benefits to all *members*.

Hospital Based Providers

When receiving care at an Ambetter participating *hospital* it is possible that some hospital-based providers (for example, assistant surgeons, hospitalists, and intensivists) may not be under contract with Ambetter as *network* providers. If appropriate notice is provided to and acknowledged by you before rendering services, you may be responsible for payment of all or part of the fees for those professional services that are not paid or covered by Ambetter – this is known as “balance billing”. We encourage you to inquire about the providers who will be treating you before you begin your treatment, so you can understand their participation status with Ambetter. Any amount you are obligated to pay to the *non-network provider* in excess of the eligible expense will not apply to your *deductible amount* or maximum out-of-pocket.

You may not be balanced billed for non-emergency ancillary services (emergency medicine, anesthesiology, pathology, radiology and neonatology, as well as, diagnostic services (including radiology and laboratory services)) received from a *non-network provider* at a *network hospital* or *network ambulatory facility*.

Protection from Balance Billing

Under Federal law, effective January 1, 2022, *non-network providers* or facilities are prohibited from *balance billing* health plan *members* for:

1. *emergency* services provided to a *member*, regardless of plan participation; or
2. Non-emergency health care services provided to a *member* at a *network hospital* or at a *network* health care facility if the *member* did not give informed consent or receive prior authorization to be seen by the *non-network provider* pursuant to the federal No Surprises Act.

MAJOR MEDICAL EXPENSE BENEFITS

This *contract* provides coverage for healthcare services for *members* and covered dependents when ordered or provided by your primary care physician. Some services require *prior authorization*. *Copayment, Deductibles* and *Coinsurance* amounts must be paid to your *network provider* at the time services are rendered. *Covered services* are subject to all *contract* provisions, including conditions, terms, limitations and exclusions. *Covered services* must be *medically necessary* and not *experimental or investigational*.

After 90 days, *members* will fill their medications for 30-day supplies.

How to Fill a Prescription

Prescription orders can be filled at a *network* retail pharmacy or through our mail order pharmacy.

If you decide to have your prescription filled at a *network* pharmacy, you can use the online Provider Directory to find a pharmacy near you. You can access the Provider Directory at Guide.SunshineHealth.com on the Find a Provider page. You can also call *Member Services* to help you find a pharmacy. At the pharmacy, you will need to provide the pharmacist with your prescription and your *member* ID card.

We also offer a three-month (90-day) supply of maintenance medications by mail, or from in-*network* retail pharmacies for specific benefit plans. These drugs treat long-term conditions or illnesses, such as high blood pressure, asthma and diabetes. You can find a list of covered medications on Ambetter.SunshineHealth.com. You can also request to have a copy mailed directly to you.

Formulary or Prescription Drug List

The formulary or *prescription drug* list is a guide to available generic, brand name drugs and some over-the-counter medications when ordered by a *physician* that are approved by the Food and Drug Administration (FDA) and covered through your *prescription drug* benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The FDA requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed on Tier 2 of the Drug List to help identify brand name drugs that are clinically appropriate, safe and cost effective treatment options, if a generic medication on the formulary is not suitable for your condition.

Please note, the formulary is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed or additional requirements may be added in order to approve continued usage of a specific drug.

Specific prescription benefit plan designs may not cover certain products or categories, regardless of their appearance in the formulary. For the most current Ambetter Formulary or *Prescription drug* List or for

more information about our pharmacy program, visit Ambetter.SunshineHealth.com (under “For Member”, “Drug Coverage”) or call *Member Services* at 1-877-687-1169 (Relay FL 1-800-955-8770).

Over-the-Counter (OTC) Prescriptions

We cover a variety of over-the-counter (OTC) medications when ordered by a *physician*. You can find a list of covered over-the-counter medications in our formulary – they will be marked as “OTC”. Your prescription order must meet all legal requirements.

Drug Discount, Coupon, Copayment Card or Manufacturer Supplied Prepaid Credit Card

Cost sharing paid on your behalf for any *prescription drug* with a generic equivalent will not apply toward your plan *deductible* or your *maximum out-of-pocket amount* if a *drug discount, coupon, copayment card or manufacturer supplied prepaid credit card* was used. If there is no generic version of the drug available, or if you have completed the *appeal* process or drug exception process and it has been determined that the brand name drug is the appropriate option, then any *cost sharing* paid on your behalf will count toward your *deductible* and your *maximum out-of-pocket amount*.

Non-Formulary Prescription Drugs

Under the Affordable Care Act, you have the right to request coverage of *prescription drugs* that are not listed on the plan formulary (otherwise known as “non-formulary drugs”). To exercise this right, please get in touch with your *medical practitioner*. Your *medical practitioner* can utilize the *Prescription drug* Exception request process.

Prescription Drug Exception Process

1. Standard exception request

A *member*, a *member’s authorized representative* or a *member’s prescribing physician* may request a standard review of a decision that a drug is not covered by the plan. The request can be made in writing or via telephone. Within 72 hours of the request being received, we will provide the *member*, the *member’s authorized representative* or the *member’s prescribing physician* with our coverage determination. Should the standard exception request be granted, we will provide coverage of the non-formulary drug for the duration of the prescription, including refills.

2. Expedited exception request

A *member*, a *member’s authorized representative* or a *member’s prescribing physician* may request an expedited review based on exigent circumstances. Exigent circumstances exist when a *member* is suffering from a health condition that may seriously jeopardize the enrollee’s life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a non-formulary drug. Within 24 hours of the request being received, we will provide the *member*, the *member’s authorized representative* or the *member’s prescribing physician* with our coverage determination. Should the expedited exception request be granted, we will provide coverage of the non-formulary drug for the duration of the exigency.

3. External exception request review

If we deny a request for a standard exception or for an expedited exception, the *member*, the *member’s authorized representative* or the *member’s prescribing physician* may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. We will make our determination on the external exception request and notify the *member*, the *member’s authorized representative* or the *member’s prescribing physician* of our coverage determination no later than 72 hours following receipt of the request, if the original

request was a standard exception, and no later than 24 hours following receipt of the request, if the original request was an expedited exception.

If we grant an external exception review of a standard exception request, we will provide coverage of the non-formulary drug for the duration of the prescription. If we grant an external exception review of an expedited exception request, we will provide coverage of the non-formulary drug for the duration of the exigency.

Step Therapy Protocol for Prescription Drugs

Our contract uses a requirement of Step Therapy for certain *prescription drugs*. We employ clinical pharmacists who review, research and analyze the efficacy and value of various drugs. Based on their reviews of clinical practice guidelines and recommended treatment of diseases, they recommend specific drugs as the first ones to try when a *member* begins or requires a change in medication therapy. For most people, these medications work well. In the limited instances where one of these medications isn't effective and/or appropriate for a particular *member*, the prescribing *physician* contacts *us* about approving coverage for a different medication. Trying medications in this "step-by-step" fashion is called Step Therapy. This also ensures that drugs are used in the appropriate clinical order for *your* medical condition.

We may provide an exception to a step-therapy protocol under the *contract* for a covered *prescription drug* requested by a *member* if:

1. The *member* has previously been approved to receive the *prescription drug* through the completion of a step-therapy protocol required by a separate health coverage plan; and
2. The *member* provides documentation originating from the health coverage plan that approved the *prescription drug* indicating that the *member's* previous health coverage plan paid for the drug on the *member's* behalf during the days immediately before the request.

Prescription Drug Exception Process

Prescription drug exception process is applicable when:

1. The drug is not covered based on *our formulary*.
2. *We* are discontinuing coverage of the drug.
3. The *prescription drug* alternatives required to be used in accordance with a step therapy requirement:
 - a. has been ineffective in the treatment; or
 - b. has caused an adverse reaction or harm to a *member*.

Preventive Care Expense Benefits

- Evidence based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF).
- Immunizations for routine use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC).
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the HRSA.

Preventive care benefits obtained from a network provider are covered without *member cost share* (i.e., covered in full without *deductible, coinsurance* or *copayment*). For current information regarding available preventive care benefits, please access the Federal Government's website at:
<https://www.healthcare.gov/coverage/preventive-care-benefits/>.

Preventive care refers to services or measures taken to promote health and early detection or prevention of diseases and injuries, rather than treating or curing them. Preventive care includes, but is not limited to, immunizations, medications, tobacco cessation treatment, examinations and screening tests tailored to an individual's age, health and family history.

Certain services can be performed for preventive or diagnostic reasons (e.g., mammograms). If a service is deemed preventive care and is appropriately reported/billed, it will be covered under the preventive care services benefit. However, when a service is performed for diagnostic purposes and reported/billed accordingly, it will be considered a non-preventive medical benefit and appropriate cost share will apply. Note: If preventive and diagnostic services are performed during the same visit, applicable cost share will be taken for the latter.

As new preventive care recommendations and guidelines are issued (by the USPSTF, CDC or HRSA), those services will become covered preventive care benefits. According to the ACA, coverage of new recommendations and guidelines become effective upon a plan's start or anniversary date that is one year after the date the recommendation or guideline is issued.

Note: In addition to providing coverage in accordance with the ACA, we also provide preventive care benefits in accordance with applicable State law.

Notification: As required by section 2715(d)(4) of the Public Health Service Act, we will provide 60 days advance notice to you before any material modification will become effective, including any changes to preventive benefits covered under this contract. You may access our website or the *Member Services* Department at 1-855-650-3789 to get the answers to many of your frequently asked questions regarding preventive services. Our website has resources and features that make it easy to get quality care. Our website can be accessed at ambetter.homestatehealth.com.

Newborns' and Mothers' Health Protection Act Statement of Rights

Health Insurance Issuers generally may not, under federal law, restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain *authorization* from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

1. give birth in a *hospital* or other healthcare facility; or
2. remain under *inpatient* care in a *hospital* or other healthcare facility for any fixed term following the birth of a child.

Duty to Cooperate

We do not cover services or supplies related to a *member's pregnancy* when a *member* is acting as a *surrogate* and has entered into a *surrogacy arrangement*. Care Management Programs

We understand special health needs and are prepared to help you manage any that you may have. Our *Care Management* services can help with complex medical or *behavioral health* needs. If you qualify for *Care Management*, we will partner you with a care manager. Care managers are registered nurses or social workers that are specially trained to help you:

- Better understand and manage your health conditions
- Coordinate services
- Locate community resources

Your care manager will work with you and your doctor to help you get the care you need. If you have a severe medical condition, your care manager will work with you, your *primary care physician (PCP)* and other *providers* to develop a care plan that meets your needs and your caregiver's needs.

If you think you could benefit from our *Care Management* program, please call *Member Services* at 1-877-687-1169 (Relay FL 1-800-955-8770).

Acquired Brain Injury Services

Benefits for eligible service expenses incurred for *medically necessary* treatment of an *acquired brain injury* will be determined on the same basis as treatment for any other physical condition. Cognitive rehabilitation therapy, cognitive communication therapy, neurocognitive therapy and rehabilitation; neurobehavioral, neuropsychological, neurophysiological and psychophysiological testing and treatment; neurofeedback therapy, remediation required for and related to treatment of an *acquired brain injury*, post-acute transition services and community reintegration services, including outpatient day treatment services, or any other post-acute treatment services are covered, if such services are necessary as a result of and related to an *acquired brain injury*.

Coverage includes multilayer compression bandaging systems and custom or standard-fit gradient compression garments.

PRIOR AUTHORIZATION

Ambetter reviews services to ensure the care you receive is the best way to help improve your health condition. *Utilization review* includes:

- Pre-service or *prior authorization* review – occurs when a medical service has been pre-approved by Ambetter
- Concurrent review – occurs when a medical service is reviewed as they happen (e.g., *inpatient* stay or *hospital* admission)
- Retrospective review – occurs after a service has already been provided.

Prior Authorization Required

Some medical and behavioral *covered service expenses* require *prior authorization*. *Network providers* must obtain *authorization* from us prior to providing a service or supply to a *member*. However, there are some *network eligible expenses* for which you must obtain the *prior authorization*.

For services or supplies that require *prior authorization*, as shown on your *Schedule of Benefits*, you must obtain *authorization* from us before you or your *dependent member*;

1. Receives a service or supply from a *non-network provider*;
2. Are admitted into a *network* facility by a *non-network provider*; or
3. Receive a service or supply from a *network provider* to which you or your *dependent member* were referred by a *non-network provider*.

Prior authorization (medical and *behavioral health*) requests must be received by telephone, e-fax or provider web portal as follows:

1. At least 5 days prior to an elective admission as an *inpatient* in a hospital, extended care or rehabilitation facility, *hospice* facility, or residential treatment facility.
2. At least 30 days prior to the initial evaluation for organ transplant services.
3. At least 30 days prior to receiving clinical trial services.
4. Within 24 hours of any *inpatient* admission, including emergent *inpatient* admissions.
5. At least 5 days prior to the start of *home health care* except those *members* needing *home health care* after *hospital* discharge.

After *prior authorization* has been requested and all required or applicable documentation has been submitted, we will notify you and your provider if the request has been approved as follows:

1. For urgent concurrent reviews within 24 hours of receipt of the request.
2. For urgent pre-service reviews, within 72 hours from date of receipt of request.
3. For non-urgent pre-service reviews within 5 days but no longer than 15 days of receipt of the request.
4. For post-service or retrospective reviews, within 30 calendar days of receipt of the request.

How to Obtain Prior Authorization

To obtain *prior authorization* or to confirm that a *network provider* has obtained *prior authorization*, contact us by telephone at the telephone number listed on your *member* identification card before the service or supply is provided to the *member*.

Failure to Obtain Prior Authorization

Failure to comply with the *prior authorization* requirements will result in benefits being reduced.

Network providers cannot bill you for services for which they fail to obtain *prior authorization* as required.

In cases of emergency, benefits will not be reduced for failure to comply with *prior authorization* requirements. However, you must contact us as soon as reasonably possible after the *emergency* occurs.

Prior Authorization Does Not Guarantee Benefits

Our *authorization* does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the *contract*.

Prior Authorization Denials

Refer to the *complaint* and *Appeals* Procedures section of this *contract* for information on your rights to *appeal* a denied *authorization*.

Requests for Predeterminations

You may request a predetermination of coverage. We will provide one if circumstances allow us to do so. However, we are not required to make a predetermination of either coverage or benefits for any particular treatment or medical expense. Any predetermination we may make will be reviewed after the medical expense is incurred and a claim is filed. A review that shows one or more of the following may cause us to reverse the predetermination:

1. The predetermination was based on incomplete or inaccurate information initially received by us.
2. Another party has already paid or is responsible for payment of the medical expense.

We will make all benefit determinations after a *loss* in good faith. All benefit determinations are subject to our receipt of proper *proof of loss*.

Services from Non- Network Providers

Except for emergency medical services, we do not normally cover services received from *non-network providers*. If a situation arises where a *covered service* cannot be obtained from a *network provider* located within a reasonable distance, we may provide a *prior authorization* for you to obtain the service from a *non-network provider* at no greater cost to you than if you went to a *network provider*. If *covered services* are not available from a *network provider*, you or your *primary care physician* must request *prior authorization* from us before you receive services from a *non-network provider*. Otherwise, you will be responsible for all charges incurred.

Florida law requires that we provide you with the following disclosure about your health benefit plan coverage. "WARNING: LIMITED BENEFITS WILL BE PAID WHEN *NON-NETWORK PROVIDERS* ARE USED. You should be aware that when you elect to utilize the services of a *non-network provider* for a covered nonemergency service, benefit payments to the provider are not based upon the amount the provider charges. The basis of the payment will be determined according to your *contract's* out-of-*network* reimbursement benefit. *Non-network providers* may bill insureds for any difference in the amount. YOU MAY BE REQUIRED TO PAY MORE THAN THE COINSURANCE OR *COPAYMENT AMOUNT*. *Network* providers have agreed to accept discounted payments for services with no additional billing to you other than *coinsurance*, *copayment*, and *deductible amounts*. You may obtain further information about the providers who have contracted with your insurance plan by consulting your insurer's website or contacting your insurer or agent directly."

Out-of-Network Services

You may obtain *covered services*, including emergency room services for Mental Health or *Substance Use Disorder*, from *non-network providers* when receiving *emergency care*.

If *covered services* are not available from *network providers* within the access requirements established by law and regulation, require *prior authorization* from us.

You will not be required to change your *PCP* or participating *specialist providers* to receive *covered services* that are not available from *network providers*, but the following apply:

- A request for *Prior Authorization* must be from a *network provider*.
- Reasonably requested documentation must be received by us.
- *Prior Authorization* will be provided within an appropriate time, not to exceed five (5) business days, based on the circumstances and your condition.
- When we have allowed a *member* to see a *non-network provider*, we will reimburse the *non-network provider* at the *usual and customary* rate or otherwise agreed rate less the applicable *copayment(s)*. You are responsible only for the *copayments* for such *covered services*.
- Before we deny a *Prior Authorization*, a review will be conducted by a *specialist* of the same or similar specialty as the type of *provider* to whom services are requested.

In some instances where you do not have the ability to choose a *network provider*, such as when you receive services from a *non-network facility-based provider* in a *network facility*, or when you receive services from a *non-network laboratory or diagnostic imaging facility* in connection with care provided by your *network provider*. In these instances, your services may be covered and you would not be responsible for any amounts beyond the *copayment*. If you receive a bill from a *non-network provider* in such circumstances please contact *Member Services* immediately at the number listed on the back of your *member* identification card.

Inpatient Care by a Non-PCP

During an *inpatient* stay at a *network hospital, skilled nursing facility* or other *network facility*, it may be appropriate for a *physician* other than your *PCP* to direct and oversee your care, if your *PCP* does not do so. However, upon discharge, you must return to the care of your *PCP* or have your *PCP* coordinate care that may be *medically necessary*.

SUBROGATION AND RIGHT OF REIMBURSEMENT

As used herein, the term “*third party*” means any party that is, or may be, or is claimed to be responsible for *injuries* or *illness* to a *member*. Such *injuries* or *illness* are referred to as “*third party injuries*.”

“Responsible party” includes any parties actually, possibly or potentially responsible for payment of expenses associated with the care or treatment of *third party injuries*.

Sunshine State Health Plan retains the right to repayment of the full cost of all benefits provided by this plan on behalf of the *member* that are associated with the *third party injuries*. Sunshine State Health Plan’s rights of recovery apply to any recoveries made by or on behalf of the *member* from any sources, including but not limited to:

- Payments made by a *third party* or any insurance company on behalf of the *third party*;
- Any payments or awards under an uninsured or underinsured motorist coverage policy;
- Any Workers’ Compensation or disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners medical payments coverage or premises or homeowners insurance coverage; and
- Any other payments from a source intended to compensate a *member* for *third party injuries*.

By accepting benefits under this plan, the *member* specifically acknowledges Sunshine State Health Plan’s right of subrogation. When this plan provides health care benefits for expenses incurred due to *third party injuries*, Sunshine State Health Plan shall be subrogated to the *member’s* rights of recovery against any party to the extent of the full cost of all benefits provided by this plan. Sunshine State Health Plan may proceed against any party with or without the *member’s* consent.

By accepting benefits under this plan, the *member* also specifically acknowledges Sunshine State Health Plan’s right of reimbursement. This right of reimbursement attaches when this plan has provided health care benefits for expenses incurred due to *third party injuries* and the *member* or the *member’s* representative has recovered any amounts from any source. Sunshine State Health Plan’s right of reimbursement is cumulative with and not exclusive of Sunshine State Health Plan’s subrogation right and Sunshine State Health Plan may choose to exercise either or both rights of recovery.

As a condition for our payment, the *member* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with us in order to obtain information about the *loss* and its cause;
2. To immediately inform us in writing of any claim made or lawsuit filed on behalf of a *member* in connection with the *loss*;
3. To include the amount of benefits paid by us on behalf of a *member* in any claim made against any *third party*;
4. To give Sunshine State Health Plan a first-priority lien on any recovery, settlement or judgment or other sources of compensation which may be had from any party to the extent of the full cost of all benefits associated with *third party injuries* provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement);
5. To pay, as the first priority, from any recovery, settlement, judgment, or other source of compensation, any and all amounts due Sunshine State Health Plan as reimbursement for the full cost of all benefits associated with *third party injuries* provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement, and regardless of whether such payment will result in a recovery to the *member* which is insufficient to make the *member* whole or to compensate the *member* in part or in whole for the damages sustained);

86382FL005-2023

6. That we:
 - a. Will have a lien on all money received by a *member* in connection with the *loss* equal to the benefit amount we have provided or paid;
 - b. May give notice of that lien to any *third party* or *third party's* agent or representative;
 - c. Will have the right to intervene in any suit or legal action to protect our rights;
 - d. Are subrogated to all of the rights of the *member* against any *third party* to the extent of the benefits paid on the *member's* behalf; and
 - e. May assert that subrogation right independently of the *member*.
7. To take no action that prejudices our reimbursement and subrogation rights. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits provided by this plan;
8. To sign, date, and deliver to us any documents we request that protect our reimbursement and subrogation rights;
9. To not settle any claim or lawsuit against a *third party* without providing us with written notice of the intent to do so;
10. To reimburse us from any money received from any *third party* to the extent of benefits we paid for the *illness* or *injury*, whether obtained by settlement, judgment, or otherwise, and whether or not the *third party's* payment is expressly designated as a payment for medical expenses;
11. That we may reduce other benefits under the *contract* by the amounts a *member* has agreed to reimburse us.

We have a right to be reimbursed in full regardless of whether or not the *member* is fully compensated by any recovery received from any *third party* by settlement, judgment, or otherwise.

We will not pay attorney fees or costs associated with the *member's* claim or lawsuit. In the event you or your representative fail to cooperate with Sunshine State Health Plan, you shall be responsible for all benefits paid by this plan in addition to costs and attorney's fees incurred by Sunshine State Health Plan in obtaining repayment.

If a dispute arises as to the amount a *member* must reimburse us, the *member* (or the guardian, legal representatives, estate, or heirs of the *member*) agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by us until the dispute is resolved.

COORDINATION OF BENEFITS

We coordinate benefits with other payers when a *member* is covered by two or more group health benefit plans. Coordination of Benefits (COB) is the industry standard practice used to share the cost of care between two or more carriers when a *member* is covered by more than one health benefit plan.

It is a contractual provision of a majority of health benefit contracts. Ambetter complies with Federal and state regulations for COB and follows COB guidelines published by National Association of Insurance Commissioners (NAIC).

Under COB, the benefits of one plan are determined to be primary and are first applied to the cost of care. After considering what has been covered by the primary plan, the secondary plan may cover the cost of care up to the fully allowed expense according to the plan's payment guidelines. Claims COB and Recovery Unit procedures are designed to avoid payment in excess of allowable expense while also making sure claims are processed both accurately and timely.

"Allowable expense" is the necessary, reasonable, and customary item of expense for health care, when the item is covered at least in part under any of the plans involved, except where a statute requires a different definition. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

"Plan", as used in this section, is a form of coverage written on an expense-incurred basis with which coordination is allowed.

The term "Plan" includes:

1. Group and non-group health insurance benefits and group blanket or group remittance health benefits coverage, whether uninsured arrangements of group coverage, insured, self-insured, or self-funded. This includes group and individual HMO insurance and other prepayment, group practice and individual practice plans, and blanket contracts, except as excluded below.
2. Medical benefits coverage, in group and individual automobile "no-fault" and traditional liability "fault" type contracts.
3. *Hospital*, medical, and surgical benefits coverage of Medicare or a governmental plan offered, required, or provided by law, except Medicaid.

The plan does not include:

1. Blanket school accident coverage or coverages issued to a substantially similar group (e.g., Girl Scouts, Boy Scouts) where the school or organization pays the premiums.
2. Plan does not include coverage, which by law, provides benefits that are in excess of those of any private insurance plan or other nongovernment plan.

"Primary plan" is one whose benefits must be determined without taking the existence of any *other plan* into consideration. A plan is primary if either:

1. The plan has no order of benefits rules or its rules differ from those required by regulation; or

2. All plans which cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for example, two plans which have no order of benefit determination rules).

“Secondary plan” is one which is not a primary plan. If a person is covered by more than one secondary plan, the order of benefit determination rules decide the order in which their benefits are determined in relation to each other.

Order of Benefit Determination Rules

The first of the rules listed below in paragraphs 2-9 that applies will determine which plan will be primary:

1. The primary plan pays or provides its benefits as if the secondary plan or plans did not exist. A plan may consider benefits paid or provided by another plan in determining its benefits only when it is secondary to that *other plan*.
2. If the *other plan* does not contain a coordination of benefits provision that is consistent with this provision then it is always primary. There are two exceptions:
 - a. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the *contract* holder; and
 - b. Any noncontributory group or blanket insurance coverage which is in force on January 1, 1987, which provides excess major medical benefits intended to supplement any basic benefits on a *covered person* may continue to be excess to such basic benefits.
3. If the person receiving benefits is our *member* and is only covered as an eligible dependent under the other plan, this *contract* will be primary.
4. However, if the person is also a Medicare beneficiary, and if the rule established under the Social Security Act of 1965, as amended, makes Medicare secondary to the plan covering the person as a dependent of an active employee (a Medicare beneficiary also has another group plan), then the order of benefit determination is:
 - a. First, benefits of a plan covering a person as an employee, *member*, or subscriber.
 - b. Second, benefits of a plan of an active worker covering a person as a dependent;
 - c. Third, Medicare benefits.
5. If a child is covered under the plans of both parents and the parents are not separated or divorced, the plan of the parent whose birthday falls earlier in the year (excluding year of birth) shall be primary.
 - a. If both parents have the same birthday, the plan which covered the parent longer will be primary.
 - b. To determine whose birthday falls earlier in the year, only the month and day are considered. However, if the *other plan* does not have this birthday rule, but instead has a rule based on the sex of the parent and as a result the plans do not agree on which is primary, then the rule in the *other plan* will determine which plan is primary.
6. If a child is covered by both parents’ plans, the parents are separated or divorced, and there is no court decree between the parents that establishes financial responsibility for the child’s health care expenses:
 - a. The plan of the parent who has custody will be primary;

- b. If the parent with custody has remarried, and the child is also covered as a child under the step-parent's plan, the plan of the parent with custody will pay first, the step-parent's plan will pay second, and the plan of the parent without custody will pay third.
7. If a child's coverage is based on a court decree, and the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child and if the entity obliged to pay or provide the benefits of the policy or plan of that parent has actual knowledge of those terms, the benefits of that policy or plan are determined first. The parent with responsibility that has no health care coverage for the dependent child's health care expenses, but that parent's *spouse* does, that parent's *spouse's* plan is the primary plan.
8. If the person receiving services is covered under one plan as an active employee or *member* (i.e., not laid-off or retired), or as the *spouse* or child of such an active employee, and is also covered under another plan as a laid-off or retired employee or as the *spouse* or child of such a laid-off or retired employee, the plan that covers such person as an active employee or *spouse* or child of an active employee will be primary. If the *other plan* does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored.
9. If none of the above rules determine which plan is primary, the plan that covered the person receiving services longer will be primary.

Effects of Coordination

When this plan is secondary, its benefits will be reduced so that the total benefits paid by the primary plan and this plan during a claim determination period will not exceed Ambetter's maximum allowable benefit for each *covered service*. Also, the amount Ambetter pays will not be more than the amount Ambetter would pay if Ambetter were primary. As each claim is submitted, Ambetter will determine its obligation to pay for allowable expenses based upon all claims that have been submitted up to that point in time during the claim determination period.

In the event of multiple forms of coverage, Ambetter reserves the right to reduce or refuse to pay benefits otherwise payable on the account of existing of similar benefits provided under insurances policies issued by the same or another insurer, in accordance with state and federal laws. As a condition of coordinating benefits, the insurers together pay 100 percent of the total reasonable expenses actually incurred of the type of expense within the benefits described in the policies and presented to the insurer for payment.

Effect of Medicare

Medicare primary/secondary payer guidelines and regulations will determine primary/secondary payer status, and will be adjudicated by us as set forth in this section. When Medicare, Part A and Part B or Part C is primary, Medicare's allowable amount is the highest allowable expense.

Members may no longer be eligible to receive a premium subsidy for the Health Insurance Marketplace plan once Medicare coverage becomes effective.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and *other plans*. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this plan and *other plans* covering the person claiming benefits. We need not tell or get the consent of any person to do this.

CLAIMS

Notice of Claim

When a *non-network provider* renders services, notice of a claim for benefits must be given to us. The notice must be in writing, should include the name of the insured and *member* identification number, and any claim will be based on that written notice. The notice must be received by us within 20 days after the date of the *injury* or the first treatment date for the sickness on which the claim is based and may be given to us or your agent. If this required notice is not given in time, the claim may be reduced or invalidated. If it can be shown that it was not reasonably possible to submit the notice within the 20 day period and that notice was given as soon as possible, the claim will not be reduced or invalidated.

Proof of Loss

We must receive written *proof of loss* within 90 days of the *loss* or as soon as is reasonably possible. *Proof of loss* furnished more than one year late will not be accepted, unless you had no legal capacity to submit such proof during that year.

How to Submit a Claim

Providers will typically submit claims on your behalf, but sometimes you may need to submit claims yourself for *covered services*. This usually happens if:

- Your *provider* is not contracted with us
- You have an out-of-area emergency.

If you have paid for services we agreed to cover, you can request reimbursement for the amount you paid. We can adjust your *deductible*, *copayment* or *cost sharing* to reimburse you.

To request reimbursement for a *covered service*, you need a copy of the detailed claim from your *provider*. You will also need to submit a copy of the *member* reimbursement claim form posted at Ambetter.SunshineHealth.com under “*Member Resources*”. Send all the documentation to us at the following address:

Ambetter from Sunshine Health
Attn: Claims Department
P.O. Box 5010
Farmington, MO 63640-5010

Cooperation Provision

Each *member*, or other person acting on his or her behalf, must cooperate fully to assist us in determining our rights and obligations under the *contract* and as often as may be reasonably necessary:

1. Sign, date and deliver to us authorizations to obtain any medical or other information, records or documents we deem relevant from any person or entity.
2. Obtain and furnish to us, or our representatives, any medical or other information, records or documents we deem relevant.
3. Answer, under oath or otherwise, any questions we deem relevant, which we or our representatives may ask.
4. Furnish any other information, aid or assistance that we may require, including without limitation, assistance in communicating with any person or entity, including requesting any person or entity to promptly provide to us, or our representative, any information, records or documents requested by us.

If any *member*, or other person acting on his or her behalf, fails to provide any of the items or information requested or to take any action requested, the claim(s) will be closed and no further action will be taken by us unless and until the item or information requested is received or the requested action is taken, subject to the terms and conditions of the *contract*.

In addition, failure on the part of any *member*, or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the *covered person*.

Time for Payment of Claims

Benefits will be paid as soon as we receive proper *proof of loss*. We will reimburse all claims or any portion of any claim within 45 days after receipt of the claim. If a claim or a portion of a claim is contested, you or your assignees shall be notified, in writing, that the claim is contested or denied, within 45 days after we receive the claim from you. The notice that a claim is contested shall identify the contested portion of the claim and the reasons for contesting the claim. Upon receipt of the additional information requested you or your assignees, we shall pay or deny the contested claim or portion of the contested claim, within 60 days.

"Clean claims" means a claim submitted by you or a provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment. If we have not received the information we need to process a claim, we will ask for the additional information necessary to complete the claim. You will receive a copy of that request for additional information. In those cases, we cannot complete the processing of the claim until the additional information requested has been received. We will make our request for additional information within 30 days of our initial receipt of the claim and will complete our processing of the claim within 15 days after our receipt of all requested information.

We shall pay or deny any claim no later than 120 days after receiving the claim. Payment shall be treated as being made on the date a draft or other valid instrument which is equivalent to payment was placed in the United States mail in a properly addressed, postpaid envelope or, if not so posted, on the date of delivery. All overdue payments shall bear simple interest at the rate of 10 percent per year.

Upon your written notification, we will investigate any claim of improper billing by a *physician, hospital*, or other health care provider. We will determine if you were properly billed for only those procedures and services that the *covered person* actually received. If we determine that you have been improperly billed, we shall notify you and the provider of our findings and shall reduce the amount of payment to the provider by the amount determined to be improperly billed. If a reduction is made due to such notification by us, we shall pay to you 20 percent of the amount of the reduction up to \$500.

Payment of Claims

We may elect to pay, in our discretion, all or any part of the benefits provided by this *contract* for *hospital*, surgical, nursing, or medical services, directly to the *hospital* or other party providing such services to you. By reserving the right to pay, in our discretion, all or any part of the benefits provided for in this *contract* directly to a *hospital* or other person providing surgical, nursing, or medical services to you, we are not granting any *hospital* or other person rendering surgical, nursing or medical services any right to demand direct payment or any right to enforce any provision of this *contract*; nor are we waiving the Non-Assignment provision of this *contract* set forth below.

Foreign Claims Incurred for Emergency Care

Medical emergency care is a covered benefit while traveling for up to a maximum of 90 consecutive days. If travel extends beyond 90 consecutive days, no benefit coverage is provided for medical emergencies for the entire period of travel including the first 90 days.

Claims incurred outside of the United States for *emergency* care and treatment of a *member* must be submitted in English or with an English translation, at the *member's* expense, within 180 calendar days from the date of service. Foreign claims must also include the applicable medical records in English or with an English translation, at the *member's* expense to show proper proof of loss and evidence of any payment(s) to the provider.

Foreign claims must be submitted with the *Member Reimbursement Medical Claim Form*, along with all requested documents as detailed on the claim form. All forms and *member* resources are available at Ambetter.sunshinehealth.com.

The amount of reimbursement will be based on the following:

- *Member's* benefit plan and *member* eligibility on date of service
- *Member's* responsibility/share of cost based on date of service.
- Currency rate at the time of completed transaction, foreign country currency to United States currency.

Once the health plan has reviewed all the necessary documentation and the *emergency* claim has been processed, a *member* Explanation of Benefits (EOB) will be mailed. The EOB will identify *member* responsibility according to the *member* benefit plan at the time of travel. If services are deemed as a true medical *emergency*, *member* will be issued reimbursement payment for any eligible incurred costs, minus *member cost share* obligation.

Appeal Procedures for Claims

Refer to the Internal Grievance, Internal *Appeals* and External *Appeals* Procedures provisions of this *contract* for information on your right to *appeal* the adjudication of a claim.

Non-Assignment

The coverage, rights, privileges and benefits provided for under this *contract* are not assignable by you or anyone acting on your behalf. Any assignment or purported assignment of coverage, rights, privileges and benefits provided for under this *contract* that you may provide or execute in favor of any *hospital*, *provider*, or any other person or entity shall be null and void and shall not impose any obligation on us.

Notwithstanding the foregoing, you may specifically authorize, in writing, the payment of benefits that we have determined to be due and payable directly to any *hospital*, *provider*, or other person who provided you with any *covered service* and we will honor this specific direction and make such payment directly to the designated provider of the *covered service*.

No Third Party Beneficiaries

This *contract* is not intended to, nor does it, create or grant any rights in favor of any *third party*, including but not limited to any *hospital*, *provider* or *medical practitioner* providing services to you, and this *contract* shall not be construed to create any *third party* beneficiary rights.

Medicaid Reimbursement

The amount provided or payable under this *contract* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

We will pay the benefits of this *contract* to the State if:

1. A *member* has coverage under his or her state's Medicaid program; and
2. We receive proper *proof of loss* and notice that payment has been made for *covered service expenses* under that program.

Our payment to the State will be limited to the amount payable under this *contract* for the *covered service expenses* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy our responsibility to the extent of that payment.

Custodial Parent

This provision applies if the parents of a covered *eligible child* are divorced or legally separated and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if we receive a copy of the order establishing custody.

Upon request by the custodial parent, we will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions and limitations of the *contract*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge our obligations.

A custodial parent may, with our approval, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

Physical Examination

We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at our expense and as often as we may reasonably require.

Legal Actions

No suit may be brought by you on a claim sooner than 60 days after the required *proof of loss* is given. No suit may be brought more than five years after the date *proof of loss* is required.

Prior to initiating any action at law, you are encouraged to first complete all the steps in the *complaint/grievance/appeal* procedures made available to resolve disputes in Florida under the *contract*. After completing that *complaint/grievance/appeal* procedures process, if you want to bring legal action against us on that dispute, you must do so within one year of the date we notified you of the final decision on your *complaint/grievance/appeal*.

If no extension is needed, we will make the decision within 30 calendar days of receipt of your pre-service *appeal* or within 60 calendar days of receipt of your post-service *appeal*. We will notify you in writing within two (2) business days of the decision.

The notice will include an explanation of our decision, a reference to the criteria on which the decision was based, a list of the title and qualifications of each person participating in the review, and a description of your further *appeal* rights. Your further *appeal* rights include the right to an External Review.

Expedited Appeal

An *expedited appeal* provides for evaluation by appropriate clinical peer or peers (who were not involved in the initial *adverse determination*) within 24 hours.

You can file an *expedited appeal* when a requested service involves a situation that would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function. This type of *appeal* must be documented with clinical information.

You may request an *expedited appeal* at any time. You may start the *appeal* process by phone or in writing. You may call 1-877-687-1169 or Relay FL 800-955-8770 to initiate an *expedited appeal* request.

We will make a decision about the request within 72 hours. We will notify you, your *provider*, and your *authorized representative*, if applicable, of the result. We will notify you in writing within two (2) business days of the decision.

External Review

Our *members* are offered two levels of *appeal* for *adverse determinations* related to a service that requires medical review. An external review decision is binding on us. An external review decision is binding on the claimant except to the extent the claimant has other remedies available under applicable federal or state law. We will pay for the costs of the external review performed by an independent reviewer.

Applicability/Eligibility

The external review procedures apply to any *hospital* or medical policy or certificate; excluding accident only or disability income only insurance.

External review is available for *appeals* that involve:

1. Medical judgment, including but not limited to those based upon requirements for *medical necessity*, appropriateness, health care setting, level of care or effectiveness of a *covered service*; or the determination that a treatment is *experimental* or *investigational*, as determined by an external reviewer.
2. *Rescissions* of coverage.

After exhausting our internal review process, you can make a written request to the *Appeals & Grievance* Department for an external review after the date of receipt of our internal response. We will send your request to an Independent Review Organization (IRO). You must contact the IRO or us within 120 calendar days (4 months) of the date of your *appeal* resolution letter. If you do not file your *appeal* for an external independent review within 120 calendar days, it cannot be reviewed. If you are not sure whether your *appeal* is eligible, or if you want more information, please contact us.

To initiate an external *appeal*:

1. The internal *appeal* process must be exhausted before you may request an external review unless you file a request for an expedited external review at the same time as an internal *expedited appeal* or we either provide a waiver of this requirement or fail to follow the *appeal* process.
2. We must allow you to make a request for an expedited external review with us at the time you receive:
 - a. An *adverse benefit determination* if the determination involves a medical condition of the claimant for which the timeframe for completion of an internal *expedited appeal* would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an internal *expedited appeal*.
 - b. A final internal *adverse benefit determination*, if you have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the final internal *adverse benefit determination* concerns an admission, availability of care, continued stay, or health care item or service for which you received *emergency services*, but has not been discharged from a facility.
3. You may request an expedited external review at the same time the internal *expedited appeal* is requested and an IRO will determine if the internal *expedited appeal* needs to be completed before proceeding with the expedited external review.

External Review Process

1. We have five (5) business days (immediately for expedited external review) following receipt of the request to conduct a preliminary review of the request to determine whether:
 - a. The individual was a *covered person* at the time the item or service was requested;
 - b. The service is a *covered service* under your health plan but for the plan's *adverse benefit determination* with regard to *medical necessity experimental or investigational*, medical judgment, or *rescission*;
 - c. You have exhausted the internal process; and
 - d. You have provided all of the information required to process an external review.

2. Within one (1) business day (immediately for expedited external review) after completion of the preliminary review, we will notify you in writing as to whether the request is complete but not eligible for external review and the reasons for its ineligibility or if the request is not complete, the additional information needed to make the request complete. We will include notification of your right to submit written testimony to be included in the materials sent to the IRO.
3. We must allow you to perfect the request for external review within the four(4)-month filing period or within the 48-hour period following the receipt of notification.
4. We will assign an IRO on a rotating basis from our list of contracted IROs.
5. Within five (5) business days after the date of assignment of the IRO, we must provide the documents and any information considered in making the *adverse benefit determination* to the IRO.
Note: For expedited external review, after assignment of the IRO, we must provide the documents and any information considered in making the *adverse benefit determination* to the IRO electronically or by telephone or facsimile or any other available expeditious method.
6. If we fail to timely provide the documents and information, the IRO may terminate the external review and make a decision to reverse the *adverse benefit determination*.
7. Within 10 business days, the assigned IRO will timely notify the claimant in writing of the request's eligibility and acceptance for external review. The notice will include a statement that you may submit in writing additional information to the IRO to consider.
8. Upon receipt of any information submitted by you, the IRO must forward the information to us within one (1) business day.
9. Upon receipt of the information, we may reconsider our determination. If we reverse our *adverse benefit determination*, we must provide written notice of the decision to you and the IRO within one (1) business day after making such decision. The external review would be considered terminated.
10. Within 45 days (72 hours for expedited external review) after the date of receipt of the request for an external review by the health plan, the IRO will review all of the information and provide written notice of its decision to uphold or reverse the *adverse benefit determination* to you and to us. If the notice for an expedited external review is not in writing, the IRO must provide written confirmation within 48 hours after the date of providing the notice.
11. Upon receipt of a notice of a decision by the IRO reversing the *adverse benefit determination*, we will approve the *covered service* that was the subject of the *adverse benefit determination*.

After you receive a decision from us concerning your benefits and feel further action is needed, you have the right to file a *complaint* with the Department of Financial Services, Division of Consumer Services.

You may request assistance of the Department of Financial Services, Division of Consumer Services by telephone at 1-877-MY-FL-CFO (1-877-693-5236), or if calling from outside of Florida (1-850-413-3089), by email at ConsumerServices@myfloridacfo.com, or online at: <http://www.myfloridacfo.com/Division/Consumers/>

You, or someone you authorized to do so, shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim for benefits. All comments, documents, records and other information submitted by you relating to the claim for benefits, regardless of whether such information was submitted or considered in the initial *adverse benefit determination*, will be considered in the internal *appeal*.

2. Any corrective action taken on the *grievance* or *appeal*;
3. The signature of one (1) voting member of the panel, if applicable;

 - c. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim for benefits;

 - e. If the *adverse benefit determination* is based on a medical necessity or *experimental* treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to your medical circumstances, or a statement that such explanation will be provided free of charge upon request;
 - f. Identification of medical experts whose advice was obtained on behalf of the health plan, without regard to whether the advice was relied upon in making the *adverse benefit determination*;
