Benefits are subject to *contract* definitions, provisions, limitations, and exclusions.

GUARANTEED RENEWABLE

Annually, we must file this product, the cost share and the rates associated with it for approval. Guaranteed renewable means that your *contract* will be renewed into the subsequent year’s approved product on the anniversary date unless terminated earlier in accordance with *contract* terms. You may keep this *contract* (or the new *contract* you are moved to for the following year) in force by timely payment of the required premiums. In most cases you will be moved to a new *contract* each year, however, we may decide not to renew the *contract* as of the renewal date if: (1) we decide not to renew all *contracts* issued on this form, with a new *contract* at the same metal level with a similar type and level of benefits, to residents of the state where you then live; or (2) we withdraw from the *service area*; or (3) there is fraud or a material misrepresentation made by or with the knowledge of a *member* in filing a claim for *contract* benefits.

Annually, we will change the rate table used for this *contract* form. Each premium will be based on the rate table in effect on that premium's due date. The policy plan, and age of *members*, type and level of benefits, and place of *residence* on the premium due date are some of the factors used in determining you*r* premium rates. We have the right to change premiums after filing and approval by the state however, all premium rates charged will be guaranteed for a calendar year.

At least 31 calendar day notice of any plan to take an action or make a change permitted by this clause will be delivered to you at your last address as shown in our records. We will make no change in your premium solely because of claims made under this *contract* or a change in a *member's* health. While this *contract* is in force, we will not restrict coverage already in force.

Referrals are not required for you to access a *specialist physician* or *other practitioner* (not your *PCP*) care within the *network*. Referrals for non-network services must always be reviewed by the health plan for *medical necessity* determination and *network provider* availability for benefits to be payable under your *contract* or benefits payable under this *contract* will be denied. Non-network services are not covered unless *prior authorization* is received or services are covered under the No Surprises Act.

1. The date you became covered under this *contract*;
2. The date of marriage to add a *spouse*;
3. The date of an eligible newborn's birth; or
4. The first day of the premium period/first full calendar month after the date of becoming your *dependent*.

Effective Date for Initial Dependent Members

Dependent members included in the initial enrollment application for this *contract* will be covered on your *effective date*.

Adding a Newborn Child

An *eligible child* born to you or a covered family member will be covered from the time of birth until the 31st calendar day after its birth. Each type of *covered service* incurred by the newborn child will be subject to the *cost sharing* amount listed in the *Schedule of Benefits*.

Additional premium will be required to continue coverage beyond the 31st calendar day after the date of birth. If notice of the newborn is given to us by the Health Insurance Marketplace within the 31 calendar days from birth, an additional premium for coverage of the newborn child will be charged for not less than 31 calendar days after the birth of the child. If notice is given by the Health Insurance Marketplace within 60 calendar days of the birth of the child, we may not deny coverage of the child due to failure to notify us of the birth of the child or to pre-enroll the child. Coverage of the child will terminate on the 31st calendar day after its birth, unless we have received notice from the entity that you enrolled (either the Health Insurance Marketplace or us).

Adding an Adopted Child

An *eligible child* legally placed for adoption with you or your *spouse* will be covered from the date of *placement* until the 31st calendar day after *placement*, unless the *placement* is disrupted prior to legal adoption and the child is removed from your or your *spouse's* custody.

The required premium will be calculated from the date of *placement* for adoption. Coverage of the child will terminate on the 31st calendar day following *placement*, unless we have received both: (A) Notification of the addition of the child from the Health Insurance Marketplace within 60 calendar days of the birth or placement and (B) any additional premium required for the addition of the child within 90 calendar days of the date of *placement*.

As used in this provision, "*placement*" is the assumption and retention by you or your *spouse* for total or partial support of the child in anticipation of the adoption of the child.

Adding Other Dependent Members

ONGOING ELIGIBILITY

For All Covered Persons

6. The *member's* death.

If you have material modifications (examples include a change in life event such as marriage, death, or other change in family status) or questions related to your health insurance coverage, contact the Health Insurance Marketplace at www.healthcare.gov or 1-800-318-2596. If you enrolled through us directly, contact Member Services by telephone.

A *dependent member* will cease to be a *member* at the end of the premium period in which he or she ceases to be your *dependent member* due to divorce or if a child ceases to be an *eligible child*. For *eligible children*, the coverage will terminate the 31st day of December the year the *dependent* turns 26 years of age.

A *member* will not cease to be a *dependent eligible child* solely because of age if the *eligible child* is:

1. Not capable of self-sustaining employment due to mental or physical disability that began before the age limit was reached; and
2. Mainly dependent on you for support.

Proof of incapacity and dependence shall be furnished to us within 31 calendar days of the child's attainment of the limiting age. Upon request, but not more frequently than annually, we may require proof satisfactory to us of the continuance of such incapacity and dependency.

Out of Service Area Dependent Member Coverage

A *dependent member's* coverage will not cease should the *dependent member* live outside the *service area* if a court order requires the *member* to cover such *dependent member*.

14. A *qualified individual* newly gains access to an employer sponsored Individual Coverage Health Reimbursement Arrangement (ICHRA) (as defined in 45 CFR 146.123(b)) or a Qualified Small Employer Health Reimbursement Arrangement (QSHRA) (as defined in section 9831(d)(2) of the Internal Revenue Code);
15. At the option of the Health Insurance Marketplace, a *qualified individual* provides satisfactory documentary evidence to verify his or her eligibility for an insurance affordability program or enrollment in a plan through the Health Insurance Marketplace following termination of enrollment due to a failure to verify such status within the time period specified in 45 C.F.R. § 155.315 or is under 100 percent of the federal poverty level and did not enroll in coverage while waiting for HHS to verify his or her citizenship, status as a national, or lawful presence;

Coverage Effective Dates for Special Enrollment Periods

Regular effective dates. Except as specified below, coverage will be effective on the first of the month following plan selection.

Special effective dates. In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a *qualified individual* or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care. In the case of marriage, or in the

case where a *qualified individual* loses *minimum essential coverage*, coverage is effective on the first day of the following month.

In the case of erroneous enrollment, contract violation, or exceptional circumstances, coverage is effective on an appropriate date based on the circumstances of the special enrollment period, in accordance with guidelines issued by the Department of Health and Human Services. Such date must be either (i) the date of the event that triggered the special enrollment period or (ii) in accordance with the regular *effective dates.*

If a *qualified individual*, enrollee, or dependent loses coverage, gains access to a new *QHP*, becomes newly eligible for enrollment in a *QHP*, becomes newly eligible for advance payments of the premium tax credit in conjunction with a permanent move, or is enrolled in COBRA continuation coverage and employer contributions to or government subsidies completely cease, and if the plan selection is made on or before the day of the triggering event the Health Insurance Marketplace must ensure that the coverage *effective date* is the first day of the month following the date of the triggering event. If the plan selection is made after the date of the triggering event, coverage is effective on the first day of the following month.

If a *qualified individual*, enrollee, or *dependent* newly gains access to an ICHRA or is newly provided a QSEHRA, and if the plan selection is made before the day of the triggering event, coverage is effective on the first day of the month following the date of the triggering event or, if the triggering event is on the first day of a month, on the date of the triggering event. If the plan selection is made on or after the day of the triggering event, coverage is effective on the first day of the month following plan selection.

If a *qualified individual*, enrollee, or *dependent* did not receive timely notice of an event that triggers eligibility for a special enrollment period, and otherwise was reasonably unaware that a qualifying event occurred, the Health Insurance Marketplace must allow the *qualified individual*, enrollee, or dependent to select a new plan within 60 calendar days of the date that he or she knew, or reasonably should have known, of the occurrence of the triggering event. And at the option of a *qualified individual*, enrollee or dependent, the Health Insurance Marketplace must provide the earliest effective that would have been available, based on the applicable qualifying event.

Prior Coverage

If a *member* is confined as an inpatient in a *hospital* on the *effective date* of this agreement, and prior coverage terminating immediately before the *effective date* of this agreement furnishes benefits for the hospitalization after the termination of prior coverage, then services and benefits will not be covered under this agreement for that *member* until the *member* is discharged from the *hospital* or benefits under the prior coverage are exhausted, whichever is earlier.

If there is no prior coverage or no continuation of *inpatient services* after the *effective date*, your Ambetter coverage will apply for *covered services* related to the *inpatient services* after your *effective date*. We require you to notify us within two calendar days of your *effective date* or as soon as reasonably possible so we can review and *authorize medically necessary* services. If services are at a non-contracted *hospital*, claims will be paid at the *allowed amount* and you may be billed for any balance of costs above the *allowed amount*.

PREMIUMS

Premium Payment

Each premium is to be paid to us on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual Open Enrollment period.

Grace Period

When a *member* is receiving a premium subsidy:

> After the first premium is paid, a grace period of three months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if *advance premium tax credits* are received.
>
> We will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period, and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. We will notify Health and Human Services (HHS) of the non-payment of premiums, the *member*, as well as *providers*, of the possibility of denied claims when the *member* is in the second and third month of the grace period. We will continue to collect *advance premium tax credits* on behalf of the *member* from the Department of the Treasury, and will return the *advance premium tax credits* on behalf of the *member* for the second and third month of the grace period if the *member* exhausts their grace period as described above.

When a *member* is not receiving a premium subsidy:

> Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a 30 calendar day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the *contract* will stay in force; however, claims may pend for *covered services* rendered to the *member* and *dependents* during the grace period. We will notify the *member*, as well as *providers*, of the possibility of denied claims when the *member* is in the grace period.

Third Party Payment of Premiums or Cost Sharing

We require each policyholder to pay his or her premiums and this is communicated on your monthly billing statements. Our payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting *third party* premiums. Consistent with CMS guidance, the following are the only acceptable third parties who may pay premiums on your behalf:

1. Ryan White HIV/AIDS program under Title XXVI of the Public Health Service Act;
2. Indian tribes, tribal organizations, or urban Indian organizations;
3. State and Federal government programs;
4. Family members;
5. An employer for an employee under an Individual Coverage Health Reimbursement Account (ICHRA) or Qualified Small Employer Health Reimbursement Account (QSEHRA) plan; or
6. Private, not-for-profit foundations which have no incentive for financial gain, no financial relationship, or affiliation with *provider*s of *covered services* and supplies on behalf of

members, where eligibility is determined based on defined criteria without regard to health status and where payments are made in advance for a coverage period from the *effective date* of eligibility through the remainder of the calendar year.

Upon discovery that premiums were paid by a person or entity other than those listed above, we will reject the payment and inform the *member* that the payment was not accepted and that the premium remains due.

Misstatement of Age

If a *member's* age has been misstated, the *member's* premium may be adjusted to what it should have been based on the *member's* actual age.

Change or Misstatement of Residence

If you change your *residence*, you must notify us of your new *residence* or access your Ambetter *member* portal to process your change via Ambetter's *Enhanced Direct Enrollment* tool, within 60 calendar days of the change. Your premium will be based on your new *residence* beginning on the first premium due date/first day of the next calendar month after the change. If your *residence* is misstated on your enrollment application, or you fail to notify us of a change of *residence*, we will apply the correct premium amount beginning on the first premium due date/first day of the first full calendar month you resided at that place of *residence*. If the change results in a lower premium, we will refund any excess premium. If the change results in a higher premium, you will owe us the additional premium.

Misstatement of Tobacco or Nicotine Use

The answer to the *tobacco* or *nicotine* question on the enrollment application is material to our correct underwriting. If a *member's use of tobacco* or *nicotine* has been misstated on the *member's* enrollment application for coverage under this *contract*, we have the right to rerate the *contract* back to the original *effective date*.

Health Savings Account (HSA)

A Health Savings Account (HSA) is a special tax-exempt custodial account or trust owned by a member where contributions to the account may be used to pay for current and future qualified medical expenses. COST SHARING FEATURES

Cost Sharing Features

We will pay benefits for *covered services* as described in the *Schedule of Benefits* and the Medical Service and Supply Benefits section of this *contract*. All benefits we pay will be subject to all conditions, limitations, and *cost sharing* features of this *contract*. *Cost sharing* means that you participate or share in the cost of your health care services by paying *deductible amounts*, *copayments*, and *coinsurance* for some *covered services*. For example, you may need to pay a provider a *deductible*, *copayment* or *coinsurance amount* when you visit your *physician* or are admitted into the *hospital*. The *copayment* or *coinsurance* required for each type of service, as well as your *deductible,* is listed in your *Schedule of Benefits*.

When you, or a covered *dependent*, receive health care services from a *provider*, there may be multiple claims for that episode of care. An episode of care means the services provided by a health care facility or *provider* to treat a condition or an *illness*. Each claim that we receive for services covered under this *contract* are adjudicated or processed as we receive them. Coverage is only provided for *eligible service expenses*. Each claim received will be processed separately according to the cost share as outlined in the *contract* and in your *Schedule of Benefits*.

Deductible

The *deductible amount* means the amount of *covered service expenses* that must be paid to a provider by each/all members before any benefits are provided or payable. The *deductible amount* does not include any *copayment amount* or *coinsurance amount*. Not all *covered service expenses* are subject to the *deductible amount*. See your *Schedule of Benefits* for more details.

Copayments

A copayment is typically a fixed dollar amount due at the time of service*. Member*s may be required to pay *copayments* to a *provider* each time services are performed that require a *copayment. Copayments,* as shown in the *Schedule of Benefits,* are due at the time of service*.* Payment of a *Copayment* does not exclude the possibility of a *provider* billing you for any non-covered services. *Copayments* do not count or apply toward the *deductible amount*, but do apply toward your *Maximum Out-of-Pocket Amount*.

Coinsurance

A *coinsurance amount* is your share of the cost of a service. *Members* may be required to pay a *coinsurance* in addition to any applicable *deductible amount*(s) for a *covered service* or supply. *Coinsurance amounts* do not apply toward the *deductible*, but do apply toward your *maximum out-of-pocket amount*.

Maximum Out-of-Pocket

You must pay a provider any required *copayments* or *coinsurance amounts* required until you reach the *maximum out-of-pocket amount* shown in your *Schedule of Benefits*. After the *maximum out-of-pocket amount* is met for an individual, we will pay 100 percent of the cost for *covered services*. The family *maximum out-of-pocket amount* is two times the individual *maximum out-of-pocket amount*. For the family *maximum out-of-pocket amount*, once a member has met the individual *maximum out-of-pocket amount*, the remainder of the family *maximum out-of-pocket amount* can be met with the combination of any one or more members' *eligible service expenses*.
The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *contract*;
2. A determination of *eligible service expenses*; and
3. Any reduction for expenses incurred at a non-network provider.

The applicable *deductible amount*(s), *coinsurance amounts*, and *copayment amounts* are shown on the *Schedule of Benefits*.

Non-Network Liability and Balance Billing

If you receive services from a *non-network provider*, you may have to pay more for services you receive. *Non-network providers* may be permitted to bill you for the difference between what we agreed to pay and the full *billed amount* for a service. This is known as *balance billing*. This amount is likely more than *network* costs for the same service and might not count toward your annual *maximum out-of-pocket amount* limit. However, you will not be *balanced billed* when *balance billing* protections apply to *covered services*.

ACCESS TO CARE

Primary Care Physician (PCP)

In order to obtain benefits, you must designate a *network PCP* for each *member*. If you do not select a *network PCP* for each *member*, one will be assigned. You may select any *network PCP* who is accepting new patients. From any of the following provider types:

1. Family practitioners
2. General practitioners
3. Internal medicine
4. Nurse practitioners*
5. Physician assistants
6. Obstetricians/gynecologists
7. Pediatricians (for children)

*If you choose a nurse practitioner as your *PCP*, your benefit coverage and *copayment amounts* are the same as they would be for services from other *network providers*. See your *Schedule of Benefits* for more information.

However, you may not change your selection more frequently than once a month. If you do not select a *network PCP* for each *member*, one will be assigned. You may obtain a list of *network PCPs* at our website and using the "Find a Doctor" function or by calling the telephone number shown on the front page of this *contract*.

You should get to know your *PCP* and establish a healthy relationship with them. Your *PCP* will:

1. Provide preventive care and screenings
2. Conduct regular physical examinations as needed
3. Conduct regular immunizations as needed
4. Deliver timely service
5. Work with other doctors when you receive care somewhere else
6. Coordinate specialty care with *network specialist physicians*
7. Provide any ongoing care you need
8. Update your medical record, which includes keeping track of all the care that you get from all of your *providers*
9. Treat all patients the same way with dignity and respect
10. Make sure you can contact him/her or another *provider* at all times
11. Discuss what advance directive are and file directives appropriately in your medical record.

Your *network PCP* will be responsible for coordinating all covered health services with other *network providers*. You may be required to obtain a referral from your *PCP* in order to receive care from a *specialist physician*. You do not need a referral from your *PCP* for mental or *behavioral health* services, obstetrical or gynecological treatment and may seek care directly from a *network* obstetrician or gynecologist.

Contacting Your Primary Care Physician (PCP)

To make an appointment with your *PCP*, call his/her office during business hours and set up a date and time. If you need help, call Member Services and we will help you make the appointment. If you need to cancel or change your appointment, call 24 hours in advance. At every appointment, make sure you bring your *member* identification card and photo identification.

Should you need care outside of your *PCP*'s office hours, you should call your *PCP*'s office for information on receiving after hours care in your area. If you have an urgent medical problem or question or cannot reach your *PCP* during normal office hours, call our 24/7 Nurse Advice line at 1-877-687-1189 (TTY 1-877-941-9236). A licensed nurse is always available and ready to answer your health questions. In an emergency, call 911 or head straight to the nearest emergency room.

Changing Your Primary Care Physician (PCP)

You may change your *network PCP* for any reason, but not more frequently than once a month, by submitting a written request, online at our website at Ambetter.BuckeyeHealthPlan.com, or by contacting our office at the number shown on your *member* identification card. The change to your *network PCP* of record will be effective no later than 30 calendar days from the date we receive your request.

Requests for Predeterminations of Benefits

You may request a *predetermination* of coverage. Any *predetermination* we may make will be reviewed after the medical expense is incurred and a claim is filed. A review that shows one or more of the following may cause us to reverse the *predetermination*:

1. The *predetermination* was based on incomplete or inaccurate information initially received by us.
2. The medical expense has already been paid by someone else.

We will make a determination within two business days after obtaining all necessary information regarding a proposed service. We will notify the *provider* by phone or facsimile within three business days of our decision. If we denied the *predetermination*, we will provide written or electronic confirmation within one business day of the telephone notification to you and the *provider*. If you disagree with our decision, you may *appeal* pursuant to the Appeals and Grievance Procedures section.

We will make all benefit determinations after a *loss* in good faith. All benefit determinations are subject to our receipt of proper *proof of loss*.

If we *authorize* a proposed admission, treatment, or *covered service expense* by a *network provider* based upon the complete and accurate submission of all necessary information relative to an eligible *member*, we shall not retroactively deny this *authorization* if the *network provider* renders the *covered service expense* in good faith and pursuant to the *authorization* and all of the terms and conditions of the *network provider's contract* with us.

Service Area

Ambetter from Buckeye Health Plan operates in a limited *service area*. If the *subscriber* moves from one county to another within the *service area*, the monthly premiums may be increased or changed. If the *subscriber* moves from one county in the *service area* to another that is not in the *service area*, you will no longer be eligible for coverage under this *contract*, and will be eligible for special enrollment into another *qualified health plan*.

Coverage Under Other Policy Provisions

Charges for services and supplies that qualify as *covered service expenses* under one benefit provision will not qualify as *covered service expenses* under any other benefit provision of this *contract*.

Emergency Services

If you are experiencing an emergency, call 9-1-1 or go to the nearest *hospital*. *Emergency services* do not require *prior authorization*. If those services provided are utilized at a *non-network hospital*, and a *member* presents with an emergency medical condition under one of the following circumstances, emergency care will be covered under 2(a) of the *eligible service expense* definition:

1. Due to circumstances beyond the *member's* control, the *member* was unable to utilize a *network hospital's* emergency department without serious threat to life or health;
2. A prudent layperson with an average knowledge of health and medicine would have reasonably believed that, under the circumstances, the time required to travel to a *network hospital's* emergency department could result in one or more of the adverse health consequence;
3. A person *authorized* by us refers the *member* to an emergency department and does not specify a *network hospital's* emergency department;
4. An ambulance takes the *member* to a non-*network hospital* other than at the direction of the *member*;

If you are experiencing an emergency, call 9-1-1 or go to the nearest *hospital*. *Emergency services* do not require *prior authorization*. If *emergency services* are received at a non-network facility or by a non-network provider, you should not be *balance billed*. If you are, please contact Member Services immediately at the number listed on the back of your *member* identification card. The applicable *deductible amount*(s), *coinsurance amounts*, and *copayment amounts* are shown on your *Schedule of Benefits*.

Non-Emergency Services

If you are traveling outside of the Ohio *service area* you may be able to access *providers* in another state if there is an Ambetter plan located in that state. You can locate *network providers* outside of Ohio by searching the relevant state in our *provider* directory at https://guide.ambetterhealth.com. Not all states have Ambetter plans. If you receive care from a *network provider* outside of the *service area*, you may be required to receive *prior authorization* for non-emergency services. Contact Member Services at the phone number on your *member* identification card for further information.

Hospital Based Providers

When receiving care at a *network hospital* it is possible that some *hospital*-based providers may not be *network providers*. If you provide *notice and consent* to waive *balance billing protections* you may be responsible for payment of all or part of the *balance bill*. Any amount you are obligated to pay to the *non-network* provider in excess of the eligible expense will not apply to your *deductible amount* or *maximum out-of-pocket*.

We cover *emergency services* when you are outside of our *service area*. If you are temporarily out of the *service area* and experience an *emergency condition*, call 911 or go the nearest emergency room. 2. New medical procedures
3. New drugs
4. New devices
5. New application of existing technology

Sometimes, our medical director and/or medical management staff will identify technological advances that could benefit our *members*. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology.

If the CPC does not review a request for coverage of new technology, our Medical Director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.

Preferred Partnership

As innovative technologies and solutions are established in market under expedited research and development, we may elect to offer, at our discretion, new services or preferred partnerships designed to improve access to care and enhance *care management*. We will provide access to *third party* services at preferred or discounted rate. The preferred or discounted rates to these services may be communicated to all *members* by email, mail or phone promotions. The preferred partnerships are optional benefits to all *members*.

Continuity of Care

Under the federal No Surprises Act, if a *member* a *continuing care patient* with respect to a *network provider* and the contractual relationship with the *provider* is terminated, such that the *provider* is no longer in *network*; or benefits are terminated because of a change in the terms of the participation of the *provider* , as it pertains to the services the member is receiving as a *continuing care patient*, then we will:

If services provided or expenses incurred for *hospital* confinement in connection with childbirth are otherwise included as *covered service expenses*, we will not limit the number of days for these expenses to less than that stated in this provision.

Under federal law, health insurance issuers generally may not restrict benefits otherwise provided for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However, we may provide benefits for *covered service expenses* incurred for a shorter stay if the attending *provider* (e.g., your *physician*, nurse, midwife, or *physician* assistant), after consultation with the mother, discharges the mother or newborn earlier.

The level of benefits and out-of-pocket costs for any later part of the 48-hour (or 96-hour) stay will not be less favorable to the mother or newborn than any earlier part of the stay. We do not require that a *physician* or other health care provider obtain *prior authorization* for the delivery.

Prescription Drug Expense Benefits

We work with *providers* and pharmacists to ensure that we cover medications used to treat a variety of conditions and diseases.

For purposes of this section, the following definitions will apply:

Preventive (Tier 0) No copayment for those drugs that are used for prevention and are mandated by the Affordable Care Act. Select oral contraceptives, vitamin D, folic acid for women of child bearing age, over-the-counter (OTC) aspirin, and smoking cessation products may be covered under this tier. Certain age limits may apply.

Preferred Generic (Tier 1A) Lowest copayment for select drugs that offer the greatest value compared to other drugs used to treat similar conditions. Select over-the-counter (OTC) drugs may be covered under this tier.

Generic (Tier 1B) Low copayment for those drugs that offer great value compared to other drugs used to treat similar conditions. Select over-the-counter (OTC) drugs may be covered under this tier.

Preferred Brand (Tier 2) - Medium copayment covers *brand* name drugs that are generally more affordable, or may be preferred compared to other drugs to treat the same conditions.

Non-Preferred Brand (Tier 3) High copayment covers higher cost *brand* name and non-*preferred generic* drugs. This tier may also cover non-*specialty* drugs that are not on the Prescription Drug List but approval has been granted for coverage.

Specialty (Tier 4) The highest copayment is for “*specialty*” drugs used to treat complex, chronic conditions that may require special handling, storage or clinical management. Prescription drugs covered under the specialty tier require fulfillment at a pharmacy that participates in Ambetter's "*specialty*" or "hemophilia" networks. For additional information on which pharmacies are within our "*specialty*" or "hemophilia" networks, please consult Ambetter website's pharmacy information section.

Covered service expenses in this benefit subsection are limited to charges from a licensed pharmacy for:

1. A *prescription drug*.
2. Any drug that, under the applicable state law, may be dispensed only upon the written prescription of a *provider* unless covered under this *contract* and is permitted to be dispensed

by a pharmacist pursuant to applicable state law.

3. Off-label drugs that are:
   a. Recognized for treatment of the indication in at least one standard reference compendium; or
   b. Recommended for a particular type of cancer and found to be safe and effective in formal clinical studies, the results of which have been published in a peer reviewed professional medical journal published in the United States or Great Britain.
4. Prescribed, oral anticancer medication.

Such *covered service expenses* shall include those for prescribed, orally administered anticancer medications. The *covered service expenses* shall be no less favorable than for intravenously administered or injected cancer medications that are covered as medical benefits under this *contract*. The appropriate drug choice for a *member* is a determination that is best made by the *member* and his or her *physician.* See the *Schedule of Benefits* for benefit levels or additional limits.

Formulary or Prescription Drug List
The formulary or *prescription drug* list is a guide to available *generic*, *brand* name drugs and some over-the-counter medications when ordered by a *physician* that are approved by the United States Food and Drug Administration (FDA) and covered through your *prescription drug* benefit. *Generic* drugs have the same active ingredients as their *brand* name counterparts and should be considered the first line of treatment. The FDA requires *generics* to be safe and work the same as *brand* name drugs. If there is no *generic* available, there may be more than one *brand* name drug to treat a *condition*. Preferred *brand* name drugs are listed on *Tier 2* of the Drug List to help identify *brand* name drugs that are clinically appropriate, safe and cost-effective treatment options, if a *generic* medication on the formulary is not suitable for your condition.

Note: The formulary is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed or additional requirements may be added in order to approve continued usage of a specific drug. Positive changes (e.g., adding drugs to the formulary, drugs moving to a lower payment tier) can occur periodically after review by the committee. Changes to the formulary that could have an adverse financial impact to you (e.g., drug exclusion, drug moving to a higher payment tier, or drugs requiring step therapy or *prior authorization*) occur only annually. In the event that a drug is removed from the formulary, you will be notified within 60 days.

For the most current Formulary or Prescription Drug List or for more information about our pharmacy program, visit Ambetter.BuckeyeHealthPlan.com (under “For Member”, “Drug Coverage”) or call Member Services.

Preventive Care Expense Benefits

Preventive care services are covered as required by the Affordable Care Act (ACA). According to the ACA, preventive care services must include the following:

1. Evidence based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF).
2. Immunizations for routine use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC).
3. With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
4. With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the HRSA to the extent the care is not illegal under *applicable law*.

Preventive care benefits obtained from a *network provider* are covered without member cost share (i.e., covered in full without *deductible, coinsurance* or *copayment*). For current information regarding available preventive care benefits, please access the Federal Government's website at: https://www.healthcare.gov/center/regulations/prevention.html.

Preventive care refers to services or measures taken to promote health and early detection or prevention of diseases and injuries, rather than treating or curing them. Preventive care includes, but is not limited to, immunizations, medications, tobacco cessation treatment, (including behavioral therapy and nicotine replacement therapy), examinations and screening tests tailored to an individual's age, health and family history.

Certain services can be performed for preventive or diagnostic reasons (e.g., mammograms). If a service is deemed preventive care and is appropriately reported/billed, it will be covered under the preventive care services benefit. However, when a service is performed for diagnostic purposes and reported/billed accordingly, it will be considered a non-preventive medical benefit and appropriate cost share will apply. If preventive and diagnostic services are performed during the same visit, applicable cost share will be taken for the latter.

As new preventive care recommendations and guidelines are issued (by the USPSTF, CDC or HRSA), those services will become covered preventive care benefits. According to the ACA, coverage of new recommendations and guidelines become effective upon a plan's start or anniversary date that is one year after the date the recommendation or guideline is issued.

In addition to providing coverage in accordance with the ACA, we also provide preventive care benefits in accordance with applicable State law.

Our Ambetter Health Preventive Services Guide is updated annually and contains detailed information regarding preventive care coverage available to you. It is accessible via our website Ambetter.BuckeyeHealthPlan.com. Either go to our website directly or if you need to request a paper copy, please contact Member Services for assistance.

Covered Services For Transplant Service Expenses:

Transplants are a *covered service* when a *member* is accepted as a transplant candidate and obtains *prior authorization* in accordance with this *contract*. *Prior authorization* must be obtained through the *"Center of Excellence"* before an evaluation for a transplant. We may require additional information such as testing and/or treatment before determining *medical necessity* for the transplant benefit. *Authorization* must be obtained prior to performing any related services to the transplant *surgery*. Transplant services must meet medical criteria as set by Medical Management Policy.

Urgent Care Service Benefits

Urgent care includes *medically necessary* services by *network providers* and services provided at a *network urgent care center*, including facility costs and supplies, or care for a condition that is not an emergency, but is an unforeseen medical *illness*, *injury*, or condition that requires immediate care when the *member's PCP* is unavailable or inaccessible. Urgent care is covered at *network hospitals*, *network urgent care centers*, or *network providers'* offices, but your zero *cost sharing* preventive care benefits may not be used at an *urgent care center*. Urgent care received at any *hospital* emergency department is not covered unless *authorized* in advance by us.

Members are encouraged to contact their *PCP* for an appointment before seeking care from another *provider*, but *network urgent care center*s and walk in clinics can be used when an urgent appointment is not available. If the *PCP* is not available and the condition persists, call the 24/7 Nurse Advice Line, at 1-877-687-1189. The 24/7 Nurse Advice Line is available 24 hours a day, seven days a week. A registered nurse can help you decide the kind of care most appropriate for your specific need.

Urgent care is not covered for services received by a *non-network provider* or at a non-*network* facility.

Wellness and Other Program Benefits

Benefits may be available to *members* for participating in certain programs that we may make available in connection with this *contract*. Such programs may include wellness programs, disease or *care management* programs. These programs may include a reward or an incentive, which you may earn by completing different activities.

If you have a medical condition that may prohibit you from participating in these programs, we may require you to provide verification, such as an affirming statement from your *physician*, that your medical condition makes it unreasonably difficult or inadvisable to participate in the wellness or health improvement program, in order for you to receive the reward or incentive.

You may obtain information regarding the particular programs available at any given time by visiting our website at Ambetter.BuckeyeHealthPlan.com or by contacting Member Services by telephone at 877-687-1189 (TTY 1-877-941-9236). The benefits are available as long as coverage remains active, unless changed by us as described in the programs' terms and conditions. Upon termination of coverage, program benefits are no longer available. All *members* are automatically eligible for program benefits upon obtaining coverage. The programs are optional, and the benefits are made available at no additional cost to the *members*. The programs and benefits available at any given time are made part of this *contract* by this reference and are subject to change by us through updates available on our website or by contacting us.

Care Management Programs
We understand special health needs and are prepared to help you manage any that you may have. Our *Care Management* services can help with complex medical or *behavioral health* needs. If you qualify for *Care Management*, we will partner you with a care manager. Care managers are registered nurses or social workers that are specially trained to help you:

1. Better understand and manage your health conditions
2. Coordinate services
3. Locate community resources

Your care manager will work with you and your doctor to help you get the care you need. If you have a severe medical condition, your care manager will work with you, your *PCP* and other *providers* to develop a care plan that meets your needs and your caregiver's needs.

If you think you could benefit from our *Care Management* program, please call Member Services.

PRIOR AUTHORIZATION

We review services to ensure the care you receive is the best way to help improve your health condition. *Utilization review* includes:

1. Pre-service or *prior authorization* review – occurs when a medical service has been pre-approved by Ambetter
2. Concurrent review – occurs when a medical service is reviewed as they happen (e.g., inpatient stay or *hospital* admission)
3. Retrospective review – occurs after a service or post service has already been provided.

Prior Authorization Required

Some medical and *behavioral health covered expenses* require *prior authorization*. In general, *network providers* must obtain *authorization* from us prior to providing a service or supply to a *covered person*. However, there are some *network eligible services expenses* for which you must obtain the *prior authorization*.

For services or supplies that require *prior authorization*, as shown on the *Schedule of Benefits*, you must obtain *authorization* from us before you or your *dependent member*:

1. Receives a service or supply from a *non-network provider*;
2. Are admitted into a *network* facility by a *non-network provider*; or
3. Receive a service or supply from a *network provider* to which you or your *dependent member* were referred to by a *non-network provider*.

Pursuant to the federal No Surprises Act, *emergency services* received from a *non-network provider* are *covered services* without prior authorization.

Prior authorization (medical and *behavioral health*) requests must be received by phone/e-fax/*provider* portal as follows:

1. At least five calendar days prior to an elective or scheduled admission as an inpatient in a *hospital*, *extended care* or *rehabilitation facility*, *hospice* facility, or *residential treatment facility*, or as soon as reasonably possible.
2. At least 30 calendar days prior to the initial evaluation for organ transplant services or as soon as reasonably possible.
3. At least 30 calendar days prior to receiving clinical trial services or as soon as reasonably possible.
4. Within 24 hours (or as soon as reasonably possible) of any inpatient admission, including emergent inpatient admissions.
5. At least five calendar days prior to the start (or as soon as reasonably possible) of *home health care* except those *members* needing *home health care* after *hospital* discharge.

After *prior authorization* has been requested, we will notify you and your *provider* if the request has been *approved* or denied as follows:

1. For urgent concurrent reviews, within one calendar day of receipt of the request.
2. For urgent pre-service reviews, within 48 hours of receipt of the request.
3. For non-urgent *pre-service* reviews, within ten calendar days of receipt of the request.
4. For *post-service* or retrospective review requests, within 30 calendar days of receipt of the request.

As used in this section, urgent care service means a medical care or other service for a condition where application of the timeframe for making routine or non-life threatening care determinations is

either of the following:

1. Could seriously jeopardize the life, health, or safety of the patient or others due to the patient's psychological state; or
2. In the opinion of a *physician* with knowledge of the patient's medical or behavioral condition, would subject the patient to adverse health consequences without the care or treatment that is the subject of the request.

The determination whether a claim is an urgent care service claim will be determined by us; or, by a *physician* with knowledge of the *member's* medical condition.

You do not need to obtain *prior authorization* from us or from any other person (including your *PCP*) in order to obtain access to obstetrical or gynecological care from a *medical practitioner* in our network who specializes in obstetrics or gynecology. The *medical practitioner*, however, may be required to comply with certain procedures, including obtaining *prior authorization* for certain services, following a pre-approved treatment plan or procedures for making referrals. For a list of participating *medical practitioners* who specialize in obstetrics or gynecology, contact Member Services.

How to Obtain Prior Authorization

It is your responsibility to obtain *prior authorization* or to confirm that a *network provider* has obtained *prior authorization* on your behalf. Contact Member Services by telephone before the service or supply is provided to you.

Electronic Procedure

Providers will have access to *prior authorization* forms through the *provider* portal that can be submitted to us and accepted for review through the same portal. We will provide an electronic receipt to the *provider* confirming receipt of the *prior authorization* request. If we request additional information, the *provider* must provide acknowledgement of the request for additional information to us.

If there is an operational difficulty, such as limited internet connectivity, or a financial hardship that prevents the *provider* from utilizing the electronic procedure, the *provider* may contact us to develop an appropriate process for receiving *prior authorization* requests.

Failure to Obtain Prior Authorization

Failure to comply with the *prior authorization* requirements will result in benefits being denied. If you disagree with our decision, you may *appeal* pursuant to the Appeals and Grievance Procedures section.

In cases of emergency, benefits will not be reduced for failure to comply with *prior authorization* requirements. However, you must contact us as soon as reasonably possible after you receive the *emergency services*.

Network providers cannot bill you for services for which they fail to obtain *prior authorization* as required.

Prior Authorization Does Not Guarantee Benefits

Our *authorization* does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the *contract*. We will not retroactively deny *prior authorizations* as long as the *authorization* was obtained based on complete and accurate submission of all necessary information relative to an eligible *member* and the *provider*

renders services in good faith and pursuant to the *authorization* and all of the terms and conditions of the *provider's contract* with us.

Services from Non-Network Providers

Except when *balance billing protections* apply to a *covered service provided* by a *non-network provider*, we do not normally c*over services* received from *non-network providers*. If a situation arises where a *Covered Service* cannot be obtained from a *Network Provider* located within a reasonable distance, we may provide a *prior authorization* for you to obtain the service from a *Non-Network Provider* at no greater cost to you than if you went to a *Network Provider*. If *Covered Services* are not available from a *network provider*, **you are responsible for ensuring that your *primary care physician* has requested *prior authorization* from us before you receive services from a *non-network provider***. Otherwise you will be responsible for all charges incurred.

Appeal of Prior Authorization Denial

Prior Authorization denials for *urgent care* will be considered within 48 hours after receipt of the *appeal* and for non-*urgent care* within ten calendar days of receipt of the *appeal*. The *appeal* will be between the *provider* requesting the service in question and a clinical peer. If the *appeal* does not resolve the disagreement, either the *member* or the *member's authorized representative* may request an *external review*. Please refer to the Appeals and Grievance Procedures section for additional details.

If you enter into a settlement that waives a *member's* right to recover future medical benefits under a workers' compensation law or insurance plan, this exclusion will still apply. In the event that the workers' compensation insurance carrier denies coverage for a *member's w*orkers' compensation claim, this exclusion will still apply unless that denial is *appealed* to the proper governmental agency and the denial is upheld by that agency.

    Any and all health care services, supplies or medication provided to any child birthed by a *surrogate/*gestational carrier as a result of a surrogacy/gestational carrier arrangement are also excluded. This exclusion shall not apply, where a *member* possessing an active *contract* with us is the intended parent of the child and/or the child possesses an active

contract with us at the time of birth.

All coverage will cease on termination of this *contract*. This *contract* will terminate on the earliest of:

1. Nonpayment of premiums when due, subject to the Grace Period provision in this *contract*;
2. The date you are no longer eligible for coverage – the last day of coverage is the last day of the month following the month in which the notice is sent by us unless you request an earlier termination *effective date*;
3. For a *covered eligible child* reaching the limiting age of 26, coverage under this *contract* will terminate at 11:59 p.m. on the last day of the year in which the *eligible child* turns 26; or

Refund Upon Cancellation

We will refund any premium paid and not earned due to *contract* termination. You may cancel the *contract* at any time by providing written notice to the entity in which you enrolled.. Such cancellation shall become effective upon receipt, or on such later date specified in the notice. If you cancel, we shall promptly return any unearned portion of the premium paid, but in any event shall return the unearned portion of the premium within 30 calendar days. The earned premium shall be computed on a pro-rata basis. Cancellation shall be without prejudice to any claim originating prior to the *effective date* of the cancellation.

Discontinuance

90-Day Notice: If we discontinue offering all contracts issued on this form, with the same type and level of benefits, for all residents of the state where you reside, we will provide a written notice to you at least 90 calendar days prior to the date that we discontinue coverage. You will be offered an option to purchase any other coverage in the individual market we offer in your state at the time of discontinuance of this *contract*. This option to purchase other coverage will be on a guaranteed issue basis without regard to health status.

180-Day Notice: If we discontinue offering all individual contracts in the individual market in the state where you reside, we will provide a written notice to you and the Commissioner of Insurance at least 180 calendar days prior to the date that we stop offering and terminate all existing individual contracts in the individual market in the state where you reside.

Notification Requirements

It is the responsibility of you or your former *dependent member* to notify us within 31 calendar days of your legal divorce or your *dependent member's* marriage. You must notify us of the address at which their continuation of coverage should be issued.

RIGHT OF REIMBURSEMENT

As used herein, the term "*third party*" means any party that is, or may be, or is claimed to be responsible for *illness* or *injuries* to a *member*. Such *injuries* or *illness* are referred to as "*third party injuries*." *Third party* includes any parties actually, possibly, or potentially responsible for payment of expenses associated with the care or treatment of *third party injuries*.

If a *member's illness* or *injury* is caused by the acts or omissions of a *third party*, we will not cover a *loss* to the extent that it has already been paid for as part of a settlement or judgment by any *third party*.

However, if payment by or for the *third party* has not been made by the time we receive acceptable *proof of loss*, we will pay regular *contract* benefits, as outlined in our Claims section and pursuant to Ohio Prompt Payment Law, for the *member's loss*. By accepting benefits under this *contract*, the *member* specifically acknowledges our rights of subrogation and reimbursement. The rights of subrogation and reimbursement attach when we have provided health care benefits for expenses incurred due to *third party injuries.*

By accepting benefits under this plan, the member specifically acknowledges Ambetter's right of subrogation. When this plan provides health care benefits for expenses incurred due to *third party* injuries, Ambetter shall be subrogated to the member's rights of recovery against any party to the extent of the full cost of all benefits provided by this plan. Ambetter may proceed against any party with or without the member's consent. The amount that we may recover may be diminished as described in Ohio Revised Code section 2323.44.

By accepting benefits under this plan, the member also specifically acknowledges Ambetter's right of reimbursement. If the *member's* or the *member's* representative receives any payment as a result of a *third party injury*, we will have the right to be reimbursed to the extent permitted by Ohio law, for benefits we provided or paid for the *illness* or *injury.* The *member* (or the guardian, legal representatives, estate, or heirs of the *member*) shall promptly reimburse us from the settlement, judgment, or any payment received from any *third party*. These sources include, but are not limited to:

1. Payments made by a *third party* or any insurance company on behalf of the *third party*;
2. Any payments or awards under an uninsured or underinsured motorist coverage policy;
3. Any Workers' Compensation or disability award or settlement;
4. Medical payments coverage under any automobile policy, premises, or homeowners' medical payments coverage or premises or homeowners' insurance coverage; and
5. Any other payments from a source intended to compensate a *member* for *injuries caused by a third party*.

As a condition for our payment, the *member* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with us in order to obtain information about the *loss* and its cause.
2. To immediately inform us in writing of any claim made or lawsuit filed on behalf of a *member* in connection with the *loss*.
3. To include the amount of benefits paid by us on behalf of a *member* in any claim made against any *third party*.
4. That we:
    a. Will have a lien on all money received by a *member* in connection with the *loss* to the extent permitted by Ohio law.
    b. May give notice of that lien to any *third party* or *third party's* agent or representative.
    c. Will have the right to intervene in any suit or legal action to protect our rights.

Furthermore, as a condition of our payment, we may require the *member* or the *member's* guardian (if the *member* is a minor or legally incompetent) to execute a written reimbursement agreement. However, the terms of this provision remain in effect regardless of whether or not an agreement is actually signed.

We will not pay attorney fees or costs associated with the *member's* claim or lawsuit unless we previously agreed in writing to do so.

If a dispute arises as to the amount a *member* must reimburse us, the *member* (or the guardian, legal representatives, estate, or heirs of the *member*) agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by us until the dispute is resolved. Additionally, either party may file an action pursuant to Ohio law to resolve any issue related to the distribution of any money recovered from the *third party*.

However, if less than the full value of the *loss* is recovered because of comparative negligence, diminishment due to a party's liability pursuant to Ohio law, or by reason of the collectability of the full value of the claim for *injury*, death, or *loss* to person resulting from limited liability insurance or any other cause, our reimbursement amount shall decrease in the same proportion as the *member's* interest.

COORDINATION OF BENEFITS

The Coordination of Benefits (COB) provision applies when you have health care coverage under more than one plan. Plan is defined below.

The order of benefit determination rules govern the order which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits according to its contract terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100 percent of the total Allowable Expense.

Definitions

For the purpose of this Section, the following definitions shall apply:

1. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for *members* of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.
   a. Plan includes: Group and non-group insurance contracts; Health insuring corporation (HIC) contracts; Coverage under group or non-group closed panel plans (whether insured or uninsured); Medical care components of long term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan as permitted by law.
   b. Plan does not include: *Hospital* indemnity coverage or other fixed indemnity coverage; Accident only coverage; Specified disease or specified accident coverage; Supplemental coverage as described in Revised Code sections 3923.37 and 1751.56; School accident-type coverage; Non-medical components of long term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

   Each contract for coverage under a and b above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.
2. This Plan means, in a COB provision the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of *other plans*. Any other part of the contract providing health care benefits is separate from this Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
3. The order of benefit determination rules determine whether this Plan is a "Primary Plan" or "Secondary Plan" when you have health care coverage under more than one Plan. When this Plan is primary, it determines payment for its benefits first before those of any *other plan* without considering any *other Plan's* benefits. When this Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100 percent of the total Allowable Expense.
4. Allowable Expense is a health care expense, including *deductibles*, *coinsurance*, and *copayments*, that is covered at least in part by any Plan covering you. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering you is not an Allowable Expense. In addition, any expense that a *provider* by law or in accordance with a contractual agreement is prohibited from charging you is not an

Allowable Expense. The following are examples of expenses that are not Allowable Expenses:

a. The difference between the cost of a semi-private *hospital* room and a private *hospital* room is not an Allowable Expense, unless one of the Plans provides coverage for private *hospital* room expenses.
b. If you are covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
c. If you are covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
d. If you are covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the *provider* has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the *provider's* contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
e. The amount of any benefit reduction by the Primary plan because you have failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

5. Closed Panel Plan is a Plan that provides health care benefits to you primarily in the form of services through a panel of *providers* that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other *providers*, except in cases of emergency or referral by a panel *member*.
6. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When you are covered by two or more plans, the rules for determining the order of benefit payments are as follows:

1. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any *other plan*.
2. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary.
   (2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan *hospital* and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide non-network benefits.
3. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that *other Plan*.
4. Each Plan determines its order of benefits using the first of the following rules that apply:

a. **Non-Dependent or Dependent**.
The Plan that covers you other than as a *dependent*, (for example as an employee, *member*, policyholder, *subscriber*, or retiree) is the Primary Plan and the Plan that covers you as a *dependent* is the Secondary Plan. However, if you are a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering you as a *dependent*, and primary to the Plan covering you as other than a *dependent*, then the order of benefits between the two plans is reversed so that the plan covering you as an employee, *member*, policyholder, *subscriber*, or retiree is the Secondary Plan and the *other plan* is the Primary Plan.

b. **Dependent Child Covered Under More Than One Plan.**
Unless there is a court decree stating otherwise, when a child is covered by more than one Plan the order of benefits is determined as follows:

i. For a child whose parents are married or are living together, whether or not they have ever been married:
   a) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
   b) If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
   c) However, if one *spouse's* Plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that Plan.

ii. For a child whose parents are divorced or separated or not living together, whether or not they have ever been married:
   a) If a court decree states that one of the parents is responsible for the child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
   b) If a court decree states that both parents are responsible for the child's health care expenses or health care coverage, the provisions of paragraph a. above shall determine the order of benefits;
   c) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the child, the provisions of paragraph a. above determine the order of benefits; or
   d) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
      1) The Plan covering the Custodial Parent, first;
      2) The Plan covering the *spouse* of the Custodial Parent, second;
      3) The Plan covering the noncustodial parent, third; and then
      4) The Plan covering the *spouse* of the noncustodial parent, last.

iii. For a child covered under more than one Plan of individuals who are not the parents of the child, the provisions of paragraph a. or b. above shall determine the order of benefits as if those individuals were the parents of the child.

c. **Active Employee or Retired or Laid-off Employee**
The Plan that covers you as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering you as a retired or laid-off employee is the Secondary Plan. The same would hold true if you are a *dependent* of an active employee and you are a *dependent* of a retired or laid-off employee. If the *other plan* does not have this rule, and as a result, the Plans do not agree on the order of benefits,

this rule is ignored. This rule does not apply if the rule under the Non-Dependent or Dependent provision above can determine the order of benefits.

d. **COBRA or State Continuation Coverage**
If you have coverage provided under COBRA or under a right of continuation provided by state or other federal law and you are also covered under another Plan, the Plan covering you as an employee, *member*, *subscriber*, or retiree or covering you as a *dependent* of an employee, *member*, *subscriber*, or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the *other plan* does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the Non-Dependent or Dependent provision above can determine the order of benefits.

e. **Longer or Shorter Length of Coverage**
The Plan that covered you as an employee, *member*, policyholder, *subscriber*, or retiree longer is the Primary Plan and the Plan that covered you the shorter period of time is the Secondary Plan. If the preceding rules do not determine the order of benefits, the Allowable Expenses must be shared equally between the Plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the Primary Plan.

f. **If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, this plan will not pay more than it would have paid had it been the Primary plan.**

Effect on the Benefits of This Plan

1. When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a calendar year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan must calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan must credit to its plan *deductible* any amounts it would have credited to its *deductible* in the absence of other health care coverage.
2. If you are enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel *provider*, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plan.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and *other Plans*. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and *other Plans* covering you. We need not tell, or get the consent of, any person to do this. To claim benefits under this Plan, you must give us any facts we need to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under this plan. If it does, we may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this plan. We will not have to pay that amount

again. The term “payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by us is more than it should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid, or any other person or organization that may be responsible for the benefits or services provided for you. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

Coordination Disputes

If you believe that we have not paid a claim properly, you should first attempt to resolve the problem by contacting Member Services by telephone or Ambetter.BuckeyeHealthPlan.com. You should also refer to the *complaint* and *appeals* procedures. If you are still not satisfied, you may call the Ohio Department of Insurance for instructions on filing a consumer *complaint*. Call 1-800-686-1526, or visit the Department's website at http://insurance.ohio.gov.

We may pay all or any part of the benefits provided by this *contract* for *hospital*, surgical, nursing, or medical services, directly to the *hospital* or other person rendering such services.

Any payment made by us in good faith under this provision shall fully discharge our obligation to the extent of the payment. We reserve the right to deduct any overpayment made under this *contract* from any future benefits under this *contract*.

Foreign Claims Incurred For Emergency Care

Emergency services are *covered services* while traveling outside of the United States for up to a maximum of 90 consecutive days. If travel extends beyond 90 consecutive days, no benefit coverage is provided for medical emergencies for the entire period of travel including the first 90 calendar days.

Claims incurred outside of the United States for emergency care and treatment of a *member* must be submitted in English or with an English translation, at the *member's* expense, within 180 calendar days from the date of service. Foreign claims must also include the applicable medical records in English or with an English translation, at the *member's* expense to show proper *proof of loss* and evidence of any payment(s) to the *provider*.

Foreign claims must be submitted with the Member Reimbursement Medical Claim Form, along with all requested documents as detailed on the claim form. All forms and member resources are available at Ambetter.BuckeyeHealthPlan.com.

The amount of reimbursement will be based on the following:

1. Member's Benefit Plan and *member* eligibility on date of service
2. Member's Responsibility/Share of Cost based on date of service.
3. Currency Rate at the time of completed transaction, Foreign Country currency to United States currency.

Once we have reviewed all the necessary documentation and the emergency claim has been processed, a *member* Explanation of Benefits (EOB) will be mailed. The EOB will identify *member* responsibility according to the *member* benefit plan at the time of travel. If services are deemed as a true medical emergency, *member* will be issued reimbursement payment for any eligible incurred costs, minus *member* cost share obligation.

Assignment

We will reimburse a *hospital* or health care provider if:

1. Your health insurance benefits are assigned by you in writing; and
2. We approve the assignment.

Any assignment to a *hospital* or person providing the treatment, whether with or without our *authorization*, shall not confer upon such *hospital* or person, any right or privilege granted to you under the *contract* except for the right to receive benefits, if any, that we have determined to be due and payable.

Custodial Parent

This provision applies if the parents of a covered *eligible child* are divorced or legally separated and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if we receive a copy of the order establishing custody.

Upon request by the custodial parent, we will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions, and limitations of the *contract*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge our obligations.

A custodial parent may, with our approval, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

Physical Examination

We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at our expense and as often as we may reasonably require.

No suit may be brought by you on a claim sooner than 60 calendar days after the required *proof of loss* is given. No suit may be brought more than three years after the date *proof of loss* is required.

No action at law or in equity may be brought against us under the *contract* for any reason unless the *member* first completes all the steps in the *complaint*/*appeal* procedures made available to resolve disputes in your state under the *contract*. After completing that *complaint*/*appeal* procedures process, if you want to bring legal action against us on that dispute, you must do so within three years of the date we notified you of the final decision on your *complaint*/*appeal*.

Non-Assignment

This *Contract*, including but not limited to the coverage, rights, privileges and benefits provided for under this *contract* are not assignable by you or anyone acting on your behalf. Any assignment or purported assignment of coverage, rights, privileges and benefits provided for under this *contract* that

you may provide or execute in favor of any *hospital*, *provider*, or any other person or entity shall be null and void and shall not impose any obligation on us.

No Third Party Beneficiaries

This *contract* is not intended to, nor does it, create or grant any rights in favor of any *third party*, including but not limited to any *hospital*, *provider* or *medical practitioner* providing services to you, and this *contract* shall not be construed to create any *third party* beneficiary rights.

APPEALS AND GRIEVANCE PROCEDURES

Your satisfaction is very important to us. We want to know your issues and concerns so we can improve our services. Reporting these will not affect your health care services. The following processes are available to address your concerns.

Call Member Services

Please contact our Member Services team by telephone if you have questions or concerns. We will attempt to answer your questions during initial contact, as most concerns can be resolved with one phone call.

Appeals Procedures

An appeal is a request by the *member* or their *authorized representative* for the insurer to reconsider, reverse, or otherwise modify an *adverse benefit determination.* You can designate a representative – such as a family member, friend, *physician*, or attorney - to *appeal* these decisions on your behalf.

Filing an Appeal

When we make an *adverse benefit determination*, we will send you a notification that includes information on how to file an *appeal* and how to *authorize* a representative. You have 180 calendar days to file an *appeal* from the date we issue the *adverse benefit determination*.

You can file an *appeal* by filling out the form included with the denial notice or sending a letter to:

Buckeye Health Plan
Appeal Department
4349 Easton Way, Suite 120
Columbus, OH 43219
Fax 1-866-258-4102 (*Appeal*)

You can also file an *appeal* via phone by contacting Member Services by telephone..

Processing Your Appeal

After you file your *appeal*, we will notify you of all the information that is needed to process the *appeal* within three business days of receipt of the *appeal*. You will be informed that you can present any information that you wish for us to consider as part of the *appeal*. We will *investigate* the *appeal* to decide if more information is needed from you or your *provider*.

A reviewer of the same or similar specialty will review the request and make a determination. This reviewer will not be the *physician* involved in the original decision and who is not the subordinate of that *physician*.

We may extend our deadline by no more than 14 calendar days if we need additional information to reach a decision. We will inform you of the request's status if such an extension is necessary. If we do not receive the required information within the extended timeframe, we will make a determination based on the information we have. If no extension is needed, we will make the decision within 15 calendar days for pre-service *appeals* and 30 calendar days for post-service *appeals*, of receipt of your *appeal*.

We will notify you or your *authorized representative* in writing within two business days of the

decision, not to exceed the total resolution timeframe. The notice will include an explanation of our decision, a reference to the criteria on which the decision was based, a list of the title and qualifications of each person participating in the review, and a description of your further *appeal* rights. Your further *appeal* rights include the right to an *external review*.

Expedited Appeal

You can file an expedited *appeal* when a requested service involves a situation that would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function. This type of *appeal* must be documented with clinical information.

You may request an expedited *appeal* at any time. You may start the *appeal* by phone or in writing. You may call Member Services to initiate an expedited *appeal* request.

We will make a decision about the request within 72 hours. We will notify you and your *authorized representative* of the result.

External Review

If you, or your *authorized representative*, are not satisfied with the final outcome of the Internal *Appeal*, an *external review* by an *Independent Review Organization* or by the superintendent of insurance, or both, may be requested. You, or your *authorized representative*, can request an *external review* when the *Appeal* is of *adverse benefit determinations* based on *medical necessity*, appropriateness, health care setting, level of care, or that the requested service or supply is not efficacious or otherwise unjustified under evidence-based medical criteria. Filing an *external review* will not affect your health care services. We want to know your concerns so we can improve our services. An *external review* decision is binding on us. An *external review* decision is binding on the claimant except to the extent the claimant has other remedies available under applicable federal or state law. We will pay for the costs of the *external review* performed by the independent reviewer.

All requests for an *external review* must be made within 180 calendar days of the date of the notice of our final *adverse benefit determination*. Standard requests for an *external review* must be provided in writing; requests for expedited *external reviews*, including *experimental*/*investigational*, may be submitted orally or electronically. When an oral or electronic request for review is made, written confirmation of the request must be submitted to us no later than five calendar days after the initial request was made. If the superintendent or *IRO* requires additional information from you or your health care provider, we will tell you what is needed to make the request complete. The *IRO* assigned to review an *adverse benefit determination* shall provide written notice of its decision to either uphold or reverse the determination within 30 calendar days of receipt by the health plan issuer of a request for a standard review or a standard review involving an *experimental or investigational treatment*.

You may file the request for an *external review* by contacting us:

Buckeye Health Plan
Appeals Unit
4349 Easton Way, Suite 120
Columbus, OH, 43219
Fax: 1-866-258-4102

You may also request an *external review* by calling Member Services or by emailing us at Ambetter.BuckeyeHealthPlan.com.

Urgent request for an external review
If an expedited *external review* (urgent) was requested, the *IRO* will provide a determination as soon as possible or within 72 hours of receipt of the expedited request.

Non-urgent request for an external review
Unless the request is for an expedited *external review*, we will initiate an *external review* within five calendar days after it receives your written request if your request is complete. We will provide you with notice that it has initiated the *external review* that includes:

(a) The name and contact information for the assigned *independent review organization* or the superintendent of insurance, as applicable, for the purpose of submitting additional information; and

(b) Except for when an expedited request is made, a statement that you may, with ten business days after the date of receipt of the notice, submit, in writing, additional information for either the *independent review organization* or the superintendent of insurance to consider when conducting the *external review*.

If your request is not complete, we will notify you in writing and include information about what is needed to make the request complete.

If we deny your request for an external review on the basis that the *adverse benefit determination* is not eligible for an external review, we will notify you, in writing, the reasons for the denial and that you have a right to *appeal* the decision to the superintendent of insurance.

If we deny your request for an external review because you have failed to exhaust the Appeals and Grievance Procedure, you may request a written explanation, which we will provide to you within ten calendar days of receipt of your request, explaining the specific reasons for its assertion that you were not eligible for an *external review* because you did not comply with the required procedures.

Request for external review to the Department of Insurance: If we deny your request for an *external review*, you may file a request for the superintendent of insurance to review our decision by contacting Consumer Services Division at 1-800-686-1526 between 8:00 a.m. and 5:00 p.m., eastern standard time or by sending a written request addressed to: Consumer Services, The Ohio Department of Insurance, 50 West Town St., Suite 300, Columbus, Ohio 43215. Information about *external reviews* is also available on the Department's website: www.insurance.ohio.gov.

If the DOI upholds our decision: If you file a request for an *external review* with the DOI, and if the DOI upholds our decision to deny the *external review* because you did not follow our *appeals* and *grievance* procedures, you must resubmit your *appeal* according to our *appeals* and *grievance* procedures within ten calendar days of the date of your receipt of the superintendent's decision. The clock will begin running on all of the required time periods described in the *appeals* and *grievance* procedures when you receive this notice from the superintendent.

If our failure to comply with its obligations under the *appeals* and grievance procedures was considered (i) de minimis, (ii) not likely to cause prejudice or harm to you (claimant), (iii) because we had a good reason or our failure was caused by matters beyond our control (iv) in the context of an ongoing good-faith exchange of information between us and you (claimant) or your *authorized representative* and (v) not part of a pattern or practice of our not following the *appeals* and *grievance* procedures, then you will not be deemed to have exhausted the *appeals* and *grievance* requirements. You may request an explanation of the basis for the plan's asserting that its actions meet this standard.

Expedited external review for *experimental* and/or *investigational* treatment: You may request an *external review* of an *adverse benefit determination* based on the conclusion that a requested health care service is *experimental* or *investigational*, except when the requested health care service is explicitly listed as an excluded benefit under the terms of the health benefit plan.

To be eligible for an *external review* under this provision, your treating *physician* shall certify that one of the following situations is applicable:

1. Standard health care services have not been effective in improving your condition;
2. Standard health care services are not medically appropriate for you; or
3. There is no available standard health care service covered by the health plan issuer that is more beneficial than requested health care service.

The request for an expedited *external review* under this provision may be requested orally or electronically. For Expedited/Urgent requests, your health care provider can orally make the request on your behalf.

If we reverse our decision: If we decide to reverse our adverse determination before or during the *external review*, we will notify you, the *IRO*, and the superintendent of insurance within one business day of the decision.

After receipt of health care services: No expedited review is available for *adverse benefit determinations* made after receipt of the health care service or services in question.

Emergency medical services: If we deny coverage for an emergency medical service, we will also advise at the time of denial, that you can request an expedited internal and *external review* of our decision.

Review by the Department of Insurance: If we have made an *adverse benefit determination* based on a contractual issue (e.g. whether a service or services are covered under your *contract* of insurance), you may request an *external review* by the department of insurance.

If the IRO and DOI uphold our **decision**, you may have a right to file a lawsuit in any court having jurisdiction.

Grievances

A *grievance* or *complaint* is an expression of dissatisfaction regarding our products or services. You or your *authorized representative* may submit a *grievance* verbally or in writing. A *grievance* may be filed for issues including quality of care, *physician* behavior, waiting time for services, and involuntary disenrollment. You have up to 180 calendar days to file a *grievance*. The 180 calendar days start on the date of the situation you are not satisfied with. Depending on the nature of the *grievance* and whether or not a response is requested, we will respond verbally and/or in writing within 30 business days following receipt of the *grievance*, or should a *member's* medical condition necessitate an expedited review and decision within 48 hours.

Filing a Grievance

You or your *authorized representative* may file a *grievance* by calling our Member Services Team or in writing by mailing or faxing your *grievance* to:

Buckeye Health Plan
Grievance Unit

1. Your first and last name
2. Your Member ID number
3. Your address and telephone number
4. Details surrounding your concern

Process and Resolution Timeframes

We will acknowledge your *grievance* by sending you a letter within three business days of receipt of your *grievance*. *Grievances* will be promptly investigated and will be resolved within 30 calendar days of receipt. We will notify you in writing within two business days of the decision. The time period may be extended for an additional 14 calendar days, making the maximum time for the entire *grievance* process 44 calendar days if we provide you or your *authorized representative*, if applicable, written notification of the following within 30 calendar days:

1. That we have not resolved the *grievance*;
2. When our resolution of the *grievance* may be expected; and
3. The reason why the additional time is needed.

If we do not receive the required information before the end of the extension period, we will resolve the *grievance* with the information we have on file.

The written response will state the reason for our decision, inform the *member* of the right to pursue a further review, and explain the procedures for initiating such review. *Grievances* will be considered when measuring the quality and effectiveness of our products and services.
