Individual *Member* PPO *Policy*

This *policy* is a legal contract between you and us. Read your *policy* carefully.

AGREEMENT AND CONSIDERATION

This document along with the corresponding *Schedule of Benefits* and application is your *policy* and it is a legal document. It is the agreement under which benefits will be provided and paid. In consideration of your application and the timely payment of premiums, we will provide benefits to you, the *member*, for *covered services* as outlined in this *policy*. Benefits are subject to *policy* definitions, provisions, limitations, and exclusions.

This *policy* is a Preferred Provider Organization (“PPO”) health benefit plan. This means that you may choose a provider that is in *network* (including *physicians* and facilities) or may choose a provider that is not in *network*—referred to as a *non-network provider* in this *policy*. Typically, you will incur more out of pocket expenses if you choose to use a *non-network provider*.

GUARANTEED RENEWABLE

Annually, we must file this product, the cost share, and the rates associated with it for approval. Guaranteed renewable means that your plan will be renewed into the subsequent year’s approved product on the anniversary date unless terminated earlier in accordance with *policy* terms. You may keep this *policy* (or the new *policy* you are mapped to for the following year) in force by timely payment of the required premiums. In most cases, you will be moved to a new *policy* each year, however, we may decide not to renew the *policy* as of the renewal date if: (1) we decide not to renew all policies issued on this form, with a new *policy* at the same metal level with a similar type and level of benefits, to residents of the state where you then live; (2) we withdraw from the *service area* or (3) there is fraud or an intentional material misrepresentation made by or with the knowledge of a *member* in filing a claim for *policy* benefits.

In addition to the above, this guarantee for continuity of coverage shall not prevent us from cancelling or non-renewing this *policy* in the following events: (1) non-payment of premium; (2) a *member* fails to pay any *deductible* or *copayment amount* owed to us and not the provider of services; (3) a *member* is found to be in material breach of this *policy*; or (4) a change in federal or state law no longer permits the continued offering of such coverage, such as CMS guidance related to individuals who are Medicare eligible.

Annually, we will change the rate table used for this *policy* form. Each premium will be based on the rate table in effect on that premium's due date. The *policy* plan, and age of *members*, type and level of benefits, and place of *residence* on the premium due date are some of the factors used in determining your premium rates. We have the right to change premiums however, all premium rates charged will be guaranteed for a *calendar year*.

At least 60 calendar days’ notice of any plan to take an action or make a change permitted by this clause will be delivered to you at your last address as shown in our records. We will make no change in your premium solely because of claims made under this *policy* or a change in a

member's health. While this *policy* is in force, we will not restrict coverage already in force. If we discontinue offering and decide not to renew all policies issued on this form, with the same type and level of benefits, for all residents of the state where you reside, we will provide a written notice to you at least 90 calendar days prior to the date that we discontinue coverage.

THIS *POLICY* IS NOT A MEDICARE SUPPLEMENT *POLICY*. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare, which is available from the company.

Important Cancellation Information – Please read the provision entitled “Termination” found on page 86 of the *policy*.

This *policy* contains *prior authorization* requirements. Please refer to the *Schedule of Benefits* and the *Prior Authorization* Section for additional information on *Prior Authorization* requirements.

TEN DAY RIGHT TO RETURN *POLICY*

Please read your *policy* carefully. If you are not satisfied, return this *policy* to us or to our agent within ten calendar days after you receive it. All premiums paid will be refunded, less claims paid, and the *policy* will be considered null and void from the *effective date*.

INTRODUCTION

Welcome to WellCare of North Carolina (WellCare)! We have prepared this *policy* to help explain your coverage. Please refer to this *policy* whenever you require medical services.

It describes:

Protection from Balance Billing

Under federal law, effective January 1, 2022, non-network providers or facilities are prohibited from *balance billing* health plan *members* for services that are subject to *balance billing protections* as described in the Definitions section of this *policy*. You will only be responsible for paying your member cost share for these services, which is calculated as if you had received the services from a network provider and based on the recognized amount as defined in applicable law.

DEFINITIONS

In this *policy*, italicized words are defined. Words not italicized will be given their ordinary meaning.

Wherever used in this *policy*:

Acute rehabilitation means *rehabilitation* for patients who will benefit from an intensive, multidisciplinary *rehabilitation* program. Patients normally receive a combination of therapies such as physical, occupational, and speech therapy as needed and are medically managed by specially trained *physicians*. *Rehabilitation* services must be performed for three or more hours per day, five to seven days per week, while the *covered person* is confined as an *inpatient* in a *hospital*, *rehabilitation facility*, or *skilled nursing facility*.

Advance premium tax credit means the tax credit provided by the Affordable Care Act to help you afford health coverage purchased through the Health Insurance Marketplace. *Advanced premium tax credits* can be used right away to lower your monthly premium costs. If you qualify, you may choose how much *advanced premium tax credit* to apply to your premiums each month, up to the maximum amount. If the amount of *advance premium tax credits* you receive for the year is less than the total tax credit you are due, you will get the difference as refundable credit when you file your federal income tax return. If your *advanced premium tax credits* for the year are more than the total amount of your premium tax credit, you must repay the excess *advanced premium tax credit* with your tax return.

Adverse benefit determination means a decision by us which results in:

1. A denial of a request for service.
2. A denial, reduction, or failure to provide or make payment in whole or in part for a *covered service*.
3. A determination that an admission, continued stay, or other health care service does not meet our requirements for *medical necessity*, appropriateness, health care setting, or level of care or effectiveness.
4. A determination that a service is *experimental*, *investigational*, *cosmetic treatment*, not *medically necessary* or inappropriate.
5. A denial of coverage based upon an eligibility determination.
6. A determination that *balance billing* protections do not apply to a service.
7. An incorrectly calculated amount of *cost sharing* a member owes when *balance billing* protections apply.
8. A *rescission* of coverage determination as described in the General Provisions section of this policy.
9. A prospective review or retrospective review determination that denies, reduces, or fails to provide or make payment, in whole or in part, for a covered service.

Refer to the Grievance and *Complaint* Procedures section of this *policy* for information on your right to *appeal an adverse benefit determination*.

Alcohol treatment facility means a residential or nonresidential *facility* certified by the North Carolina Department of Mental Health for *treatment* of alcohol abuse.

Allowed amount (also see *Eligible expense*) means the maximum amount we will pay a *physician* for a *covered service*. When a *covered service* is received from a *network provider*, the *allowed amount* is the amount the *physician* agreed to accept from us as payment for that particular service. In all cases, the *allowed amount* will be subject to *cost sharing* (e.g., *deductible*, *coinsurance*, and

copayment) per the *member's* benefits. This amount excludes any payments made to the *physician* by us as a result of Federal or State arbitration. Where WellCare has not established a non-*network* fee schedule amount for a billed service, the *allowed amount* will be the lesser of the provider's billed charge or an amount established by WellCare for similar services under similar health benefit plans. Other than described above, WellCare will not pay for *non-network provider* billed charges unless doing so is required to comply with North Carolina statutes and regulations.

NOTE: If you receive services from a *non-network provider*, you may be responsible for the difference between the amount the provider charges for the service (*billed amount*) and the *allowed amount* that we pay. However, you will not be responsible for *balance billing* for *non-network* care that is subject to *balance billing protections* and otherwise covered under your *policy*. See **Balance billing, Balance billing protections, and Non-network provider** definitions for additional information. If you are *balanced billed* in these situations, please contact Member Services immediately at the number listed on the back of your *member* identification card.

Appeal means a request to reconsider a decision about the *member's* benefits where either a service or a claim has been denied.

Applicable laws means laws of the state in which your contract was issued and/or federal laws.

Applied behavior analysis or **ABA** means the application of behavioral principles to everyday situations, intended to increase, or decrease targeted behaviors. *ABA* has been used to improve areas such as language, self-help and play skills, as well as decrease behaviors such as aggression, self-stimulatory behaviors, and self-*injury*.

Acquired brain injury means a neurological insult to the brain, which is not hereditary, congenital, or degenerative. The *injury* to the brain has occurred after birth and results in a change in neuronal activity, which results in an impairment of physical functioning, sensory processing, cognition, or psychosocial behavior.

Authorization or **authorized** means our decision to approve services or items as medically necessary, or to determine the appropriateness of care for a *member*.

Authorized representative means an individual represents a *covered person* in an internal *appeal* or external review process of an *adverse benefit determination* who is any of the following:

1. A person to whom a covered individual has given express, written consent to represent that individual in an internal *appeals* process or external review process of an *adverse benefit determination*.
2. A person *authorized* by law to provide substituted consent for a covered individual; or
3. A family *member* or a treating health care professional, but only when the *covered person* is unable to provide consent.

Autism spectrum disorder (ASD) means a neurological and developmental disorder that begins early in childhood and lasts throughout a person's life. It is a condition related to brain development that impacts how a person perceives and socializes with others, causing problems in social interaction and communication. It may include intellectual impairment but not always. The disorder may include problems with the ability to recognize or share interests or emotional experiences, problems expressing or understanding verbal or non-verbal communication, and/or developing or maintaining relationships. Repetitive patterns of behavior or an inability to tolerate change is often seen.

Balance billing means a *non-network provider* billing you for the difference between the provider's charge for a service and the *eligible expense*. *Network providers* may not balance bill you for *covered service expenses* beyond your applicable *cost sharing* amounts.

Balance billing protections means the protections against balance billing under the federal No Surprises Act. These protections apply to *covered services* that are:

1. *Emergency services* provided to a member, as well as services provided after the member is stabilized unless the member gave *notice and consent* to be balance billed for the post-stabilization services.
2. Non-emergency health care services provided to a member at a network *hospital* or at a network ambulatory surgical center unless if member gave *notice and consent* pursuant to the federal No Surprises Act to be balance billed by the non-network provider; or
3. Air ambulance services provided to a member by a non-network provider.

Coverage Effective Dates for Special Enrollment Periods

Regular effective dates. Except as specified below, coverage will be effective on the first of the month following plan selection.

Special effective dates. In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a *qualified individual* or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care. In the case of marriage, or in the case where a *qualified individual* experiences a *loss of minimum essential coverage*, coverage is effective on the first day of the following month.

In the case of erroneous enrollment, *policy* violation, or exceptional circumstances, coverage is effective on an appropriate date based on the circumstances of the special enrollment period, in accordance with guidelines issued by the Department of Health and Human Services. Such date must be either (i) the date of the event that triggered the special enrollment period or (ii) in accordance with the regular *effective dates*.

If a *qualified individual*, enrollee, or *dependent member* loses coverage, gains access to a new *QHP*, becomes newly eligible for enrollment in a *QHP*, becomes newly eligible for advance payments of the premium tax credit in conjunction with a permanent move, or is enrolled in COBRA continuation coverage and employer contributions to or government subsidies completely cease, and if the plan selection is made on or before the day of the triggering event the Health Insurance Marketplace must ensure that the coverage *effective date* is the first day of the month following the date of the triggering event. If the plan selection is made after the date of the triggering event, coverage is effective on the first day of the following month.

If a *qualified individual*, enrollee, or *dependent member* newly gains access to an ICHRA or is newly provided a QSEHRA, and if the plan selection is made before the day of the triggering event, coverage is effective on the first day of the month following the date of the triggering event or, if the triggering event is on the first day of a month, on the date of the triggering event. If the plan selection

is made on or after the day of the triggering event, coverage is effective on the first day of the month following plan selection.

If a *qualified individual*, enrollee, or *dependent member* did not receive timely notice of an event that triggers eligibility for a special enrollment period, and otherwise was reasonably unaware that a qualifying event occurred, the Health Insurance Marketplace must allow the *qualified individual* enrollee, or *dependent member* to select a new plan within 60 calendar days of the date that he or she knew, or reasonably should have known, of the occurrence of the triggering event. And at the option of a *qualified individual*, enrollee or *dependent member*, the Health Insurance Marketplace must provide the earliest effective that would have been available, based on the applicable qualifying event.

Prior Coverage

If an enrollee is confined as an *inpatient* in a *hospital* on the *effective date* of this agreement, and prior coverage terminating immediately before the *effective date* of this agreement furnishes benefits for the hospitalization after the termination of prior coverage, then services and benefits will not be covered under this agreement for that enrollee until the enrollee is discharged from the *hospital* or benefits under the prior coverage are exhausted, whichever is earlier. “Discharge” means a formal release of an enrollee from an *inpatient hospital* stay when the need for continued care at an *inpatient hospital* has concluded. Transfers from one *inpatient hospital* to another shall not be considered a discharge.

If there is no prior coverage or no continuation of *inpatient* coverage after the *effective date*, your WellCare coverage will apply for covered benefits related to the *inpatient* coverage after your *effective date*. WellCare coverage requires you notify us within two calendar days of your *effective date* so we can review and authorize *medically necessary* services. If services are at a non-contracted *hospital*, claims will be paid at the WellCare *allowed amount*, and you may be billed for any balance of costs above the WellCare *allowed amount*.

PREMIUMS

Premium Payment

Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual Open Enrollment period.

Grace Period

When a *member* is receiving a premium subsidy:

After the first premium is paid, a grace period of 3 months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period if *advance premium tax credits* are received.

We will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. We will notify HHS of the non-payment of premiums, the *member*, as well as *providers* of the possibility of denied claims when the *member* is in the second and third month of the grace period. We will continue to collect *advance premium tax credits* on behalf of the *member* from the Department of the Treasury and will return the *advance premium tax credits* on behalf of the *member* for the second and third month of the grace period if the *member* exhausts their grace period as described above. A *member* is not eligible to re-enroll once terminated, unless a *member* has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods.

When a *member* is not receiving a premium subsidy:

Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a 30-day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the *policy* will stay in force; however, claims may pend for *covered services* rendered to the *member* during the grace period. We will notify HHS, as necessary, of the non-payment of premiums, the *member*, as well as *providers* of the possibility of denied claims when the *member* is in the grace period.

Third Party Payment of Premiums or Cost Sharing

We require each policyholder to pay his or her premiums and this is communicated on your monthly billing statements. Our payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting *third party* premiums. Consistent with CMS guidance, the following are the only acceptable third parties who may pay WellCare premiums on your behalf:

1. Ryan White HIV/AIDS program under Title XXVI of the Public Health Service Act.
2. Indian tribes, tribal organizations, or urban Indian organizations.
3. State and Federal government programs.

4. An employer for an employee under an Individual Coverage Health Reimbursement Account (ICHRA) or Qualified Small Employer Health Reimbursement Account (QSEHRA) plan.
5. Family members.
6. Private, not-for-profit foundations which have no incentive for financial gain, no financial relationship, or affiliation with providers of *covered services* and supplies on behalf of *members*, where eligibility is determined based on defined criteria without regard to health status and where payments are made in advance for a coverage period from the *effective date* of eligibility through the remainder of the *calendar year*.

Upon discovery that premiums were paid by a person or entity other than those listed above, we will reject the payment and inform the *member* that the payment was not accepted and that the premium remain due.

Misstatement of Age

If a *member's* age has been misstated, the *member's* premium may be adjusted to what it should have been, based on the *member's* actual age.

Change or Misstatement of Residence

If you change your *residence*, you must notify the Health Insurance of your new *residence* within 60 calendar days of the change. As a result, your premium may change, and you may be eligible for a Special Enrollment Period. See the section on Special Enrollment Periods provision for more information.

Misstatement of Tobacco or Nicotine Use

The answer to the tobacco or nicotine question on the enrollment application is material to our correct underwriting. If a *member's use of tobacco or nicotine* has been misstated on the *member's* application for coverage under this *policy*, we have the right to rerate the *policy* back to the original *effective date*.

PRIOR AUTHORIZATION

WellCare reviews services to ensure the care you receive is the best way to help improve your health condition. *Utilization review* includes:

1. Pre-service or *prior authorization* review – occurs when a medical service is pre-approved by WellCare.
2. Concurrent review – occurs when a medical service is reviewed as the services happen (e.g., *inpatient* stay or *hospital* admission)
3. Retrospective review – occurs after a service has already been provided.

Prior Authorization Required

Some *covered service expenses* (medical and *behavioral health*) require *prior authorization*, as more fully detailed in the *Schedule of Benefits*. In general, for services that require *prior authorization*, *network providers* must obtain *authorization* from us prior to providing a service or supply to a *member*. However, there are some *network eligible expenses* for which you must obtain the *prior authorization*.

For services, items, or supplies that require *prior authorization*, as shown on the *Schedule of Benefits*, you must obtain *authorization* from us before you or your *dependent member*:

1. Receive a service or supply from a *non-network provider*.
2. Are admitted into a *network* facility by a *non-network provider*; or
3. Receive a service or supply from a *network provider* to which you or your *dependent member* were referred to by a *non-network provider*.

Pursuant to the federal No Surprises Act, *emergency services* received from a *non-network provider* are *covered services* without *prior authorization*.

Prior authorization requests (medical and *behavioral health*) must be received by phone/efax/*physician* portal as follows:

1. At least 5 calendar days prior to an elective admission as an *inpatient* in a *hospital*, extended care or *rehabilitation facility*, *hospice* facility, or *residential treatment facility*.
2. At least 30 calendar days prior to the initial evaluation for organ transplant services.
3. At least 30 calendar days prior to receiving clinical trial services.
4. Within 24 hours of any *inpatient* admission, including emergent *inpatient* admissions.
5. At least five calendar days prior to the start of *home health care*, except those *members* needing *home health care* after *hospital* discharge.

After *prior authorization* has been requested and all required or applicable documentation has been submitted, we will notify you and your *physician* if the request has been *approved* as follows:

1. For urgent concurrent review within 24 hours (one calendar day) of receipt of the request.
2. For urgent pre-service reviews, within 72 hours (three calendar days) from date of receipt of request.
3. For non-urgent pre-service reviews within three business days of receipt of all necessary clinical information.
4. For post-service or retrospective reviews, within 30 calendar days of receipt of the request.

You do not need to obtain *prior authorization* from us or from any other person (including your PCP) in order to obtain access to obstetrical or gynecological care from a *medical practitioner* in our network who specializes in obstetrics or gynecology. The *medical practitioner*, however, may be

required to comply with certain procedures, including obtaining *prior authorization* for certain services, following a pre-approved treatment plan or procedures for making referrals. For a list of participating *medical practitioners* who specialize in obstetrics or gynecology, contact Member Services.

How to Obtain Prior Authorization

To obtain *prior authorization* or to confirm that a *network provider* has obtained *prior authorization*, contact us by telephone at the telephone number listed on your *member* identification card before the service or supply is provided to the *member*.

Failure to Obtain Prior Authorization

Failure to comply with the *prior authorization* requirements will result in benefits being reduced.

Network providers cannot bill you for services for which they fail to obtain *prior authorization* as required.

Benefits will not be reduced for failure to comply with *prior authorization* requirements prior to receiving *emergency services*. However, you must contact us as soon as reasonably possible after you receive the *emergency services*.

Services from Non- Network Providers

Except when *balance billing protections* apply to a covered service provided by a non-network provider, we do not normally cover services received from non-network providers. If a situation arises where a covered service cannot be obtained from a network provider located within a reasonable distance, we may provide *prior authorization* for you to obtain services from a *non-network provider* at no greater cost to you than if you went to a network provider. If *covered services* are not available from a network provider, you or your PCP must request *prior authorization* from us before you may receive services from a non-network provider. Otherwise, you will be responsible for all charges incurred.

COST SHARING FEATURES

Cost Sharing Features

We will pay benefits for *covered services* as described in the *Schedule of Benefits* and the *Covered Services* sections of this *policy*. All benefits we pay will be subject to all conditions, limitations, and *cost sharing* features of this *policy*. *Cost sharing* means that you participate or share in the cost of your health care services by paying *deductible amounts*, *copayments*, and *coinsurance* for some *covered services*. For example, you may need to pay a *deductible*, *copayment*, or *coinsurance* amount when you visit your *physician* or are admitted into the *hospital*. The *copayment* or *coinsurance* required for each type of service as well as your *deductible* is listed in your *Schedule of Benefits*.

When you, or a covered *dependent member*, receive health care services from a provider, there may be multiple claims for that episode of care. An episode of care means the services provided by a health care facility or provider to treat a condition or an *illness*. Each claim that we receive for services covered under this *policy* are adjudicated or processed as we receive them. Coverage is only provided for *eligible expenses*. Each claim received will be processed separately according to the cost share as outlined in the *policy* and in your *schedule of benefits*.

Deductible

The *deductible amount* means the amount of *covered service expenses* that must be paid by each/all *members* before any benefits are provided or payable. The *deductible amount* does not include any *copayment amount* or *coinsurance* amount. Not all *covered service expenses* are subject to the *deductible amount*. See your *Schedule of Benefits* for more details.

Copayments

A *copayment* is typically a fixed dollar amount due at the time of service. *Members* may be required to pay *copayments* to a *physician* each time services are performed that require a *copayment*. *Copayments* are due as shown in the *Schedule of Benefits* are due at the time of service. Payment of a *copayment* does not exclude the possibility of a *physician* billing you for any non-covered service. *Copayments* do not count or apply toward the *deductible amount* but do apply toward meeting the *maximum out-of-pocket amount*.

Coinsurance Amount

A *coinsurance* amount is your share of the cost of a service after your *deductible* has been met. *Members* may be required to pay a *coinsurance* in addition to any applicable *deductible amount(s)* due for a *covered service* or supply. *Coinsurance amounts* do not apply toward the *deductible* but do apply toward meeting your *maximum out-of-pocket amount*. When the annual *maximum out-of-pocket amount* has been met, additional *covered service expenses* will be provided at 100 percent.

Maximum Out-of-Pocket

You must pay any required *copayments* or *coinsurance amounts* required until you reach the *maximum out-of-pocket* amount shown on your *schedule of benefits*. After the *maximum out-of-pocket* amount is met for an individual, we will pay 100 percent of the cost for *covered services*. The family *maximum out-of-pocket* amount is two times the individual *maximum out-of-pocket* amount. For the family *maximum out-of-pocket* amount, once a *member* has met the individual *maximum out-of-pocket* amount, the remainder of the family *maximum out-of-pocket* amount can be met with the combination of any one or more *members'* eligible service expenses.

When the annual *maximum out-of-pocket* has been met, additional *covered service expenses* will be provided or payable at 100 percent of the allowable expense.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *policy*.
2. A determination of *eligible service expenses*.
3. Any reduction for expenses incurred at a *non-network provider*. Please refer to the information on the *schedule of benefits*.

Refer to your *Schedule of Benefits* for *Coinsurance Percentage* and other limitations

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *policy*; and
2. A determination of *eligible expenses*.
3. Any reduction for expenses incurred at a *non-network provider*. Please refer to the information on the *schedule of benefits*

The applicable *deductible amount(s)*, *coinsurance*, and *copayment amounts* are shown on the *Schedule of Benefits*.

NOTICE: Your actual expenses for *covered services* may exceed the stated *coinsurance* percentage or *copayment amount* because actual provider charges may not be used to determine plan and *member* payment obligations.

Non-Network Liability and Balance Billing

If you receive services from a non-network provider, you may have to pay more for services you receive. Non-network providers may be permitted to bill you for the difference between what we agreed to pay and the full *billed amount* for a service. This is known as *balance billing*. This amount is likely more than network costs for the same service and might not count toward your annual *maximum out-of-pocket amount* limit. However, you will not be balance billed when *balance billing protections* apply to *covered services*.

Please refer to your *schedule of benefits* for an overview of your costs for out-of-*network* services.

Below is an example of what your costs could be for *in-network* or *non-network* services. This scenario is for a total outpatient *hospital* bill of \$5,000 for a *member* with an *in-network* annual *deductible* of \$1000 and *non-network* annual *deductible* of \$2000. Please refer to your *Schedule of Benefits* for exact *deductible* and *coinsurance* amounts specific to your plan.

	In-Network	Out-of-Network
A. Total Bill	\$5,000	\$5,000
B. Allowed Amount	\$4,250	\$4,250
C. Deductible Amount	\$1,000	\$2,000
D. Allowed Amount Minus Deductible (B-C)	\$3,250	\$2,250
E. Your Coinsurance Amount (x% times D)	(20%) \$650	(40%) \$900
F. Insurer Paid	\$3,350	\$1,350
G. Amount You Owe Over Allowed Amount	\$0 (In-network charges limited to allowed amount)	\$750 (Difference between total bill and allowed amount)
H. Total Amount You Owe (C+E+G)	\$1,650	\$3,650

Refer to your *Schedule of Benefits* for *Coinsurance* Percentage and other limitations.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *policy*; and
2. A determination of *eligible expenses*.

The applicable *deductible amount(s)*, *cost sharing percentage*, and *copayment amounts* are shown on the *Schedule of Benefits*.

ACCESS TO CARE

Primary Care Physician

In order to obtain benefits, you may designate a *network primary care physician* for each *member*. You may select any *network primary care physician* who is accepting new patients from any of the following provider types:

1. Family practitioners
2. General practitioners
3. Internal medicine
4. Nurse practitioners*
5. *Physician* assistants
6. Obstetricians/gynecologists
7. Pediatricians (for children)

*If you choose a nurse practitioner as your *PCP*, your benefit coverage and *copayment amounts* are the same as they would be for services from other *in-network providers*. See your *Summary of Benefits* for more information.

You may obtain a list of *network primary care physicians* at our website and using the "Find a Doctor" function or by calling the telephone number shown on the front page of this *policy*. You should get to know your *PCP* and establish a healthy relationship with them. Your *PCP* will:

1. Provide preventive care and screenings.
2. Conduct regular physical examinations as needed.
3. Conduct regular immunizations as needed.
4. Deliver timely service.
5. Work with other doctors when you receive care somewhere else.
6. Coordinate specialty care with WellCare *in-network specialists*.
7. Provide any ongoing care you need.
8. Update your medical record, which includes keeping track of all the care that you get from all of your *providers*.
9. Treat all patients the same way with dignity and respect.
10. Make sure you can contact him/her or another provider at all times.
11. Discuss what advance directive are and file directives appropriately in your medical record.

Adults may designate an OB/GYN as a *network primary care physician*. You may designate a pediatrician as a *network primary care physician* for your *dependent member* under 18 years old. However, you may not change your selection more frequently than once each month. If you do not select a *network primary care physician* for each *member*, one will be assigned. You may obtain a list of *network primary care physicians* at our website or by contacting *Member Services*.

Members age 13 or older can seek care from a *network* obstetrician-gynecologist without prior referral.

Your *network primary care physician* will be responsible for coordinating all covered health services with other *network providers*.

Contacting Your Primary Care Physician

To make an appointment with your *PCP*, call his/her office during business hours and set up a date and time. If you need help, call *Member Services* and we will help you make the appointment. If you need to cancel or change your appointment, call 24 hours in advance. At every appointment, make sure you bring your *member* identification card and a photo identification.

Should you need care outside of your *PCP's* office hours, you should call your *PCP's* office for information on receiving after hours care in your area. If you have an urgent medical problem or question or cannot reach your *PCP* during normal office hours, call our 24/7 nurse advice line at 1-877-687-1180 (TTY 1-877-941-9231). A licensed nurse is always available and ready to answer your health questions. In an *emergency*, call 911 or head straight to the nearest *emergency* room.

Changing Your Primary Care Physician (PCP)

You may change your *network primary care physician* for any reason, but not more frequently than once a month, by submitting a written request, online at our website at marketplace.wellcarenc.com, or by contacting our office at the number shown on your *member* identification card. The change to your *network primary care physician* of record will be effective no later than 30 calendar days from the date we receive your request.

Network Availability

Your *network* is subject to change. The most current *network* may be found online at our website or by contacting us at the number shown on your identification card. A *network* may not be available in all areas. If you move to an area where we are not offering access to a *network*, please contact *Member Services* prior to moving or as soon as possible. You may have the opportunity to disenroll from coverage under this *policy* and enroll in a different health plan with a *network* in that area. **Note:** Services received from *non-network providers* are generally not *covered services* under this *policy*, except when *balance billing protections* apply to a *covered service* provided by a *non-network provider*. If you receive *covered services* from *non-network providers* that are not subject to *balance billing protections*, benefits will be calculated in accordance with the terms of this *policy* for *non-network providers*.

Coverage Under Other Policy Provisions

Charges for services and supplies that qualify as *covered service expenses* under one benefit provision will not qualify as *covered service expenses* under any other benefit provision of this *policy*.

Emergency Services Outside of Service area

We cover *emergency services* when you are outside of our service area.

If you are temporarily out of the *service area* and experience an *emergency condition*, call 911 or go the nearest emergency room. Be sure to call us and report your emergency within one business day. You do not need *prior authorization* for *emergency services*.

New Technology

Health technology is always changing. If we think a new medical advancement can benefit our *members*, we evaluate it for coverage. These advancements include:

1. New technology

2. New medical procedures
3. New drugs
4. New devices
5. New application of existing technology

Sometimes, our medical director and/or medical management staff will identify technological advances that could benefit our *members*. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology. If the CPC does not review a request for coverage of new technology, our Medical Director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.

Hospital Based Providers

When receiving care at a network *hospital* it is possible that some hospital-based providers may not be network providers. If you provide *notice and consent* to waive *balance billing protections*, you may be responsible for payment of all or part of the balance bill. Any amount you are obligated to pay to the *non-network provider* in excess of the *eligible expense* will not apply to your *deductible amount* or maximum out-of-pocket amount.

Continuity of Care

Under the federal No Surprises Act, if a *member* is a *continuing care patient* with respect to a *network provider* and the contractual relationship with the provider is terminated, such that the provider is no longer in the *network*; or benefits are terminated because of a change in the terms of the participation of the provider, as it pertains to the services the *member* is receiving as a *continuing care patient*, then we will:

1. Notify the *member* on a timely basis of the termination and their right to elect continued transitional care from the provider.
2. Provide the *member* with an opportunity to notify us of the *member's* need for transitional care; and
3. Permit the *member* to elect to continue to have their benefits for the course of treatment relating to their status as a *continuing care patient* during the period beginning on the date on which the notice described in (1) is provided and ending on the earlier of:
 - a. 90 days after the notice described in (1) is provided; or
 - b. the date on which such *member* is no longer a *continuing care patient* with respect to the provider.

Newly Covered Member: If you are undergoing treatment from a *physician* for an *ongoing special condition* and are newly covered under this *policy*, we will notify you on your enrollment date of your right to elect to continue treatment with the *physician* currently treating your *ongoing special condition*. You will continue to receive treatment up to 90 calendar days after you enroll in this *policy*.

Transitional Period – Schedule Surgery, Organ Transplantation, or Inpatient Care: If you had *surgery*, organ transplant, or other *inpatient* care scheduled prior to the *physician* being terminated or your recent enrollment in this *policy*, or if you were listed on an established waiting list as of the date of notice of *physician* termination or enrollment, you will be able to continue to see the *physician* through the date of discharge after completion of the *surgery*, transplant, or other *inpatient* care and through post-discharge follow-up care related to the *surgery*, transplant, or other *inpatient* care occurring within 90 calendar days after the date of discharge.

Transitional Period – Pregnancy: If you are in your second trimester of *pregnancy* when your *physician* was terminated or if you are a newly enrolled *member*, you will be able to continue to see the treating *physician* through 60 calendar days of postpartum care.

Transitional Period – Terminal *Illness*: If you were determined to be *terminally ill* at the time of a *physician's* termination or when you enrolled in this *policy* and the *physician* was treating the *terminal illness* before the date of the termination or enrollment, you will be able to continue to see the treating *physician* for the remainder of your life with respect to care directly related to the treatment of the *terminal illness* or its medical manifestations.

MAJOR MEDICAL EXPENSE BENEFITS

The plan provides coverage for health care services for a *member* or covered dependents. Some services require *prior authorization*.

Copayments, deductibles, and coinsurance amounts must be paid to your *network provider* at the time you receive services.

All *covered services* are subject to conditions, exclusions, limitations, terms, and provisions of this *policy*. *Covered services* must be *medically necessary* and not *experimental or investigational*. For *medically necessary* services, nothing in this plan precludes us from comparing the cost-effectiveness of alternative services or supplies when determining which of the services or supplies will be covered.

Acquired Brain Injury Services

Benefits for eligible service expenses incurred for medically necessary treatment of an *acquired brain injury* will be determined on the same basis as treatment for any other physical condition.

1. cognitive *rehabilitation therapy*,
2. cognitive communication therapy,

4. neurobehavioral, neuropsychological, neurophysiological and psychophysiological testing and treatment.
5. neurofeedback therapy,
6. remediation required for and related to treatment of an *acquired brain injury*,
7. post-acute transition services and community reintegration services, including outpatient day treatment services, or any other post-acute treatment services are covered, if such services are necessary as a result of and related to an *acquired brain injury*.

Treatment for an *acquired brain injury* may be provided at a *hospital*, an acute or post-acute *rehabilitation hospital*, a *skilled nursing facility* or any other facility at which appropriate services or therapies may be provided. Service means the work of testing, treatment, and providing therapies to an individual with an *acquired brain injury*. Therapy means the scheduled remedial treatment provided through direct interaction with the individual to improve a pathological condition resulting from an *acquired brain injury*.

To ensure that appropriate post-acute care treatment is provided, this plan includes coverage for reasonable expenses related to periodic reevaluation of the care of an individual covered who:

1. Has incurred an *acquired brain injury*.
2. Has been unresponsive to treatment.
3. Is medically stable; and
4. To ensure that appropriate post-acute care treatment is provided, this plan includes coverage for reasonable expenses related to periodic reevaluation of the care of an individual covered with the expectation that with the provision of these services and support, the person can return to a community-based setting, rather than reside in a facility setting.

Treatment goals for services may include the maintenance of functioning or the prevention of or slowing of further deterioration.

fluids injected into the bloodstream. Benefits are provided for the cost of storing a *member's* own blood only when it is stored and used for a previously scheduled procedure.

Care Management Programs

We understand special health needs and are prepared to help you manage any that you may have. Our *Care Management* services can help with complex medical or *behavioral health* needs. If you qualify for *Care Management*, we will partner you with a care manager. Care managers are registered nurses or social workers that are specially trained to help you:

1. Better understand and manage your health conditions.
2. Coordinate services.
3. Locate community resources.

Your care manager will work with you and your doctor to help you get the care you need. If you have a severe medical condition, your care manager will work with you, your *primary care physician (PCP)* and other *providers* to develop a care plan that meets your needs and your caregiver's needs.

If you think you could benefit from our *Care Management* program, please call *Member Services*.

The supplies, equipment, and appliances described below are *covered services* under this benefit. Any expense that exceeds the *maximum allowed amount* for the standard item which is a *covered service* is your responsibility. For example, the reimbursement for a motorized wheelchair will be limited to the reimbursement for a standard wheelchair, when a standard wheelchair adequately accommodates your condition. Repair, adjustment, and replacement of purchased equipment, supplies, or appliances as set forth below may be covered, as *approved* by us. 3. There is reasonable justification for the repair, adjustment, or replacement (warranty expiration is not reasonable justification).

In addition, replacement of purchased equipment, supplies, or appliance may be covered if:

2. Repair is not possible or would equal or exceed the cost of replacement. An assessment by our *durable medical equipment* vendor should be done to estimate the cost of repair.
3. Individual's needs have changed, and the current equipment is no longer usable due to weight gain, rapid growth, or deterioration of function, etc.
4. The equipment, supply, or appliance is damaged and cannot be repaired.

Formulary or Prescription Drug List

The formulary or *prescription drug* list is a guide to available generic, brand name drugs and some over-the-counter medications when ordered by a *physician* that are approved by the Food and Drug Administration (FDA) and covered through your *prescription drug* benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The FDA requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed on Tier 2 of the Drug List to help identify brand name drugs that are clinically appropriate, safe and cost-effective treatment options if a generic medication on the formulary is not suitable for your condition.

Please note, the formulary is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed, or additional requirements may be added in order to approve continued usage of a specific drug.

Specific prescription benefit plan designs may not cover certain products or categories, regardless of their appearance in the formulary. For the most current WellCare *Formulary or Prescription Drug List* or for more information about our pharmacy program, visit marketplace.wellcarenc.com (under “For Member”, “Drug Coverage”) or call *Member Services*.

Prescription Drug Exception Process

Standard exception request

A *member*, a *member's authorized representative* or a *member's prescribing physician* may request a standard review of a decision that a drug is not covered by the plan or a protocol exception for step therapy. The request can be made in writing or via telephone. Within 72 hours of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's prescribing physician* with our coverage determination. Should the standard exception request or step therapy protocol exception request be granted, we will provide coverage of the non-formulary drug for the duration of the prescription, including refills, or of the drug that is the subject of the protocol exception.

Expedited exception request

A *member*, a *member's authorized representative* or a *member's prescribing physician* may request an expedited review based on exigent circumstances. Exigent circumstances exist when a *member* is suffering from a health condition that may seriously jeopardize the enrollee's life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a non-formulary drug. Within 24 hours of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's prescribing physician* with our coverage determination. Should the standard exception or step therapy protocol exception request be granted, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the exigency.

External exception request review

If we deny a request for a standard exception or for an expedited exception, the *member*, the *member's authorized representative* or the *member's prescribing physician* may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. We will make our determination on the external exception request and notify the *member*, the *member's authorized representative* or the *member's prescribing physician* of our coverage determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception.

If we grant an external exception review of a standard exception or step therapy protocol exception request, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the prescription. If we grant an external exception review of an expedited exception request, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the exigency.

Preventive Care Expense Benefits

Preventive care services are covered as required by the Affordable Care Act (ACA). According to the ACA, preventive care services must include the following:

1. Evidence based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF).
2. Immunizations for routine use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC).
3. With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
4. With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the HRSA, to the extent the care is not illegal under applicable law.

Preventive care benefits obtained from a *network provider* are covered without *member* cost share (i.e., covered in full without deductible, coinsurance, or copayment). For current information regarding available preventive care benefits, please access the Federal Government's website at:

www.healthcare.gov/center/regulations/prevention.html

Preventive care refers to services or measures taken to promote health and early detection or prevention of diseases and injuries, rather than treating or curing them. Preventive care includes, but is not limited to, immunizations, medications, tobacco cessation treatment, examinations and screening tests tailored to an individual's age, health, and family history.

Certain services can be performed for preventive or diagnostic reasons (e.g., mammograms). If a service is deemed preventive care and is appropriately reported/billed, it will be covered under the preventive care services benefit. However, when a service is performed for diagnostic purposes and reported/billed accordingly, it will be considered a non-preventive medical benefit and appropriate cost share will apply. Note: If preventive and diagnostic services are performed during the same visit, applicable cost share will be taken for the latter.

As new preventive care recommendations and guidelines are issued (by the USPSTF, CDC or HRSA), those services will become covered preventive care benefits. According to the ACA, coverage of new recommendations and guidelines become effective upon a plan's start or anniversary date that is one year after the date the recommendation or guideline is issued.

Transplant Expense Benefits

Covered services for transplant service expenses:

Transplants are a covered benefit when a *member* is accepted as a transplant candidate and *pre-authorized* in accordance with this *contract*. *Prior authorization* must be obtained through the “*Center of Excellence*” *before* an evaluation for a transplant. We may require additional information such as testing and/or treatment before determining *medical necessity* for the transplant benefit. *Authorization* must be obtained prior to performing any related services to the transplant *surgery*. 3. If you are the donor for the transplant and no coverage is available to you from any other source, the benefits under this contract will be provided for you. However, no benefits will be provided for the recipient.
4. If lapse in coverage due to non-payment of premium, no services related to transplants will be paid as a covered benefit.

Any payment made by us in good faith under this provision shall fully discharge our obligation to the extent of the payment. We reserve the right to deduct any overpayment made under this *policy* from any future benefits under this *policy*.

Change of Beneficiary

The right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be required to surrender or assignment of this *policy* or to any change of beneficiary or beneficiaries or to any other changes in this *policy*.

Foreign Claims Incurred for Emergency Care

Emergency services are covered services while traveling outside of the United States for up to a maximum of 90 consecutive days. If travel extends beyond 90 consecutive days, no benefit coverage is provided for the entire period of travel, including the first 90 days.

Claims incurred outside of the United States for *emergency services* must be submitted in English or with an English translation, at the *member's* expense, within 180 calendar days from the date of service. Foreign claims must also include the applicable medical records in English or with an English translation, at the *member's* expense to show proper proof of *loss* and evidence of any payment(s) to the provider.

Foreign claims must be submitted with the *Member Reimbursement Medical Claim Form*, along with all requested documents as detailed on the claim form. All forms and *member* resources are available at marketplace.wellcarenc.com.

The amount of reimbursement will be based on the following:

1. *Member's* benefit plan and *member* eligibility on date of service
2. *Member's* responsibility/*cost sharing* based on date of service.
3. Currency rate at the time of completed transaction, foreign country currency to United States currency.

Once we have reviewed all the necessary documentation and the claim for *emergency services* has been processed, a member Explanation of Benefits (EOB) will be mailed. The EOB will identify member responsibility according to the *member's policy* at the time of travel. If services are deemed as true *emergency services*, including that they were provided to treat a *member's emergency condition*, the member will be issued reimbursement payment for any eligible incurred costs, minus member cost share obligation.

Assignment

We will reimburse a *hospital* or health care *physician* if:

1. Your health insurance benefits are assigned by you in writing; and
2. We approve the assignment.

Any assignment to a *hospital* or person providing the treatment, whether with or without our *approval*, shall not confer upon such *hospital* or person, any right or privilege granted to you under the *policy* except for the right to receive benefits, if any, that we have determined to be due and payable.

Medicare

This provision describes how we coordinate and pay benefits when a *member* is also enrolled in Medicare and duplication of Coverage occurs. If a *member* is not enrolled in Medicare or receiving benefits, there is no duplication of Coverage and we do not have to coordinate with Medicare.

The benefits under this *Policy* are not intended to duplicate any benefits to which *members* are entitled under Medicare.

Medicare primary/secondary payer guidelines and regulations will determine primary/secondary payer status and will be adjudicated by us as set forth in this section. In cases where Medicare or another

government program has primary responsibility, Medicare benefits will be taken into account for any *member* who is enrolled for Medicare. This will be done before the benefits under this *health plan* are calculated. When Medicare, Part A and Part B or Part C is primary, Medicare's allowable amount is the highest allowable expense.

When a person is eligible for Medicare benefits and Medicare is deemed to be the primary payer under Medicare secondary payer guidelines and regulations, we will reduce our payment by the Medicare primary payment and pay as secondary up to the Medicare allowable amount. However, under no circumstances will this plan pay more than it would have paid if it had been the primary plan. Charges for services used to satisfy a *member's* Medicare Part B *deductible* will be applied in the order received by us. Two or more expenses for services received at the same time will be applied starting with the largest first.

This provision will apply to the maximum extent permitted by federal or state law. We will not reduce the benefits due any *member* because of a *member's* eligibility for Medicare where federal law requires that we determine its benefits for that *member* without regard to the benefits available under Medicare.

Members may no longer be eligible to receive a premium subsidy for the Health Insurance Marketplace plan once Medicare coverage becomes effective.

Medicaid Reimbursement

The amount provided or payable under this *policy* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

We will pay the benefits of this *policy* to the state if:

1. A *member* is eligible for coverage under his or her state's Medicaid program; and
2. We receive proper *proof of loss* and notice that payment has been made for *covered service expenses* under that program.

Our payment to the state will be limited to the amount payable under this *policy* for the *covered service expenses* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy our responsibility to the extent of that payment.

Custodial Parent

This provision applies if the parents of a covered *eligible child* are divorced or legally separated, and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if we receive a copy of the order establishing custody.

Upon request by the custodial parent, we will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions, and limitations of the *policy*.
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge our obligations.

A custodial parent may, with our *approval*, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

Physical Examination or Autopsy

We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at our expense and as often as we may reasonably require. WellCare shall also have the right to make an autopsy in case of death where it is not forbidden by law.

Legal Actions

No suit may be brought by you on a claim sooner than 60 calendar days after the required *proof of loss* is given. No suit may be brought more than three years after the date *proof of loss* is required.

No Third-Party Beneficiaries

This *policy* is not intended to, nor does it, create or grant any rights in favor of any *third party*, including but not limited to any *hospital, physician, or medical practitioner* providing services to you, and this *policy* shall not be construed to create any *third-party* beneficiary rights.

APPEAL AND GRIEVANCE PROCEDURES

Appeal Procedures

Internal Appeal Procedures: When a health insurance plan denies a request of payment for a treatment or service (a claim for plan benefits, you have already received (*post-service claim denial*) or denies your request to authorize treatment or service (*prospective claim denial*), you, or someone you have *authorized* to speak on your behalf (an *authorized representative*), can request an *appeal* of the plan's decision. If the plan rescinds your coverage or denies your application for coverage, you may also *appeal* the plan's decision. When we receive your *appeal*, we are required to review our decision. When we make an *adverse benefit determination*, we are required to notify you with:

1. The reasons for the decision, including the clinical rationale.
2. Your right to *appeal* the claim decision.
3. Instructions for requesting a written statement of the clinical reviews criteria used.
4. Your right to request an *external review*; and
5. The availability of assistance from The North Carolina Department of Insurance and the Health Insurance Smart NC program, including the telephone number and address of the program.
6. If you do not speak English, you may be entitled to receive *appeals'* information in your native language upon request.
7. When you request an *internal appeal*, we must give you our decision as soon as possible, but no later than:
 - a. 72 hours after receiving your request when you are *appealing* the denial of a claim for urgent care. (If your *appeal* concerns urgent care, you may be able to have the internal *appeal* and external reviews take place at the same time.)
 - b. 15 calendar days for *appeals* of denials of non-urgent care, you have not yet received (pre-service denials).
 - c. 30 calendar days for *appeals* of denials of services, you have already received (post-service denials).

Continuing Coverage

We cannot terminate your benefits until all of the *appeals* have been exhausted. However, if our decision is ultimately upheld, you may be responsible for paying any outstanding claims or reimbursing us for claim payments made during the time of the *appeals*.

Cost and Minimums for Appeals

There is no cost to you to file an *appeal* and there is no minimum amount required to be in dispute.

Emergency medical services

If we deny a claim for an *emergency* medical service, your *appeal* will be handled as an *urgent appeal*. We will advise you at the time we deny the claim that you can file an expedited internal *appeal*. If you have filed for an expedited internal *appeal*, you may also file for an expedited external review (see "Simultaneous urgent claim, expedited internal review and external review").

Your rights to file an *appeal* of denial of health benefits

You or your *authorized representative*, such as your health care *physician*, may file the *appeal* for you, in writing, either by mail or by facsimile (fax). For an urgent request, you may also file an *appeal* by telephone.

WellCare of North Carolina
Attn: Grievances and Appeals Department
PO Box 10341
Van Nuys, CA 91410
Fax: 1-833-886-7956
Phone 1-833-925-2861 (Relay 711)

You must file the *appeal* within 180 calendar days of the receipt of the notice of claim denial (an *adverse benefit determination*). Failure to file within this time limit may result in us declining to consider the *appeal*. Please include in your written *appeal* or be prepared to tell us the following:

1. Name, address, and telephone number of the insured person.
2. The insured's health plan identification number.
3. Name of health care provider, address, and telephone number.
4. Date the health care benefit was provided (if a post-claim denial *appeal*).
5. Name, address, and telephone number of an *authorized representative* (if *appeal* is filed by a person other than the insured); and
6. A copy of the notice of *adverse benefit determination*.

Non-urgent, Pre-service Care Denial

After you file your *appeal*, we will notify you of all the information that is needed to process the *appeal* within three business days of receipt of the *appeal*. For non-urgent *pre-service denials*, we will notify you of our decision as soon as possible but no later than 15 calendar days of receipt of all the necessary clinical information.

We may extend our deadline by no more than 14 calendar days if we need additional information to reach a decision. We will inform you of the request's status if such an extension is necessary. If we do not receive the required information within the extended timeframe, we will make a determination based on the information we have. If no extension is needed, we will make the decision within 15 calendar days of receipt of your *appeal*.

We must make our decision within 48 hours after receipt of the information or at the end of the 19 calendar days, whichever comes first.

Urgent pre-service care denial

If your claim for benefits is urgent, you or your *authorized representative*, or your health care *physician* may contact us with the claim, orally or in writing.

If the claim for benefits is one *involving urgent care*, we will notify you of our decision as soon as possible, but no later than 72 hours after we receive your claim provided you have given us information sufficient to make a decision.

If you have not given us sufficient information, we will contact you as soon as possible but no more than 24 hours after we receive your claim to let you know the specific information, we will need to make a decision. You must give us the specific information requested as soon as you can but no later than 48 hours after we have asked you for the information.

We will notify you of our decision as soon as possible but no later than 48 hours after we have received the needed information or the end of the 48 hours you had to provide the additional information.

To assure you receive notice of our decision, we will contact you by telephone or facsimile (fax) or by another method meant to provide the decision to you quickly.

In determining whether a claim involves urgent care, we must apply the judgment of a prudent layperson who possesses an average knowledge of health and medicine. However, if a *physician* with knowledge of your medical condition determines that a claim involves urgent care, or an *emergency*, the claim must be treated as an urgent care claim.

Post-service *appeal* (retrospective)

If your *appeal* is for a *post-service claim denial*, we will notify you of our decision as soon as possible but no later than 30 calendar days after we have received your *appeal*. If we need more time to make a decision because you have not given us necessary information, you will have 90 calendar days from the date we notify you to give us the information. We will describe the information needed to make our decision in the notice we send you. This is also known as a “retrospective review.” We will notify you of our determination as soon as possible but no later than five business days after the benefit determination is made.

We must give you notice that your claim has been denied in whole or in part (paying less than 100% of the claim) before the end of the time allotted for the decision.

Rescission of Coverage

If we rescind your coverage, you may file an *appeal* according to the following procedures. We cannot terminate your benefits until all of the *appeals* have been exhausted. Since a *rescission* means that, no coverage ever existed, if our decision to rescind is upheld, you will be responsible for payment of all claims for your health care services.

Your rights to a full and fair review

1. We must allow you to review the claim file and to present evidence and testimony as part of the internal claims and *appeals* process.
2. We must provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by us (or at our direction) in connection with the claim; such evidence must be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal *adverse benefit determination* is required to give you a reasonable opportunity to respond prior to that date; and
3. Before we can issue a *final internal adverse benefit determination* based on a new or additional rationale, you must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date on which the notice of *final internal adverse benefit determination* is required to be provided to give you a reasonable opportunity to respond prior to that date.
4. The *adverse benefit determination* must be written in a manner understood by you, or if applicable, your *authorized representative* and must include all of the following:
 - a. The titles and qualifying credentials of the person or persons participating in the review process (the reviewers).
 - b. Information sufficient to identify the claim involved, including the date of service, the health care provider.

- c. A statement describing the availability, upon request, of the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning.
5. As a general matter, we may deny claims at any point in the administrative process on the basis that we do not have *sufficient information*; such a decision, however, will allow you to advance to the next stage of the claims process.

Simultaneous, expedited internal review and external review

You, or your *authorized representative*, may request an expedited external review if both the following apply:

1. You have filed a request for an expedited internal review; and
2. After a final *adverse benefit determination* if either of the following applies:
 - a. Your treating *physician* certifies that the *adverse benefit determination* involves a medical condition that could seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, if treated after the time frame of a standard external review.
 - b. The final *adverse benefit determination* concerns an admission, availability of care, continued stay, or health care service for which you received *emergency services*, but has not yet been discharged from a facility.

Concurrent care decisions

Reduction or termination of ongoing plan of treatment: If we have approved an ongoing plan or course of treatment that will continue over a period of time or a certain number of treatments and we find that the determination was based on a material misrepresentation about your health condition that was knowingly made by you or your *physician* of the service, supply, or other item, we will notify you that we have decided to reduce or terminate the treatment, we will give you notice of that decision allowing sufficient time to *appeal* the determination and to receive a decision from us before any interruption of care occurs.

Request to extend ongoing treatment: If you have received *approval* for an ongoing treatment and wish to *extend the treatment* beyond what has already been approved, we will consider your *appeal* as a request for urgent care. If you request an extension of treatment at least 24 hours before the end of the treatment period, we must notify you soon as possible but no later than 24 hours after receipt of the claim.

An *appeal* of this decision is conducted according to the urgent care *appeals* procedures.

Concurrent urgent care and extension of treatment: Under the concurrent care provisions, any request that involves both urgent care and the extension of a course of treatment beyond the period of time or number of treatments previously approved by us must be decided as soon as possible, taking into account the medical urgencies, and notification must be provided to you within 24 hours after receipt of the claim, provided the request is made at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

Non-urgent request to extend course of treatment or number of treatments: If a request to extend a course of treatment beyond the period of time or number of treatments previously approved by us does not involve urgent care, the request may be treated as a new benefit claim and decided within the timeframe appropriate to the type of claim, e.g., as a *prospective claim* or a *post-service claim*.

If the request is not made at least 24 hours prior to the expiration of the prescribed period of time or number of treatments, the request must be treated as a claim involving urgent care and

decided in accordance with the urgent care claim timeframes, e.g., as soon as possible, taking into account the medical emergencies, but not later than 72 hours after receipt.

Grievance Procedures

Call Member Services

Please contact our *Member Services* team if you have questions or concerns. We will attempt to answer your questions during initial contact, as most concerns can be resolved with one phone call.

Availability of Grievance Process: There is a *grievance* process which allows an *insured person* the opportunity to resolve their *grievances*. The process is voluntary and is available for the review of any policy, decision or action that affects an *insured person*. The *grievance* process does not apply to *grievances* or *appeals* based solely on the basis that the *policy* does not provide, or it limits the benefits for the health care service in question, provided the exclusion of the specific service requested is clearly stated in the *policy*.

Filing a Grievance

The *grievance* review is for standard, non-urgent *grievances*. A *grievance* may be submitted in writing by you or your *authorized representative* acting on your behalf. You or your *authorized representative* may file a *grievance* by calling *Member Services* or in writing by mailing or faxing your *grievance* to:

WellCare of North Carolina
Attn: Grievances and Appeals Department
PO Box 10341
Van Nuys, CA 91410
Fax: 1-833-886-7956
Phone 1-833-925-2861 (Relay 711)

Review of Grievance

Within three business days of receiving a *grievance*, we will provide you with the name, address, and telephone number of the person coordinating the review and instructions on submitting written material, including the address to which the material may be submitted. Your attendance is not permitted for the *grievance* review.

The coordinator is an individual other than the person who initially handled the original matter that is the subject of the *grievance*. If the issue is a clinical one, at least one reviewer must be a medical doctor with appropriate expertise to evaluate the matter under consideration.

We will issue a written decision, in clear terms, to you and your *physician*, if applicable, within 30 calendar days after receiving the *grievance*.

The written decision must contain the following information:

1. The professional qualifications and licensure of the person or persons reviewing the *grievance*.
2. A statement of the reviewers' understanding of the *grievance*.
3. The reviewers' decision in clear terms and the contractual or medical rationale in sufficient detail for you to respond further to the reviewers' position.
4. A reference to the evidence or documentation used as the basis for the decision.
5. A statement that the decision is our final determination in the matter. If the review concerned a *non-certification* and the decision is to uphold the initial *non-certification*, a statement advising you of your right to request an external review once the internal *grievance* process has been

exhausted. The North Carolina notice for external review provides the procedures to follow for requesting an external review and should be provided at this time.

6. Notice of the availability to contact the North Carolina Commissioner of Insurance for assistance. The notice should include the following information.

The North Carolina Department of Insurance
P.O. Box 26387, Raleigh, NC 27611
1-800-546-5664; and

7. A notice of the availability of assistance from the Health Insurance Smart NC, including the telephone number and address of the program. Services provided by the Health Insurance Smart NC are available through the North Carolina Department of Insurance. To reach this program, contact:

North Carolina Department of Insurance
Health Insurance Smart NC
1201 Mail Service Center
Raleigh, NC 27699-1201
(855) 408-1212 (Toll Free)

Note: A North Carolina licensed M.D. will evaluate all *non-certifications*.

For a *grievance* concerning the quality of clinical care delivered by your *physician*, we will acknowledge the *grievance* within 10 business days of receipt of the *grievance*. The acknowledgement must advise you that:

1. We will refer the *grievance* to its quality assurance committee for review and consideration or any appropriate action against the *physician*; and
2. State law does not allow for a second-level *grievance* review for *grievances* concerning quality of care.

External Review

North Carolina law provides for review of *non-certification* decisions by an external, *Independent Review Organization* (IRO). An *Independent Review Organization* is an entity that conducts independent external reviews of *appeals of non-certifications* and second-level *grievance* review decisions.

The North Carolina Department of Insurance (NCDOI) administers this service at no charge to you, arranging for an IRO to review your case once the NCDOI establishes that your request is complete and eligible for review. You or someone you have *authorized* to represent you may request an external review. We will notify you in writing of your right to request an external review each time you:

1. Receive a *non-certification* decision; or
2. Receive an *appeal* decision upholding a *non-certification* decision.

In order for your request to be eligible for external review, the NCDOI must determine the following:

1. That your request is about a *medical necessity* determination that resulted in a *non-certification* decision, or a determination of whether *surprise billing protections* apply and the *member cost-sharing* that applies for services subject to *surprise billing protections*.
2. That you had coverage with us in effect when the *non-certification* decision was issued.
3. That the service for which the *non-certification* was issued appears to be a *covered service* under your *policy*; and
4. That you have exhausted our internal review process.

External review is performed on a standard and expedited timetable, depending on which is requested and on whether medical circumstances meet the criteria for expedited review.

Standard External Review

For a standard external review, you will be considered to have exhausted the internal review process if you have:

1. Completed our *appeal* and *grievance* review and received a written determination from us; or
2. Received notification that we have agreed to waive the requirement to exhaust the internal *appeal* and/or *grievance* process.

If your request for a standard external review is related to a retrospective *non-certification* (a *non-certification* which occurs after you have received the services in question), you will not be eligible to request a standard review until you have completed our internal review process and received a written final determination from us.

If you wish to request a standard external review, you (or your representative) must make this request to NCDOL within 120 calendar days of receiving written notice from us of final determination that the services in question are not approved. When processing your request for external review, the NCDOL will require you to provide the NCDOL with a written, signed *authorization* for the release of any of your medical records that may need to be reviewed for the purpose of reaching a decision on the external review.

Within 10 business days of receipt of your request for a standard external review, the NCDOL will notify you and your *physician* of whether your request is complete and whether it is accepted. If the NCDOL notifies you that your request is incomplete, you must provide all requested additional information to the NCDOL within 150 calendar days of the date of our written notice of final determination. If the NCDOL accepts your request, the acceptance notice will include:

1. The name and contact information for the Independent Review Organization (IRO) assigned to your case.
2. A copy of the information about your case that we have provided to the NCDOL.
3. Notification that we will provide you or your *authorized representative* with a copy of the documents and information considered in making the denial decision (which will also be sent to the IRO); and
4. Notification that you may submit additional written information and supporting documentation relevant to the initial *non-certification* to the assigned IRO within seven days of the date of the acceptance notice.

Upon NCDOL's request, we will, within three business days, provide all information required for the Commissioner to conduct a preliminary review to determine whether:

1. You are or were a *covered person* in the health benefit plan at the time the health care service was requested or, in the case of a retrospective review, was a *covered person* in the health benefit plan at the time the health care service was provided.
2. The health care service that is the subject of the *non-certification appeal* decision or the second-level *grievance* review decision upholding a *non-certification* reasonably appears to be a *covered service* under the health benefit plan.
3. You have exhausted our internal *appeal* and *grievance* processes under G.S. 58-50-61 and G.S. 58-50-62, unless you are considered to have exhausted our internal *appeal* or *grievance* process under G.S. 58-50-79, or unless you have waived your right to conduct an expedited review of the *appeal* decision.
4. You have provided all the information and forms required by the Commissioner that are necessary to process an external review.

If you choose to provide any additional information to the IRO, you must also provide that same information to us at the same time using the same means of communication (e.g., you must fax the information to us. If you faxed it to the IRO). When faxing information to us, send it to 1-833-886-

7956. If you choose to mail your information, send it to:

WellCare of North Carolina
Attn: Grievances and Appeals Department
PO Box 10341
Van Nuys, CA 91410

Please note that you may also provide this additional information to the NCDOI within the 7-calendar day deadline rather than sending it directly to the IRO and us. The NCDOI will forward this information to the IRO and us within two business days of receiving your additional information.

The IRO shall review all of the information and documents that have been forwarded to the organization by the Commissioner and the insurer. In addition, the assigned review organization, to the extent the documents or information are available, shall consider the following in reaching a decision:

1. The *covered person's* medical records.
2. The attending health care provider's recommendation.
3. Consulting reports from appropriate health care providers and other documents submitted by the insurer, *covered person*, or the *covered person's* treating provider.
4. The most appropriate practice guidelines that are based on sound clinical evidence and that are periodically evaluated to assure ongoing efficacy.
5. Any applicable clinical review criteria developed and used by the insurer or its designee *utilization review* organization.
6. *Medical necessity*, as defined in G.S. 58-3-200(b).
7. Any documentation supporting the *medical necessity* and appropriateness of the provider's recommendation.

The IRO will send you written notice of its determination within 45 calendar days of the date the NCDOI received your standard external review request. If the IRO's decision is to reverse the *non-certification*, we will, reverse the *non-certification* decision within three business days of receiving notice of the IRO's decision, and provide coverage for the requested service or supply that was the subject of the *non-certification* decision. If you are no longer covered by us. at the time we receive notice of the IRO's decision to reverse the *non-certification*, we will only provide coverage for those services or supplies you actually received or would have received prior to disenrollment if the service had not been non-certified when first requested.

Expedited External Review

An expedited external review of a *non-certification* decision may be available if you have a medical condition where the time required to complete either an expedited internal *appeal* or *grievance* review or a standard external review would reasonably be expected to seriously jeopardize your life or health or would jeopardize your ability to regain maximum function. If you meet this requirement, you may make a written request to the NCDOI for an expedited review after you:

1. Receive a *non-certification* decision from us AND file a request with us for an *expedited appeal*; or
2. Receive an *appeal* decision upholding the original *non-certification*.

You may also make a request for an expedited external review if you receive an adverse *grievance* review decision concerning a *non-certification* of an admission, availability of care, continued stay or *emergency* care, but have not been discharged from the *inpatient* facility.

In consultation with a medical professional, the NCDOI will review your request and determine whether it qualifies for expedited review. You and your *physician* will be notified within two calendar days if your request is accepted for expedited external review. If your request is not accepted for expedited review, the NCDOI may: (1) accept the case for standard external review if our internal review process was already completed, or (2) require the completion of our internal review process before you may make another request for an external review with the NCDOI. An expedited external review is not available for retrospective *non-certifications*.

Within two calendar days after receiving a request for an expedited external review, the Commissioner shall complete all of the following:

1. Notify the insurer that made the *non-certification, non-certification appeal* decision which is the subject of the request that the request has been received and provide a copy of the request. The Commissioner shall also request any information from the insurer necessary to make the preliminary review set forth in G.S. 58-50-80(b)(2) and require the insurer to deliver the information not later than one day after the request was made.
2. Determine whether the request is eligible for external review.
3. If the request is eligible for external review and the covered person's treating provider requesting the service that is the subject of the external review has certified the request on a form prescribed by the Commissioner, then one of the following shall apply:
 - a. For a request made pursuant to subdivision (a)(1) of this section, the request shall be reviewed on an expedited basis because the time frame for completion of an expedited review under G.S. 58-50-61(l) would reasonably be expected to seriously jeopardize the life or health of the *covered person* or would jeopardize the *covered person's* ability to regain maximum function. The Commissioner shall inform the *covered person*, the *covered person's* provider who performed or requested the service, and the insurer whether the Commissioner has accepted the *covered person's* request for an expedited external review. If the Commissioner has accepted the *covered person's* request for an expedited external review, then the Commissioner shall, in accordance with G.S. 58-50-80, assign an organization to conduct the review within the appropriate time frame. If the Commissioner has not accepted the *covered person's* request for an expedited external review, then the *covered person* shall be notified.
 - b. For a request made pursuant to subdivision (a)(2) of this section, the request shall be reviewed on an expedited basis because the time frame for completion of an expedited review under G.S. 58-50-62 would reasonably be expected to seriously jeopardize the life or health of the *covered person* or would jeopardize the *covered person's* ability to regain maximum function. The Commissioner shall inform the *covered person*, the *covered person's* provider who performed or requested the service, and the insurer whether the Commissioner has accepted the *covered person's* request for an expedited external review. If the Commissioner has accepted the *covered person's* request for an expedited external review, then the Commissioner shall, in accordance with G.S. 58-50-80, assign an organization to conduct the review within the appropriate time frame. If the Commissioner has not accepted the *covered person's* request for an expedited external review, then the *covered person* shall be notified.
 - c. For a request made pursuant to sub-subdivision (a) (3) a. of this section, the request shall be reviewed on an expedited basis because the time frame for completion of a standard external review under G.S. 58-50-80 would reasonably be expected to seriously jeopardize the life or health of the *covered person* or would jeopardize the *covered person's* ability to regain maximum function. The Commissioner shall inform the *covered person*, the *covered*

person's provider who performed or requested the service, and the insurer whether the review will be conducted using an expedited or standard time frame and shall, in accordance with G.S. 58-50-80, assign an organization to conduct the review within the appropriate time frame.

- d. For a request made pursuant to sub subdivision (a) (3) b. of this section, the Commissioner shall, in accordance with G.S. 58-50-80, assign an organization to conduct the expedited review and inform the *covered person*, the *covered person's* provider who performed or requested the service, and the insurer of its decision.

The IRO will communicate its decision to uphold or reverse the *non-certification* to you within three calendar days or as expeditiously as the *covered person's* medical condition or circumstances require from the date the NCDI received your request for an expedited external review. If the IRO's decision is to reverse the *non-certification*, we will, within one day of receiving notice of the IRO's decision, reverse the *non-certification* decision for the requested service or supply that is the subject of the *non-certification* decision. If you are no longer covered by us at the time, we receive notice of the IRO's decision to reverse the *non-certification*, we will only provide coverage for those services or supplies you actually received or would have received prior to disenrollment if the service had not been non-certified when first requested.

The IRO's external review decision is binding on us and you, except to the extent you may have other remedies available under applicable federal or state law. You may not file a subsequent request for an external review involving the same *non-certification* decision for which you have already received an external review decision.

1. Change this *policy*.
2. Waive any of the provisions of this *policy*.
3. Extend the time for payment of premiums; or
4. Waive any of our rights or requirements.

Non-Waiver

If we or you fail to enforce or to insist on strict compliance with any of the terms, conditions, limitations, or exclusions of the *policy* that will not be considered a waiver of any rights under the *policy*. A past failure to strictly enforce the *policy* will not be a waiver of any rights in the future, even in the same situation or set of facts.

Rescissions

No misrepresentation of fact made regarding a *member* during the application process that relates to insurability will be used to void/rescind the coverage or deny a claim unless:

1. The misrepresented fact is contained in a written application, including amendments, signed by a *member*.
2. A copy of the application, and any amendments, has been furnished to the *member(s)*, or to their beneficiary; and

A *member's* coverage will be voided/rescinded, and claims denied if that person performs an act or practice that constitutes fraud. "Rescind" has a retroactive effect and means the coverage was never in effect.

You will be provided 30 calendar days' notice of a *rescission*.
