In this *policy,* the terms *"*you*"* *or "*your*"* will refer to the *member* enrolled in this *policy* and *"*we,*" "*our*"* or *"*us*"* will refer to Ambetter from Arkansas Health & Wellness.

AGREEMENT AND CONSIDERATION

This document along with the corresponding *Schedule of Benefits* is your *policy* and it is a legal document. It is the agreement under which benefits will be provided and paid. In consideration of your application, we will provide benefits to you, the *member*, for *covered services* as outlined in this *policy*. Benefits are subject to *policy* definitions, provisions, limitations and exclusions.

Your coverage under this *policy* begins at 12:00 a.m. on the *effective date* and ends at 11:59 p.m. on the date this *policy* is terminated for any of the reasons described in this *policy*.

GUARANTEED RENEWABLE

Annually, we must file this product, the cost share and the rates associated with it for approval. Guaranteed renewable means that your plan will be renewed into the subsequent year's approved product on the anniversary date unless terminated earlier in accordance with *policy* terms. In most cases you will be moved to a new *policy* each year, however, we may decide not to renew the *policy* as of the renewal date if: (1) we decide not to renew all *policy* issued on this form, with a new *policy* at the same metal level with a similar type and level of benefits, to residents of the state where you then live; (2) we withdraw from the *service area*; or (3) there is fraud or an intentional material misrepresentation made by or with the knowledge of a *member* in filing a claim for *covered services*.

In addition to the above, this guarantee for continuity of coverage shall not prevent us from cancelling or non-renewing this *policy* in the following events: (1) non-payment of premium; or (2) a change in federal or state law no longer permits the continued offering of such coverage, such as CMS guidance related to individuals who are Medicare eligible.

While this *policy* is in force, we will not restrict coverage already in force. Changes to this *policy* will be approved by the Arkansas Insurance Department.

This *policy* contains *prior authorization* requirements. Benefits may be reduced or not covered if the requirements are not met. Please refer to your *Schedule of Benefits* and the *Prior Authorization* Section.

You are required to enroll each year in order to receive any subsidies for which you may be eligible.

TEN DAY RIGHT TO RETURN POLICY

Please read your *policy* carefully. If you are not satisfied, return this *policy* to us or to our agent within 10 calendar days after you receive it. All premiums paid will be refunded, less claims paid, and the *policy* will be considered null and void from the *effective date*.

A listing of *network providers* is available online at Ambetter.ARHealthWellness.com. We have *network physicians*, *hospitals*, and other *medical practitioners* who have agreed to provide you health care services. You can find any of our *network providers* by visiting our website and selecting the "Find a Doctor" function. There you will have the ability to narrow your search by provider specialty, zip code, gender, languages spoken and whether or not they are currently accepting new patients. Your search will produce a list of providers based on your search criteria and will give you other information such as name, address, phone number, office hours, specialty, and board certifications.

At any time, you can request a printed copy of the provider directory at no charge by calling Member Services. In order to obtain benefits, you must designate a *primary care physician (PCP)* for each *member.* We can help you pick a *PCP*. We can make your choice of *PCP* effective on the next business day.

Call the *PCP's* office if you want to make an appointment. If you need help, call Member Services. We will help you make the appointment.

You may also contact us at Member Services to request information about whether a physician, *hospital*, or other *medical practitioner* is a *network provider*. We will respond to any such requests within one business day.

If you receive services from a *non-network provider* because of inaccurate information in the Provider Directory or in response to an inquiry about network status, please contact Member Services. If the services you received are otherwise *covered services*, you will only be responsible for paying the *cost sharing* that applies to *network providers* and should not be *balance billed* by the *non-network provider*. See *balance billing*, *balance billing protections*, and *non-network provider* definitions for additional information. If you are *balance billed* in these situations, please contact Member Services immediately at the number listed on the back of your member identification card.

If you provide documentation that you received incorrect information from us about a provider's *network* status prior to a visit, you will only be responsible for the *network cost sharing* amount and the *network deductible* or *maximum out-of-pocket amount* shall be applied.

Any applicable deductibles, and any applicable out-of-pocket maximum limitations will also be accessible through the member identification card. If you do not get your *member* identification card within a few weeks after

Protection from Balance Billing

Under federal law, effective January 1, 2022, *non-network providers* or facilities are prohibited from *balance billing* health plan *members* for services that are subject to balance billing protections as described in the **Definitions** section of this *policy*. You will only be responsible for paying your *member cost share* for these services, which is calculated as if you had

received the services from a *network* provider and based on the recognized amount as defined in *applicable law*.

If you qualify, you may choose how much advance credit payments to apply to your premiums each month, up to the maximum amount. If the amount of advance credit payments you get for the year is less than the tax credit you are due, you will get the difference as a refundable credit when you file your federal income tax return. When a *covered service* is received from a *network provider*, the *allowed amount* is the amount the provider agreed to accept from us as payment for that particular service. In all cases, the *allowed amount* will be subject to *cost sharing* (e.g., *deductible*, *coinsurance amount* and *copayment*) per the member's benefits. This amount excludes any payments made to the provider by us as a result of federal or state arbitration.

Please note, if you receive services from a *non-network provider*, you may be responsible for the difference between the amount the provider charges for the service (*billed amount*) and the *allowed amount* that we pay. PREMIUMS

Premium Payment

Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual open enrollment period.

Grace Period

When a *member* is receiving a premium subsidy:
Premium payments are due in advance, on a calendar month basis. Monthly payments are due before the first day of each month for coverage effective during such month. After the first premium is paid, a grace period of 3 months from the premium due date is given for the payment of premium. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if *advance premium tax credits* are received.

We will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period, and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. We will notify Health & Human Services of the non-payment of premiums, the *member*, as well as providers of the possibility of denied claims when the *member* is in the second and third month of the grace period. We will continue to collect *advance premium tax credit*s on behalf of the *member* from the Department of the Treasury, and will return the *advance premium tax credit*s on behalf of the *member* for the second and third month of the grace period if the *member* exhausts their grace period as described above. A *member* is not eligible to re-enroll once terminated, unless a *member* has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods.

When a *member* is not receiving a premium subsidy:
Premium payments are due in advance, on a calendar month basis. Monthly payments are due before the first day of each month for coverage effective during such month. After the first premium is paid, a 60-day grace period starting from the premium due date is given for the payment of premium. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. Coverage will remain in force during the grace period; however, claims may pend for *covered services* rendered to the *member* during the grace period. We will notify the *member* of the non-payment of premiums, as well as providers of the possibility of denied claims when the *member* is in the grace period.

3. Any reduction for expenses incurred at a *non-network provider*. Please refer to the information on the *Schedule of Benefits*.

Non-Network Liability and Balance Billing

If you receive services from a *non-network provider*, you may have to pay more for services you receive. *Non-network providers* may be permitted to bill you for the difference between what we agreed to pay and the full billed amount for a service. This is known as *balance*

billing. This amount is likely more than *network* costs for the same service and might not count toward your annual *maximum out-of-pocket amount* limit.

However, you will not be *balance billed* when *balance billing protections* apply to *covered services*.

ACCESS TO CARE

Primary Care Physician (PCP)

In order to obtain benefits, you must designate a *network PCP* for each *member.* If you do not select a *network PCP* for each *member,* one will be assigned. You may select any *network PCP* who is accepting new patients from any of the following provider types:

1. Family practitioners
2. General practitioners
3. Internal medicine
4. Nurse practitioners*
5. Physician assistants
6. Obstetricians/gynecologists
7. Pediatricians (for children)

*If you choose a nurse practitioner as your *PCP*, your benefit coverage and *copayment amounts* are the same as they would be for services from other *network providers.* See your *Schedule of Benefits* for more information. You may obtain a list of *network PCP* at our website and using the “Find a Doctor” function or by calling the telephone number shown on the front page of this *policy.*

You should get to know your *PCP* and establish a healthy relationship with them. Your *PCP* will:

1. Provide preventive care and screenings
2. Conduct regular physical examinations as needed
3. Conduct regular immunizations as needed
4. Deliver timely service
5. Work with other doctors when you receive care somewhere else
6. Coordinate specialty care with *network specialist physician*
7. Provide any ongoing care you need
8. Update your medical record, which includes keeping track of all the care that you get from all of your providers
9. Treat all patients the same way with dignity and respect
10. Make sure you can contact him/her or another provider at all times
11. Discuss what advance directives are and file directives appropriately in your medical record

Your *network PCP* will be responsible for coordinating all covered health services with other *network providers.* You may be required to obtain a referral from a *PCP* in order to receive care from a *specialist physician.* You do not need a referral from your *network PCP* for mental or *behavioral health* services, obstetrical or gynecological treatment, and may seek care directly from a *network* obstetrician or gynecologist.

Changing Your PCP

You may change your *network PCP* for any reason, but not more frequently than once a month, by submitting a written request, online at our website at Ambetter.ARHealthWellness.com, or by contacting our office at the number shown on your

identification card. The change to your *network PCP* of record will be effective no later than 30 calendar days from the date we receive your request.

Contacting Your PCP

To make an appointment with your *PCP*, call his/her office during business hours and set up a date and time. If you need help, call Member Services and we will help you make an appointment. If you need to cancel or change your appointment, call 24 hours in advance. At every appointment, make sure you bring your *member* identification card and a photo identification.

Should you need care outside of your *PCP*'s office hours, you should call your *PCP*'s office for information on receiving after hours care in your area. If you have an urgent medical problem or question or cannot reach your *PCP* during normal office hours, call our 24/7 nurse advice line. A licensed nurse is always available and ready to answer your health questions. In an emergency, call 911 or head straight to the nearest emergency room.

Service Area

Ambetter from Arkansas Health & Wellness operates in a *service area*, which covers the entire state. If you move from one county to another within the *service area,* your premium may change. Please refer to the **Premium** section for more information. If you move out of Arkansas, you are no longer eligible for coverage under this *policy* and may be eligible for enrollment into another *qualified health plan* during a special enrollment period.

Coverage Under Other Policy Provisions

Charges for services and supplies that qualify as *covered expenses* under one benefit provision will not qualify as *covered expenses* under any other benefit provision of this *policy.*

Continuity of Care

Under the federal No Surprises Act, if a *member* is a continuing care patient with respect to an *network provider* and the contractual relationship with the provider is terminated; such that the provider is no longer in the *network;* benefits are terminated because of a change in the terms of the participation of the provider, as it pertains to the services the *member* is receiving as a continuing care patient, then we will:

1. Notify each *member* who is a *continuing care patient* on a timely basis of the termination and their right to elect continued transitional care from the provider or facility;
2. Provide the individual with an opportunity to notify the health plan of the individual's need for transitional care; and
3. Permit the individual to elect to continue to have their benefits for the course of treatment relating to the individual's status as a *continuing care patient* during the period beginning on the date on which the above notice is provided and ending on the earlier of:
    a. 90-daysafter the notice described in (1) is provided; or
    b. The date on which such *member* is no longer a *continuing care patient* with respect to their provider.

We shall develop procedures to provide for the continuity of care of *members*. We shall ensure that:

1. When a *member* is enrolled in an Ambetter plan and is being treated by a *non-network provider* for a current episode of an acute condition, the *member* may continue to receive treatment as a *network* benefit from that provider until the current episode of treatment ends or until the end of 90 calendar days, whichever occurs first; and
2. When a provider's participation is terminated, the provider's patients under the plan may continue to receive care from that provider as a *network* benefit until a current episode of treatment for an acute condition is completed or until the end of 90 calendar days, whichever occurs first.

During the periods covered by (1) and (2) of this section, the provider shall be deemed to be a *network* provider for purposes of reimbursement, utilization management, and quality of care.

Emergency Services Outside of Service Area

We cover emergency care services when you are outside of our *service area*.

If you are temporarily out of the *service area* and experience an *emergency condition*, call 911 or go the nearest emergency room. Be sure to a call us and report your emergency within one business day. You do not need *prior authorization* for *emergency services*.

Non-Emergency Services Outside of Service Area

If you are traveling outside of the Arkansas *service area*, you may be able to access providers in another state if there is an Ambetter plan located in that state. You can locate Ambetter providers outside of Arkansas by searching the relevant state in our provider directory at https://guide.ambetterhealth.com. Not all states have Ambetter plans. If you receive care from an Ambetter provider outside of the *service area*, you may be required to receive *prior authorization* for non-emergency services. Contact Member Services at the phone number on your *member* identification card for further information. Except for emergency health services or services for *dependent members* residing outside the *service area*, if a *member* wishes to receive benefits for *covered services* from an out-of-area provider, then the *member* must ensure that the out-of-area provider requests pre-*authorization* for the services or supplies. We will apply our medical coverage policies when evaluating the *medical necessity* for the out-of-area provider services, which includes considering the absence of or the exhaustion of all *network* resources. Failure to request *prior authorization* will result in denial of coverage. *Prior authorization* does not guarantee payment or assure coverage; all claims for benefits delivered by an out-of-area provider must still meet all other terms, conditions, exclusions, and limitations of coverage.

If you are temporarily out of the *service area* and have a medical or *behavioral health* emergency, call 911 or go to the nearest emergency room. Be sure to call us and report your emergency within one business day. You do not need *prior authorization* for emergency care services.

Hospital Based Providers

When receiving care at a *network hospital* it is possible that some hospital-based providers may not be *network providers*. If you provide *notice and consent* to waive *balance billing*

protections, you may be responsible for payment of all or part of the balance bill. Any amount you are obligated to pay to the *non-network provider* in excess of the *eligible expense* will not apply to your *deductible* amount or *maximum out-of-pocket amount*.

New Technology

Health technology is always changing. If we think a new medical advancement can benefit our members, we evaluate it for coverage. These advancements include:

1. New technology
2. New medical procedures
3. New drugs
4. New devices
5. New application of existing technology

Sometimes, our medical director and/or medical management staff will identify technological advances that could benefit our members. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology.

If the CPC does not review a request for coverage of new technology, our Medical Director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.

Preferred Partnership

As innovative technologies and solutions are established in market under expedited research and development, we may elect to offer, at our discretion, new services or preferred partnerships designed to improve access to care and enhance *care management*. Ambetter will provide access to *third party* services at preferred or discounted rate. The preferred or discounted rates to these services may be communicated to all members by email, mail or phone promotions. The preferred partnerships are optional benefits to all *members*.

If expenses for *hospital* confinement in connection with childbirth are otherwise included as *covered expenses*, we will not limit the number of days for these expenses to less than that stated in this provision.

Under federal law, health insurance issuers generally may not restrict benefits otherwise provided for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However, we may provide benefits for *covered expenses* incurred for a shorter stay if the attending provider (e.g., your *physician*, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier. In any case, issuers may not, under federal law, require that a provider obtain *prior authorization* from the issuer for prescribing a length of stay not in excess of 48 hours or 96 hours.

The level of benefits and out-of-pocket costs for any later part of the 48-hour or 96-hour stay will not be less favorable to the mother or newborn than any earlier part of the stay. We do not require that a *physician* or other healthcare provider obtain *authorization* for prescribing a length of stay of up to 48 hours or 96 hours.

Formulary or Prescription Drug List
The formulary or *prescription drug* list is a guide to available generic, brand name drugs and some over-the-counter medications when ordered by a *physician* that are approved by the FDA and covered through your *prescription drug* benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The FDA requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed on Tier 2 of the drug list to help identify brand name drugs that are clinically appropriate, safe and cost-effective treatment option, if a generic medication on the formulary is not suitable for your condition.

Please note, the formulary is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed, or additional requirements may be added in order to approve continued usage of a specific drug.

For the most current Ambetter formulary or prescription drug list or for more information about our pharmacy program visit Ambetter.ARHealthWellness.com (under “for Member”, “Drug Coverage”) or call Member Services.

Non-Formulary Prescription Drugs
Under the Affordable Care Act, you have the right to request coverage of *prescription drug*s that are not listed on the plan formulary (otherwise known as “non-formulary drugs”). To exercise this right, please get in touch with your *medical practitioner*. Your *medical practitioner* can utilize the usual *prior authorization* request process. See “Prescription Drug Exception Process” below for additional details.

Cost sharing paid on your behalf for any *prescription drugs* with a generic equivalent will not apply toward your plan *deductible* or your *maximum out-of-pocket amount* if a *drug discount, coupon, copayment card, or manufacturer supplied prepaid credit card* was used.

Certain specialty and non-specialty generic medications may be covered at a higher cost share than other generic products. Please reference the formulary and *Schedule of Benefits* for additional information. For purposes of this section, the tier status as indicated by the formulary will be applicable.

Step Therapy for Prescription Drugs
Our *policy* uses a requirement of step therapy for certain *prescription drugs*. We employ clinical pharmacists who review, research and analyze the efficacy and value of various drugs.

Based on their reviews of clinical practice guidelines and recommended treatment of diseases, they recommend specific drugs as the first ones to try when a *member* begins or requires a change in medication therapy. For most people, these medications work well. In the limited instances where one of these medications is not effective and/or appropriate for a particular *member*, the prescribing *physician* contacts us about approving coverage for a different medication. Trying medications in this "step-by-step" fashion is called step therapy. This also ensures that drugs are used in the appropriate clinical order for your medical condition.

Prescription Drug Exception Process

Standard exception request

A *member*, a *member's authorized representative* or a *member's* prescribing *physician* may request a standard review of a decision that a drug is not covered by the plan or a protocol exception for step therapy. The request can be made in writing or via telephone. Within 72 hours of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's* prescribing *physician* with our coverage determination. Should the standard exception request or step therapy protocol exception request be granted, we will provide coverage of the non-formulary drug for the duration of the prescription, including refills, or of the drug that is the subject of the protocol exception.

If a *prior authorization* request is denied because of a step therapy requirement, then the *utilization review* entity must authorize the preferred treatment required under step-therapy if a *prior authorization* for the preferred treatment is required without requiring the provider to submit a new or revised request.

Expedited exception request

A *member*, a *member's authorized representative* or a *member's* prescribing *physician* may request an expedited review based on exigent circumstances. Exigent circumstances exist when a *member* is suffering from a health condition that may seriously jeopardize the *member*'s life, health, or ability to regain maximum function or when a *member* is undergoing a current course of treatment using a non-formulary drug. Within 24 hours of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's* prescribing *physician* with our coverage determination. Should the expedited exception or step therapy protocol exception request be granted, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the exigency.

External exception request review

If we deny a request for a standard exception or for an expedited exception, the *member*, the *member's authorized representative* or the *member's* prescribing *physician* may request that the original exception request and subsequent denial of such request be reviewed by an *independent review organization*. We will make our determination on the external exception request and notify the *member*, the *member's authorized representative* or the *member's* prescribing *physician* of our coverage determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request if the original request was an expedited exception.

If we grant an external exception review of a standard exception or step therapy protocol exception request, we will provide coverage of the non-formulary drug or the drug that is the

subject of the protocol exception for the duration of the prescription. If we grant an external exception review of an expedited exception request, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the exigency.

Preventive Care Expense Benefits

Preventive care services are covered as required by the Affordable Care Act (ACA). According to the ACA, preventive care services must include the following:

1. Evidence based items or services that have in effect a rating of A or B in the current recommendations of the USPSTF;
2. Immunizations for routine use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) or the Centers for Disease Control and Prevention (CDC);
3. With respect to infants, children, and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA);
4. With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by HRSA to the extent the care is not illegal under *applicable law*;
5. Complications resulting from the smallpox vaccine;

Preventive care benefits obtained from a *network provider* are covered without *member* cost share (i.e., covered in full without *deductible*, *coinsurance amount* or *copayment amount*). For current information regarding available preventive care benefits, please access the federal government's website at: https://www.healthcare.gov/coverage/preventive-care-benefits/

Preventive care refers to services or measures taken to promote health and early detection or prevention of diseases and injuries, rather than treating or curing them. Preventive care includes, but is not limited to, immunizations, medications, tobacco cessation treatment, examinations and screening tests tailored to an individual’s age, health and family history.

Certain services can be performed for preventive or diagnostic reasons (e.g., mammograms). If a service is deemed preventive care and is appropriately reported/billed, it will be covered under the preventive care services benefit. However, when a service is performed for diagnostic purposes and reported/billed accordingly, it will be considered a non-preventive medical benefit and appropriate cost share will apply. **NOTE:** If preventive and diagnostic services are performed during the same visit, applicable cost share will be taken for the latter.

As new preventive care recommendations and guidelines are issued (by the USPSTF, CDC or HRSA), those services will become covered preventive care benefits. According to the ACA, coverage of new recommendations and guidelines become effective upon a plan’s start or anniversary date that is one year after the date the recommendation or guideline is issued.

In addition to providing coverage in accordance with the ACA, we also provide preventive care benefits in accordance with applicable state law.

Benefits will not be reduced for failure to comply with *prior authorization* requirements prior to receiving *emergency services.* However, you must contact us as soon as reasonably possible after you receive the *emergency services*.

Prior Authorization Does Not Guarantee Benefits

Our *authorization* does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the *policy.*

We apply our medical coverage policies to all requests when evaluating the *medical necessity* for the out-of-area provider services, which includes considering the absence of or the exhaustion of all *network* resources. SUBROGATION AND RIGHT OF REIMBURSEMENT

As used herein, the term *"third party"* means any party that is, may be, or is claimed to be responsible for *illness* or *injuries* to a *member*. Such *injuries* or *illness* are referred to as "*third party injuries*". *Third party* includes any parties actually, possibly or potentially responsible for payment of expenses associated with the care or treatment of *third party injuries*.

If a *member's illness* or *injury* is caused by the acts or omissions of a *third party*, we will not cover a *loss* to the extent that it is paid as part of a settlement or judgment by any *third party*.

If this plan provides benefits under this *policy* to a *member* for expenses incurred due to *third party injuries*, then the plan retains the right to repayment of the full cost of all benefits provided by this plan on behalf of the *member* that are associated with the *third party injuries*. The plan's rights of recovery apply to any recoveries made by or on behalf of the *member* from any source, including, but not limited to:

1. Payments made by a *third party* or any insurance company on behalf of the *third party*;
2. Any payments or awards under an uninsured or underinsured motorist coverage *policy*;
3. Any workers' compensation or disability award or settlement;
4. Medical payments coverage and no fault coverage under any automobile *policy*, premises or homeowners medical payments coverage or premises or homeowners insurance coverage; and
5. Any other payments from a source intended to compensate a *member* for *third party injuries*.

By accepting benefits under this plan, the *member* specifically acknowledges Ambetter from Arkansas Health & Wellness's right to subrogation. When this plan provides health care benefits for expenses incurred due to *third party injuries*, Ambetter from Arkansas Health & Wellness shall be subrogated to the *member's* rights of recovery against any party to the extent of the full cost of all benefits provided by this plan. Ambetter from Arkansas Health & Wellness may proceed against any party with or without the *member's* consent.

By accepting benefits under this plan, the *member* also specifically acknowledges Ambetter from Arkansas Health & Wellness's right of reimbursement. This right of reimbursement attaches when this plan has provided health care benefits for expenses incurred due to *third party injuries* and the *member* or the *member*'s representative has recovered any amounts from any source. By providing any benefit under this plan, Ambetter from Arkansas Health & Wellness is granted an assignment of the proceeds of any settlement, judgment or other payment received by you to the extent of the full cost of all benefits provided by this plan. Ambetter from Arkansas Health & Wellness's right of reimbursement is cumulative with and not exclusive of Ambetter from Arkansas Health & Wellness's subrogation right and Ambetter from Arkansas Health & Wellness may choose to exercise either or both rights of recovery.

As a condition for our payment, the *member* or anyone acting on the *member's* behalf including, but not limited to, the guardian, legal representatives, estate, or heirs agrees:

1. To fully cooperate with us in order to obtain information about the *loss* and its cause;
2. To immediately inform us in writing of any claim made or lawsuit filed on behalf of a *member* in connection with the *loss*;

3. To include the amount of benefits paid by us on behalf of a *member* in any claim made against any *third party*;
4. To give Ambetter from Arkansas Health & Wellness a first-priority lien on any recovery, settlement or judgment or other sources of compensation which may be had from any party to the extent of the full cost of all benefits associated with third party injuries provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement);
5. To pay, as the first priority, from any recovery, settlement, judgment, or other source of compensation, any and all amounts due Ambetter from Arkansas Health & Wellness as reimbursement for the full cost of all benefits associated with *third party injuries* provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement);
6. That we:
    a. Will have a lien on all money received by a *member* in connection with the *loss* equal to the amount we have paid;
    b. May give notice of that lien to any *third party* or *third party's* agent or representative;
    c. Will have the right to intervene in any suit or legal action to protect our rights;
    d. Are subrogated to all of the rights of the *member* against any *third party* to the extent of the benefits paid on the *member's* behalf; and
    e. May assert that subrogation right independently of the *member*;
7. To take no action that prejudices our reimbursement and subrogation rights, including, but not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits provided by this plan;
8. To sign, date, and deliver to us any documents we request that protect our reimbursement and subrogation rights;
9. To not settle any claim or lawsuit against a *third party* without providing us with written notice of the intent to do so;
10. To reimburse us from any money received from any *third party* to the extent of benefits we paid for the *illness* or *injury*, whether obtained by settlement, judgment, or otherwise, and whether or not the payment, settlement, judgment, or otherwise is expressly designated as a payment for medical expenses; and
11. We may delay the processing of future claims and/or enforce our right of recovery by offsetting future benefits.

Our right of subrogation and reimbursement only exists to the extent the *member* has been made whole. Any costs associated with subrogation shall be shared in the same proportion as each participant shared in the recovery amount.

COORDINATION OF BENEFITS

We coordinate benefits with other payers when a *member* is covered by two or more health benefit plans. Coordination of Benefits (COB) is the industry standard practice used to share the cost of care between two or more carriers when a *member* is covered by more than one health benefit plan.

It is a contractual provision of a majority of health benefit contracts. We comply with state regulations for COB.

Under COB, the benefits of one plan are determined to be primary and are first applied to the cost of care. After considering what has been covered by the primary plan, the secondary plan may cover the cost of care up to the full allowable expense, as defined below, according to the plan's payment guidelines. Our Claims COB and Recovery Unit procedures are designed to avoid payment in excess of allowable expense while also making sure claims are processed both accurately and timely.

"Allowable expense", except as set forth below or where a statute requires a different definition, means any health care expense, including coinsurance or copayments and without reduction for any applicable deductible, that is covered in full or in part under any of the plans covering the person. "Plan", as used in this section, is a form of coverage with which coordination is allowed.

1. If a plan is advised by a *member* that all plans covering the person are high-*deductible* health plans and the person intends to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986, the primary high-*deductible* health plan's *deductible* is not an allowable expense, except for any health care expense incurred that may not be subject to the *deductible* as described in Section 223 (c)(2)(C) of the Internal Revenue Code of 1986.
2. An expense or a portion of an expense that is not covered by any of the plans is not an allowable expense.
3. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a *member* is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

1. If a person is confined in a private *hospital* room, the difference between the cost of a semi-private room in the *hospital* and the private room is not an allowable expense, unless one of the plans provides coverage for private *hospital* room expenses.
2. If a person is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount charged by the *provider* in excess of the highest reimbursement amount for a specified benefit is not an allowable expense.
3. If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated frees is not an allowable expense.
4. If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and another plan that provides its benefits or services on

the basis of negotiated fees, the primary plan's payment arrangement shall be the allowable expense for all plans. However, if the *provider* has contracted with the secondary plan to provide the benefits or services for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the *provider*'s contract permits, that negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

The term "Plan" includes:

1. Group and non-group insurance contracts and subscriber contracts;
2. Uninsured arrangements of group or group-type coverage;
3. Group and non-group coverage through closed panel plans;
4. Group-type contracts;
5. The *medical care* components of long-term care contracts, such as skilled nursing care;
6. The medical benefits coverage in automobile "no fault" and traditional automobile "fault" type contract; and
7. Medicare or other governmental benefits, as permitted by law.

The term "Plan" does not include:

1. *Hospital* indemnity coverage benefits or other fixed indemnity coverage;
2. Accident only coverage;
3. Specified disease or specified accident coverage;
4. Limited benefit health coverage;
5. School accident-type coverages that cover students for accident only, including athletic *injuries*, wither on a twenty-four hour basis or on a "to and from school" basis;
6. Benefits provided in long-term care insurance policies of non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, *respite care*, and *custodial care* or for contracts that pay a fixed daily benefit without regard to expense incurred or the receipt of services;
7. Medicare supplement polices;
8. A state plan under Medicaid; or
9. A governmental plan, which by law provides benefits that are in excess of those of any private insurance plan or other nongovernmental plan.

"Primary plan" is one whose benefits must be determined without taking the existence of any *other plan* into consideration. A plan is primary if either:

1. the plan has no order of benefit rules or its rules differ from those required by regulation; or
2. all plans that cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for example, two plans that have no order of benefit determination rules).

"Secondary plan" is one that is not a primary plan. If a person is covered by more than one secondary plan, the order of benefit determination rules decide the order in which their benefits are determined in relation to each other.

Order of Benefit Determination Rules

The first of the rules listed below in paragraphs 1-7 that applies will determine which plan will be primary:

1. The primary plan pays or provides its benefits as if the secondary plan or plans did not exist. A plan may consider benefits paid or provided by another plan in determining its benefits only when it is secondary to that *other plan*.
2. If the *other plan* does not contain a coordination of benefits provision that is consistent with this provision, that plan is always primary, unless the coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that the supplementary coverage shall be excess to any other parts of the plan provided by the *policy* holder.
3. Each plan determines its order of benefits using the first of the following rules that apply:
    a. Non-Dependent or dependent. The plan that covers the person other than as a dependent, for example as an employee, member, policyholder, *subscriber* or retiree is the primary plan and the plan that covers the person as a dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, policyholder, *subscriber* or retiree is the secondary plan and the *other plan* is the primary plan.
    b. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one plan the order of benefits is determined as follows:
        (i) If a child is covered under the plans of both parents and the parents are living together, whether or not they have ever been married, the plan of the parent whose birthday falls earlier in the *calendar year* (excluding year of birth) shall be primary. If both parents have the same birthday, the plan that covered the parent longer will be primary.
        (ii) If a child is covered by both parents' plans, the parents are separated or divorced or are not living together, whether or not they have ever been married:
            A. If a court order or decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's *spouse* does, that parent's *spouse's* plan is the primary plan. This rule applies to the plan years commencing after the plan is given notice of the court decree;
            B. If a court order or decree states that both parents are responsible for or orders joint custody without specifying that one parent has responsibility for the dependent child's health care expenses or health care coverage, the provisions of subparagraph (i) above shall determine the order of benefits.

C. If there is no court order or decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
    1) The plan covering the custodial parent;
    2) The plan covering the *spouse* of the custodial parent;
    3) The plan covering the non-custodial parent; and then
    4) The plan covering the *spouse* of the non-custodial parent.

(iii) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of subparagraphs (i) or (ii) above shall determine the order of benefits as if those individuals were the parents of the child.

4. Active Employee or Retired or Laid-off Employee. If the person receiving services is covered under one plan as an active employee or *member* (i.e., not laid-off or retired), or as the *spouse* or child of such an active employee, and is also covered under another plan as a laid-off or retired employee, the plan that covers such person as an active employee or *spouse* or child of an active employee will be primary. If the *other plan* does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored. This rule does not apply if the rule 3(a) can determine the order of benefits.
5. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, member, *subscriber* or retiree or covering the person as a dependent of an employee, member, *subscriber* or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the *other plan* does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 3(a) can determine the order of benefits.
6. Longer or Shorter Length of Coverage. The plan that covered the person for the longer period of time is the primary plan and the plan that covered the person the shorter period of time is the secondary plan.
7. If the preceding rules do not determine the order of benefits, the allowable expenses shall be shared equally between the plans meeting the definition of plan. In addition, this plan will not pay more than it would have paid had it been the primary plan.

Effects of Coordination

When this plan is secondary, we may reduce benefits so that the total benefits paid or provided by all plans during a plan year are not more than the total allowable expenses. In determining the amount to be paid for any claim, we will calculate the benefits we would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under this plan that is unpaid by the primary plan. We may then reduce our payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, we shall credit to our plan *deductible* any amounts we would have credited to the *deductible* in the absence of other health care coverage. Also, the amount we pay will not be more than the amount we would pay if we were primary.

Members may no longer be eligible to receive a premium subsidy for the Health Insurance Marketplace plan once Medicare coverage becomes effective.

Right to Receive and Release Needed Information

Certain fact about heath care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and *other plans*. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this plan and *other plans* covering the person claiming benefits. We need not tell or get the consent of any person to do this.

Right of Recovery

If the amount of the payments made by this plan is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the *member*. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services. If the *covered services* provided by us exceed the total amount of benefits that should have been paid under this section, we have the right to recover from one or more of the following:

1. Any person to or from whom such payments were made; or
2. *Member* was non eligible at the time of service; or
3. Insurance companies.

In addition, failure on the part of any *member*, or other person acting on the *member's* behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the *member.*

Benefits will be paid within 30 calendar days after receipt of *proof of loss*. Should we determine that additional supporting documentation is required to establish responsibility of payment, we shall pay benefits within 30 calendar days after receipt of additional supporting documentation.

We will pay or deny a clean claim within 30 calendar days of receipt if the claim was submitted electronically or within 45 calendar days after receipt if the claim was submitted by other means for services that do not fall under the federal No Surprises Act *balance billing* protections. For services that fall under the federal No Surprises Act b*alance billing* protections, we will pay or deny a clean claim within 30 calendar days of receipt regardless of how the claim was submitted. We will pay 12 percent interest after the 61st day of nonpayment.

Any payment made by us in good faith under this provision shall fully discharge our obligation to the extent of the payment. We reserve the right to deduct any overpayment made under this *policy* from any future benefits under this *policy*.

Foreign Claims Incurred for Emergency Care

Emergency services are *covered services* while traveling outside of the United States for up to a maximum of 90 consecutive days from the start of travel, even if enrollment occurs during

the period of travel. If travel extends beyond 90 consecutive days, no benefit coverage is provided for medical emergencies for the entire period of travel including the first 90 calendar days.

Claims incurred outside of the United States for *emergency services* must be submitted in English or with an English translation, at the *member*'s expense within 180 calendar days form the date of service. Foreign claims must include the applicable medical records in English or with an English translation, at the *member*'s expense to show proper *proof of loss* and evidence of payment(s) to the *provider*.

Foreign claims must be submitted with the Member Reimbursement Medical Claim Form, along with all requested documents as detailed on the claim form. All forms and *member* resources are available at Ambetter.ARHealthWellness.com.

The amount of reimbursement will be based on the following:

1. *Member*'s benefit plan and *member* eligibility on date of service
2. *Member*'s responsibility/*cost sharing* based on date of service
3. Currency rate at the time of completed transaction, foreign country currency to United States currency.

Once the health plan has reviewed all the necessary documentation and the claim for *emergency services* has been processed, a *member* Explanation of Benefits (EOB) will be mailed. The EOB will identify *member* responsibility according to the *member* benefit plan at the time of travel. If services are deemed as true *emergency services,* including that they were provided to treat a member's *emergency condition*, the *member* will be issued reimbursement payment for any eligible incurred costs, minus *member* cost share obligation.

Assignment

We will reimburse a *hospital* or *healthcare provider* to whom you have assigned your rights to receive reimbursement under this *policy* if:

1. The *hospital* or *healthcare provider* provides us notice of the assignment with a claim for payment for health care services; and
2. If the *hospital* or *healthcare provider* is a *non-network provider*, the notice is accompanied by a complete copy of the assignment with your signature and date.

Any assignment to a *hospital* or person providing the treatment, whether with or without our *authorization*, shall not confer upon such *hospital* or person, any right or privilege granted to you under the *policy* except for the right to receive benefits, if any, that we have determined to be due and payable.

No Third Party Beneficiaries

This *policy* is not intended to, nor does it, create or grant any rights in favor of any *third party*, including but not limited to any *hospital*, *provider* or *medical practitioner* providing services to you, and this *policy* shall not be construed to create any *third party* beneficiary rights.

Medicaid Reimbursement
The amount payable under this *policy* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which the *member* lives.

We will pay the benefits of this *policy* to the state if:
1. A *member* is eligible for coverage under the state's Medicaid program; and
2. We receive proper *proof of loss* and notice that payment has been made for *covered expenses* under that program.

Our payment to the state will be limited to the amount payable under this *policy* for the *covered expenses* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy our responsibility to the extent of that payment.

Insurance With Medicare
If a person is also a Medicare beneficiary, benefits will be coordinated in compliance with federal law.

Custodial Parent
This provision applies if the parents of a covered *eligible child* are divorced or legally separated and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if we receive a copy of the order establishing custody.

Upon request by the custodial parent, we will:
1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions and limitations of the *policy*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge our obligations.

A custodial parent may assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child,* subject to the limitations on assignments discussed above.

Physical Examination
We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at our expense and as often as we may reasonably require.

Legal Actions
No suit may be brought by you on a claim sooner than 60 calendar days after the required *proof of loss* is given. No suit may be brought more than three years after the date *proof of loss* is required.

No action at law or in equity may be brought against us under the *policy* for any reason unless the *member* first completes all the steps in the *complaint/grievance* procedures made available to resolve disputes in your state under the *policy*. After completing that *complaint/grievance*

procedures process, if you want to bring legal action against us on that dispute, you must do so within three years of the date we notified you of the final decision on your *complaint/grievance*.

Your satisfaction is very important to us. We want to know your issues and concerns so we can improve our services. Reporting these will not affect your health care services. The following processes are available to address your concerns.

Call Member Services

Please contact our Member Services team if you have questions or concerns. We will attempt to answer your questions during initial contact, as most concerns can be resolved with one phone call.

Appeal

An *appeal* means any request by the *member* or their representative to reverse, rescind, or otherwise modify an *adverse benefit determination*. You can *appeal* these decisions. You can designate a representative – such as a family member, friend, *physician*, or attorney – to *appeal* these decisions on your behalf.

Filing an Appeal

When we make an *adverse benefit determination,* we will send you a notification that includes information to file an *appeal* and how to authorize a representative. You have 180 calendar days to file an *appeal* from the date we issue the *adverse benefit determination.*

You can file an *appeal* by filling out the form included with the denial notice, sending a letter, or by phone to:

Ambetter from Arkansas Health & Wellness
Attn: Appeals Unit
P.O. Box 25538, Little Rock, AR 72221
Fax: 1-866-811-3255
Phone: 1-877-617-0390 (TTY 1-877-617-0392)

Please include in your written *appeal* or be prepared to tell us the following:

1. Name, address and telephone number of the *member*;
2. The *member's* health plan identification number;
3. Name of *healthcare provider*, address and telephone number;
4. Date the health care benefit was provided (if a post-service denial *appeal*)
5. Name, address and telephone number of an *authorized representative* (if *appeal* is filed by a person other than the *member*); and
6. A copy of the notice of *adverse benefit determination.*

Processing your Appeal

After you file your *appeal*, we will notify you in writing of all the information that is needed to process the *appeal* within five business days of receipt of the *appeal*. You will be informed that

you can present any information that you wish for us to consider as part of the *appeal*. We will investigate the *appeal* to decide if more information is needed form you or your provider.

A reviewer of the same or similar specialty will review the request and make a determination. This reviewer will not be the *physician* involved in the original decision and who is not the subordinate of that *physician*.

Ambetter from Arkansas Health and Wellness may extend our deadline by not more than 14 calendar days if we need additional information to reach a decision. We will inform you of the request's status if such an extension is necessary. If we do not receive the required information within the extended timeframe, we will make a determination based on the information we have. If no extension is needed, we will make the decision within the following timeframes of receipt of your *appeal*:

1. 72 hours after receiving your request when you are appealing the denial of a service for urgent care. (If your *appeal* concerns urgent care, you may be able to have the internal *appeal* and external reviews take place at the same time.)
2. Two business days for urgent requests and four business days for nonurgent pre-service requests regarding care for a hematology diagnosis, oncology diagnosis, or additional disease or other diagnosis that the Insurance Commissioner may include by rule.
3. 30 calendar days for appeals of denials of non-urgent care you have not yet received (pre-service).
4. 60 calendar days for appeals of denials of services you have already received (post-service denials).

We will notify you or, if applicable, your *authorized representative* in writing within two business days of the decision.

The notice will include an explanation of our decision, a reference to the criteria on which the decision was based, a list of the title and qualification of each person participating in the review, and a description of your further *appeal* rights, including the right to an external review.

Urgent Pre-Service Appeal

If* your *appeal for benefits is urgent,* you *or* your *authorized representative, or* your *healthcare provider (physician) may contact* us *with the appeal, orally or in writing.

If the appeal for benefits is one involving *urgent care*, we will notify you of our decision as soon as possible, but no later than 72 hours after we receive your appeal provided you have given us sufficient information to make a decision.

If you have not given us sufficient information, we will contact you as soon as possible but no more than 24 hours after we receive your appeal to let you know the specific information we will need to make a decision. You must give us the specific information requested as soon as you can but no later than 48 hours after we have asked you for the information.

We will notify you, or if applicable, your *authorized representative* of our decision as soon as possible but no later than 48 hours after we have received the needed information or at the end of the 48 hours you were given to provide the additional information.

To assure you receive notice of our decision, we will contact you by telephone or facsimile (fax) or by another method meant to provide the decision to you quickly.

In determining whether a claim involves urgent care, the plan must apply the judgment of a prudent layperson who possesses an average knowledge of health and medicine. **However, if a *physician* with knowledge of your medical condition determines that an appeal involves urgent care, or an emergency, the appeal must be treated as an urgent care appeal.**

Continuing Coverage*:* The plan cannot terminate your benefits until all of the *appeals* have been exhausted. **However, if the plan's decision is ultimately upheld, you may be responsible for paying any outstanding claims or reimbursing the plan for claims' payments it made during the time of the *appeals*.**

Cost and Minimums for Appeals: There is no cost to you to file an *appeal* and there is no minimum amount required to be in dispute.

Defined terms: Any terms appearing in *italics* are defined.

Emergency medical services: If the plan denies a claim for an emergency medical service, your *appeal* will be handled as an *urgent appeal.* The plan will advise you at the time it denies the claim that you can file an expedited internal *appeal*. If you have filed for an expedited internal *appeal*, you may also file for an expedited external review (see "Simultaneous urgent claim, expedited internal review and external review").

Rescission of coverage: If the plan rescinds your coverage, you may file an *appeal* according to the following procedures. The plan cannot terminate your benefits until all of the *appeals* have been exhausted. Since a *rescission* means that no coverage ever existed, if the plan's decision to rescind is upheld, your premium will be returned minus any benefits paid. You will be responsible for payment of all claims for your health care services.

Your Rights to a full and fair review*.* The plan must allow you to review the appeal file and to present evidence and testimony as part of the internal appeals and *appeals* process.

1. The plan must provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by the plan (or at the direction of the plan) in connection with the appeal; such evidence must be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal *adverse benefit determination* is required to give you a reasonable opportunity to respond prior to that date; and

2. Before the plan can issue a *final internal adverse benefit determination* based on a new or additional rationale, you must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date on which the notice of *final internal adverse benefit determination* is required to be provided to give you a reasonable opportunity to respond prior to that date.

3. The adverse determination must be written in a manner understood by you, or if applicable, your *authorized representative* and must include all of the following:

a. The titles and qualifying credentials of the person or persons participating in the first level review process (the reviewers);
b. Information sufficient to identify the claim involved, including the date of service, the *healthcare provider*; and
c. A statement describing the availability, upon request, of the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning.

4. As a general matter, the plan may uphold a denial upon appeal on the basis that it does not have *sufficient information*; such a decision; however, will allow you to advance to the next stage of the appeals process.

Other Resources to help you

Language services are available from the health benefit plan.

Your *rights to appeal and the instructions for filing an appeal are described in the provisions following this Overview.*

Simultaneous *urgent appeal and expedited* internal review:
In the case of an *appeal involving urgent care*, you or your *authorized representative* may also request an expedited internal review. A request for expedited internal review may be submitted orally or in writing by the appellant; and all necessary information, including the plan's benefit determination on review, shall be transmitted between the plan and the appellant by telephone, facsimile, or other expeditious method.

The *physician*, if the *physician* certifies, in writing, that you have a medical condition where the time frame for completion of an expedited review of an internal *appeal* involving an *adverse benefit determination* would seriously jeopardize the life or health of you or jeopardize your ability to regain maximum function, you may file a request for an expedited external review to be conducted simultaneously with the expedited internal *appeal*.

Simultaneous urgent appeal, expedited internal review and external review:
You, or your *authorized representative*, may request an expedited external review if both the following apply:

1. You have filed a request for an expedited internal review; and
2. After a *final adverse benefit determination*, if either of the following applies:
    a. Your treating *provider* certifies that the *adverse benefit determination* involves a medical condition that could seriously jeopardize the life or health of you, or would jeopardize your ability to regain maximum function, if treated after the time frame of a standard external review;

b. The *final adverse benefit determination* concerns an admission, availability of care, continued stay, or health care service for which you received *emergency services*, but has not yet been discharged from a facility.

Concurrent Care Decisions

Reduction or termination of ongoing plan of treatment: If we have approved an ongoing plan or course of treatment that will continue over a period of time or a certain number of treatments and we notify you that we have decided to reduce or terminate the treatment, we will give you notice of that decision allowing sufficient time to *appeal* the determination and to receive a decision from us before any interruption of care occurs.

Request to extend ongoing treatment: If you have received *authorization* for an ongoing treatment and wish *to extend the treatment* beyond what has already been approved, we will consider your *appeal* as a request for urgent care. If you request an extension of treatment at least 24 hours before the end of the treatment period, we must notify you soon as possible but no later than 24 hours after receipt of the request.

An *appeal* of this decision is conducted according to the urgent care *appeals* procedures.

Concurrent urgent care and extension of treatment: Under the concurrent care provisions, any request that involves both urgent care and the extension of a course of treatment beyond the period of time or number of treatments previously approved by the plan must be decided as soon as possible, taking into account the medical urgencies, and notification must be provided to the appellant within 24 hours after receipt of the request, provided the request is made at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

Non-urgent request to extend course of treatment or number of treatments: If a request to extend a course of treatment beyond the period of time or number of treatments previously approved by the plan does not involve urgent care, the request may be treated as a new benefit request and decided within the timeframe appropriate to the type of request, e.g., as a *pre-service request* or a *post-service request*.

If the request is not made at least 24 hours prior to the expiration of the prescribed period of time or number of treatments, the request must be treated as a *request involving urgent care* and decided in accordance with the urgent care request timeframes, e.g., as soon as possible, taking into account the medical emergencies, but not later than 72 hours after receipt.

Members have the right to submit written comments, documents, records, and other information relating to the request for benefits. *Members* have the right to review the request file and to present evidence and testimony as part of the internal review process.

Members should submit all documentation to us at:

EXTERNAL REVIEW

Right to External Review

Under certain circumstances, you have a right to request an external review of our adverse benefit decision by an *independent review organization* or by the Insurance Commissioner, or both.

If you have filed internal claims and *appeals* according with the procedures of this plan, and the plan has denied or refused to change its decision, or if the plan has failed, because of its actions or its failure to act, to provide you with a *final determination* of your *appeal* within the time permitted, or if the plan waives, in writing, the requirement to exhaust the internal claims and *appeals* procedures, you may make a request for an *external revie*w of an *adverse benefit determination*.

All requests for an *external review* must be made within four months of the date of the notice of the plan's *final adverse benefit determination*. Standard requests for an external review must be provided in writing; requests for expedited external reviews, including *experimental/investigational*, may be submitted orally or electronically. When an oral or electronic request for review is made, written confirmation of the request must be submitted to the plan no later than five calendar days after the initial request was made.

When filing a request for *external review*, you will be required to authorize the release of any of your medical records that may be required to be reviewed for the purpose of reaching a decision on the *external review*.

You must file the request for an *external review* using the required forms provided by the Arkansas Insurance Department. For more information, write to:

Arkansas Insurance Department
External Review Division
1 Commerce Way, Suite 102, Little Rock, AR 72202
insurance.Consumers@arkansas.gov

Information about external reviews is also available on the Department's website: http://insurance.arkansas.gov/.

Non-urgent request for an external review

Unless the request is for an expedited external review, the plan will initiate an external review within five business days after it receives your written request if your request is complete. The plan will provide you with notice that it has initiated the external review that includes:

a. The name and contact information for the assigned *Independent Review Organization (IRO)* or the Insurance Commissioner, as applicable, for the purpose of submitting additional information; and
b. Except for when an expedited request is made, a statement that you may, with ten business days after the date of receipt of the notice, submit, in writing, additional information for either the *Independent Review Organization (IRO)* or the Insurance Commissioner to consider when conducting the external review.

If the plan denies your request for an *external review* because you have failed to exhaust the internal appeals procedure, we will provide you with a written explanation of reasons you were not eligible for an *external review* because you did not comply with the required procedures.

If the Arkansas Insurance Department upholds the plan's decision: If you file a request for an external review with the Arkansas Insurance Department, and if the Insurance Commissioner upholds the plan's decision to deny the *external review* because you did not follow the plan's internal claims and *appeals* procedures, you must resubmit your *appeal* according to the plan's internal claims and *appeals* procedures within 10 calendar days of the date of your receipt of the Insurance Commissioner's decision. The clock will begin running on all of the required time periods described in the internal claims and *appeals* procedures when you receive this notice from the Insurance Commissioner.

If the plan's failure to comply with its obligations under the *internal appeals procedures* was considered (i) *de minimis*, (ii) not likely to cause prejudice or harm to you (appellant), (iii) because we had a good reason or our failure was caused by matters beyond our control (iv) in the context of an ongoing good-faith exchange of information between the plan and you (appellant) or your *authorized representative* and (v) not part of a pattern or practice of our not following the internal claims and *appeals* procedures, then you will not be deemed to have exhausted the internal claims and *appeals* requirements. You may request an explanation of the basis for the plan's asserting that its actions meet this standard.

Expedited external review : You may have an expedited external review if your treating *provider* certifies that the *adverse benefit determin*ation involves a *medical condition* that could seriously jeopardize the life or health of you (appellant), or would jeopardize your ability to regain maximum function if treated after the time frame for a *standard external review*; or the *final adverse benefit determination* concerns an admission, availability of care, continued stay, or health care service for which you received *emergency services*, but have not yet been discharged from a facility.

Expedited external review for experimental or investigational treatment: You may request an external review of an *adverse benefit determination* based on the conclusion that a requested health care service is *experimental* or *investigational*, except when the requested health care service is explicitly listed as an excluded benefit under the terms of the health benefit plan.

To be eligible for an external review under this provision, your treating *provider* shall certify that one of the following situations is applicable:

1. Standard health care services have not been effective in improving your condition;
2. Standard health care services are not medically appropriate for you; or
3. There is no available standard health care service covered by the health plan issuer that is more beneficial than requested health care service.

If the request for an *expedited external review* is complete and eligible, the plan will immediately provide or transmit all necessary documents and information considered in

making the *adverse benefit determination* in question to the assigned *independent review organization (IRO)* by telephone, facsimile or other available expeditious method.

If the request is not complete, we *will notify* you *immediately, including what is needed to make the request complete.*

Independent Review Organization (IRO): An *external review* is conducted by an *independent review organization (IRO)* selected on a random basis as determined in accordance with Arkansas law. The *IRO* will provide you with a written notice of its decision to either uphold or reverse the plan's *adverse benefit determination* within 45 calendar days of receipt of a *standard external review (not urgent)*.

If an *expedited external review* (urgent) was requested, the *IRO* will provide a determination as soon as possible or within 72 hours of receipt of the expedited request. The *IRO's* decision is binding on the company. If the *IRO* reverses the health benefit plan's decision, the plan will immediately provide coverage for the health care service or services in question.

If the Insurance Commissioner or *IRO* requires additional information from you or your *healthcare provider*, the plan will tell you what is needed to make the request complete.

If the plan reverses its decision: If the plan decides to reverse its adverse determination before or during the external review, the plan will notify you, the *IRO*, and the Insurance Commissioner within one business day of the decision.

After receipt of health care services: No expedited review is available for *adverse benefit determination*s made after receipt of the health care service or services in question.

Emergency medical services: If plan denies coverage for an emergency medical service, the plan will also advise at the time of denial that you request an expedited internal and *external review* of the plan's decision.

If the *IRO* and Insurance Commissioner **uphold the plan's decision**, you may have a right to file a lawsuit in any court having jurisdiction.

GENERAL PROVISIONS

Entire Contract

This *policy,* with the enrollment application, the *Schedule of Benefits*, and any amendments and/or riders, is the entire contract between you and us*.* No agent may:

1. Change this *policy*;
2. Waive any of the provisions of this *policy*;
3. Extend the time for payment of premiums; or
4. Waive any of our rights or requirements.

All riders or endorsements added to the *policy* after the date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the *policy* shall require signed acceptance by the *member*. After date of *policy* issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the *policy* term must be agreed to in writing signed by the *member*, except if the increased benefits or coverage is required by law.

Reinstatement

If any renewal premium is not paid within the time granted the *member* for payment, a subsequent acceptance of premium by the insurer or by any agent authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the *policy*; provided, however, that if the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the *policy* will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the *member* in writing of its disapproval of such application. The reinstated *policy* shall cover only loss resulting from such accidental *injury* as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than 10 calendar days after such date. In all other respects, the *member* and insurer shall have the same rights thereunder as they had under the *policy* immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 calendar days prior to the date of reinstatement.

Non-Waiver

If we or you fail to enforce or to insist on strict compliance with any of the terms, conditions, limitations or exclusions of the *policy* that will not be considered a waiver of any rights under the *policy*. A past failure to strictly enforce the *policy* will not be a waiver of any rights in the future, even in the same situation or set of facts.

Rescissions

No misrepresentation of fact made regarding a *member* during the application process that relates to insurability will be used to void/rescind the insurance coverage or deny a claim unless:

1. The misrepresented fact is contained in a written application, including amendments, signed by a *member;*
2. A copy of the application, and any amendments, has been furnished to the *member (s),* or to their beneficiary; and
3. The misrepresentation of fact was intentionally made and material to our determination to issue coverage to any *member.* A *member's* coverage will be voided/rescinded and claims denied if that person performs an act or practice that constitutes fraud. “Rescind” has a retroactive effect and means the coverage was never in effect.

Repayment for Fraud, Misrepresentation or False Information

If a *member* commits fraud, misrepresentation or knowingly provides false information relating to the eligibility of any *member* under this *policy* or in filing a claim for *policy* benefits, we have the right to demand that *member* pay back to us all benefits that we paid during the time *member* was insured under the *policy*. If it is determined that the *policy* should not have been issued or that benefits were paid due to fraud, misrepresentation or false information, premiums paid on behalf of the *member* will be returned, minus the total amount of all benefits paid on behalf of the *member.*

Conformity with Applicable Laws

Any part of this *policy* in conflict with *applicable laws* on this *policy's effective date* or on any premium due date is changed to conform to the minimum requirements of the *applicable law*.

Personal Health Information (PHI)

Your health information is personal. We are committed to do everything we can to protect it. Your privacy is also important to us. We have policies and procedures in place to protect your health records.

We protect all oral, written, and electronic PHI. We follow Health Insurance Portability and Accountability Act (HIPAA) requirements and have a Notice of Privacy Practices. Please review it carefully. If you need more information or would like the complete notice, please visit https://Ambetter.ARHealthWellness.com/privacy-practices.html or call Member Services.

We protect all of your PHI. We follow HIPAA to keep your health care information private.

If you do not speak or understand the language in your area, you have the right to an interpreter. For *language assistance*, please visit https://Ambetter.ARHealthWellness.com/language-assistance.html.

Conditions Prior to Legal Action

On occasion, we may have a disagreement related to coverage, benefits, premiums, or other provisions under this *policy*. Litigation is an expensive and time-consuming way to resolve these disagreements and should be the last resort in a resolution process.

Time Limit on Certain Defenses

After three years from the date of issue of this *policy,* no misstatements, except fraudulent misstatements, made by the applicant in the application for such *policy* shall be used to void the *policy* or to deny a claim for loss incurred or disability as defined in the *policy* commencing after the expiration of such 3-year period.

LIMITATIONS AND EXCLUSIONS UNDER THE ARKANSAS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION ACT

Residents of this state who purchase life insurance, annuities, or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association"). The purpose of the Guaranty Association is to assure that policy and contract owners will be protected, within certain limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of policy and contract owners who live in this state and, in some cases, to keep coverage in force. Please note that the valuable extra protection provided by the member insurers through the Guaranty Association is limited. This protection is not a substitute for a consumer's careful consideration in selecting insurance companies that are well managed and financially stable.

DISCLAIMER

The Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association") provides coverage of claims under some types of policies or contracts if the insurer or health maintenance organization becomes impaired or insolvent. COVERAGE MAY NOT BE AVAILABLE FOR YOUR POLICY. Even if coverage is provided, there are significant limits and exclusions. Coverage is always conditioned on *residence* in the State of Arkansas. Other conditions may also preclude coverage.

The Guaranty Association will respond to any questions you may have which are not answered by this document. Your insurer or health maintenance organization and agent are prohibited by law from using the existence of the association or its coverage to sell you an insurance policy or health maintenance organization coverage.

You should not rely on availability of coverage under the Guaranty Association when selecting an insurer or health maintenance organization.

The state law that provides for this safety net is called the Arkansas Life and Health Insurance Guaranty Association Act ("Act"), which is codified at Ark. Code Ann. §§ 23-96-101, *et seq.* Below is a brief summary of the Act's coverages, exclusions and limits. This summary does not

cover all provisions of the Act, nor does it in anyway change any person's rights or obligations under the Act or the rights or obligations of the Guaranty Association.

Coverage

Generally, individuals will be protected by the Guaranty Association if they live in this state and hold a life, annuity or health insurance contract or policy, or if they are insured under a group insurance contract issued by a member insurer. The beneficiaries, payees or assignees of policy or contract owners are protected as well, even if they live in another state.

Exclusions from Coverage

However, persons owning such policies are NOT protected by the Guaranty Association if:

1. They are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
2. The insurer was not authorized to do business in this state; or
3. Their policy or contract was issued by a *hospital* or medical service organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policy or contract owner is subject to future assessments, or by an insurance exchange.

The Guaranty Association also does NOT provide coverage for:

1. Any policy or contract or portion thereof which is not guaranteed by the insurer or for which the owner has assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract;
2. Any policy of reinsurance (unless an assumption certificate was issued);
3. Interest rate yields that exceed an average rate;
4. Dividends, voting rights, and experience rating credits;
5. Credits given in connection with the administration of a policy by a group contract holder;
6. Employer plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
7. Unallocated annuity contracts (which give rights to group contract holders, not individuals);
8. Unallocated annuity contracts issued to or in connection with benefit plans protected under the Federal Pension Benefit Corporation ("FPBC"), regardless of whether the FPBC is yet liable;
9. Portions of an unallocated annuity contract not owned by a benefit plan or a government lottery (unless the owner is a resident) or issued to a collective investment trust or similar pooled fund offered by a bank or other financial institution;
10. Portions of a policy or contract to the extent assessments required by law for the Guaranty Association are preempted by state or federal law;
11. Obligations that do not arise under the policy or contract, including claims based on marketing materials or side letters, riders, or other documents which do not meet filing requirements, claims for policy misrepresentations, and extra-contractual or penalty claims; or

12. Contractual agreements establishing the member insurer's obligations to provide book value accounting guarantees for defined contribution benefit plan participants by reference to a portfolio of assets owned by a nonaffiliated benefit plan or its trustee(s).

Limits on Amount of Coverage

The Act also limits the amount the Guaranty Association is obligated to cover. The Guaranty Association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the Guaranty Association will pay a maximum of $300,000 in life insurance death benefits without regard to the number of policies and contracts there were with the same company, even if they provided different types of coverage. The Guaranty Association will pay a maximum of $500,000 in health benefits, provided that coverage for disability insurance benefits and long-term care insurance benefits shall not exceed $300,000. The Guaranty Association will pay $300,000 in present value of annuity benefits, including net cash surrender and net cash withdrawal values. There is a $1,000,000 limit with respect to any contract holder for unallocated annuity benefits. These are limitations under which the Guaranty Association is obligated to operate prior to considering either its subrogation and assignment rights or the extent to which those benefits could be provided from the assets of the impaired or insolvent insurer.
