Major Medical Expense Insurance Policy

In this *policy,* the terms *"*you*"* or *"*your*"* will refer to the *member* or any dependents enrolled in this *policy.* The terms *"*we*," "*our*,"* or *"*us*"* will refer to SilverSummit Healthplan, Inc.

AGREEMENT AND CONSIDERATION

This document along with the *Schedule of Benefits* and your enrollment application is your *policy* and it is a legal document. It is the agreement under which benefits will be provided and paid. In consideration of your application and the timely payment of premiums, we will provide benefits to you, the *member*, for *covered services* as outlined in this *policy*. Benefits are subject to *policy* definitions, provisions, limitations, and exclusions.

GUARANTEED RENEWABLE

Annually, we must file this product, the *cost share* and the rates associated with it for approval. Guaranteed renewable means that your plan will be renewed into the subsequent year's approved product on the anniversary date unless terminated earlier in accordance with *policy* terms. You may keep this *policy (or the new policy* you *are mapped to for the following year)* in force by timely payment of the required premiums. In most cases you will be moved to a new *policy* each year, however, we may decide not to renew the *policy* as of the renewal date if: (1) we decide not to renew all policies issued on this form, with a new *policy* at the same metal level with a similar type and level of benefits, to residents of the state where you then live; (2) we withdraw from the *service area*; or (3) there is fraud or an intentional material misrepresentation made by or with the knowledge of a *member* in filing a claim for *policy* benefits.

In addition to the above, this guarantee for continuity of coverage shall not prevent us from cancelling or non-renewing this *policy* in the following events: (1) non-payment of premium; (3) a *member* fails to pay any *deductible* or *copayment amount* owed to us and not the provider of services; (4) a *member* is found to be in material breach of this *policy*; or (5) a change in federal or state law no longer permits the continued offering of such coverage, such as CMS guidance related to individuals who are Medicare eligible.

Annually, we may change the rate table used for this *policy* form. Each premium will be based on the rate table in effect on that premium's due date. The *policy* plan, and age of *members,* type and level of benefits, and place of *residence* on the premium due date are some of the factors used in determining your premium rates. We have the right to change premiums, however, all premium rates charged will be guaranteed for a rating period of at least 12 months.

At least 60 calendar days' notice of any plan to take an action or make a change permitted by this clause will be delivered to you at your last address as shown in our records. We will make no change in your premium solely because of claims made under this *policy* or a change in a *member's* health. While this *policy* is in force, we will not

restrict coverage already in force. If we discontinue offering and decide not to renew all policies issued on this form, with the same type and level of benefits, for all residents of the state where you reside, we will provide a written notice to you at least 90 calendar days prior to the date that we discontinue coverage.

This *policy* contains *prior authorization* requirements. You may be required to obtain a referral from a *Primary Care Physician (PCP)* in order to receive care from a *specialist physician*. Benefits may be reduced or not covered if the requirements are not met. Please refer to the *Schedule of Benefits* and the Prior Authorization section.

TEN DAY RIGHT TO RETURN POLICY

Please read your *policy* carefully. If you are not satisfied, return this *policy* to us or to our agent within 10 calendar days after you receive it. All premiums paid will be refunded, less claims paid, and the *policy* will be considered null and void from the *effective date*.

Protection from Balance Billing

Under federal law, effective January 1, 2022, *non-network providers* or facilities are prohibited from *balance billing* health plan *members* for services that are subject to *balance billing protections* as described in the Definitions section of this *policy*. You will only be responsible for paying your *member cost share* for these services, which is calculated as if you had received the services from a *network* provider and based on the recognized amount as defined in *applicable law.*

Wherever used in this *policy*:

Allowed amount **(also see *Eligible expense*)** means the maximum amount we will pay a provider for a *covered service*. When a *covered service* is received from a *network provider*, the *allowed amount* is the amount the provider agreed to accept from us as payment for that particular service. In all cases, the *allowed amount* will be subject to *cost sharing* (e.g., *deductible*, *coinsurance* and *copayment*) per the *member*'s benefits. This amount excludes agreed to amounts between the provider and us as a result of federal or state arbitration.

Note: If you receive services from a *non-network provider*, you may be responsible for the difference between the amount the provider charges for the service (*billed amount*) and the

allowed amount that we pay. However, you will not be responsible for *balance billing* for *non-network* care that is subject to *balance billing protections* and otherwise covered under your *policy*. DEPENDENT MEMBER COVERAGE

Dependent Member Eligibility

Your *dependent members* become eligible for insurance on the latter of:

1. The date you became covered under this *policy;*
2. The date of marriage to add a *spouse*;
3. The date of an eligible newborn's birth;
4. The date that an adopted child is placed with you or your *spouse* for the purposes of adoption or you or your *spouse* assumes total or partial financial support of the child;
5. The date a foster child is placed in your custody; or
6. The date a domestic partnership is established, pursuant to state law.

Effective Date for Initial Dependent Members

Dependent members included in the initial enrollment application for this *policy* will be covered on your *effective date*.

Coverage for a Newborn Child

An *eligible child* born to you, or a covered family *member will* be covered from the time of birth until the 31st day after its birth, unless we have received notice from you. Each type of *covered service* incurred by the newborn child will be subject to the *cost sharing* amount listed in the *Schedule of Benefits*.

Additional premium will be required to continue coverage beyond the 31st day after the date of birth. The required premium will be calculated from the child's date of birth. If notice of the newborn is given to us within the 31 days from birth, an additional premium for coverage of the newborn child will be charged for not less than 31 days after the birth of the child. If notice is not given within the 31 days from birth, we will charge an additional premium from the date of birth. If notice is given to us within 60 days of the birth of the child, we may not deny coverage of the child due to failure to notify us of the birth of the child or to pre-enroll the child. Coverage of the child will terminate on the 31st day after its birth, unless we have received notice of the child's birth.

Coverage for an Adopted Child

An *eligible child* legally placed for adoption with you, or your *spouse* will be covered from the date of placement until the 31st day after placement, unless the placement is disrupted prior to legal adoption and the child is removed from your or your *spouse's* custody.

The child will be covered for *loss* due to *injury* and *illness* including *medically necessary* care and treatment of conditions existing prior to the date of placement.

Additional premium will be required to continue coverage beyond the 31st day following placement of the child. The required premium will be calculated from the date of placement for adoption. Coverage of the child will terminate on the 31st day following placement, unless we have received both: (A) Notification of the addition of the child within 60 days of the birth or placement and (B) any additional premium required for the addition of the child within 90 days of the date of placement.

As used in this provision, "placement" means the earlier of:

1. The date that you or your *spouse* assume physical custody of the child for the purpose of adoption; or
2. The date of entry of an order granting you or your *spouse* custody of the child for the purpose of adoption.

Adding Other Dependent Members

If you are enrolled in an off-exchange policy and apply in writing or directly at enroll.ambetterhealth.com to add a *dependent member* and you pay the required premiums, we will send you written confirmation of the added *dependent member's effective date* of coverage and *member* identification cards for the added *dependent member*.

ONGOING ELIGIBILITY

For All Members

A *member's* eligibility for coverage under this *policy* will cease on the earlier of:

1. The date that a *member* accepts any direct or indirect contribution or reimbursement, by or on behalf of an employer, for any portion of the premium for coverage under this *policy*;
2. The *subscriber* residing outside the *service area* or moving permanently outside the *service area* of this plan;
3. The date we receive a request from you to terminate this *policy*, or any later date stated in your request;
4. The date that a *member* has failed to pay premiums or contributions in accordance with the terms of this *policy* or the date that we have not received timely premium payments in accordance with the terms of this *policy*;
5. The date the *member* has performed an act or practice that constitutes fraud or made an intentional misrepresentation of a material fact at least 30 calendar days after the notice is delivered or mailed to the *member*; or
6. The date of a *member's* death.

For Dependent Members

A *dependent member* will cease to be a *member* at the end of the premium period in which he or she ceases to be your *dependent member* due to divorce or if a child ceases to be an *eligible child.* For *eligible children*, the coverage will terminate the 31st day of December the year the dependent turns 26 years of age.

If you have material modifications (examples include a change in life event such as marriage, death, or other change in family status), or questions related to your health insurance coverage, contact Member Services.

A *member* will not cease to be a *dependent eligible child* solely because of age if the *eligible child* is:

1. Not capable of self-sustaining employment due to mental disability or physical disability that began before the age limit was reached; and
2. Mainly dependent on you for support.

Open Enrollment

There will be an open enrollment period for coverage. The open enrollment period begins November 1, 2024, and extends through January 15, 2025. If you enroll on or before December 31, 2024, you will have an *effective date* of coverage on January 1, 2025.

A *qualified individual's* enrollment or non-enrollment in a plan is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, or employee, or its instrumentalities as evaluated and are determined by us. In such cases, we may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction;
6. A *member* adequately demonstrates to us that the plan in which he or she is enrolled substantially violated a material provision of its *policy* in relation to the *member's* decision to purchase the plan based on plan benefits, *service area* or premium;

    c. The qualifying events for dependent children are the same as for the *spouse* with one addition:
        i. Loss of dependent child status under the plan rules.
10. A *qualified individual* or *member* loses eligibility for premium subsidies on an On-Exchange plan;
11. A *qualified individual* or dependent is a victim of domestic abuse or spousal abandonment and would like to enroll in coverage separate from the perpetrator of the abuse or abandonment;
12. A *qualified individual* or dependent is determined to be potentially eligible for Medicaid or Children's Health Insurance Program (CHIP), but is subsequently determined to be

ineligible after the open enrollment period has ended or more than 60 days after the qualifying event; or

13. A *qualified individual* newly gains access to an employer sponsored individual coverage HRA or a Qualified Small Employer Health Reimbursement Arrangement (HRA).

Prior Coverage

If a *member* is confined as an *inpatient* in a *hospital* on the *effective date* of this *policy* and prior coverage is terminating immediately before the *effective date* of this *policy* furnishes benefits for the hospitalization after the termination of prior coverage, then services and benefits will not be covered under this *policy* for that *member* until the *member* is discharged from the *hospital* or benefits under the prior coverage are exhausted, whichever is earlier.

If there is no prior coverage or no continuation of *inpatient* services after the *effective date*, your coverage will apply for *covered services* related to the *inpatient* services after your *effective date*. Your coverage requires you to notify us within two days of your *effective date* or as soon as reasonably possible so we can review and *authorize medically necessary* services. If services are at a non-contracted *hospital*, claims will be paid at the *allowed amount,* and you may be billed for any balance of costs above the *allowed amount*.

Non-Silver State Health Insurance Exchange Plan Enrollment

You can also enroll in a health insurance plan for you and your family through the Silver State Health Insurance Exchange (Nevada's state-based health insurance exchange). The Silver State Health Insurance Exchange allows you to get quotes from different insurance companies that are available on the Exchange. You can compare different plans, get quotes and find out if you qualify for financial assistance. The Silver State Health Insurance Exchange is the only way to receive financial assistance for your health insurance. You can enroll online by visiting www.nevadahealthlink.com or by calling 1-800-547-2927 (TTY 711).

PREMIUMS

Premium Payment

Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual open enrollment period.

Grace Period

Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a 60-day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the *policy* will stay in force; however, claims may pend for *covered services* rendered to the *member* during the grace period. We will notify the *member*, as well as providers of the possibility of denied claims when the *member* is in the grace period.

Third Party Payment of Premiums or Cost Sharing

We require each policyholder to pay his or her premiums and this is communicated on your monthly billing statements. Our payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting *third party* premiums. Consistent with CMS guidance, the following are the only acceptable third parties who may pay premiums on your behalf:

1. Ryan White HIV/AIDS program under Title XXVI of the Public Health Service Act;
2. Indian tribes, tribal organizations, or urban Indian organizations;
3. State and federal government programs;
4. Family *members*;
5. An employer for an employee under an Individual Coverage Health Reimbursement Account (ICHRA) or Qualified Small Employer Health Reimbursement Account (QSEHRA) plan; or
6. Private, not-for-profit foundations which have no incentive for financial gain, no financial relationship, or affiliation with providers of *covered services* and supplies on behalf of *members*, where eligibility is determined based on defined criteria without regard to health status and where payments are made in advance for a coverage period from the *effective date* of eligibility through the remainder of the *calendar year*.

Upon discovery that premiums were paid by a person or entity other than those listed above, we will reject the payment and inform the *member* that the payment was not accepted, and that the premium remain due.

Misstatement of Age

If a *member's* age has been misstated, the *member's* premium may be adjusted to what it should have been based on the *member's* actual age.

Change or Misstatement of Residence

If you change your *residence*, you must notify us of your new *residence* within 60 days of the change. As a result, your premium may change, and you may be eligible for a Special Enrollment Period. See the Special and Limited Enrollment provision for more information.

Misstatement of Tobacco or Nicotine Use

The answer to the *tobacco or nicotine* question on the enrollment application is material to our correct underwriting. If a *member's use of tobacco* or *nicotine* has been misstated on the *member's* enrollment application for coverage under this *policy,* we have the right to rerate the *policy* back to the original *effective date*.

PRIOR AUTHORIZATION

Ambetter reviews services to ensure the care you receive is the best way to help improve your health condition. *Utilization review* includes:

1. Pre-service or *prior authorization* review – occurs when a medical service has been pre-approved by Ambetter;
2. Concurrent review – occurs when a medical service is reviewed as they happen (e.g., *inpatient* stay or *hospital* admission);
3. Retrospective review – occurs after a service has already been provided.

Prior Authorization Required

Some medical and *behavioral health covered services* require *prior authorization*. In general, *network providers* must obtain *authorization* from us prior to providing a service or supply to a *member.* However, there are some *network eligible expenses* for which you must obtain the *prior authorization*.

For services or supplies that require *prior authorization*, as shown on the *Schedule of Benefits*, you must obtain *authorization* from us before you or your *dependent member:*

1. Receive a service or supply from a *non-network provider;*
2. Are admitted into a *network* facility by a *non-network provider;* or
3. Receive a service or supply from a *network provider* to which you or your *dependent member* were referred to by a *non-network provider.*

Pursuant to the federal No Surprises Act, *emergency services* received from a *non-network provider* are *covered services* without *prior authorization*.

Prior authorization (medical and *behavioral health*) requests must be received by phone/eFax/provider portal as follows:

1. At least 15 days prior to an elective admission as an *inpatient* in a *hospital*, *extended care* or *rehabilitation facility*, or *hospice* facility.
2. At least 30 days prior to the initial evaluation for organ transplant services.
3. At least 30 days prior to receiving clinical trial services.
4. Within 24 hours of any *inpatient* admission including emergent *inpatient* admissions.
5. At least 15 days prior to the start of *home health care* except those *members* needing *home health care* after *hospital* discharge.

After *prior authorization* has been received, we will notify you and your provider if the request has been *approved* as follows:

1. For urgent concurrent reviews within 24 hours (one calendar day) of receipt of the request.
2. For urgent *pre-service* reviews, within 72 hours (three calendar days) of receipt of request.
3. For non-urgent *pre-service* reviews within 15 calendar days of receipt of the request.
4. For *post-service* or retrospective reviews, within 30 calendar days of receipt of the request.

In situations where additional information is needed to make a decision, these timeframes may be extended in accordance with *applicable law*.

You do not need to obtain *prior authorization* from us or from any other person (including your *PCP*) in order to obtain access to obstetrical or gynecological care from a *medical practitioner* in our *network* who specializes in obstetrics or gynecology. The *medical practitioner*, however, may be required to comply with certain procedures, including obtaining *prior authorization* for certain services, following a pre-approved treatment plan or procedures for making referrals. For a list of participating *medical practitioners* who specialize in obstetrics or gynecology, contact Member Services.

How to Obtain Prior Authorization

To obtain *prior authorization* or to confirm that a *network provider* has obtained *prior authorization*, contact us by telephone at the telephone number listed on your *member* identification card before the service or supply is provided to the *member.*

Failure to Obtain Prior Authorization

Failure to comply with the *prior authorization* requirements will result in benefits being reduced or not covered.

Network providers cannot bill you for services for which they fail to obtain *prior authorization* as required.

Benefits will not be reduced for failure to comply with *prior authorization* requirements prior to receiving *emergency services.* However, you must contact us as soon as reasonably possible after you receive the *emergency services*.

Prior Authorization Does Not Guarantee Benefits

Our *authorization* does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the *policy.*

Denied Prior Authorization

Refer to the Appeal and Grievance Procedures section of this *policy* for information on your right to *appeal* a denied *authorization*.

Requests for Predeterminations

You may request a predetermination of coverage. We will provide one if circumstances allow us to do so. However, we are not required to make a predetermination of either coverage or benefits for any particular treatment or medical expense. Any predetermination we may make will be reviewed after the medical expense is incurred and a claim is filed. A review that shows one or more of the following may cause us to reverse the predetermination:

1. The predetermination was based on incomplete or inaccurate information initially received by us.
2. The medical expense has already been paid by someone else.
3. Another party has already paid or is responsible for payment of the medical expense.

We will make all benefit determinations after a *loss* in good faith. All benefit determinations are subject to our receipt of proper *proof of loss.*

Services from Non-Network Providers

Except when *balance billing protections* apply to a *covered service* provided by a *non-network provider*, we do not normally cover services received from *non-network providers*. If a situation arises where a *covered service* cannot be obtained from a *network provider* located within a reasonable distance, we may provide a *prior authorization* for you to obtain the service from a *non-network provider* at no greater cost to you then if you went to a *network provider*. If *covered services* are not available from a *network provider*, you or your *PCP* must request *prior authorization* from us before you receive services from a *non-network provider*. Otherwise, you will be responsible for all charges incurred.

COST SHARING FEATURES

Cost Sharing Features

We will pay benefits for *covered services* as described in the *Schedule of Benefits* and the Major Medical Expense Benefits sections of this *policy*. All benefits we pay will be subject to all conditions, limitations, and *cost sharing* features of this *policy*. *Cost sharing* means that you participate or share in the cost of your health care services by paying *deductible amounts*, *copayments* and *coinsurance* for some *covered services*. For example, you may need to pay a provider a *deductible, copayment* or *coinsurance* amount when you visit your *physician* or are admitted into the *hospital*. The *copayment* or *coinsurance* required for each type of service as well as your *deductible* is listed in your *Schedule of Benefits*.

When you, or a covered dependent, receive health care services from a provider, there may be multiple claims for that episode of care. An episode of care means the services provided by a health care facility or provider to create a condition or *illness*. Each claim that we receive for services covered under this *policy* are adjudicated or processed as we receive them. Coverage is only provided for *eligible expenses*. Each claim received will be processed separately according to the *cost share* as outlined in this *policy* and in your *Schedule of Benefits*.

Deductible

The *deductible amount* means the amount of *covered services* that must be paid to a provider by each/all *members* before any benefits are provided or payable. The *deductible amoun*t does not include any *copayment amount* or *coinsurance* amount. Not all *covered services* are subject to the *deductible amount*. See your *Schedule of Benefits* for more details.

Copayments

A *copayment* is typically a fixed dollar amount due at the time of service. *Members* may be required to pay *copayments* to a provider each time services are performed that require a *copayment*. *Copayments,* as shown in the *Schedule of Benefits*, are due at the time of service. Payment of a *copayment* does not exclude the possibility of a provider billing you for any non-covered services. *Copayments* do not count or apply toward the *deductible amount* but do apply toward your *maximum out-of-pocket amount*.

Coinsurance Percentage

A *coinsurance amount* is your share of the cost of a service. *Members* may be required to pay a provider a *coinsurance amount* in addition to any applicable *deductible amount(s)* due for a *covered service* or supply. *Coinsurance amounts* do not apply toward the *deductible* but do apply toward your *maximum out-of-pocket amount*.

Maximum Out-of-Pocket

You must pay a provider any applicable *copayments, coinsurance, or deductible amounts* required until you reach the *maximum out-of-pocket amount* shown in your *Schedule of Benefits*. After the *maximum out-of-pocket amount* is met for an individual, we will pay 100 percent of the cost for *covered services*. The family *maximum out-of-pocket amount* is two times the individual *maximum out-of-pocket amount*. For the family *maximum out-of-pocket amount*, once a *member* has met the individual *maximum out-of-pocket amount*, the remainder of the family *maximum out-of-pocket amount* can be met with the combination of any one or more *members*' *eligible expenses*.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *policy*; and
2. A determination of *eligible expenses*.
3. Any reduction for expenses incurred at a *non-network provider*. Please refer to the information in your *Schedule of Benefits*.

The applicable *deductible amount(s), copayment amounts,* and *coinsurance amounts* are shown on your *Schedule of Benefits*.

Non-Network Liability and Balance Billing

If you receive services from a *non-network provider*, you may have to pay more for services you receive. *Non-network providers* may be permitted to bill you for the difference between what we agreed to pay and the full *billed amount* for a service. This is known as *balance billing*. This amount is likely more than *network* costs for the same service and might not count toward your annual *maximum out-of-pocket amount* limit.

However, you will not be *balance billed* when *balance billing protections* apply to *covered services*.

Health Savings Account (HSA)

A Health Savings Account (HSA) is a special tax-exempt custodial account or trust owned by a *member* where contributions to the account may be used to pay for current and future qualified medical expenses. Please refer to your *Schedule of Benefits* to see if the plan you are enrolled in has an HSA. For *members* enrolled in an HSA compatible plan, the following terms apply.

Individual *members* must satisfy federal HSA eligibility criteria in order to open and contribute to an HSA.

This Evidence of Coverage is administered by Ambetter from SilverSummit Healthplan and underwritten by SilverSummit Healthplan. Neither entity is an HSA trustee, HSA custodian or a designated administrator for HSAs. SilverSummit Healthplan, its designee and its affiliates, including Ambetter from SilverSummit Healthplan, do not provide tax, investment or legal advice to *members*.

***MEMBERS* ARE SOLELY RESPONSIBLE FOR ADHERING TO ALL FEDERAL REGULATIONS AND GUIDELINES CONCERNING HSA MAXIMUM ALLOWABLE AMOUNT, CONTRIBUTIONS AND QUALIFIED WITHDRAWALS. IN ADDITION, EACH *MEMBER* WITH AN HSA IS RESPONSIBLE FOR NOTIFYING HIS/HER HSA CUSTODIAN OR TRUSTEE IF ENROLLMENT UNDER THEIR HSA PLAN HAS BEEN CANCELED OR TERMINATED.**

THE TERMS OF THIS EVIDENCE OF COVERAGE ARE CONFINED TO THE BENEFITS PROVIDED HEREIN AND DO NOT ENCOMPASS ANY INDIVIDIUAL HSA FEE ARRANGEMENTS, ACCOUNT MAINTENANCE OR CONTRIBUTION REQUIREMENTS, APPLICATION PROCEDURES, TERMS, CONDITIONS, WARRANTIES OR LIMITATIONS THERETO, GRIEVANCES OR CIVIL DISPUTES WITH ANY HSA CUSTODIAN OR TRUSTEE.

ACCESS TO CARE

Primary Care Physician (PCP)

In order to obtain benefits, you must designate a *network PCP* for each *member.* If you do not select a *network PCP* for each *member*, one will be assigned. You may select any *network PCP* who is accepting new patients from any of the following provider types:

1. Family practitioners
2. General practitioners
3. Internal medicine
4. Nurse practitioners*
5. Physician assistants
6. Pediatricians (for children)

*If you choose a nurse practitioner as your *PCP*, your benefit coverage and *copayment amounts* are the same as they would be services from other *network providers*. See your *Schedule of Benefits* for more information.

You may obtain a list of *network PCPs* at our website and using the “Find a Provider” function or by contacting Member Services.

You should get to know your *PCP* and establish a health relationship with them. Your *PCP* will:

1. Provide preventive care and screenings.
2. Conduct regular physical examinations as needed.
3. Conduct regular immunizations as needed.
4. Deliver timely service.
5. Work with other doctors when you receive care somewhere else.
6. Coordinate specialty care with *network specialist physicians.*
7. Provide any ongoing care you need.
8. Update your medical record, which includes keeping track of all the care that you get from all of your providers.
9. Treat all patients the same way with dignity and respect.
10. Make sure you can contact him/her or another provider at all times.
11. Discuss what advance directive are and file directives appropriately in your medical record.

Your *network PCP* will be responsible for coordinating all covered health services. You may be required to obtain a referral from your *PCP* in order to receive care from a *specialist physician*. You do not need a referral from your *network PCP* for *emergency* services, mental or *behavioral health* services or services from an obstetrician/gynecologist. You may seek services from a *network* obstetrician/gynecologist, a *behavioral health* or *substance use disorder* provider directly without a written *referral*.

Changing Your Primary Care Physician (PCP)

You may change your *network PCP* for any reason, but not more frequently than once a month, by submitting a written request, online at our website at Ambetter.SilverSummitHealthplan.com, or by contacting our office at the number shown on your identification card. The change to your *network PCP* of record will be effective no later than 30 days from the date we receive your request.

Your *network* is subject to change. The most current *network* may be found online at our website or by contacting us at the number shown on your *member* identification card. A *network* may not be available in all areas. If you move to an area where we are not offering access to a *network*, please contact Member Services prior to moving or as soon as possible. You may have the opportunity to disenroll from coverage under this *policy* and enroll in a different health plan with a *network* in that area. **Note**: Services received from *non-network providers* are generally not *covered services* under this *policy*, except when *balance billing protections* apply to a *covered service* provided by a *non-network provider*. If you receive *covered services* from *non-network providers* that are not subject to *balance billing protections*, benefits will be calculated in accordance with the terms of this *policy* for *non-network providers.*

Coverage Under Other Policy Provisions

Charges for services and supplies that qualify as *covered services* under one benefit provision will not qualify as *covered services* under any other benefit provision of this *policy.*

Non-Emergency Services

If you are traveling outside of the Nevada *service area,* you may be able to access providers in another state if there is an Ambetter plan located in that state. You can locate Ambetter providers outside of Nevada by searching the relevant state in our Provider Directory at guide.ambetterhealth.com. Not all states have Ambetter plans. If you receive care from an Ambetter *provider* outside of the *service area*, you may be required to receive *prior authorization* for non-emergency services. Contact Member Services at the phone number on your *member* identification card for further information.

Emergency Services Outside of Service Area

We cover *emergency services* when you are outside of our *service area*.

If you are temporarily out of the *service area* and experience an *emergency condition*, call 911 or go to the nearest emergency room. Be sure to call us and report your emergency within one business day. You do not need *prior authorization* for *emergency services*.

Hospital Based Providers

When receiving care at a *network hospital* it is possible that some hospital-based providers may not be *network providers*. If you provide *notice and consent* to waive *balance billing protections*, you may be responsible for payment of all or part of the balance bill. Any amount you are obligated to pay to the *non-network provider* in excess of the *eligible expense* will not apply to your *deductible amount* or *maximum out-of-pocket amount*.

Continuity of Care

Under the federal No Surprises Act, if a *member* is a *continuing care patient* with respect to a *network provider* and the contractual relationship with the provider is terminated, such that the provider is no longer in the *network*; or benefits are terminated because of a change in the terms of the participation of the provider, as it pertains to the services the *member* is receiving as a *continuing care patient*, then we will:

1. Notify the *member* on a timely basis of the termination and their right to elect continued transitional care from the provider;
2. Provide the *member* with an opportunity to notify us of the *member's* need for transitional care; and
3. Permit the *member* to elect to continue to have their benefits for the course of treatment relating to their status as a *continuing care patient* during the period beginning on the date on which the notice described in (1) is provided and ending on the earlier of:
    a. 90 days after the end of the pregnancy for *continuing care patients* who are pregnant and undergoing a course of treatment for the *pregnancy*, and 120 days after the notice described in (1) is provided for all other c*ontinuing care patients*; or
    b. The date on which such *member* is no longer a *continuing care patient* with respect to the provider.

New Technology

Health technology is always changing. If we think a new medical advancement can benefit our *members*, we evaluate it for coverage. These advancements include:

1. New technology
2. New medical procedures
3. New drugs
4. New devices
5. New application of existing technology

Sometimes, our medical director and/or medical management staff will identify technological advances that could benefit our *members*. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology.

If the CPC does not review a request for coverage of new technology, our Medical Director will review the request and make a one-time determination. The CPC may then review the new technology request a future meeting.

Preferred Partnership

As innovative technologies and solutions are established in market under expedited research and development, we may elect to offer, at our discretion, new services or preferred partnerships designed to improve access to care and enhance *care management*. Ambetter

will provide access to *third party* services at preferred or discounted rates. The preferred or discounted rates to these services may be communicated to all *members* by email, mail or phone promotions. The preferred partnerships are optional benefits to all *members*.

MAJOR MEDICAL EXPENSE BENEFITS

The plan provides coverage for health care services for a *member* and/or dependents. Some services require preauthorization. *Copayment amounts, deductibles, and coinsurance* must be paid to your *network provider* at the time you receive services.

Essential health benefits are defined by federal and state law and refer to benefits in at least the following categories: ambulatory patient services, *emergency services*, hospitalization, maternity and newborn care, *mental health disorder* and *substance use disorder* services, including *behavioral health* treatment, *prescription drugs*, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care. Essential health benefits provided within this *policy* are not subject to lifetime or annual dollar maximums. Certain non-essential health benefits, however, are subject to either a lifetime or annual dollar maximum.

All *covered services* are subject to conditions, exclusions, limitations, terms and provision of this *policy*. *Covered services* must be *medically necessary* and not *experimental or investigational*.

Benefit Limitations
Limitations may also apply to some *covered services* that fall under more than one *covered service* category. Please review all limits carefully. Ambetter will not pay benefits for any of the services, treatments, items or supplies that exceed benefit limits.

Treatment goals for services may include the maintenance of functioning, or the prevention or slowing of further deterioration. *Custodial care* and long-term nursing care are not *covered services* under this *policy*.

To ensure that appropriate post-acute care treatment is provided, this *policy* includes coverage for expenses related to periodic reevaluation of the care of an individual covered who:

1. Has incurred an *acquired brain injury*;
2. Has been unresponsive to treatment; and
3. Is medically stable; and

4. To ensure that appropriate post-acute care treatment is provided, this plan includes coverage for reasonable expenses related to periodic reevaluation of the care of an individual covered with the expectation that with the provision of these services and support, the person can return to a community-based setting, rather than reside in a facility setting.

We understand special health needs and are prepared to help you manage any that you may have. Our *care management* services can help with complex medical or *behavioral health* needs. If you qualify for *care management*, we will partner you with a care manager. Care managers are registered nurses or social workers that are specially trained to help you:

1. Better understand and manage your health conditions.
2. Coordinate services.
3. Locate community resources.

Your care manager will work with you and your doctor to help you get the care you need. Any expense

that exceeds the maximum *allowed amount* for the standard item which is a *covered service* is your responsibility. For example, the reimbursement for a motorized wheelchair will be limited to the reimbursement for a standard wheelchair, when a standard wheelchair adequately accommodates your condition. Repair, adjustment, and replacement of purchased equipment, supplies, or appliances as set forth below may be covered, as *approved* by us. 4. The equipment, supply, or appliance is damaged and cannot be repaired.

Benefits for repairs and replacement do not include the following:

Examples include, but are not limited to, wheelchairs, crutches, *hospital* beds, and oxygen equipment. Rental cost must not be more than the purchase price. We will not pay for rental for a longer period of time than it would cost to purchase equipment. The cost for delivering and installing the equipment are *covered services*. Payment for related supplies is a *covered service* only when the equipment is a rental, and medically fitting supplies are included in the rental; or the equipment is owned by the *member*; medically fitting supplies may be paid separately. A mammography examination, called a mammogram, aids in the early detection and diagnosis of breast cancer. Mammograms are classified as either a screening or a diagnostic mammogram, depending on the circumstances and how the procedure is billed.

Maternity Care

An *inpatient* stay is covered for mother and newborn for a minimum of 48 hours following a vaginal delivery and 96 hours following a delivery by cesarean section. We do not require that a *physician* or other health care provider obtain *prior authorization* for the delivery. An *inpatient* stay longer than 48 hours for a vaginal delivery or 96 hours for a cesarean delivery will require notification to the health plan.

Note: This provision does not amend this *policy* to restrict any terms, limits, or conditions that may otherwise apply to *covered services* for maternity care. This provision also does not require a *member* who is eligible for coverage under a health benefit plan to:

1. Give birth in a *hospital* or other health care facility; or
2. Remain under *inpatient* care in a *hospital* or other health care facility for any fixed term following the birth of a child.

Please reference General Non-Covered Services and Exclusions section as limitations may exist.

Please refer to the Dependent Member Coverage section for details regarding Coverage for a Newborn Child/Coverage for an adopted child.

Newborns' and Mothers' Health Protection Act Statement of Rights
Health Insurance Issuers generally may not, under federal law, restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain *authorization* from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Under federal law, health insurance issuers generally may not restrict benefits otherwise provided for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However, we may provide benefits for *covered services* incurred for a shorter stay if the attending provider (e.g., your *physician*, nurse, midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

The level of benefits and out-of-pocket costs for any later part of the 48-hour (or 96-hour) stay will not be less favorable to the mother or newborn than any earlier part of the stay. We do not require that a *physician* or other health care provider obtain *authorization* for prescribing a length of stay of up to 48 hours (or 96 hours).

Note: This provision does not amend this *policy* to restrict any terms, limits, or conditions that may otherwise apply to *covered services* for childbirth.

Prescription Drug Expense Benefits

We work with providers and pharmacists to ensure that we cover medications used to treat a variety of conditions and diseases.

Covered services in this benefit provision are limited to charges from a licensed *pharmacy* for:
1. A *prescription drug.*
2. Prescribed, oral anticancer medication. Self-administered oral cancer drugs are capped at $100 per 30-day supply.
3. Any drug that, under the applicable state law, may be dispensed only upon the written prescription of a *physician.*
4. Preventative HIV drugs and oral contraceptives, covered on the formulary, will be covered, regardless if a prescription is required or not, provided that appropriate pharmacy dispensing procedures are followed by a *network* pharmacy.
5. Off-label drugs that are:
    a. Recognized for treatment of the indication in at least one (1) *Standard Reference Compendium*; or

b. The drug is recommended for a particular type of cancer and found to be safe and effective in formal clinical studies, the results of which have been published in a peer reviewed professional medical journal published in the United States or Great Britain.

6. If the governor of Nevada issues a state of emergency or issues a declaration of disaster, we will waive any restriction of the time within which a *member* may refill a covered prescription drug to the extent permitted by *applicable law*, provided the *member*:
   a. Has not exceeded the number of refills *authorized* by the prescribing *physician*;
   b. Resides in the area for which the emergency or disaster has been declared; and
   c. Requests the refill not later than 30 days after the issuance of the declaration of a state of emergency or disaster, whichever is later.
7. We will *authorize* payment for, and may apply a *copayment, coinsurance*, or *deductible* to, a supply of a covered *prescription drug* for up to 30 days for a *member* who requests a refill pursuant to number 6.

As used in this section, *Standard Reference Compendia* means (a) The American Hospital Formulary Service Drug Information, (b) The American Medical Association Drug Evaluation, or (c) The United States Pharmacopoeia-Drug Information.

Self-Injectable Drugs
Self-injectable drugs are delivered into a muscle or under the skin with a syringe and needle. Although medical supervision or instruction may be needed in the beginning, the patient or caregiver can administer *self-injectable drugs* safely and effectively. *Self-injectable drugs* are covered under the *prescription drug* benefits; *prescription drug cost share* applies.

Medication Balance-On-Hand
Medication refills are prohibited until a *member's* cumulative balance-on-hand is equal to or fewer than 15 days' supply of medication. This provision operates in addition to any applicable medication quantity limit or refill guidelines.

Extended Days' Supply
Maintenance medications are generally taken daily for chronic and lifelong conditions. Extended days' supply fills (up to 90 days) of select maintenance medications are available exclusively through select pharmacies. For more information, please consult our website.

In-network pharmacy: Up to 30-day supply of maintenance medications and non-maintenance medications
Retail: Maintenance medications with days' supply of 84-90 days
Mail Order: Maintenance medications with days' supply of 31-90 days

Formulary or Prescription Drug List
The formulary or *prescription drug* list is a guide to available generic and brand name drugs and some over-the-counter medications when ordered by a *physician* that are approved by the Food and Drug Administration (FDA) and covered through your *prescription drug* benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The FDA requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed on tier 2 of the drug list

to help identify brand name drugs that are clinically appropriate, safe and cost-effective treatment options, if a generic medication on the formulary is not suitable for your condition.

Note: The formulary is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed, or additional requirements may be added in order to approve continued usage of a specified drug.

Specific prescription benefit plan designs may not cover certain products or categories, regardless of their appearance in the formulary. For the most current Ambetter formulary or prescription drug list or for more information about our pharmacy program, visit Ambetter.SilverSummitHealthplan.com (under "For *Member*", "Drug Coverage") or call Member Services.

Over-the-Counter (OTC) Prescriptions
We cover a variety of over-the-counter (OTC) medications when ordered by a *physician.* You can find a list of covered over-the-counter medications in our formulary – they will be marked as "OTC". Your *prescription order* must meet all legal requirements.

How to Fill a Prescription
Prescription can be filled at a *network* retail pharmacy or through our mail order pharmacy.

If you decide to have your prescription filled at a *network* pharmacy, you can use the Provider Directory to find a pharmacy near you. You can access the Provider Directory at Ambetter.SilverSummitHealthplan.com on the "Find a Doctor" page. You can also call Member Services to help you find a pharmacy. At the pharmacy, you will need to provide the pharmacist with your prescription and your *member* identification card.

We also offer a three-month (90-day) supply of maintenance medications by mail or from *network* retail pharmacies for specific benefit plans. These drugs treat long-term conditions or *illnesses*, such as high blood pressure, asthma and diabetes. You can find a list of covered medications on Ambetter.SilverSummitHealthplan.com. You can also request to have a copy mailed directly to you.

Mail Order Pharmacy
Mail order pharmacy offers a convenient way to receive your prescriptions. Eligible prescriptions will be safely delivered right to your door at no extra charge to you. You will still be responsible for your regular *copayment/coinsurance*. To enroll for mail order delivery or for any additional questions, please refer to our Ambetter website. Once on our Ambetter website, click on "For Members", followed by "Drug Coverage". Under the "Mail Order" section, you will find details on your in-network mail order pharmacies and next steps for enrollment.

The appropriate drug choice for a *member* is a determination that is best made by the *member* and his or her *medical practitioner.*

Certain specialty and non-specialty generic medications may be covered at a higher *cost share* than other generic products. Please reference the formulary and *Schedule of Benefits* for additional information. For purposes of this section, the tier status as indicated by the formulary will be applicable.

Extended Days' Supply
Maintenance medications are generally taken daily for chronic and lifelong conditions. Extended days' supply fills (up to 90 days) of select maintenance medications are available exclusively through select pharmacies. For more information, please consult our website.

Mail orders less than 90-days are subject to the standard *cost sharing* amount.

18. For any drug related to dental restorative treatment or treatment of chronic periodontitis, where drug administration occurs at dental practitioner's office.
19. For any prescription or over the counter version of vitamin(s) unless otherwise included on the formulary.
20. For any drug related to surrogate *pregnancy* for non-covered *members* acting as a surrogate.
21. For any claim submitted by non-lock-in pharmacy while *member* is in lock-in status. To facilitate appropriate benefit use and prevent overutilization, *member's* participation in lock-in status will be determined by review of pharmacy claims.
22. For any injectable medication or biological product that is not expected to be self-administered by the *member* at *member's* place of *residence* unless listed on the formulary.
23. Medication refills where a *member* has more than 15 days' supply of medication on hand, excluding early refills of topical ophthalmic products.
24. Compound drugs unless there is at least one ingredient that is an FDA approved drug.
25. For immunization agents otherwise not required by the Affordable Care Act.

Non-Formulary Prescription Drugs
Under the Affordable Care Act, you have the right to request coverage of *prescription drugs* that are not listed on the plan formulary (otherwise known as "non-formulary drugs"). To exercise this right, please get in touch with your *medical practitioner*. Your medical practitioner can utilize the usual *prior authorization* request process. See "Prescription Drug Exception Process" for additional details.

Lock-In Program
To help decrease overutilization and abuse, certain *members* identified through our lock-in program, may be locked into a specific pharmacy for the duration of their participation in the lock-in program. *Members* locked into a specific pharmacy will be able to obtain their medication(s) only at specified location. Ambetter Pharmacy, together with Medical Management will review *member* profiles and using specific criteria, will recommend *members* for participation in lock-in program. *Members* identified for participation in lock-in program and associated providers will be notified of *member* participation in the program via mail. Such communication will include information on duration of participation, pharmacy to which *member* is locked-in, and any *appeals* rights.

Split-Fill Dispensing Program
Members are limited to 15-day supplies for the first 90 days when starting new therapy using certain medications (like oral oncology). *Members* pay half the 30-day *cost share* for a 15-day supply and would be responsible for the other half of the 30-day *cost share* for each additional 15-day supply. After 90 days, *members* will fill their medications for 30-day supplies.

Topical Ophthalmic Products
A *member* can receive early refills of topical ophthalmic products in the following manner:
1. After 21 days or more but before 30 days after receiving any 30-day supply of the product;
2. After 42 days or more but before 60 days after receiving any 60-day supply of the product; or
3. After 63 days or more but before 90 days after receiving any 90-day supply of the product.

Prescription Drug Continuity of Coverage
A previously approved *prescription drug* order will be honored, unless after a reasonable investigation, it is determined by your provider that a different and presently approved drug is medically appropriate, safe, and effective in treating your medical condition.

Prescription Drug Synchronization
Under Nevada law, you have the right to request synchronization of your medications. Synchronization is alignment of your fill dates so that all of your medication-refill dates are on the same day. For example, if you fill medication A on the 5th of each month and your provider prescribes you a new prescription B on the 20th of the month, you have the right to request a refill for prescription B that is shorter or longer than 30 days. This may help you adjust your fill dates for medication B and synchronize the fill dates with medication A. We will adjust *copays* to reflect shorter or longer coverage. If you would like to exercise this right, please call our Member Services.

Prescription Drug Exception Process
Non-formulary exception requests
Standard exception request
A *member*, a *member's authorized representative* or a *member's* prescribing *physician* may request a standard review for a non-formulary drug. The request can be made in writing or via telephone. Within 72 hours of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's* prescribing *physician* with our coverage determination. Should the standard exception request be granted, we will provide coverage of the non-formulary drug for the duration of the prescription, including refills.

Step therapy exception requests
Standard exception request
A *member*, a *member's authorized representative* or a *member's* prescribing *physician* may request a standard review for exception to the step therapy protocol. The request can be made in writing or via telephone. Within 2 business days of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's* prescribing *physician* with our coverage determination.

Exception requests for stage 3 or 4 cancer treatment
Members with a diagnosis of stage 3 or 4 cancer, or the treating *physician* of such a *member*, are eligible under this *policy* to apply for an exemption to the step therapy protocol that would otherwise be required. Exception requests can be submitted using regular *prior authorization* procedures.

Requests for exemptions must include the clinical rationale for the exemption and any relevant medical information and accompanying supporting documentation including the medical history or other health records of the *member* establishing that the *member* has tried other drugs included in the pharmacological class of drugs for which the exemption is requested without success, or taken the requested drug for a clinically appropriate amount of time to establish stability in relation to the cancer and the guidelines of the prescribing practitioner. Each application shall be reviewed by at least one physician, registered nurse, or pharmacist. We will disclose the qualifications of each reviewer of the application to the applicant.

Requests for exemption are available online at ambetter.silversummithealthplan.com/provider-resources/manuals-and-forms.html.

How to request an exemption:
To request non-formulary exemption, exemption to step-therapy protocol or cancer diagnosis drug use exemption the provider can follow regular *prior authorization* procedure.

Upon receiving the application, we will determine whether the application is complete or request additional information or documentation necessary to complete the application, within 72 hours for non-formulary drugs and 2 business days for step therapy protocol exemption. If we request additional information or documentation, we will make a determination within 72 hours for non-formulary drugs and 2 business days for step therapy protocol exemption, of receiving the requested information or documentation.

If, in the opinion of the attending *physician*, a step therapy protocol may seriously jeopardize the life or health of the *member*, we will make the determination as expeditiously as necessary to avoid serious jeopardy to the life or health of the *member*.

Applications for exemptions will be granted for *members* for whom: any treatment otherwise required under the step therapy or any drug in the same pharmacological class or having the same mechanism of action as the drug for which the exemption is requested has not been effective at treating the cancer or symptom of the *member*; or delay of effective treatment would have severe or irreversible consequences for the *member* and the treatment otherwise required under step therapy is not reasonably expected to be effective based on the physical or mental characteristics of the *member* and the known characteristics of the treatment; or each treatment otherwise required under the step therapy is contraindicated for the *member* or has caused, or is likely based on peer-reviewed clinical evidence, to cause an adverse reaction or other physical harm to the *member*, or has prevented or is likely to prevent the *member* from performing the responsibilities of his or her occupation or engaging in the activities of daily living; or the condition of the *member* is stable while being treated with the prescription drug for which the exemption is being requested and the *member* has previously received approval for coverage of that drug; or any other condition for which such an exemption is required by regulation is met.

If we approve an application for an exemption from the step therapy protocol, we will provide coverage for the prescription drug to which the exemption applies for as long as is necessary to treat the *member* for the cancer or symptom. We may initially limit coverage to the prescription drug to a one-week supply. If the attending *physician* determines that after one week the drug is effective at treating the cancer or symptom for which it was prescribed, we will continue to cover the drug for as long as is necessary to treat the cancer or symptom. We may conduct a review once a quarter to determine, in accordance with available medical evidence, whether the drug remains necessary to treat the *member* for the cancer or symptom. Upon such review, we will provide a report of the review to the *member*.

Expedited exception request
A *member*, a *member's authorized representative* or a *member's* prescribing *physician* may request an expedited review based on exigent circumstances. Exigent circumstances exist when a *member* is suffering from a health condition that may seriously jeopardize the *member's* life, health, or ability to regain maximum function or when a *member* is undergoing a current course of treatment using a non-formulary drug. Within 24 hours of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's* prescribing *physician* with our coverage determination. Should the standard

exception or step therapy protocol exception request be granted, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the exigency.

External exception request review
If we deny a request for a standard exception or for an expedited exception, the *member*, the *member's authorized representative* or the *member's* prescribing *physician* may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. We will make our determination on the external exception request and notify the *member*, the *member's authorized representative* or the *member's* prescribing *physician* of our coverage determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception.

If we grant an external exception review of a standard exception or step therapy protocol exception request, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the prescription. If we grant an external exception review of an expedited exception request, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the exigency.

Preventive Care Expense Benefits

Preventive care services are covered as required by the Affordable Care Act (ACA). According to the ACA, preventive care services must include the following:

1. Evidence based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF).
2. Immunizations for routine use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Center for Disease Control and Prevention (CDC).
3. With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
4. With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the HRSA, to the extent the care is not illegal under *applicable law*.

Preventive care benefits obtained from a *network provider* are covered without *member cost share* (i.e., covered in full without *deductible amount*, *coinsurance amount* or *copayment amount*). For current information regarding available preventive care benefits, please access the federal government's website at www.healthcare.gov/coverage/preventive-care-benefits/.

Preventive care refers to services or measures taken to promote health and early detection or prevention of diseases and *injuries*, rather than treating or curing them. Preventive care includes, but is not limited to, immunizations, medications, *tobacco* cessation treatment, examinations and screening tests tailored to an individual's age, health and family history.

Certain services can be performed for preventive or diagnostic reasons (e.g., mammograms). If a service is deemed preventive care and is appropriately reported/billed, it will be covered under the preventive care services benefit. However, when a service is performed for

diagnostic purposes and reported/billed accordingly, it will be considered a non-preventive medical benefit and appropriate *cost share* will apply. **Note:** If preventive and diagnostic services are performed during the same visit, applicable *cost share* will be taken for the latter.

As new preventive care recommendations and guidelines are issued (by the USPSTF, CDC or HRSA), those services will become covered preventive care benefits. According to the ACA, coverage of new recommendations and guidelines become effective upon a plan's start or anniversary date that is one year after the date the recommendation or guideline is issued.

In addition to providing coverage in accordance with the ACA, we also provide preventive care benefits in accordance with applicable state law.

Our Ambetter Health Preventive Services Guide is updated annually and contains detailed information regarding preventive care coverage available to you. It is accessible via our website Ambetter.SilverSummitHealthplan.com To request a paper copy, please contact Member Services for assistance.

Prostate Specific Antigen Testing

Covered services include an annual digital rectal examination and prostate specific antigen test performed to determine the level of prostate specific antigen in the blood for a *member* who is at average risk and at least 50 years of age (if high risk of prostate cancer, eligibility starts between 40-49 years of age).

Radiology, Imaging and Other Diagnostic Testing

Medically necessary radiology services, imaging and tests performed for diagnostic reasons are a *covered service* (e.g., X-ray, Magnetic Resonance Imaging (MRI), Computed Tomography (CT scan), Positron Emission Tomography/Single Photon Emission Computed Tomography (PET/SPECT), mammogram and ultrasound). *Prior authorization* may be required, see your *Schedule of Benefits* for details.

Note: Depending on the service performed, two bills may be incurred – both subject to any applicable *cost sharing* – one for the technical component (the procedure itself) and another for the professional component (the reading/interpretation of the results by a *physician* or other qualified practitioner).

Non-network providers should not bill you for *covered services* for any amount greater than your applicable participating *cost sharing* responsibilities when *balance billing protections* apply to the radiology, imaging, and other diagnostic testing services.

Second Medical Opinion

Members are entitled to a second medical opinion under the following conditions:

1. Whenever a minor *surgical procedure* is recommended to confirm the need for the procedure;
2. Whenever a serious *injury* or *illness* exists; or
3. Whenever you find that you are not responding to the current treatment plan in a satisfactory manner.

If requested, the second opinion consultation is to be provided by a *physician* of the *member's* choice. The *member* may select a *network provider* listed in the Provider Directory. If a

member chooses a *network provider*, he or she will only be responsible for the applicable *copayment amount* for the consultation. Any lab tests and/or diagnostic and therapeutic services are subject to additional *cost sharing*.

Sleep Studies

Sleep studies are covered when determined to be *medically necessary*; *prior authorization* may be required. **Note:** A sleep study can be performed either at home or in a facility.

Transplant Expense Benefits

Covered Services for Transplant Service Expenses:
Transplants are a *covered service* when a *member* is accepted as a transplant candidate and pre-*authorized* in accordance with this *policy*. *Prior authorization* must be obtained through a *Center of Excellence* before an evaluation for a transplant. We may require additional information such as testing and/or treatment before determining medical necessity for the transplant benefit. *Authorization* must be obtained prior to performing any related services to the transplant *surgery.* Transplant services must meet medical criteria as set by Medical Management policy.

Cost share benefit coverage related to transplant services is available to both the recipient and donor of a covered transplant as follows:

1. If both the donor and recipient have coverage provided by the same insurer, each will have their benefits paid by their own coverage program.
2. If you are the recipient of the transplant, and the donor for the transplant has no coverage from any other source, the benefits under this *policy* will be provided for both you and the donor. In this case, payments made for the donor will be charged against the *member's* benefits.
3. If you are the donor for the transplant and no coverage is available to you from any other source, the benefits under this *policy* will be provided for you. However, no benefits will be provided to the recipient.
4. If there is a lapse in coverage due to non-payment of premium, no services related to transplants will be paid as a *covered service*.

5. Pre-transplant stabilization, meaning an *inpatient* stay to *medically stabilize to* prepare for a later transplant, whether or not the transplant occurs.
6. The transplant itself, including the acquisition cost for the organ or bone marrow when *authorized* through the *Center of Excellence* and services are performed at a *network facility*.

Please refer to the "Member Transplant Travel Reimbursement Policy" for outlined details on reimbursement limitations Ambetter.SilverSummitHealthplan.com/resources/handbooks-forms.html.

These medical expenses are covered to the extent that the benefits remain and are available under the *member's policy,* after benefits for the *member's* own expenses have been paid. In the event of such coverage, the otherwise existing coverage of a live donor shall be secondary to the benefits under the *member's policy*.

Ancillary "Center of Excellence" Service Benefits
A *member* may obtain services in connection with a *medically necessary* transplant from any *physician*. However, if a *medically necessary* transplant is performed in a *Center of Excellence:*

We will reimburse *members* for the proof of costs directly related for transportation, lodging and any of the following approved items listed in the *member* transplant reimbursement guidelines. However, you must make the arrangements and provide the necessary paid receipts for reimbursement within six months of the date of service in order to be reimbursed.

Urgent Care Service Benefits

Urgent care services include *medically necessary* services by *network providers* and services provided at an *urgent care center* including facility costs and supplies. Care that is needed after a *PCP's* normal business hours is also considered to be urgent care. Your zero-cost sharing preventive care benefits may not be used at an *urgent care center*.

Members are encouraged to contact their *PCP* for an appointment before seeking care from another provider but contracted *urgent care centers* and walk in clinics can be used when an urgent appointment is not available. If the PCP is not available and the condition persists, call the 24/7 Nurse Advice Line at 1-866-263-8134 (TTY 1--855-868-4945). The 24/7 Nurse Advice Line is available 24 hours a day, seven days a week. A registered nurse can help you decide the kind of care most appropriate for your specific need.

WELLNESS PROGRAMS AND OTHER OFFERINGS

In connection with this *policy*, we may offer wellness programs and other services to *members* that serve to remove barriers to accessing health services and improve overall health outcomes. These programs and services are available when your coverage begins and continue as long as your coverage remains active. Participation in these programs and services is optional and available at no additional cost to *members*. The programs and services are available to you as part of this *policy* but are not insurance. We may make changes to the terms and conditions of the programs and services or discontinue them at any time. Program tools and service may vary within your market. To inquire about these programs and other offerings, and to learn about what programs are available in your area, please visit our website at Ambetter.SilverSummitHealthplan.com or by contacting Member Services.

The Ambetter Health preventive care and wellness program includes offerings for health check-ups, screenings for common conditions and vaccinations. Rewards may be available through the “My Health Pays” program for completing specific activities that promote healthy behaviors and address *social determinants of health*. *Members* may receive communications and outreach about this program.

We also offer general wellness, health improvement and care management programs that may include a reward or incentive that you may earn for completing different wellness-related activities.

If you have a medical condition that may prohibit you from participating in a wellness program, we may require you to provide verification, such as an affirming statement from your physician, that your medical condition makes it unreasonably difficult or inadvisable to participate in the wellness or health improvement program, in order for you to receive the reward or incentive.

You can access other services in connection with this *policy*, such as the “Ambetter Health Perks” program, which offers discounts on a wide range of activities, services, goods, financial tools, memberships, out-of-pocket prescription expenses, over-the-counter (OTC) health products, and health- and wellness-related services addressing *social determinants of health* and healthy lifestyle. *Members* are responsible for paying for the discounted goods or services and we do not endorse any vendor, goods or services associated with the program. *Members* may also have access to a zero-interest line of credit through the Ambetter Health Perks program for paying their *deductibles, copayments*, and *coinsurance* on *covered services*, with several repayment options to fit their needs. The Ambetter Health Perks program is offered to all *members*. We are not involved in administering programs; you will communicate directly with any vendors, if you choose to participate.

RIGHT OF REIMBURSEMENT

As used herein, the term "*third party*" means any party that is, or may be, or is claimed to be responsible for *injuries* or *illness* to a *member*. Such *illnesses* or *injuries* are referred to as "*third party* injuries." "Responsible party" includes any parties actually, possibly or potentially responsible for payment of expenses associated with the care or treatment of *third party* injuries.

If this plan provides benefits under this *policy* to a *member* for expenses incurred due to *third party* injuries, then SilverSummit Healthplan, Inc. retains the right to repayment of the full cost of all benefits provided by this plan on behalf of the *member* that are associated with the *third party* injuries. SilverSummit Healthplan, Inc.'s rights of recovery and reimbursement, as discussed herein, apply solely where SilverSummit Healthplan, Inc. is a secondary payer to other valid coverage as defined in NRS 689A.230.

By accepting benefits under this plan, the *member* also specifically acknowledges SilverSummit Healthplan, Inc.'s right of reimbursement. This right of reimbursement attaches when this plan has provided health care benefits for expenses incurred due to *third party* injuries and the *member* or the *member's* representative has recovered any amounts from any other valid coverage as defined in NRS 689A.230.

As a condition for our payment, the *member* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with us in order to obtain information about the *loss* and its cause.
2. To immediately inform us in writing of any claim made or lawsuit filed on behalf of a *member* in connection with the *loss*.
3. To include the amount of benefits paid by us on behalf of a *member* in any claim made against any *third party*.
4. To give SilverSummit Healthplan, Inc. a first-priority lien on any recovery, settlement or judgment or other sources of compensation which may be had from any other valid coverage as defined in NRS 689A.230.
5. To pay, as the first priority, from any recovery, settlement, judgment, or other source of compensation from other valid coverage as defined in NRS 689A.230
6. To take no action that prejudices our reimbursement rights. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits provided by this plan.
7. To sign, date, and deliver to us any documents we request that protect our reimbursement rights.
8. To reimburse us from any money received from any other valid coverage as defined in NRS 689A.230.
9. That we may reduce other benefits under the *policy* by the amounts a *member* has agreed to reimburse us.

We have the right to be reimbursed in full regardless of whether or not the *member* is fully compensated by any recovery received from any other valid coverage as defined in NRS 689A.230.

We will not pay attorney fees or costs associated with the *member's* claim or lawsuit. In the event you or your representative fail to cooperate with SilverSummit Healthplan, Inc., you shall

be responsible for all benefits paid by this plan in addition to costs and attorney's fees incurred by SilverSummit Healthplan, Inc. in obtaining repayment.

If a dispute arises as to the amount a *member* must reimburse us, the *member* (or the guardian, legal representatives, estate, or heirs of the *member*) agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by us until the dispute is resolved.

COORDINATION OF BENEFITS

We coordinate benefits with other payers when a *member* is covered by two or more health benefit plans. Coordination of Benefits (COB) is the industry standard practice used to share the cost of care between two or more carriers when a *member* is covered by more than one health benefit plan.

It is a contractual provision of a majority of health benefit policies. Ambetter complies with federal and state regulations for COB and follows COB guidelines published by National Association of Insurance Commissioners (NAIC).

Under COB, the benefits of one plan are determined to be primary and are first applied to the cost of care. After considering what has been covered by the primary plan, the secondary plan may cover the cost of care up to the fully allowed expense according to the plan's payment guidelines. Ambetter Claims COB and Recovery Unit procedures are designed to avoid payment in excess of allowable expense while also making sure claims are processed both accurately and timely.

"Allowable expense" is the necessary, reasonable, and customary item of expense for health care, when the item is covered at least in part under any of the plans involved, except where a statute requires a different definition. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

"Plan", as used in this section, is a form of coverage written on an expense-incurred basis with which coordination is allowed.

The term "Plan" includes:

1. Group health insurance benefits and group blanket or group remittance health benefits coverage, whether uninsured arrangements of group coverage, insured, self-insured, or self-funded. This includes group HMO insurance and other prepayment, group practice and individual practice plans, and blanket contracts, except as excluded below.
2. Plan includes *hospital*, medical, and surgical benefits coverage of Medicare or a governmental plan offered, required, or provided by law, except Medicaid.
3. Plan does not include blanket school accident coverage or coverages issued to a substantially similar group (e.g., Girl Scouts, Boy Scouts) where the school or organization pays the premiums.
4. Plan whose benefits are by law excess to any private benefits coverage.
5. Individual plans.

"Primary plan" is one whose benefits must be determined without taking the existence of any *other valid coverage* into consideration. A plan is primary if either:

1. The plan has no order of benefits rules, or its rules differ from those required by regulation; or
2. All plans which cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for example, two plans which have no order of benefit determination rules).

“Secondary plan” is one which is not a primary plan. If a person is covered by more than one secondary plan, the order of benefit determination rules decide the order in which their benefits are determined in relation to each other.

Order of Benefit Determination Rules

The first of the rules listed below in paragraphs 1-6 that applies will determine which plan will be primary:

1. The primary plan pays or provides its benefits as if the secondary plan or plans did not exist. A plan may consider benefits paid or provided by another plan in determining its benefits only when it is secondary to that *other valid coverage*.
2. If the *other valid coverage* does not contain a coordination of benefits provision that is consistent with this provision, then it is always primary. There are two exceptions:
    a. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the policyholder, and
    b. Any noncontributory group or blanket insurance coverage which is in force on January 1, 1987, which provides excess major medical benefits intended to supplement any basic benefits on a *member* may continue to be excess to such basic benefits.

The first of the following rules that describes which plan pays its benefits before another plan is the rule to use.

3. If the person receiving benefits is the *member* and is only covered as an *eligible dependent* under the *other valid coverage*, this *policy* will be primary.
4. Subject to federal laws: Social Security Act of 1965, as amended, makes Medicare secondary to the plan covering the person as a dependent of an active employee, the order of benefit determination is:
    a. If a child is covered under the plans of both parents and the parents are not separated or divorced, the plan of the parent whose birthday falls earlier in the year (excluding year of birth) shall be primary.
    b. If both parents have the same birthday, the plan which covered the parent longer will be primary. To determine whose birthday falls earlier in the year, only the month and day are considered. However, if the *other valid coverage* does not have this birthday rule, but instead has a rule based on the sex of the parent and as a result the plans do not agree on which is primary, then the rule in the *other valid coverage* will determine which plan is primary.
5. If a child is covered by both parents’ plans, the parents are separated or divorced, and there is no court decree between the parents that establishes financial responsibility for the child’s health care expenses:
    a. The plan of the parent who has custody will be primary.
    b. If the parent with custody has remarried, and the child is also covered as a child under the stepparent’s plan, the plan of the parent with custody will pay first, the stepparent's plan will pay second, and the plan of the parent without custody will pay third.
    c. If a court decree between the parents says which parent is responsible for the child’s health care expenses, then that parent’s plan will be primary if that plan has actual knowledge of the decree.
6. If the person receiving services is covered under one plan as an active employee or

member (i.e., not laid-off or retired), or as the *spouse* or child of such an active employee, and is also covered under another plan as a laid-off or retired employee or as the *spouse* or child of such a laid-off or retired employee, the plan that covers such person as an active employee or *spouse* or child of an active employee will be primary. If the *other valid coverage* does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored.

7. If the person receiving services is the *member* and is covered under a separate stand-alone dental benefit plan, that stand-alone dental benefit plan shall be primary for services provided by an oral and maxillofacial surgeon.
8. If none of the above rules determine which plan is primary, the plan that covered the person receiving services longer will be primary.

Effects of Coordination

When this plan is secondary, its benefits will be reduced so that the total benefits paid by the primary plan and this plan during a claim determination period will not exceed Ambetter's maximum available benefit for each *covered service*. Also, the amount Ambetter pays will not be more than the amount Ambetter would pay if Ambetter were primary. As each claim is submitted, Ambetter will determine its obligation to pay for allowable expenses based upon all claims that have been submitted up to that point in time during the claim determination period.

Right to Receive and Release Needed Information

Certain facts about heath care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and *other valid coverages*. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this plan and *other valid coverages* covering the person claiming benefits. We need not tell or get the consent of any person to do this.

CLAIMS

Notice of Claim
We must receive notice of claim within 30 days of the date the *loss* began or as soon as reasonably possible.

Proof of Loss
We must receive written *proof of loss* within 90 days of the *loss* or as soon as is reasonably possible. *Proof of loss* furnished more than one year late will not be accepted, unless you or your covered *dependent member* had no legal capacity to submit such proof during that year.

How to Submit a Claim
Providers will typically submit claims on your behalf, but sometimes you may need to submit claims yourself for *covered services*. This may happen if your provider is not contracted with us.

If you have paid for services we agreed to cover, you can request reimbursement for the amount you paid less any *deductible*, *copayment* or *cost sharing* that is your financial responsibility.

To request reimbursement for a *covered service*, you need a copy of the detailed claim from your provider. You also need to submit a copy of the *member* reimbursement claim form posted at Ambetter.SilverSummitHealthplan.com under “Member Resources.” Send all the documentation to us at the following address:

3. Answer, under oath or otherwise, any questions we deem relevant, which we or our representatives may ask.

If any *member*, or other person acting on his or her behalf, fails to provide any of the items or information requested or to take any action requested, the claim(s) will be closed and no further action will be taken by us unless and until the item or information requested is received or the requested action is taken, subject to the terms and conditions of the *policy*.

In addition, failure on the part of any *member* or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the *member*.

Time for Payment of Claims

Benefits will be paid within 30 days for clean claims filed electronically or on paper. "Clean claims" means a claim submitted by you or a provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment. If we have not received the information we need to process a claim, we will ask for the additional information necessary to complete the claim. You will receive a copy of that request for additional information. In those cases, we cannot complete the processing of the claim until the additional information requested has been received. We will make our request for additional information within 20 calendar days of our initial receipt of the claim and will complete our processing of the claim within 30 calendar days after our receipt of all requested information.

Payment of Claims

Except as set forth in this provision, all benefits are payable to you. Any accrued benefits unpaid at your death, or your *dependent member's* death may, at our option, be paid either to the beneficiary or to the estate. If any benefit is payable to your or your *dependent member's* estate, or to a beneficiary who is a minor or is otherwise not competent to give valid release, we may pay up to $1,000 to any relative who, in our opinion, is entitled to it.

We may pay all or any part of the benefits provided by this *policy* for *hospital,* surgical, nursing, or medical services, directly to the *hospital* or other person rendering such services.

Any payment made by us in good faith under this provision shall fully discharge our obligation to the extent of the payment. We reserve the right to deduct any overpayment made under this *policy* from any future benefits under this *policy*.

Foreign Claims Incurred for Emergency Care

Emergency services are *covered services* while traveling outside of the United States for up to a maximum of 90 consecutive days from the start of travel, even if enrollment occurs during the period of travel. If travel extends beyond 90 consecutive days, no benefit coverage is provided for medical emergencies for the entire period of travel including the first 90 days.

Claims incurred outside of the United States for *emergency services* must be submitted in English or with an English translation, at the *member's* expense, within 180 calendar days from the date of service. Foreign claims must also include the applicable medical records in English, or with an English translation, at the *member's* expense, to show proper *proof of loss* and evidence of any payment(s) to the provider.

Foreign claims must be submitted with the *Member* Reimbursement Medical Claim Form, along with all requested documents as detailed on the claim form. All forms and *member* resources are available at Ambetter.SilverSummitHealthplan.com.

The amount of reimbursement will be based on the following:

1. *Member's* benefit plan and *member* eligibility on date of service
2. *Member's* responsibility/share of cost based on date of service.

3. Currency rate at the time of completed transaction, foreign country currency to United States currency.

Once we have reviewed all the necessary documentation and the claim for *emergency services* has been processed, a *member* Explanation of Benefits (EOB) will be mailed. The EOB will identify *member* responsibility according to the *member's policy* at the time of travel. If services are deemed as true *emergency services*, including that they were provided to treat a *member's emergency condition*, the *member* will be issued reimbursement payment for any eligible incurred costs, minus *member cost share* obligation.

Assignment

We will reimburse a *hospital* or health care provider if:

1. Your health insurance benefits are assigned by you in writing; and
2. We approve the assignment.

Any assignment to a *hospital* or person providing the treatment, whether with or without our approval, shall not confer upon such *hospital* or person, any right or privilege granted to you under the *policy* except for the right to receive benefits, if any, that we have determined to be due and payable.

Medicaid Reimbursement

The amount provided or payable under this *policy* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

We will pay the benefits of this *policy* to the state if:

1. A *member* is eligible for coverage under his or her state's Medicaid program; and
2. We receive proper *proof of loss* and notice that payment has been made for *covered services* under that program.

Our payment to the state will be limited to the amount payable under this *policy* for the *covered services* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy our responsibility to the extent of that payment.

Custodial Parent

This provision applies if the parents of a covered *eligible child* are divorced or legally separated, and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if we receive a copy of the order establishing custody.

Upon request by the custodial parent, we will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions, and limitations of the *policy*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge our obligations.

A custodial parent may, with our approval, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

Physical Examination and Autopsy

We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at our expense and as often as we may reasonably require during the pendency of a claim and to make an autopsy in case of death where it is not forbidden by law.

Legal Actions

No suit may be brought by you on a claim sooner than 60 days after the required *proof of loss* is given. No suit may be brought more than three years after the date *proof of loss* is required.

No Third Party Beneficiaries

This *policy* is not intended to, nor does it, create or grant any rights in favor of any *third party*, including but not limited to any *hospital,* provider or *medical practitioner* providing services to you, and this *policy* shall not be construed to create any *third party* beneficiary rights.

Internal Procedures

Your satisfaction is very important to us. We want to know your issues and concerns so we can improve our services. Reporting these will not affect your health care services. The following processes are available to address your concerns.

Please contact Member Services if you have questions or concerns. We will attempt to answer your questions during initial contact, as most concerns can be resolved with one phone call.

Appeals

Applicability/Eligibility

The internal *appeal* procedures apply to any *hospital* or medical *policy* or certificate or conversion plans, but not to accident only or disability only insurance.

An eligible appellant is:

1. A claimant*;*
2. A person authorized to act on behalf of the claimant. **Note:** Written authorization is not required; however, if received, we will accept any written expression of authorization without requiring specific form, language, or format;
3. In the event the claimant is unable to give consent: a *spouse*, family member, or the treating provider; or
4. In the event of an *expedited grievance*: the person for whom the insured has verbally given authorization to represent the claimant.

Important: *Adverse benefit determinations* that are not *grievances* will follow standard Patient Protection and Affordable Care Act (PPACA) internal *appeals* processes.

Appeals Process

Claimants have the right to submit written comments, documents, records, and other information relating to the claim for benefits. Claimants have the right to review the claim file and to present evidence and testimony as part of the internal review process.

Appeals will be promptly investigated and presented to the internal grievance panel. We cannot reduce providing benefits for an ongoing course of treatment or terminate without providing advance notice and an opportunity for advance review. We are required to provide continued coverage pending the outcome of an *appeal*. A request for an *appeal* must be submitted within 180 calendar days following receipt of an *adverse benefit determination*.

You or your *authorized representative* may file an *appeal* by calling Member Services or in writing by mailing or faxing your *appeal* to:

Claimants should submit all documentation to us at:

ATTN: Appeals & Grievance*s* Department
2500 North Buffalo Drive, Suite 250
Las Vegas, NV 89128

Fax Number: 1-855-742-0125

Acknowledgement
Within five business days of receipt of an appeal, a written acknowledgment to the claimant or the claimant's *authorized representative* confirming receipt of the *appeal* must be delivered or deposited in the mail.

When acknowledging an *appeal* filed by an *authorized representative*, the acknowledgement shall include a clear and prominent notice that health care information or medical records may be disclosed only if permitted by law.

1. The acknowledgement shall state that unless otherwise permitted under *applicable law*, informed consent is required, and the acknowledgement shall include an informed consent form for that purpose;
2. If such disclosure is prohibited by law, health care information or medical records may be withheld from an *authorized representative*, including information contained in its resolution of the *grievance*; and
3. A *grievance* submitted by an *authorized representative* will be processed regardless of whether health care information or medical records may be disclosed to the *authorized representative* under *applicable law*.

Resolution Timeframes
All other *appeals* will be resolved, and we will notify the *claimant* in writing with the *appeal* decision within the following timeframes:

1. *Post-service appeal*: within 30 calendar days after receipt of the *claimant*'s request for internal *appeal*; or
2. *Pre-service appeal*: within 30 calendar days after receipt of the *claimant*'s request for internal *appeal*.

The time period may be extended for an additional 14 calendar days, making the maximum time for the entire *appeal* process 44 calendar days. If an extension is necessary, we will provide you or your *authorized representative*, if applicable, written notification of the following within the first 30 calendar days:

1. That we have not resolved the *appeal*;
2. When our resolution of the *appeal* may be expected; and
3. The reason why the additional time is needed.

A claimant shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits. All comments, documents, records and other information submitted by the claimant relating to the claim for benefits, regardless of whether such information was submitted or considered in the initial *adverse benefit determination*, will be considered in the internal *appeal*.

1. The claimant will receive from us, as soon as possible, any new or additional evidence considered by the reviewer. The claimant will have 10 calendar days to respond to the new information before making a determination, unless the state turnaround time for response is due in less than 10 days. If the state turnaround time is less than 10 days, the claimant will have the option of delaying the determination for a reasonable period of time to respond to the new information; or
2. The claimant will receive from us, as soon as possible, any new or additional medical rationale considered by the reviewer. We will give the claimant 10 calendar days to respond to the new medical rationale before making a determination.

Right to Appear

The claimant who filed the *appeal*, or the claimant's *authorized representative*, has the right to appear in person before the grievance panel to present written or oral information. The grievant may submit written questions to the person or persons responsible for making the determination that resulted in the *appeal*.

1. Written notification must be sent to the claimant indicating the time and place of the grievance panel meeting at least seven calendar days before the meeting; and
2. Reasonable accommodations must be provided to allow the claimant, or the claimant's *authorized representative*, to participate in the grievance panel.

Grievance Panel

The grievance panel will not include the person who made the initial determination and is not the subordinate of the original reviewer. The panel may, however, consult with the initial decision-maker. If the panel consists of at least three persons, the panel may then include no more than one subordinate of the person who made the initial determination.

The grievance panel will include:

1. At least one individual authorized to take corrective action on the *appeal*; and
2. At least one insured other than the grievant if an insured is available to serve on the grievance panel. The insured *member* of the panel shall not be an employee of the plan, to the extent possible.

When the *adverse benefit determination* is based in whole or in part on a medical judgment, the grievance panel will consult with a licensed health care provider with expertise in the field relating to the *appeal* and who was not consulted in connection with the original *adverse benefit determination*.

Expedited Appeal

An *expedited appeal* may be submitted orally or in writing. All necessary information, including our determination on review, will be transmitted between the claimant and us by telephone, facsimile, or other available similarly expeditious method.

An *expedited appeal* shall be resolved as expeditiously as the *claimant*'s health condition requires but not more than 72 hours after receipt of the *appeal*.

Due to the 72-hour resolution timeframe, the standard requirements for notification, grievance panel/right to appear, and acknowledgement do not apply to *expedited appeals*.

Upon written request, we will mail or electronically mail a copy of the claimant's complete *policy* to the claimant or the claimant's *authorized representative* as expeditiously as the *appeal* is handled.

Written Appeal Response

Appeal response letters shall describe, in detail, the *appeal* procedure and the notification shall include the specific reason for the denial, determination, or initiation of disenrollment.
The panel's written decision to the grievant must include:

1. The disposition of and the specific reason or reasons for the decision;
2. Any corrective action taken on the *appeal*;

3. The signature of one voting *member* of the panel; and
4. A written description of position titles of panel *members* involved in making the decision.
5. If upheld or partially upheld, it is also necessary to include:
    a. A clear explanation of the decision;
    b. Reference to the specific plan provision on which the determination is based;
    c. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant 's claim for benefits;
    d. If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either the specific rule, guideline, protocol, or other similar criterion; or a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the claimant upon request;
    e. If the *adverse benefit determination* is based on a medical necessity or *experimental* treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant 's medical circumstances, or a statement that such explanation will be provided free of charge upon request;
    f. Identification of medical experts whose advice was obtained on behalf of the health plan, without regard to whether the advice was relied upon in making the *adverse benefit determination*;
    g. The date of service;
    h. The health care provider’s name;
    i. The claim amount;
    j. The diagnosis and procedure codes with their corresponding meanings, or an explanation that the diagnosis and/or procedure codes are available upon request;
    k. The health plan’s denial code with corresponding meaning;
    l. A description of any standard used, if any, in denying the claim;
    m. A description of the external review procedures, if applicable;
    n. The right to bring a civil action under state or federal law;
    o. A copy of the form that authorizes the health plan to disclose protected health information, if applicable;
    p. That assistance is available by contacting the specific state’s consumer assistance department, if applicable; and
    q. A culturally linguistic statement based upon the claimant’s county or state of *residence* that provides for oral translation of the *adverse benefit determination*, if applicable.

An eligible grievant is:

3. In the event the claimant is unable to give consent: a spouse, family member, or the treating provider.

1. The complainant is the claimant or an *authorized representative* of the claimant;
2. The submission may or may not be in writing;

        i. Lack of availability and/or accessibility of *network providers* not tied to an unresolved benefit denial; and
        ii. Quality of care/quality of service issues;
4. Written expressions of dissatisfaction regarding quality of care/quality of service are processed as *grievances*;

Oral quality of care or quality of service *complaints* received that are not resolved within 24 hours are handled as a *grievance*. If you make an oral *complaint* and you are not satisfied with the resolution of the *complaint*, you must file the *complaint* in writing to receive further review of the *complaint*.

You or your *authorized representative* may file a *grievance* by calling Member Services or in writing by mailing or faxing your *grievance* to:

Complaints Received from the State Insurance Department
The commissioner may require us to treat and process any *complaint* received by the State Insurance Department by, or on behalf of, a claimant as a *grievance* as appropriate. We will process the State Insurance Department *complaint* as a *grievance* when the commissioner provides us with a written description of the *complaint*. *Complaints* received from the State Insurance Department are not treated as a *grievance* and only the State Insurance Department is provided the *complaint* resolution.

External Review
An external review decision is binding on us. An external review decision is binding on the claimant except to the extent the claimant has other remedies available under applicable federal or state law.

We will pay for the costs of the external review performed by the independent reviewer.

You may request an external review from the Nevada Office for Consumer Health Assistance. You may contact the Office by writing to the Director, Consumer Health Assistance, 555 E. Washington Avenue, Ste. 4800, Las Vegas, Nevada 89101 or at any time by telephone at 1-888-333-1597.

Applicability/Eligibility
The g*rievance* procedures apply to:

1. Any *hospital* or medical *policy* or certificate; excluding accident only or disability income only insurance; or
2. Conversion plans.

After exhausting the internal review process, the claimant has four months to make a written request to the Grievance Administrator for external review after the date of receipt of our internal response.

1. The internal *appeal* process must be exhausted before the claimant may request an external review unless the claimant files a request for an expedited external review at the same time as an internal *expedited grievance* or we either provide a waiver of this requirement or fail to follow the *appeal* process;
2. A health plan must allow a claimant to make a request for an expedited external review with the plan at the time the claimant receives:
    a. An *adverse benefit determination* if the determination involves a medical condition of the claimant for which the timeframe for completion of an internal *expedited grievance* would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function and the claimant has filed a request for an internal *expedited grievance*; and
    b. A final internal *adverse benefit determination*, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function, or if the final internal *adverse benefit determination* concerns an admission, availability of care, continued stay, or health care item or service for which the claimant received *emergency services*, but has not been discharged from a facility; and
3. Claimants may request an expedited external review at the same time the internal *expedited grievance* is requested, and an Independent Review Organization (IRO) will determine if the internal *expedited grievance* needs to be completed before proceeding with the expedited external review.

External review is available for *grievances* that involve:

1. Medical judgment, including but not limited to those based upon requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness of a *covered service*; or the determination that a treatment is *experimental or investigational*, as determined by an external reviewer;
2. A determination of whether *balance billing protections* apply and the *member cost-sharing* that applies for services subject to *balance billing protections*; or
3. *Rescissions* of coverage.

External Review Process

1. We have five (5) business days (immediately for expedited) following receipt of the request to conduct a preliminary review of the request to determine whether:
    a. The individual was a *member* at the time the item or service was requested;
    b. The service is a *covered service* under the claimant's health plan but for the plan's *adverse benefit determination* with regard to medical necessity *experimental or investigational*, medical judgment, or *rescission*;
    c. The claimant has exhausted the internal process; and
    d. The claimant has provided all of the information required to process an external review.
2. Within one business day (immediately for expedited) after completion of the preliminary review, we will notify the claimant in writing as to whether the request is complete but not eligible for external review and the reasons for its ineligibility or, if the request is not complete, the additional information needed to make the request complete;
3. We must allow a claimant to perfect the request for external review within the four-month filing period or within the 48-hour period following the receipt of notification;
4. We will assign an IRO on a rotating basis from our list of contracted IROs;

5. Within five (5) business days after the date of assignment of the IRO, we must provide the documents and any information considered in making the *adverse benefit determination* to the IRO.
   Note: For expedited, after assignment of the IRO, we must provide the documents and any information considered in making the *adverse benefit determination* to the IRO electronically or by telephone or facsimile or any other available expeditious method;
6. If we fail to timely provide the documents and information, the IRO may terminate the external review and make a decision to reverse the *adverse benefit determination*;
7. Within 10 business days, the assigned IRO will timely notify the claimant in writing of the request's eligibility and acceptance for external review. The notice will include a statement that the claimant may submit in writing additional information to the IRO to consider;
8. Upon receipt of any information submitted by the claimant, the IRO must forward the information to us within one business day;
9. Upon receipt of the information, we may reconsider our determination. If we reverse our *adverse benefit determination*, we must provide written notice of the decision to the claimant and the IRO within one business day after making such decision. The external review would be considered terminated;
10. Within 15 calendar days (72 hours for expedited) after the date of receipt of the request for an external review by the health plan, the IRO will review all of the information and provide written notice of its decision to uphold or reverse the *adverse benefit determination* to the claimant and to us. If the notice for an expedited review is not in writing, the IRO must provide written confirmation within 48 hours after the date of providing the notice; and
11. Upon receipt of a notice of a decision by the IRO reversing the *adverse benefit determination*, we will approve the *covered service* that was the subject of the *adverse benefit determination*.

Binding Arbitration

As a condition to becoming an Ambetter from SilverSummit policyholder, you agree to submit all disputes you may have with Ambetter from SilverSummit, except those described below, to final and binding arbitration, provided however, you have the right to decline to participate in binding arbitration during the enrollment process. Likewise, Ambetter from SilverSummit agrees to arbitrate all such disputes. This mutual agreement to arbitrate disputes means that both you and Ambetter from SilverSummit are bound to use binding arbitration as the final means of resolving disputes that may arise between the parties, and thereby the parties agree to forego any right they may have to a jury trial or court of law or equity on such disputes. However, no remedies that otherwise would be available to either party in a court of law or equity will be forfeited by virtue of this agreement to use and be bound by Ambetter from SilverSummit's binding arbitration process. This agreement to arbitrate shall be enforced even if a party to the arbitration is also involved in another action or proceeding with a *third party* arising out of the same matter.

Sometimes disputes or disagreements may arise between Ambetter from SilverSummit and you (including your enrolled dependents, heirs or personal representatives). Most disputes are those that are defined as *appeals* under the *policy*. At other times disputes or disagreements may arise regarding the construction, interpretation, performance or breach of this *policy*, or regarding other matters relating to or arising out of your Ambetter from SilverSummit.

Appeals under the *policy* are not subject to arbitration. This is because disputes regarding *grievances* are handled and resolved exclusively through the Ambetter from SilverSummit Grievance and Complaint Procedures contained in your *policy*. This *policy* describes your rights and the process provided.

For a dispute that is not an *appeal* subject to that process, Ambetter from SilverSummit uses binding arbitration as the final method for resolving all such disputes, whether stated in tort, contract or otherwise, and whether or not other parties such as employer groups, health care providers, or their agents or employees, are also involved. In addition, disputes with Ambetter from SilverSummit involving alleged professional liability or medical malpractice (that is, whether any medical services rendered were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) also must be submitted to binding arbitration.

Ambetter from SilverSummit binding arbitration process is conducted by mutually acceptable arbitrator(s) selected by the parties. The Federal Arbitration Act, 9 U.S.C. § 1, et seq., will govern arbitrations under this process. In the event that the total amount of damages claimed is $200,000 or less ($50,000 or less with respect to disputes with Ambetter from SilverSummit involving alleged professional liability or medical malpractice), the parties shall, within 30 days of submission of the demand for arbitration to Ambetter from SilverSummit, appoint a mutually acceptable single neutral American Arbitration Association (“AAA”) arbitrator who shall hear and decide the case and have no jurisdiction to award more than $200,000 or $50,000, whichever is applicable. In the event that total amount of damages is over $200,000 or $50,000, whichever is applicable, the parties shall, within 30 days of submission of the demand for arbitration to Ambetter from SilverSummit, appoint a mutually acceptable panel of three neutral AAA arbitrators (unless the parties mutually agree to one arbitrator), who shall hear and decide the case.

If the parties fail to reach an agreement on selection of the AAA arbitrator(s), the parties will follow the arbitration selection process of the AAA. The Arbitration can be initiated by submitting a demand for arbitration to Ambetter from SilverSummit at the address provided below. The demand must have a clear statement of the facts, the relief sought and a dollar amount.

Ambetter from SilverSummit Health Plan
2500 N. Buffalo Drive, Suite 250
Las Vegas, NV 89128

The arbitrator is required to follow applicable state or federal law and must be conducted pursuant to the rules for commercial arbitration established by the AAA. The arbitrator may interpret this *policy*, but will not have any power to change, modify or refuse to enforce any of its terms, nor will the arbitrator have the authority to make any award that would not be available in a court of law. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award setting forth findings of fact and conclusions of law, and that award will be final and binding on all parties except to the extent that state or federal law provide for judicial review of arbitration proceedings. Judgment upon the award rendered by the Arbitrator(s) may be entered by any court having jurisdiction thereof.

The parties will share equally the arbitrator's fees and expenses of administration involved in the arbitration. Each party also will be responsible for their own attorneys’ fees. In cases of extreme hardship to a *member*, Ambetter from SilverSummit may assume all or portion of a

member's share of the Arbitrator's fees and expenses of the administration. Upon written notice by the *member* requesting a hardship application, Ambetter from SilverSummit will forward the request to an independent professional dispute resolution organization for a determination. Such request for hardship should be submitted to the Litigation Administrator at the address provided above.

Please note that any requirements in this "Binding Arbitration" section will not apply to the extent they are not permitted under *applicable law*, but all requirements that are permitted by *applicable law* will apply.
