Benefits are subject to *policy* definitions, provisions, limitations, and exclusions.

GUARANTEED RENEWABLE

Guaranteed renewable means that this contract will renew each year on the anniversary date unless terminated earlier in accordance with *policy* terms. You may keep this *policy* in force by timely payment of the required premiums. However, we may decide not to renew the *policy* as of the renewal date if: (1) we decide not to renew all policies issued on this form, with the same type and level of benefits, to residents of the state where you then live; (2) we withdraw from the *service area*; or (3) there is fraud or an intentional material misrepresentation made by or with the knowledge of a *member* in filing a claim for *policy* benefits.

Annually, we may change the rate table used for this *policy* form. Each premium will be based on the rate table in effect on that premium's due date. The *policy* plan and age of *members,* type and level of benefits, and place of *residence* on the premium due date are some of the factors used in determining your premium rates. We have the right to change premiums, however, all premium rates charged will be guaranteed for a rating period of at least 12 months.

At least 60 calendar days' notice of any plan to take an action or make a change permitted by this clause will be delivered to you at your last address as shown in our records. We will make no change in your premium solely because of claims made under this *policy* or a change in a *member's* health. While this *policy* is in force, we will not restrict coverage already in force. If we discontinue offering and decide not to renew all policies issued on this form, with the same type and level of benefits, for all residents of the state where you reside, we will provide a written notice to you at least 90 calendar days prior to the date that we discontinue coverage.

This *policy* contains *prior authorization* requirements. You may be required to obtain a referral from a *primary care physician (PCP)* in order to receive care from a *specialist provider*. Benefits may be reduced or not covered if the requirements are not met. Please refer to the *Schedule of Benefits* and the *Prior Authorization* Section.

Allowed amount *(also see* ***Eligible expense****)* means the maximum amount we will pay a *provider* for a *covered service*. When a *covered service* is received from a *network provider*, the *allowed amount* is the amount the *provider* agreed to accept from us as payment for that particular service. In all cases, the *allowed amount* will be subject to *cost sharing* (e.g., *deductible*, *coinsurance* and *copayment*) per the *member's* benefits. This amount excludes agreed to amounts made to the *provider* by us as a result of Federal or State Arbitration. Also see *Hospital*-Based Providers under the Access to Care section.

DEPENDENT MEMBER COVERAGE

Dependent Member Eligibility

Your *dependent members* become eligible for coverage on the latter of:

1. The date you became covered under this *policy*;
2. The date of marriage to add a *spouse*;
3. The date of an eligible newborn's birth;
4. The date that an adopted child is placed with you or your *spouse* for the purposes of adoption or you or your *spouse* assumes total or partial financial support of the child;
5. The date a foster child is placed in your custody; or
6. The date a domestic partnership is established, pursuant to state law.

Effective Date for Initial Dependent Members

Dependent members included in the initial enrollment application for this *policy* will be covered on your effective date.

Coverage for a Newborn Child

An *eligible child* born to you or a covered family member will be covered from the time of birth until the 31st day after its birth, unless we have received notice from you or an entity that you have enrolled the *eligible child* in (either the Health Insurance Marketplace or us). This includes an *eligible child* born as a result of assisted reproduction or under a *surrogacy arrangement*, as permitted under *applicable laws*. Each type of *covered service* incurred by the newborn child will be subject to the *cost sharing* amount listed in the *Schedule of Benefits*.

Additional premium will be required to continue coverage beyond the 31st day after the date of birth. The required premium will be calculated from the child's date of birth. If notice of the newborn is given to us by the Health Insurance Marketplace within the 31 calendar days from birth, an additional premium for coverage of the newborn child will be charged for not less than 31 calendar days after the birth of the child. If notice is not given within the 31 calendar days from birth, we will charge an additional premium from the date of birth. If notice is given by the Health Insurance Marketplace within 60 calendar days of the birth of the child, we may not deny coverage of the child due to failure to notify us of the birth of the child or to pre-enroll the child. Coverage of the child will terminate on the 31st day after its birth, unless we have received notice by the Health Insurance Marketplace of the child's birth.

Coverage for an Adopted Child

An *eligible child* legally placed for adoption with you or your *spouse* will be covered from the date of *placement* until the 31st day after *placement,* unless the *placement* is disrupted prior to legal adoption and the child is removed from your or your *spouse's* custody.

The child will be covered for *loss* due to *injury* and *illness* including *medically necessary* care and treatment of conditions existing prior to the date of *placement.*

Additional premium will be required to continue coverage beyond the 31st day following *placement* of the child and we have received notification from the Health Insurance Marketplace. The required premium will be calculated from the date of *placement* for adoption. Coverage of the child will terminate on the 31st day following *placement*, unless we have received both: (A) Notification of the addition of the child from the Health Insurance

Marketplace within 60 calendar days of the birth or placement and (B) any additional premium required for the addition of the child within 90 calendar days of the date of *placement.*

As used in this provision, *"placement"* means the earlier of:

1. The date that you or your *spouse* assume physical custody of the child for the purpose of adoption; or
2. The date of entry of an order granting you or your *spouse* custody of the child for the purpose of adoption.

Adding Other Dependent Members

If you are enrolled in an off-exchange *policy* and apply in writing or directly at enroll.ambetterhealth.com to add a *dependent member* and you pay the required premiums, we will send you written confirmation of the added *dependent member's effective date* of coverage and *member* identification cards for the added *dependent member*.

ONGOING ELIGIBILITY

For All Members

A *member's* eligibility for coverage under this *policy* will cease on the earlier of:

1. The date that a *member* accepts any direct or indirect contribution or reimbursement, by or on behalf of an employer, for any portion of the premium for coverage under this *policy*;
2. The date a *member's* employer and a *member* treat this *policy* as part of an employer-provided health plan for any purpose, including tax purposes;
3. The *subscriber* residing outside the *service area* or moving permanently outside the *service area* of this *policy*;
4. The date of termination that the Health Insurance Marketplace provides us upon your request of cancellation to the Health the Health Insurance Marketplace, or if you are enrolled directly with us, the last day of the month we receive a request from you to terminate this *contract,* or any later date stated in your request will be effective the last of the requested month but no further than 60 calendar days in advance;
5. The date that a *member* has failed to pay premiums or contributions in accordance with the terms of this contract or the date that we have not received timely premium payments in accordance with the terms of this contract;
6. The date the *member* has performed an act or practice that constitutes fraud or made an intentional misrepresentation of a material fact (e.g. the date that a *member* accepts any direct or indirect contributions or reimbursement by or on behalf of an employer, for any portion of the premium for coverage under this contract); or
7. The date of a *member's* death.

If you have material modifications (examples include a change in life event (marriage, death) or family status), or questions related to your health insurance coverage, contact the Health Insurance Marketplace at www.healthcare.gov or 1-800-318-2596. If you enrolled through Ambetter contact Member Services Department.

For Dependent Members

A *dependent member* will cease to be a member at the end of the premium period in which he or she ceases to be your *dependent member* due to divorce or if a child ceases to be an eligible child. For eligible children, the coverage will terminate the thirty-first day of December the year the *dependent member* turns 26 years of age.

A *member* will not cease to be a *dependent eligible child* solely because of age if the *eligible child* is:

1. Not capable of self-sustaining employment due to mental disability or physical disability that began before the age limit was reached; and
2. Mainly dependent on you for support.

Prior Coverage

If an enrollee is confined as an inpatient in a hospital on the Effective Date of this agreement, and prior coverage terminating immediately before the Effective Date of this agreement furnishes benefits for the hospitalization after the termination of prior coverage, then services and benefits will not be covered under this agreement for that enrollee until the enrollee is

discharged from the hospital or benefits under the prior coverage are exhausted, whichever is earlier. “Discharge” means a formal release of an enrollee from an inpatient hospital stay when the need for continued care at an inpatient hospital has concluded. Transfers from one inpatient hospital to another shall not be considered a discharge.

If there is no prior coverage or no continuation of i*npatient* coverage after the Effective Date, your Ambetter coverage will apply for covered benefits related to the *Inpatient* coverage after your Effective Date. Ambetter coverage requires you notify Ambetter within two calendar days of your Effective Date so we can review and authorize *medically necessary* services. If services are at a non-network hospital, claims will be paid at the Ambetter allowable, and you may be billed for any balance of costs above the Ambetter allowable.

Open Enrollment

There will be an open enrollment period for coverage on the Health Insurance Marketplace. The open enrollment period begins November 1, 2024, and extends through January 15, 2025. Qualified individuals who enroll on or before December 15,2024, will have an effective date of coverage on January 1, 2025.

Special and Limited Enrollment

In general, a *qualified individual* has 60 calendar days to report certain life changes, known as “qualifying events” to the Health Insurance Marketplace or by using Ambetter’s *Enhanced Direct Enrollment* tool. If a qualified individual loses Medicaid or CHIP coverage that is considered minimum essential coverage, they have up to 90 calendar days after the loss of minimum essential coverage to enroll in a Marketplace plan. *Qualified individuals* may be granted a Special Enrollment Period where they may enroll in or change to a different Marketplace plan during the current plan year if they have a qualifying event. Qualifying events include:

1. A *qualified individual* or *dependent member* experiences a loss of *minimum essential coverage*, non-*calendar year* group or individual health insurance coverage, *pregnancy*-related coverage, access to health care services through coverage provided to a pregnant enrollee’s unborn child, or medically needed coverage;
2. A *qualified individual* gains a *dependent member* or becomes a *dependent member* through marriage, birth, adoption placement for adoption of a *member* or their *spouse*, placement in foster care or a child support order or other court order;
    a. In the case of marriage, at least one *spouse* must demonstrate having minimum essential coverage as described in 26 CFR 1.5000A-a(b) for 1 or more calendar days during the 60 calendar days preceding the date of marriage.
3. An individual, who was not previously a citizen, national, or lawfully present individual gains such status;
4. An individual who is no longer incarcerated or whose incarceration is pending the disposition of charges;
5. A *qualified individual’s* enrollment or non-enrollment in a *qualified health plan* is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or agent of the Health Insurance Marketplace or HHS, or its instrumentalities as evaluated and determined by the Health Insurance Marketplace. In such cases, the Health Insurance Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction;

6. An enrollee adequately demonstrates to the Health Insurance Marketplace that the *qualified health plan* in which he or she is enrolled substantially violated a material provision of its *policy* in relation to the enrollee's decision to purchase the *qualified health plan* based on plan benefits, *service area* or premium;
7. An individual is determined newly eligible or newly ineligible for *advance premium tax credits* or has a change in eligibility for *cost sharing reductions*, regardless of whether such individual is already enrolled in a *qualified health plan*;
8. A *qualified individual* or enrollee gains access to new *qualified health plans* as a result of a permanent move;
9. Qualifying events as defined under section 603 of the Employee Retirement Income Security Act of 1974, as amended;
10. An Indian, as defined by section 4 of the Indian Health Care Improvement Act, may enroll in a *qualified health plan* or change from one *qualified health plan* to another one time per month;
11. A *qualified individual* or enrollee demonstrates to the Health Insurance Marketplace, in accordance with guidelines issued by Health and Human Services (HHS), that the individual meets other exceptional circumstances as the Health Insurance Marketplace may provide;
12. A *qualified individual* or dependent is a victim of domestic abuse or spousal abandonment and would like to enroll in coverage separate from the perpetrator of the abuse or abandonment**;**
13. A *qualified individual* or dependent is determined to be potentially eligible for Medicaid or Children's Health Insurance Program (CHIP), but is subsequently determined to be ineligible after the open enrollment period has ended or more than 60 calendar days after the qualifying event; or
14. At the option of the Health Insurance Marketplace, a *qualified individual* provides satisfactory documentary evidence to verify his or her eligibility for an insurance affordability program or enrollment in a *qualified health plan* through the Health Insurance Marketplace following termination of Marketplace enrollment due to a failure to verity such status within the time period specified in 45 C**.**F.R. §155.315 or is under 100 percent of the federal poverty level and did not enroll in coverage while waiting for HHS to verify his or her citizenship, status as a national or lawful presence.
15. A *qualified individual* newly gains access to an employer sponsored Individual Coverage Health Reimbursement Arrangement (ICHRA) (as defined in 45 CFR 146.123(b)) or a Qualified Small Employer Health Reimbursement Arrangement (QSHRA) (as defined in section 9831(d)(2) of the Internal Revenue Code).
16. A *qualified individual* or *member*, or their *dependent member* who is eligible for an *advance premium tax credit*, and whose household income is projected to be at or below 150 percent of the federal poverty level.

To determine if you are eligible and apply for a Special Enrollment Period, please visit Healthcare.gov and search for "special enrollment period." The Health Insurance Marketplace is responsible for all health care eligibility and enrollment decisions for members who enrolled via the Marketplace. If you are currently enrolled in Ambetter Meridian Health Plan, please contact Member Services with any questions related to your health insurance coverage.

The Health Insurance Marketplace may provide a coverage effective date for a qualified individual earlier than specified in the paragraphs above, provided that either:

1. The *qualified individual* has not been determined eligible for *advanced premium tax credits* or cost-sharing reductions; or
2. The *qualified individual* pays the entire premium for the first partial month of coverage as well as all *cost sharing*, thereby waiving the benefit of *advanced premium tax credits* and cost-sharing reduction payments until the first of the next month.

To determine if you are eligible and apply for a Special Enrollment Period, please visit Healthcare.gov and search for “special enrollment period.” The Health Insurance Marketplace is responsible for all health care eligibility and enrollment decisions for members who enrolled via the Marketplace.

If you are currently enrolled in Ambetter Meridian Health Plan, please contact Member Services with any questions related to your health insurance coverage

Coverage Effective Dates for Special Enrollment Periods

Regular Effective Dates. Except as specified below, coverage will be effective on the first of the month following plan selection.

Special Effective Dates. In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a qualified individual or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care. In the case of marriage, or in the case where a qualified individual loses minimum essential coverage, coverage is effective on the first day of the following month.

In the case of erroneous enrollment, contract violation, or exceptional circumstances, coverage is effective on an appropriate date based on the circumstances of the special enrollment period, in accordance with guidelines issued by the Department of Health and Human Services. Such date must be either (i) the date of the event that triggered the special enrollment period or (ii) in accordance with the regular effective dates.

If a *qualified individual*, *member*, or *dependent member* loses coverage, gains access to a new QHP, becomes newly eligible for enrollment in a QHP, becomes newly eligible for advance payments of the premium tax credit in conjunction with a permanent move, or is enrolled in COBRA continuation coverage and employer contributions to or government subsidies completely cease, and if the plan selection is made on or before the day of the triggering event the Health Insurance Marketplace must ensure that the coverage effective date is the first day of the month following the date of the triggering event. If the plan selection is made after the date of the triggering event, coverage is effective on the first day of the following month.

If a *qualified individual*, *member*, or *dependent member* newly gains access to an ICHRA or is newly provided a QSEHRA, and if the plan selection is made before the day of the triggering event, coverage is effective on the first day of the month following the date of the triggering event or, if the triggering event is on the first day of a month, on the date of the triggering event. If the plan selection is made on or after the day of the triggering event, coverage is effective on the first day of the month following plan selection.

If a *qualified individual*, *member*, or *dependent member* did not receive timely notice of an event that triggers eligibility for a special enrollment period, and otherwise was reasonably unaware that a qualifying event occurred, the Health Insurance Marketplace must allow the qualified individual, enrollee, or *dependent member* to select a new plan within 60 calendar days of the date that he or she knew, or reasonably should have known, of the occurrence of the triggering event. And at the option of a qualified individual, enrollee or *dependent member*, the Health Insurance Marketplace must provide the earliest effective that would have been available, based on the applicable qualifying event.

PREMIUMS

Premium Payment

Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual open enrollment period.

Grace Period

When a *member* is receiving a premium subsidy:

After the first premium is paid, a grace period of three months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if *advanced premium tax credits* are received.

We will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. We will notify HHS of the non-payment of premiums, the *member*, as well as *providers* of the possibility of denied claims when the *member* is in the second and third month of the grace period. We will continue to collect *advanced premium tax credits* on behalf of the *member* from the Department of the Treasury and will return the *advanced premium tax credits* on behalf of the *member* for the second and third month of the grace period if the *member* exhausts their grace period as described above. A *member* is not eligible to re-enroll once terminated, unless a *member* has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods.

When a *member* is not receiving a premium subsidy:

Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a 60-day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the *policy* will stay in force; however, claims may pend for *covered services* rendered to the *member* during the grace period. We will notify the *member* of the non-payment of premiums, as well as *providers* of the possibility of denied claims when the *member* is in the grace period.

Third Party Payment of Premiums or Cost Sharing

We require each policyholder to pay his or her premiums and this is communicated on your monthly billing statements. Ambetter payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting third party premiums. Consistent with CMS guidance, the following are the only acceptable third parties who may pay Ambetter premiums on your behalf:

1. Ryan White HIV/AIDS program under Title XXVI of the Public Health Service Act;
2. Indian tribes, tribal organizations, or urban Indian organizations;
3. State and Federal government programs;
4. Family members; or

5. An employer for an employee under an Individual Coverage Health Reimbursement Account (ICHRA) or Qualified Small Employer Health Reimbursement Account (QSEHRA) plan; or
6. Private, not-for-profit foundations which have no incentive for financial gain, no financial relationship, or affiliation with providers of covered services and supplies on behalf of members, where eligibility is determined based on defined criteria without regard to health status and where payments are made in advance for a coverage period from the effective date of eligibility through the remainder of the calendar year.

Upon discovery that premiums were paid by a person or entity other than those listed above, we will reject the payment and inform the *member* that the payment was not accepted and that the premium remain due.

Health Savings Account (HSA)

A Health Savings Account (HSA) is a special tax-exempt custodial account or trust owned by a *member* where contributions to the account may be used to pay for current and future qualified medical expenses. Please refer to your *Schedule of Benefits* to see if the plan you are enrolled in has an HSA. For members enrolled in an HSA compatible plan, the following terms apply.

Individual *members* must satisfy federal HSA eligibility criteria in order to open and contribute to an HSA.

This Evidence of Coverage is administered by Ambetter from Meridian. Neither entity is an HSA trustee, HSA custodian or a designated administrator for HSAs. Ambetter from Meridian, its designee and its affiliates, including Ambetter from Meridian, do not provide tax, investment or legal advice to *members*.

MEMBERS ARE SOLELY RESPONSIBLE FOR ADHERING TO ALL FEDERAL REGULATIONS AND GUIDELINES CONCERNING HSA *MAXIMUM ALLOWABLE AMOUNT*, CONTRIBUTIONS AND QUALIFIED WITHDRAWALS. IN ADDITION, EACH *MEMBER* WITH AN HSA IS RESPONSIBLE FOR NOTIFYING HIS/HER HSA CUSTODIAN OR TRUSTEE IF ENROLLMENT UNDER THEIR HSA PLAN HAS BEEN CANCELED OR TERMINATED.

THE TERMS OF THIS EVIDENCE OF COVERAGE ARE CONFINED TO THE BENEFITS PROVIDED HEREIN AND DO NOT ENCOMPASS ANY INDIVIDIUAL HSA FEE ARRANGEMENTS, ACCOUNT MAINTENANCE OR CONTRIBUTION REQUIREMENTS, APPLICATION PROCEDURES, TERMS, CONDITIONS, WARRANTIES OR LIMITATIONS THERETO, *GRIEVANCES* OR CIVIL DISPUTES WITH ANY HSA CUSTODIAN OR TRUSTEE.

PLEASE CONSULT A PROFESSIONAL TAX ADVISOR FOR MORE INFORMATION ABOUT THE TAX IMPLICATIONS OF AN HSA OR HSA PROGRAM.

Misstatement of Age

If a *member's* age has been misstated, the benefits may be adjusted based on the relationship of the premium paid to the premium that should have been paid, based on the correct age. According to the correct age of the *member,* if the coverage provided by the *policy* would not have become effective or would have ceased prior to the acceptance of the premium(s), upon request, we will limit the refund to all premiums paid for the period not covered by the *policy*.

Change or Misstatement of Residence

If you change your residence, you must notify the Health Insurance Marketplace of your new residence within 60 calendar days of the change. This change can also be processed by logging in to your consumer dashboard at enroll.ambetterhealth.com. As a result, your premium may change, and you may be eligible for a Special Enrollment Period. See the section on Special Enrollment Periods provision for more information.

Misstatement of Tobacco or Nicotine Use

The answer to the tobacco or nicotine question on the enrollment application is material to our correct underwriting. If a member's use of tobacco or nicotine has been misstated on the member's application for coverage under this policy, we have the right to rerate the policy back to the original effective date.

Billing/Administrative Fees

Upon prior written notice, we may impose an administrative fee for credit card payments. This does not obligate us to accept credit card payments. We will charge a $20 fee for any check or automatic payment deduction that is returned unpaid.

PRIOR AUTHORIZATION

Ambetter from Meridian reviews services to ensure the care you receive is the best way to help improve your health condition. *Utilization review* includes:

1. Pre-service or *prior authorization* review – occurs when a *medical* service has been pre-approved.
2. Concurrent review – occurs when a *medical* service is reviewed as it happens (e.g., *inpatient* stay or *hospital* admission).
3. Retrospective review – occurs after a service has already been provided.

Prior Authorization Required

Some *medical* and *behavioral health covered service expenses* require *prior authorization*. In general, *network providers* must obtain *authorization* from us prior to providing a service or supply to a *member.* However, there are some *network eligible expenses* for which you must obtain the *prior authorization*.

For services or supplies that require *prior authorization*, as shown on the *Schedule of Benefits*, you must obtain *authorization* from us before you or your *dependent member:*

1. Receive a service or supply from a *non-network provider;*
2. Are admitted into a *network* facility by a *non-network provider;* or
3. Receive a service or supply from a *network provider* to which you or your *dependent member* were referred to by a *non-network provider.*

Pursuant to the federal No Surprises Act, *emergency services* received from a *non-network provider* are *covered services* without prior authorization.

Prior authorization (*medical* and *behavioral health*) requests must be received by phone/eFax/*provider* portal as follows:

1. At least 5 calendar days prior to an elective admission as an *inpatient* in a *hospital*, *extended care* or *rehabilitation facility*, *hospice* facility, or residential treatment facility.
2. At least 30 calendar days prior to the initial evaluation for organ transplant services.
3. At least 30 calendar days prior to receiving clinical trial services.
4. Within 24 hours of an *Inpatient* admission, including for mental health or *substance use disorder* treatment.
5. At least 5 calendar days prior to the start of *home health care*.

After *prior authorization* has been received, we will notify you and your *provider* if the request has been *approved* as follows:

1. For urgent concurrent reviews, within 24 hours (1 calendar day) of receipt of the request.
2. For urgent pre-service reviews, within 72 hours from receipt of the request.
3. For non-urgent pre-service reviews, within 7 calendar days of receipt of the request.
4. For post-service or retrospective reviews, within 30 calendar days of receipt of the request.

In situations where additional information is needed to make a decision, these timeframes may be extended in accordance with *applicable law*.

You do not need to obtain *prior authorization* from us or from any other person (including your *PCP*) in order to obtain access to obstetrical or gynecological care from a *medical practitioner* in our network who specializes in obstetrics or gynecology. The *medical practitioner*, however, may be required to comply with certain procedures, including obtaining *prior authorization* for certain services, following a pre-approved treatment plan or procedures for making referrals. For a list of participating *medical practitioners* who specialize in obstetrics or gynecology, contact Member Services.

How to Obtain Prior Authorization

To obtain prior authorization or to confirm that a network provider has obtained prior authorization, contact us by telephone at the telephone number listed on your member identification card before the service or supply is provided to the member. To obtain prior authorization, please utilize the electronic prior authorization portal located at AmbetterMeridian.com

Failure to Obtain Prior Authorization

Failure to comply with the prior authorization requirements will result in benefits being reduced.

Network providers cannot bill you for services for which they fail to obtain prior authorization as required.

Benefits will not be reduced for failure to comply with prior authorization requirements prior to receiving *emergency services*. However, you must contact us as soon as reasonably possible after you receive the *emergency services*.

Prior Authorization Does Not Guarantee Benefits

Our authorization does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the policy.

Requests for Predeterminations

You may request a predetermination of coverage. We will provide one if circumstances allow us to do so. However, we are not required to make a predetermination of either coverage or benefits for any particular treatment or medical expense. Any predetermination we may make will be reviewed after the medical expense is incurred and a claim is filed. A review that shows one or more of the following may cause us to reverse the predetermination:

1. The predetermination was based on incomplete or inaccurate information initially received by us.
2. The *medical* expense has already been paid by someone else.
3. Another party has already paid or is responsible for payment of the *medical* expense.

We will make all benefit determinations after a loss in good faith. All benefit determinations are subject to our receipt of proper proof of loss.

Services from Non-Network Providers

Except when *balance billing protections* apply to a *covered service* provided by a *non-network provider*, we do not normally cover services received from non-network providers. See the provision Non-Network Liability and Balance Billing under the Cost Sharing Features section for more information. If a situation arises where a covered service cannot be obtained from a network provider located within a reasonable distance, we may provide prior authorization for you to obtain services from a non-network provider at no greater cost to you than if you went to a network provider. If covered services are not available from a network provider, you or your PCP must request prior authorization from us before you may receive services from a non-network provider. Otherwise, you will be responsible for all charges incurred.

COST SHARING FEATURES

Cost Sharing Features

We will pay benefits for *covered services* as described in the *Schedule of Benefits* and the Major Medical Expense Benefits sections of this *policy*. All benefits we pay will be subject to all conditions, limitations, and *cost sharing* features of this *policy*. *Cost sharing* means that you participate or share in the cost of your health care services by paying *deductible amounts*, *copayments* and *coinsurance* for some *covered services*. For example, you may need to pay a provider a *deductible, copayment* or *coinsurance* amount when you visit your *physician* or are admitted into the *hospital*. The *copayment* or *coinsurance* required for each type of service as well as your *deductible* is listed in your *Schedule of Benefits*.

When you, or a covered *dependent member*, receive health care services from a *provider*, there may be multiple claims for that episode of care. An episode of care means the services provided by a health care facility or *provider* to treat a condition or an *illness*. Each claim that we receive for services covered under this contract are adjudicated or processed as we receive them. Coverage is only provided for *eligible expenses*. Each claim received will be processed separately according to the cost share as outlined in the contract and in your *Schedule of Benefits*.

Deductible

The *deductible amount* means the amount of covered service expenses that must be paid to a provider by each/all members before any benefits are provided or payable. The *deductible amount* does not include any copayment amount or coinsurance amount. Not all covered service expenses are subject to the *deductible amount*. See your Schedule of Benefits for more details.

Copayments

A *copayment* is typically a fixed dollar amount due at the time of service. Members may be required to pay copayments to a provider each time services are performed that require a copayment. Copayments, as shown in the Schedule of Benefits, are due at the time of service. Payment of a copayment does not exclude the possibility of a provider billing you for any non-covered services. Copayments do not count or apply toward the *deductible amount* but do apply toward your maximum out-of-pocket amount.

Coinsurance Percentage

A *coinsurance* percentage is your share of the cost of a service. Members may be required to pay a provider a coinsurance in addition to any applicable *deductible amount(s)* due for a covered service or supply. *Coinsurance* percentage do not apply toward the deductible but do apply toward your out-of-pocket amount. When the annual *maximum out-of-pocket amount* has been met, additional covered service expenses will be provided at 100 percent.

Maximum Out-of-Pocket

You must pay a provider any applicable *copayments, coinsurance,* or *deductible* amounts required until you reach the maximum out-of-pocket amount shown in your Schedule of Benefits. After the maximum out-of-pocket amount is met for an individual, we will pay 100 percent of the cost for covered services. The family maximum out-of-pocket amount is two times the individual maximum out-of-pocket amount. For the family maximum out-of-pocket amount, once a member has met the individual maximum out-of-pocket amount, the remainder of the family maximum out-of-pocket amount can be met with the combination of any one or more members' eligible expenses.

When the annual out-of-pocket maximum has been met, additional covered service expenses will be provided or payable at 100 percent of the allowable expense.

For family coverage, the family *maximum out-of-pocket amount* can be met with the combination of any *members eligible expenses*. A *member's maximum out-of-pocket* will not exceed the individual *maximum out-of-pocket amount*.

If you are a covered *member* in a family of two or more *member*s, you will satisfy your *maximum out-of-pocket* when:

1. You satisfy your individual *maximum out-of-pocket*; or
2. Your family satisfies the family *maximum out-of-pocket amount* for the *calendar year*.

If you satisfy your individual *maximum out-of-pocket*, you will not pay any more *cost sharing* for the remainder of the *calendar year*, but any other eligible *members* in your family must continue to pay *cost sharing* until the family *maximum out-of-pocket* is met for the *calendar year*.

Refer to your Schedule of Benefits for Coinsurance Percentage and other limitations.
The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the policy;
2. A determination of eligible expenses; and
3. Any reduction for expenses incurred at a non-network provider. Please refer to the information on your Schedule of Benefits.

The applicable deductible amount(s), coinsurance, cost sharing percentage, and copayment amounts are shown on the Schedule of Benefits.

Non-Network Liability and Balance Billing

If you receive services from a *non-network provider*, you may have to pay more for services you receive. *Non-network providers* may be permitted to bill you for the difference between what we agreed to pay and the full *billed amount* for a service. This is known as *balance billing*. This amount is likely more than *network* costs for the same service and might not count toward your annual *maximum out-of-pocket amount* limit. However, you will not be *balance billed* when *balance billing protections* apply to *covered services*.

ACCESS TO CARE

Primary Care Physician (PCP)

In order to obtain benefits, you must designate a *network PCP* for each *member.* If you do not select a *network PCP* for each *member*, one will be assigned. You may select any *network PCP* who is accepting new patients from any of the following *provider* types:

1. Family practitioners
2. General practitioners
3. Internal medicine
4. Nurse practitioners*
5. Physician assistants
6. Obstetricians/gynecologists
7. Pediatricians (for children)

*If you choose a nurse practitioner as your *PCP*, your benefit coverage and *copayment amounts* are the same as they would be for services from other *network providers*. See your *Schedule of Benefits* for more information.

You may obtain a list of *network PCPs* at our website by using the “Find a Doctor” function or by contacting Member Services. You should get to know your *PCP* and establish a healthy relationship with them. Your *PCP* will:

1. Provide preventive care and screenings
2. Conduct regular physical examinations as needed
3. Conduct regular immunizations as needed
4. Deliver timely service
5. Work with other doctors when you receive care somewhere else
6. Coordinate specialty care with *network specialists*
7. Provide any ongoing care you need
8. Update your *medical* record, which includes keeping track of all the care that you get from all of your *providers*
9. Treat all patients the same way with dignity and respect
10. Make sure you can contact him/her or another *provider* at all times
11. Discuss what advance directive are and file directives appropriately in your *medical* record.

Your *network PCP* will be responsible for coordinating all covered health services and making referrals for services from other *network providers.* You may be required to obtain a referral from a *PCP* in order to receive care from a *specialist provider.* You do not need a referral from your *network PCP* for mental or *behavioral health* services, obstetrical or gynecological treatment and may seek care directly from a *network* obstetrician or gynecologist.

Contacting Your Primary Care Physician (PCP)

To make an appointment with your *PCP*, call his/her office during business hours and set up a date and time. If you need help, call Member Services and we will help you make the appointment. If you need to cancel or change your appointment, call 24 hours in advance. At every appointment, make sure you bring your *member* identification card and a photo identification.

Should you need care outside of your *PCP's* office hours, you should call your *PCP's* office for information on receiving after hours care in your area. If you have an urgent *medical* problem

or question or cannot reach your *PCP* during normal office hours, call our 24/7 nurse advice line. A licensed nurse is always available and ready to answer your health questions. In an *emergency*, call 911 or head straight to the nearest *emergency* room.

Changing Your Primary Care Physician (PCP)

You may change your designated *PCP* for any reason, but not more frequently than once a month, by submitting a written request, online at our website at AmbetterMeridian.com, or by contacting our office at the number shown on your identification card. The change to your *network PCP* of record will be effective no later than 30 calendar days from the date we receive your request.

Non-Emergency Services

If you are traveling outside of the Ambetter from Meridian *service area* you may be able to access *providers* in another state if there is an Ambetter plan located in that state. You can locate Ambetter *providers* outside of Michigan by searching the relevant state in our Provider Directory at https://guide.ambetterhealth.com. Not all states have Ambetter plans. If you receive care from an Ambetter *provider* outside of the *service area*, you may be required to receive *prior authorization* for non-*emergency services*. Contact Member Services at the phone number on your *member* identification card for further information.

Emergency Services Outside of Service Area

We cover *emergency* services when you are outside of our *service area*.

If you are temporarily out of the *service area* and experience an *emergency condition*, call 911 or go the nearest *emergency* room. Be sure to a call us and report your *emergency* within one business day. You do not need prior approval for *emergency* care services.

New Technology

Health technology is always changing. If we think a new *medical* advancement can benefit our *members,* we evaluate it for coverage. These advancements include:

1. New technology
2. New *medical* procedures
3. New drugs
4. New devices
5. New application of existing technology

Sometimes, our *medical* director and/or *medical* management staff will identify technological advances that could benefit our *members*. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology.

If the CPC does not review a request for coverage of new technology, our *medical* director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.

Preferred Partnership

As innovative technologies and solutions are established in market under expedited research and development, we may elect to offer, at our discretion, new services or preferred partnerships designed to improve access to care and enhance *care management*. Ambetter will provide access to *third party* services at preferred or discounted rate. The preferred or discounted rates to these services may be communicated to all *member*s by email, mail or phone promotions. The preferred partnerships are optional benefits to all *member*s.

Network Availability

Your *network* is subject to change upon advance written notice. A *network service area* may not be available in all areas. If you move to an area where we are not offering access to a *network*, please contact Member Services prior to moving. Note that services from *non-network providers* are not *covered services* under this agreement but you may have the opportunity to disenroll from coverage under this *policy* and enroll in a different health plan with a *network* in that area. If you receive non-*emergency services* from *non-network providers*, benefits will be calculated in accordance with the terms of this *policy* for *non-network providers*.

Sufficiency of Network

We are required to meet *network* adequacy standards to ensure there are enough *providers* in our *network* to offer you *covered services*. If we do not meet these *network* adequacy standards as determined by the Department of Insurance and Financial Services, and you receive *covered services* from a *non-network provider* as a result, you will not be responsible for a greater cost than if the *covered services* were obtained by a *network provider*.

If we do meet *network* adequacy standards, all *non-network* services must be *authorized*. You may be responsible for charges if you do not receive *authorization* for *non-network* services when *network providers* are available.

Continuity of Care

Under the federal No Surprises Act, if a *continuing care patient* with respect to a *network provider* and: the contractual relationship with the *provider* is terminated, such that the *provider* is no longer in the *network*; or benefits are terminated because of a change in the terms of the participation of the *provider*, as it pertains to the services the *member* is receiving as a *continuing care patient*, then we will:

1. Notify the *member* on a timely basis of the termination and their right to elect continued transitional care from the provider;
2. Provide the *member* with an opportunity to notify the health plan of the *member's* need for transitional care; and
3. Permit the *member* to elect to continue to have their benefits for the course of treatment relating to their status as a *continuing care patient* during the period beginning on the date on which the notice described in (1) is provided and ending on the earlier of
    a. 90 days after the notice described in (1) is provided; or
    b. The date on which such member is no longer a *continuing care patient* with respect to the provider.

Coverage Under Other Policy Provisions

Charges for services and supplies that qualify as *covered service expenses* under one benefit provision will not qualify as *covered service expenses* under any other benefit provision of this *policy.*

Hospital-Based Providers

When receiving care at an Ambetter *network hospital* it is possible that some *hospital*-based providers may not be *network providers*. If you provide *notice and consent to waive balance billing protections,* you may be responsible for payment of all or part of the *balance bill*. Any amount you are obligated to pay to the *non-network provider* in excess of the eligible expense will not apply to your *deductible amount* or *maximum out-of-pocket*.

Protection from Balance Billing

Under Federal law, effective January 1, 2022, *non-network providers* or facilities are prohibited from balance billing health plan members for services that are subject to *balance billing protections* as described in the Definitions section of this *policy*. You will only be responsible for paying your *member cost share* for these services, which is calculated as if you had received the services from a *network provider* and based on the recognized amount as defined in *applicable law*.

MAJOR MEDICAL EXPENSE BENEFITS

The plan provides coverage for health care services for a *member* or covered *dependent member* when ordered or provided by your *PCP*. Some services require *prior authorization*. *Copayment, deductibles,* and *coinsurance amounts* must be paid to your *network provider* at the time you receive services. All *covered services* are subject to conditions, exclusions, limitations, terms and provision of this *policy*. *Covered services* must be *medically necessary* and not *experimental* or *investigational*.

Limitations may also apply to some *covered services* that fall under more than one *covered service* category. Please review all limits carefully. Ambetter from Meridian will not pay benefits for any of the services, treatments, items or supplies that exceed benefit limits.

Essential health benefits are defined by federal and state law and refer to benefits in at least the following categories: ambulatory patient services, *emergency services*, hospitalization, maternity and newborn care, mental health and *substance use disorder* services, including *behavioral health* treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care. Essential health benefits provided within this *policy* are not subject to lifetime or annual dollar maximums. Certain non-essential health benefits, however, are subject to either a lifetime or annual dollar maximum.

1. Has incurred an Acquired Brain Injury;
2. Has been unresponsive to treatment;
3. Becomes responsive to treatment at a later date;

4. Is medically stable; and
5. To ensure that appropriate post-acute care treatment is provided, this plan includes coverage for reasonable expenses related to periodic reevaluation of the care of an individual covered with the expectation that with the provision of these services and support, the person can return to a community-based setting, rather than reside in a facility setting.

Dialysis Services

Medically necessary acute and chronic dialysis services are *covered services* unless other coverage is primary, such as Medicare, for dialysis. There are two types of treatment, provided you meet all the criteria. You may receive hemodialysis in a dialysis facility or peritoneal dialysis in your home from a *network provider.*

Covered expenses include:

1. Services provided in an outpatient dialysis facility or when services are provided in the home
2. Processing and administration of blood or blood components
3. Dialysis services provided in a *hospital*
4. Dialysis treatment of an acute or chronic kidney ailment which may include the supportive use of an artificial kidney machine

After you receive appropriate training at a dialysis facility we designate, we also cover equipment and *medical* supplies required for home hemodialysis and home peritoneal dialysis. Coverage is limited to the standard item of equipment or supplies that adequately meets your *medical* needs. We will determine if equipment is made available on a rental or purchase basis. At our option, we may authorize the purchase of the equipment in lieu of its rental if the rental price is projected to exceed the equipment purchase price but only from a *provider* we authorize before the purchase.

Disposable Medical Equipment and Supplies

Disposable medical supplies, which have a primary medical purpose, are covered and are subject to reasonable quantity limits as determined by us. Examples include, but are not limited to: bandages & wraps, gloves, suction catheters, surgical sponges, hypodermic needles, syringes, and applicators. The supplies are subject to the member's medical deductible, copay, and coinsurance.

Durable Medical Equipment, Medical and Surgical Supplies, Orthotic Devices and Prosthetics

The supplies, equipment, and appliances described below are *covered services* under this benefit. If the supplies, equipment, and appliances include comfort, luxury, or convenience items or features which exceed what is *medically necessary* in your situation or needed to treat your condition, reimbursement will be based on the maximum *allowed amount* for a standard item that is a *covered service*, serves the same purpose, and is *medically necessary*. Any

expense that exceeds the maximum *allowable amount* for the standard item which is a *covered service* is your responsibility. For example, the reimbursement for a motorized wheelchair will be limited to the reimbursement for a standard wheelchair, when a standard wheelchair adequately accommodates your condition. Repair, adjustment, and replacement of purchased equipment, supplies, or appliances as set forth below may be covered, as *approved* by us. The repair, adjustment, or replacement of the purchased equipment, supply, or appliance is covered if:

1. The equipment, supply, or appliance is a *covered service*;
2. The continued use of the item is *medically necessary*; and
3. There is reasonable justification for the repair, adjustment, or replacement (warranty expiration is not reasonable justification).

In addition, replacement of purchased equipment, supplies, or appliance may be covered if:

1. The equipment, supply, or appliance is worn out or no longer functions.
2. Repair is not possible or would equal or exceed the cost of replacement. An assessment by our *durable medical equipment vendor* should be done to estimate the cost of repair.
3. Individual's needs have changed, and the current equipment is no longer usable due to weight gain, rapid growth, or deterioration of function, etc.
4. The equipment, supply, or appliance is damaged and cannot be repaired.

Benefits for repairs and replacement do not include the following:

2. Replacement of lost or stolen items.

We may establish reasonable quantity limits for certain supplies, equipment, or appliance described below.

Durable Medical Equipment
The rental (or, at our option, the purchase) of *durable medical equipment* prescribed by a *physician* or other *provider*. *Durable medical equipment* is equipment which can withstand repeated use, i.e. could normally be rented, and used by successive patients; is primarily and customarily used to serve a *medical* purpose; is not useful to a person in the absence of *illness* or *injury*; and is appropriate for use in a patient's home. Examples include, but are not limited to, wheelchairs, crutches, *hospital* beds, and oxygen equipment. Rental cost must not be more than the purchase price. We will not pay for rental for a longer period of time than it would cost to purchase equipment. The cost for delivering and installing the equipment are *covered services*. Payment for related supplies is a *covered service* only when the equipment is a rental, and medically fitting supplies are included in the rental; or the equipment is owned by the *member*; medically fitting supplies may be paid separately. Equipment should be purchased when it costs more to rent it than to buy it. Repair of *medical* equipment is covered.

Formulary or Prescription Drug List

The *formulary* or *prescription drug* list is a guide to available generic and brand name drugs and some over-the-counter medications, when ordered by a *physician that* are approved by the United States Food and Drug Administration (FDA) and covered through your *prescription drug* benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The United States Food and Drug Administration (FDA)requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed on Tier 2 of the Drug List to help identify brand name drugs that are clinically appropriate, safe and cost-effective treatment options, if a generic medication on the *formulary* is not suitable for your condition. The *formulary* contains the following:

1. Generic drug is a drug that is the pharmaceutical equivalent to one or more brand name drugs. Such generic drugs have been approved by the United States Food and Drug Administration (FDA) as meeting the same standards of safety, purity, strength and effectiveness as the brand name drug. Generic drugs will be dispensed whenever available.
2. Brand drug is a prescription drug that has been patented and is only available through one manufacturer. Preferred Brand drugs will be dispensed if there is not a generic.
3. Non-Preferred drug is a *prescription drug* covered under a higher cost share. This tier of drug contains both *formulary* brand name and generic drugs. These drugs require

higher *copay* because other alternatives may be available in the lower tiers or there may be other generic equivalents available.
4. Specialty drugs are typically high-cost drugs, including but not limited to the oral, topical, inhaled, inserted or implanted, and injected routes of administration. Included characteristics of Specialty drugs are drugs that are used to treat and diagnose rare or complex diseases, require close clinical monitoring and management, frequently require special handling, and may have limited access or distribution. Specialty drugs are often also drugs that require special handling, or special or enhanced patient administration and oversight.

Please note, the *formulary* is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added, removed, or additional requirements may be added in order to approve continued usage of a specific drug. When a drug is not a *formulary* drug and is a *medically necessary* and appropriate alternative, it may be covered, subject to the terms of this *policy*.

Specific prescription benefit plan designs may not cover certain products or categories, regardless of their appearance in the *formulary*. For the most current *formulary* or *prescription drug* list or for more information about our pharmacy program, visit AmbetterMeridian.com (under “For Member”, “Drug Coverage”) or call Member Services.

Prescription Drug Exception Process

Standard exception request
A *member*, a *member's authorized representative* or a *member's* prescribing *physician* may request a standard review of a decision that a drug is not covered by the plan or a protocol exception for step therapy. The request can be made in writing or via telephone. Within 72 hours of the request being received, we will provide the *member*, the *member's* designee or the *member's* prescribing *physician* with our coverage determination. Should the standard exception request or step therapy protocol exception request be granted, we will provide coverage of the non-*formulary* drug for the duration of the prescription, including refills, or of the drug that is the subject of the protocol exception.

Expedited exception request
A *member*, a *member's* designee or a *member's* prescribing *physician* may request an expedited review based on exigent circumstances. Exigent circumstances exist when a *member* is suffering from a health condition that may seriously jeopardize the *member's* life, health, or ability to regain maximum function or when a *member* is undergoing a current course of treatment using a non-*formulary* drug. Within 24 hours of the request being received, we will provide the *member*, the *member's* designee or the *member's* prescribing *physician* with our coverage determination. Should the standard exception or step therapy protocol exception request be granted, we will provide coverage of the non-*formulary* drug or the drug that is the subject of the protocol exception for the duration of the exigency.

External exception request review
If we deny a request for a standard exception or for an expedited exception, the *member*, the *member's* designee or the *member's* prescribing *physician* may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. We will make our determination on the external exception request and notify the *member*, the *member's* designee or the *member's* prescribing *physician* of our coverage determination no later than 72 hours following receipt of the request, if the original

request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception.

If we grant an external exception review of a standard exception or step therapy protocol exception request, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the prescription. If we grant an external exception review of an expedited exception request, we will provide coverage of the non-*formulary* drug or the drug that is the subject of the protocol exception for the duration of the exigency.

Preventive Care Expense Benefits

Preventive care services are covered as required by the Affordable Care Act (ACA). According to the ACA, preventive care services must include the following:

1. Evidence based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF).
2. Immunizations for routine use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC).
3. With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
4. With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the HRSA, including services that are integral to the furnishing of a recommended preventive service.

Preventive care benefits obtained from a *network provider* are covered without *member* cost share (i.e., covered in full without *deductible*, *coinsurance* or *copayment*). For current information regarding available preventive care benefits, please access the Federal Government's website at: www.healthcare.gov/center/regulations/prevention.html.

Preventive care refers to services or measures taken to promote health and early detection or prevention of diseases and injuries, rather than treating or curing them. Preventive care includes, but is not limited to, immunizations, medications, tobacco cessation treatment, examinations and screening tests tailored to an individual's age, health and family history.

Certain services can be performed for preventive or diagnostic reasons (e.g., mammograms). If a service is deemed preventive care and is appropriately reported/billed, it will be covered under the preventive care services benefit. However, when a service is performed for diagnostic purposes and reported/billed accordingly, it will be considered a non-preventive medical benefit and appropriate cost share will apply.

If preventive and diagnostic services are performed during the same visit, applicable cost share will be taken for the latter.

As new preventive care recommendations and guidelines are issued (by the USPSTF, CDC or HRSA), those services will become covered preventive care benefits. According to the ACA, coverage of new recommendations and guidelines become effective upon a plan's start or anniversary date that is one year after the date the recommendation or guideline is issued.

In addition to providing coverage in accordance with the ACA, we also provide preventive care benefits in accordance with applicable State law.

Our Ambetter Health Preventive Services Guide is updated annually and contains detailed information regarding preventive care coverage available to you. It is accessible via our website AmbetterMeridian.com. To request a paper copy, please contact Member Services for assistance.

Notification
As required by section 2715(d)(4) of the Public Health Service Act, we will provide 60 calendar days advance notice to you before any material modification will become effective, including any changes to preventive benefits covered under this contract. You may access our website or the Member Services Department to get the answers to many of your frequently asked questions regarding preventive services. Our website has resources and features that make it easy to get quality care. Our website can be accessed at AmbetterMeridian.com.

1. Whenever a minor *surgical procedure* is recommended to confirm the need for the procedure;

If requested, the second opinion consultation is to be provided by a *physician* of the *member's* choice. The *member* may select a *network provider* listed in the Healthcare Provider Directory. If a *member* chooses a *network provider*, he or she will only be responsible for the applicable *copayment amount* for the consultation. Any lab tests and/or diagnostic and therapeutic services are subject to the additional *cost-sharing*. If a second medical opinion is obtained by a *non-network provider*, *prior authorization* must be obtained before services are considered an *eligible expense (the non-network provider has to agree to network rates)*. If *prior authorization* is not obtained for a second medical opinion from a *non-network provider*, you will be responsible for the related expenses. If you see a *non-network provider*, you may be *balance billed* for services received.

These programs and services are available when your coverage begins and continue as long as your coverage remains active. Participation in these programs and services is optional and available at no additional cost to members. The programs and services are available to you as part of this *policy* but are not insurance. Members may receive communications and outreach about this program.

We also offer general wellness, health improvement and *care management* programs that may include a reward or incentive that you may earn for completing different wellness-related activities.

If you have a medical condition that may prohibit you from participating in a wellness program, we may require you to provide verification, such as an affirming statement from your physician, that your medical condition makes it unreasonably difficult or inadvisable to participate in the wellness or health improvement program, in order for you to receive the reward or incentive.

You can access other services in connection with this *policy*, such as the “Ambetter Health Perks” program, which offers discounts on a wide range of activities, services, goods, financial tools, memberships, out-of-pocket prescription expenses, over-the-counter (OTC) health products, and health- and wellness-related services addressing *social determinants of health* and healthy lifestyle. *Members* are responsible for paying for the discounted goods or services and we do not endorse any vendor, goods or services associated with the program. *Members* may also have access to a zero-interest line of credit through the Ambetter Health Perks program for paying their *deductibles*, *copayments*, and *coinsurance* on *covered services*, with several repayment options to fit their needs. RIGHT OF REIMBURSEMENT

As used herein, the term "*third party*" means any party that is, or may be, or is claimed to be responsible for *injuries* or *illness* to a *member*. Such *injuries* or *illness* are referred to as "*third party injuries*." "Responsible party" includes any parties actually, possibly or potentially responsible for payment of expenses associated with the care or treatment of *third party* injuries.

If this plan provides benefits under this *policy* to a *member* for expenses incurred due to *third party* injuries, then Ambetter from Meridian retains the right to repayment of the full cost of all benefits provided by this plan on behalf of the *member* that are associated with the *third party* injuries. Ambetter from Meridian's rights of recovery apply to any recoveries made by or on behalf of the *member* from any source, including but not limited to:

1. Payments made by a *third party* or any insurance company on behalf of the *third party*;
2. Any payments or awards under an uninsured or underinsured motorist coverage policy;
3. Any Workers' Compensation or disability award or settlement;
4. Medical payments coverage under any automobile policy, premises or homeowners *medical* payments coverage or premises or homeowners insurance coverage; and
5. Any other payments from a source intended to compensate a *member* for *third party* injuries.

By accepting benefits under this plan, the *member* specifically acknowledges Ambetter from Meridian's right of subrogation. When this plan provides health care benefits for expenses incurred due to *third party* injuries, Ambetter from Meridian shall be subrogated to the *member's* rights of recovery against any party to the extent of the full cost of all benefits provided by this plan, to the fullest extent permitted by *applicable law*. Ambetter from Meridian may proceed against any party with or without the *member's* consent.

By accepting benefits under this plan, the *member* also specifically acknowledges Ambetter from Meridian's right of reimbursement. This right of reimbursement attaches, to the fullest extent permitted by *applicable law*, when this plan has provided health care benefits for expenses incurred due to *third party* injuries or illness and the *member* or the *member's* representative has recovered any amounts from any source. By providing any benefit under this plan, Ambetter from Meridian is granted an assignment of the proceeds of any settlement, judgment or other payment received by the member to the extent of the full cost of all benefits provided by Ambetter from Meridian. Ambetter from Meridian's right of reimbursement is cumulative with and not exclusive of Ambetter from Meridian's right of recovery and Ambetter from Meridian may choose to exercise either or both rights of recovery.

As a condition for our payment, the *member* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with us in order to obtain information about the *loss* and its cause and do whatever is necessary to secure the plan's rights of reimbursement or subrogation.
2. To immediately inform us in writing when notice is given to any third party of the intention to investigate or pursue a claim to recover damages or obtain compensation due to injuries or illness sustained by the member that may be the legal responsibility of a third party.

3. To include the amount of benefits paid by us on behalf of a *member* in any claim made against any *third party*.
4. To give Ambetter from Meridian a first-priority lien on any recovery, settlement or judgment or other sources of compensation which may be had from any party to the extent of the full cost of all benefits associated with *third party* injuries provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement).
5. To pay, as the first priority, from any recovery, settlement, judgment, or other source of compensation, any and all amounts due Ambetter from Meridian as reimbursement for the full cost of all benefits associated with *third party* injuries provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement).
6. That we:
    a. Will have a lien on all money received by a *member* in connection with the *loss* equal to the benefit amount we have provided or paid.
    b. May give notice of that lien to any *third party* or *third party's* agent or representative.
    c. Will have the right to intervene in any suit or legal action to protect our rights.
    d. Are entitled to all of the rights of the *member* against any *third party* to the extent of the benefits paid on the *member's* behalf.
    e. May assert the right of reimbursement independently of the *member*.
7. To take no action that prejudices our reimbursement rights. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits provided by this plan.
8. To sign, date, and deliver to us any documents we request that protect our reimbursement rights.
9. To not settle any claim or lawsuit against a *third party* without providing us with written notice of the intent to do so.
10. To reimburse us from any money received from any *third party*, to the extent of benefits we paid for the *illness* or *injury*, whether obtained by settlement, judgment, or otherwise, and whether or not the *third party's* payment is expressly designated as a payment for *medical* expenses.
11. That we may reduce other benefits under the *policy* by the amounts a *member* has agreed to reimburse us.

We may recover the full cost of all benefits provided under this plan without regard to any claim of fault on the part of the member, whether by comparative negligence or otherwise.

We have the right to be reimbursed in full regardless of whether or not the *member* is fully compensated by any recovery received from any *third party* settlement, judgment, or otherwise.

We will not pay attorney fees or costs associated with the *member's* claim or lawsuit. In the event you or your representative fail to cooperate with Ambetter from Meridian, you shall be responsible for all benefits paid by this plan in addition to costs and attorney’s fees incurred by Ambetter from Meridian in obtaining repayment.

If a dispute arises as to the amount a *member* must reimburse us, the *member* (or the guardian, legal representatives, estate, or heirs of the *member*) agrees to place sufficient funds

in an escrow or trust account to satisfy the maximum lien amount asserted by us until the dispute is resolved.

This plan always pays secondary to any medical payment, personal injury protection (“PIP”) or No-Fault coverage under any automobile policy available to you and to any plan or program which is required by *applicable law.*

COORDINATION OF BENEFITS

We coordinate benefits with other payers when a *member* is covered by two or more group health benefit plans. Coordination of Benefits (COB) is the industry standard practice used to share the cost of care between two or more carriers when a *member* is covered by more than one health benefit plan.

It is a contractual provision of a majority of health benefit policies. Ambetter complies with Federal and state regulations for COB and follows COB guidelines published by National Association of Insurance Commissioners (NAIC).

Under COB, the benefits of one plan are determined to be primary and are first applied to the cost of care. After considering what has been covered by the primary plan, the secondary plan may cover the cost of care up to the fully allowed expense according to the plan's payment guidelines. Ambetter Claims COB and Recovery Unit procedures are designed to avoid payment in excess of allowable expense while also making sure claims are processed both accurately and timely.

"Allowable expense" is the necessary, reasonable, and customary item of expense for health care, when the item is covered at least in part under any of the plans involved, except where a statute requires a different definition. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

"Plan", as used in this section, is a form of coverage written on an expense-incurred basis with which coordination is allowed.

The term "Plan" includes:

1. Group health insurance benefits and group blanket or group remittance health benefits coverage, whether uninsured arrangements of group coverage, insured, self-insured, or self-funded. This includes group HMO insurance and other prepayment, group practice and individual practice plans, and blanket contracts, except as excluded below.
2. Plan includes *medical* benefits coverage, in group and individual automobile "no-fault" and traditional liability "fault" type contracts.
3. Plan includes *hospital*, *medical,* and *surgical* benefits coverage of Medicare or a governmental plan offered, required, or provided by law, except Medicaid.
4. Plan does not include blanket school accident coverage or coverages issued to a substantially similar group (e.g., Girl Scouts, Boy Scouts) where the school or organization pays the premiums.
5. Plan does not include Individual or Family: Insurance contracts, direct payment subscriber contracts, coverage through health maintenance organizations (HMO's) or coverage under other prepayment, group practice and individual practice plans.
6. Plan whose benefits are by law excess to any private benefits coverage.

"Primary plan" is one whose benefits must be determined without taking the existence of any *other plan* into consideration. A plan is primary if either:

1. The plan has no order of benefits rules or its rules differ from those required by regulation; or

2. All plans which cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for example, two plans which have no order of benefit determination rules).

"Secondary plan" is one which is not a primary plan. If a person is covered by more than one secondary plan, the order of benefit determination rules decide the order in which their benefits are determined in relation to each other.

Order of Benefit Determination Rules

The first of the rules listed below in paragraphs 1-6 that applies will determine which plan will be primary:

1. The primary plan pays or provides its benefits as if the secondary plan or plans did not exist. A Plan may consider benefits paid or provided by another plan in determining its benefits only when it is secondary to that *other plan*.
2. If the *other plan* does not contain a coordination of benefits provision that is consistent with this provision is always primary. There are two exceptions:
    a. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the policyholder, and
    b. Any noncontributory group or blanket insurance coverage which is in force on January 1,1987 which provides excess major *medical* benefits intended to supplement any basic benefits on a *member* may continue to be excess to such basic benefits.

The first of the following rules that describes which plan pays its benefits before another plan is the rule to use.

1. If the person receiving benefits is the *member* and is only covered as an *eligible dependent member* under the *other plan*, this *policy* will be primary.
2. Subject to State Statues: Social Security Act of 1965, as amended makes Medicare secondary to the plan covering the person as a dependent of an active employee, the order of benefit determination is:
    a. If a child is covered under the plans of both parents and the parents are not separated or divorced, the plan of the parent whose birthday falls earlier in the year (excluding year of birth) shall be primary.
    b. If both parents have the same birthday, the plan which covered the parent longer will be primary. To determine whose birthday falls earlier in the year, only the month and day are considered. However, if the *other plan* does not have this birthday rule, but instead has a rule based on the sex of the parent and as a result the plans do not agree on which is primary, then the rule in the *other plan* will determine which plan is primary.
3. If a child is covered by both parents' plans, the parents are separated or divorced, and there is no court decree between the parents that establishes financial responsibility for the child's health care expenses:
    a. The plan of the parent who has custody will be primary.
    b. If the parent with custody has remarried, and the child is also covered as a child

under the step-parent's plan, the plan of the parent with custody will pay first, the step-parent's plan will pay second, and the plan of the parent without custody will pay third.

c. If a court decree between the parents says which parent is responsible for the child's health care expenses, then that parent's plan will be primary if that plan has actual knowledge of the decree.

4. If the person receiving services is covered under one plan as an active employee or *member* (i.e., not laid-off or retired), or as the *spouse* or child of such an active employee, and is also covered under another plan as a laid-off or retired employee or as the *spouse* or child of such a laid-off or retired employee, the plan that covers such person as an active employee or *spouse* or child of an active employee will be primary. If the *other plan* does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored.
5. If none of the above rules determine which plan is primary, the plan that covered the person receiving services longer will be primary.

Effects of Coordination

When this plan is secondary, its benefits will be reduced so that the total benefits paid by the primary plan and this plan during a claim determination period will not exceed Ambetter's maximum available benefit for each *covered service*. Also, the amount Ambetter pays will not be more than the amount Ambetter would pay if Ambetter were primary. As each claim is submitted, Ambetter will determine its obligation to pay for allowable expenses based upon all claims that have been submitted up to that point in time during the claim determination period.

Right to Receive and Release Needed Information

Certain facts about heath care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and *other plans*. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this plan and *other plans* covering the person claiming benefits. We need not tell or get the consent of any person to do this.

This plan always pays secondary to any medical payment, personal injury protection ("PIP") or No-Fault coverage under any automobile policy available to you and to any plan or program which is required by *applicable law*. The *member* should review their automobile insurance policy to ensure that uncoordinated medical benefits have been chosen so that the automobile insurance policy is the primary payer.

CLAIMS

Notice of Claim

We must receive notice of claim within 30 calendar days of the date the *loss* began or as soon as reasonably possible.

Proof of Loss

We must receive written *proof of loss* within 90 calendar days of the *loss* or as soon as is reasonably possible. *Proof of loss* furnished more than one year late will not be accepted, unless you or your covered *dependent member* had no legal capacity to submit such proof during that year.

How to Submit a Claim

Providers will typically submit claims on your behalf, but sometimes you may need to submit claims yourself for *covered services*. This may happen if your *provider* is not contracted with us.

If you have paid for services we agreed to cover, you can request reimbursement for the amount you paid, less any *deductible*, *copayment* or *cost sharing* that is your financial responsibility.

To request reimbursement for a *covered service*, you need a copy of the detailed claim from your provider. You will also need to submit a copy of the *member* reimbursement claim form posted at ambettermeridian.com under “Member Resources”. Send all the documentation to us at the following address:

Ambetter from Meridian
Attn: Claims Department
P.O. Box 5010
Farmington, MO 63640-5010

Cooperation Provision

Each *member*, or other person acting on his or her behalf, must cooperate fully to assist us in determining our rights and obligations under the *policy* and as often as may be reasonably necessary:

1. Sign, date, and deliver to us *authorizations* to obtain any *medical* or other information, records or documents we deem relevant from any person or entity.
2. Obtain and furnish to us, or our representatives, any *medical* or other information, records or documents we deem relevant.
3. Answer, under oath or otherwise, any questions we deem relevant, which we or our representatives may ask.
4. Furnish any other information, aid or assistance that we may require, including without limitation, assistance in communicating with any person or entity (including requesting any person or entity to promptly provide to us, or our representative, any information, records or documents requested by us).

If any *member*, or other person acting on his or her behalf, fails to provide any of the items or information requested or to take any action requested, the claim(s) will be closed and no further action will be taken by us unless and until the item or information requested is received or the requested action is taken, subject to the terms and conditions of the *policy*.

In addition, failure on the part of any *member*, or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the *member*.

Time for Payment of Claims

For services that do not fall under the Federal No Surprises Act balance billing protections, benefits will be processed within 45 calendar days for clean claims filed electronically or on paper. For services that fall under the federal No Surprises Act balance billing protections, we will process a clean claim within 30 calendar days of receipt. “Clean claims” means a claim submitted by you or a *provider* that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment. Claim payments that are not made within the specified timeframes shall bear interest at the annual percentage rate of twelve percent (12%) beginning on the date following the day on which the claim should have been paid. If we have not received the information we need to process a claim, we will ask for the additional information necessary to complete the claim. You will receive a copy of that request for additional information. In those cases, we cannot complete the processing of the claim until the additional information requested has been received. We will make our request for additional information within 20 calendar days of our initial receipt of the claim and will complete our processing of the claim within 30 calendar days after our receipt of all requested information.

Payment of Claims

Except as set forth in this provision, all benefits are payable to you. Any accrued benefits unpaid at your death, or your *dependent member’s* death may, at our option, be paid either to the beneficiary or to the estate. If any benefit is payable to your or your *dependent member’s* estate, or to a beneficiary who is a minor or is otherwise not competent to give valid release, we may pay up to $1,000 to any relative who, in our opinion, is entitled to it.

We may pay all or any part of the benefits provided by this *policy* for *hospital, surgical*, nursing, or *medical* services, directly to the *hospital* or other person rendering such services.

Any payment made by us in good faith under this provision shall fully discharge our obligation to the extent of the payment. We reserve the right to deduct any overpayment made under this *policy* from any future benefits under this *policy*.

Foreign Claims Incurred for Emergency Care

Medical *emergency* care is a *covered service* while traveling for up to a maximum of 90 consecutive days. If travel extends beyond 90 consecutive days, no benefit coverage is provided for *medical* emergencies for the entire period of travel including the first 90 calendar days.

Claims incurred outside of the United States for *emergency* care and treatment of a *member* must be submitted in English or with an English translation, at the *member*’s expense within

180 calendar days form the date of service. Foreign claims must include the applicable *medical* records in English or with an English translation, at the *member*'s expense to show proper *proof of loss* and evidence of payment(s) to the *provider*.

Foreign claims must be submitted with the Member Reimbursement Medical Claim Form, along with all requested documents as detailed on the claim form. All forms and *member* resources are available at ambettermeridian.com.

The amount of reimbursement will be based on the following:

1. *Member*'s Benefit Plan and *member* eligibility on date of service
2. *Member*'s Responsibility/Share of Cost based on date of service
3. Currency Rate at the time of completed transaction, Foreign Country currency to United States currency.

Once the health plan has reviewed all the necessary documentation and the emergency claim has been processed, a *member* Explanation of Benefits (EOB) will be mailed. The EOB will identify *member* responsibility according to the *member* benefit plan at the time of travel. If services are deemed as a true *medical* emergency, *member* will be issued reimbursement payment for any eligible incurred costs, minus *member* cost share obligation.

Assignment

We will reimburse a *hospital* or health care *provider* if:

1. Your health coverage benefits are assigned by you in writing; and
2. We approve the assignment.

Any assignment to a *hospital* or person providing the treatment, whether with or without our *approval*, shall not confer upon such *hospital* or person, any right or privilege granted to you under the *policy* except for the right to receive benefits, if any, that we have determined to be due and payable.

Medicaid Reimbursement

The amount provided or payable under this *policy* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

We will pay the benefits of this *policy* to the state if:

1. A *member* is eligible for coverage under his or her state's Medicaid program; and
2. We receive proper *proof of loss* and notice that payment has been made for *covered service expenses* under that program.

Our payment to the state will be limited to the amount payable under this *policy* for the *covered service expenses* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy our responsibility to the extent of that payment.

Custodial Parent

This provision applies if the parents of a covered *eligible child* are divorced or legally separated and both the custodial parent and the non-custodial parent are subject to the same court or

administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if we receive a copy of the order establishing custody.

Upon request by the custodial parent, we will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions, and limitations of the *policy*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge our obligations.

A custodial parent may, with our *approval*, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

Physical Examination

We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at our expense and as often as we may reasonably require.

Legal Actions

No suit may be brought by you on a claim sooner than 60 calendar days after the required *proof of loss* is given. No suit may be brought more than three years after the date *proof of loss* is required.

APPEAL AND GRIEVANCE PROCEDURES

Appeals

An *appeal* is a request for a review of a decision we made to deny, reduce, or terminate a requested service. These are known as *adverse benefit determinations*. You can *appeal* these decisions. You can designate a representative – such as a family *member*, friend, *physician*, or attorney – to *appeal* these decisions on your behalf.

Filing an Appeal

When we make an *adverse benefit determination*, we will send you a notification that includes an *appeal* form and information on filing your *appeal* and how to authorize a representative. You have 180 calendar days to file an *appeal* from the date we tell you of the *adverse benefit determination*.

You can file an *appeal* by filling out the form included with the denial notice and mailing or faxing it to us at:

Ambetter from Meridian
Attn: Appeals and Grievances
PO Box 10341
Van Nuys, CA 91410
Fax: 1-833-886-7956

Call us if you have any questions regarding the process or how to file an *appeal*. We will get an interpreter or TTY services for you if you need them.

Processing your Appeal

After you file your *appeal*, we will notify you of all the information that is needed to process the *appeal* within three calendar days of receiving the *appeal*. You will be informed you can present any information that you wish for us to consider as part of the *appeal*.

We will investigate the *appeal* to decide if more information is needed from your *provider*.

You will have the right to appear in person/by telephone before a designated person or our Appeals Committee to present your *appeal*.

A *provider* of the same or similar specialty will review the request and make a determination. This *provider* will not be the *physician* involved in the original decision and who is not the subordinate of that *physician*.

We may extend our deadline by no more than 10 business days if we do not get the information needed from a health facility or professional to make a decision. We will tell you the progress of the request if such an extension is necessary. If no extension is needed, we will make the decision not later than 30 calendar days after your formal preservice *appeal* is received or 60 calendar days after your formal post service *appeal* is received in writing. We will tell you and your *PCP* or other *provider* within five calendar days of the decision.

The notice will include an explanation of our decision, a reference to the criteria on which the decision was made, a list of the title and qualifications of each person participating in the review, and a description of your further *appeal* rights. Your further *appeal* rights include the right to an external review.

Expedited Appeal
You can file an expedited *appeal* when a requested service involves a situation that would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function. This type of *appeal* must be supported by your *physician*.

You may request an expedited *appeal* at any time. You may start the *appeal* by phone or in writing. Our Appeal Coordinator will help you in file the *appeal*.

We will make a decision about the request within 72 hours. We will tell you and your *provider* the result.

External Review

You are told of your right to request a determination by the Director of Insurance and Financial Services or by an Independent Review Organization under the Patient's Right to Independent Review Act through the determination notices of appeals.

You must first exhaust your internal *appeal* rights before filing a request for an external review with Department of Insurance and Financial Services (DIFS) except in the case of an expedited request for external review (see below).

You must submit a request for external review within 127 calendar days of an *adverse benefit determination*. When filing a request for an external review, you will be required to authorize the release of any *medical* records that may be required to be reviewed to reach a decision on the external review. The request for external review should be sent to the Director of DIFS at:

If by Mail:

Office of General Counsel- Health Care Appeals Section
Department of Insurance and Financial Services
P.O. Box 30220
Lansing, MI 48909-7720

If by Delivery Service (UPS, FedEx):

Office of General Counsel- Health Care Appeals Section
Department of Insurance and Financial Services
530 W. Allegan St., 7th Floor

Toll Free Telephone: 1-877-999-6442
Fax: 517-284-8838
https://difs.state.mi.us/Complaints/ExternalReview.aspx

The Director shall decide whether the request meets the requirements for an external review. If the request is about *medical necessity* or clinical review, the Director will assign the external review to an Independent Review Organization. If the request is about contractual issues with the health plan (whether or not a service is covered, etc.), the Director may review it internally or assign it to an Independent Review Organization as appropriate.

The Appeals Coordinator handles all communications with DIFS and/or the Independent Review Organization for the *appeal*. This includes sending of all required documentation.

Expedited External Review
You must request an expedited external review through DIFS within 10 calendar days after receiving an *adverse benefit determination* from us if the following conditions are met:

1. Your *provider* supports that the standard timeframe for review of the *grievance*/*appeal* would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function. This must be supported orally or in writing.
2. You already filed a request for an expedited internal *appeal* with us.

DIFS forwards the request and all needed information to an assigned Independent Review Organization (IRO) if it determines the request is appropriate for an expedited external review. The IRO must return its recommendation no later than 36 hours after DIFS forwards the request. DIFS must provide its final decision no later than 24 hours after receiving the IRO's recommendation.

Grievances

A *grievance* is a *complaint* about anything other than an *adverse benefit determination*. A few examples of a *grievance* are:

1. You cannot get an appointment with your *PCP* or another *network provider* in a timely manner.
2. You cannot get a referral from your *PCP* in a timely manner.
3. You have been denied any of your rights as a *member*.

Filing a Grievance

You have 90 calendar days from the event to file a *grievance* with us. You can also file a *grievance* in writing. Your *provider* or an *authorized* representative may file a *grievance* on your behalf in writing. Please include a phone number where we can call you for more information and to tell you the outcome. The address to file a *grievance* is:

External Review of Grievances

You can submit a request for external review in writing to the Department of Insurance and Financial Services (DIFS) if you are unhappy with our resolution. This must be sent within 127 calendar days of receipt of the final decision from our internal *grievance* process. Send your request for external review to the following address:

General Provisions

Entire Policy

This *policy*, with the enrollment application, the *Schedule of Benefits*, as submitted to Ambetter from Meridian and any amendments and/or riders, shall constitute the entire *policy* under which covered services and supplies are provided or paid by us. No agent may:

1. Change this *policy*;
2. Waive any of the provisions of this *policy*;
3. Extend the time for payment of premiums; or
4. Waive any of our rights or requirements.

Non-Waiver

If we or you fail to enforce or to insist on strict compliance with any of the terms, conditions, limitations or exclusions of the *policy* that will not be considered a waiver of any rights under the *policy*. A past failure to strictly enforce the *policy* will not be a waiver of any rights in the future, even in the same situation or set of facts.

Rescissions

No misrepresentation of fact made regarding a *member* during the application process that relates to insurability will be used to void/rescind the coverage or deny a claim unless:

1. The misrepresented fact is contained in a written application, including amendments, signed by a *member;*
2. A copy of the application, and any amendments, has been furnished to the *member(s),* or to their beneficiary; and
3. The misrepresentation of fact was intentionally made and material to our determination to issue coverage to any *member.* A *member's* coverage will be voided/rescinded and claims denied if that person performs an act or practice that constitutes fraud. “Rescind” has a retroactive effect and means the coverage was never in effect.

We will send you notification of *rescission* 30 calendar days prior to rescinding coverage.

Repayment for Fraud, Misrepresentation or False Information

During the first two years a *member* is covered under the *policy*, if a *member* commits fraud, misrepresentation or knowingly provides false information relating to the eligibility of any *member* under this *policy* or in filing a claim for *policy* benefits, we have the right to demand that *member* pay back to us all benefits that we provided or paid during the time the *member* was covered under the *policy*.

Conformity with Applicable Laws

Any part of this *policy* in conflict with *applicable laws* on this *policy's effective date* or on any premium due date is changed to conform to the minimum requirements of *applicable law*.
