1. The date you became covered under this *contract;*
2. The date of marriage to add a *spouse*;
3. The date of an eligible newborn's birth;
4. The date that an adopted child is placed with you or your *spouse* for the purposes of adoption or you or your *spouse* assumes total or partial financial support of the child;

Effective Date for Initial Dependent Members

Dependent members included in the application for this *contract* will be covered on your *effective date*.

Coverage for a Newborn Child

An *eligible child* born to you, or a covered family *member will* be covered from the time of birth until the 31st day after its birth. Each type of *covered service* incurred by the newborn child will be subject to the *cost sharing* amount listed in the *Schedule of Benefits*.

Additional premium will be required to continue coverage beyond the 31st day after the date of birth. The required premium will be calculated from the child's date of birth. If notice of the newborn is given to us by the Health Insurance Marketplace within the 31 days from birth, an additional premium for coverage of the newborn child will be charged for not less than 31 days after the birth of the child. If notice is not given within the 31 days from birth, we will charge an additional premium from the date of birth. If notice is given by the Health Insurance Marketplace within 60 days of the birth of the child, we may not deny coverage of the child due to failure to notify us of the birth of the child or to pre-enroll the child. Coverage of the child will terminate on the 31st day after its birth unless we have received notice by the Health Insurance Marketplace of the child's birth.

Coverage for an Adopted Child

An *eligible child* legally placed for adoption with you, or your *spouse* will be covered from the date of placement until the 31st calendar day after placement*,* unless the placement is disrupted prior to legal adoption and the child is removed from you or your *spouse's* custody.

The child will be covered for *loss* due to *injury* and *illness* including *medically necessary* care and treatment of conditions existing prior to the date of placement*.*

Additional premium will be required to continue coverage beyond the 31st calendar day following placement of the child and we have received notification from the Health Insurance Marketplace. Coverage of the child will terminate on the 31st calendar day following placement unless we have received both: (a) Notification of the addition of the child from the Health Insurance Marketplace within 60 calendar days of the birth or placement and (b) any additional premium required for the addition of the child within 90 calendar days of the date of placement*.*

As used in this provision, *"*placement*"* means the earlier of:

1. The date that you or your *spouse* assume physical custody of the child for the purpose of adoption; or
2. The date of entry of an order granting you or your *spouse* custody of the child for the purpose of adoption.

Adding Other Dependent Members

A *member's* eligibility for coverage under this *contract* will cease on the earlier of:

1. The *subscriber* residing outside the *service area* or moving permanently outside the *service area* of this plan;

If you enrolled through Ambetter, contact Member Services.

For Dependent Members

A *dependent member* will cease to be a *member* at the end of the premium period in which he or she ceases to be your *dependent member* due to divorce or if a child ceases to be an *eligible child.* For *eligible children*, the coverage will terminate at 11:59 p.m. on the last day of the year in which *dependent member* child reaches the limiting age of 26.

If you have material modifications (examples include a change in life event such as marriage, death or other change in family status), you can log in to your consumer dashboard at enroll.ambetterhealth.com to process these changes.

A *member* will not cease to be a *dependent eligible child* solely because of age if the *eligible child* is:

1. Incapable of self-sustaining employment by reason of intellectual or physical disability; and
2. Chiefly dependent upon you for support and maintenance, provided proof of the incapacity and dependency is furnished to us within thirty-one (31) days of the dependent *eligible child* attainment of the limiting age and subsequently as may be required by us, but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

14. A *qualified individual* newly gains access to an employer sponsored Individual Coverage Health Reimbursement Arrangement (ICHRA) (as defined in 45 CFR 146.123(b)) or a Qualified Small Employer Health Reimbursement Arrangement (QSHRA) (as defined in section 9831(d)(2) of the Internal Revenue Code);

If you are currently enrolled in Ambetter of Tennessee, please contact Member Services with any questions related to your health insurance coverage.

Coverage Effective Dates for Special Enrollment Periods

Regular effective dates. Except as specified below, coverage will be effective on the first of the month following plan selection.

Special effective dates. In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a *qualified individual* or *member* on the date of birth, adoption, placement for adoption, or placement in foster care. In the case of marriage, or in the case where a *qualified individual* experiences a *loss* of *minimum essential coverage*, coverage is effective on the first day of the following month.

In the case of erroneous enrollment, *contract* violation, or exceptional circumstances, coverage is effective on an appropriate date based on the circumstances of the special enrollment period, in accordance with guidelines issued by the Department of Health and Human Services. Such date must be either (i) the date of the event that triggered the special enrollment period or (ii) in accordance with the regular *effective dates*.

If a *qualified individual*, *member*, or *dependent member* loses coverage, gains access to a new *QHP*, becomes newly eligible for enrollment in a *QHP*, becomes newly eligible for advance payments of the premium tax credit in conjunction with a permanent move, or is enrolled in COBRA continuation coverage and employer contributions to or government subsidies completely cease, and if the plan selection is made on or before the day of the triggering event the Health Insurance Marketplace must ensure that the coverage *effective date* is the first day of the month following the date of the triggering event. If the plan selection is made after the date of the triggering event, coverage is effective on the first day of the following month.

If a *qualified individual*, *member*, or *dependent member* newly gains access to an Individual Coverage Health Reimbursement Arrangement (ICHRA) or is newly provided a Qualified Small Employer Health Reimbursement Account (QSEHRA), and if the plan selection is made before the day of the triggering event, coverage is effective on the first day of the month following the date of the triggering event or, if the triggering event is on the first day of a month, on the date of the triggering event. If the plan selection is made on or after the day of the triggering event, coverage is effective on the first day of the month following plan selection.

If a *qualified individual*, *member*, or *dependent member* did not receive timely notice of an event that triggers eligibility for a special enrollment period, and otherwise was reasonably unaware that a qualifying event occurred, the Health Insurance Marketplace must allow the *qualified individual*, *member*, or *dependent member* to select a new plan within 60 days of the date that he or she knew, or reasonably should have known, of the occurrence of the triggering event. And at the option of a *qualified individual*, *member* or *dependent member,* the Health Insurance Marketplace must provide the earliest effective that would have been available, based on the applicable qualifying event.

Third Party Payment of Premiums or Cost Sharing

We require each policyholder to pay his or her premiums and this is communicated on your monthly billing statements. Our payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting third party premiums. Consistent with CMS guidance, the following are the only acceptable third parties who may pay premiums on your behalf:

1. Ryan White HIV/AIDS program under Title XXVI of the Public Health Service Act.
2. Indian tribes, tribal organizations, or urban Indian organizations.
3. State and federal government programs; or
4. Family members, or
5. An employer for an employee under an Individual Coverage Health Reimbursement Account (ICHRA) or Qualified Small Employer Health Reimbursement Account (QSEHRA) plan.

Prior Coverage

If a *member* is confined as an *inpatient* in a *hospital* on the *effective date* of this agreement, and prior coverage terminating immediately before the *effective date* of this agreement furnishes benefits for the hospitalization after the termination of prior coverage, then services and benefits will not be covered under this agreement for that *member* until the *member* is discharged from the *hospital* or benefits under the prior coverage are exhausted, whichever is earlier. “Discharge” means a formal release of an *member* from an *inpatient hospital* stay when the need for continued care at an *inpatient hospital* has concluded. Transfers from one *inpatient hospital* to another shall not be considered a discharge.

If there is no prior coverage or no continuation of *inpatient* coverage after the *effective date,* your Ambetter coverage will apply for covered benefits related to the *inpatient* coverage after your e*ffective date.* Ambetter coverage requires you notify Ambetter within 2 days of your *effective date* so we can review and *authorize medically necessary* services. If services are at a non-contracted *hospital*, claims will be paid at the Ambetter allowable, and you may be billed for any balance of costs above the Ambetter allowable.

PREMIUMS

Premium Payment

Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual open enrollment period.

Grace Period

When a *member* is receiving a premium subsidy:

> After the first premium is paid, a grace period of 3 months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if *advance premium tax credits* are received.
>
> We will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. We will notify Health and Human Services (HHS) of the non-payment of premiums, the *member*, as well as providers of the possibility of denied claims when the *member* is in the second and third month of the grace period. We will continue to collect *advance premium tax credits* on behalf of the *member* from the Department of the Treasury and will return the *advance premium tax credits* on behalf of the *member* for the second and third month of the grace period if the *member* exhausts their grace period as described above. A *member* is not eligible to re-enroll once terminated, unless a *member* has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods.

When a *member* is not receiving a premium subsidy:

> Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a 60-calendar day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the *contract* will stay in force; however, claims may pend for *covered services* rendered to the *member* during the grace period. We will notify Health and Human Services (HHS), as necessary, of the non-payment of premiums, the *member*, as well as providers of the possibility of denied claims when the *member* is in the grace period.

Third Party Payment of Premiums or Cost Sharing

Ambetter requires each *contract* holder to pay his or her premiums and this is communicated on your monthly billing statements. Ambetter payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting *third party* premiums. Consistent with CMS guidance, the following are the only acceptable third parties who may pay Ambetter premiums on your behalf:

1. Ryan White HIV/AIDS program under Title XXVI of the Public Health Service Act;
2. Indian tribes, tribal organizations, or urban Indian organizations;
3. State and federal government programs;

4. Family members;
5. An employer for an employee under an ICHRA or QSEHRA plan; or
6. Private, not-for-profit foundations which have no incentive for financial gain, no financial relationship, or affiliation with providers of *covered services* and supplies on behalf of *members,* where eligibility is determined based on defined criteria without regard to health status and where payments are made in advance for a coverage period from the *effective date* of eligibility through the remainder of the *calendar year*.

Upon discovery that premiums were paid by a person or entity other than those listed above, we will reject the payment and inform the *member* that the payment was not accepted, and that the premium remain due.

Misstatement of Age

If a *member's* age has been misstated, the *member's* premium may be adjusted based on what it should have been, based on the *member's* actual age.

Change or Misstatement of Residence

If you change your *residence*, you must notify the Health Insurance Marketplace of your new *residence* within 60 calendar days of the change. This change can also be processed by logging in to your consumer dashboard at enroll.ambetterhealth.com. As a result, your premium may change, and you may be eligible for a special enrollment period. See the section on Special Enrollment Periods provision for more information.

Misstatement of Tobacco or Nicotine Use

The answer to the *tobacco* or nicotine question on the application is material to our correct underwriting. If a *member's use of tobacco* or nicotine has been misstated on the *member's* application for coverage under this contract, we have the right to rerate the *contract* back to the original *effective date.*

PRIOR AUTHORIZATION

Prior Authorization Required

Some *covered services* (medical and *behavioral health*) require *prior authorization*. In general, *network providers* must obtain *authorization* from us prior to providing a service or supply to a *member.* However, there are some *network eligible expenses* for which you must obtain the *prior authorization*.

For services or supplies that require *prior authorization*, as shown on the *Schedule of Benefits*, you must obtain *authorization* from us before you or your *dependent member:*

1. Receive a service or supply from a *non-network provider;*
2. Are admitted into a *network* facility by a *non-network provider;* or
3. Receive a service or supply from a *network provider* to which you or your *dependent member* were referred to by a *non-network provider.*

Pursuant to the federal No Surprises Act, *emergency services* received from a *non-network provider* are *covered services* without *prior authorization*.

Prior authorization (medical and *behavioral health*) requests must be received by phone/eFax/ Provider portal as follows:

1. At least 5 calendar days prior to an elective admission as an *inpatient* in a *hospital*, *extended care* or *rehabilitation facility*, *hospice* facility, or *residential treatment facility*.
2. At least 30 calendar days prior to the initial evaluation for organ transplant services.
3. At least 30 calendar days prior to receiving clinical trial services.
4. Within 24 hours of any *inpatient* admission, including emergent *inpatient* admissions.
5. At least five calendar days prior to the start of *home health care* except those *members* needing *home health care* after *hospital* discharge.

After *prior authorization* has been requested and all required or applicable documentation has been submitted, we will notify you and your provider if the request has been approved as follows:

1. For urgent concurrent review within 1 calendar day of receipt of the request.
2. For urgent *pre-service*, within 2 business days from date of receipt of request.
3. For non-urgent *pre-service* requests within 2 business days of receipt of the request.
4. For post-service requests, within 30 calendar days of receipt of the request.
5. For standard pharmacy requests, within 15 calendar days of receipt of request and urgent pharmacy requests, within 72 hours (3 calendar days) or two business days of receipt of request (whichever is lesser).

In situations where additional information is needed to make a decision, these timeframes may be extended in accordance with *applicable law*.

You do not need to obtain *prior authorization* from us or from any other person (including your *PCP*) in order to obtain access to obstetrical or gynecological care from a *medical practitioner* in our *network* who specializes in obstetrics or gynecology. The *medical practitioner*, however, may be required to comply with certain procedures, including obtaining *prior authorization* for certain services,

following a pre-approved treatment plan or procedures for making referrals. For a list of participating *medical practitioners* who specialize in obstetrics or gynecology, contact Member Services.

How to Obtain Prior Authorization

To obtain *prior authorization* or to confirm that a *network provider* has obtained *prior authorization*, contact us by telephone at the telephone number listed on your *member* identification card before the service or supply is provided to the *member.*

Failure to Obtain Prior Authorization

Failure to comply with the *prior authorization* requirements will result in benefits being reduced.

Network providers cannot bill you for services for which they fail to obtain *prior authorization* as required.

Benefits will not be reduced for failure to comply with *prior authorization* requirements prior to receiving *emergency services*. However, you must contact us as soon as reasonably possible after you receive the *emergency services*.

Prior Authorization Does Not Guarantee Benefits

Our *authorization* does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the *contract.*

Requests for Predeterminations

You may request a predetermination of coverage. We will provide one if circumstances allow us to do so. However, we are not required to make a predetermination of either coverage or benefits for any particular treatment or medical expense. Any predetermination we may make will be reviewed after the medical expense is incurred and a claim is filed. A review that shows one or more of the following may cause us to reverse the predetermination:

1. The predetermination was based on incomplete or inaccurate information initially received by us.
2. The medical expense has already been paid by someone else.
3. Another party has already paid or is responsible for payment of the medical expense.

We will make all benefit determinations after a *loss* in good faith. All benefit determinations are subject to our receipt of proper *proof of loss.*

Services from Non-Network Providers

Except when *balance billing protections* apply to a *covered service* provided by a *non-network provider,* we do not normally cover services received from *non-network providers*. If a situation arises where a *covered service* cannot be obtained from a *network provider* located within a reasonable distance, we may provide *prior authorization* for you to obtain services from a *non-network provider* at no greater cost to you than if you went to a *network provider*. If *covered services* are not available from a *network provider*, you or your *PCP* must request *prior authorization* from us before you may receive services from a *non-network provider*. If required *medically necessary* services are not available from *network providers,* you or the *network provider* must request *prior authorization* from us before you may receive services from *non-network providers*. Otherwise, you will be responsible for all charges incurred.

Prior Authorization Denials

Refer to the Grievance and Appeals Procedures section of this *contract* for information on your right to *appeal* a denied *authorization*.

COST SHARING FEATURES

Cost Sharing Features

We will pay benefits for *covered services* as described in the *Schedule of Benefits* and the Major Medical Expense Benefits sections of this *contract*. All benefits we pay will be subject to all conditions, limitations, and *cost sharing* features of this c*ontract*. *Cost sharing* means that you participate or share in the cost of your health care services by paying *deductible amounts*, *copayments* and *coinsurance* for some *covered services*. For example, you may need to pay a provider a *deductible*, *copayment amounts* or *coinsurance* amount when you visit your provider or are admitted into the *hospital*. The *copayment amounts* or *coinsurance* required for each type of service as well as your *deductible* is listed in your *Schedule of Benefits*.

When you or a covered *dependent member*, receive health care services from a provider, there may be multiple claims for that episode of care. Each claim that we receive for services covered under this *contract* are adjudicated or processed as we receive them. Coverage is only provided for *eligible expenses*. Each claim received will be processed separately according to the *cost share* as outlined in the *contract* and in your *Schedule of Benefits*.

The *deductible amount* means the amount of *covered services* that must be paid to a provider by each/all *members* before any benefits are provided or payable. The *deductible amoun*t does not include any *copayment amount* or *coinsurance* amount. Not all *covered services* are subject to the *deductible amount*. See your *Schedule of Benefits* for more details.

Copayments

A *copayment* is typically a fixed dollar amount due at the time of service. *Members* may be required to pay *copayments* to a provider each time services are performed that require a *copayment*. *Copayments* are due as shown in the *Schedule of Benefits,* are due at the time of service. Payment of a *copayment* does not exclude the possibility of a provider billing you for any non-covered services. *Copayments* do not count or apply toward the *deductible amount* but do apply toward your *maximum out-of-pocket amount*.

Coinsurance Percentage

A *coinsurance* amount is your share of the cost of a service. *Members* may be required to pay a provider a *coinsurance* in addition to any applicable *deductible amount*(s) due for a *covered service* or supply. *Coinsurance* amounts do not apply toward the *deductible* but do apply toward your *maximum out-of-pocket amount*. When the annual *maximum out-of-pocket* has been met, additional *covered services* will be provided at 100 percent.

Refer to your *Schedule of Benefits* for *coinsurance* percentage and other limitations.
The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *contract*.
2. A determination of *eligible expenses*.
3. Any reduction for expenses incurred at a *non-network provider*. Please refer to the information in the *Schedule of Benefits*.

The applicable *deductible amount(s), coinsurance,* and *copayment amounts* are shown on the *Schedule of Benefits*.

Non-Network Liability and Balance Billing

If you receive services from a provider that is out-of-network, you may have to pay more for services you receive. *Non-network providers* may be permitted to bill you for the difference between what your plan agreed to pay, and the full billed amount for a service. This is known as *balance billing*. This amount is likely more than in-network costs for the same service and might not count toward your annual *maximum out-of-pocket* limit.

However, you will not be *balance billed* when *balance billing protections* apply to *covered services*.

Maximum Out-of-Pocket

You must pay a provider any applicable *copayments, coinsurance, or deductible amounts* required until you reach the *maximum out-of-pocket amount* shown in your *Schedule of Benefits*. After the *maximum out-of-pocket amount* is met for an individual, we will pay 100% of the cost for *covered services*. The family *maximum out-of-pocket amount* is two times the individual maximum out-of-pocket amount. For the family *maximum out-of-pocket amount*, once a *member* has met the individual *maximum out-of-pocket amount*, the remainder of the family *maximum out-of-pocket amount* can be met with the combination of any one or more *members' eligible expenses*.

When the annual *maximum out-of-pocket amount* has been met, additional *covered services* will be provided or payable at 100% of the allowable expense.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *contract*;
2. A determination of eligible expenses.
3. Any reduction for expenses incurred at a *non-network provider*. Please refer to the information in the *Schedule of Benefits*.

Health Savings Account (HSA)

A Health Savings Account (HSA) is a special tax-exempt custodial account or trust owned by a *member* where contributions to the account may be used to pay for current and future qualified medical expenses. Please refer to your *Schedule of Benefits* to see if the plan you are enrolled in has an HSA. For *members* enrolled in an HSA compatible plan, the following terms apply.

Individual *members* must satisfy federal HSA eligibility criteria in order to open and contribute to an HSA.

This Evidence of Coverage is administered by Ambetter of Tennessee and underwritten by Celtic Insurance, Inc. Neither entity is an HSA trustee, HSA custodian or a designated administrator for HSAs. Celtic Insurance, Inc., its designee and its affiliates, including Ambetter of Tennessee, do not provide tax, investment or legal advice to *members*.

IN ADDITION, EACH *MEMBER* WITH AN HSA IS RESPONSIBLE FOR NOTIFYING HIS/HER HSA CUSTODIAN OR TRUSTEE IF ENROLLMENT UNDER THEIR HSA PLAN HAS BEEN CANCELED OR TERMINATED.

ACCESS TO CARE

Primary Care Physician (PCP)

In order to obtain benefits, you must designate a *primary care physician* for each *member.* If you do not select a *network PCP* for each *member*, one will be assigned. You may select any *PCP* who is accepting new patients from any of the following provider types:

1. Family practitioners
2. General practitioners
3. Internal medicine
4. Nurse practitioners*
5. *Physician* assistants
6. Obstetricians/gynecologists
7. Pediatricians (for children)

*If you choose a nurse practitioner as your *PCP*, your benefit coverage and *copayment amounts* are the same as they would be for services from other *network providers*. See your *Schedule of Benefits* for more information.

Adults may designate an OB/GYN as a *primary care physician*. You may obtain a list of *primary care physicians* at our website and accessing the "Find a Doctor" function or by contacting Member Services.

You should get to know your *PCP* and establish a healthy relationship with them. Your *PCP* will:

1. Provide preventive care and screenings.
2. Conduct regular physical examinations as needed.
3. Conduct regular immunizations as needed.
4. Deliver timely service.
5. Work with other doctors when you receive care somewhere else.
6. Coordinate specialty care with Ambetter *network specialists.*
7. Provide any ongoing care you need.

9. Treat all patients the same way with dignity and respect.
10. Make sure you can contact him/her or another provider at all times.
11. Discuss what advance directive are and file directives appropriately in your medical record.

Your *network PCP* will be responsible for coordinating all covered health services with other *network providers.* You may be required to obtain a referral from a *primary care physician* in order to receive care from a *specialist physician*. You do not need a referral from your *network primary care physician* for mental or *behavioral health* services, obstetrical or gynecological treatment and may seek care directly from a *network* obstetrician or gynecologist.

Changing Your Primary Care Physician (PCP)

You may change your *primary care physician* for any reason, but not more frequently than once a month, by submitting a written request online at our website, AmbetterofTennessee.com, or by contacting our office at the number shown on your *member* identification card. The change to your

primary care physician of record will be effective no later than 30 calendar days from the date we receive your request.

Contacting Your Primary Care Physician

To make an appointment with your *PCP*, call his/her office during business hours and set up a date and time. If you need help, call Member Services and we will help you make the appointment. If you need to cancel or change your appointment, call 24 hours in advance. At every appointment, make sure you bring your *member* identification card and a photo identification.

Should you need care outside of your *PCP's* office hours, you should call your *PCP's* office for information on receiving after hours care in your area. If you have an urgent medical problem or question or cannot reach your *PCP* during normal office hours, call our 24/7 nurse advice line at 1-833-709-4735 (Relay 711). A licensed nurse is always available and ready to answer your health questions. In an emergency, call 911 or head straight to the nearest emergency room.

Non-Emergency Services

If you are traveling outside of the Ambetter of Tennessee *service area,* you may be able to access providers in another state if there is an Ambetter plan located in that state. You can locate Ambetter providers outside of Tennessee by searching the relevant state in our provider directory at guide.ambetterhealth.com. Not all states have Ambetter plans. If you receive care from an Ambetter provider outside of the *service area*, you may be required to receive *prior authorization* for non-emergency services. Contact Member Services at the phone number on your *member* identification card for further information.

Emergency Services Outside of Service Area

We cover *emergency services* when you are outside of our *service area*.

If you are temporarily out of the *service area* and experience an *emergency condition*, call 911 or go the nearest emergency room. Be sure to call us and report your emergency within one business day. You do not need *prior authorization* for *emergency services*.

New Technology

Health technology is always changing. If we think a new medical advancement can benefit our *members*, we evaluate it for coverage. These advancements include:

1. New technology
2. New medical procedures
3. New drugs
4. New devices
5. New application of existing technology

Sometimes, our medical director and/or medical management staff will identify technological advances that could benefit our *members*. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology.

If the CPC does not review a request for coverage of new technology, our medical director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.

Preferred Partnership

As innovative technologies and solutions are established in market under expedited research and development, we may elect to offer, at our discretion, new services or preferred partnerships designed to improve access to care and enhance *care management*. Ambetter will provide access to *third party* services at preferred or discounted rates. The preferred or discounted rates to these services may be communicated to all *members* by email, mail or phone promotions. The preferred partnerships are optional benefits to all *members.*

Network Availability

Your *network* is subject to change. The most current *network* may be found online at our website or by contacting us at the number shown on your *member* identification card. A *network* may not be available in all areas. If you move to an area where we are not offering access to a *network*, please contact Member Services prior to moving or as soon as possible. You may have the opportunity to disenroll from coverage under this *contract* and enroll in a different health plan with a *network* in that area. **Note:** *Services* received from *non-network providers* are generally not *covered services* under this *contract,* except when *balance billing protections* apply to a *covered service* provided by a *non-network provider*. If you receive *covered services* from *non-network providers* that are not subject to *balance billing protections*, benefits will be calculated in accordance with the terms of this *contract* for *non-network providers*.

Coverage under Other Policy Provisions

Charges for services and supplies that qualify as *covered services* under one benefit provision will not qualify as *covered services* under any other benefit provision of this *contract.*

Hospital Based Providers

When receiving care at a *network hospital* it is possible that some hospital-based providers may not be *network providers*. If you provide *notice and consent* to waive *balance billing protections*, you may be responsible for payment of all or part of the balance bill. Any amount you are obligated to pay to the *non-network provider* in excess of the *eligible expense* will not apply to your *deductible amount* or *maximum out-of-pocket amount*.

You may not be *balance billed* for non-emergency ancillary services (which are services related to emergency medicine, anesthesiology, pathology, radiology and neonatology, diagnostic services such as radiology and laboratory services, and services provided by non-physician practitioners, assistant surgeons, hospitalists, and intensivists), received from a *non-network provider* at a *network hospital* or *network* ambulatory facility.

Continuity of Care

Under the federal No Surprises Act, if a *member* is a *continuing care patient* with respect to a *network provider* and the contractual relationship with the provider is terminated, such that the provider is no longer in the *network*; or benefits are terminated because of a change in the terms of the participation of the provider, as it pertains to the services the *member* is receiving as a *continuing care patient*, then we will:

1. Notify the *member* who is a *continuing care patient* on a timely basis of the termination and their right to elect continued transitional care from the provider;
2. Provide the *member* with an opportunity to notify us of the *member's* need for transitional care; and
3. Permit the *member* to elect to continue to have their benefits for the course of treatment

relating to their status as a *continuing care patient* during the period beginning on the date on which the notice described in (1) is provided and ending on the earlier of:

a. 120 days after the notice described in (1) is provided; or
b. The date on which such *member* is no longer a *continuing care patient* with respect to the provider.

of conditions and diseases.

Covered services in this benefit subsection are limited to charges from a licensed pharmacy for:

1. A *prescription drug*.
2. Any drug that, under the applicable state law, may be dispensed only upon the written prescription of a provider.
3. Off-label drugs that are:
    a. Recognized for treatment of the indication in at least one (1) *Standard Reference Compendium*; or

As used in this section, *Standard Reference Compendia* means (a) The American Hospital Formulary Service Drug Information, (b) The American Medical Association Drug Evaluation, or (c) The United States Pharmacopoeia-Drug Information.

How to Fill a Prescription
Prescriptions can be filled at a *network* retail pharmacy or through our mail-order pharmacy.

If you decide to have your prescription filled at a *network* pharmacy, you can use the provider directory to find a pharmacy near you. You can access the provider directory at AmbetterofTennessee.com on the “Find a Doctor” page. You can also call Member Services to help you find a pharmacy. At the pharmacy, you will need to provide the pharmacist with your prescription and your *member* identification card.

We also offer a three-month (90-day) supply of maintenance medications by mail or from *network* retail pharmacies for specific benefit plans. These drugs treat long-term conditions or illnesses, such as high blood pressure, asthma and diabetes. You can find a list of covered medications on AmbetterofTennessee.com. You can also request to have a copy mailed directly to you.

Mail Order Pharmacy
Mail order pharmacy offers a convenient way to receive your prescriptions. Eligible prescriptions will be safely delivered right to your door at no extra charge to you. You will still be responsible for your regular *copayment/coinsurance*. To enroll for mail order delivery or for any additional questions, please refer to our Ambetter website. Once on our Ambetter website, click on “For Members”, followed by “Drug Coverage”. Under the “Mail Order” section, you will find details on your in-network mail order pharmacies and next steps for enrollment.

Split-Fill Dispensing Program
Members are limited to 15-day supplies for the first 90 days when starting new therapy using certain medications (like oral oncology). *Members* pay half the 30-day cost-share for a 15-day supply and would be responsible for the other half of the 30-day *cost share* for each additional 15-day supply. After 90 days, *members* will fill their medications for 30-day supplies.

Medication Balance-On-Hand
Medication refills are prohibited until a *member's* cumulative balance-on-hand is equal to or fewer than 15 days' supply of medication. This provision operates in addition to any applicable medication quantity limit or refill guidelines.

Lock-in Program
To help decrease overutilization and abuse, certain *members* identified through our lock-in program, may be locked into a specific pharmacy for the duration of their participation in the lock-in program. *Members* locked into a specific pharmacy will be able to obtain their medications(s) only at specified location. Ambetter Pharmacy, together with Medical Management will review *member* profiles and using specific criteria, will recommend *members* for participation in lock-in program. *Members* identified for participation in lock-in program and associated *providers* will be notified of *member* participation in the program via mail. Such communication will include information on duration of participation, pharmacy to which *member* is locked-in, and any *appeals* rights.

Insulin
The total amount you will be required to pay for a covered insulin drug will not exceed any state and/or federal mandated limits.

Self-injectable Drugs
Self-injectable drugs are delivered into a muscle or under the skin with a syringe and needle. Although medical supervision or instruction may be needed in the beginning, the patient or caregiver can administer *self-injectable drugs* safely and effectively. *Self-injectable drugs* are covered under the *prescription drug* benefits; *prescription drug cost share* applies.

Formulary or Prescription Drug List
The formulary or *prescription drug* list is a guide to available generic and brand name drugs and some over-the-counter medications when ordered by a *physician* that are approved by the Food and Drug Administration (FDA) and covered through your *prescription drug* benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The FDA requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed on Tier 2 of the drug list to help identify brand name drugs that are clinically appropriate, safe and cost-effective treatment options, if a generic medication on the formulary is not suitable for your condition.

Please note, the formulary is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed, or additional requirements may be added in order to approve continued usage of a specific drug.

Specific prescription benefit plan designs may not cover certain products or categories, regardless of their appearance in the formulary. For the most current Ambetter formulary or *prescription drug* list or for more information about our pharmacy program, visit AmbetterofTennessee.com (under “For Member”, “Drug Coverage”) or call Member Services.

The appropriate drug choice for a *member* is a determination that is best made by the *member* and his or her *medical practitioner.*

Non-Formulary Prescription Drugs
Under the Affordable Care Act, you have the right to request coverage of *prescription drug*s that are not listed on the plan formulary (otherwise known as “non-formulary drugs”). To exercise this right, please get in touch with your *medical practitioner*. Your *medical practitioner* can utilize the usual *prior authorization* request process. See “Prescription Drug Exception Process” below for additional details.

Over the Counter (OTC) Prescriptions
We cover a variety of over the counter (OTC) medications when ordered by a physician. You can find a list of covered over-the-counter medications in our formulary – they will be marked as “OTC”. Your *prescription order* must meet all legal requirements.

Specialty drugs and other select drug categories are limited to 30-day supply when dispensed by retail or mail order. Please note that only the 90-day supply may be subject to the discounted *cost sharing*. Mail orders less than 90 days are subject to the standard *cost sharing* amount.
12. For *prescription drugs* for any *member* who enrolls in Medicare Part D as of the date of his or her enrollment in Medicare Part D. *Prescription drug* coverage may not be reinstated at a later date.
13. Foreign prescription medications, except those associated with an emergency medical condition while you are travelling outside the United States, or those you purchase while residing outside the United States. These exceptions apply only to medications with an equivalent FDA-approved prescription medication that would be covered under this document if obtained in the United States.
14. For prevention of any diseases that are not endemic to the United States, such as malaria, and where preventive treatment is related to *member*’s vacation during out of country travel. This section does not prohibit coverage of treatment of aforementioned diseases.

Prescription Drug Exception Process

Standard exception request

A *member*, a *member's authorized representative* or a *member's* prescribing provider may request a standard review of a decision that a drug is not covered by the plan or a protocol exception for step therapy. The request can be made in writing or via telephone. Within 72 hours of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's* prescribing provider with our coverage determination. Should the standard exception request or step therapy protocol exception request be granted, we will provide coverage of the non-formulary drug for the duration of the prescription, including refills, or of the drug that is the subject of the protocol exception.

Expedited exception request

A *member*, a *member's authorized representative* or a *member's* prescribing provider may request an expedited review based on exigent circumstances. Exigent circumstances exist when a *member* is suffering from a health condition that may seriously jeopardize the *member's* life, health, or ability to regain maximum function or when an *member* is undergoing a current course of treatment using a non-formulary drug. Within 24 hours of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's* prescribing provider with our coverage determination. Should the standard exception or step therapy protocol exception request be granted, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the exigency.

External exception request review

If we deny a request for a standard exception or for an expedited exception, the *member*, the *member's authorized representative* or the *member's* prescribing provider may request that the original exception request and subsequent denial of such request be reviewed by an *independent review organization*. We will make our determination on the external exception request and notify the *member*, the *member's authorized representative* or the *member's* prescribing provider of our coverage determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request if the original request was an expedited exception.

If we grant an external exception review of a standard exception or step therapy protocol exception request, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the prescription. If we grant an external exception review of an expedited exception request, we will provide coverage of the non-formulary drug or the drug that is the subject of the protocol exception for the duration of the exigency.

Drug Discount, Coupon or Copay Card
Cost sharing paid on your behalf for any *prescription drug*s with generic equivalent will not apply towards your plan *deductible* or your *maximum out of pocket* if a *drug discount, coupon, copayment amounts card, or manufacturer supplied prepaid credit card* was used.

Preventive Care Expense Benefits

Preventive care services are covered as required by the Affordable Care Act (ACA). According to the ACA, preventive care services must include the following:

1. Evidence based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF).
2. Immunizations for routine use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC).
3. With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
4. With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the HRSA to the extent the care is not illegal under *applicable law*.

Preventive care benefits obtained from a *network* provider are covered without *member cost share* (i.e., covered in full without *deductible*, *coinsurance* or *copayment*). For current information regarding available *preventive care benefits*, please access the federal government's website at: www.healthcare.gov/center/regulations/prevention.html.

Preventive care refers to services or measures taken to promote health and early detection or prevention of diseases and injuries, rather than treating or curing them. Preventive care includes, but is not limited to, immunizations, medications, *tobacco* cessation treatment, examinations and screening tests tailored to an individual’s age, health and family history.

Certain services can be performed for preventive or diagnostic reasons (e.g., mammograms). If a service is deemed preventive care and is appropriately reported/billed, it will be covered under the preventive care services benefit. However, when a service is performed for diagnostic purposes and reported/billed accordingly, it will be considered a non-preventive medical benefit and appropriate *cost share* will apply. **Note:** If preventive and diagnostic services are performed during the same visit, applicable *cost share* will be taken for the latter.

As new preventive care recommendations and guidelines are issued (by the USPSTF, CDC or HRSA), those services will become covered preventive care benefits. According to the ACA, coverage of new recommendations and guidelines become effective upon a plan’s start or anniversary date that is one year after the date the recommendation or guideline is issued.

In addition to providing coverage in accordance with the ACA, we also provide preventive care benefits in accordance with applicable state law.

Notification: As required by section 2715(d)(4) of the Public Health Service Act, we will provide 60 days advance notice to you before any material modification will become effective, including any changes to preventive benefits covered under this *contract*. You may access our website or call Member Services to get the answers to many of your frequently asked questions regarding preventive services. Our website has resources and features that make it easy to get quality care. Our website can be accessed at AmbetterofTennessee.com.

Our Ambetter Health Preventive Services Guide is updated annually and contains detailed information regarding preventive care coverage available to you. It is accessible via our website AmbetterofTennessee.com. To request a paper copy, please contact Member Services for assistance.

Prostate Specific Antigen Testing

Covered expenses include an annual digital rectal examination and prostate specific antigen test performed to determine the level of prostate specific antigen in the blood for a *member* who is average risk and at least fifty (50) years of age (if high risk of prostate cancer, eligibility starts between 40 - 49 years of age).

Radiology, Imaging and Other Diagnostic Testing

Medically necessary radiology services, imaging and tests performed for diagnostic reasons are a *covered service* (e.g., X-ray, Magnetic Resonance Imaging (MRI), Computed Tomography (CT scan), Positron Emission Tomography/Single Photon Emission Computed Tomography (PET/SPECT), mammogram, ultrasound). *Prior authorization* may be required, see your *Schedule of Benefits* for details. **Note:** Depending on the service performed, two bills may be incurred - both subject to any applicable *cost sharing* - one for the technical component (the procedure itself) and another for the professional component (the reading/interpretation of the results by a *physician* or other qualified practitioner).

Non-network providers should not bill you for *covered services* for any amount greater than your applicable participating *cost sharing* responsibilities when *balance billing protections* apply to the radiology, imaging, and other diagnostic testing services.

Second Medical Opinion

Members are entitled to a second medical opinion under the following conditions:

1. Whenever a minor *surgical procedure* is recommended to confirm the need for the procedure;
2. Whenever a serious *injury* or *illness* exists; or
3. Whenever you find that you are not responding to the current treatment plan in a satisfactory manner.

If requested, the second opinion consultation is to be provided by a *physician* of the *member's* choice. The *member* may select a *network provider* listed in the provider directory. If a *member* chooses a *network provider*, he or she will only be responsible for the applicable *cost sharing* for the consultation. Any lab tests and/or diagnostic and therapeutic services are subject to additional *cost sharing*.

If a second medical opinion is obtained by a *non-network provider*, *prior authorization* must be obtained before services are considered an *eligible expense*. If *prior authorization* is not obtained for a second medical opinion from a *non-network provider*, you will be responsible for the related expenses. If you see a *non-network provider*, you may be *balance billed* for services received.

Sleep Studies

Sleep studies are covered when determined to *be medically necessary*; *prior authorization* may be required. **Note:** A sleep study can be performed either at home or in a facility.

WELLNESS PROGRAMS AND OTHER OFFERINGS

In connection with this *contract*, we may offer wellness programs and other services to *members* that serve to remove barriers to accessing health services and improve overall health outcomes. These programs and services are available when your coverage begins and continue as long as your coverage remains active. Participation in these programs and services is optional and available at no additional cost to *members*. The programs and services are available to you as part of this *contract* but are not insurance. We may make changes to the terms and conditions of the programs and services or discontinue them at any time. Program tools and service may vary within your market. To inquire about these programs and other offerings, and to learn about what programs are available in your area, please visit our website at AmbetterofTennessee.com or by contacting Member Services.

The Ambetter Health preventive care and wellness program includes offerings for health check-ups, screenings for common conditions and vaccinations. Rewards may be available through the “My Health Pays” program for completing specific activities that promote healthy behaviors and address *social determinants of health*. *Members* may receive communications and outreach about this program.

We also offer general wellness, health improvement and *care management* programs that may include a reward or incentive that you may earn for completing different wellness-related activities.

If you have a medical condition that may prohibit you from participating in a wellness program, we may require you to provide verification, such as an affirming statement from your physician, that your medical condition makes it unreasonably difficult or inadvisable to participate in the wellness or health improvement program, in order for you to receive the reward or incentive.

You can access other services in connection with this *contract*, such as the “Ambetter Health Perks” program, which offers discounts on a wide range of activities, services, goods, financial tools, memberships, out-of-pocket prescription expenses, over-the-counter (OTC) health products, and health- and wellness-related services addressing s*ocial determinants of health* and healthy lifestyle. *Members* are responsible for paying for the discounted goods or services and we do not endorse any vendor, goods or services associated with the program. *Members* may also have access to a zero-interest line of credit through the Ambetter Health Perks program for paying their *deductibles, copayments*, and *coinsurance* on *covered services*, with several repayment options to fit their needs. The Ambetter Health Perks program is offered to all *members*. We are not involved in administering programs; you will communicate directly with any vendors, if you choose to participate.

SUBROGATION AND REIMBURSEMENT

If a *member's illness* or *injury* is caused by the acts or omissions of a *third party*, we will not cover a *loss* to the extent that it is paid as part of a settlement or judgment by any *third party*.

However, if payment by or for the *third party* has not been made by the time we receive acceptable *proof of loss,* we will pay regular *contract* benefits for the *member's loss*. We will have the right to be reimbursed to the extent of benefits we provided or paid for the *illness* or *injury* if the *member* subsequently receives payment from any *third party,* which is designated for medical expenses. The *member* (or the guardian, legal representatives, estate, or heirs of the *member*) shall promptly reimburse us from the settlement, judgment, or any payment received from any *third party*.

Our rights of recovery apply to any recoveries made by or on behalf of the *member* from any source, including but not limited to:

1. Payments made by a *third party* or any insurance company on behalf of the *third party*;
2. Any payments or awards under an uninsured or underinsured motorist coverage policy;

As a condition for our payment, the *member* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with us in order to obtain information about the *loss* and its cause.
2. To immediately inform us in writing of any claim made or lawsuit filed on behalf of a *member* in connection with the *loss*.
3. To include the amount of benefits paid by us on behalf of a *member* in any claim made against any *third party*.
4. If we are the primary insurer, to give us a first-priority lien on any recovery, settlement or judgment or other sources of compensation which may be had from any party to the extent of the full cost of all benefits associated with *third party injuries* provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement and regardless of the *member's* own negligence).
5. If we are the primary insurer, to pay, as the first priority, from any recovery, settlement, judgment, or other source of compensation, any and all amounts due to us as reimbursement for the full cost of all benefits associated with *third party injuries* provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement and regardless of the *member's* own negligence).
6. That we:
    a. Will have a lien on all money received by a *member* in connection with the *loss* equal to the benefit amount we have provided or paid for a medical expense.

9. To not settle any claim or lawsuit against a *third party* without providing us with written notice no less than 30 days prior to the settlement.
10. To reimburse us from any money received from any *third party* to the extent of benefits we paid for the *illness* or *injury*, whether obtained by settlement, judgment, or otherwise; the *third party's* payment must be expressly designated as a payment for medical expenses.
11. That we may reduce other benefits under the *contract* by the amounts a *member* has agreed to reimburse us in relation to their claim.

We will not pay attorney fees or costs associated with the *member's* claim or lawsuit. We are responsible for any attorney's fees we incur. However, in the event you or your representative fail to cooperate with us, you shall be responsible for all benefits paid by this plan in addition to costs and attorney's fees incurred by us in obtaining repayment.

Furthermore, as a condition of our payment, we may require the *member* or the *member's* guardian (if the *member* is a minor or legally incompetent) to execute a written reimbursement agreement. However, the terms of this provision remain in effect regardless of whether or not an agreement is actually signed.

If a dispute arises as to the amount a *member* must reimburse us, the *member* (or the guardian, legal representatives, estate, or heirs of the *member*) agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by us until the dispute is resolved.

When we receive your *appeal*, we are required to review our own decision.

Appeals must be filed in writing by you, your *authorized representative* or your provider acting on your behalf by filing the "Grievance & Appeals Form" found on the AmbetterofTennessee.com website under "Forms and Materials" or by mailing or faxing a written *appeal* along with copies of any supporting documents to:

Acknowledgement (First Level Review)

Within five business days of receipt of a First Level Review *appeal*, we will send a written acknowledgment to the *member*, the provider or the *member*'s *authorized representative* confirming receipt of the *appeal*.

When acknowledging an *appeal* filed by an *authorized representative*, our acknowledgement will include a clear and prominent notice stating the health care information or medical records may be disclosed to your *authorized representative* only if permitted by law.

1. The acknowledgement will state that unless otherwise permitted under applicable law, informed consent is required, and the acknowledgement shall include an informed consent form for that purpose;
2. If such disclosure is prohibited by law, health care information or medical records may be withheld from *an authorized representative*, including information contained in its resolution of the *appeal*; and
3. An *appeal* submitted by an *authorized representative* will be processed regardless of whether health care information or medical records may be disclosed to the *authorized representative* under applicable law.

Resolution Timeframes (First Level Review)

Appeals will be resolved, and we will notify you in writing with the *appeal* decision within the following timeframes:

1. *Post service*: within 60 calendar days after receipt of the request for internal *appeal*; or
2. *Pre-service*: within 30 calendar days after receipt of the request for internal *appeal*.

In general, Ambetter of Tennessee may seek your approval to extend the time for providing a decision on *post-service and pre-service appeals* for up to 14 calendar days after the expiration of the initial period, or if the plan determines that such an extension is necessary for reasons beyond the control of the plan. There is no provision for extensions in the case of claims involving urgent care or *expedited appeals*.

A *member* shall be provided, upon request and free of charge, reasonable access to, and copies of all documents, records and other information relevant to the *member's* claim for benefits. All comments, documents, records and other information submitted by the *member* relating to the issue or claim for benefits, regardless of whether such information was submitted or considered in the initial *adverse benefit determination*, will be considered in the internal *appeal*.

1. The *member* will receive from the plan, as soon as possible, any new or additional evidence considered by the reviewer. The plan will give the *member* ten calendar days to respond to the new information before making a determination, unless the state turnaround time for response is due in less than ten days. If the state turnaround time is less than ten days, the *member* will have the option of delaying the determination for a reasonable period of time to respond to the new information; or
2. The *member* will receive from the plan, as soon as possible, any new or additional medical rationale considered by the reviewer. The plan will give the *member* ten calendar days to respond to the new medical rationale before making a determination, unless the state turnaround time for response is due in less than ten days. If the state turnaround time is less than ten days, the *member* will have the option of delaying the determination for a reasonable period of time to respond to the new medical rationale.

For *appeals* involving an *adverse determination* with respect to concurrent review of urgent care requests involving an admission, availability of care, continued stay or healthcare service for a *member* who has received *emergency services*, but has not been discharged from a facility, the plan will handle these requests as *expedited appeals*.

The plan will advise you at the time a claim is denied that you can file an *expedited appeal*. You may also file for an expedited external review (see 'Simultaneous urgent claim, *expedited appeal* and external review").

Expedited appeal means *appeal* where any of the following applies:

1. The duration of the standard resolution process will result in serious jeopardy to the life or health of the *claimant* or the ability of the *claimant* to regain maximum function.
2. In the opinion of a provider with knowledge of the *claimant's* medical condition, the *claimant* is subject to severe pain that cannot be adequately managed without the care or treatment that is the subject of the *appeal*.

An *expedited appeal* may be submitted orally or in writing. All necessary information, including our determination on review, will be transmitted between the *member* and us by telephone, facsimile, or other available similarly expeditious method. An *expedited appeal* shall be resolved as expeditiously as the *claimant's* health condition requires, but not more than 72 hours after receipt of the *appeal*.

If the *expedited appeal* involves an adverse determination with respect to a concurrent review of an urgent care request, the service shall be continued until the *member* or *member*'s *authorized representative* has been notified of the determination or until the health care provider determines that the urgent care is no longer appropriate or necessary. This does not apply to requests for extensions.

Upon written request, we will mail or electronically mail a copy of the *member's* complete *contract* to the *member*, the provider, or the *member's authorized representative* as expeditiously as the *appeal* is handled.

Simultaneous *expedited appeal* and external review:
You or your *authorized representative*, may request an *expedited appeal* and an expedited external review (see External Review provision) if both the following apply:

1. You have filed a request for an *expedited appeal*; and
2. After a final *adverse benefit determination*, if either or the following applies:
    a. Your treating *physician* certifies that the *adverse benefit determination* involves a medical condition that could seriously jeopardize your life or health, or would jeopardize your ability to regain maximum function, if treated after the timeframe of a standard external review;
    b. The final *adverse benefit determination* concerns an admission, availability of care, continued stay or health care service for which you received *emergency services*, but has not yet been discharged from a facility.

Written Appeal Response (First Level Review)

Appeal response letter will be written in a manner to be understood by the *member*, the provider, or the *member's authorized representative* and the notification shall include the specific reasons for the denial, determination, or initiation of disenrollment.

Our written First Level Review of the *appeal* will include:

9. If the *adverse benefit determination* is based on *medical necessity* or *experimental treatment* or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the *member's* medical circumstances or a statement that such explanation will be provided free of charge upon request;
10. If applicable, instructions for requesting:
    a. A copy of the rule, guideline, protocol or other similar criterion relied upon in making the adverse determination.
    b. The written statement of the criteria for the determination.

Second Level Review Appeal (optional):

You may request a Second Level Review *appeal* if you are dissatisfied with the First Level Review decision, or you can skip this option and file an external review.

Acknowledgement (Second Level Review)

Within five business days of receipt of a Second Level Review *appeal*, we will send a written acknowledgment to the *member*, the provider or the *member*'s *authorized representative* confirming receipt of the *appeal*. Our notice will also include your rights to:

level review; and

f. The right to be assisted or represented by an individual of the *member's* choice, at the expense of such *member*.

When acknowledging an *appeal* filed by an *authorized representative*, our acknowledgement will include a clear and prominent notice stating the health care information or medical records may be disclosed to your *authorized representative* only if permitted by law.

1. The acknowledgement will state that unless otherwise permitted under applicable law, informed consent is required, and the acknowledgement shall include an informed consent form for that purpose;
2. If such disclosure is prohibited by law, health care information or medical records may be withheld from *an authorized representative*, including information contained in its resolution of the *appeal*; and
3. An *appeal* submitted by an *authorized representative* will be processed regardless of whether health care information or medical records may be disclosed to the *authorized representative* under *applicable law*.

Review Panel

The review panel for a Second Level Review *appeal* will be appointed by the plan to review the request and will be comprised of:

1. A majority of individuals who were not involved in rendering the First Level Review decision.
2. An individual who was involved with the First Level Review decision may be a member of the panel or appear before the panel to present information or answer questions.
3. The individuals will have expertise or access to expertise that consist of similar knowledge and training or specialty that is typically involved in managing the medical condition, procedure or treatment that is the subject of the *appeal* under Second Level Review.
4. No members of the panel shall have a direct financial interest in the outcome of the Second Level Review.

The review panel shall take into consideration all comments, documents, records, and other information regarding the request for benefits submitted by a *member* or the *member's authorized representative* even if the information was previously reviewed and used to make the First Level Review decision. The review panel's decision will be legally binding therefore the plan must comply.

2. The Second Level Review shall be held during regular business hours at a location that meets the guidelines established by the Americans with Disabilities Act;
3. In cases where an in-person Second Level Review is not practical for geographic reasons, or any other reason, the plan shall offer the *member* the opportunity to communicate with the review panel, at the plan's sole expense, by conference call or other appropriate technology as determined by the plan;

4. The review panel provide the aggrieved person notice of the right to have an attorney present at the second level review; and

Our written Second Level Review of the *appeal* will include:

    b. If applicable, a statement describing the procedures for obtaining an external review of the *adverse benefit determination*.

External Review

An external review is conducted by an *Independent Review Organization* (IRO) that will review the final *appeal* decision and render a decision on whether to uphold or reverse the *adverse benefit determination.* An external review decision is binding on us. An external review decision is binding on the *claimant* except to the extent the *claimant* has other remedies available under applicable federal or state law.

We will pay for the costs of the external review performed by the independent reviewer.

Applicability/Eligibility

The external review procedures apply to:

1. Any *hospital* or medical policy or certificate; excluding accident only or disability income only insurance; or
2. Conversion plans.

An external review is available for *appeals* that involve:

1. Medical judgment, including but not limited to those based upon requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness of a *covered service*; or the determination that a treatment is *experimental* or *investigational*, as determined by an external reviewer;
2. A determination of whether *balance billing protections* apply and the *member cost-sharing* that applies for services subject to *balance billing protections*; or
3. *Rescissions* of coverage.

External Review Procedure

After exhausting the internal review process, the *claimant* has six months to make a written request to the grievance and appeals administrator for external review after the date of receipt of our internal response.

1. The internal *appeal* process must be exhausted before the *claimant* may request an external review unless the *claimant* files a request for an expedited external review at the same time as an internal *expedited appeal* or we either provide a waiver of this requirement or fail to follow the *appeal* process;
2. A health plan must allow a *claimant* to make a request for an expedited external review with the plan at the time the *claimant* receives:
    a. An *adverse benefit determination* if the determination involves a medical condition of the *claimant* for which the timeframe for completion of an internal *expedited appeal* would seriously jeopardize the life or health of the *claimant* or would jeopardize the *claimant's* ability to regain maximum function and the *claimant* has filed a request for an internal *expedited appeal*; and
    b. A final internal *adverse benefit determination*, if the *claimant* has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the *claimant* or would jeopardize the *claimant's* ability to regain maximum function, or if the final internal *adverse benefit determination* concerns an admission, availability of care, continued stay, or health care item or service for which the *claimant* received *emergency services*, but has not been discharged from a facility; and
3. *Claimants* may request an expedited external review at the same time the internal *expedited appeal* is requested (see procedures below).

External Review Process

1. We have ten business days (immediately for expedited) following receipt of the request to conduct a preliminary review of the request to determine whether:
    a. The individual was a *member* at the time the item or service was requested;
    b. The service is a *covered service* under the *claimant's* health plan but for the plan's *adverse benefit determination* with regard to medical necessity experimental/investigational, medical judgment, or *rescission*;
    c. The *claimant* has exhausted the internal process; and
    d. The *claimant* has provided all of the information required to process an external review.
2. Within three business days (immediately for expedited) after completion of the preliminary review, we will notify the *claimant* in writing as to whether the request is complete but not eligible for external review and the reasons for its ineligibility or, if the request is not complete, the additional information needed to make the request complete;
3. We must allow a *claimant* to perfect the request for external review within the six-month filing period or within six business days following the receipt of notification;
4. We will assign an IRO on a rotating basis from our list of contracted IROs;
5. Within six business days after the date of assignment of the IRO, we must provide the documents and any information considered in making the *adverse benefit determination* to the IRO.

    Note: For expedited, after assignment of the IRO, we must provide the documents and any information considered in making the *adverse benefit determination* to the IRO electronically or by telephone or facsimile or any other available expeditious method;

6. If we fail to timely provide the documents and information, the IRO may terminate the external review and make a decision to reverse the *adverse benefit determination*;
7. Within three business days, we *will* notify the *claimant* in writing of the request's eligibility and acceptance for external review. The notice will include a statement that the *claimant* may submit in writing additional information to the IRO to consider;
8. Upon receipt of any information submitted by the *claimant*, the IRO must forward the information to us within one business day;
9. Upon receipt of the information, we may reconsider our determination. If we reverse our *adverse benefit determination*, we must provide written notice of the decision to the *claimant* and the IRO within one business day after making such decision. The external review would be considered terminated;
10. Within 40 days after the date of receipt of the request for an external review by the health plan, the IRO will review all of the information and provide written notice of its decision to uphold or reverse the *adverse benefit determination* to us within one business day of reaching its decision. We will then notify you of the IRO's decision within three business days.
11. If the notice for an expedited review is not in writing, the IRO must provide written confirmation within 48 hours after the date of providing the notice; and
12. Upon receipt of a notice of a decision by the IRO reversing the *adverse benefit determination*, we will approve the *covered service* that was the subject of the *adverse benefit determination.*

Expedited External Review

An external *expedited appeals* may be submitted orally or in writing. All necessary information will be transmitted between the *claimant* and us by telephone, facsimile, or other available similarly expeditious method and given by us to the IRO.

Ambetter will allow a *member* to make a request for an expedited external review with the plan at the time the *member* receives:

a. An *adverse benefit determination* if the determination involves a medical condition of the *member* for which the timeframe for completion of an internal *expedited appeal* would seriously jeopardize the life or health of the *member* or would jeopardize the *member's* ability to regain maximum function and the *member* has filed a request for an internal *expedited appeal*; and
b. A final internal *adverse benefit determination*, if the *member* has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the *member* or would jeopardize the *member 's* ability to regain maximum function, or if the final internal *adverse benefit determination* concerns an admission, availability of care, continued stay, or health care item or service for which the *member* received *emergency services*, but has not been discharged from a facility.

An *expedited external appeal* shall be resolved as expeditiously as the *claimant's* health condition requires but not more than 72 hours after receipt of the *appeal*.

CLAIMS

Notice of Claim

We must receive notice of claim within 30 days of the date the *loss* began or as soon as reasonably possible.

Proof of Loss

We must receive written *proof of loss* within 90 days of the *loss* or as soon as is reasonably possible. *Proof of loss* furnished more than one year late will not be accepted, unless you or your covered *dependent member* had no legal capacity to submit such proof during that year.

How to Submit a Claim

Providers will typically submit claims on your behalf, but sometimes you may need to submit claims *yourself* for *covered services*. This may happen if your provider is not contracted with us.

If you have paid for services we agreed to cover, you can request reimbursement for the amount you paid less any *deductible*, *copayment* or *cost sharing* that is your financial responsibility.

To request reimbursement for a *covered service*, you need a copy of the detailed claim from your provider. You will also need to submit a copy of the *member* reimbursement claim form posted at AmbetterofTennessee.com under “For Members” then select “Forms and Materials.” Send all the documentation to us at the following address:

Cooperation Provision

Each *member*, or other person acting on his or her behalf, must cooperate fully to assist us in determining our rights and obligations under the *contract* and as often as may be reasonably necessary:

1. Sign, date, and deliver to us *authorizations* to obtain any medical or other information, records or documents we deem relevant from any person or entity.
2. Obtain and furnish to us, or our representatives, any medical or other information, records or documents we deem relevant.
3. Answer, under oath or otherwise, any questions we deem relevant, which we or our representatives may ask.
4. Furnish any other information, aid or assistance that we may require, including without limitation, assistance in communicating with any person or entity (including requesting any person or entity to promptly provide to us, or our representative, any information, records or documents requested by us).

If any *member*, or other person acting on his or her behalf, fails to provide any of the items or information requested or to take any action requested, the claim(s) will be closed and no further action will be taken by us unless and until the item or information requested is received or the requested action is taken, subject to the terms and conditions of the *contract*.

In addition, failure on the part of any *member*, or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the *member*.

Time for Payment of Claims

Benefits will be paid within 30 calendar days for clean claims on paper; electronic claims will be paid within 21 days. "Clean claims" means a claim submitted by you or a provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment. Claim payments that are not made within the specified timeframes shall bear interest at the annual percentage rate of twelve percent (12 percent) beginning on the date following the day on which the claim should have been paid. If we have not received the information we need to process a claim, we will ask for the additional information necessary to complete the claim. You will receive a copy of that request for additional information. In those cases, we cannot complete the processing of the claim until the additional information requested has been received. We will make our request for additional information within 20 calendar days of our initial receipt of the claim and will complete our processing of the claim within 30 calendar days after our receipt of all requested information.

Payment of Claims

Except as set forth in this provision, all benefits are payable to you. Any accrued benefits unpaid at your death, or your *dependent member's* death may, at our option, be paid either to the beneficiary or to the estate. If any benefit is payable to your or your *dependent member's* estate, or to a beneficiary who is a minor or is otherwise not competent to give valid release, we may pay up to $1,000 to any relative who, in our opinion, is entitled to it.

We may pay all or any part of the benefits provided by this *contract* for *hospital,* surgical, nursing, or medical services, directly to the *hospital* or other person rendering such services.

Any payment made by us in good faith under this provision shall fully discharge our obligation to the extent of the payment. We reserve the right to deduct any overpayment made under this *contract* from any future benefits under this *contract*.

Foreign Claims Incurred for Emergency Care

Emergency services are *covered services* while traveling outside of the United States for up to a maximum of 90 consecutive calendar days. If travel extends beyond 90 consecutive calendar days, no benefit coverage is provided for medical emergencies for the entire period of travel including the first 90 calendar days.

Claims incurred outside of the United States for *emergency services* must be submitted in English or with an English translation. Foreign claims must include the applicable medical records in English to show proper *proof of loss* and evidence of payment to the provider.

Foreign claims must be submitted with the “Member Reimbursement Medical Claim Form”, along with all requested documents as detailed on the claim form. All forms and *member* resources are available at AmbetterofTennessee.com.

The amount of reimbursement will be based on the following:

1. *Member’s* benefit plan and *member* eligibility on date of service
2. *Member’s* responsibility/share of cost based on date of service.

3. Currency rate at the time of completed transaction, foreign country currency to United States currency.

Once we have reviewed all the necessary documentation, and the claim for *emergency services* has been processed, a *member* Explanation of Benefits (EOB) will be mailed. The EOB will identify *member* responsibility according to the *member* benefit plan at the time of travel. If services are deemed as true *emergency services*, the *member* will be issued reimbursement payment for any eligible incurred costs, minus *member cost share* obligation.

Assignment

You may be entitled to assign benefits to a *hospital* or health care provider. We will reimburse a *hospital* or health care provider if:

1. Your health insurance benefits are assigned by you in writing; and
2. We approve the assignment.

Any assignment to a *hospital* or person providing the treatment, whether with or without our approval, shall not confer upon such *hospital* or person, any right or privilege granted to you under the *contract* except for the right to receive benefits, if any, that we have determined to be due and payable.

No Third-Party Beneficiaries

This *contract* is not intended to, nor does it, create or grant any rights in favor of any *third party*, including but not limited to any *hospital,* provider or *medical practitioner* providing services to you, and this *contract* shall not be construed to create any *third-party* beneficiary rights.

Medicare

This provision describes how we coordinate and pay benefits when a *member* is also enrolled in Medicare and duplication of Coverage occurs. If a *member* is not enrolled in Medicare or receiving benefits, there is no duplication of Coverage and we do not have to coordinate with Medicare.

The benefits under this *contract* are not intended to duplicate any benefits to which *members* are entitled under Medicare.

Medicare primary/secondary payer guidelines and regulations will determine primary/secondary payer status and will be adjudicated by us as set forth in this section. In cases where Medicare or another government program has primary responsibility, Medicare benefits will be taken into account for any *member* who is enrolled for Medicare. This will be done before the benefits under this *health plan* are calculated. When Medicare, Part A and Part B or Part C is primary, Medicare's allowable amount is the highest allowable expense.

When a person is eligible for Medicare benefits and Medicare is deemed to be the primary payer under Medicare secondary payer guidelines and regulations, we will reduce our payment by the Medicare primary payment and pay as secondary up to the Medicare allowable amount. However, under no circumstances will this plan pay more than it would have paid if it had been the primary plan. Charges for services used to satisfy a *member's* Medicare Part B *deductible* will be applied in the order received by us. Two or more expenses for services received at the same time will be applied starting with the largest first.

This provision will apply to the maximum extent permitted by federal or state law. We will not reduce

the benefits due any *member* because of a *member's* eligibility for Medicare where federal law requires that we determine its benefits for that *member* without regard to the benefits available under Medicare.

Members may no longer be eligible to receive a premium subsidy for the Health Insurance Marketplace plan once Medicare coverage becomes effective.

Medicaid Reimbursement

The amount provided or payable under this *contract* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

We will pay the benefits of this *contract* to the state if:

1. A *member* is eligible for coverage under his or her state's Medicaid program; and
2. We receive proper *proof of loss* and notice that payment has been made for *covered services* under that program.

Our payment to the state will be limited to the amount payable under this *contract* for the *covered services* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy our responsibility to the extent of that payment.

Custodial Parent

This provision applies if the parents of a covered *eligible child* are divorced or legally separated, and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if we receive a copy of the order establishing custody.

Upon request by the custodial parent, we will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions, and limitations of the *contract*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge our obligations.

A custodial parent may, with our approval, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an *eligible child*.

Physical Examination

We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at our expense and as often as we may reasonably require.

Legal Actions

No suit may be brought by you on a claim sooner than 60 calendar days after the required *proof of loss* is given. No suit may be brought more than three years after the date *proof of loss* is required.

GENERAL PROVISIONS

Entire Contract

This *contract,* with the application, is the entire *contract* between you and us. No agent may:

1. Change this *contract*;
2. Waive any of the provisions of this *contract*;
3. Extend the time for payment of premiums; or
4. Waive any of our rights or requirements.

Non-Waiver

If we or you fail to enforce or to insist on strict compliance with any of the terms, conditions, limitations or exclusions of the *contract* that will not be considered a waiver of any rights under the *contract*. A past failure to strictly enforce the *contract* will not be a waiver of any rights in the future, even in the same situation or set of facts.

Rescissions

No misrepresentation of fact made regarding a *member* during the application process that relates to insurability will be used to void/rescind the coverage or deny a claim unless:

1. The misrepresented fact is contained in a written application, including amendments, signed by a *member;*
2. A copy of the application, and any amendments, has been furnished to the *member(s),* or to their beneficiary; and
3. The misrepresentation of fact was intentionally made and material to our determination to issue coverage to any *member.* A *member's* coverage will be voided/rescinded and claims denied if that person performs an act or practice that constitutes fraud. “Rescind” has a retroactive effect and means the coverage was never in effect.

Repayment for Fraud, Misrepresentation or False Information
