Experimental or Investigational means We determine a service or supply is:

- b) not generally recognized by the medical community as effective or appropriate for the particular diagnosis or treatment of a particular condition; or
- c) provided or performed in special settings for research purposes or under a controlled environment or clinical protocol.

Unless otherwise required by law with respect to drugs which have been prescribed for treatment for which the drug has not been approved by the United States Food and Drug Administration (FDA), We will not cover any services or supplies, including treatment, procedures, drugs, biological products or medical devices or any hospitalizations in connection with Experimental or Investigational services or supplies.

We will also not cover any technology or any hospitalization primarily to receive such technology if such technology is obsolete or ineffective and is not used generally by the medical community for the particular diagnosis or treatment of a particular condition.

Governmental approval of technology is not necessarily sufficient to render it of proven benefit or appropriate or effective for a particular diagnosis or treatment of a particular condition, as explained below.

We will apply the following five criteria in determining whether services or supplies are Experimental or Investigational:

- a) Any medical device, drug, or biological product must have received final approval to market by the FDA for the particular diagnosis or condition. Any other approval granted as an interim step in the FDA regulatory process, e.g., an Investigational Device Exemption or an Investigational New Drug Exemption, is not sufficient. Once FDA approval has been granted for a particular diagnosis or condition, use of the medical device, drug or biological product for another diagnosis or condition will require that one or more of the following established reference compendia:
 1. The American Hospital Formulary Service Drug Information; or
 2. The United States Pharmacopeia Drug Information

recognize the usage as appropriate medical treatment. As an alternative to such recognition in one or more of the compendia, the usage of the drug will be recognized as appropriate if it is recommended by a clinical study or recommended by a review article in a major peer reviewed professional journal. A medical device, drug, or biological product that meets the above tests will not be considered Experimental or Investigational.

In any event, any drug which the Food and Drug Administration has determined to be contraindicated for the specific treatment for which the drug has been prescribed will be considered Experimental or Investigational.

- b) Conclusive evidence from the published peer-reviewed medical literature must exist that the technology has a definite positive effect on health outcomes; such evidence must include well designed investigations that have been reproduced by nonaffiliated authoritative sources, with measurable results, backed up by the positive endorsements of national medical bodies or panels regarding scientific efficacy and rationale;
- c) Demonstrated evidence as reflected in the published peer-reviewed medical literature must exist that over time the technology leads to improvement in health outcomes, i.e., the beneficial effects outweigh any harmful effects;

- d) Proof as reflected in the published peer-reviewed medical literature must exist that the technology is at least as effective in improving health outcomes as established technology, or is usable in appropriate clinical contexts in which established technology is not employable; and
- e) Proof as reflected in the published peer-reviewed medical literature must exist that improvements in health outcomes; as defined in item c. above, is possible in standard conditions of medical practice, outside clinical investigatory settings.

Health Benefits Plan shall not include the following if it is offered as a separate policy, certificate or contract of insurance: Medicare supplemental health insurance as defined under section 1882(g)(1) of the federal Social Security Act; and coverage supplemental to the coverage provided under chapter 55 of Title 10, United States Code; and similar supplemental coverage provided to coverage under a Group Health Plan.

- c) in accordance with generally accepted medical practice;
- d) not for the convenience of a Covered Person;
- e) the most appropriate level of medical care the Covered Person needs; and
- f) furnished within the framework of generally accepted methods of medical management currently used in the United States.

The *member*, their *physician* or *authorized representative* can request an *appeal* of our decision. Time Limits for filing an appeal

The *member* or *authorized representative* must file the internal *appeal* within 180 calendar days of the receipt of the notice of denial (an adverse benefit determination). Failure to file within this time limit may result in the company's declining to consider the *appeal*.

An eligible appellant is:

Resolution Timeframes

Appeals will be resolved and we will notify the *member* in writing with the *appeal* decision within twenty (20) calendar days.

In general, Ambetter from WellCare of New Jersey may seek *member's* approval to extend the time for providing a decision for 14 calendar days after the expiration of the initial period, or if the plan determines that such an extension is necessary for reasons beyond the control of the plan. There is no provision for extensions in the case of claims involving Urgent Care or *expedited appeals*.

A *member* shall be provided, upon request and free of charge, reasonable access to, and copies of all documents, records and other information relevant to the *member's* claim for benefits. All comments, documents, records and other information submitted by the *member* relating to the issue or claim for benefits, regardless of whether such information was submitted or considered in the initial *adverse benefit determination*, will be considered in the internal *appeal*.

Expedited Appeal

An *expedited appeal* may be submitted orally or in writing. If submitted orally, the request must be followed by a brief written appeal. All necessary information, including *our* determination on review, will be transmitted between the *member* and *us* by telephone, facsimile, or other available similarly expeditious method. An *expedited appeal* shall be resolved as expeditiously as the *member's* health condition requires, but not more than 72 hours after receipt of the *appeal*.

An *expedited appeal* means an *appeal* where any of the following applies:

- a) The duration of the standard resolution process will result in serious jeopardy to the life or health of the *member* or the ability of the *member* to regain maximum function.
- b) In the opinion of a *provider* with knowledge of the *member's* medical condition, the *member* is subject to severe pain that cannot be adequately managed without the care or treatment that is the subject of the *appeal*.

If the *expedited appeal* involves an adverse benefit determination with respect to a concurrent review of an Urgent Care request, the service shall be continued until the *covered person* or *covered person's authorized representative* has been notified of the determination or until the *health care provider* determines that the Urgent Care is no longer appropriate or necessary. This does not apply to requests for extensions.

Upon written request, we will mail or electronically mail a copy of the *member's* complete *policy* to the *member*, the *provider*, or the *member's* *authorized representative* as expeditiously as the *appeal* is handled.

Simultaneous expedited appeal and external appeal review

The *member* or *authorized representative*, may request an *expedited appeal* and an expedited external review (see **External Review** provision) if both the following apply:

- a) The *member* filed a request for an *expedited appeal*; and
- b) After a *final internal adverse benefit determination*, if either of the following applies:
 1. The *member's* treating *physician* certifies that the *adverse benefit determination* involves a medical condition that could seriously jeopardize the *member's* *life or health*, or would jeopardize the *member's* ability to regain maximum function, if treated after the timeframe of a standard external review;
 2. The *final internal adverse benefit determination* concerns an admission, availability of care, continued stay or health care service for which the *member* received emergency services, but has not yet been discharged from a Facility.

Right to Participate

A *member* or the *member's* *authorized representative*, who has filed an *appeal* has the right to submit written comments, documents, records and other information to the Complaints and Appeals Department. The *member* or *member's* *authorized representative* is entitled to request a copy of the documentation reviewed by the Complaints and Appeals Department in making its determination. The *member* must submit questions or comments to the Complaints and Appeals Department in writing within a period of time provided in the notice to the *member* of the *appeals* process.

Continuing Coverage

The plan cannot terminate a *member's* benefits until the *member's* *appeal* rights have been exhausted. However, if the plan's decision is ultimately upheld, the *member* may be responsible to pay any outstanding claims or reimburse the plan for claim payments it made during the time of the *appeals*.

Cost and Minimums for Appeals

There is no cost for the *member* to file an *appeal* and there is no minimum amount required to be in dispute.

Rescission of Coverage

If the plan rescinds the *member's* coverage, the *member* may file an *appeal* of that determination. The plan cannot terminate a *member's* benefits until the *member's* *appeal* rights have been exhausted. Since a *rescission* means that no coverage ever existed, if the plan's decision to rescind is upheld, the *member* will be responsible for payment of all claims for health care services.

Emergency Medical Services

If the plan denies a claim for an *emergency* medical service, the *member's* *appeal* will be handled as an *expedited appeal*. The plan will advise the *member* at the time it denies the claim that the *member* can file an *expedited appeal*. If the *member* has filed for an *expedited appeal*,

the *member* may also file for an expedited external review (see “Simultaneous urgent claim, *expedited appeal* and external review”).

- i) If the *adverse benefit determination* is based on *medical necessity* or *experimental treatment* or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the *member’s* medical circumstances or a statement that such explanation will be provided free of charge upon request;
- j) A description of the procedures for obtaining an external review of the *final internal adverse benefit determination*; and

The *member* and any *health care provider* acting on behalf of a *member*, with the *member's* consent, may appeal a *final internal adverse benefit determination*, except where the *adverse benefit determination* was based on a determination of *member* ineligibility, including rescission, or the application of a contract exclusion or limitation not relating to medical necessity, to an Independent Utilization Review Organization (IURO).

Applicability/Eligibility

The external appeal review procedures apply to:

- b) Conversion plans.

After exhausting the internal *appeal* process, the member has four (4) months to make a written request to the Complaints and Appeals Department for an external appeal review after the date of receipt of *our* internal response.

- a) The internal *appeal* process must be exhausted before the member may request an external appeal review unless the member files a request for an expedited external appeal review at the same time as an internal *expedited appeal* or *we* either provide a waiver of this requirement or fail to follow the *appeal* process;
- b) Ambetter from WellCare of New Jersey must allow a member to make a request for an expedited external appeal review with the plan at the time the member receives:
 - 1. An *adverse benefit determination* if the determination involves a medical condition of the member for which the timeframe for completion of an internal *appeal* would seriously jeopardize the life or health of the member or would jeopardize the member’s ability to regain maximum function and the member has filed a request for an internal *expedited appeal*; and
 - 2. A *final internal adverse benefit determination*, if the member has a medical condition where the timeframe for completion of a standard external appeal review would seriously jeopardize the life or health of the member or would jeopardize the member’s ability to regain maximum function, or if the *final internal adverse benefit determination* concerns an admission, availability of care, continued stay, or health care item or service for which the member received *emergency* services, but has not been discharged from a Facility; and

- c) Members may request an expedited external appeal review at the same time the internal *expedited appeal* is requested and an IURO will determine if the internal *expedited appeal* needs to be completed before proceeding with the expedited external appeal review.

An external appeal review is available for *appeals* that involve medical judgment, including but not limited to those based upon requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit; or the determination that a treatment is Experimental or Investigational, as determined by an external reviewer.

External Appeal Review Process

- a) The Department of Banking and Insurance (Department) will assign an external appeal to one of the approved IUROs on a random basis. The Commissioner reserves the right to deny any assignment to any IURO if, in his or her determination, such an assignment would result in a conflict of interest or would otherwise create an appearance of impropriety;
- b) Upon receipt of the request for appeal from the Department, the IURO will conduct a preliminary review of the appeal and accept it for processing if it determines that:
 - 1. The individual was or is a *member* of Ambetter from WellCare of New Jersey;
 - 2. The service which is the subject of the complaint or appeal reasonably appears to be a covered service under the benefits provided by contract to the member;
 - 3. The member has fully complied with the internal appeal process available (except if Ambetter from WellCare of New Jersey fails to comply with any of the deadlines for completion of the internal *adverse benefit determination* appeals); and
 - 4. The *member* provided all information required by the IURO and the Department, including the appeal form and a copy of any information provided by Ambetter from WellCare of New Jersey regarding its decision to deny, reduce or terminate the covered service, and a fully executed release to obtain any necessary medical records from Ambetter from WellCare of New Jersey and any other relevant *health care provider*, to make a preliminary determination;
- c) Upon completion of the preliminary review, the IURO shall immediately notify the member and/or *health care provider* in writing as to whether the appeal has been accepted for processing and if not so accepted;
- d) The IURO will also notify the *member* and/or *health care provider* of his or her right to submit in writing, within five (5) business days of the *member's* or *health care provider's* receipt of the notice of acceptance of his or her appeal, any additional information to be considered in the IURO's review;
- e) The IURO shall provide Ambetter from WellCare of New Jersey with any such additional information within one (1) business day of receipt of the information;
- f) Upon acceptance of the appeal for processing, the IURO shall conduct a full review to determine whether, as a result of Ambetter from WellCare of New Jersey *final internal adverse benefit determination*, the *member* was deprived of coverage of medically necessary covered services. In reaching this determination the IURO shall take into consideration all pertinent medical records, consulting physician reports and other documents submitted by the parties, any applicable, generally accepted practice guidelines developed by the Federal government, national or professional medical societies, boards and associations, and any applicable clinical protocols and/or practice guidelines developed by Ambetter from WellCare of New Jersey;

- g) The IURO shall refer all appeals for full review to an expert physician in the same specialty or area of practice who would generally manage the type of treatment that is the subject of the appeal. All final decisions of the IURO shall be approved by the medical director of the IURO, who shall be a physician licensed to practice in New Jersey;
- h) The IURO shall complete its review and issue its decision as soon as possible in accordance with the medical exigencies of the case which in no event shall exceed forty-five (45) days from receipt of the request for IURO review;
 - 1. If the appeal involves care for an urgent or emergency case, an admission, availability of care, continued stay, health care services for which the claimant received emergency services but has not been discharged from a Facility or involves a medical condition for which the standard external review time frame would seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function, the IURO shall complete its review within no more than 48 hours following its receipt of the appeal. If the IURO's determination of the appeal provided within no more than 48 hours was not in writing, the IURO shall provide written confirmation of its determination within 48 hours of providing the verbal determination.
 - 2. If the IURO determines that the member was deprived of coverage of medically necessary covered services, the IURO shall advise the *member* and/or *health care provider* who filed the appeal, Ambetter from WellCare of New Jersey and the Department, as to the appropriate covered health care services the member should receive.
- i) The IURO's determination shall be binding on Ambetter from WellCare of New Jersey and the *member*, except to the extent that other remedies are available to either party under State or Federal law. Ambetter from WellCare of New Jersey shall provide benefits (including authorization of a service or supply and payment on the claim) pursuant to the IURO's determination and comply with the IURO's determination without delay, but no later than ten (10) business days from receipt of the IURO's determination, regardless of whether Ambetter from WellCare of New Jersey intends to seek judicial review of the external review decision, unless there is a judicial decision stating otherwise. (Ambetter from WellCare of New Jersey shall provide benefits to comply with the IURO's decision sooner if the medical exigencies of the case warrant a more rapid response.)

CONTINUATION OF CARE

We shall provide written notice to each Covered Person at least 30 business days prior to the termination or withdrawal from Our Provider network of a Covered Person's PCP and any other Provider from which the Covered Person is currently receiving a course of treatment, as reported to Us. The 30-day prior notice may be waived in cases of immediate termination of a health care professional based on a breach of contract by the health care professional, a determination of fraud, or where Our medical director is of the opinion that the health care professional is an imminent danger to the patient or the public health, safety or welfare.

We shall assure continued coverage of covered services at the contract rate by a terminated health care professional for up to four months in cases where it is Medically Necessary and Appropriate for the Covered Person to continue treatment with the terminated health care professional and in certain cases of active treatment for up to 90 days, as described below.

In case of a Covered Person in active treatment for a health condition for which the Provider attests that discontinuing care by the Provider would worsen the Covered Person's condition or interfere with anticipated outcomes, coverage of the terminated Provider shall continue for the duration of the treatment, or up to 90 days, whichever occurs first.

In case of pregnancy of a Covered Person, coverage of services for the terminated health care professional shall continue to the postpartum evaluation of the Covered Person, up to six weeks after the delivery. With respect to pregnancy, Medical Necessity and Appropriateness shall be deemed to have been demonstrated.

For a Covered Person who is receiving post-operative follow-up care, We shall continue to cover the services rendered by the health care professional for the duration of the treatment or for up to six months, whichever occurs first.

For a Covered Person who is receiving oncological treatment or psychiatric treatment, We shall continue to cover services rendered by the health care professional for the duration of the treatment or for up to 12 months, whichever occurs first.

For a Covered Person receiving the above services in an acute care Facility, We will continue to provide coverage for services rendered by the health care professional regardless of whether the acute care Facility is under contract or agreement with Us.

Services shall be provided to the same extent as provided while the health care professional was employed by or under contract with Us. Reimbursement for services shall be pursuant to the same schedule used to reimburse the health care professional while the health care professional was employed by or under contract with Us.

If a Covered Person is admitted to a health care Facility on the date this Policy is terminated, We shall continue to provide benefits for the Covered Person until the date the Covered Person is discharged from the Facility.

We shall not continue services in those instances in which the health care professional has been terminated based upon the opinion of Our medical director that the health care professional is an

imminent danger to a patient or to the public health, safety and welfare, a determination of fraud or a breach of contract by a health care professional. The Determination of the Medical Necessity and Appropriateness of a Covered Person's continued treatment with a health care professional shall be subject to the appeal procedures set forth in this Policy. We shall not be liable for any inappropriate treatment provided to a Covered Person by a health care professional who is no longer employed by or under contract with Us.

If We refer a Covered Person to a Non-Network Provider, the service or supply shall be covered as a Network service or supply. We are fully responsible for payment to the health care professional and the Covered Person's liability shall be limited to any applicable Network Copayment, Coinsurance or Deductible for the service or supply.

HEALTH BENEFITS INSURANCE

This health benefits insurance will pay many of the medical expenses incurred by a Covered Person.

Note: Our payments will be reduced if a Covered Person does not comply with the Utilization Review and Pre-Approval requirements contained in this Policy.

BENEFIT PROVISION

The Schedule lists Copayments, Deductible Amounts, and/or Coinsurance as well as Maximum Out-of-Pocket Amounts. These terms are explained below.

This credit will be applied whether Your previous coverage was under a plan with Us or with another carrier. You will be required to provide Us with adequate documentation of the amounts satisfied.

Note: There is no Coinsurance credit from previous coverage unless the Covered Person is entitled to a cost sharing reduction under Federal law and as a result of an eligibility change replaces a prior policy issued by Us with this Policy where both policies have the same classification of coverage and provided there has been no lapse in coverage between the previous policy and this Policy. In addition, there is no Deductible or Coinsurance carryover into the next Calendar Year.

- c) The out-of-network Provider provides the Covered Person with written notice as required by the CAA and obtains consent to balance bill.

COORDINATION OF BENEFITS AND SERVICES

Purpose Of This Provision

A Covered Person may be covered under this Policy and subsequently become covered by or eligible for coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan. This provision allows us to coordinate benefits with what a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan pays. Coordination of benefits is intended to avoid duplication of benefits while at the same time preserving certain rights to coverage under all Plans under which the Covered Person is covered.

Please note: The ONLY circumstances in which a person may be covered under both this Policy and under coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan occur when a Covered Person is already covered under this Policy and subsequently becomes eligible for coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan.

Note: See the separate provision addressing Medicare.

DEFINITIONS

The words shown below have special meanings when used in this provision. Please read these definitions carefully. Throughout this provision, these defined terms appear with their initial letter capitalized.

Allowable Expense: The charge for any health care service, supply or other item of expense for which the Covered Person is liable when the health care service, supply or other item of expense is covered at least in part under any of the Plans involved, except where a statute requires another definition, or as otherwise stated below.

We will not consider the difference between the cost of a private hospital room and that of a semi-private hospital room as an Allowable Expense unless the stay in a private room is Medically Necessary and Appropriate.

Allowed Charge: An amount that is not more than allowance for the service or supply as determined by Us, based on a standard which is most often charged for a given service by a Provider within the same geographic area.

Claim Determination Period: A Calendar Year, or portion of a Calendar Year, during which a Covered Person is covered by this Policy covered by a Plan and incurs one or more Allowable Expense(s) under such plans.

Plan: Coverage with which coordination of benefits is allowed. Plan includes:

- a) Group insurance and group subscriber contracts, including insurance continued pursuant to a Federal or State continuation law;
- b) Self-funded arrangements of group or group-type coverage, including insurance continued pursuant to a Federal or State continuation law;
- c) Group or group-type coverage through a health maintenance organization (HMO) or other prepayment, group practice and individual practice plans, including insurance continued pursuant to a Federal or State continuation law;

- d) Group hospital indemnity benefit amounts that exceed \$150 per day;
- e) Government benefits, except when, pursuant to law, the benefits must be treated as in excess of those of any private insurance plan or non-governmental plan.

For purposes of determining plans with which this plan can coordinate, Plan does not include:

- a) Individual or family insurance contracts or subscriber contracts;
- b) Individual or family coverage through a health maintenance organization or under any other prepayment, group practice and individual practice plans;
- c) Group or group-type coverage where the cost of coverage is paid solely by the Covered Person, except that coverage being continued pursuant to a Federal or State continuation law shall be considered a Plan;
- d) Group hospital indemnity benefit amounts of \$150 per day or less;
- e) School accident-type coverage;
- f) A State plan under Medicaid;
- g) Medicare.

PRIMARY AND SECONDARY PLAN

We consider each plan separately when coordinating payments.

For the purpose of coordinating benefits with this individual policy, or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan is always the Primary Plan and this Policy is always the Secondary Plan. Coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan pays or provides services or supplies first, without taking into consideration the existence of this Policy.

This Policy takes into consideration the benefits provided coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan. During each Claim Determination Period, this Policy will pay up to the remaining unpaid allowable expenses, but this Policy will not pay more than it would have paid if it had been the Primary Plan. The method this Policy uses to determine the amount to pay is set forth below in the **“Procedures to be Followed by the Secondary Plan to Calculate Benefits”** section of this provision.

This Policy shall not reduce Allowable Expenses for Medically Necessary and Appropriate services or supplies on the basis that precertification, preapproval, notification or second surgical opinion procedures were not followed.

Procedures to be Followed by the Secondary Plan to Calculate Benefits

In order to determine which procedure to follow it is necessary to consider:

- a) the basis on which the Primary Plan and the Secondary Plan pay benefits; and
- b) whether the Provider who provides or arranges the services and supplies is in the network of either the Primary Plan or the Secondary Plan.

Benefits may be based on the Allowed Charge (AC), or some similar term. This means that the provider bills a charge and the Covered Person may be held liable for the full amount of the billed charge. In this section, a Plan that bases benefits on an allowed charge is called an “AC Plan.”

Benefits may be based on a contractual fee schedule, sometimes called a negotiated fee schedule, or some similar term. This means that although a Provider, called a Network Provider, bills a charge, the Covered Person may be held liable only for an amount up to the negotiated fee. In this section, a Plan that bases benefits on a negotiated fee schedule is called a “Fee Schedule Plan.” An HMO, and Exclusive Provider Organization (EPO) are examples of network only plans that could use a fee schedule. If the Covered Person uses the services of a Non-Network Provider, the plan will be treated as an AC Plan even though the plan under which he or she is covered allows for a fee schedule.

Payment to the provider may be based on a “capitation”. This means that the HMO or EPO or other plan pays the provider a fixed amount per Covered Person. The Covered Person is liable only for the applicable deductible, Coinsurance or Copayment. If the Covered Person uses the services of a Non-Network Provider, the HMO, EPO or other plans will only pay benefits in the event of Emergency Care or Urgent Care. In this section, a Plan that pays Providers based upon capitation is called a “Capitation Plan.”

In the rules below, “provider” refers to the provider who provides or arranges the services or supplies, “HMO” refers to a health maintenance organization plan, and “EPO” refers to Exclusive Provider Organization.

Primary Plan is AC Plan and Secondary Plan is AC Plan

The Secondary Plan shall pay the lesser of:

- a) the difference between the amount of the billed charges and the amount paid by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

When the benefits of the Secondary Plan are reduced as a result of this calculation, each benefit shall be reduced in proportion, and the amount paid shall be charged against any applicable benefit limit of the plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is Fee Schedule Plan

If the provider is a Network Provider in both the Primary Plan and the Secondary Plan, the Allowable Expense shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, Coinsurance or Copayment required by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The total amount the provider receives from the Primary plan, the Secondary plan and the Covered Person shall not exceed the fee schedule of the Primary Plan. In no event shall the Covered Person be responsible for any payment in excess of the Copayment, Coinsurance or deductible of the Secondary Plan.

Primary Plan is AC Plan and Secondary Plan is Fee Schedule Plan

If the provider is a Network Provider in the Secondary Plan, the Secondary Plan shall pay the lesser of:

- a) the difference between the amount of the billed charges for the Allowable Expenses and the amount paid by the Primary Plan; or

- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The Covered Person shall only be liable for the Copayment, deductible or Coinsurance under the Secondary Plan if the Covered Person has no liability for Copayment, deductible or Coinsurance under the Primary Plan and the total payments by both the primary and Secondary Plans are less than the provider's billed charges. In no event shall the Covered Person be responsible for any payment in excess of the Copayment, Coinsurance or deductible of the Secondary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is AC Plan

If the provider is a Network Provider in the Primary Plan, the Allowable Expense considered by the Secondary Plan shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, Coinsurance or Copayment required by the Primary Plan;
or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is AC Plan or Fee Schedule Plan

If the Primary Plan is an HMO or EPO plan that does not allow for the use of Non-Network Providers except in the event of Urgent Care or Emergency Care and the service or supply the Covered Person receives from a Non-Network Provider is not considered as Urgent Care or Emergency Care, the Secondary Plan shall pay benefits as if it were the Primary Plan.

Primary Plan is Capitation Plan and Secondary Plan is Fee Schedule Plan or AC Plan

If the Covered Person receives services or supplies from a provider who is in the network of both the Primary Plan and the Secondary Plan, the Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, Coinsurance or Copayment required by the Primary Plan;
or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Capitation Plan or Fee Schedule Plan or AC Plan and Secondary Plan is Capitation Plan

If the Covered Person receives services or supplies from a provider who is in the network of the Secondary Plan, the Secondary Plan shall be liable to pay the capitation to the provider and shall not be liable to pay the deductible, Coinsurance or Copayment imposed by the Primary Plan. The Covered Person shall not be liable to pay any deductible, Coinsurance or Copayments of either the Primary Plan or the Secondary Plan.

Primary Plan is an HMO or EPO and Secondary Plan is an HMO or EPO

If the Primary Plan is an HMO or EPO plan that does not allow for the use of Non-Network Providers except in the event of Urgent Care or Emergency Care and the service or supply the Covered Person receives from a Non-Network Provider is not considered as Urgent Care or Emergency Care, but the provider is in the network of the Secondary Plan, the Secondary Plan shall pay benefits as if it were the Primary Plan. Except that the Primary Plan shall pay out-of-Network services, if any, authorized by the Primary Plan.

EFFECT OF MEDICARE ON AN INDIVIDUAL HEALTH BENEFITS PLAN

Eligible for Medicare and Entitled to Medicare

There are three ways a person may become eligible for Medicare. The most common eligibility is the first of the month in which a person attains age 65. A person may also become eligible for Medicare due to disability following a determination of disability by the Social Security Administration. Lastly, a person may become eligible for Medicare due to End Stage Renal Disease (ESRD).

Eligibility for Medicare means a person meets the requirements to be covered under Medicare. It does not mean the person has enrolled for Medicare.

A person who is Eligible for Medicare has the opportunity to enroll for Medicare Parts A and B and may also enroll in Medicare Part D and may elect to buy a Medicare Supplement Plan. Alternatively, a person may enroll for Medicare Parts A and B and may elect coverage under a Medicare Advantage plan. For the purpose of this provision, **Eligible for Medicare** means a person is eligible for premium-free coverage under Medicare Part A.

A person who enrolls for Medicare Part A and Part B or just Part A is **Entitled to Medicare**. **Entitled to Medicare** means the person has coverage under at least one part of Medicare.

Individual is Covered Under an Individual Health Benefits Plan and Later Becomes Eligible for Medicare

Since individual health benefits plans are guaranteed renewable, We do not terminate a Covered Person's coverage when the Covered Person becomes Eligible for Medicare. The guaranteed renewability protection under Federal and State law allows renewal of the identical individual health benefits plan even after the Covered Person is eligible for Medicare. However, the payment of benefits may change significantly.

Individual health benefits plans are not Medicare Supplement Plans and do not operate as Medicare Supplement Plans. Also note that the Medicare coordination process that applies to group plans does not apply to individual plans.

Please note: The ONLY circumstance in which a person may be covered under both this Policy and Medicare occurs when a Covered Person is already covered under this Policy and subsequently becomes eligible for Medicare.

Eligibility Due to Age

We will assume the Covered Person enrolled for Medicare Parts A and B when the person was first eligible for premium-free Medicare Part A whether or not the person actually enrolls for Medicare. The benefit payable under this Policy will equal the applicable cost sharing under Medicare Parts A and B for the services and supplies received. For example, if Medicare Part B would have paid 80% of the Medicare allowed charge, the benefit payable under this Policy would be the cost sharing of 20% of the Medicare allowed charge. This Policy will not pay benefits that would have been payable by Medicare Parts A or B if the person had enrolled for Medicare Parts A and B.

Eligibility due to ESRD and Disability

If the person has not enrolled for Medicare Parts A and B this Policy will continue to pay benefits without consideration of Medicare. If the person has enrolled for Medicare Part A or Medicare Parts A and B this Policy will pay benefits as secondary to Medicare.

If the Covered Person has enrolled for Medicare Part A or Medicare Parts A and B the benefit payable under this Policy will equal the applicable cost sharing under Medicare Parts A and B for the services and supplies received.

Individual is Entitled to Medicare and Applies for an Individual Health Benefits Plan

Both the anti-duplication provisions of the Social Security Act and the New Jersey Individual Health Insurance Reform Act prohibit Us from issuing an individual health benefits plan to an individual who is entitled to Medicare, even if the individual has enrolled only for Medicare Part A.

The Covered Person must respond to Our inquiries regarding whether they are Eligible for Medicare or Entitled to Medicare. When a Covered Person turns 65 We will assume the Covered Person is Eligible for Medicare and pay secondary benefits as set forth in this section unless the Covered Person provides written documentation that proves the Covered Person is not Eligible for Medicare. If Our records show that the Covered Person is Entitled to Medicare due to disability or ESRD We pay secondary benefits as set forth in this section unless the Covered Person provides written documentation that proves they are not Entitled to Medicare and thus Our records are incorrect.

If an individual provides misinformation on the application regarding Medicare entitlement and is issued an individual health benefits plan, upon discovery of the misstatement We will take action as explained in the **Incontestability of this Policy** or **Clerical Error – Misstatements** provision, as appropriate.

SERVICES FOR AUTOMOBILE RELATED INJURIES

This section will be used to determine a Covered Person's coverage under this Policy when services are provided as a result of an automobile related Injury.

Definitions

"Automobile Related Injury" means bodily Injury sustained by a Covered Person as a result of an accident:

- a) while occupying, entering, leaving or using an automobile; or
- b) as a pedestrian caused by an automobile or by an object propelled by or from an automobile.

"Allowable Expense" means a medically necessary, reasonable and customary item of expense covered at least in part as an eligible expense or eligible services by:

- a) this Policy;
- b) PIP; or
- c) OSAIC.

"Eligible Services" means services provided for treatment of an Injury which is covered under this Policy without application of Cash Deductibles and Copayments, if any or Coinsurance.

"Out-of-State Automobile Insurance Coverage" or "OSAIC" means any coverage for medical expenses under an automobile insurance policy other than PIP. OSAIC includes automobile insurance policies issued in another state or jurisdiction.

"PIP" means personal injury protection coverage provided as part of an automobile insurance policy issued in New Jersey. PIP refers specifically to provisions for medical expense coverage.

Determination of primary or secondary coverage

This Policy provides secondary coverage to PIP unless health coverage has been elected as primary coverage by or for the Covered Person under this Policy. This election is made by the named insured under a PIP policy. Such election affects that person's family members who are not themselves named insureds under another automobile policy. This Policy may be primary for one Covered Person, but not for another if the person has a separate automobile policy and has made different selection regarding primacy of health coverage.

This Policy is secondary to OSAIC, unless the OSAIC contains provisions which make it secondary or excess to the Policyholder's plan. In that case this Policy will be primary.

If there is a dispute as to which policy is primary, this Policy will pay benefits or provide services as if it were primary.

Services this Policy will provide if it is primary to PIP or OSAIC

If this Policy is primary to PIP or OSAIC it will provide benefits for eligible expenses in accordance with its terms.

Benefits this Policy will pay if it is secondary to PIP or OSAIC

If this Policy is secondary to PIP or OSAIC the actual benefits payable will be the lesser

of:

- a) the Allowable Expenses left uncovered after PIP or OSAIC has provided coverage after applying Cash Deductibles and Copayments, or
- b) the equivalent value of services if this Policy had been primary.

GENERAL PROVISIONS

AMENDMENT

We may make amendments to the Policy upon 30 days' notice to the Policyholder, and as provided in (b) and (c) below. An amendment will not affect benefits for a service or supply furnished before the date of change; and no change to the benefits under this Policy will be made without the approval of the Board.

Only Our officers have authority: to waive any conditions or restrictions of the Policy, to extend the time in which a premium may be paid, to make or change a Policy, or to bind Us by a promise or representation or by information given or received.

No change in the Policy is valid unless the change is shown in one of the following ways:

- a) it is shown in an endorsement on it signed by one of Our officers.
- b) if a change has been automatically made to satisfy the requirements of any state or federal law that applies to the Policy, as provided in the section of this Policy called **Conformity With Law**, it is shown in an amendment to it that is signed by one of Our officers.
- c) if a change is required by Us, it is accepted by the Policyholder, as evidenced by payment of a premium on or after the effective date of such change.
- d) if a written request for a change is made by the Policyholder, it is shown in an amendment to it signed by the Policyholder and by one of Our officers.

ASSIGNMENT

No assignment or transfer by the Policyholder of any of the Policyholder's interest under this Policy or by a Covered Person of any of his or her interest under this Policy is valid unless We consent thereto.

CLERICAL ERROR - MISSTATEMENTS

No clerical error nor programming or systems error by the Policyholder or by Us in keeping any records pertaining to coverage under this Policy will reduce a Covered Person's Coverage. Neither will delays in making entries on those records reduce it. However, if We discover such an error or delay, a fair adjustment of premiums will be made.

Premium adjustments involving return of unearned premium to the Policyholder will be limited to the period of 12 months preceding the date of Our receipt of satisfactory evidence that such adjustments should be made.

If any relevant facts, are found to have been misstated, and the premiums are thereby affected, an equitable adjustment of premiums will be made. If such misstatement involves whether or not the person's coverage would have been accepted by Us, subject to this Policy's **Incontestability** section, the true facts will be used in determining whether coverage is in force under the terms of this Policy.

CONFORMITY WITH LAW

Any provision of this Policy which, is in conflict with the laws of the State of New Jersey, or with Federal law, shall be construed and applied as if it were in full compliance with the minimum requirements of such State law or Federal law.

CONTINUING RIGHTS

Our failure to apply terms or conditions does not mean that We waive or give up any future rights under this Policy.

GOVERNING LAW

This entire Policy is governed by the laws of the State of New Jersey.

INCONTESTABILITY OF THE POLICY

There will be no contest of the validity of the Policy, except for not paying premiums, after it has been in force for two years.

No statement in any application, except a fraudulent statement, made by the Policyholder or by a Covered Person covered under this Policy shall be used in contesting the validity of his or her coverage or in denying benefits after such coverage has been in force for two years during the person's lifetime. **Note:** There is no time limit with respect to a contest in connection with fraudulent statements.

LIMITATION ON ACTIONS

No action at law or in equity shall be brought to recover on the Policy until 60 days after a Covered Person files written proof of loss. No such action shall be brought more than three years after the end of the time within which proof of loss is required.

NOTICES AND OTHER INFORMATION

Any notices, documents, or other information under the Policy may be sent by United States Mail, postage prepaid, addressed as follows:

If to Us: To Our last address on record with the Policyholder.

If to the Policyholder: To the last address provided by the Policyholder on an enrollment or change of address form actually delivered to Us.

If to a Covered Person: To the last address provided by the Covered Person on an enrollment or change of address form actually delivered to Us.

PAYMENT OF PREMIUMS - GRACE PERIOD

The following paragraph only applies to Covered Persons who are NOT recipients of the premium tax credit and Covered Persons who are recipients of the premium tax credit but have not paid at least one full month's premium during the calendar year:

Premiums are due on each premium due date. Each premium other than the first must be paid within 31 days of the premium due date. Those days are known as the grace period. Premiums must be paid from the first day the Policy is in force in order for this Policy to be considered in force on a premium paying basis. Premiums must be paid for the time the Policy stays in effect. If any premium is not paid by the end of the grace period, this Policy will continue in force without premium payment during the grace period and this Policy will end when the grace period ends.

The following paragraph only applies to Covered Persons who ARE recipients of the premium tax credit who have paid at least one full month's premium during the calendar year:

Premiums are due on each premium due date. While each premium is due by the premium due date there is a grace period for each premium other than the first that runs for 3 consecutive months from the premium due date. We will pay all appropriate claims for services and supplies received during the first month of the grace period. We will pend the payment of claims for services beyond the first month through the end of the 3-month grace period. We will send You a notice if payment is not made by the premium due date and if payment is not made, the Policy will end 30 days following the date of the notice. Premium must be paid for the time coverage stays in effect. We will notify the Federal Department of Health and Human Services if the required premium is not paid by the premium due date. We will also notify the Providers for the pending claims that the claims may be denied.

OFFSET

We reserve the right, before paying benefits to You, to use the amount of payment due to offset any unpaid premiums or claims payment previously made in error.

REINSTATEMENT

If We, or one of Our duly authorized agents accept the payment of premium after the end of the grace period without requiring an application for reinstatement, such acceptance of premium shall reinstate the Policy. However, if We or one of Our duly authorized agents require an application for reinstatement and issue a conditional receipt for the premium paid, the Policy will be reinstated upon Our approval of the application, or lacking Our approval, it will be reinstated on the forty-fifth day following the date for the conditional receipt unless We have previously notified You of Our disapproval of the reinstatement application. Premiums accepted by Us after the end of the grace period are subject to a late payment interest charge determined as a percentage of the amount unpaid. That percentage will be Determined by Us from time to time, but will not be more than the maximum allowed by law. The reinstated Policy shall cover only loss resulting from Injury or Illness that begins more than 10 days after the date of reinstatement. In all other respects, We and the Covered Person shall have the same rights under the Policy as before the end of the grace period.

PREMIUM RATE CHANGES

The premium rates in effect on the Effective Date are referenced in the **PREMIUM RATES** section of the Policy. We have the right to prospectively change premium rates as of any of these dates:

- a) any premium due date;
- b) any date that the extent or nature of the risk under the Policy is changed:
 - 1. by amendment of the Policy; or
 - 2. by reason of any provision of law or any government program or regulation;
- c) at the discovery of a clerical error or misstatement as described in the **GENERAL PROVISIONS** section of this Policy.

We will give You 30 days written notice when a change in the premium rates is made.

STATEMENTS

No statement will void the coverage or be used in defense of a claim under this Policy, unless it is contained in a writing signed by a Covered Person, and We furnish a copy to the Covered Person.

All statements will be deemed representations and not warranties.

If You want to end this Policy for any other reason, You may write to Us, in advance of the requested termination date, to ask that the Policy be terminated. The Policy will end on the date requested.

This Policy will be renewed automatically each year on the Renewal Date, unless coverage is terminated on or before the Renewal Date due to one of the following circumstances:

- a) Premiums have not been paid in accordance with the terms of the Policy, or We have not received timely premium payments; (Coverage will end as described in the **Grace Period** provision.)
- b) You have performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the Policy; (Coverage will end immediately.)

- d) You become covered under another individual Health Benefits Plan; (Coverage will end at midnight on the day before the date the individual Health Benefits Plan takes effect, provided We receive notice of the replacement within 30 days after the effective date of the new plan.)
- e) With respect to a catastrophic plan, the date of a Marketplace redetermination of exemption eligibility that finds the Covered Person is no longer eligible for an exemption, or until the end of the plan year in which the Covered Person attains age 30, whichever occurs first.

TERMINATION OF DEPENDENT COVERAGE

If You fail to pay the cost of Dependent coverage, Your Dependent coverage will end. It will end on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

A Dependent's coverage ends at midnight on the date the Dependent is no longer a Dependent, as defined in the Policy. However, for a Dependent child who is no longer a Dependent due to the attainment of age 26, coverage ends at midnight on the last day of the month in which the Dependent attains age 26. Also, Dependent coverage ends when the Policyholder's coverage ends.
