EVIDENCE OF COVERAGE

Home Office: 1100 Circle 75 Parkway, Suite 1100, Atlanta, GA 30339

Individual Member HMO Contract

In this *contract*, the terms "you" or "your" will refer to the *member* or any *dependent members* enrolled in this *contract*. The terms "we," "our," or "us" will refer to Ambetter from Peach State Health Plan (Ambetter).

AGREEMENT AND CONSIDERATION

This document along with the corresponding *Schedule of Benefits* is your *contract* and legal document. It is the agreement under which benefits will be provided and paid. In consideration of your application and timely payment of premiums, we will provide health care benefits to you, the *member*, for *covered services* as outlined in this *contract*. Benefits are subject to *contract* definitions, provisions, limitations and exclusions.

GUARANTEED RENEWABLE

Annually, we must file this product, the cost share and the rates associated with it for approval. Guaranteed renewable means that your plan will be renewed into the subsequent year's approved product on the anniversary date unless terminated earlier in accordance with *contract* terms. You may keep this *contract* (or the new *contract* you are mapped to for the following year) in force by timely payment of the required premiums. In most cases you will be moved to a new *contract* each year, however, we may decide not to renew the *contract* as of the renewal date if: (1) we decide not to renew all *contracts* issued on this form, with a new *contract* at the same metal level with a similar type and level of benefits, to residents of the state where you then live; (2) we withdraw from the *service area*; or (3) there is fraud or an intentional material misrepresentation made by or with the knowledge of a *member* in filing a claim for *covered services*.

In addition to the above, this guarantee for continuity of coverage shall not prevent us from cancelling or non-renewing this *contract* in the following events: (1) non-payment of premium; (2) a *member* fails to pay any *deductible* or *copayment amount* owed to us and not the provider of services; (3) a *member* is found to be in material breach of this *contract*; or (4) a change in federal or state law, no longer permits the continued offering of such coverage, such as CMS guidance related to individuals who are Medicare eligible.

Annually, we will change the rate table used for this *contract* form. Each premium will be based on the rate table in effect on that premium's due date. The *contract*, age of *members*, type and level of benefits, and place of residence on the premium due date are some of the factors used in determining your premium rates. We have the right to change premiums, however, all premium rates charged will be guaranteed for a rating period of at least 12 months.

At least 31 calendar day notice of any plan to take an action or make a change permitted by this clause will be delivered to you at your last address as shown in our records. We will make no change in your premium solely because of claims made under this *contract* or a change in a *member's* health. While this *contract* is in force, we will not restrict coverage already in force. If we discontinue offering and decide not to renew all policies issued on this form, with the same

type and level of benefits, for all residents of the state where you reside, we will provide a written notice to you at least 90 calendar days prior to the date that we discontinue coverage.

This *contract* contains *prior authorization* requirements. Benefits may be reduced or not covered if the requirements are not met. Please refer to your *Schedule of Benefits* and the *Prior Authorization* section.

RIGHT TO RETURN CONTRACT

Please read your *contract* carefully. If you are not satisfied, return this *contract* to us or to our agent within 10 calendar days after you receive it. All premiums paid will be refunded, less claims paid back to the original method of payment and/or payor. The *contract* will be considered null and void from the *effective date*.

If the services you received are otherwise *covered services*, you will only be responsible for paying the *cost sharing* that applies to network providers and should not be *balance billed* by the non-network provider. See *balance billing*, *balance billing protections*, and *non-network provider* definitions for additional information. If you are *balance billed* in these situations, please contact Member Services immediately at the number listed on the back of your *member* identification card.

DEFINITIONS

In this *contract*, italicized words are defined. Words not italicized will be given their ordinary meaning.

Wherever used in this *contract*:

Acquired brain injury means a neurological insult to the brain, which is not hereditary, congenital or degenerative. The *injury* to the brain has occurred after birth and results in a change in neuronal activity, which results in an impairment of physical functioning, sensory processing, cognition or psychosocial behavior.

Acute rehabilitation means *rehabilitation* for patients who will benefit from an intensive, multidisciplinary *rehabilitation* program. Patients normally receive a combination of therapies such as physical, occupational and speech therapy as needed and are medically managed by specially trained *physicians*. *Rehabilitation* services must be performed for three or more hours per day, five to seven days per week, while the *member* is confined as an *inpatient* in a *hospital, rehabilitation facility, or extended care facility*.

Advance premium tax credit means the tax credit provided by the Affordable Care Act to help you afford health coverage purchased through Georgia Access. Advance payments of the tax credit can be used right away to lower your monthly premium costs. If you qualify, you may choose how much advance credit payments to apply to your premiums each month, up to the maximum amount. If the amount of advance credit payments you get for the year is less than the tax credit you are due, you will get the difference as refundable credit when you file your federal income tax return. If your advance payments for the year are more than the amount of your credit, you must repay the excess advance payments with your tax return.

Adverse benefit determination means a decision by us which results in:

1. A denial of a request for service.
2. A denial, reduction or failure to provide or make payment in whole or in part for a *covered service*.
3. A determination that an admission, continued stay, or other health care service does not meet our requirements for medical necessity, appropriateness, health care setting, or level of care or effectiveness.
4. A determination that a service is *experimental, investigational, cosmetic treatment*, not *medically necessary* or inappropriate.
5. A denial of coverage based upon an eligibility determination.
6. A determination that *balance billing protections* do not apply to a service.
7. An incorrectly calculated amount of *cost sharing* a *member* owes when *balance billing protections* apply.
8. A *rescission* of coverage determination as described in the General Provisions section of this *contract*.
9. A prospective review or retrospective review determination that denies, reduces or fails to provide or make payment, in whole or in part, for a *covered service*.

Refer to the Internal Grievance, Internal Appeals and External Appeals Procedures section of this *contract* for information on your right to *appeal* an *adverse benefit determination*.

Allowed amount (also see **Eligible expense**) means the maximum amount we will pay a provider for a *covered service*. When a *covered service* is received from a *network provider*, the *allowed amount* is the amount the provider agreed to accept from us as payment for that particular service. In all cases, the *allowed amount* will be subject to *cost sharing* (e.g., *deductible*, *coinsurance amount*, and *copayment*) per the *member's* benefits. This amount excludes agreed to amounts between the provider and us as a result of federal or state arbitration.

Please note, if you receive services from a *non-network provider*, you may be responsible for the difference between the amount the provider charges for the service (*billed amount*) and the *allowed amount* that we pay. However, you will not be responsible for *balance billing* for non-network care that is subject to *balance billing protections* and otherwise covered under your *contract*. See *balance billing*, *balance billing protections*, and *non-network provider* definitions for additional information. If you are balance billed in these situations, please contact Member Services immediately at the number listed on the back of your *member* identification card.

Ambetter-designated telehealth provider means the vendor selected by Ambetter to contract with providers to render *telehealth services*, including *Virtual 24/7 Care* benefits, to *members*. All services provided through the *Ambetter-designated telehealth provider* shall be deemed independent from Ambetter to ensure that a *member's* care and treatment plan are rendered via a practicing *physician*, or other medical professional with appropriate licensure.

Ambulatory surgical center means any facility with a medical staff of providers that operates pursuant to law for the purpose of performing *surgical procedures*, and that does not provide accommodations for patients to stay overnight. This does not include facilities such as: acute-care clinics, *urgent care centers*, ambulatory-care clinics, free-standing emergency facilities, and provider offices.

Appeal means a formal request, either orally, or in writing or by electronic transmission, to reconsider a determination not to certify an admission, extension of stay, or other health care service or procedure, and shall include both formal standard *appeals* and expedited *appeals*.

Applicable laws mean laws of the state in which your *contract* was issued and/or federal laws.

Applied behavior analysis (ABA) means the application of behavioral principles to everyday situations, intended to increase or decrease targeted behaviors. *ABA* has been used to improve areas such as language, self-help, and play skills, as well as decrease behaviors such as aggression, self-stimulatory behaviors, and self-injury.

Authorization or **Authorized** means our decision to approve medical necessity or the appropriateness of care for a *member* by the *member's PCP* or provider. *Authorizations* are not a guarantee of payment.

Authorized representative means an individual who represents a *member* in an *internal appeal* or external review process of an *adverse benefit determination* who is any of the following:

1. A person to whom a covered individual has given express, written consent to represent that individual in an *internal appeals* process or external review process of an *adverse benefit determination*;

2. A person *authorized* by law to provide substituted consent for a covered individual; or
3. A family member or a treating health care professional, but only when the member is unable to provide consent.

Autism spectrum disorder (ASD) means a neurological and developmental disorder that begins early in childhood and lasts throughout a person's life. It is a condition related to brain development that impacts how a person perceives and socializes with others, causing problems in social interaction and communication. It may include intellectual impairment but not always. The disorder may include problems with the ability to recognize or share interests or emotional experiences, problems expressing or understanding verbal or non-verbal communication, and/or developing or maintaining relationships. Repetitive patterns of behavior or an inability to tolerate change is often seen.

Balance billing means a *non-network provider* billing you for the difference between the provider's charge for a service and the *eligible expense*. *Network providers* may not *balance bill* you for *covered service expenses*.

Balance billing protections mean the protections against *balance billing* under the federal No Surprises Act. These protections apply to *covered services* that are:

1. *Emergency services* provided to a *member*, as well as services provided after the *member* is *stabilized* unless the *member* gave *notice and consent* to be *balance billed* for the *post-stabilization services*;
2. Non-emergency health care services provided to a *member* at a *network hospital* or at a *network ambulatory surgical center* unless if *member* gave *notice and consent* pursuant to the federal No Surprises Act to be *balance billed* by the *non-network provider*; or
3. Air ambulance services provided to a *member* by a *non-network provider*.

You will only be responsible for paying your *member* cost share for these services, which is calculated as if you had received the services from a *network provider* and is based on the recognized amount as defined in *applicable law*. If you are *balance billed* for any of the above services, contact Member Services immediately at the number listed on the back of your *member* identification card.

Behavioral health means both mental health and *substance use disorders*, encompassing a continuum of prevention, intervention, treatment, and recovery support services.

Bereavement counseling means counseling of *members* of a deceased person's *immediate family* that is designed to aid them in adjusting to the person's death.

Billed amount means the amount a provider charges for a service.

Care management means a program in which a registered nurse or licensed mental health professional, known as a care manager, assists a *member* through a collaborative process that assesses, plans, implements, coordinates, monitors and evaluates options and health care benefits available to a *member*. *Care management* is instituted when mutually agreed to by us, the *member* and the *member's physician*.

Center of Excellence means a *hospital* that:

1. Specializes in a specific type or types of *medically necessary* transplants or other services; and

2. Has agreed with us or an entity designated by us to meet quality of care criteria on a cost-efficient basis. The fact that a *hospital* is a *network provider* does not mean it is a *Center of Excellence*.

DEPENDENT MEMBER COVERAGE

Dependent Member Eligibility

Your *dependent members* become eligible for coverage under this *contract* on the latter of:

1. The date you became covered under this *contract*;
2. The date of marriage to add a *spouse*;
3. The date of an eligible newborn's birth;
4. The date that an adopted child is placed with you or your *spouse* for the purposes of adoption or you or your *spouse* assumes total or partial financial support of the child;
5. The date a foster child is placed in your custody; or
6. The date a domestic partnership is established, pursuant to state law.

Effective Date for Initial Dependent Members

Dependent members included in the initial enrollment application will be covered on the same date as your initial coverage date.

Coverage for a Newborn Child

An eligible child born to you or a covered family member will be covered from the time of birth until the 31st calendar day after birth, unless we have received notice from the entity that you have enrolled (either Georgia Access or us). Each type of *covered service* incurred by the newborn child will be subject to the *cost sharing* amount listed in your *Schedule of Benefits*.

Additional premium will be required to continue coverage beyond the 31st calendar day after the date of birth. The required premium will be calculated from the child's date of birth. If notice of the newborn is given to us by Georgia Access within the 31 calendar days from birth, an additional premium for coverage of the newborn child will be charged for not less than 31 calendar days after the birth of the child. If notice is not given within the 31 calendar days from birth, we will charge an additional premium from the date of birth. If notice is given by Georgia Access within 60 calendar days of the birth of the child, we may not deny coverage of the child due to failure to notify us of the birth of the child or to pre-enroll the child. Coverage of the child will terminate on the 31st calendar day after birth, unless we have received notice by Georgia Access of the child's birth.

Coverage for an Adopted Child

An eligible child legally placed for adoption with you or your *spouse* will be covered from the date of placement until the 31st calendar day after placement, unless the placement is disrupted prior to legal adoption and the child is removed from your or your *spouse's* custody.

The child will be covered for *loss* due to *injury* and *illness*, including *medically necessary* care and treatment of conditions existing prior to the date of placement.

Additional premium will be required to continue coverage beyond the 31st calendar day following placement of the child and we have received notification from Georgia Access. The required premium will be calculated from the date of placement for adoption. Coverage of the child will terminate on the 31st calendar day following placement unless we have received both: (A) Notification of the addition of the child from Georgia Access within 60 calendar days of the birth or placement and (B) any additional premium required for the addition of the child within 90 calendar days of the date of placement.

As used in this provision, "placement" means the earlier of:

1. The date that you or your *spouse* assume physical custody of the child for the purpose of adoption; or
2. The date of entry of an order granting you or your *spouse* custody of the child for the purpose of adoption.

Coverage for Other Dependent Members

If you are enrolled in an off-exchange *contract* and apply in writing, or directly at enroll.ambetterhealth.com, for coverage on a *dependent member* and you pay the required premiums, we will send you written confirmation of the added *dependent member's effective date* of coverage and *member* identification card.

ELIGIBILITY AND ENROLLMENT

For All Members

A *member's* eligibility for coverage under this *contract* will cease on the earlier of:

1. The *subscriber* residing outside the *service area* or moving permanently outside the *service area* of this plan;
2. The date we receive a request from you to terminate this *contract*, or any later date stated in your request;
3. The date that a *member* has failed to pay premiums or contributions in accordance with the terms of this *contract* or the date that we have not received timely premium payments in accordance with the terms of this *contract*;
4. The date the *member* has performed an act or practice that constitutes fraud or made an intentional misrepresentation of a material fact (e.g. the date that a *member* accepts any direct or indirect contributions or reimbursement by or on behalf of an employer, for any portion of the premium for coverage under this *contract*); or
5. The date of a *member's* death.

If you have material modifications (examples include a change in life event (marriage, death) or family status), or questions related to your health insurance coverage, contact Georgia Access at GeorgiaAccess.gov or 1-888-687-1503 (TTY 711). If you enrolled through Ambetter, contact Member Services.

For Dependent Members

A *dependent member* will cease to be a *member* at the end of the premium period in which he or she ceases to be your *dependent member*. For eligible children, coverage will terminate on the 31st calendar day of December the year that the dependent turns 26 years of age.

We must receive notification within 90 calendar days of the date a *dependent member* ceases to be an eligible *dependent member*. If notice is received by us more than 90 calendar days from this date, any unearned premium will be credited only from the first business day of the *contract*/calendar month in which we receive the notice.

A *member* will not cease to be a dependent eligible child solely because of age if the eligible child is:

1. Developmentally disabled; or
2. Physically disabled.

Prior Coverage

If a *member* is confined as an *inpatient* in a *hospital* on the *effective date* of this agreement, and prior coverage terminating immediately before the *effective date* of this agreement furnishes benefits for the hospitalization after the termination of prior coverage, then services and benefits will not be covered under this agreement for that *member* until the *member* is discharged from the *hospital* or benefits under the prior coverage are exhausted, whichever is

earlier. “Discharge” means a formal release of a *member* from an *inpatient hospital* stay when the need for continued care at an *inpatient hospital* has concluded. Transfers from one *inpatient hospital* to another shall not be considered a discharge.

If there is no prior coverage or no continuation of *inpatient* coverage after the *effective date*, your Ambetter coverage will apply for covered benefits related to the *inpatient* coverage after your *effective date*. Ambetter coverage requires you notify Ambetter within two calendar days of your *effective date* so we can review and *authorize medically necessary* services. If services are at a non-network *hospital*, claims will be paid at the Ambetter *allowed amount* and you may be billed for any balance of costs above the Ambetter *allowed amount*.

Open Enrollment

There will be an open enrollment period for coverage on Georgia Access. The open enrollment period begins November 1, 2025 and extends through January 15, 2026. *Qualified individuals* who enroll on or before December 15, 2025, will have an *effective date* of coverage on January 1, 2026.

Georgia Access may provide a coverage *effective date* for a *qualified individual* earlier than specified in the paragraphs above, provided that either:

1. The *qualified individual* has not been determined eligible for *advance premium tax credit* or *cost sharing reductions*; or
2. The *qualified individual* pays the entire premium for the first partial month of coverage as well as all *cost sharing*, thereby waiving the benefit of *advance premium tax credit* and *cost sharing reduction* payments until the first of the next month.

Coverage Effective Dates for Special Enrollment Periods

Regular effective dates. Except as specified below, coverage will be effective on the first of the month following plan selection.

Special effective dates. In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a *qualified individual* or *member* on the date of birth, adoption, placement for adoption, or placement in foster care. In the case of marriage, or in the case where a *qualified individual* experiences a *loss of minimum essential coverage*, coverage is effective on the first business day of the following month.

In the case of erroneous enrollment, *contract* violation, or exceptional circumstances, coverage is effective on an appropriate date based on the circumstances of the special enrollment period, in accordance with guidelines issued by the Department of Health and Human Services. Such date must be either (i) the date of the event that triggered the special enrollment period or (ii) in accordance with the regular *effective dates*.

If a *qualified individual*, *member*, or dependent loses coverage, gains access to a new QHP, becomes newly eligible for enrollment in a QHP, becomes newly eligible for advance payments of the premium tax credit in conjunction with a permanent move, or is enrolled in COBRA continuation coverage and employer contributions to or government subsidies completely cease, and if the plan selection is made on or before the day of the triggering event Georgia Access must ensure that the coverage *effective date* is the first calendar day of the month

following the date of the triggering event. If the plan selection is made after the date of the triggering event, coverage is effective on the first calendar day of the following month.

If a *qualified individual, member*, or dependent newly gains access to an ICHRA or is newly provided a QSEHRA, and if the plan selection is made before the day of the triggering event, coverage is effective on the first calendar day of the month following the date of the triggering event or, if the triggering event is on the first calendar day of a month, on the date of the triggering event. If the plan selection is made on or after the day of the triggering event, coverage is effective on the first calendar day of the month following plan selection.

If a *qualified individual, member*, or dependent did not receive timely notice of an event that triggers eligibility for a special enrollment period, and otherwise was reasonably unaware that a qualifying event occurred, Georgia Access must allow the *qualified individual, member*, or dependent to select a new plan within 60 calendar days of the date that he or she knew, or reasonably should have known, of the occurrence of the triggering event. And at the option of a *qualified individual, member* or dependent, Georgia Access must provide the earliest effective that would have been available, based on the applicable qualifying event.

Special Enrollment Periods

In general, a *qualified individual* has 60 calendar days to report certain life changes, known as “qualifying events” to Georgia Access or by using Ambetter’s *Enhanced Direct Enrollment* tool. If a *qualified individual* loses Medicaid or CHIP coverage that is considered *minimum essential coverage*, they have up to 90 calendar days after the *loss of minimum essential coverage* to enroll in a Georgia Access plan. *Qualified individuals* may be granted a Special Enrollment Period where they may enroll in or change to a different Georgia Access plan during the current plan year if they have a qualifying event. Qualifying events include:

1. A *qualified individual* or dependent experiences a *loss of minimum essential coverage*, non-calendar year group or individual health insurance coverage, pregnancy-related coverage, access to health care services through coverage provided to a pregnant *member’s* unborn child, or medically needed coverage;
2. A *qualified individual* gains a dependent or becomes a dependent through marriage, birth, adoption, placement for adoption, placement in foster care, or a child support order or other court order. In the case of marriage, at least one *spouse* must demonstrate having *minimum essential coverage* as described in 26 CFR 1.5000A-1(b) for one or more days during the 60 calendar days preceding the date of marriage;
3. A *qualified individual* or dependent, who was not previously a citizen, national, or lawfully present individual gains such status; or who is no longer incarcerated or whose incarceration is pending the disposition of charges;
4. A *qualified individual’s* enrollment or non-enrollment in a plan is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or its instrumentalities as evaluated and are determined by Georgia Access;
5. A *member* or dependent adequately demonstrates to Georgia Access that the plan in which he or she is enrolled substantially violated a material provision of its *contract* in relation to the *member*;

6. A *qualified individual, member*, or dependent, adequately demonstrates to Georgia Access that a material error related to plan benefits, *service area*, or premium influenced the *qualified individual's* or *member's* decision to purchase the *QHP*;
7. A *member* or dependent enrolled in the same plan is determined newly eligible or newly ineligible for *advance premium tax credits* or has a change in eligibility for *cost sharing reductions*;
8. A *qualified individual* or dependent who is enrolled in an eligible employer-sponsored plan is determined newly eligible for *advance premium tax credits* based in part on a finding that such individual is ineligible for qualifying coverage in an eligible-employer sponsored plan in accordance with 26 CFR §1.36B-2(c)(3);
9. A *qualified individual, member*, or dependent gains access to new *QHPs* as a result of a permanent move, and had *minimum essential coverage* as described in 26 CFR 1.5000A-1(b) for one or more days during the 60 calendar days preceding the date of the permanent move;
10. A *qualified individual* or *dependent member* who gains or maintains status as an Indian, as defined by section 4 of the Indian Health Care Improvement Act, may enroll in a plan or change from one plan to another one time per month;
11. A *qualified individual* or *member* demonstrates to Georgia Access, in accordance with guidelines issued by the U.S. Department of Health and Human Services (HHS), that the individual meets other exceptional circumstances as Georgia Access may provide;
12. A *qualified individual, member*, or dependent is a victim of domestic abuse or spousal abandonment as defined by 26 CFR 1.36B-2, and would like to enroll in coverage separate from the perpetrator of the abuse or abandonment;
13. A *qualified individual* or dependent is determined to be potentially eligible for Medicaid or Children's Health Insurance Program (CHIP), but is subsequently determined to be ineligible after the open enrollment period has ended or more than 60 calendar days after the qualifying event; or applies for coverage at the State Medicaid or CHIP agency during the annual open enrollment period, and is determined ineligible for Medicaid or CHIP after open enrollment has ended;
14. A *qualified individual* newly gains access to an employer sponsored Individual Coverage Health Reimbursement Arrangement (ICHRA) (as defined in 45 CFR 146.123(b)) or a Qualified Small Employer Health Reimbursement Arrangement (QSEHRA) (as defined in section 9831(d)(2) of the Internal Revenue Code);
15. At the option of Georgia Access, a *qualified individual* provides satisfactory documentary evidence to verify his or her eligibility for an insurance affordability program or enrollment in a plan through Georgia Access following termination of enrollment due to a failure to verify such status within the time period specified in 45 C.F.R. § 155.315 or is under 100 percent of the federal poverty level and did not enroll in coverage while waiting for HHS to verify his or her citizenship, status as a national, or lawful presence;

16. A *qualified individual* or dependent is enrolled in COBRA continuation coverage for which an employer is paying all or part of the premiums, or for which a government entity is providing subsidies, and the employer completely ceases its contributions or government subsidies completely cease; or

17. A *qualified individual* or *member*, or their dependent who is eligible for advance payments of the premium tax credit, and whose household income is expected to be at or below 150 percent of the Federal poverty level.

To determine if you are eligible and apply for a Special Enrollment Period, ***please visit GeorgiaAccess.gov and search for “special enrollment period.”*** Georgia Access is responsible for all health care eligibility and enrollment decisions for *members* who enrolled via Georgia Access.

If you are currently enrolled in Ambetter, please contact Member Services with any questions related to your health insurance coverage.

PREMIUMS

Premium Payment

Each premium is to be paid to us on or before its due date. The initial premium must be paid prior to the coverage *effective date*, although an extension may be provided during the annual Open Enrollment period. Ambetter reserves the right to apply any rewards that may be converted to monetary value earned through My Health Pays or any similar program to any unpaid premium or related amounts you may owe.

Grace Period

When a *member* is receiving a premium subsidy:

After the first premium is paid, a grace period of three months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last calendar day of the first month during the grace period, if *advance premium tax credits* are received.

We will continue to pay all appropriate claims for *covered services* rendered to the *member* during the first month of the grace period and may pend claims for *covered services* rendered to the *member* in the second and third month of the grace period. We will notify HHS of the non-payment of premiums, the *member*, as well as providers of the possibility of denied claims when the *member* is in the second and third month of the grace period. We will continue to collect *advance premium tax credits* on behalf of the *member* from the Department of the Treasury and will return the *advance premium tax credits* on behalf of the *member* for the second and third month of the grace period if the *member* exhausts their grace period as described above. A *member* is not eligible to re-enroll once terminated, unless a *member* has a special enrollment circumstance, such as a marriage or birth in the family, or during annual open enrollment periods.

When a *member* is not receiving a premium subsidy:

Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first calendar day of each month for coverage effective during such month. There is a 60 calendar day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the *contract* will stay in force; however, claims may pend for *covered services* rendered to the *member* during the grace period. We will notify the *member* of the non-payment of premiums, as well as providers of the possibility of denied claims when the *member* is in the grace period.

Third-Party Payment of Premiums or Cost Sharing

We require each *member* to pay his or her premiums and this is communicated on your monthly billing statements. Ambetter payment policies were developed based on guidance from the Center for Medicare and Medicaid Services (CMS) recommendations against

accepting *third-party* premiums. Consistent with CMS guidance, the following are the only acceptable *third-parties* who may pay Ambetter premiums on your behalf:

1. Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act;
2. Indian tribes, tribal organizations or urban Indian organizations;
3. State and Federal Government programs;
4. Certain tax-exempt organizations;
5. Family members;
6. An employer for an employee under an Individual Coverage Health Reimbursement Account (ICHRA) or Qualified Small Employer Health Reimbursement Account (QSEHRA) plan; or
7. Private, not-for-profit foundations which have no incentive for financial gain, no financial relationship, or affiliation with providers of *covered services* and supplies on behalf of *members*, where eligibility is determined based on defined criteria without regard to health status and where payments are made in advance for a coverage period from the *effective date* of eligibility through the remainder of the calendar year.

Health Savings Account (HSA)

A Health Savings Account (HSA) is a special tax-exempt custodial account or trust owned by a *member* where contributions to the account may be used to pay for current and future qualified medical expenses. Please refer to your *Schedule of Benefits* to see if the plan you are enrolled in has an HSA. For *members* enrolled in an HSA compatible plan, the following terms apply.

Individual *members* must satisfy federal HSA eligibility criteria in order to open and contribute to an HSA.

This Evidence of Coverage is administered by Ambetter from Peach State Health Plan and underwritten by Ambetter of Peach State Inc. Neither entity is an HSA trustee, HSA custodian or a designated administrator for HSAs. Ambetter of Peach State Inc., its designee, and its affiliates do not provide tax, investment or legal advice to *members*.

MEMBERS ARE SOLELY RESPONSIBLE FOR ADHERING TO ALL FEDERAL REGULATIONS AND GUIDELINES CONCERNING HSA MAXIMUM ALLOWABLE AMOUNT, CONTRIBUTIONS AND QUALIFIED WITHDRAWALS. IN ADDITION, EACH MEMBER WITH AN HSA IS RESPONSIBLE FOR NOTIFYING HIS/HER HSA CUSTODIAN OR TRUSTEE IF ENROLLMENT UNDER THEIR HSA PLAN HAS BEEN CANCELED OR TERMINATED.

THE TERMS OF THIS EVIDENCE OF COVERAGE ARE CONFINED TO THE BENEFITS PROVIDED HEREIN AND DO NOT ENCOMPASS ANY INDIVIDUAL HSA FEE ARRANGEMENTS, ACCOUNT MAINTENANCE OR CONTRIBUTION REQUIREMENTS, APPLICATION PROCEDURES, TERMS, CONDITIONS, WARRANTIES OR LIMITATIONS THERETO, GRIEVANCES OR CIVIL DISPUTES WITH ANY HSA CUSTODIAN OR TRUSTEE.

PLEASE CONSULT A PROFESSIONAL TAX ADVISOR FOR MORE INFORMATION ABOUT THE TAX IMPLICATIONS OF AN HSA OR HSA PROGRAM.

Misstatement of Age

If a *member's* age has been misstated, the *member's* premium may be adjusted to what it should have been based on the *member's* actual age.

Change or Misstatement of Residence

If you change your residence, you must notify us of your new residence within 60 calendar days of the change. Your premium will be based on your new residence beginning on the first premium due date/first calendar day of the next calendar month after the change. If your residence is misstated on your application, or you fail to notify us of a change of residence, we will apply the correct premium amount beginning on the first premium due date/first calendar day of the first full calendar month you resided at that place of residence. If the change results in a lower premium, we will refund any excess premium back to the original method of payment and/or payor. If the change results in a higher premium, you will owe us the additional premium.

Misstatement of Tobacco or Nicotine Use

The answer to the tobacco or nicotine question on the enrollment application is material to our correct underwriting. If a *member's use of tobacco or nicotine* has been misstated on the *member's* application for coverage under this *contract*, we have the right to rerate the *contract* back to the original *effective date*.

COST SHARING FEATURES

Cost Sharing Features

We will pay benefits for *covered services* as described in your *Schedule of Benefits* and the *covered services* sections of this *contract*. All benefits we pay will be subject to all conditions, limitations, and *cost sharing* features of this *contract*. *Cost sharing* means that you participate or share in the cost of your health care services by paying *deductible amounts*, *copayments* and *coinsurance amounts* for some *covered services*. For example, you may need to pay a *medical practitioner* a *copayment* or *coinsurance amount* when you visit your provider or are admitted into the *hospital*. The *copayment* or *coinsurance amount* required for each type of service as well as your *deductible* is listed in your *Schedule of Benefits*.

When you, or a *dependent member*, receive health care services from a provider, there may be multiple claims for that episode of care. An episode of care means the services provided by a health care facility or provider to treat a condition or an *illness*. Each claim that we receive for services covered under this *contract* are adjudicated or processed as we receive them. Coverage is only provided for *eligible expenses*. Each claim received will be processed separately according to the cost share as outlined in the *contract* and in your *Schedule of Benefits*.

Coinsurance Amount

A *coinsurance amount* is your share of the cost of a service. *Members* may be required to pay a *coinsurance amount* in addition to any applicable *deductible amount(s)* due for a *covered service* or supply. *Coinsurance amounts* do not apply toward the *deductible* but do apply toward your *maximum out-of-pocket amount*. When the annual *maximum out-of-pocket amount* has been met, additional *covered service expenses* will be provided at 100 percent.

Copayments

A *copayment* is typically a fixed dollar amount due at the time of service. *Members* may be required to pay *copayments* to a provider each time services are performed that require a *copayment*. *Copayments* are due at the time of service, as shown in your *Schedule of Benefits*. Payment of a *copayment* does not exclude the possibility of a provider billing you for non-covered services. *Copayments* do not count or apply toward the *deductible amount* but do apply toward your *maximum out-of-pocket amount*.

Deductible

The *deductible amount* means the amount of *covered service expenses* that must be paid by each/all *members* before any benefits are provided or payable. The *deductible amount* does not include any *copayment amount* or *coinsurance amount*. Not all *covered service expenses* are subject to the *deductible amount*. See your *Schedule of Benefits* for more details.

Maximum Out-of-Pocket Amount

You must pay any applicable *copayments*, *coinsurance amounts*, or *deductible amounts* required until you reach the *maximum out-of-pocket amount* shown in your *Schedule of Benefits*. After the *maximum out-of-pocket amount* is met for an individual, we will pay 100 percent of the cost for *covered services*. The family *maximum out-of-pocket amount* is two times the individual *maximum out-of-pocket amount*. For the family *maximum out-of-pocket amount*, once a *member* has met the individual *maximum out-of-pocket amount*, the remainder of the family *maximum out-of-pocket amount* can be met with the combination of any one or more *members' eligible expenses*.

After the *maximum out-of-pocket amount* is met for an individual, we pay 100 percent of *eligible expenses* for that individual. The family *maximum out-of-pocket amount* is two times the individual *maximum out-of-pocket amount*. Both the individual and the family *maximum out-of-pocket amounts* are shown in your *Schedule of Benefits*.

For family coverage, the family maximum-out of pocket amount can be met with the combination of any *member's eligible expense*. A *member's* maximum out-of-pocket will not exceed the individual *maximum out-of-pocket amount*.

If you are a covered *member* in a family of two or more *members*, you will satisfy your *maximum out-of-pocket amount* when:

1. You satisfy your individual *maximum out-of-pocket amount*; or
2. Your family satisfies the family *maximum out-of-pocket amount* for the calendar year.

If you satisfy your individual *maximum out-of-pocket amount*, you will not pay any more *cost sharing* for the remainder of the calendar year, but any other eligible *members* in your family must continue to pay *cost sharing* until the family *maximum out-of-pocket amount* is met for the calendar year.

Refer to your Schedule of Benefits for Coinsurance Percentage and other limitations.

The amount provided or payable will be subject to:

1. Any specific benefit limits stated in the *contract*;
2. A determination of *eligible expenses*; and
3. Any reduction for expenses incurred at a non-network provider. Please refer to the information on your *Schedule of Benefits*.

The applicable *deductible amount(s)*, *cost sharing percentage*, and *copayment amounts* are shown on your *Schedule of Benefits*.

Non-Network Liability and Balance Billing

If you receive services from a non-network provider, you may have to pay more for services you receive. Non-network providers may be permitted to bill you for the difference between what we agreed to pay and the full *billed amount* for a service. This is known as *balance billing*. This amount is likely more than network costs for the same service and might not count toward your annual *maximum out-of-pocket amount* limit. However, you are not responsible for *balance billing* when *balance billing protections* apply to *covered services*.

ACCESS TO CARE

Primary Care Physician (PCP)

In order to obtain benefits, you must designate a network *PCP* for each *member*. If you do not select a network *PCP* for each *member*, one will be assigned. You may select any network *PCP* who is accepting new patients from any of the following provider types:

1. Family practitioners.
2. General practitioners.
3. Internal medicine.
4. Nurse practitioners. *
5. *Physician* assistants.
6. Obstetricians/gynecologists.
7. Pediatricians (for children).

*If you choose a nurse practitioner as your *PCP*, your benefit coverage and *copayment amounts* are the same as they would be for services from other network providers. See your *Schedule of Benefits* for more information.

You may obtain a list of network *PCPs* at our website and accessing the “Find a Provider” page or by calling the telephone number shown on the front page of this *contract*.

You should get to know your *PCP* and establish a healthy relationship with them. Your *PCP* will:

1. Provide preventive care and screenings.
2. Conduct regular physical examinations as needed.
3. Conduct regular immunizations as needed.
4. Deliver timely service.
5. Work with other doctors when you receive care somewhere else.
6. Coordinate specialty care with network *specialists*.
7. Provide any ongoing care you need.
8. Update your medical record, which includes keeping track of all the care that you get from all of your providers.
9. Treat all patients the same way with dignity and respect.
10. Make sure you can contact him/her or another provider at all times.
11. Discuss what advance directives are and file directives appropriately in your medical record.

Your network *PCP* will be responsible for coordinating all covered health services with other network providers. You may be required to obtain a referral from a *PCP* in order to receive care from a *specialist physician*. You do not need a referral from your network *PCP* for mental

or *behavioral health* services, obstetrical or gynecological treatment and may seek care directly from a network obstetrician or gynecologist.

Contacting Your Primary Care Physician

To make an appointment with your *PCP*, call his/her office during business hours and set up a date and time. If you need help, call Member Services and we will help you make the appointment. If you need to cancel or change your appointment, call 24 hours in advance. At every appointment, make sure you bring your *member* identification card and a photo identification.

Should you need care outside of your *PCP's* office hours, you should call your *PCP's* office for information on receiving after hours care in your area. If you have an urgent medical problem or question or cannot reach your *PCP* during normal office hours, call our 24/7 nurse advice line. A licensed nurse is always available and ready to answer your health questions. If you are experiencing an emergency condition, call 911 or for a *behavioral health emergency condition*, call 988 or go to the nearest emergency room.

Changing Your Primary Care Physician (PCP)

You may change your network *PCP* for any reason, but not more frequently than once a month, by submitting a written request, online at our website at AmbetterHealth.com/en/GA/, or by contacting our office at the number shown on your *member* identification card. The change to your network *PCP* of record will be effective no later than 30 calendar days from the date we receive your request.

Network Availability

The network is subject to change. The most current network may be found online at our website or by contacting us at the number shown on your *member* identification card. A network may not be available in all areas. If you move to an area where we are not offering access to a network, please contact Member Services prior to moving or as soon as possible. You may have the opportunity to disenroll from coverage under this *contract* and enroll in a different health plan with a network in that area. Note that *covered services* received from non-network providers are not *covered services* under this *contract* except when *balance billing protections* apply to a *covered service* provided by a non-network provider. If you receive *covered services* from non-network providers that are not subject to *balance billing protections*, benefits will be calculated in accordance with the terms of this policy for non-network providers.

Coverage Under Other Contract Provisions

Charges for services and supplies that qualify as *covered service expenses* under one benefit provision will not qualify as *covered service expenses* under any other benefit provision of this *contract*.

Non-Emergency Services

If you are traveling outside of the Ambetter Plan *service area*, you may be able to access providers in another state if there is an Ambetter plan located in that state. You can locate Ambetter providers outside of Georgia by searching the relevant state in our provider directory at guide.ambetterhealth.com. Not all states have Ambetter plans. If you receive care from an Ambetter provider outside of the *service area*, you may be required to receive *prior authorization* for non-emergency services. Contact Member Services at the phone number on your *member* identification card for further information.

Emergency Services Outside of Service Area

We cover *emergency services* when you are outside of our *service area*.

If you are temporarily out of the *service area* and experience an *emergency condition*, call 911 or for a *behavioral health emergency condition*, call 988 or go to the nearest emergency room. Be sure to call us and report your emergency within one business day. You do not need *prior authorization* for *emergency services*.

Continuity of Care

Under the federal No Surprises Act, if a *member* is a *continuing care patient* with respect to a network provider and the contractual relationship with the provider is terminated, such that the provider is no longer in network; or benefits are terminated because of a change in the terms of the participation of the provider, as it pertains to the services the *member* is receiving as a *continuing care patient*, then we will:

1. Notify each *member* on a timely basis of the termination and their right to elect continued transitional care from the provider;
2. Provide the *member* with an opportunity to notify the health plan of the *member's* need for transitional care; and
3. Permit the *member* to elect to continue to have their benefits for the course of treatment relating to their status as a *continuing care patient* during the period beginning on the date on which the notice described in (1) is provided and ending on the earlier of:
 - a. 90 calendar days after the notice described in (1) is provided; or
 - b. The date on which such *member* is no longer a *continuing care patient* with respect to the provider.

Hospital Based Providers

When receiving care at a network *hospital* it is possible that some hospital-based providers may not be network providers. If you provide *notice and consent* to waive *balance billing protections*, you may be responsible for payment of all or part of the *balance bill*. Any amount you are obligated to pay to the non-network provider in excess of the *eligible expense* will not apply to your *deductible amount* or *maximum out-of-pocket amount*.

You may not be *balanced billed* for non-emergency ancillary services (*emergency* medicine, anesthesiology, pathology, radiology and neonatology, as well as, diagnostic services

(including radiology and laboratory services)) received from a *non-network provider* at a *network hospital* or *network ambulatory facility*.

Protection from Balance Billing

Under federal law, effective January 1, 2022, non-network provider or facility services are prohibited from *balance billing* health plan *members* for services that are subject to *balance billing protections* as described in the Definitions section of this *contract*. You will only be responsible for paying your *member* cost share for these services, which is calculated as if you had received the services from a network provider and based on the recognized amount as defined in *applicable law*.

New Technology

Health technology is always changing. If we think a new medical advancement can benefit our *members*, we evaluate it for coverage. These advancements include:

1. New technology.
2. New medical procedures.
3. New drugs.
4. New devices.
5. New application of existing technology.

Sometimes, our medical director and/or medical management staff will identify technological advances that could benefit our *members*. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology.

If the CPC does not review a request for coverage of new technology, our Medical Director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.

Preferred Partnership

As innovative technologies and solutions are established in market under expedited research and development, we may elect to offer, at our discretion, new services or preferred partnerships designed to improve access to care and enhance *care management*. Ambetter will provide access to *third-party* services at preferred or discounted rate. The preferred or discounted rates to these services may be communicated to all *members* by email, mail, or phone promotions. The preferred partnerships are optional benefits to all *members*.

MAJOR MEDICAL EXPENSE BENEFITS

We provide coverage for health care services for a *member* and/or *dependent members*. Some services require *prior authorization*.

Copayment amounts must be paid to your network provider at the time you receive services.

All *covered services* are subject to conditions, exclusions, limitations, terms, and provision of this *contract*. *Covered services* must be *medically necessary* and not *experimental* or *investigational*.

Essential health benefits are defined by federal and state law and refer to benefits in at least the following categories: ambulatory patient services, *emergency services*, hospitalization, maternity and newborn care, mental health and *substance use disorder* services, including *behavioral health* treatment, *prescription drugs*, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care. Essential health benefits provided within this *contract* are not subject to lifetime or annual dollar maximums. Certain non-essential health benefits, however, are subject to either a lifetime or annual dollar maximum.

Benefit Limitations

Limitations may also apply to some *covered services* that fall under more than one *covered service* category. Please review all limits carefully. Ambetter will not pay benefits for any of the services, treatments, items, or supplies that exceed benefit limits.

Acquired Brain Injury

Benefits for *eligible expenses* incurred for *medically necessary* treatment of an *acquired brain injury* will be determined on the same basis as treatment for any other physical condition, if such services are necessary as a result of and related to an *acquired brain injury* and include:

2. Cognitive communication therapy;
3. Neurocognitive therapy and *rehabilitation*;
4. Neurobehavioral, neuropsychological, neurophysiological and psychophysiological testing and treatment;

Treatment for an *acquired brain injury* may be provided at a *hospital*, an acute or post-acute *rehabilitation hospital*, a *skilled nursing facility*, or an approved facility where *covered services* are provided. Treatment goals for services may include the maintenance of functioning, or the

prevention or slowing of further deterioration. *Custodial care* and long-term nursing care are not *covered services* under this *contract*.

To ensure that appropriate post-acute care treatment is provided, this plan includes coverage for expenses related to periodic reevaluation of the care of an individual covered who:

1. Has incurred an *acquired brain injury*;
2. Has been unresponsive to treatment;
3. Is medically stable; and
4. To ensure that appropriate post-acute care treatment is provided, this plan includes coverage for expenses related to periodic reevaluation of the care of an individual covered with the expectation that with the provision of these services and support, the person can return to a community-based setting, rather than reside in a facility setting.

Dialysis Services

Medically necessary acute and chronic dialysis services are *covered services* unless other coverage is primary, such as Medicare, for dialysis. There are two types of treatment, provided you meet all the criteria. You may receive hemodialysis in a dialysis facility or peritoneal dialysis in your home from a network provider.

Covered service expenses include:

At our option, we may *authorize* the purchase of the equipment in lieu of its rental if the rental price is projected to exceed the equipment purchase price, but only from a provider we *authorize* before the purchase.

Disposable Medical Supplies

Disposable medical supplies, which have a primary medical purpose, are covered and are subject to reasonable quantity limits as determined by us. Examples include, but are not limited to bandages & wraps, gloves, suction catheters, surgical sponges, hypodermic needles, syringes, and applicators. Any

expense that exceeds the maximum *allowed amount* for the standard item which is a *covered service* is your responsibility. For example, the reimbursement for a motorized wheelchair will be limited to the reimbursement for a standard wheelchair, when a standard wheelchair adequately accommodates your condition. Repair, adjustment and replacement of purchased equipment, supplies or appliances as set forth below may be covered, as approved by us. The repair, adjustment or replacement of the purchased equipment, supply or appliance is covered if:

1. The equipment, supply or appliance is a *covered service*;
2. The continued use of the item is *medically necessary*; and

In addition, replacement of purchased equipment, supplies or appliance may be covered if:

2. Repair is not possible or would equal or exceed the cost of replacement. An assessment by a network *durable medical equipment* vendor should be done to estimate the cost of repair.
3. Individual's needs have changed, and the current equipment is no longer usable due to weight gain, rapid growth, or deterioration of function, etc.
4. The equipment, supply or appliance is damaged and cannot be repaired.

Benefits for repairs and replacement do not include the following:

Rental costs must not be more than the purchase price. The plan will not pay for rental for a longer period of time than it would cost to purchase equipment. The cost for delivering and installing the equipment are *covered services*. Payment for related supplies is a *covered service* only when the equipment is a rental, and medically fitting supplies are included in the rental; or the equipment is owned by the *member*; medically fitting supplies may be paid separately. Equipment should be purchased when it costs more to rent it than to buy it. Repair of medical equipment is covered.

Mental Health and Substance Use Disorder Benefits

The coverage described below is designed to comply with the requirements under the Paul Wellstone-Pete Domenici Mental Health Parity and Addiction Equity Act of 2008.

If you need *mental health disorder* or *substance use disorder* treatment, you may choose any network provider in our *behavioral health* and substance use provider network and do not need

a referral from your *PCP* in order to initiate treatment. You can search for network *behavioral health* providers by accessing the Find a Provider page at AmbetterHealth.com/en/GA/ or by calling Member Services. *Deductible amounts, copayment or coinsurance amounts* and treatment limits for covered mental health and *substance use disorder* benefits will be applied in the same manner as physical health service benefits.

Covered services for mental health and *substance use disorders* are included on a non-discriminatory basis for all *members* for the diagnosis and the *medically necessary* treatment of mental or *substance use disorders* as defined in this *contract*.

When making coverage determinations, our *behavioral health* Utilization Management staff utilizes an established level of care guidelines and medical necessity criteria that are based on *generally accepted standards of medical practice* and take into account legal and regulatory requirements. Our *behavioral health* staff utilizes Change Healthcare's InterQual criteria for mental health determinations and American Society of Addiction Medicine (ASAM) criteria for *substance use disorder* determinations. Services should always be provided in the least restrictive clinically appropriate setting. Any determination that requested services are not *medically necessary* will be made by a qualified licensed mental health professional.

Covered *inpatient* and outpatient mental health and/or *substance use disorder* services are as follows:

Inpatient

1. *Inpatient* psychiatric hospitalization;
2. *Inpatient* detoxification treatment;

Expenses for these services are covered if *medically necessary* and may be subject to *prior authorization*. However, we will not require *prior authorization* for emergent *inpatient* withdrawal management services or emergent *inpatient* treatment services. Please see the *Schedule of Benefits* for more information regarding services that require *prior authorization*.

Telehealth services not provided through *Virtual 24/7 Care* vendors would be subject to the same *cost sharing* as the same health care services when delivered to an insured in-person.

Prescription Drug Expense Benefits

We work with providers and pharmacists to ensure that we cover medications used to treat a variety of conditions and diseases.

Covered service expenses in this benefit provision are limited to charges from a licensed pharmacy for:

1. *A prescription drug.*
2. Any drug that, under the *applicable law*, may be dispensed only upon the written prescription of a provider.
3. Off-label drugs that are:
 - a. Recognized for treatment of the indication in at least one (1) standard reference compendium; or
 - b. Recommended for a particular type of cancer and found to be safe and effective in formal clinical studies, the results of which have been published in a peer reviewed professional medical journal published in the United States or Great Britain.
4. Prescribed, oral anticancer medication.

Such *covered service expenses* shall include those for prescribed, orally administered anticancer medications. The *covered service expenses* shall be no less favorable than for

intravenously administered or injected cancer medications that are covered as medical benefits under this *contract*. The appropriate drug choice for a *member* is a determination that is best made by the *member* and his or her *physician*.

Medication Balance-On-Hand

Medication refills are prohibited until a *member's* cumulative balance-on-hand is equal to or fewer than 15 days' supply of medication. This provision operates in addition to any applicable medication quantity limit or refill guidelines.

Split-Fill Dispensing Program

Members are limited to 15-day supplies for the first 90 calendar days when starting new therapy using certain medications (like oral oncology). *Members* pay half the 30-day *cost sharing* amount for a 15-day supply and would be responsible for the other half of the 30-day *cost sharing* amount for each additional 15-day supply. After 90 calendar days, *members* will fill their medications for 30-day supplies.

Lock-in Program

To help decrease overutilization and abuse, certain *members* identified through our Lock-in Program, may be locked into a specific pharmacy for the duration of their participation in the lock-in program. *Members* locked into a specific pharmacy will be able to obtain their medication(s) only at a specified location. Ambetter pharmacy, together with Medical Management will review *member* profiles and using specific criteria, will recommend *members* for participation in the lock-in program. *Members* identified for participation in the lock-in program and associated providers will be notified of *member* participation in the program via mail. Such communication will include information on duration of participation, pharmacy to which *member* is locked-in, and any *appeals* rights.

Extended Days' Supply Process

Maintenance medications are generally taken daily for chronic and lifelong conditions. Extended days' supply fills (up to 90 calendar days) of select maintenance medications are available exclusively through select pharmacies. For more information, please consult our website.

Formulary or Prescription Drug List

The formulary or *prescription drug* list is a guide to available generic, brand name drugs and some over-the-counter medications when ordered by a *physician* that are approved by the FDA and covered through your *prescription drug* benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The FDA requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed on Tier 2 of the Drug List to help identify brand name drugs that are clinically appropriate, safe and cost-effective treatment options, if a generic medication on the formulary is not suitable for your condition.

Please note, the formulary is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added, removed, or additional requirements may be added in order to approve continued usage of a specific drug.

Specific prescription benefit plan designs may not cover certain products or categories, regardless of their appearance in the formulary. For the most current Ambetter Formulary or Prescription Drug List (PDL) or for more information about our pharmacy program, visit AmbetterHealth.com/en/GA/ or call Member Services.

Over-the-Counter (OTC) Prescriptions

We cover a variety of over-the-counter (OTC) medications when ordered by a *physician*. You can find a list of covered over-the-counter medications in our formulary – they will be marked as “OTC”. Your *prescription order* must meet all legal requirements.

Diabetic Care Expenses

The total amount you will be required to pay for a covered insulin drug will not exceed any state and/or federal mandated limits.

How to Fill a Prescription

Prescription can be filled at a network retail pharmacy or through our mail-order pharmacy.

If you decide to have your *prescription order* filled at a network pharmacy, you can use the provider directory to find a pharmacy near you. You can access the provider directory at AmbetterHealth.com/en/GA/ on the “Find a Doctor” page. You can also call Member Services to help you find a pharmacy. At the pharmacy, you will need to provide the pharmacist with your *prescription order* and your *member* identification card.

We also offer a three-month (90-day) supply of maintenance medications by mail or from network retail pharmacies for specific benefit plans. These drugs treat long-term conditions or *illnesses*, such as high blood pressure, asthma and diabetes. You can find a list of covered medications on AmbetterHealth.com/en/GA/. You can also request to have a copy mailed directly to you.

Mail Order Pharmacy/Prescription Drug Delivery

Mail Order Pharmacy offers a convenient way to receive your prescriptions. Eligible prescriptions will be safely delivered right to your door at no extra charge to you. You will still be responsible for your regular *copayment/coinsurance amount*. To enroll for mail order delivery or for any additional questions, please refer to our website. Once on our website, you will find details on your in-network mail order pharmacies and next steps for enrollment.

Lock-In Program

For your health and wellness, we review the use of prescription medications. Ambetter’s Pharmacy department, together with Medical Management, will review *member* profiles. If *members* meet specific criteria, they will be recommended for participation in the Pharmacy

Lock-In program. This program also helps to decrease overutilization. If we detect the pharmacy benefit is being used in a potentially harmful, excessive, or abusive manner, your coverage of pharmacy services may be limited in one or more of the following ways:

1. By restricting your pharmacy services to a single specific network pharmacy;
2. By restricting your specialty pharmacy services to a specific specialty pharmacy, if the specified network pharmacy is unable to provide or is not contracted to provide covered specialty pharmacy services; or
3. By restricting all of your controlled substance medications to be prescribed by a specific network health care practitioner.

Once we determine it is necessary to restrict your pharmacy services, only prescriptions filled at the specified network pharmacy or network specialty pharmacy will be considered eligible covered expenses. Additionally, only controlled substance medications prescribed by the specified network health care practitioner will be considered eligible covered expenses.

Members identified for participation in the Pharmacy Lock-In program, and their associated providers, will be notified of the program via mail.

Such communication will include information on duration of participation, pharmacy to which *member* is locked-in, any prescriber restrictions, and *member appeals* rights. We will review a request to change the selected network pharmacy or health care practitioner, then call and/or mail a letter to notify you if the change is allowed.

Non-Covered Services and Exclusions:

No benefits will be paid under this benefit provision for services provided or expenses incurred:

1. For *prescription drug* treatment of erectile dysfunction or any enhancement of sexual performance unless such treatment is listed on the formulary.
2. For weight *loss prescription drugs* unless otherwise listed on the formulary.
3. For immunization agents otherwise not required by the Affordable Care Act.

9. For drugs labeled "Caution - limited by federal law to investigational use" or for investigational or *experimental* drugs.

10. For any drug that we identify as therapeutic duplication through the Drug Utilization Review program.
11. For more than a 30-day supply when dispensed in any one prescription or refill, or for some maintenance drugs up to 90-day supply when dispensed by mail order or a pharmacy that participates in extended day supply network. Specialty drugs and other select drug categories are limited to a 30-day supply when dispensed by retail or mail order. Please note that only the 90-day supply may be subject to the discounted *cost sharing*. Mail orders less than a 90-day supply are subject to the standard *cost sharing* amount.
12. For *prescription drugs* for any *member* who enrolls in Medicare Part D as of the date of his or her enrollment in Medicare Part D. *Prescription drug* coverage may not be reinstated at a later date.
13. Foreign prescription medications, except those associated with an emergency medical condition while you are traveling outside the United States. These exceptions apply only to medications with an equivalent FDA-approved prescription medication that would be covered under this document if obtained in the United States.
14. For drugs or dosage amounts determined by Ambetter's Pharmacy and Therapy committee to be ineffective, unproven or unsafe for the indication for which they have been prescribed, regardless of whether the drugs or dosage amounts have been approved by any governmental regulatory body for that use.
15. For any controlled substance that exceeds state established maximum morphine equivalents in a particular time period, as established by state laws and regulations.
16. For prevention of any diseases that are not endemic to the United States, such as malaria, and where preventative treatment is related to *member's* vacation during out of country travel. This section does not prohibit coverage of treatment for aforementioned diseases.
17. For medications used for cosmetic purposes.
18. For any claim submitted by non-lock-in pharmacy while *member* is in lock-in status. To facilitate appropriate benefit use and prevent overutilization, *member's* participation in lock-in status will be determined by review of pharmacy claims.
19. For any prescription or over the counter version of vitamin(s) unless otherwise included on the formulary.
20. For infertility drugs unless otherwise listed on the formulary.
21. For any drug related to dental restorative treatment or treatment of chronic periodontitis, where drug administration occurs at a dental practitioner's office.
22. For any drug dispensed from a non-lock-in pharmacy while *member* is in lock-in program.
23. For any drug related to *surrogate pregnancy*.
24. For any medicinal and recreational use of cannabis or marijuana.

25. Medication refills where a *member* has more than 15 days' supply of medication on hand.

26. Compound drugs, unless there is at least one ingredient that is an FDA-approved drug.

Certain specialty and non-specialty generic medications may be covered at a higher cost share than other generic products. Please reference the formulary and *Schedule of Benefits* for additional information. For purposes of this section the tier status as indicated by the formulary will be applicable.

Non-Formulary Prescription Drugs

Under the Affordable Care Act, you have the right to request coverage of *prescription drugs* that are not listed on the plan formulary (otherwise known as “non-formulary drugs”). To exercise this right, please get in touch with your *medical practitioner*. Your *medical practitioner* can utilize the usual *prior authorization* request process. See the “Prescription Drug Exception Process” for additional details.

Prescription Drug Exception Process

Standard exception request

A *member*, a *member's authorized representative* or a *member's* prescribing provider may request a standard review of a decision that a drug is not covered by the plan. The request can be made in writing or via telephone. Within 72 hours of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's* prescribing provider with our coverage determination. Should the standard exception request be granted, we will provide coverage of the non-formulary drug for the duration of the prescription, including refills.

Expedited exception request

A *member*, a *member's authorized representative* or a *member's* prescribing provider may request an *expedited* review based on exigent circumstances. Exigent circumstances exist when a member is suffering from a health condition that may seriously jeopardize the *member's* life, health, or ability to regain maximum function or when a *member* is undergoing a current course of treatment using a non-formulary drug. The request can be made in writing or via telephone. Within 24 hours of the request being received, we will provide the *member*, the *member's authorized representative* or the *member's* prescribing provider with our coverage determination. Should the standard exception request be granted, we will provide coverage of the non-formulary drug for the duration of the exigency.

External exception request review

If we deny a request for a standard exception or for an expedited exception, the *member*, the *member's authorized representative* or the *member's* prescribing provider may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. We will make our determination on the external exception request and notify the *member*, the *member's authorized representative* or the *member's* prescribing provider of our coverage determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception.

If we grant an external exception review of a standard exception request, we will provide coverage of the non-formulary drug for the duration of the prescription. If we grant an external exception review of an expedited exception request, we will provide coverage of the non-formulary drug for the duration of the exigency.

Step Therapy Standard Exception Requests.

A *member*, a *member's authorized* representative or a *member's* prescribing *physician* may request a standard review of a decision that a drug is a protocol exception for step therapy. The request can be made in writing or via telephone. Within two business days of the request being received, we will provide the *member*, the *member's authorized* representative or the *member's* prescribing *physician* with our coverage determination. Should the step therapy protocol exception request be granted, we will provide coverage of the drug that is the subject of the protocol exception for the duration of the prescription, including refills.

Step Therapy Expedited Exception Requests.

A *member*, a *member's authorized* representative or a *member's* prescribing *physician* may request an expedited review of a decision that a drug is a protocol exception for step therapy. The request can be made in writing or via telephone. Within 24 hours of the request being received, we will provide the *member*, the *member's authorized* representative or the *member's* prescribing *physician* with our coverage determination. Should the expedited step therapy protocol exception request be granted, we will provide coverage of the drug that is the subject of the protocol exception for the duration of the exigency.

Self-injectable Drugs

Self-injectable drugs are delivered into a muscle or under the skin with a syringe and needle. Although medical supervision or instruction may be needed in the beginning, the patient or caregiver can administer *self-injectable drugs* safely and effectively. *Self-injectable drugs* are covered under the *prescription drug* benefits; *prescription drug* cost share applies.

Preventive Care Expense Benefits

Preventive care services are covered as required by the Affordable Care Act (ACA). According to the ACA, preventive care services must include the following:

1. Evidence based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF).
2. Immunizations for routine use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC).
3. With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
4. With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the HRSA, to the extent the care is not illegal under *applicable law*.

Preventive care benefits obtained from a network provider are covered without *member* cost share (i.e., covered in full without *deductible*, *coinsurance amount* or *copayment*). For current information regarding available preventive care benefits, please access the Federal Government's website at: healthcare.gov/center/regulations/prevention.html.

Certain services can be performed for preventive or diagnostic reasons (e.g., mammograms). If a service is deemed preventive care and is appropriately reported/billed, it will be covered under the preventive care services benefit. However, when a service is performed for diagnostic purposes and reported/billed accordingly, it will be considered a non-preventive medical benefit and appropriate cost share will apply. **NOTE:** If preventive and diagnostic services are performed during the same visit, applicable cost share will be taken for the latter. For HSA-compatible plans, the *deductible* cannot be waived for benefits that exceed the federal ACA preventive care requirements.

As new preventive care recommendations and guidelines are issued (by the USPSTF, CDC or HRSA), those services will become covered preventive care benefits. According to the ACA, coverage of new recommendations and guidelines become effective upon a plan's start or anniversary date that is one year after the date the recommendation or guideline is issued.

In addition to providing coverage in accordance with the ACA, we also provide preventive care benefits in accordance with *applicable law*.

Our Ambetter Health Preventive Care Guide is updated annually and contains detailed information regarding preventive care coverage available to you. It is accessible via our website AmbetterHealth.com/en/GA/ or contacting Member Services. Either go to our website directly or if you need to request a paper copy, please contact Member Services for assistance.

Breast Cancer Mammography, Ultrasound and Magnetic Resonance Imaging (MRI)

Covered service expenses for a *member* shall include preventive mammograms, provided in accordance with ACA preventive care requirements. Per *applicable laws*, no *cost share* will be applied to diagnostic/supplemental examinations for breast cancer, including breast magnetic resonance imaging, mammograms, ultrasounds, and pathology evaluations. Coverage is available to all *members*, regardless of age, when these services are prescribed by a licensed *medical practitioner* working within the scope of their license. For further details on this benefit, please refer to the Preventive Care Guide. **NOTE** (exception): For HSA-compatible plans, the *deductible* cannot be waived for benefits that exceed the federal ACA preventive care requirements.

Prostate Specific Antigen Testing

Medically necessary covered services include an annual digital rectal examination and prostate specific antigen tests performed to determine the level of prostate specific antigen in the blood. Coverage is available to all *members*, regardless of age, when these services are rendered by a *medical practitioner*.

Radiology, Imaging and Other Diagnostic Testing

Medically necessary radiology services, imaging and tests performed for diagnostic reasons are a *covered service* (including X-ray, Magnetic Resonance Imaging (MRI), Computed Tomography (CT scan), Positron Emission Tomography/Single Photon Emission Computer Tomography (PET/SPECT), and ultrasound imaging). *Prior authorization* may be required, see your *Schedule of Benefits* for details. **NOTE:** Depending on the service performed, two bills may be incurred - both subject to any applicable *cost sharing* - one for the technical component (the procedure itself) and another for the professional component (the reading/interpretation of the results by a *physician* or other qualified practitioner). Non-network providers should not bill you for *covered services* for any amount greater than your applicable participating *cost sharing* responsibilities when *balance billing protections* apply to the radiology, imaging, and other diagnostic testing services.

Second Medical Opinion

Members are entitled to a second medical opinion under the following conditions:

1. Whenever a minor *surgical procedure* is recommended to confirm the need for the procedure;
2. Whenever a serious *injury* or *illness* exists; or
3. Whenever you find that you are not responding to the current treatment plan in a satisfactory manner.

If requested, the second opinion consultation is to be provided by a *physician* of the *member's* choice. The *member* may select a network provider listed in the provider directory. If a *member* chooses a network provider, he or she will only be responsible for the applicable *copayment amount* for the consultation. Any lab tests and/or diagnostic and therapeutic services are subject to the additional *cost sharing*.

If a second medical opinion is obtained by a non-network provider, *prior authorization* must be obtained before services are considered an *eligible expense* (the non-network provider has to agree to network rates). If *prior authorization* is not obtained for a second medical opinion from a non-network provider, you will be responsible for the related expenses. If you see a non-network provider, you may be *balance billed* for services received.

Sleep Studies

Sleep studies are covered when determined to be *medically necessary*; *prior authorization* may be required. **NOTE:** A sleep study can be performed either at home or in a facility.

Transplant Benefits

Covered services For Transplant Service Expenses:

Transplants are a *covered service* when a *member* is accepted as a transplant candidate and pre-authorized in accordance with this *contract*. *Prior authorization* must be obtained through the *Center of Excellence*, a *network* facility, or in a non-network facility approved by us when there is no *network* adequacy, before an evaluation for a transplant. We may require additional

information such as testing and/or treatment before determining medical necessity for the transplant benefit. *Authorization* must be obtained prior to performing any related services to the transplant *surgery*. Transplant services must meet medical criteria as set by Medical Management Policy.

2. If you are the recipient of the transplant, and the donor for the transplant has no coverage from any other source, the benefits under this *contract* will be provided for both you and the donor. In this case, payments made for the donor will be charged against the *member's* benefits.

4. If lapse in coverage due to non-payment of premium, no services related to transplants will be paid as a *covered service*.

5. Pre-transplant *stabilization*, meaning an *inpatient* stay to medically *stabilize* a *member* to prepare for a later transplant, whether or not the transplant occurs.

These medical expenses are covered to the extent that the benefits remain and are available under the *member's contract*, after benefits for the *member's* own expenses have been paid. In the event of such coverage, the otherwise existing coverage of a live donor shall be secondary to benefits under the *member's contract*.

Ancillary "Center of Excellence" Service Benefits:

A *member* may obtain services in connection with a transplant from any *physician*. However, if a transplant is performed in a *Center of Excellence*:

Urgent Care

Urgent Care services include *medically necessary* services by network providers and services provided at a network *urgent care center* including facility costs and supplies. Care that is needed after a *PCP's* normal business hours is also considered to be urgent care. Your zero *cost sharing* preventive care benefits may not be used at an *urgent care center*.

Members are encouraged to contact their *PCP* for an appointment before seeking care from another provider, but contracted *urgent care centers* and walk in clinics can be used when an urgent appointment is not available. If the *PCP* is not available and the condition persists, call the 24/7 Nurse Advice Line, at 1-877-687-1180. The 24/7 Nurse Advice Line is available 24 hours a day, seven days a week. A registered nurse can help you decide the kind of care most appropriate for your specific need.

WELLNESS PROGRAMS AND OTHER OFFERINGS

In connection with this *contract*, we may offer wellness programs and other services to *members* that serve to remove barriers to accessing health services and improve overall health outcomes. These programs and services are available when your coverage begins and continue as long as your coverage remains active. Participation in these programs and services is optional and available at no additional cost to *members*. The programs and services are available to you as part of this *contract* but are not insurance. We may make changes to the terms and conditions of the programs and services or discontinue them at any time. Program tools and service may vary within your market. To inquire about these programs and other offerings, and to learn about what programs are available in your area, please visit our website at AmbetterHealth.com/en/GA/ or by contacting Member Services.

The Ambetter Health preventive care and wellness program includes offerings for health check-ups, screenings for common conditions and vaccinations. Rewards, including those that may be converted to monetary value, may be available through the "My Health Pays" program for completing specific activities that promote healthy behaviors and address *social determinants of health*. *Members* may receive communications and outreach about this program. Ambetter reserves the right to apply any such rewards to any unpaid premium or related amounts you may owe.

We also offer general wellness, health improvement and *care management* programs that may include a reward or incentive that you may earn for completing different wellness-related activities.

If you have a medical condition that may prohibit you from participating in a wellness program, we may require you to provide verification, such as an affirming statement from your *physician*, that your medical condition makes it unreasonably difficult or inadvisable to participate in the wellness or health improvement program, in order for you to receive the reward or incentive.

You can access other services in connection with this *contract*, such as the “Ambetter Perks” program, which offers discounts on a wide range of activities, services, goods, financial tools, memberships, out-of-pocket prescription expenses, over-the-counter (OTC) health products, and health- and wellness-related services addressing *social determinants of health* and healthy lifestyle. *Members* are responsible for paying for the discounted goods or services and we do not endorse any vendor, goods or services associated with the program. *Members* may also have access to a zero-interest line of credit through the Ambetter Perks program for paying their *deductibles*, *copayments*, and coinsurance on *covered services*, with several repayment options to fit their needs. The Ambetter Perks program is offered to all *members*. We are not involved in administering programs; you will communicate directly with any vendors if you choose to participate.

PRIOR AUTHORIZATION

Ambetter reviews services to ensure the care you receive is the best way to help improve your health condition. *Utilization review* includes:

1. Pre-service or *prior authorization* review – occurs when a medical service has been pre-approved by Ambetter.
2. Concurrent review – occurs when a medical service is reviewed as they happen (e.g., *inpatient stay* or *hospital admission*).
3. Retrospective review – occurs after a service has already been provided.

Prior Authorization Required

Some medical and *behavioral health covered service expenses* require *prior authorization*. In general, network providers must obtain *authorization* from us prior to providing a service or supply to a *member*. However, there are some *network eligible expenses* for which you must obtain the *prior authorization*.

For services or supplies that require *prior authorization*, as shown on your *Schedule of Benefits*, you must obtain *authorization* from us before you or your *dependent member*:

1. Receive a service or supply from a non-network provider;
2. Are admitted into a network facility by a non-network provider; or
3. Receive a service or supply from a network provider to which you or your *dependent member* were referred by a non-network provider.

Pursuant to the federal No Surprise Act, *emergency services* received from a non-network provider are *covered services* without *prior authorization*.

Prior authorization requests (medical and *behavioral health*) must be received by telephone, eFax or provider web portal as follows:

1. At least five calendar days prior to an elective admission as an *inpatient* in a *hospital*, extended care or *rehabilitation facility*, *hospice facility*, or *residential treatment facility*.
2. At least 30 calendar days prior to the initial evaluation for organ transplant services.
3. At least 30 calendar days prior to receiving clinical trial services.
4. Within 24 hours of any *inpatient* admission, including emergent *inpatient* admissions.
5. At least five calendar days prior to the start of *home health care* except those *members* needing *home health care* after *hospital* discharge.

After *prior authorization* has been received, we will notify you and your provider of our decision as required by *applicable law*:

1. For urgent concurrent reviews received at least 24 hours prior to the expiration of a previously approved course of treatment, within 24 hours of receipt of the request. For all other urgent concurrent reviews, within 72 hours of receipt of request.
2. For urgent pre-service reviews, within 72 hours from date of receipt of request.

3. For non-urgent pre-service reviews, within seven calendar days of receipt of the request.
4. For post-service or retrospective reviews, within 30 calendar days of receipt of the request.

In situations where additional information is needed to make a decision, these timeframes may be extended in accordance with *applicable law*.

You do not need to obtain *prior authorization* from us or from any other person (including your *PCP*) in order to obtain access to obstetrical or gynecological care from a *medical practitioner* in our network who specializes in obstetrics or gynecology. The *medical practitioner*, however, may be required to comply with certain procedures, including obtaining *prior authorization* for certain services, following a pre-approved treatment plan or procedures for making referrals. For a list of participating *medical practitioners* who specialize in obstetrics or gynecology, contact Member Services.

How to Obtain Prior Authorization

To obtain *prior authorization* or to confirm that a network provider has obtained *prior authorization*, contact us by telephone at the telephone number listed on your *member* identification card before the service or supply is provided to the *member*.

Failure to Obtain Prior Authorization

Failure to comply with the *prior authorization* requirements will result in benefits being reduced.

Network providers cannot bill you for services for which they fail to obtain *prior authorization* as required.

In cases of emergency, benefits will not be reduced for failure to comply with *prior authorization* requirements prior to receiving *emergency services*. However, you must contact us as soon as reasonably possible after you receive the *emergency services*.

Requests for Predeterminations

You may request a predetermination of coverage. We will provide one if circumstances allow us to do so. However, we are not required to make a predetermination of either coverage or benefits for any particular treatment or medical expense. Any predetermination we may make will be reviewed after the medical expense is incurred and a claim is filed. A review that shows one or more of the following may cause us to reverse the predetermination:

1. The predetermination was based on incomplete or inaccurate information initially received by us.
2. Another party has already paid or is responsible for payment of the medical expense.

We will make all benefit determinations after a *loss* in good faith. All benefit determinations are subject to our receipt of proper *proof of loss*.

Services from Non-Network Providers

Except when *balance billing protections* apply to a *covered service* provided by a non-network provider, we do not normally cover services received from non-network providers. If a situation arises where a *covered service* cannot be obtained from a network provider located within a reasonable distance, we may provide a *prior authorization* for you to obtain the service from a non-network provider at no greater cost to you than if you went to a network provider. If *covered services* are not available from a network provider, you or your *PCP* must request *prior authorization* from us before you receive services from a non-network provider. Otherwise, you will be responsible for all charges incurred.

Prior Authorization Denials

Refer to the Appeal and Complaint Procedures section of this *contract* for information on your right to *appeal* a denied *authorization*.

TERMINATION

Termination of Contract

All coverage will cease on termination of this *contract*. This *contract* will terminate on the earliest of:

1. Nonpayment of premiums when due, subject to the Grace Period provision in this *contract*;
2. The date we receive a request from you to terminate this *contract*, or any later date stated in your request;
3. For a covered eligible child reaching the limiting age of 26, coverage under this *contract* will terminate at 11:59 p.m. on the last calendar day of the year in which the eligible child turns 26;
4. The date we decline to renew this *contract*, as stated in the Discontinuance provision;
5. The date of your death, if this *contract* is an individual plan; or
6. The date a *member's* eligibility for coverage under this *contract* ceases due to any of the reasons stated in the Eligibility and Enrollment section in this *contract*.

Refund upon Cancellation

We will refund any premium paid and not earned due to *contract* termination. You may cancel the *contract* at any time by providing written notice to the entity with which you enrolled. Such cancellation shall become effective upon receipt, or on such later date specified in the notice. Upon cancellation or termination of the *contract*, we shall promptly return any unearned portion of the premium paid back to the original method of payment and/or payor, but in any event shall return the unearned portion of the premium within 20 calendar days. The earned premium shall be computed on a pro-rata basis. Cancellation shall be without prejudice to any claim originating prior to the *effective date* of the cancellation.

Discontinuance

90-Day Notice: If we discontinue offering all *contracts* issued on this form, with the same type and level of benefits, for all residents of the state where you reside, we will provide a written notice to you at least 90 calendar days prior to the date that we discontinue coverage. You will be offered an option to purchase any other coverage in the individual market we offer in your state at the time of discontinuance of this *contract*. This option to purchase other coverage will be on a guaranteed issue basis without regard to health status.

180-Day Notice: If we discontinue offering all individual *contracts* in the individual market in the state where you reside, we will provide a written notice to you and the Commissioner of Insurance at least 180 calendar days prior to the date that we stop offering and terminate all existing individual *contracts* in the individual market in the state where you reside.

Notification Requirements

It is the responsibility of you or your former *dependent member* to notify us within 31 calendar days of your legal divorce or your *dependent member's* marriage. You must notify us of the address at which their continuation of coverage should be issued.

Continuation of Coverage

We will issue the continuation of coverage:

1. No less than 30 calendar days prior to a *member's* 26th birthday; or
2. Within 30 calendar days after the date, we receive timely notice of your legal divorce or *dependent member's* marriage. Your former *dependent member* must pay the required premium within 31 calendar days following notice from us or the new *contract* will be void from its beginning.

REIMBURSEMENT

If a *member's illness or injury* is caused by the acts or omissions of a *third-party*, we will not cover a *loss* to the extent that it is paid as part of a settlement or judgment by any *third-party*.

However, if payment by or for the *third-party* has not been made by the time we receive acceptable *proof of loss*, we will pay regular *contract* benefits for the *member's loss*. We will have the right to be reimbursed to the extent of benefits we provided or paid for the *illness or injury* if the *member* subsequently receives any payment from any *third-party*. The *member* (or the guardian, legal representatives, estate, or heirs of the *member*) shall promptly reimburse us from the settlement, judgment, or any payment received from any *third-party*.

As a condition for our payment, the *member* or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with us in order to obtain information about the *loss* and its cause.
2. To immediately inform us in writing of any claim made or lawsuit filed on behalf of a *member* in connection with the *loss*.
3. To include the amount of benefits paid by us on behalf of a *member* in any claim made against any *third-party*.
4. That we:
 - a. Will have a lien on all money received by a *member* in connection with the *loss* equal to the benefit amount we have provided or paid.
 - b. May give notice of that lien to any *third-party* or *third-party's* agent or representative.
 - c. Will have the right to intervene in any suit or legal action to protect our rights.
5. To take no action that prejudices our reimbursement and subrogation rights.
6. To sign, date, and deliver to us any documents we request that protect our reimbursement rights.
7. To not settle any claim or lawsuit against a *third-party* without providing us with written notice of the intent to do so.
8. To reimburse us from any money received from any *third-party*, to the extent of benefits we paid for the *illness or injury*, whether obtained by settlement, judgment, or otherwise, and whether or not the *third-party's* payment is expressly designated as a payment for medical expenses.
9. That we may reduce other benefits under the *contract* by the amounts a *member* has agreed to reimburse us.

If a dispute arises as to the amount a *member* must reimburse us, the *member* (or the guardian, legal representatives, estate, or heirs of the *member*) agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by us until the dispute is resolved.

CLAIMS

Notice of Claim

We must receive notice of claim within 30 calendar days of the date the *loss* began or as soon as reasonably possible.

Proof of Loss

We must receive written *proof of loss* within 90 calendar days of the *loss* or as soon as is reasonably possible. *Proof of loss* furnished more than one year late will not be accepted, unless you or your covered *dependent member* had no legal capacity to submit such proof during that year.

How to Submit a Claim

Providers will typically submit claims on your behalf, but sometimes you may need to submit claims yourself for *covered services*. This may happen if your provider is not contracted with us.

If you have paid for services we agreed to cover, you can request reimbursement for the amount you paid, less any *deductible*, *copayment* or *cost sharing* that is your financial responsibility.

To request reimbursement for a *covered service*, you need a copy of the detailed claim from your provider. You also need to submit a copy of the Member Reimbursement Claim Form posted at AmbetterHealth.com/en/GA/. Send all the documentation to us at the following address:

Ambetter from Peach State Health Plan
Attn: Claims Department
P.O. Box 5010
Farmington, MO 63640-5010

Cooperation Provision

Each *member*, or other person acting on his or her behalf, must cooperate fully to assist us in determining our rights and obligations under the *contract* and as often as may be reasonably necessary:

1. Sign, date and deliver to us *authorizations* to obtain any medical or other information, records or documents we deem relevant from any person or entity.
2. Obtain and furnish to us, or our representatives, any medical or other information, records or documents we deem relevant.
3. Answer, under oath or otherwise, any questions we deem relevant, which we or our representatives may ask.

4. Furnish any other information, aid or assistance that we may require, including without limitation, assistance in communicating with any person or entity (including requesting any person or entity to promptly provide to us, or our representative, any information, records or documents requested by us).

If any *member*, or other person acting on his or her behalf, fails to provide any of the items or information requested or to take any action requested, the claim(s) will be closed and no further action will be taken by us unless and until the item or information requested is received or the requested action is taken, subject to the terms and conditions of the *contract*.

In addition, failure on the part of any *member*, or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the *member*.

Time for Payment of Claims

For services that do not fall under Georgia state law *balance billing protections*, benefits will be processed within 30 calendar days after receipt of proper *proof of loss*. For services that fall under Georgia state law *balance billing protections*, benefits will be paid within 15 business days for clean claims filed electronically or 30 calendar days for clean claims filed on paper.

Payment of Claims

Except as set forth in this provision, all benefits are payable to you. Any accrued benefits unpaid at your death, or your *dependent member's* death may, at our option, be paid either to the beneficiary or to the estate. If any benefit is payable to your or your *dependent member's* estate, or to a beneficiary who is a minor or is otherwise not competent to give valid release, we may pay up to \$1,000 to any relative who, in our opinion, is entitled to it.

We may elect to pay, in our discretion, all or any part of the benefits provided by this *contract* for *hospital*, surgical, nursing, or medical services, directly to the *hospital* or other party providing such services to you. By reserving the right to pay, in our discretion, all or any part of the benefits provided for in this *contract* directly to a *hospital* or other person providing surgical, nursing, or medical services to you, we are not granting any *hospital* or other person rendering surgical, nursing or medical services any right to demand direct payment of any right to enforce any provision of this *contract*; nor are we waiving the Non-Assignment provision of this *contract* set forth below.

Any payment made by us in good faith under this provision shall fully discharge our obligation to the extent of the payment. We reserve the right to deduct any overpayment made under this *contract* from any future benefits under this *contract*.

Claims Incurred for Emergency Services While Traveling Outside the United States

Medical *emergency services* are covered for up to 90 consecutive days while traveling outside of the United States. If travel extends beyond 90 consecutive days, no benefit coverage is provided for *emergency services* for the entire period of travel, including the first 90 calendar days.

Claims incurred outside of the United States for *emergency services* must be submitted within 180 calendar days from the date of service. The claims must include clinical documentation (medical records) that supports all *emergency services* received. Claims and medical records must be submitted in English or with an English translation, at the *member's* expense, to show proper *proof of loss* and evidence of payment(s) to the provider. Proof of departure from and arrival to the United States must be submitted with the claim. These documents must be submitted with the Member Reimbursement Medical Claim Form, along with all requested documents as detailed on the claim form. All forms and *member* resources are available at AmbetterHealth.com/en/GA/.

Reimbursement for covered *emergency services* (less the *member's cost share* responsibility) will be sent to the *member*, who is responsible for paying the provider. Such payment will fulfill our obligation to the *member* for the *emergency services*. Reimbursement is based on the *member's* benefit plan, *cost share*, and currency exchange rate at the time of the transaction. The Explanation of Benefits will detail the *member's* responsibility and any eligible reimbursement.

Non-Assignment

The coverage, rights, privileges and benefits provided for under this *contract* are not assignable by you or anyone acting on your behalf. Any assignment or purported assignment of coverage, rights, privileges and benefits provided for under this *contract* that you may provide or execute in favor of any *hospital*, provider, or any other person or entity shall be null and void and shall not impose any obligation on us.

No Third-Party Beneficiaries

This *contract* is not intended to, nor does it, create or grant any rights in favor of any *third-party*, including but not limited to any *hospital*, provider or *medical practitioner* providing services to you, and this *contract* shall not be construed to create any *third-party* beneficiary rights.

Medicaid Reimbursement

The amount provided or payable under this *contract* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

We will pay the benefits of this *contract* to the state if:

1. A *member* is eligible for coverage under his or her state's Medicaid program; and
2. We receive proper *proof of loss* and notice that payment has been made for *covered service* expenses under that program.

Our payment to the state will be limited to the amount payable under this *contract* for the *covered service* expenses for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy our responsibility to the extent of that payment.

Custodial Parent

This provision applies if the parents of a covered eligible child are divorced or legally separated, and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if we receive a copy of the order establishing custody.

Upon request by the custodial parent, we will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions and limitations of the *contract*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge our obligations.

A custodial parent may, with our approval, assign claim payments to the *hospital* or *medical practitioner* providing treatment to an eligible child.

Physical Examination

We shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at our expense and as often as we may reasonably require.

Legal Actions

No suit may be brought by you on a claim sooner than 60 calendar days after the required *proof of loss* is given. No suit may be brought more than three years after the date *proof of loss* is required.

No action at law or in equity may be brought against us under the *contract* for any reason unless the *member* first completes all the steps in the *complaint/grievance procedures* made available to resolve disputes in your state under the *contract*. After completing that *complaint/grievance procedures* process, if you want to bring legal action against us on that dispute, you must do so within three years of the date we notified you of the final decision on your *complaint/grievance*.

APPEAL AND COMPLAINT PROCEDURE

Your satisfaction is very important to us. We want to know your issues and concerns so we can improve our services. Reporting these will not affect your health care services. The following processes are available to address your concerns.

Applicability/Eligibility

The *internal appeal* procedures apply to any *hospital* or medical policy or certificate, but not to accident only or disability only insurance.

An eligible complainant is:

1. A claimant;
2. A person *authorized* to act on behalf of the claimant. **NOTE:** Written *authorization* is not required; however, if received, we will accept any written expression of *authorization* without requiring specific form, language, or format;
3. In the event the claimant is unable to give consent: a *spouse*, family member, or the treating provider; or
4. In the event of an expedited *appeal*: the person for whom the insured has verbally given *authorization* to represent the claimant.

Important: *Adverse benefit determinations* that are not *complaints* will follow standard Affordable Care Act (ACA) *internal appeals* processes.

Call Member Services

Please contact Member Services if you have questions or concerns. We will attempt to answer your questions during initial contact, as most concerns can be resolved with one phone call.

Appeal

An *appeal* is a formal request, either orally, or in writing or by electronic transmission, to reconsider a determination not to certify an admission, extension of stay, or other health care service or procedure, and shall include both formal standard *appeals* and expedited *appeals*.

Filing an Appeal

When we make an *adverse benefit determination*, we will send you a notification that includes information to file an *appeal* and how to *authorize* a representative. You have 180 calendar days to file an *appeal* from the date we issue the *adverse benefit determination*.

You can file an *appeal* by filling out the form included with the denial notice or sending a letter to:

Ambetter from Peach State Health Plan
Attn: Appeals Department
1100 Circle 75 Parkway, Suite 1100
Atlanta, GA 30339
Fax 1-866-532-8855
Telephone: 1-877-687-1180 (TTY 1-877-941-9231)

You can also file an appeal via phone by contacting us. Verbal requests must be followed up in writing.

Call Member Services if you have any questions regarding the process or how to file an *appeal*. We will provide an interpreter or TTY services for you if you need them.

Processing your Appeal

After you or your *authorized representative* file your *appeal*, we will notify you of all the information that is needed to process the *appeal* within five business days of receipt of the *appeal*. You will be informed that you can present any information that you wish for us to consider as part of the *appeal*. We will investigate the *appeal* to decide if more information is needed from you or your provider.

An appellant shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits. All comments, documents, records and other information submitted by the claimant relating to the claim for benefits, regardless of whether such information was submitted or considered in the initial *adverse benefit determination*, will be considered in the *internal appeal*.

1. The *member* will receive from the plan, as soon as possible, any new or additional evidence considered by the reviewer. The plan will give the *member* a reasonable amount of time to respond to the new information before making a determination, without allowing such time to delay the contractual timeframe for resolution; or
2. The *member* will receive from the plan, as soon as possible, any new or additional medical rationale considered by the reviewer. The plan will give the *member* a reasonable amount of time to respond to the new information before making a determination, without allowing such time to delay the contractual timeframe for resolution.

We may extend our deadline by no more than 14 calendar days if we need additional information to reach a decision. We will inform you of the request's status if such an extension is necessary. If we do not receive the required information within the extended timeframe, we will make a determination based on the information we have. If no extension is needed, we will make the decision within the following timeframes:

1. 30 calendar days of receipt of your pre-service *appeal*.
2. 60 calendar days of receipt of your post-service *appeal*.

3. Any *appeals* for *prescription drugs* excluded by the Ambetter Prescription Drug List (also referred to as the formulary) within 72 hours of receipt.

The determination notice will include an explanation of our decision, a reference to the criteria on which the decision was based, a list of the title and qualifications of each person participating in the review, and a description of your further *appeal* rights. Your further *appeal* rights include the right to an External Review.

Grievance Panel

Your *appeal* will be reviewed by a grievance panel. The grievance panel will not include the person who made the initial determination and is not the subordinate of the original reviewer. The panel may, however, consult with the initial decision-maker. If the panel consists of at least three persons, the panel may then include no more than one subordinate of the person who made the initial determination.

When the *adverse benefit determination* is based in whole or in part on a medical judgment, the grievance panel will consult with a licensed health care provider with expertise in the field relating to the grievance and who was not consulted in connection with the original *adverse benefit determination*.

The grievance panel will include:

1. At least one *member* of which shall be a *physician* other than the medical director of the plan; and
2. At least one *member* of which shall be a health care provider competent by reason of training and licensure in the treatment or procedure which has been denied.

External Review

If the *appeal* of the adverse determination is denied, you or your designated representative have the right to request an external review of that decision. You or your designated representative can ask for an external review within four months after the date you receive the final internal *appeal* determination notice. The purpose of the external review is to find out if the health plan's decision was right. There is a standard external review and, for urgent cases, an expedited (faster than usual) external review.

If you request an external review, it will be conducted by an Independent Review Organization (IRO). An IRO is not affiliated with us or our *utilization review* agent. You may request an external review if your internal *appeal* rights have already been exhausted. In some specific limited cases, a consumer can ask for an external review without completing the plan's internal *appeals* process first. In those cases, the consumer can request an external review of the plan's original decision to deny a benefit or refuse payment. A written notice of the final external review decision for standard external review will be provided as quickly as possible, but no later than 45 days after the request for an external review is received.

In circumstances involving a life-threatening condition, emergency care, hospitalized *members*, denials of prescription drugs, intravenous infusions, or a denied step therapy protocol exception, you, your designated representative, or your provider is entitled to an expedited external review. Expedited external reviews decisions will be provided as quickly as medical

circumstances require, but no later than within 72 hours of receiving the request. An expedited review may be requested when:

1. The person has asked for an expedited internal *appeal* and wants an expedited external review at the same time, and the timeframe for an expedited internal *appeal* would place the person's life, health or ability to regain maximum function in danger.

OR

2. The person has completed an internal *appeal* with the plan and the decision was not in his or her favor, and:
 - a. The timeframe to do a standard external review (45 days) would place the person's life, health or ability to regain maximum function in danger; or
 - b. The decision is about admission, care availability, continued stay, or emergency health care services where the person has not been discharged from the facility.

The *appeal* procedures described above do not prohibit you from pursuing other appropriate remedies, including injunctive relief, declaratory judgment, or other relief available under law, if you believe that the requirement of completing the *appeal* and review process places your health in serious jeopardy.

You can submit an external review request via mail, fax, or through the designated online consumer portal. For additional information or for assistance, please visit <https://maximusferp.my.site.com/FERP/s/external-reviews> or call 1-888-975-1080, Monday – Friday 8:00AM to 5:00PM EST.

3. The reason why the additional time is needed.

If we do not receive the required information before the end of the extension period, we will resolve the *complaint* with the information we have on file.

Complaints Received from the State Insurance Department

The commissioner may require us to treat and process any *complaint* received by the State Insurance Department by, or on behalf of, a claimant as an *appeal* as appropriate. We will process the State Insurance Department *complaint* as an *appeal* when the commissioner provides us with a written description of the *complaint*.

This *contract*, with the application and any rider-amendments is the entire *contract* between you and us. No party or agent of a party may:

1. Change or alter the terms of this *contract*;
2. Waive any provision of this *contract*;
3. Extend the time for payment of premiums;
4. Waive any of our rights or requirements under the *contract*; or
5. Waiver any of your obligations under the *contract*.

Non-Waiver

If we fail to enforce or to insist on strict compliance with any of the terms, conditions, limitations or exclusions of the *contract* that will not be considered a waiver of any rights under the *contract*. A past failure to strictly enforce the *contract* will not be a waiver of any rights in the future, even in the same situation or set of facts.

Rescissions

No misrepresentation of fact made regarding a *member* during the application process that relates to insurability will be used to void/rescind the coverage or deny a claim unless:

1. The misrepresented fact is contained in a written application, including amendments, signed by a *member*;
2. A copy of the application, and any amendments, has been furnished to the *member(s)*, or to their beneficiary; and
3. The misrepresentation of fact was intentionally made and material to our determination to issue coverage to any *member*. A *member's* coverage will be voided/rescinded and claims denied if that person performs an act or practice that constitutes fraud. "Rescind" has a retroactive effect and means the coverage was never in effect.

Repayment for Fraud, Misrepresentation or False Information

During the first two years a *member* is covered under the *contract*, if a *member* commits fraud, misrepresentation or knowingly provides false information relating to the eligibility of any *member* under this *contract* or in filing a claim for *contract* benefits, we have the right to demand that *member* pay back to us all benefits that we provided or paid during the time the *member* was covered under the *contract*.

Any part of this *contract* in conflict with *applicable laws* on this *contract's effective date* or on any premium due date is changed to conform to the minimum requirements of the *applicable law*.

Construction

We have the full power, authority, and discretion to construe and interpret any and all provisions of this *contract* to the greatest extent allowed by *applicable law*.

Conditions Prior to Legal Action

On occasion, we may have a disagreement related to coverage, benefits, premiums, or other provisions under this *contract*. Litigation is an expensive and time-consuming way to resolve these disagreements and should be the last resort in a resolution process. Therefore, with a view to avoiding litigation, you must give written notice to us of your intent to sue us as a condition prior to bringing any legal action. Your notice must:

1. Identify the coverage, benefit, premium, or other disagreement;
2. Refer to the specific *contract* provision(s) at issue; and
3. Include all relevant facts and information that support your position.

Unless prohibited by law, you agree that you waive any action for statutory or common law extra-contractual or punitive damages that you may have if the specified contractual claims are paid, or the issues giving rise to the disagreement are resolved or corrected, within 30 calendar days after we receive your notice of intention to sue us.

Personal Health Information (PHI)

Your health information is personal. We are committed to do everything we can to protect it. Your privacy is also important to us. We have policies and procedures in place to protect your health records.

We protect all oral, written and electronic PHI. We follow Health Insurance Portability and Accountability Act (HIPAA) requirements and have a Notice of Privacy Practices.
